Abstract

This thesis entitled "Dr. Wahba al-Zuhaili and his contemporary jurisprudential choices in abadat jurisprudence study." The importance of this study is that it shows the jurisprudential choices of Dr. Wahba al-Zuhaili in the aspect of worship, especially in contemporary issues, highlighting his personality and a statement of his efforts in enriching the Islamic library through his research and scientific books.

This thesis is divided into 3 parts, The preface included a translation of the life of Dr. Wahba al-Zuhaili. The goal of the study is to present a complete picture of the world about Dr. Wahba Al-Zuhaili in terms of birth, origin and his request for science, his work and his academic position, and the huge legacy left behind by research, articles

And books at all levels.

The first chapter discusses the ruling on Zakat on frozen funds. The second chapter discusses the choices made by Dr. Wahba al-Zuhaili in the rule of Muslim minorities and what they face in cases of worship, The third chapter examined the choices of Dr. Wahba al-Zuhaili in the impact of impossibility in cleansing and the ruling on medication with taboos.

This thesis reached several conclusions, most importantly : Dr. Wahba al-Zuhaili's scientific standing, and that he has a huge legacy of books, research, and Dr. Wahba Al-Zuhaili is a well-balanced jurist who takes into consideration the conditions of the people and their emerging issues in accordance with Islamic law. The most important recommendations are: To invite the scholars and researchers to study the jurisprudential choices of Dr. Wahba al-Zuhaili in the rest of the chapters of fiqh, to show his jurisprudential views, and to invite students of forensic science to take full care of the scholars' efforts and opinions.
