A New Space to Support Digital Scholarship

The Digital Scholarship Commons is a newly-renovated space on the ground floor of Hillman Library designed to support members of the Pitt community who are learning and experimenting with digital and data-intensive research and teaching..

In the Digital Scholarship Commons, you might participate in a workshop, meet with a colleague to discuss a project, digitize a resource for your research, consult with ULS staff about using a digital or data-intensive tool, or view digital scholarly creations of Pitt faculty and students.

In and around the Commons

- Digital Scholarship Services (staff offices)
- Consultation spaces, a front-end to ULS services
- Flexible workshop and event space
- Data Fitness Center (computer lab)
- Digital Stewardship Lab, digitization services
- Event and exhibition space
