# 1 Introducció

Aquest informe recull els 360 articles i els 190 treballs presentats a congressos publicats pel personal docent i investigador de l'Escola Tècnica Superior d'Enginyeria Industrial de Barcelona (ETSEIB) durant l'any 2019 i introduïts a DRAC (Descriptor de la Recerca Acadèmica).

La metodologia ha consistit en l'extracció de Futur (<https://futur.upc.edu/>) de la producció científica de tot el PDI adscrit a l'ETSEIB, limitant la cerca a l'any 2019 i als articles de revista i publicacions a congressos. L'extracció dels articles de revista es va fer el dia 03.06.2020, i la dels treballs publicats a congressos, el dia 01.09.2020. Per tant, si s'han entrat publicacions a posteriori, no s'han pogut incloure a l'informe.

Per a l'elaboració de l'informe, les referències dels articles de revista s'han cercat a la base de dades Web of Science, i s'ha indicat el factor d'impacte de les publicacions, si en tenen. En aquest sentit, dels 360 articles, 293 han estat publicats en revistes indexades a Web of Science, el que suposa un 81% del total d'articles publicats, un 1% més que l'any passat.

En el cas de les publicacions a congressos, s'ha cercat el congrés i s'ha fet l'enllaç a la pàgina web del congrés.

En tots dos casos, per a cada investigador s'ha afegit un enllaç a la seva fitxa personal de Futur i per a cada article o treball publicat a congrés s'ha afegit, sempre que ha estat possible, un enllaç directe a l'article o treball.

Els resultats obtinguts han estat tractats amb un gestor de referències (Mendeley Premium) per a la presentació de la bibliografia.

En cas de detectar alguna errada o mancança, si us plau contacteu amb la Biblioteca ([biblioteca.etsib@upc.edu](mailto:biblioteca.etsib@upc.edu)).
