NUMBER 49

MARKET FOR CHERRIES IS SLOW

Freight Is Being Used Principally This Season As Means Of Conveyance To Reduce Cost

The prairie market is proving a slow one for cherries this year, and it is not absorbing the crop at anything like the speed that is desirable. To move such a perishable commodity, in previous years the movement was almost wholly by express, but this season it has been necessary to utilize freight very largely in order to get the fruit to prairie distributing centres at the lowest possible cost. According to Mr. L. R. Stephens, of Sales Service, Ltd., Bing and Lambert moved out. Few Royal Annes are being shipped, principally in mixed cars, but this does not mean that they are being left on the trees. The Associated Growers have disposed of a large quantity to the canneries, and in all possibly 80 to 90 per cent of the Royal Annes have been handled, but at low prices.

Carrying out the effort to keep down the transportation costs on cherries, the fruit is being handled largely by trucks and express from the jobbing centres on the prairies. Trucks have made very low rates, but the express companies have shown commendable enterprise in meeting the cuts and in helping to distribute the fruit. The freight departments of the railways, on the other hand, seem slow to realize the need of assisting in this regard and have made no special effort to cope with the situation.

All that is possible is being done by the Associated Growers and Sales Service to relieve congestion on the prairie market by shipping to Eastern Canada, an average of slightly more than a car a day being dispatched to Montreal and other cities. Strong competition has been met in price, but not quality, from Ontario cherries, but it is expected that they will be finished by the end of this week, and that next week will be left clear for the British Columbia fruit, with improved demand. Showery weather has split the Windsors pretty badly. This will clear them off the market and will make way for the Lamberts, which are in fine shape and show little splitting.

Apricots are coming along slowly and are nearly ten days later than last year, owing to cool weather. The crop is fairly good, from all accounts. Alexander peaches are moving from the south end of the Okanagan and Triumphs are expected next week. A few green apples are coming on the market. Duchess are being picked at Oliver.

Oliver is also sending out some semi-ripe tomatoes, which are later this year by about a week. Cucumbers have been moving from the south for about ten days and are now starting in this district. Prospects are not bright for the marketing of Okanagan vegetables on the prairies this year, owing to the splendid rains and favourable weather enjoyed in the prairie provinces, with the result that all vegetable crops there are better than they have been for years. Districts that were a veritable desert last year after prolonged drought are said to be covered with luxuriant vegetation this year, especially in the neighbourhood of Moose Jaw and Regina, and at present the Okanagan can move little to the prairies in the way of vegetables.

Price levels for all produce are not likely to be high. It is doubtful if the purchasing power of the prairies will be as strong as last year even, as people with reserves of money have necessarily depleted them owing to existing conditions. The saving factor to a certain extent may be the strong feeling of optimism that pervades the prairie rural districts, owing to the abundance of moisture and excellent growing conditions, but optimism in itself is not sufficient to buy fruit without the backing of cash, and cautious men in the fruit trade are inclined to discount the statements that have been made as to more money pouring into the Okanagan this year from the sale of produce than for many years past. There is always hope, of course, that the price of wheat may rise, and an

SUCCESSFUL GYM KHANA AT OKANAGAN MISSION

Twenty-Two Ponies Entered In The Various Events

The Okanagan Mission Riding Club held their first Gymkhana of the season last Thursday in a field kindly lent for the occasion by Mr. Colin S. Smith. In all, twenty-two ponies were entered in the various events and seventeen faced the judge, Captain R. B. Longridge, of Kamloops, for the chief event, the Horn Cup for best turnout and horsemanship. The marks were apportioned as 40 per cent for cleanliness of pony and saddle and 60 per cent for horsemanship. First place was taken by Mrs. Clifford Renfrew, L. Collett being a close second.

The costume race gave much amusement to the spectators and was won by Joan Tailleur, with P. Norman second. The egg and spoon race was won by Nigel Pooley, who showed much skill in carrying the egg at full gallop past the winning post.

The other events resulted as follows: Bending Race.—(Senior) Major Murray. (Junior) Freddy Taylor.

Egg and Spoon Race, Junior.—D. Parks.

Relay Race.—First team, Joan Tailleur, J. Sarsons, M. Ingram.

Jumping Competition.—1, Major Murray; 2, Nigel Pooley.

The following were the officials, who ran off the events smoothly and satisfactorily: Judges, Captain R. B. Longridge and Mr. W. C. Renfrew; Clerk of the Course, Mr. B. T. Haverfield; Starter, Mr. H. C. S. Collett.

The prizes were presented to the winners by Mrs. F. A. Taylor.

CANADIANS DO WELL IN KING'S PRIZE

At Least A Dozen Will Enter The Second Stage Tomorrow

BISLEY, England, July 14.—Twelve Canadians, with the possibility of three more, will enter the second stage of the King's Prize service rifle shoot tomorrow.

An indication of the general excellence of the scoring in the first stage this year, fired by close to one thousand marksmen from all over the Empire, is given by the announcement that only scores of 97 over the three ranges of 100 yards, 200 yards and 300 yards were made by three Canadians and 102 others. Scores of 95 are to be shot off for the remaining places.

Two Britons, R. W. Gleadow, formerly of Glenalmond College, and Corporal Sankey, of the Royal Ordnance Corps, led the whole field with scores of 103 out of a possible 105, and they will shoot off the tie for the bronze medal. Lieut. Desmond Burke, of Ottawa, winner of the King's Prize in 1924 and several times since a near-winner, finished with 102, and the other Canadians who were placed also made good scores.

DOUGS DIFFER ON LEAVING PRAIRIE FOR MEXICO

PRINCE ALBERT, Sask., July 14.—Prominent Doukhobor leaders of Saskatchewan clashed here today in a conference to decide upon a proposal to have all the Doukhobors in Saskatchewan emigrate to Mexico. Under the plan, an effort would be made to have Peter Veregin released from prison on parole to accompany them.

Strong opposition to the proposal developed, one faction declaring that under no circumstances would it give any of its farms in Saskatchewan. The settlements in British Columbia are not concerned in the plans.

IRISH DAIL RETALIATES IN TARIFF WAR WITH BRITAIN

DUBLIN, July 14.—Anticipating the British special duties to be imposed upon all Irish imports into England tomorrow as the result of the Free State refusing to continue to pay the land annuities, the Dail Eireann today adopted the De Valera bill imposing a prohibitive scale of duties upon all English goods imported into Ireland.

Meanwhile, ships raced heavy cargoes of Irish goods to all English ports to avert the new British duties effective tomorrow, and at Liverpool and several other ports it has been necessary to take on extra employees to handle the volume of goods.

increase of even five cents a bushel would make a huge difference to things in general.

As to the export market for fruit, it is pointed out that Great Britain will not take all the sizes of apple available, which means that the prairie market will not be relieved to the extent expected of the fruit surplus that will be harvested this year. It looks as though, to get the full benefit of the preference, which it is hoped the Imperial Conference at Ottawa will be the means of continuing, it will be necessary to educate the British public to accept other than the sizes to which export from British Columbia has been restricted hitherto, but British conservatism is traditional and it is going to be a difficult task to bring about any marked change in this respect.

DEATH RESULTS FROM KICK BY HORSE

Shock Of Blow Over Heart Proves Fatal To Carroll Hesselgrave Of Okanagan Mission

While working with a single horse attached to a cultivator on the Reid property at Okanagan Mission, which he had rented, Carroll Hesselgrave met his death on Saturday last through a mishap, the details of which will never be known, as no one was with him at the time. He was last seen alive at 11 a.m. At noon he was working quite close to the residence and he was called for lunch. He answered then but failed to reply to a second call. Upon investigation of the reason why he had not come to the house, he was found lying dead with the horse standing quietly by. It is surmised that he was engaged in unhitching the animal or adjusting its harness when it kicked him over the heart. No wound or breakage of bones appears to have resulted but the shock apparently caused failure of the action of the heart. He was in his normal condition of health at the time.

The occurrence was investigated by the provincial authorities, who judged that the circumstances of death were not such as to necessitate an inquest.

Mr. Hesselgrave, who was thirty-nine years of age, had resided for about six years in the district, coming to Kelowna from Manitoba. He was a native of Lodi, Wisconsin. He is survived by his wife, with whom deep sympathy is felt in her terribly sudden and unexpected bereavement, and four young children, his father and mother, Mr. and Mrs. M. Hesselgrave, resident at Okanagan Mission, two sisters, Mrs. Albert Olson, Okanagan Mission, and Mrs. Raymond Webster, Kelowna, two brothers, Messrs. Milo and Lawrence Hesselgrave, of Kelowna, and a number of other relatives on the prairies.

The funeral was held on Monday to the cemetery at Okanagan Mission, Rev. J. J. Walker, of the Free Methodist Church, Kelowna, officiating at the residence at 2.30 p.m. The pallbearers were: Messrs. J. McCordingle, R. Falconer, W. Barber, Fred Small, J. Gillis and C. Favell.

NO SURPRISES FOR IMPERIAL CONFERENCE

British Delegates Say Their Cards Are Already On Table

S.S. EMPRESS OF BRITAIN, At Sea, July 14.—"We are planning no surprises for the Conference," observed a member of the British delegation to a Canadian Press representative as the British cabinet ministers got together for a meeting on board the liner today. The seven members of the cabinet headed by Stanley Baldwin, plan a series of daily conferences in the ship docked at Quebec City on Monday.

"Our cards are already on the table," it was generally explained. Britain comes to the Conference fully prepared with ample statistical data and with many conclusions formulated, but she comes without a cut-and-dried scheme.

NEW ACCORD NOT INVOLVED IN BRITISH DEBT TO U.S.

LONDON, July 14.—It was stated officially at No. 10, Downing Street, the Premier's official residence today that there is no truth in the statement that the new Franco-British accord is applicable to the matter of the British debt to the United States.

KAYE DON DRIVES BOAT AT 108 MILES AN HOUR

DUMBARTON, Scotland, July 14.—Kaye Don, in Miss England III, was unofficially timed at 108 miles an hour in an effort to break the world's speed boat record of 111 miles an hour. He will make a new attempt tomorrow.

ENGLAND HOLDS MACKINNON CUP

BISLEY, England, July 14.—England successfully defended the historic Mackinnon Cup today, with Canada and Scotland tying for second place.

FORMER LABOUR MINISTER RETURNS TO ENGINE JOB

KENORA, July 14.—Former Minister of Labour for Canada and still a member of Parliament, Hon. Peter Heenan climbed into an engine cab today and returned to his old job with the C.N.R., taking the express from here to Ignace.

THEATRE STAMPEDE IN CHILE KILLS TWENTY

TALCAPUNA, Chile, July 14.—Twenty children were trampled to death last night in a stampede during a benefit performance for the poor at a local theatre. The outbreak of fire that caused the panic was slight.

BURGLARS PROWL IN RESIDENTIAL AREA

Number Of Houses Ransacked And Plunder Taken

During the past few days there has been something like an epidemic of burglary in town, a number of residences being entered and ransacked. The methods used indicate that the perpetrators were not novices in crime, as they were careful to leave no trace and to reject fairly valuable things that might give a clue to the thieves. Cash was invariably taken when found, but much of the jewellery was thrown away on nearby walks and lawns.

Houses robbed included those of Mr. T. F. McWilliams, Ethel Street, Capt. J. Horn, Harvey Avenue, Messrs. J. N. Thompson, Richter St., H. Fairbairn, Abbott Street, and W. Atkinson, Manhattan Beach.

During the week-end the office of the Shell Oil Co. was visited by burglars, who were evidently after money but were disappointed, as no cash is kept there.

The police have several suspects under surveillance and have hopes of landing some of them within custody before long, but they are wisely reticent as to details, publication of which would put the criminals on their guard, and they are biding their time to make arrests.

MUCH GOOD WORK DONE FOR NEEDY

Reports By Committees Of Kelowna Relief Association Show Splendid Service Rendered

At a meeting of the General Committee of the Kelowna and District Volunteer Relief Association, held on June 23rd, with the President, Rev. A. K. McMillin, in the chair, interim reports were presented on the various phases of the work accomplished during the preceding year. These were not complete as to details, hence were not published in the account of the meeting printed in the Courier issue of June 30th, but the missing data having been secured, they are printed herewith and show a splendid amount of social service unselfishly rendered by all concerned.

The auditor's report and the balance sheet were presented to the meeting by Mr. F. C. Roberts, who kindly audited the accounts for the Association, and they were received and adopted, on motion.

Clothing

Mrs. H. W. Arbuckle submitted the report of the Clothing Committee, from October 5th, 1931, to the end of April, 1932. There had been a steady demand for clothing of all kinds, especially boots and shoes for children. A depot had been opened in the Crowley Block, and this proving too small, the School Board kindly allowed the use of the old School Building. This depot was open three times a week, and on an average about twenty applicants were handled and about one hundred and fifty articles were distributed each afternoon. All cases were investigated and reported on before being dealt with, and about one hundred and fifty families were supplied with clothing during the season.

A generous response was made to appeals for clothing, blankets, socks, and materials, which were made into garments at a well attended sewing bee at the Anglican Parish Hall, and by other ladies at their own homes. The Catholic Women's League made and donated many useful garments, as also did the Kelowna Women's Institute and other organizations. The supply of boots and shoes had to be supplemented by purchases through the funds on hand.

Twenty mothers were supplied with layettes for babies, and forty-five families with small children were supplied with clothing and food, chiefly canned goods, by the Ladies' Aid of the United Church.

Good Work At Rutland

Mrs. T. G. S. Chambers, who represented the Association in Rutland, reported that forty-one families, including one hundred and twenty children, were given relief and clothing; skim milk, donated by local farmers, was distributed to ten families; many gifts of clothing, provisions, etc., were given by kind friends.

Toc H Soup Kitchen

Mrs. Kelly, representing the Kelowna Group Toc H, reported that their head-

DEFICIT OF HOSPITAL IS REDUCED

But Rigid Economy Cannot Quite Bridge The Gap Caused By Slowness Of Collections

May and June were not quite so busy as the previous months at the Kelowna General Hospital, although busier than last year and with very active periods. In May, 102 patients were treated for 857 patient days, and there were 12 births and 4 deaths.

In June, 117 patients were treated for 881 patient days. In that month there were 12 births and 2 deaths.

The executive have been working hard this year to reduce monthly deficits and have studied carefully all costs, but, although these have been reduced to some extent, the real cause of the deficits is the reduced prosperity in payment of patients' accounts. The deficit for May was \$138, which was considerably less than for previous months. This slowness in collections inevitably entails slowness in paying accounts by the Hospital, and a real debt of gratitude is owed by the public to those merchants who really carry this burden.

In June, the Hospital had as a patient Mrs. W. Brooksbank, of Skipton, Yorkshire, a member of the party touring British Columbia under Provincial Government auspices. Her husband, Mr. Brooksbank, is a member of the Governors of his local hospital, who have been engaged recently in erecting a new hospital building there. He was very much interested in inspection of the Kelowna institution, and his satisfaction with it is represented by the donation of \$20 he made to the Hospital funds.

The Board wish to acknowledge with grateful thanks the following donations in cash and kind: St. Andrew's Parish Guild, for Okanagan Mission Ward, \$20.00; Okanagan Mission Women's Institute, \$10.00; Mr. D. K. Gordon, \$25.00; Women's Auxiliary, refund of cancelled insurance policy, \$22.00; Mr. W. Brooksbank, \$20.00; M.H., \$2.00; Mr. R. L. Dalgligh, rhubarb; H.C.S.C., lettuce, etc.; Mr. H. B. Burtch, 2 sacks potatoes; Mrs. E. Anderson, 6 doz. eggs; Mrs. A. Casorso, 24 doz. eggs; Mrs. Fletcher, 8 doz. eggs; Mrs. John Baylis, rhubarb; Kelowna Growers' Exchange, apples.

Any gifts of fruit and vegetables during the season will be very much appreciated by the Board and staff.

The Board also wish to acknowledge with thanks the use of the Junior High School auditorium for the graduation ceremony, granted by the School Board, and to thank those who provided the music and songs on that occasion.

RAIN PUTS END TO CRICKET FIXTURES

LONDON, July 14.—Two first-class cricket fixtures involving the All-India and South American teams were abandoned today on account of rain, which prevented play in the All-India match with Durham at Durham. In the short time play was permissible yesterday at Colwyn Bay, the South Americans ran up 98 for one wicket against G. E. Rowlands' eleven, but the game had to be abandoned today.

Tuesday, July 7th
6.45—Meal Parol rise.
7.00—Rising Whistle.
7.05—Every girl will be dressed in bathing suit and will be out on grounds for setting up exercises.
7.10—Morning dip. Every Guide will plunge into water to her chin, unless excused by nurse.
7.15 to 7.45—Wash, clean teeth, dress in full uniform. Put bedding outside to air.
7.45 to 8.00—Colours and devotional exercises.
8.00 to 8.30—Breakfast.
8.30 to 9.15—Prepare for inspection.
9.15 to 9.30—Inspection.
9.30 to 10.30—Camp duties.
10.30 to 10.45—Court of Honour.
10.45 to 11.30—Clean up of grounds contest.
11.30 to 12.00—Swimming.
12.30 to 1.30—Dinner.
1.30 to 2.00—Silence.
2.00 to 3.00—Rest.
3.00 to 4.00—Swimming, twenty minute period. Fickets are the Daffodil Patrol.
4.00 to 5.30—Lashing and gadget making.
5.30 to 6.30—Supper.
6.30 to 6.45—Free period.
6.45 to 7.00—Lower colours.
7.00 to 7.15—Make beds.
7.15 to 8.15—Games.
8.15 to 9.00—Bon-fire, sing-song.
(Continued on page 8)

OUTSIDE TRANSIENTS TO RECEIVE NO HELP

Workless From Other Provinces Must Find Their Way Back Home

Acting upon an intimation by Hon. J. W. Jones, Minister of Finance, to the Unemployment Committee of the Cabinet that transients who have drifted in recently from other provinces must be weeded out of the relief work camps as quickly as possible, in order that the Government may keep within its available means for unemployment relief, hundreds of men have been discharged from work camps in various parts of the province and hundreds more will be combed out until none but permanent residents of British Columbia are left. Some assistance has been given such transients to reach any points in the province to which they have expressed a desire to go, transportation being provided by government trucks and by rail, but government officials deny that there has been any deliberate unloading of these men upon Vancouver, as has been charged by the civic authorities. No provision is made for them after they leave the camps, it is stated, and their movements are not directed. The official hope is simply that "they will find their way out of the province in the same way as they found their way in."

Meantime these transients are evident in increasing numbers in the Okanagan, and residents are subjected to constant "panhandling" by them. It would seem that a more vigorous policy of repatriation will be necessary to get rid of them, so that they will not be added to the burden of relief already carried by communities for their own residents, and, if they will not go voluntarily, they should be gathered up and deported forcibly to the place whence they came.

GIRL GUIDES CAMP AT CEDAR CREEK

Kelowna Company Spends Enjoyable And Profitable Time

(Contributed)

The eleventh annual Guide camp has come and gone, and now the Guides are planning for the one next year.

On Saturday, July 4th, Mrs. F. Timaeus, Officer in Command, Miss Peggy Taylor, Lieutenant, and the Patrol Leaders with their Seconds motored to Cedar Creek and pitched camp. Monday brought the remaining Guides, Miss Joan Pooley, life saver, Miss Margaret Burtch, nurse, and Mrs. Graves, cook.

Miss Doris Anderson, of Limpfield, Surrey, England, was a very welcome visitor to the camp for several days. She has had a great deal of experience in Guide work and she gave us many new helpful ideas.

Mrs. Maude-Roxby, Camp Advisor, visited the camp twice, upon the last occasion spending the full day with us. She expressed great satisfaction with the manner in which the camp was being run.

Mrs. J. N. Thompson, Commissioner, visited us on Wednesday and inspected the camp.

The weather at times was not all that could have been wished for, but the Guides managed to have an excellent time in spite of it all. An example of the camp routine is given as follows:

6.45—Meal Parol rise.
7.00—Rising Whistle.
7.05—Every girl will be dressed in bathing suit and will be out on grounds for setting up exercises.
7.10—Morning dip. Every Guide will plunge into water to her chin, unless excused by nurse.
7.15 to 7.45—Wash, clean teeth, dress in full uniform. Put bedding outside to air.
7.45 to 8.00—Colours and devotional exercises.
8.00 to 8.30—Breakfast.
8.30 to 9.15—Prepare for inspection.
9.15 to 9.30—Inspection.
9.30 to 10.30—Camp duties.
10.30 to 10.45—Court of Honour.
10.45 to 11.30—Clean up of grounds contest.
11.30 to 12.00—Swimming.
12.30 to 1.30—Dinner.
1.30 to 2.00—Silence.
2.00 to 3.00—Rest.
3.00 to 4.00—Swimming, twenty minute period. Fickets are the Daffodil Patrol.
4.00 to 5.30—Lashing and gadget making.
5.30 to 6.30—Supper.
6.30 to 6.45—Free period.
6.45 to 7.00—Lower colours.
7.00 to 7.15—Make beds.
7.15 to 8.15—Games.
8.15 to 9.00—Bon-fire, sing-song.
(Continued on page 8)

APPLE SCAB PREVALENT IN NORTH

Yield Of McIntosh In Vernon And Armatrong Districts May Be Reduced Considerably

(From the fortnightly report of the Horticultural Branch, Provincial Department of Agriculture, Vernon.)
Vernon, B.C., July 9th, 1932.
Vancouver Island And Gulf Islands, July 6

The weather over the week end was dull and cool with some rain. Conditions now are fine and bright with warm weather in prospect.

The strawberry crop is just about over with the exception of some patches in late locations. Most growers are now making their last pickings. The yield from most patches has been good, but prices have ruled decidedly low.

Loganberries are now being picked in fair quantities and within a week a large tonnage will be moving to the canneries at Sidney and Gordon Head. Owing to the fact that the winery demand is practically nil compared with two years ago, a large percentage of the crop will be canned. Prospects are for an excellent crop of logans and so far there has been very little of the "drying up" trouble in evidence. Raspberries are also being harvested; some of the crop will be sold as fresh fruit and the balance will go to the canneries. The crop will be relatively light. Gooseberries and red currants are over and black currants are maturing.

Royal Anne cherries are being harvested and Bings will be ready in a couple of days. Black Tartarians are over and Deacons are almost ready. Lamberts will not be ripe for about two weeks. In the sour cherry class, Early Richmonds are over, Montmorencies are about ready, while Olivets and English Morellos are colouring and will be ready towards the end of the month.

Early apples such as Yellow Transparent and Duchess are sizing well and should be on the market in a couple of weeks. Wealthy and Gravenstein are also making good progress. Late varieties are sizing well.

Lower Mainland, July 6
While the strawberry season is practically over, there is a considerable quantity coming on to the local markets. The carlot movement has not been as heavy as anticipated, but local movements have been larger than usual. Hot weather and rains during the peak of the season resulted in lowering the quality of the berries.

The raspberry crop this year will not be heavy, although the recent rains have resulted in improved condition in many plantings. Commencing on July 2nd, two half cars of berries were shipped, and while the rain over the weekend has interfered with the car movement, with satisfactory conditions cars will be rolling by the 7th. Loganberries are a heavy crop and are coming on to the market in quantity.

Bing and Lambert cherries are plentiful but apparently are moving slowly at low prices. Apples and pears are sizing up rapidly and prospects are favourable for considerable quantities in the Fraser Valley. Some early thinning of apples of fair size could be available for the early market demands over the week-end of the 10th.

Plums and prunes are variable, but on the whole there is evidence of a plentiful supply for local markets. Some early plums may be expected from the Valley by July 17th.

Mixed cars of vegetables are moving slowly, as is usual at this time of the year. Good supplies of vegetables are available, beets and carrots, while in some instances not large, are being topped and sacked. Early varieties of peas are being harvested for canning purposes and the first canning commenced on July 1st. The pea crops are showing up very favourably and prospects in most places are for heavy yields. Aphid has for the most part been a negligible factor this season, although some fields have been showing evidence of a "root-rot".

Salmon Arm, Sorrento, Main Line Points, July 7
Temperatures have been variable and some local showers have fallen during the past two weeks. Soil moisture conditions and plant growth generally are satisfactory.

Apple Scab is more prevalent in the Salmon Arm-Sorrento section than has been the case for many years and control is unusually difficult. A considerable reduction in tonnage will result one cent to \$3.5434.

(Continued on Page 6)

Box packing of apples is making headway in Quebec province, and it is reported that 30,000 boxes of McIntosh and Pameuse were put up by the growers last fall.

It should be a great year for poets, 1932. It rhymes with blue and true and you.

As we understand it, Germany is due to remain financially sick until she is well healed.

It is said the decline in silver is due to so few reaching their silver wedding nowadays.

Fair Saleslady — "Could I interest you in a Studebaker?"
Youth—Lady, you could interest me if you were in a second-hand flivver."

St. Peter: "How did you get up here?"
Latest arrival: "Flu."

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by S. M.

July 11th, 1932.

Orders for the week ending Thursday, July 21st, 1932:

Duties: Orderly patrol for the week, Beavers; next for duty, Wolves.

Rallies: There will be no parades of the Troop during the holidays, unless by special notice.

Once more we can look back on our summer camp with a certain amount of satisfaction, knowing that, although it was of short duration and not very well attended, still every one thoroughly enjoyed their stay there to the utmost.

Wednesday morning found the camp under the leadership of A.S.M. Williams, and after breakfast the time was filled in with the usual scouting games and instruction, including a treasure hunt which was thoroughly enjoyed by all. Second Ward proved himself most proficient in searching for "Lost Treasure" by capturing three out of the five prizes, so winning for himself the name of "Eagle-Eye."

On Thursday afternoon, the campers went for a short hike to the big siphon on Canyon Creek, returning by way of the main road. Thursday evening, the last under canvas, was featured by a special camp fire programme, followed by pineapple sundaes and strawberry short cake concocted by Second Ward, who secured great praise for his efforts. On Friday morning the boys did their Good Turn while in camp by cleaning out and boxing in the spring which comes out of the hill about a hundred yards above the bridge, the horses in the neighbourhood having broken the cribbing and made a mess of it generally. After dinner camp was struck and the outfit packed up the hill to the road. The boys arrived home just after supper time and everyone declared that it was "keen."

Tests passed in Camp include First Class Cooking by P.L.s. Hayman and Cushing and Second Ward. Preparations are being made for an

PARKS ON BORDER UNITED

Major Sir Charles A. Mander, of England, photographed as he clasped the hand of T. Scoven (left), Superintendent of Waterton Lakes National Park, at a ceremony at which the two parks, on either side of the international boundary, were united, under authority of the U. S. Congress and the Parliament of Canada. Sir Charles gave the dedicatory address.

International Camp to be held at Vernon next month. As there is no definite information out yet, we do not know whether we will send a delegation or not.

There are some members of the Troop who owe two or three dollars in back dues. It would help things considerably if these boys would give this matter a thought and make an effort to clear up these accounts while they are working during the holidays. There are several ex-members of the Troop who owe a good deal more than this and apparently look upon the debt as cancelled.

Scout Notes Of Interest

The well-known British firm of Reckitt & Sons, following the example of several banks and insurance companies, are this summer giving extra holiday leave to Scoutmaster employees who are taking their troops to camp.

A contingent of English Scouts will visit the Norwegian Scouts' National Camp near Christiansand in July. The Norwegian Scouts were sub-camp comrades of the Canadians at the International Jamboree of 1929.

In preparation for playing host to Scouts attending the World Scout Jamboree near Budapest in 1933, Hungarian Scouts are taking training under experts in service to tourists. They have been acting as guides at the different congresses held in Hungary, and have given excellent service.

An Ottawa musical event of June was the visit of the Boy Scout choir of the 2nd Quebec Troop, of the Basilica. Their church and folksong singing attracted enthusiastic audiences. For their secular numbers the boys changed to Scout uniform. The boys were guests of the French-Canadian Scouts of the capital. The trip was a holiday treat given the boys by Archbishop Villeneuve.

A number of selected Scouts representing various parts of the Dominion will act as supernumerary messengers and guides in connection with the Imperial Economic Conference at Ottawa in July. The boys, all of First Class rank, will be housed at Dominion Scout Headquarters. Otherwise they will meet all their own expenses. The opportunity of service and of seeing the great Empire figures of the day will be their reward.

BENVOULIN

Worship at the United Church of Canada next Sunday, at 9.45 a.m. Rev. A. McMillan, minister. Church School at 11 a.m.

The Misses Turner, teachers in the Calgary schools, arrived last week by motor car to spend a week with Mr. and Mrs. Rolf Turner. They left this week for home by way of Spokane.

Mr. Chamberlain is having electrical equipment installed in his home this week.

A meeting of the School Board was held at the Mission Creek School last Saturday, and various kinds of taxes were discussed.

Mr. and Mrs. Chamberlain, Miss Chamberlain and Charlie motored to Vernon on Monday, and Allie had her first thrill of going up in an aeroplane.

Don't overlook the possibilities of the Want Ads.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

The Troop will parade in full uniform on Friday, at 7.30 p.m., at the lawn social to be held on the Parsonage grounds.

Duties of the various patrols have been detailed to the P.L.'s at a Court of Honour held at the home of Second Wm. Shugg, Jr., on Wednesday last.

The attendance at last Friday's meeting numbered 25, an increase of 100 per cent over the previous meeting but still leaving many absentees unaccounted for. Softball and other games occupied most of the evening, with a little Scout work and passing of tests sandwiched in. Scouts D. Davidson and K. Eaton were successful in passing their Scout's pace.

Those Scouts who have obtained their Second Class badge are urged to take advantage of the summer holiday season to pass as many of the outdoor tests for First Class rank as they can. Particularly should they try to pass the overnight hike test. This requires that they go alone, or with one companion, a distance of at least 7 miles away, if on foot, or 14 miles if on a conveyance or on horseback, camp out, do their own cooking, etc., and write a report of the trip, drawing an intelligible rough sketch map of the route taken. Two days should be occupied in the hike. A.W.G.

WOLF CUB NOTES

1st Kelowna Pack

"Do Your Best"

Orders for the week ending July 23rd:

There will be a uniform parade in the Scout Hall on Wednesday, July 20th, at 6.45 p.m.

IMPORTANT.—Please will all the boys who wish to go to camp notify the C. M. not later than July 20th?

The next item of the First Star tests:

Every boy must know and understand paragraph (C) of First Star work, i.e., why he should keep his hands and feet clean, his teeth brushed, etc.

In the Division contest the Greens of Div. B hold first place, with 14 points, and the Reds of Div. A second, with 11 points.

Let's see some of the other patrols get a first place in this divisional contest. Don't leave it all to the reds and greens.

J. E. H. LYSONS, C.M.

Before stamps were used postage was paid on receipt of a letter. Imagine having to pay postage on a dinner.

Things may have slumped off in value here and there, but a poor excuse is still better than none.

"It is difficult for an outsider to get into the best Hollywood society," says a writer. Presumably, one has to live there quite a time before beginning to move in the best triangles.—The Humorist.

There is no doubt that, even though success in this world to chance, but without a cheque book won't take you around the world.

Insure Yourself Against TOTAL LOSS of Earned Income

EARNED Income is the income that is derived solely from one's daily labor, and **Total Disability Insurance** was devised to indemnify the salary or wage earner against the total loss of his or her earned income by reason of bodily incapacity. In conjunction with insurance policies and pension bonds

New Total Disability Benefits

Are now announced by the

Confederation Life Association

And provide as follows:

- \$100 per month for 50 months;
- \$50 per month for the next 100 months;
- \$10,000 in cash at end of 150th month;
- Waiver of all premiums falling due during the period of disability payments.

In event of death or maturity during the 150-month period, the proceeds of the policy will be paid without any deduction of amounts paid on account of disability.

The Guaranteed values and accrued dividends will not be affected in any way by the payment of the monthly income during disability.

Completion of this Coupon will bring to You

full particulars of this modern method of insuring yourself against Total Loss of Earned Income.

A Vacation for You

Lake Louise, Alberta, Canada

ARE you looking forward to the time when you will be able to lay down the tools of labour and enjoy a well-earned rest—a permanent vacation amid pleasant surroundings, free from worry or dependence on others?

This need not be an idle dream. It can be a reality for you as it will be for thousands who are "pensioning themselves" by means of Life Insurance Pension Policies, which provide for monthly payments to them at definite ages in addition to the insurance protection in case of early death.

We shall be pleased to send particulars of a pension policy for yourself entirely without obligation.

At age 25, for instance, it is necessary to save less than \$6 per week to provide a pension of \$25 per week for life at age 60. (This includes \$10,000 life insurance protection.)

OKANAGAN CENTRE

The July meeting of the Women's Institute was held in the delightful lake-shore garden of the President, Mrs. Venables, last Thursday afternoon, with a good attendance of members and a number of visitors.

During a short business session a renewal of corporate membership in the League of Nations was voted, and an interesting feature was the reading of a letter from New Zealand in answer to one which had been written by the President some time ago, at the suggestion of the Superintendent of W. I.'s in B. C.; for the interchange of ideas on Institute work in various parts of the Empire. The letter read was written by the Vice-President of the Atiti Women's Institute in the village of that name near Fielding, and gave a very good picture of country life in that part of the world as well as some useful hints for Institute meetings.

During the tea hour all formality was laid aside and an old-fashioned "talk-fest" was enjoyed, enlivened by a guessing contest on books and their authors.

Miss MacLennan and Miss Gleed made high score and drew for the prize, the latter coming off winner.

Mrs. Cheesman and Mrs. Parker served tea and the Social Convener, Mrs. Bernan, took a silver collection for the benefit of the library, nearly \$8.00 being received.

It was decided to omit the regular meetings during the months of August and September. A number of new books have been added to the library recently and another section of the government travelling library is expected soon.

On Saturday last, the social afternoon at the Okanagan Centre Tennis Club was made the occasion of a celebration of the coming of age of Ellen Gleed, one of the "native daughters" of the Centre. Mrs. Gleed was hostess and a number of ex-members of the Club were guests at tea time, when a speech was made by the President, Mr. Gibson, and three rousing cheers were given for Miss Gleed, who is an all round favourite.

Mr. and Mrs. G. D. Marshall were week-end visitors in Summerland, their old home. They have as guest for the summer months their elder son, of the Nanaimo High School staff of teachers.

Mr. S. Copeland took his company of Trail Rangers to Vernon on Saturday for the Air Pageant, a great treat for the boys.

The Tennis Club is looking forward to a number of matches in the next few weeks, now that the rush of early spraying and irrigating is over. A team from the Vernon Club is expected at the Centre on Thursday afternoon, followed by a visit on Sunday of a party from Oyama, with several other dates yet to be arranged.

BEE ESCAPES NECESSARY IN APIARY EQUIPMENT

(Experimental Farms Note)
"Hoarding" is a habit that has received considerable criticism of late, but there are instances where hoarding has proven of great benefit to mankind. Several thousands of years ago some observant person noticed that a certain little insect had developed the habit of hoarding to a remarkable degree and this person like many of today considered the principle a bad one, therefore set about to discover ways and means whereby the thrifty one could be made to disgorge at least a part of her savings. How to get it was the question, for it was found that the little insect was just as ready to fight for what she had gathered as she was ready to work for it and the results were painful to the plunderer. The person, therefore, decided that because the insect refused to give up her stores peacefully she must die and die she did over the sulphur pit. With the worker dead, the process of robbing was easy but it was soon realized that to kill the worker in order to get her stores would soon result in no more stores to rob, and human cunning soon overcame this difficulty by devising a method whereby the stores could be obtained without the owner's knowledge. Bees are encouraged to store their honey in boxes (supers) above the chamber in which they rear their young and when these boxes are filled the beekeeper slips a thin board fitted with a bee escape beneath them. The bees, on their way out to gather more honey, pass through the bee escape but cannot return, therefore in a few more hours the box of honey may be removed without the bees knowing it and an empty one put in its place to be refilled.

Bee escapes are used in all of the Experimental Farm Apiaries as the best and least painful method of taking from the bees the fruits of their labours. Bee escapes, therefore, should be included in the equipment of every apiary.

C. B. GOODERHAM, Dominion Apiarist.

LINDBERGH NURSE AND BUTLER

Betty Gow, nurse in the home of Col. Chas. A. Lindbergh, is seen strolling with Ollie Wheatly, the Lindbergh butler, in the grounds of the Flemington, N.J. Court House, while they were awaiting call as witnesses in the trial of John H. Curtis, charged with hoaxing Col. Lindbergh in regard to arranging for ransom of his kidnapped baby.

FINANCIAL DICTATORSHIP FOR BRITISH COLUMBIA

Nelson Newspaper Says Hon. J. W. Jones Should Have Sole Authority

In a recent editorial, the Nelson Daily News, Conservative organ in the Kootenays, recommends establishment of what in effect would be a financial dictatorship in British Columbia with absolute power over governmental expenditures, this drastic authority to be wielded by Hon. J. W. Jones, Minister of Finance.

The editorial gives a review of British Columbia's finances and then says: "It is obvious that the present critical conditions in British Columbia cannot be permitted to continue. 'It is time for plain speaking and time for vigorous and effective action. Cabinet conferences, investigations of business men's committees, and all the rest of it, will not get us very far. The remedy lies in establishment of what in effect would be a financial dictatorship with absolute power over governmental expenditures."

"Hon. J. W. Jones has done good work since he became Minister of Finance. It is horrifying even to contemplate what might have occurred if he had continued to drift along in the way we were drifting before he was placed in charge of the Treasury. But no Minister of Finance, operating under the present restrictions which hedge about that office, can do the job effectively.

"Without delay, the cabinet at Victoria should delegate its whole authority, as individuals and as a body, on financial matters to the Minister of Finance. In matters of finance, he should be given absolute and complete power, the same power that is possessed and exercised by the manager of a private business, and which has to be exercised vigorously when the amount of revenue coming in to the private business ceases to equal expenditures for which he cannot find the money from current revenue.

"We cannot afford any more borrowing, in order to keep up to the extravagant scale of expenditures which has been developed in the last fourteen years.

"If the effective operation of such a financial dictatorship would be hampered by existing statutory requirements, or for that matter by existing statutory expenditures, a special three or four-day session of the Legislature, without extra indemnity to members, should be called immediately, and the necessary remedial legislation put through, and the Minister of Finance be given a mandate to control expenditures by no other consideration than the amount of revenue he has available to meet them.

"The time has passed for half measures, or dilly-dallying, for vacillation or for weakness or hesitancy."

WITH THE HELP OF THE HEN

F. C. Elford, Dominion Poultry Husbandman, and an outstanding leader in poultry development in Canada, on a recent occasion observed that few people realize what a big part the hen has played in the national life of Canada. "There are many prominent Canadian business men today who would not be where they are if it had not been for the hens of the farm at home" he states. "The poultry provided the money for shoes, and slates and pencils, and were in fact responsible for keeping them at school. I myself do not know of any other business today which pays better dividends than poultry raising, and I believe the prospects are still encouraging."

JOE BROWN AS FIREMAN AND BASEBALL HERO

Comedian Has Full Show For Talents In "Fireman, Save My Child"

Joe E. Brown, star of "Local Boy Makes Good" and numerous comedies, appears as both fireman and baseball hero in his latest picture, "Fireman, Save My Child," a First National picture coming to the Empress Theatre Friday and Saturday.

As the baseball player and lover whose prime affection is for fires and fire equipment, Brown is furnished his greatest comedy opportunity. That he is at home on the baseball diamond is evident in the game sequences. Brown once played professional baseball, first in the St. Paul League and later with the New York Yankees.

Evelyn Knapp, as the home town girl "Smoky Joe" loves, and Lilian Bond, as the blonde adventuress, furnish an attractive feminine background for Brown's humorous antics.

"Lady with a Past"
Based upon Harriet Henry's latest novel, this gay and brilliant comedy, combined with daring romance, is another Constance Bennett starring hit. A modern comedy strongly dashed with romance, it is played against colourful, fashionable backgrounds, and is shown at the theatre on Monday and Tuesday of next week.

The golden-haired star steps forth in a new characterization refreshingly different from those she has been given in her recent films. Her role is that of a young New York society girl, who blossoms forth from a shy wallflower into a dazzling charmer. She is made love to in three languages; Ben Lyon and David Manners do their wooing in English. Albert Conti, one of Hollywood's most successful specialists in continental roles, attends to the French version, and Don Alvarado says it in Spanish.

"Amateur Daddy"
Warner Baxter, the daddy of "Daddy Long Legs," will again be seen in the role of a confirmed but human bachelor, when his new Fox romantic drama, "Amateur Daddy," is shown next Wednesday and Thursday. He is surrounded by an exceptionally strong cast. In the leading feminine role is

LOOPING THE LOOP

Let the reader be assured from the outset that this is not an account of any fancy aerial contortions but merely a narrative of some editorial experiences and impressions on a Dominion Day holiday trip by motor-cycle over the new road to Carmi and thence round by Rock Creek, Anarchist Mountain, Osoyoos, Penticton and the west side of the lake home.

Apparently too much had been attempted on the McCulloch-Carmi road at one time in order to put it into good condition, instead of tackling a short stretch and completing it before moving to another section.

The scenery along the upper West Kettle River is not at all exciting, being rather monotonous in fact, but the timber has not been burned and there are occasional deeps that are quite pretty although the jack pine on the upper reaches borders the road on either side with tiresome sameness.

Between Westbridge and Rock Creek the Kettle Valley is wide and open and there are some nice ranches, with green meadows and good houses, together with a few orchards.

The night was spent under the hospitable roof of the Riverside Hotel, one mile east of Rock Creek, operated by a well-known old-timer, Mr. Sam Larson, for a number of years Provincial Assessor at Penticton and Vernon, and an enjoyable evening was spent with reminiscences and tales of the pioneer miners of Rock and Boundary Creeks.

The journey was resumed the following morning at 8.30 and all went well for a few miles until mechanical trouble developed, the throttle of the carburetor having become simply gummed up with the silt encountered on dusty stretches, so that it was necessary to take it to pieces and clean it.

Time was lost again in coming down the long grades to Osoyoos, caution being necessary to avoid a runaway, owing to the strain on the mechanism and light brakes of the little vehicle and the heat was like that of a furnace, especially the radiation from the rock faces along the road.

After a short halt at Oliver to replenish gasoline and oil, the road to Penticton was traversed in half an hour, but between Summerland and Peachland the carburetor again showed discomfort from dust and began to buck.

Various road maps and tourist folders consulted failed to agree upon distances between points, but so far as could be reckoned, the whole distance covered by road from Kelowna to Peachland in the two days was about 193 miles, and motorists (especially Scots, of course) will be interested to learn that the total outlay for gasoline and lubricating oil was \$1.75, or less than one cent a mile.

ORCHARD RUN

By R. M. R. INFALLIBLE

"Which combination dissolves gold quickest?" asked the Professor of Chemistry. Student: "The marriage combination."

AND THEN SOME! The Philadelphia Enquirer says there is nothing strange in the fact that the American tourist trade in Canada has taken a drop. It always did.

"SKEETERS" This is the second time this year this department has been urged to say something about mosquitoes—but this time we are concerned only with the skeeters of Kamloops and Salmon Arm.

Now Ald. Shaw's complaint got into the newspapers and Salmon Arm heard about it, as a consequence of which the good editor of the Observer revealed editorially that Ald. Shaw was not alone on the hotel verandah when the British tourists were in S. A. The editor was there himself in person, and he rapped Ald. Shaw on his mosquito-bitten knuckles thusly: "The comment was that so few 'skeeters' were about, seeing that the verandah was unscreened. Indeed, they were fewer than was found at Kamloops last Sunday, and that doesn't say that many were noticeable there."

Southern Okanagan sun and a rolling country must be crossed for many miles before the descent to Rock Creek is begun.

With the road in good condition, it should be an easy matter to reach Carmi from Kelowna in two hours and Rock Creek in three and one-half to four hours. To reach Rock Creek via Penticton, Oliver and Osoyoos, entails about five hours driving from Westbank ferry wharf, with the time of ferriage to add, so that there should be little doubt as to which route will be preferred by those bound from Kelowna to the Kootenay, once the new road has settled down and got into good shape for travel.

that Salmon Arm skeeters weren't annoying, and "a very estimable lady resident of Salmon Arm" would back him up in that. He was inclined to wonder, he said, if the old saying that mosquitoes worry only those with brains was true in this case, which was rather unkind of the Alderman.

When this is revealed to the public gaze I expect to be drinking beer with Mayor Taylor. If Louie happens to be indisposed or on the water wagon, I'll look up Jimmy The-Man-Who-Ought-To-Be-Mayor Butterfield and hoist one or two with him in the Province box in a well known Hastings Street malt emporium.

I expect to spend a quiet and restful vacation down where the breezes of English Bay blow so serenely. As a matter of truth, that's the only spot I've ever found a "serene" breeze. There is wind yet there isn't wind, if that isn't a serene breeze I'm a bottle of bad Scotch.

Some people think that a columnist going on a vacation is about as necessary as gasoline to a horse. Well, there is always a chance that the fellow will learn something while he's away, and that alone is quite a refreshing thought. One never knows when a new idea will sneak in through that hard cranium of his, so we're ready to expose ourselves for a couple of weeks, at least, even if we have to run over to Essondale to balance our outlook on things in general.

I am postdating this despatch and am reproducing it here in case you miss it in the Coast papers: VANCOUVER, July 11th.—In a fairly sober state but showing the battle-scars of war with the depression, Kelo Ker, the Kelowna Courier's infamous columnist, invaded Vancouver last night. The absence of the Mayor and City Band at the depot somewhat irked the journalistic gentleman from Interior parts, whose only comment was that "a fellow has to wear a beard like Bernard Shaw to get the key of this town or speak better English than the King of Siam, both of which I refuse to do."

He brightened considerably, however, when a newspaper man told him he "knew of a place."

He is still at that place. WONDERFUL SPORT IN BEAVER LAKE DISTRICT Beaver Lake and its adjacent temporary ponds, forming a chain about six miles in length, gave week-end fishermen splendid results, both in number and size of trout.

Using fly, Mr. Peterson, of Omak, Wash., took six out of Beaver on Sunday and Monday, although the weather was broken, the largest of which scaled six pounds.

The doctor arrived in time... thanks to the telephone

"It's a good thing I got here when I did," the doctor was telling Mrs. Jones. "A few minutes later there wouldn't have been a chance to save your child's life."

The doctor had been summoned by telephone—and the time saved by the call had saved a life.

"And to think," said Mrs. Jones, "I used to get along without a telephone. I know better now."

beauties out of Beaver on Saturday, which averaged four pounds. She used the Sedge dry fly.

Capt. J. Mitchell, of Salt Spring Island, a guest at the Willow Inn, made a splendid catch at Beaver, averaging 4½ pounds, and, on his return, he spoke with enthusiasm of that sheet of water, declaring that the people of Kelowna did not know what an asset it constitutes, together with its adjoining lakes.

Not to be outdone, Crooked Lake and the other mountain tarns close to Beaver yielded rich returns to those who explored them.

Tom Craft, C. McCall and J. Vowles got twenty fish in three days, averaging 5½ pounds.

L. Thomson and party caught their limit on the fly, and they declared that they had the finest fishing trip ever experienced in the Kelowna district.

Hugh Kennedy and party, four in all, basketed fifteen fine trout with the plug and fly, while Jim Treadgold and three others took eleven, using the same lures.

Another party of four, headed by Ab. Rankin, caught fifteen, the largest of which went about 8 pounds, with plug and fly. Ab. lost his rod, reel and line over a big fish, the rod being left in a rather precarious position in the boat.

With the summit lakes offering such attractive rewards to the enterprising angler, there has not been much doing on Okanagan Lake of late, but further north, at Little River, the outlet of Shuswap Lake, where A. C. M. Danielson, formerly of Kelowna, runs a fish-

NOTICE

GORDON LOTHIAN CAMPBELL, Deceased NOTICE IS HEREBY GIVEN that all persons having claims against the Estate of Gordon Lothian Campbell, deceased, formerly of Kelowna, B. C., who died on the 16th day of December, 1931, at Kelowna, aforesaid, are required on or before the 12th day of August, 1932, to deliver or send by pre-paid letter, full particulars of their claims duly verified, to the undersigned, Solicitor for the Administratrix of the said Estate of Carruthers' Block, Ellis Street, Kelowna, B. C.

AND TAKE NOTICE that after the last mentioned date the Administratrix will proceed to distribute the assets of the deceased among the persons entitled thereto, having regard only to the claims of which she shall then have had notice.

DATED at Kelowna, B. C., this 6th day of July, 1932. T. G. NORRIS, Solicitor for the Administratrix. 48-5c

KELOWNA CITY POUND

Notice is hereby given, under Section 10 of "The Pound By-Law," that one dark bay horse, three white stockings and white stripe on forehead, brand on left shoulder, was impounded in the Pound kept by the undersigned at the east half of property described as Registered Plan B181, Kelowna, B. C., on Monday, the fourth day of July, 1932.

If not claimed by Saturday, July 23rd, 1932, this animal will be sold from the said Pound at 2 p.m. on that date. J. POWICK, Poundkeeper. Dated at Kelowna, B. C., this thirteenth day of July, 1932. 49-1c

The Bernard Avenue Circle of the United Church are holding a Garden Fete next Thursday, there will be a good programme of music, a pantomime and amusing skits, also good things to eat and a novelty booth. Should it rain that evening, the Fete will be held in the Church Hall. See announcement for further details.

VANCOUVER GIRL FALLS FIVE STORIES TO DEATH

VANCOUVER, July 14.—While sitting at a window sill conversing with her father, Grace Hall, aged twenty-three, plunged from the fifth story of the Georgia Hotel last night to her death on the pavement below. Her father, J. E. Hall, is a well known grain broker.

Local and Personal

Mr. T. G. Harding left on Monday on a trip to the Coast.

Mrs. John Sutherland left last week for a visit to Scotland.

Capt. G. C. Oswell left on Saturday by Canadian Pacific for Calgary.

Miss Betty Simeon arrived in the city on Saturday morning from the Coast.

Mrs. J. Gallbraith was a passenger to Vancouver yesterday by Canadian National.

Mrs. Clark was a passenger to Vancouver by Canadian National on Saturday.

Mr. H. B. Ward, of Vancouver, is visiting his parents, Mr. and Mrs. D. H. Ward, Eli Avenue.

Mrs. Kingsley Terry left on Thursday for a visit to Vancouver. She travelled by Canadian National.

Miss Betty Shepherd left on Saturday for a visit to relatives in Victoria, travelling via Canadian National.

Mrs. Joyce Wolfert, of Calgary, accompanied by her son, is a guest at the Mayfair, on vacation for the summer.

The local Orange Lodge and L.O.B. A. were represented in the celebration of the "Glorious Twelfth" at Salmon Arm.

Mrs. A. E. Keller has returned from visiting her son, Capt. R. F. Keller, Royal Military College, Kingston, Ontario.

Mrs. J. A. Macdonell, of Vancouver, is a guest at the Willow Inn, and expects to remain in Kelowna for a month.

Mrs. W. S. Fry and Miss Barbara Fry left on Monday for Bowen Island, where they will visit Mrs. Fry's brother.

Miss Mary Simpson, of the staff of the Canadian Bank of Commerce, left last week by Canadian Pacific for Victoria.

Mr. W. J. Logie, of the Kelowna schools staff, left on Friday by K.V.R. for the Coast, where he will spend the holidays.

Mr. and Mrs. J. Weaver, of Dauphin, Manitoba, are staying at the Mayfair Hotel, while enjoying a visit to the Okanagan.

Mr. and Mrs. J. S. Tempest, of Calgary, are spending a few days at Okanagan Mission visiting their son, Mr. P. V. Tempest.

Miss Mollie Elvidge, who has been spending her holiday in Kelowna, returned to Montreal on Wednesday, via Canadian National Railway.

Mrs. T. A. Hiam and two children, who had been staying at the Eldorado Arms for a few weeks, returned by C. N. to Vancouver on Monday.

Mr. D. C. White, of Revelstoke, is relieving Mr. John Burnham, C.P.R. Agent, who is on vacation. Mr. White is accompanied by Mrs. White.

Mr. R. M. Ray, of The Courier staff, is enjoying his annual vacation in Vancouver, for which city he left on Sunday via the Kettle Valley route.

Miss Paulina Cameron and Miss Jessie Moffat, who have been visiting Mr. and Mrs. G. H. Kerr, left today for their home in Prince Rupert.

Mrs. D. H. Rattenbury and Miss Mary Rattenbury left for Vancouver on Monday, travelling by K.V.R. Mrs. Rattenbury will stay in St. Paul's Hospital for medical treatment.

Two local car owners appeared in Police Court this week and were each fined \$5.00 and costs for driving a car without the new driver's licence which all motorists must now have.

Mr. H. A. Staines, of the Canadian Westinghouse Company, is making his headquarters in Kelowna and is handling the Company's electrical appliances in conjunction with Messrs. Jones & Tempest.

Mr. and Mrs. G. H. Peers, of Vancouver, who are spending a holiday in the Okanagan, have taken one of the bungalows belonging to the Willow Inn. Mrs. Peers was formerly Miss Enid Mantle, of Kelowna.

Listeners in to the radio will be interested to learn that Mr. and Mrs. Chas. Smith, of Calgary, are staying at the Willow Inn. Mrs. Smith is the Miss Richardson whose golden voice is frequently heard on the air.

Guests at the Mayfair Hotel, from the Boundary district, during the week, include Mr. and Mrs. James Kerr and family, of Carmi; Mrs. Frank Bubar and Miss Bubar, of Kettle Valley; and Mr. E. G. Whiting, of Rock Creek.

George E. Laird, of Vancouver, was convicted of cashing worthless cheques, upon trial before Police Magistrate Burne this week, and was sentenced to two months imprisonment. He was taken to Kamloops by Provincial Constable Butler.

In connection with the Salvation Army local relief work, Ensign Hammond states that they will be very glad to have any empty jam tins or glass jars; also old clothing is needed. Phone Army headquarters and they will be glad to call and collect.

Visitors at the Willow Inn this week include Mr. and Mrs. Barracough of Vancouver, who are on the way to Calgary and other prairie cities; Mr. and Mrs. W. B. Robertson, Mr. and Mrs. Adrian Smith, all of Seattle, Wash., and Mr. and Mrs. Mason, of Regina, Sask.

During the absence of the Rector, on well earned holidays, the services at St. Michael and All Angels' Anglican Church will be taken by Rev. Acheson Lyle, M.A., Curate of Christ Church Cathedral, Victoria, B.C., on July 17th and 24th, and on July 31st and August 7th by Rev. S. Ryall, of Nanaimo, B.C.

AN ONTARIO SOCIETY BRIDE Mrs. Frank Augustus Schulman, who before her marriage in Brantford, Ont., was Miss Margaret Elizabeth Cockshutt, daughter of Col. Henry Cockshutt, former Lieutenant-Governor of Ontario, and Mrs. Cockshutt. The marriage was solemnized very quietly in Grace Church.

With the poor market for cherries, some quite desirable varieties are practically unsaleable, but so far none of the growers, even including those who owe the Hospital for patients' accounts, seem to have realized that gifts of the fruit would be very welcome, particularly for preserving—and it is not too late yet!

Kelowna was visited on Friday by a fleet of airplanes, which manoeuvred over the city for a few minutes while distributing handbills advertising the air pageant to be held during the subsequent three days at Vernon. Five arrived in V formation, while two or three others cruised about independently, and some of the craft came quite low in order to make sure that the bills landed in the business section and more thickly populated residential area.

A former Kelowna girl, T. Ann Wilson, daughter of Mr. and Mrs. H. G. M. Wilson, now of Vancouver, and grand-daughter of Dr. and Mrs. G. E. Seon, of Kelowna, was a member of the Lucky Horseshoe Club relay team of Vancouver which made a new mark of 50 3-10 seconds in the 400-metre senior relay event in the Canadian track and field championships and Olympic trials, at Hamilton, Ont., on Monday. The same team also captured first place in the intermediate relay. Miss Wilson added to her laurels by taking second place in the intermediate running high jump.

Mr. and Mrs. J. Weaver, of Dauphin, Manitoba, are staying at the Mayfair Hotel, while enjoying a visit to the Okanagan.

Mr. and Mrs. J. S. Tempest, of Calgary, are spending a few days at Okanagan Mission visiting their son, Mr. P. V. Tempest.

Miss Mollie Elvidge, who has been spending her holiday in Kelowna, returned to Montreal on Wednesday, via Canadian National Railway.

Mrs. T. A. Hiam and two children, who had been staying at the Eldorado Arms for a few weeks, returned by C. N. to Vancouver on Monday.

Mr. D. C. White, of Revelstoke, is relieving Mr. John Burnham, C.P.R. Agent, who is on vacation. Mr. White is accompanied by Mrs. White.

Mr. R. M. Ray, of The Courier staff, is enjoying his annual vacation in Vancouver, for which city he left on Sunday via the Kettle Valley route.

Miss Paulina Cameron and Miss Jessie Moffat, who have been visiting Mr. and Mrs. G. H. Kerr, left today for their home in Prince Rupert.

Mrs. D. H. Rattenbury and Miss Mary Rattenbury left for Vancouver on Monday, travelling by K.V.R. Mrs. Rattenbury will stay in St. Paul's Hospital for medical treatment.

During the absence of the Rector, on well earned holidays, the services at St. Michael and All Angels' Anglican Church will be taken by Rev. Acheson Lyle, M.A., Curate of Christ Church Cathedral, Victoria, B.C., on July 17th and 24th, and on July 31st and August 7th by Rev. S. Ryall, of Nanaimo, B.C.

Residents of Okanagan Mission were greatly shocked when it became known on Saturday afternoon that, at noon of that day, Mr. Carroll Hesselgrave had been found dead in the garden behind his house at the Mission.

Failing to appear at dinner time, one of the children was sent out to call her father, and found him lying dead. It appears that he had been kicked just over the heart by the horse with which he was working. The deceased man leaves a widow and four little girls. His parents, two brothers and a sister live also in this neighbourhood or Kelowna. Very deep sympathy is felt for Mrs. Carroll Hesselgrave and all the family in this sudden and tragic loss.

Twenty-eight persons attended the annual school meeting on Saturday evening. Mr. T. G. Norris occupied the chair.

Mrs. Norris resigned her position on the Board of Trustees, so there were two vacancies to be filled. Mr. Kulpers was elected for the three year term, and Mr. Walker was re-elected to fill the place vacated by Mrs. Norris' resignation.

At the close of the meeting, on the proposition of Messrs. Macdonald and Haverfield, a message of sympathy with Mrs. Carroll Hesselgrave in her sudden bereavement was passed unanimously.

Many old residents will be grieved by the news of the death of Mrs. Prickard, of Oyama, who, as Mrs. Preston, before her second marriage, lived in the Mission for some years.

Another ex-resident of the Mission, Miss Worthington, is re-visiting old haunts during a visit to Mrs. Hobson.

Mr. C. C. Fuller is expected home from Halcyon Hot Springs on Thursday.

Quite a number of people report seeing deer around their homes recently. One day two youngsters appeared on the road just outside the Mission store shortly before noon!

Summer Shoe Sale

How much you pay for your footwear does not determine the quality in this Shoe Sale. We are making prices so low that every woman and miss should buy these. Good styles and best of leathers.

STRAPS PUMPS OXFORDS AND TIES Select now from the many styles shown at this low price— JULY SALE, \$2.95 per pair

Mrs. Housewife! Your purchase of KELOWNA CREAMERY BUTTER supports a Kelowna industry and your money remains in the district.

Similar Government Grades of Butter are not sold by other valley creameries for less. KELOWNA CREAMERY, LTD. Water Street - Phone 84

Mr. and Mrs. Avery Phillips motored up to Grandview Beach, Grindrod, on Saturday last. Ross and Norma McDonagh accompanied them and will visit their grandparents and other relatives during the holidays.

Mr. and Mrs. Ralph Metcalfe also motored up to Grindrod for the weekend.

Charlie Hall had the misfortune to fracture a bone in his arm while hauling posts last week.

Congratulations to Mr. and Mrs. Topham on the arrival of a little daughter.

The many friends of Mrs. W. J. Coo will be glad to learn that she is able to be about after several weeks illness.

Roy Clark and Pete Grummett returned from the Cariboo on Saturday. Ronald Gunn also returned with them. They report roads in good condition.

The green cooker apple movement has started at Winfield, the Cooperative house having accepted a few for shipment.

The orchards seem to continue to improve in appearance and, while the June drop has been heavy, a fair crop is in evidence. Thinning is not being practised to the usual extent this season, though most growers are thinning certain varieties.

Mr. Idyll, of the Columbia Life Assurance Company, is again in the district on company business.

Mr. C. Smith, of Vancouver, President of the White Motor Freight Service, Ltd., has been through the district the past week endeavouring to interest growers in the use of their fast freight service. They are shortly starting a regular service from the Coast through the Interior.

The W. I. entertained the grandmothers of the district at a tea at the Lake Shore Inn on Thursday of last week. The excellent tea, which was served by Mesdames Seaton, McDonald and Phillips, was enjoyed by all.

The ladies of the Guild, seventeen of whom were present, held their summer meeting at Manhattan on Tuesday. Owing to the unsettled weather, the meeting was held indoors, but in spite of this a very enjoyable social hour was enjoyed.

Routine business of no special interest was transacted at the monthly meeting of the Council on Tuesday evening. A report from the Police Commissioner told of a check-up on cherry thieves which resulted in the arrest of thirteen.

Tommy Pearson is leaving this week for a short vacation.

The engagement is announced of Betty Irene, daughter of Mr. L. S. Manning, 3487 Blenheim Avenue, Vancouver, and the late Mrs. Manning, to Mr. Henry Hill, of Burnaby, on the staff of the Kelowna Junior High School. The wedding will take place early in August.

GLENMORE

Glenmore won the softball championship, by winning two straight games on Friday, July 8th, 12-5; and on Tuesday, the 12th inst, 8-7, after ten innings. The games were played in the City Athletic Park against the Cathownians. This gives them the cup awarded in the Softball League.

Miss May Bateman, who had been visiting her sister, Mrs. R. W. Corner, left on Wednesday for Summerland.

The ladies of the Guild, seventeen of whom were present, held their summer meeting at Manhattan on Tuesday. Owing to the unsettled weather, the meeting was held indoors, but in spite of this a very enjoyable social hour was enjoyed.

APPLE SCAB PREVALENT IN THE NORTH
(Continued from Page 1)

from scab injury, especially in the McIntosh, Red variety. Thinning of the apple crop is well under way, but fortunately, owing to the heavy drop in some varieties, heavy thinning has not been necessary.
Strawberries are pretty well over and the crop has been disappointing, though the quality was fair. Raspberries will be moving in quantity by the middle of next week, also loganberries.
Tomatoes, corn, cucumbers and other vegetables are now making rapid growth in the Kamloops-Ashcroft section.
Armstrong, Vernon, Oyama, Winfield and Okanagan Centre, July 8
Weather conditions over the past two weeks have been ideal for growth of all crops and development is rapid. All tree fruits are sizing well and general appearance of the trees shows marked improvement over the two previous seasons; soil moisture is very satisfactory and growers are making every effort to maintain this condition by regular irrigations.
Apple Scab is very prevalent in the Vernon and Armstrong districts and is causing considerable concern in some sections. The McIntosh variety is most affected and considerable reduction in grade of this variety will result.
Shipments of fruits and vegetables are increasing. Biggs and Royal Anne cherries are about finished, and Lam-

bets will be moving next week. Apricots and Yellow Transparent apples should be moving in about two weeks and Duchess apples about the end of July. Strawberries are nearly cleaned up and the first pickings of raspberries are being made.
The celery movement from Armstrong has commenced. Unfavourable weather early in the season has caused some of the earliest plantings to shoot seed heads; later plantings appear free of this trouble. Very poor sets occurred on the first bloom truss of tomatoes. This will delay shipments later than at first expected. Returns to producers are very low on vegetables. All hay and grain crops are excellent. Cutworms took a heavy toll of field root crops on some farms.
Kelowna, July 7
The weather during the past week has been cooler than for the previous week.
All fruits are sizing well. Royal Anne and Bing cherries are of excellent quality, and are now being harvested.
Early lettuce is over and celery will be shipped this week. Lettuce from Joe Rich should be ready in a few days. Early vegetables are available for shipment.
Grain crops are heading and the stand on dry land is better than for the last couple of years. Large crops of hay are being harvested.
Westbank, Peachland, Summerland, Naramata, July 6
The past weeks have been very hot

CANADIAN OARSMAN ENTERS FOR OLYMPICS

Bob Pearce, of Toronto, champion single sculler at the Olympic games at Amsterdam four years ago, is seen with his wife, reading over the Olympic entry blanks with Bill Henry of the Olympic Games Committee, at Los Angeles, to which city the couple drove from Eastern Canada, with Pearce's boat and oars strapped to the top of his coupe. He was the first oarsman to sign his official entry blank for the games.

and dry, and this has been most beneficial for all ground crops. Tomatoes are making rapid progress and first pickings should be ready in about ten days.

Weather conditions have been ideal for the cherry harvest. Most of the Royal Annes are going to the canneries, Deacons and Bings are being packed out. The peak of the Bing shipments is expected next week, with Lamberts moving freely in about ten days.

Apricots are sizing up well and some will be ready to pick within twelve days. Conditions generally are satisfactory, with pests and diseases below normal.

Penticton, Kaleden, Oliver, Osoyoos, July 8

The weather continues very dry and warm and so far there is no shortage of irrigation water. The ranges are drying out and need rain badly.

The cherry movement from Oliver and Osoyoos has just reached the peak, and although Penticton is moving a considerable quantity of cherries, it will be a few days yet before the movement is really heavy.

Apricots and yakamines are moving from Oliver and Osoyoos, as well as early tomatoes and cucumbers. Shipments of these crops should be quite heavy about the middle of next week. It is expected that Yellow Transparent and Duchess apples will move from Oliver this week, and from Penticton and Kaleden about the middle of the month.

Kootenay and Arrow Lakes, July 4

The weather for the past ten days has been very dry and warm, the temperature reaching 93 degrees F. on the warmest day, June 28th. The weather however, turned cooler on July 1st, and on Sunday, July 3rd, heavy rains occurred in all sections of the district, slightly over one-half inch falling at Nelson. The rain was badly needed and has been of great benefit to all agricultural crops.

The strawberry crop came on very fast during the warm weather, the peak being reached about July 1st, a few days earlier than was expected. The recent rains will prolong the season to some extent and will bring on the late berries in much better shape. A few local raspberries are on the market and this crop will be greatly benefited by the rains and cooler weather.

Bings and Royal Anne cherries are starting to move from the Lower Arrow Lakes sections this week, and a heavy movement will be on from other sections in a week or ten days. Growers report the crop looking good and, given favourable weather, the fruit should be in excellent shape for the market.

All varieties of apples are making satisfactory growth and the fruit is sizing well for this time of year. Some thinning is being required and this work is in progress. Apple Scab is quite prevalent and only in the well sprayed orchards is the fruit commercially clean. This disease may reduce the anticipated production from the district. Green Aphid is also very prevalent this year.

Vegetable crops are making satisfactory growth and the local markets are being well supplied from the district. The demand, however, has only been fair.

Creston Valley, July 5

The weather of late has been cool, windy and showery, and very beneficial

to pastures, meadows and all growing truck crops.

Strawberries are past their peak. Carloads are moving out regularly, to date thirteen being moved, and two more are expected. Arrow Creek will be shipping for another week or more.

Raspberries will move freely by the beginning of next week. Moisture conditions are excellent and a good crop is assured. Cherries are sizing rapidly, early varieties are now coming in. Bings will be ready in another week. The season is backward, on account of prevailing cool weather; about two-thirds of a crop expected. Bush fruits are looking splendid. Gooseberries will soon be over. Red and black currants have just started and are of good size and quality.

Pears and apples are well advanced and growers are busy thinning. Apple Scab is prevalent on leaves and is still spreading. The June drop is about over and the trees are still carrying sufficient to warrant a good crop. Tomatoes, peppers, etc., are making growth, but the season will be later, well into August before shipping starts.

Grand Forks, July 4

The continued dry spell has been broken and fair rainfall was experienced on July 3rd. Indications are for continued cool and showery weather.

The vegetable crops are coming along rapidly and early potatoes will soon be moving. Head lettuce, early cabbage, beets, etc., are moving in increasing quantities. Indications are that the yield of all vegetable crops will be heavy. Irish Cobbler potatoes are showing up very well.

Apples are sizing rapidly and beginning to colour. Thinning is practically completed and the June drop has been fairly heavy. Very little thinning was required in most of the orchards. The prune crop will be heavy this year, but pears generally are light. Later sprays for Codling Moth are being applied and indications are that the pest will be bad this season.

The small fruit crop generally is good, although the red currant crop has been largely ruined by the Currant and Gooseberry Fly. Mildew is also prevalent on gooseberries this season. The black currant crop is good.

At certain seasons of the year, particularly in the fall and winter, a great many poultry conditioners are upon the market for which quite often very extravagant claims are made. It is not uncommon to find even the better class of these condiment feeds advertised as capable of doubling egg production, a claim which, of course, is absurd. Since a large amount of money is spent annually in stimulants of this type, it seemed to be highly desirable to determine the actual value of these substances. With this object in view an experiment was conducted at the Poultry Division of the Central Experimental Farm.

The conditioner used was considered to be one of the better type and, judged by its ingredients, to have been more or less scientifically compounded. Upon analysis, the ingredients were found to be as stated with the exception that two ingredients making up 70 per cent of the total were not even mentioned, one of which contained the same stimulant as an ingredient definitely stated in the advertising matter not to be present in the mixture. This condiment was fed exactly according to the manufacturers' directions to two pens of birds, one upon a whole grain, skim-milk ration, and the other upon our

standard basal ration. Another pen acted as control and received the standard basal ration but without the condiment feed. Mortality was quite high in all pens but somewhat higher in the condiment fed pens. Production was slightly higher in the condiment fed pens but not significantly so. On the other hand the control pen had a greater body weight to maintain from the start and in spite of this showed a gain in body weight as against a similar loss in each of the condiment pens. The efficiency of use of feed was practically the same for all pens. The net result of this test was that it appeared that there was no justification for using this product to increase egg production since feed consumption, efficiency of use of feed and egg production, were not increased.

It must be borne in mind that the condiment used was one of the best on the market, consequently it might be expected that poorer results would be obtained from the bulk of such conditioners. The sale of these feeds is very large and it can be readily appreciated that such hard earned money goes to the purchase of such products with apparently no return whatever in increased efficiency of the flock. At the present time, when the margin between cost of production and returns from eggs is extremely small, the expenditure of money for products of this

type is hardly justified.

H. S. GUTTERIDGE, Central Experimental Farm, Ottawa.

Dr. Evelyn Fleming, daughter of Mrs. Fleming and the late Mr. Robert Fleming of "Donlands," Ont., who has been in Nasik, India, for the past three years and in charge of Canada Hospital for the past year. She is surgeon-in-chief at the hospital.

Miss Bessie Prior left for Vernon on Saturday to spend a few days with her uncle.

Mr. Jack Prior has made great progress towards recovery during the past week, and it is hoped he will be able to return home shortly.

Mr. and Mrs. D. A. Currie and Archie have returned from the Coast by car, and were accompanied by their nephew.

Mrs. Ira Howlett returned home on Saturday night after spending three months in Ontario and Saskatchewan. She was glad to get back as she says the prairie is so terribly cold this year.

On Tuesday evening the T. T. O. Girls held a meeting at the home of the Misses Hoskins to decide on a dance for Friday week.

Mrs. C. E. Clark left on Friday for the Coast. She will meet her father, who is coming here from California for a visit.

TWENTY YEARS AGO
From the files of "The Kelowna Courier"

Thursday, July 11, 1912

"It will be a great relief to the local orchardists to learn that what has been generally believed to be pear blight has proved to be nothing more than frost injury, due to freezing of the sap in the young buds early in the year. This is the conclusion reached by Mr. Thos. Cunningham, Provincial Fruit Inspector, and Prof. Thorner, the celebrated pomologist, of Pullman College, Wash., who were sent by the Provincial Department of Agriculture to make investigations. The decision was arrived at as the result of a thorough laboratory test."

Sale of the thirty-four acre property owned by Mr. John Conlin to Mr. John Bateman, of Wolsley, Sask., at a price of \$30,000 is chronicled.

WESTBANK

Mrs. Rattenbury and daughter Mary, of Kelowna, visited Mrs. J. L. Dolbin on Wednesday.

Miss Close, R.N., of Kelowna, is camping with the girls at Gellatly. She has never roughed it before and is quite enjoying the experience.

Mrs. Dick and the Misses Currie and Miss Elsie Rolke are spending a good vacation camping at the ferry.

The W.A. of St. George's Church met at the home of Mrs. E. C. Paynter on Thursday afternoon with an extra good attendance. The Senior Sunday School girls, Doris Paynter, Frances Drought and Catherine Lightly, prepared and served an excellent tea. The collection was for the benefit of the Sunday School Van.

Mr. Arthur Johnson had a very nasty sprained ankle on Monday night while playing baseball. It is felt by many, as he is one of the most active of the young boys and will not be able to play again this year or join in with the activities for some time.

The T.T.O. Girls held a very enjoyable weenie roast on Friday night, at Gellatly, on the lake shore. As soon as it became dusk they lit a huge bonfire and the crowd sat around and sang songs. About 9.30 everyone left for the Community Hall, where a very lively dance ended a successful evening. A total of \$21 was taken in but the expenses amounted to about \$10.

On Tuesday evening the T. T. O. Girls held a meeting at the home of the Misses Hoskins to decide on a dance for Friday week.

Mrs. C. E. Clark left on Friday for the Coast. She will meet her father, who is coming here from California for a visit.

Mr. Jack Prior has made great progress towards recovery during the past week, and it is hoped he will be able to return home shortly.

Mr. and Mrs. D. A. Currie and Archie have returned from the Coast by car, and were accompanied by their nephew.

On Tuesday evening the T. T. O. Girls held a meeting at the home of the Misses Hoskins to decide on a dance for Friday week.

Miss Bessie Prior left for Vernon on Saturday to spend a few days with her uncle.

POULTRY CONDITIONERS

(Experimental Farms Note)

At certain seasons of the year, particularly in the fall and winter, a great many poultry conditioners are upon the market for which quite often very extravagant claims are made. It is not uncommon to find even the better class of these condiment feeds advertised as capable of doubling egg production, a claim which, of course, is absurd. Since a large amount of money is spent annually in stimulants of this type, it seemed to be highly desirable to determine the actual value of these substances. With this object in view an experiment was conducted at the Poultry Division of the Central Experimental Farm.

The conditioner used was considered to be one of the better type and, judged by its ingredients, to have been more or less scientifically compounded. Upon analysis, the ingredients were found to be as stated with the exception that two ingredients making up 70 per cent of the total were not even mentioned, one of which contained the same stimulant as an ingredient definitely stated in the advertising matter not to be present in the mixture. This condiment was fed exactly according to the manufacturers' directions to two pens of birds, one upon a whole grain, skim-milk ration, and the other upon our

standard basal ration. Another pen acted as control and received the standard basal ration but without the condiment feed. Mortality was quite high in all pens but somewhat higher in the condiment fed pens. Production was slightly higher in the condiment fed pens but not significantly so. On the other hand the control pen had a greater body weight to maintain from the start and in spite of this showed a gain in body weight as against a similar loss in each of the condiment pens. The efficiency of use of feed was practically the same for all pens. The net result of this test was that it appeared that there was no justification for using this product to increase egg production since feed consumption, efficiency of use of feed and egg production, were not increased.

It must be borne in mind that the condiment used was one of the best on the market, consequently it might be expected that poorer results would be obtained from the bulk of such conditioners. The sale of these feeds is very large and it can be readily appreciated that such hard earned money goes to the purchase of such products with apparently no return whatever in increased efficiency of the flock. At the present time, when the margin between cost of production and returns from eggs is extremely small, the expenditure of money for products of this

type is hardly justified.

H. S. GUTTERIDGE, Central Experimental Farm, Ottawa.

At no other time in Canada has Fire Insurance protection been so vitally needed. No one can afford to be inadequately insured. Fire Insurance should, therefore, be maintained in these trying times—even in face of sacrifice.

Householders should check up on their insurance and see that they are fully insured, as fires are increasing alarmingly in numbers throughout the country and there may be some exposing hazard which the householder has overlooked.

FOREST FIRES BRING ABOUT LOSS OF WORK

Noted Canadian Labour Leader Sounds Note Of Warning

(By Tom Moore)

The present season is producing an unusual number of forest fires. To every one associated with Canadian labour such news is deplorable. Employment in thousands of Canadian communities depends upon the raw material that timber lands provide and to heedlessly deliver that raw material to flame and smoke is a set-back to such communities that half a century will not remedy.

Not many people cause fires deliberately. Almost ninety per cent are due to ignorance and carelessness. It is not too much to ask that every person using the woods for recreation or labour should recognize their individual responsibility to treat them as a trust fund for those who follow after.

I have been impressed by the way European countries husband their forest properties, regarding them as the foundation of future prosperity and jealously guarding them against all forms of waste. We need that sense of thrift in this Dominion, for its general application would make forest fires a rare occurrence.

That the weather may be growing wetter all the time is shown by statistics issued recently revealing that 4,212,000 umbrellas were made in this country last year, as against a mere 3,732,000 in 1924.

"I'd like to go to a funeral this afternoon, sir," said the office boy, who was under notice.

"Oh, you would, would you," the chief heartlessly replied. "Well, you won't."

"No, sir, I know I won't," the boy murmured resignedly. "But I would like to all the same."

Something tragic and appealing in the youthful voice led the chief to ask: "Whose funeral?"

"Yours, sir," said the boy.

EUROPE'S LATEST ROYAL ROMANCE

Prince Gustav Adolf, eldest son of the Swedish Crown Prince, is shown with his betrothed, Princess Sybille, elder daughter of Duke Charles Edward of Saxe-Coburg-Gotha, Germany. The photograph was taken at Gallenberg Castle, Coburg, Bavaria.

RUTLAND

Attendance at the annual school meeting numbered about twenty-five. The meeting was held in the school on Saturday evening last, with Trustee W. F. Schell in the chair.

Mr. R. T. Ritchie, Secretary of the School Board, was re-elected for a three year term by acclamation. Reports of the Trustees and of the Auditors were adopted without dissent. A lengthy discussion took place in regard to recent amendments to the School Act which enable the Trustees, with the consent of the ratepayers, to levy a tax for school purposes upon all residents over 21 years of age, not already contributing to the upkeep of the school. A resolution was moved authorizing the Board to levy the tax on parents of children attending the school. An amendment making it applicable to all persons over 21 was moved, and eventually passed by a decisive majority.

The estimates for the ensuing year showing expenditures of over \$8,000.00 were contemplated, but by using part of a \$1,100.00 surplus from last year the actual levy would be \$7,500.00. Substantial cuts had been made in all teachers salaries, but owing to increased enrollment the necessity arises of adding an eighth teacher. The basement room in the old school, used prior to the building of the new school, will be again fitted up to accommodate the extra class. The estimates were eventually passed, and the meeting adjourned at 10 p.m.

The Misses Donata and Dorothy Turner of Calgary, Alta., are renewing old acquaintances in the Rutland district, where they formerly resided. Mrs. Wm. McDonald gave a tea on Thursday afternoon last at her residence in their honour, to which many old friends were invited.

The Junior ball team defeated the Kelowna Boys' Club (Toc H. juniors) team here on Wednesday evening in the final game of the Junior League. By Rutland's victory the two teams are tied for first place and a game to decide first place will be played in Kelowna on Monday.

Leo Graf did the hurrying for the local team most of the game, while B. Boklage was the Kelowna pitcher.

The score by innings was as follows:
Toc H. Jrs. 5 0 0 0 2 0 = 7
Rutland Jrs. 0 1 3 3 6 0 x = 13
Umpires: A. Kitsch and T. Welder.

Rutland and Oyama senior teams played another tie game on Thursday evening (July 7th) when they battled for five innings to an eight-all score. The sixth inning was started, but was stopped on account of darkness making further play dangerous. Another game, the fifth of the series, will be played at Winfield on Thursday, July 14th, at 6 p.m., at which a decision one way or another will most likely be reached. The teams have proved evenly matched, the runs scored in the 4 games being Oyama 23, Rutland 22!

Howard Thornton being unable to stay longer in the district, the locals were without his services in this game. Paul Bach pitched the first inning, but was hit rather freely. Ernie Stafford replaced him in the second, having just arrived from Bear Creek. Ernie was also hit freely but pitched a good game, striking out five of the Oyama batters in the four innings pitched.

Wynne pitched four innings for Oyama, and was then yanked in favour of Pattullo. F. Kitsch hit the longest hit

ELLISON

PALESTINE RABBI
Rabbi Horwitz, from Palestine, regarded as the world's greatest rabbinical scholar, who is visiting Canada, says seizure of Jewish property in Germany is plain robbery.

ELLISON

Mrs. Rex Johnson returned last week to her home in Edmonton.

Last Saturday, the annual school meeting was held in the school, with rather a small attendance.

Mr. Scott, whose term of office as Trustee expired this year, was unanimously re-elected.

The question of installing electric light in the school was discussed. As it was found that this improvement could be made at reasonable cost and without placing any additional burden on the taxpayers, the meeting voted for having the school wired, if the Power Company supplies the poles.

Mrs. Graham and her elder daughter arrived last week from Vancouver to spend the summer with Mr. and Mrs. Muirhead.

Malcolm Brunette, of Kelowna, is visiting at the home of his sister, Mrs. Fraser Black.

of the game off Pattullo in the fifth, making three bases on the hit, scoring Holitzki to tie up the game. Errors on the infield were again much in evidence, both teams contributing many unearned runs.

The line up of the teams was as follows:

Rutland: Bach, p. r.f., A. Kitsch, 1b., F. Kitsch, c., R. Kitsch, 2b., McLeod, r.f., Leo Graf, 3b., Stafford, p., P. Graf, c.f., A. Holitzki, s.s. Sparer: W. Quigley, l.f., J. Holitzki, r.f.
Oyama: D. Young, l.f., McDonald, 2b., Crawford, c., Bowsher, r.f., G. Potheary, 3b., J. Potheary, s.s., Allingham, 1b., Pattullo, p., Wynne, p. Sparer: J. Young, c.f., Smith, r.f.

Score by innings:
Rutland: 2 1 2 2 1 = 8
Oyama: 2 3 0 3 0 = 8
Umpires: Cooney and Long.

The annual picnic of the Rutland Women's Institute has been postponed to Wednesday, July 20th. The old tourist camp in the Kelowna Park is to be the site, as previously arranged.

The Rutland Junior ball team defeated the Toc H Juniors for first place in the league when they won a close game at the Kelowna Park on Monday evening by 8 runs to 7.

Prosperity is now in sight, says an economist. So is Mars.

Song and Praise Service, 7.15 p.m. Wednesday Prayer Meeting, 8 p.m. All are cordially invited to attend.
Rev. C. P. Stewart, Pastor.

PENTECOSTAL MISSION
Sunday School, 10 a.m.; Praise Service, 11 a.m.; Evangelistic, 7.30 p.m. Subject: "God's Harvest Time."
Tuesday, 8 p.m., Prayer Service. Friday, 8 p.m., Bible Study.
A welcome awaits all.

GUILD OF HEALTH
Weekly Scripture Study for all interested in Spiritual Healing.
I. John 1: 1-wd. I. John 2: 23-end. II. Peter 1: 3-8. I. Peter 4: 8-14. I. Peter 3: 8-17. James 5: 13-16. James 1: 1-13.
The main object of our movement is to try to find out for ourselves, and to help others to find out, the true nature of God, and so to understand the ways in which He makes Himself known to us that we may be able most fruitfully to co-operate with Him, in His work for our own lives, and for the world.
We want to learn what it means that God is Love, so that we may learn to see God wherever Love is, and to know not only the happiness but the tremendous practical demand of this conviction.
We want to know Jesus as the truest expression of the Divine love and activity, and to learn how to separate out His teaching and His revelation of the Father from the mass of entanglements in which from the very beginning His teaching has been smothered and obscured.
We want to help people who are trying to be loyal to this religion of Jesus, and at the same time to be loyal to existing churches, so that they may avoid the dangers of too much or too little patience with the compromises which beset all ancient societies.
We want to create a fellowship between people who are feeling the stress of these difficulties, and who are lonely for lack of religious fellowship.
We do not want to attack any existing institution or to unsettle anyone who is already happy and contented, and does not feel that they are being

OKANAGAN COW-TESTING ASSOCIATION

Butter-Fat Results For The Month Of June

The cows in the following list of the Okanagan Cow-Testing Association's test results during the month of June are arranged in two classes: animals three years old and over, which gave not less than 50 lbs. of butter-fat during the month, and cows two years old, which gave not less than 40 lbs. The name of the cow is given first, then her breed, followed by the name and address of her owner, the total in pounds of milk yielded during the month, pounds of butter-fat produced, number of days since freshening, and total pounds of butter-fat produced, if period is in excess of one month.

Proud to show visitors our

spotless factories

YOU like to know that the foods you eat are made under sanitary conditions. That's why we are always delighted to have people see "where Kellogg's Corn Flakes are made."

We have thousands of visitors, every year, who take home with them a picture of sunlit kitchens, gleaming machinery, employes in fresh white uniforms... of cleanliness and care for quality. If you ever come to London, Ontario, we hope you'll stop and see us.

You'll know then why W. K. Kellogg makes this unconditional guarantee: "If you don't think Kellogg's the best and freshest corn flakes you ever tasted, return the empty red-and-green package and we will cheerfully refund your money."

Men who have little business are great talkers.

The PRINTED versus THE SPOKEN WORD

HOW LONG does what you HEAR remain in your memory unless it very keenly interests you?

And even at that, is your memory always reliable? Can you be sure of the details of a statement you have heard but have not seen in print?

FOR PUBLICITY, nothing beats the Printed Word

Perhaps you have read an advertisement only once, but you need not trust to your memory. You can take a clipping, or you can always get a copy of the medium in which the advertisement appeared, if you have mislaid it.

THERE are fifty-five regular weekly newspapers in British Columbia, which appeal to 145,000 of the province's population. The news in these papers is principally local, because that is what interests their readers, and the advertisements are chiefly the announcements of local merchants, not of mail order houses.

The buying power of the rural population of British Columbia served by the weekly newspapers of the province is conservatively estimated at \$6,000,000 yearly for things that are not necessary for the production of crops, besides a large amount for purchase and maintenance of necessary farm equipment and supplies.

Mr. Business Man

Get your share of this huge sum by advertising in a medium that finds its way into the majority of households in your community and is kept for reference from Thursday to Thursday.

ADVERTISE IN THE Kelowna Courier

Serving the community since the year 1904.

GIRL GUIDES CAMP AT CEDAR CREEK

(Continued from page 1) 9:00—Bed. 9:15—Silence. A day's menu was as follows: Breakfast—Corn flakes or puffed wheat; bacon; pancakes; bread and butter and jam; cocoa or milk. Dinner—Roast beef; carrots, peas and potatoes; rhubarb pie; bread and butter; tea and milk. Supper—Salad; strawberries and ice cream; bread and butter; cake; cocoa and tea. On Wednesday, the Guides hiked up Cedar Creek and back in the late afternoon. Thursday was visitors' day and parents laden with mysterious looking packages arrived in the afternoon and evening and were entertained by their daughters. On Friday a very interesting demonstration of life saving was given. P.L. Louise Owen was given the part of the drowning Guide and played it very well. Louise swam out to the row boat in which sat the life saver, nurse and quarter-master and against orders climbed in. She then dived into the water, and seemingly took a cramp. As she went down the second time the nurse and quarter-master dived in and rescued her. The life-saver rowed the boat to them and the unconscious girl was taken ashore with great speed. In the meantime the Guides on shore rushed for blankets and hot water bottles and had them ready and waiting. Louise was stretched out on the shore and the nurse performed artificial respiration. Gradually the Guide regained consciousness and was promptly put to bed until she was quite recovered. The act was so well done that all the Guides thought it was a real accident. That evening we hiked to Dixon's Flats and there learned how to cook roly-poly's on a stick over a bon-fire, also cheese dreams on a willow fork. On Saturday the officers assumed the role of visitors and were royally entertained by the Guides. In the evening the Commandant treated us to a wintic roast, which we all greatly appreciated. A concert was given by the patrols, the Daffodils being the most outstanding. A prize of a set of camp dishes offered by Lieut. Taylor and Mrs. Timaeus was presented to the best all round patrol at camp. This was won by Joan Jennens' patrol, the Nightingales. Peggy Blakeborough, of the Nightingale patrol, was awarded a prize, presented by Miss E. Elson, for the best all round Guide. A great deal of credit is due Mrs. Timaeus for the way she so ably managed the camp, and we felt very fortunate in having her for our Officer in Command. To those who gave their cars to convey the Guides to and from camp, to the gentleman who brought the camp equipment back to Kelowna, to those who donated food, etc., and to those who helped to make the camp such a success, we extend our grateful thanks and appreciation.

TENNIS

Club Tournament Completed Except For Two Handicap Events

Most of the finals in the annual tournament of the Kelowna Lawn Tennis Club were completed last Thursday afternoon. In the open events the Men's Singles Challenge Cup was won by W. J. Logie, who defeated A. M. Hodgins after a closely fought three set match, the score being 4-6, 6-1, 6-3. In the semi-finals Logie had defeated A. E. Hill and Hodgins had eliminated W. Metcalfe, last year's club champion. Miss J. Pease is again the lady club champion. Mrs. K. Tallyour unfortunately was obliged to default in the final round on account of an injured knee. In the semi-finals Miss Pease won from Miss M. Taylor and Mrs. Tallyour from Mrs. Gardner. The Men's Doubles Cup was won by Logie and Hill after a hard fought match with W. Metcalfe and R. H. Stubbs, the score being 9-7, 8-6, 6-1. The Ladies' Doubles final also went to three sets, Mrs. A. Davidson and Mrs. D. E. Oliver putting up a stiff resistance and very nearly winning from Mrs. R. A. Pease and Miss Pease, who eventually ran out winners with a score of 0-6, 6-4, 7-5. The Mixed Open final likewise proved a very close thing for A. E. Hill and Miss Pease, the winners, who just managed to prevail with a score of 8-6 and 7-5. The Handicap Ladies' Singles was won by Mrs. V. D. Lewis, Mrs. G. C. Oswell being runner-up. The Misses H. and B. Browne won the Handicap Ladies' Doubles, meeting Mrs. Lewis and Miss Pease in the final round. The Mixed Doubles Handicap winners proved to be Mrs. D. G. Stiel and R. H. Stubbs, Miss E. Willis and G. E. Greenland being runners up. The two handicap men's events have yet to be finished. The prizes and cups were presented to the winners by Mrs. F. W. Pridham, wife of the Club's president.

Ladies' Doubles Tournament It has been decided to hold the Ladies' Doubles tournament for the Annesley Cup, presented by Mrs. A. Davidson to the Kelowna Lawn Tennis Club, on Friday and Saturday, August 19th and 20th. This competition will be played on the Kelowna club courts and will be open to any team that may wish to enter. Southern Interior Tournament At Penticton The Southern Interior Tournament starts at Penticton today, but the Kelowna competitors will not start until tomorrow. WONDERFUL SPORT IN BEAVER LAKE DISTRICT Continued from page 4 ing camp at Squilax, considerable activity is reported. Mr. Yates, a visitor from Yakima, Wash., landed his limit, the largest weighing 6 pounds, on the Buck Tail fly. D. H. Smith, of Peachland, took five on the fly, averaging 9 pounds. Major Greave, of Vernon, and Major Lansdowne, of Kamloops, used the Buck Tail successfully to land fine baskets. Little River is an easy hour's drive by car from Salmon Arm.

FOOTBALL

Kelowna Plays No-Score Game With Province Bluebirds

On Thursday evening, July 7th, the touring Vancouver Province Bluebirds football team played an exhibition game with the local club, on the city grounds. The match ended in a scoreless draw. The local boys ran into a phase of the game new to valley football, that of substitutes. Although this is a recognized part of the game at the Coast, it has not been adopted in the Interior.

BASEBALL Oyama and Rutland Must Battle Again For Supremacy

The Central Okanagan League championship is as yet undecided, as after Oyama and Rutland have played four games, both are on even terms. The play-off calls for a best two out of three game series, but neither team were able to get the advantage. Rutland won the first game 3-2, the next game was a tie, 3-3, Oyama won the third, 10-8, and the fourth was a tie, 8-8. Darkness would not permit the playing off of the tied scores. However, it is hoped to have the winner decided this evening, when the two teams will hook up again on the Winfield diamond to decide who are going to be the champions of the League. The game is scheduled to commence at 6 p.m. Salmon Arm Leads Interior League The Interior League standing changed considerably last week, with the games played last Sunday between Revelstoke and Salmon Arm and Vernon and Kamloops. Salmon Arm entertained the league leading Revelstoke team and won in a hard ten-inning fixture 4-3, sending the Revelstoke team into third place, while the winners moved to the top of the heap. At the same time Vernon was taking an extra inning game from Kamloops on the former's home pasture, 8-7. Next Sunday Salmon Arm will be here to try and keep the leadership, but the local team say they are going to stop them from winning this game. This is the last schedule league game of the locals, though they have one game to be replayed with Vernon. Be on hand next Sunday afternoon at the Athletic Park and see a real snappy game. League Standing P. W. L. Pct. Salmon Arm 7 5 2 .714 Vernon 6 4 2 .666 Revelstoke 8 5 3 .625 Kelowna 6 2 4 .333 Kamloops 7 1 6 .143

THE RIFLE

Kennedy's Crew Likely Winners In Team Shoot Although Lead Is Reduced

The fourth team shoot and third D.C.R.A. individual aggregate began on Sunday morning on the Knox Mountain range under the most threatening weather conditions yet experienced this season. Lowering black clouds to the southward and whitecaps on the lake told of an approaching storm. Sharp gusts of wind proved disconcerting to the first two or three squads that fired at 200, but they were merely preliminary to a fierce squall which blew so hard that the riflemen could not keep their rifles steady under its force. It was accompanied by a drenching downpour of rain and, after two or three shots had been fired, the men on the firing point were called off and all took shelter in cars until the fury of the blast and spent itself in about twenty minutes time. When firing was resumed the wind had died away to nothing and the light was good, so that some good shooting was done to compensate for the shots wasted during the squall. C. Hawes and B. Chichester both put on fine scores of 32 at 300, each getting a string of four bulls in succession. No other marksman reached the 30 mark at this distance, but several would have had good scores if the squall had not spoiled their first few shots. P. Noonan, for instance, was one of the victims, his sighter and two shots on score being outers. On returning after the squall, he put on a fine string of four bulls and an inner. Fortunately, there was no repetition of the storm conditions during the remainder of the shoot, the only trouble at 500 being due to rapid transitions of light on the targets from near-bright to quite dark, according to the passage of heavy banks of cloud across the sky, which parted at times and allowed an odd faint glint of sunshine to pass. There was evidently a strong wind overhead and the clouds travelled at high speed, so that the changes of light were so swift that it was practically impossible to make allowance for them, and the riflemen consequently had considerable difficulty with elevation. In the circumstances Chichester's achievement of a possible, with an eighth bull for his sighter, was a notable performance, as in his case the light changed with practically every shot. His 32 at 200 gave him the fine aggregate of 67, the highest this season, and he was heartily congratulated upon his feat. Shooting with characteristic steadiness, Hawes put on 31 at the longer range. Others who reached or passed the coveted 30 mark included G. Rose, 31, W. Barnes, 30, and H. Kirk, 30. In the team shoot, Kennedy's men maintained their position of leadership, but by a considerably reduced majority, Haug's crew, largely through Chichester's marksmanship, having a surplus of 16 points over them on the day's shoot, a result which incidentally gave the latter second place, leaving Conway and Dave tied for third place, with a total of 1034 for their respective squads, and Dave Addy's men bringing up the rear. Kennedy's lead of 39 points over Conway at the conclusion of the third shoot has now been reduced to 25 over Haug, but even that figure looks like too heavy a handicap to overcome and the Captain's men shape as likely winners. The totals to date are as follows: Kennedy, 270, 266, 280, 262—1078; Haug, 261, 255, 259, 278—1053; Conway, 254, 257, 266, 257—1034; Rose, 251, 247, 260, 276—1034; Addy, 241, 247, 252, 232—972. Detailed scores (200, 500 and total): B. Chichester, 32, 35—67; W. Haug, 27, 28—55; D. McMillan, 26, 28—54; R. Haug (Capt.), 24, 29—53; D. McLennan, 23, 26—49. Total: 278. G. Rose (Capt.), 28, 31—59; H. Kirk, 27, 30—57; P. Noonan, 28, 27—55; A. Brunette, 27, 24—51; high-low average, 27, 27—54. Total: 276. W. Barnes, 26, 30—56; G. Kennedy (Capt.), 27, 29—56; J. Martin, 28, 23—51; R. Downing, 22, 28—50; E. Kirk, 25, 24—49. Total: 262. C. Hawes, 32, 31—63; J. Conway (Capt.), 26, 28—54; H. McCall, 24, 22—46; B. Hoy, 18, 25—43; high-low average, 25, 26—51. Total: 257. D. Addy (Capt.), 24, 25—49; G. Hammond, 23, 22—45; high-low average: 23, 23—46; 23, 23—46. Total: 232. Not squadded: R. Daniels, 25, 28—53; D. Sexsmith, 20, 17—37. D.C.R.A. Individual Aggregate Only one shoot remains to complete the D.C.R.A. individual aggregate, and it is almost certain that Charlie Hawes,

ROWING

Rowing Club Receives Gifts Of Three Boats

Through the efforts of Coach Billy Kennedy, the Rowing Club have received the gift of two lapstreak fours from the Vancouver Rowing Club, and these two boats are now housed in the new shell house of the association. Coach Kennedy intends to equip one of these fours with fixed seats, by which method he will be in a better position to teach beginners blade work and the full utilization of the leg drive and body swing which is so important in rowing. These fours will also be used by the young cadets, who will take to the water for the first time on Sunday. These young lads will be taught the principle of rowing and watermanship, but no strenuous rowing will be allowed. It has also fallen to the lot of Mr. Kennedy, through his initiative, to secure in addition to the fours a lapstreak single, which has been presented to the Kelowna Rowing Club by ex-Mayor C. J. Pendray, owner of the British America Paint Co. in Victoria. Mr. Pendray spent last Sunday in the city and being one of British Columbia's most noted paddlers of former years, he was most favourably impressed with the new quarters of the Rowing Club. It was pointed out to Mr. Pendray that the present equipment of the club did not include a single and he offered Coach Kennedy his own single, formerly used by himself to encourage sculling on Okanagan Lake. This boat will be named the "Bapco" and will ar-

rive in Kelowna within the next few days. The Directors of the Rowing Club are highly gratified by the gift of this additional equipment, which now increases the boats owned by the Aquatic and Rowing Club to six fours, two doubles and one single. In addition, the present equipment includes one double shell loaned by the Nelson Boat Club and a pair of coach boat loaned by the Vancouver Rowing Club. Why take life too seriously? You will never get out of it alive.

the popular secretary of the Association, will head it as he has done, by consistent shooting since the start. His Sunday aggregate of 63 was his best yet and greatly strengthened his position at the top of the contestants, giving him a lead of 12 points over his nearest competitor, George Kennedy, with Jack Conway one point behind the latter. Details: C. Hawes, 62, 60, 63—185; G. Kennedy, 57, 60, 56—173; J. Conway, 56, 62, 54—172; R. Haug, 57, 57, 53—167; H. Kirk, 54, 55, 57—166; B. Chichester, 60, 37, 67—164; G. Rose, 48, 56, 59—163; J. Martin, 54, 57, 51—162; W. Barnes, 53, 52, 56—161; P. Noonan, 51, 54, 55—160; D. McMillan, 49, 54—155; D. Addy, 55, 50, 49—154; D. McLennan, 43, 54, 49—146; E. Kirk, 39, 56, 49—144; W. Haug, 42, 44, 55—141; H. McCall, 42, 47, 46—135; G. Hammond, 40, 44, 45—129; R. Downing, 44, 31, 50—125. A number of scores are incomplete, owing to absence from one or more of the shoots.

SOFTBALL

Glenmore Wins Championship

The local softball season came to a close on Tuesday evening when Glenmore won the League championship. The country lads had a bye into the finals and the Cathownians were successful in the semi-finals. These two teams met in the best two out of three game series for the championship, which resulted in a win for the Glenmore boys in two straight games. The first was played last Friday and resulted in a 12-5 score, but the second game, which was played on Tuesday, was a real thriller from start to finish, and it took an extra inning to decide the winners. The score was even all through the nine innings, but in the tenth Glenmore were able to push one man across the plate to win the game and the championship 8-7. The season has been a very good one, most of the games being hard fought and the play-off games were all very close and exciting. Congratulations are in order to the winning team and also to the executive, who have worked very hard to make it a successful and enjoyable season. Coast Team To Play Here Tomorrow Word was received last evening by wire that the Stephensons' All-Star team from New Westminster would be here to play an exhibition game on Friday (tomorrow) evening, at the Athletic Park. This is good news, as it is the first time the locals have had a chance to test their strength with a Coast team, also it will be the first opportunity for the public who have had to see the Coast boys perform. An all-star aggregation will be selected from the local league to play this snappy team. There is a possibility of the team staying over the week-end, and, if this is done, another game will be arranged for the Sunday. It is hoped that a good number of supporters and fans will be on hand to see a Coast team for the first time. The game is called at 7:30 p.m. sharp, tomorrow night.
