

BERNARD AVENUE TO DON GREEN HOLIDAY GARB

City Council Will Place Christmas Trees On Street At Request Of Merchants' Association

All the members of the City Council were in attendance at the regular fortnightly session on Monday night. Grand Forks Wants Information On Power Rates

Mr. F. A. McDiarmid, solicitor, Vancouver, who is acting for the City of Grand Forks in its dispute with the West Kootenay Power Company in regard to electric power rates, was in Kelowna for a conference with the City of Kelowna and the Company.

Street Lights And Decorations

A letter from Mr. A. Fraser, Secretary of the Kelowna Retail Merchants' Association, conveyed requests from that body that the present strings of lights at the intersection of streets be doubled, the strings to be slung diagonally with a large light in the centre, and that two Christmas trees be placed on Bernard Avenue at suitable points, the trees to be furnished by the Association, if necessary.

Ald. Morrison, chairman of the Water and Light Committee, expressed the opinion that the streets were well lighted under the present system. He would not deny that it would be nice to have still more brilliant illumination, but the use of current for such purpose must be kept within reason, and it should be remembered that any extra consumption would simply go to the debit of line loss, which was not fair to the efficiency of the system.

Larger Water Supply For Cemetery

Mr. W. R. Trench, President of the Kelowna Board of Trade, urged the desirability of an adequate supply of water to the cemetery.

Sanitation Trouble At Public School Rectified

The Council were pleased to learn from Ald. Rattenbury that he had been informed by Trustee Chapman that the trouble with the sanitation of the Public School had been remedied.

By-Laws

By-Law No. 474, leasing foreshore constituting a portion of District Lot 4083 to Mr. A. J. Jones at a rental of \$10 per month, was given reconsideration.

Milk To Be Pasteurized

With reference to By-Law No. 477, the Milk Vendors' By-Law, which had received very careful consideration in committee and now was introduced for reading, Ald. Shepherd, as chairman of the Health Committee, explained that, according to recent provincial legislation, any milk not graded "A" must be pasteurized, and it was necessary to incorporate this requirement in the By-Law so as to bring it in line with the provincial statute.

Action To Set Aside Tax Sale

A special session of the County Court of Yale was held here on Wednesday, November 30th, by Judge Swanson, for the purpose of an action brought by the Sumnerland Development Co., Ltd., against the Municipality of Sumnerland. The action was remitted to the local court by consent from the Supreme Court.

MOTOR ACCIDENT ON BERNARD AVENUE

Pedestrian Is Struck By Car And Sustains Fractured Skull

A serious accident occurred on Friday at 7:50 p.m., at the intersection of Bernard Avenue and Pendozi Street, whereby Mr. J. W. Lane, of Richter Street, sustained severe injury. As Mr. Lane was crossing from the store of Messrs. Holmes & Gordon to the opposite corner of Bernard Avenue, the light delivery truck of The Lock Grocery Co., Ltd., driven by Orville Curtis, struck him and he was knocked down and sustained fractures at the base of his skull.

Orville Curtis was charged before Mr. E. M. Carruthers, J.P., in the City Police Court on Tuesday, Magistrate Weddell being indisposed, with having driven to the common danger and, in the opinion of the City Police, the case was adjourned for a week.

Control Of Mission Creek

Ald. Morrison suggested that the Council should take some action with regard to the danger that might arise from Mission Creek next spring, from the condition of its channel and the unduly heavy precipitation.

The Winnipeg Convention

The arrangements at the Winnipeg convention, Mr. Burne stated, were all excellent. All delegates on arrival at that city were met at the train on their arrival and driven at once to their hotels and all subsequent arrangements were alike good, the organization having been perfect. Some 1,800 delegates and alternates had attended the convention to which the general public had also been admitted.

Two New Cases Of Infantile Paralysis

For the Health Committee, Ald. Shepherd reported the development of two cases of infantile paralysis in the Shuch household, a Russian family, residing on Wilson Avenue, who had arrived in Kelowna five weeks ago from Fernie. The patients were two boys, Roy, aged seven, and Sebastian, aged nine, and the disease being fortunately of mild type, they were already making good progress towards recovery.

Surplus Water From Glenmore Flooding City

Ald. Meikle drew attention to the great quantity of surplus water from Glenmore which was entering the north end of the city and was causing much annoyance and discomfort. He estimated the volume so entering as at least equal to half the present flow of Mill Creek.

Mr. Grote Stirling, M.P.

Mr. Grote Stirling, M.P., was the next speaker and he was warmly greeted by the audience. After extending a welcome to Hon. Dr. Tolmie, he remarked that, as Mr. Burne had given an account of the proceedings at the Winnipeg convention, he would not speak at length except to emphasize certain points in that gentleman's speech.

POTENTIAL WEALTH OF BRITISH COLUMBIA

Mr. J. E. Reekie speaks to Gyro Club on Subject In Optimistic Vein

At the regular fortnightly dinner of the Gyro Club of Kelowna, held on Tuesday evening at the Lakeview Hotel, Mr. J. E. Reekie gave an interesting and informative address on the potential wealth of British Columbia.

CONSERVATIVES ADDRESSED BY NEW LEADER

Hon. S. F. Tolmie Meets Enthusiastic Reception At Large Rally Of Local Supporters

Approximately two hundred and fifty people were present at the Conservative rally held on Tuesday evening at the Morrison Hall, when addresses were delivered by Hon. S. F. Tolmie, M.P., Provincial Leader, Mr. Grote Stirling, M.P., Mr. J. W. Jones, M.L.A., and Mr. J. F. Burne, retiring President of the Kelowna and District Conservative Association.

MARKETING ACT TO BE FULLY ENFORCED

Government Will Support Committee Of Direction To Highest Court Of Jurisdiction

ASHCROFT, Dec. 8.—Defiance of the Produce Marketing Act is likely to spread throughout the district within the next few days, following a public declaration by W. H. Hammond, of Ashcroft, at a Board of Trade meeting in Kamloops on Tuesday, which he followed up on Wednesday night by shipping a carload of potatoes to Vancouver.

Imported Professional Curers

Some fifty people, most of whom were local tobacco growers, were present at the meeting of the British Columbia Tobacco Growers' Association which was held at the Board of Trade Hall on Friday evening, and at which Mr. A. J. Mann, Assistant Superintendent-Station, gave an interesting account of his trip to the tobacco-producing sections of Ontario.

KELOWNA SCORES GREAT TRIUMPH AT WINTER FAIR

Exhibit Captures First In District Exhibits And Many Prizes For Boxes And Plates

Conveyed in wires to Mr. E. W. Barton, Secretary of the Kelowna Board of Trade, and to Mr. Alex. Kennedy, of East Kelowna, from Messrs. A. K. Loyd and C. Tucker, and in dispatches to The Courier, the news arrived this morning of a great triumph scored at the Winter Fair in Vancouver by the fruit collected and exhibited by the latter gentlemen.

ANGLICANS SEEK TO PAY OFF CHURCH DEBT

Proceeds Of Forthcoming Bazaar To Be Applied To Objective

A special effort is being made by the various organizations connected with St. Michael and All Angels' Church to raise a sufficient fund to enable the paying off of the balance of the mortgage on the church and, with that objective in view, they are making preparations to stage a first-class Christmas bazaar in the Morrison Hall next Friday evening and Saturday afternoon and evening.

PERENNIAL CLIMBING PLANTS

Many kinds of perennial climbing plants may be used to improve the appearance of houses. A vine will often break the monotony of a straight wall, and verandas, summer houses, fences, rocks and old stumps of trees may be made things of beauty with a few judiciously placed climbing plants. For many years a large number of kinds of these plants have been under test at the Central Experimental Farm and a descriptive list of them is contained in a new bulletin on "Ornamental Trees, Shrubs, and Woody Climbers" distributed by the Publications Branch, Department of Agriculture, Ottawa. The bulletin describes many good, hardy native climbers that may be obtained with little expense. It is point-

ed out that, though these climbers usually make rapid growth when once established, it is better to thoroughly prepare the soil before planting. Since the soil about buildings is generally poor, it is advisable to replace it with a good loamy soil mixed with well-rotted manure.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer"

Orders for week ending December 15th, 1927:

Duties: Orderly Patrol for week, Foxes' next for duty, Beavers.

Rallies: The Troop will rally at the Scout Hall on Monday next, the 12th inst., at 7.15 p.m., and the regular basketball practices will be held on the Friday previous, commencing at 4 p.m. There will be a business session of the Court of Honour on Friday, the 9th inst., at 7.15 p.m.

The results of the two last Inter-Patrol basketball matches were that the Otters beat the Wolves and the Owls beat the Cougars. On Friday, the 9th inst., at 8 o'clock, the Foxes play the Lynx, and on Monday next, the 12th inst., the Beavers play the Otters. As it will be impossible to complete the first half of the schedule by Christmas by playing two games a week, we shall have to have several matches during the Christmas holidays.

Recruits continue to trickle in. At the present time we have five over our regular strength of seven Scouts to a Patrol. We shall probably, therefore, take in two more recruits to form a fourth patrol.

Recent tests passed have been the Second Class Fire Lighting and Cooking, by Ian MacFarlane, on November 23rd, and by Acting Second D. Reed and Scout R. Longley, on the 3rd inst.; Tenderfoot, by Recruit (Cub) R. Roth and Second Class Signalling, by Scout S. Mepham, on the 5th inst.

Only one Scout in the Troop expressed his desire to take up Mr. Dickinson's course of public speaking, so of course we shall not be able to ask him to come to Kelowna. We think that this is rather unfortunate because we feel it is hard to over-estimate the value and benefit of the course. If there are any boys or young men not connected with the Troop who might like to take the course in Kelowna, possibly Mr. Dickinson could be secured, but there would have to be at least twelve.

The D.C. and A.D.C. had the pleasure of attending the rally of the 1st Rutland Troop on Friday evening last, followed by the annual meeting of the Rutland Association. Scoutmaster Gray has no A.S.M. at the present time, but Mr. Clay, of the Public School, is assisting him with the athletic activities of the Troop and Troop Leader Campbell is carrying on the duties of A.S.M. The rally was very well conducted in a snappy and efficient manner, and it was nice to see the manner in which the Troop came to the alert. Two new recruits to the Troop are P.L. McIvor and his brother Second Melvor, of the 36th Belfast Troop, who are acquainted with District Commissioner Harry Keown, brother of our late Assistant Scoutmaster.

WOLF CUB NOTES

1st Kelowna Pack

Parade on Wednesday evening at 7. The following sixers have been appointed: Senior Sixers, Harry Holes; Blacks, Geo. McKay; Browns, Malcolm Chapin; Greys, Bob Weatherill; Tawnys, Jack Butt.

The following have "passed up" to the Scouts from the Pack, and we wish them every success with the "big brothers"! David Campbell, Raymond Roth, William Cross, Stuart Robinson, Donald Fisher (all sixers), also Sam Pharey, Jim Treadgold, Harry Lawson. These leave the ranks of the Cubs with the highest recommendation of their Cubmaster.

At the first full parade of the 1st Kelowna Pack the memory of their late brother Cub, Ian Galbraith, was respected by a minute's silence with bowed heads and the Cub Salute. The Cubmaster spoke feelings of the high moral and sporting character of the brother who is now on Higher Service, and urged the Cubs to follow his beautiful and affectionate disposition. He also spoke of the loss sustained by the Scouts in the passing to Higher Service of his old Cub and chorister, Scout Fred Fleck, another lad of an equally fine disposition.

Okanagan Mission Pack and Scout Patrol Meet on Friday, December 16th, after school.

East Kelowna Pack and Scout Patrol Meet on Wednesday, December 14th, after school.

C. E. DAVIS, Cubmaster.

A firm of Vancouver pottery manufacturers has acquired the valuable deposits of pottery clay situated nine miles north of Quesnel. The deposits are stated to be the largest of their kind in the British Empire.

FARM PROPERTY

For Sale or Rent

Tenders will be received by the undersigned up to and inclusive of Tuesday, the 10th day of January, A.D. 1928, for the purchase or rental of the following described valuable farm property, viz., Lots 5, 6, 7 and 8, Block 3, Map 890, Glenmore Municipality, comprising 42.7 acres.

This property is nicely located within three miles of Kelowna, on a main road.

The soil is of a rich clay, highly adapted to potato farming, all well fenced and under cultivation.

Erected on the premises are a frame dwelling, stable, poultry house and other buildings.

Terms of sale: 20% cash, with balance spread over a term of years not exceeding 15, in manner to suit the purchaser, with interest at 7% per annum.

For further particulars apply to: Mr. Ben Hoy, Horticulturist, Asst. Dist. Horticulturist, Kelowna, B.C. Or to: Land Settlement Board, Parliament Building, Victoria, B.C. Victoria, B.C., Dec. 3rd, 1927. 17-3c.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending Dec. 17th:

The Troop will parade in the Community Hall on Friday, at 7.30 p.m., sharp. Duty Patrol: Beavers. There will be a basketball game before the meeting, between the Seals and Kangaroos.

As mentioned in last week's notes, the meeting on Friday last was open to the public. A number of parents and others interested availed themselves of the opportunity to see the Troop in action. The only absentee from parade was P.L. Greville Harrison, who was still at the Coast, where he had been attending the Patrol Leaders' conference. The programme consisted of a physical drill and a game under Mr. E. Clay; Tenderfoot work in corners, with special attention to the "Flag"; games period; signalling and first aid classes; splicing practice in corners under P.L.'s, and presentation of badges.

District Commissioner E. C. Weddell and Assistant D.C. Motley both favoured the troop with their presence at the meeting, the former presenting the badges and giving a short address upon the history of the Scout movement. Mr. Motley also briefly spoke on Scouting matters. The following were the badges and the recipients:

1st Class badge and all round cords: Second Kenneth Bond, Lawrie, P.L. Missioner: P.L. James Claxton and Second K. Bond.

Swimmer: Second W. Marr and Scout W. Sexsmith.

Ambulance: Second K. Bond. Pioneer: Second K. Bond.

Camp Cook: Scout Tony Harrison. Service Stars: P.L. J. Claxton and T. L. Campbell.

Tenderfoot: J. Sutherland. Refreshments were served at the close to Scouts and spectators, after which the Local Association conducted their annual meeting, the duty patrol remaining to wash dishes and clean up.

The Troop has lost the services of P.L. Fred Blankarn, who left on Thursday last for the Cariboo district. Fred was one of the oldest members of the Troop in point of service, having been a member since its inception in 1920. We all wish him the best of luck and "good camping." The latter has special significance in view of the fact that he is making the trip by road and will camp out en route. A. W. GRAY, Scoutmaster.

GIRL GUIDE NOTES

Orderly Patrol for Tuesday, December 13th, Shamrock Patrol. At the meeting Tuesday night, after the usual routine, the Guides settled down to work, painting, hammering, making spare parts for animals, dressing dolls, etc., and a great deal was accomplished.

The following Guide tests were passed: Second Class Guide: Lavers, Phyllis Motley; Tenderfoot: Promiss, Ruby Hansen and Lillian Robinson; Signs and Salute, Constance Willis.

As all the Guide energy is concentrated on the work of repairing toys for the Toy Shop (under the Central Relief Fund) there is no news. Will all Guides next week on time, bring their monthly subscription, and also scissors, needle and thread?

RE ESTATE OF WILLIAM HENRY WILLS, DECEASED

NOTICE IS HEREBY GIVEN that all persons having claims against the Estate of William Henry Wills, late of the City of Kelowna, in the Province of British Columbia, who died on or about the 5th day of May, A.D. 1927, and Letters Probate for whose Estate were granted to Sarah Donald Treadgold and Jesse Willard Hughes, on the 4th day of November, A.D. 1927, are required to deliver or send by prepaid post full particulars of their claims duly verified to the undersigned Solicitor for the Executors of the said William Henry Wills, Deceased, at Kelowna, in the Province of British Columbia, on or before the 27th day of December, 1927.

AND TAKE NOTICE that after the last mentioned date the Executors will proceed to distribute the assets of the Deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice.

DATED at Kelowna, B.C., this 14th day of November, A.D. 1927.

R. G. RITCHIE, Solicitor for the Executors, Sarah Donald Treadgold and Jesse Willard Hughes, Kelowna, B.C. 14-5c

ORCHARD PROPERTY

For Sale

Tenders will be received by the undersigned up to and inclusive of Saturday, the 31st day of December, A.D. 1927, for the purchase of the following described orchard property, viz., Lots 5 and 6, Block 1, Map 896, Glenmore Municipality, comprising 20.3 acres.

This is one of the best orchards in the Okanagan Valley and is nicely located within three miles of the town of Kelowna. Approximately fourteen (14) acres are planted with healthy full-bearing trees.

A good dwelling house and several other buildings are erected on the premises.

Terms: 20 per cent cash, with balance spread over a term of years, not exceeding 15, in manner to suit the purchaser, with interest at 7 1/2 per cent per annum.

For further particulars apply to: Mr. Ben Hoy, Assistant District Horticulturist, Kelowna, B.C.

Or to: Land Settlement Board, Parliament Buildings, Victoria, B.C. Victoria, B.C., November 25th, 1927. 16-3c.

OKANAGAN COW-TESTING ASSOCIATION

Butter-Fat Results For The Month Of November

The cows in the following list of the Okanagan Cow-Testing Association's test results during the month of November are arranged in two classes: animals over three years old, which gave not less than 50 lbs. of butter-fat during the month, and cows two and three years old, which gave not less than 40 lbs. The name of the cow is given first, then number of days since freshening, breed, lbs. of milk, lbs. of butter-fat, and name of owner.

- Over Three Years, 50 lbs.
- 1. May, 150, Holstein, 1,944, 81.0; Duggan Bros., Winfield.

HURLBUT
Shoes for Children

Protect the Growing Foot

Trained salespeople will fit the child with a pair of these comfortable, long wearing shoes. Shaped to allow the foot ample room to grow, they have a cushion inner sole to protect the tender foot. And since they have been known to outlast two ordinary pairs of shoes, "Hurlbut" prove most economical in the long run. 12

THE UNITED CHURCH OF CANADA

8.00 to 9.00 p.m.—National Broadcasting Company.
"The Vagabonds." The wandering minstrels will transport their radio audience to the Rio Grande in Texas, and the hour will be introduced by what was probably the first music heard in the great Empire of the Southwest, an Indian chant, with tom-toms beating and war cries resounding.
Davy Crockett, that valiant hero of the frontier days, also will be there. Many scenes of the stirring days in the Texan fight for independence and others of later years when the Lone Star State cast its lot with the Confederacy will be recalled. As the hour draws its close, the clouds of many wars will be forgotten. The Vagabonds will enjoy prosperity and peace, and from the dance hall of Marfa to the quaint old cafes of Brownsville there will be only gladness along the Rio Grande.
10.00 to 11.00 p.m.—Frank Ellis and his Hotel St. Francis Dance Orchestra, San Francisco.
Intermission numbers by Ed. Fitzpatrick, violinist, and Rose Lind, popular singer.

Monday, December 12

8.00 to 9.00 p.m.—National Broadcasting Company.
"The Spotlight Hour" Programme: Orchestra, March, "The Ancestral" (Victor Herbert); Soprano Solo, by Eileen Piggott, "Siren Song," from "Leave It to Jane" (J. Kern); Tenor Solo, by Gwynn Jones, "Maxims," from "The Merry Widow" (Lehar); Orchestra and Ensemble, Selections from "Maytime" (Rombert); (a) "It's a Windy Day on the Battery," (b) "Jump, Jim Crow," (c) "Will You Remember" Orchestra, "Hallelujah," from "Hit the Deck" (Youmans); Tenor Solo, by William Rainey, "The Three Trees," from "Spring Maid"; Soprano and Tenor Duet, by Eileen Piggott and Gwynn Jones, "Mountain Greenery" from "Garrick Gaieties" (Rodgers); Soprano Solo, by Eileen Piggott, "Rhoda in Her Pagoda," from "Sam Toy" (Jones); Tenor Solo and Ensemble, by William Rainey, "Your Land and My Land," from "My Maryland" (Rombert).
9.00 to 9.20 p.m.—"Chats About New Books."—Joseph Henry Jackson.
9.20 to 10.20 p.m.—"The Pilgrims."

Tuesday, December 13

8.00 to 8.30 p.m.—"Cathedral Echoes."
8.30 to 9.00 p.m.—Bridge Lessons.
9.00 to 10.00 p.m.—National Broadcasting Company.
"Eveready Hour." The nature of the programme is to be decided by the vote of the radio audience. Two programmes have been prepared, the first for the original popular jazz and novelty Eveready Orchestra with saxophones, muted brasses and banjos, playing revised versions of classics, semi-classics and popular music. The second programme features a standard concert orchestra such as has been heard for the last two weeks, playing the classics and noted concert selections. If the vote indicates a preference for the modern jazz and light concert favourites, the programme of that nature will be rendered, otherwise the following conventional concert programme will be given: Orchestra, "Invitation to the Waltz" (Weber); Orchestra, "Fairy Tales" (Komsak); The Rounders, "Gaucho Moon Song" (Turner); Duet for Horns, with orchestra, Serenade (Schubert); Orchestra, "Siamese Patrol" (Lincke); Rounders and Violin, "To a Wild Rose" (MacDowell); Orchestra, "Slavische Rhapsodie" (Friedman); Orchestra, "L'Amour de Papillon" (Hannenberg); Rounders, "I'll Always Remember You"; Flute and Horns, with Orchestra, Serenade (Titl); Strings, Air for G String (Bach); Rounders, "Carlotta" (Whitling); Orchestra, "Tarantella Napoli" (Mezzacapo); Orchestra, March, "Coronation" (Meyerbeer).
10.00 to 11.00 p.m.—"Retold Tales." The story to be presented will be "Little Speck of Garnered Fruit," by O. Henry. The following musical programme will be given: Orchestra, Overture, "Robespierre" (Litoff); Soprano Solo, by Elfrida Wynne, "A Spirit Flower" (Campbell-Tipton); Orchestra, "Blue Bells" (Zamecnick); Orchestra, "In Poppy Land" (Albers); Soprano Solo, by Elfrida Wynne, "Rose in the Bud" (Forster); Orchestra, "Musical Snuff Box" (Nikolaiewsky); Orchestra, Serenade (Czerwonky).

Wednesday, December 14

8.00 to 9.00 p.m.—Vaudeville.
9.00 to 10.00 p.m.—National Broadcasting Company.
"The Vagabonds." The wandering minstrels will transport their radio audience to the Rio Grande in Texas, and the hour will be introduced by what was probably the first music heard in the great Empire of the Southwest, an Indian chant, with tom-toms beating and war cries resounding.
Davy Crockett, that valiant hero of the frontier days, also will be there. Many scenes of the stirring days in the Texan fight for independence and others of later years when the Lone Star State cast its lot with the Confederacy will be recalled. As the hour draws its close, the clouds of many wars will be forgotten. The Vagabonds will enjoy prosperity and peace, and from the dance hall of Marfa to the quaint old cafes of Brownsville there will be only gladness along the Rio Grande.
10.00 to 11.00 p.m.—Frank Ellis and his Hotel St. Francis Dance Orchestra, San Francisco.
Intermission numbers by Ed. Fitzpatrick, violinist, and Rose Lind, popular singer.

Thursday, December 15

8.00 to 9.00 p.m.—National Broadcasting Company.
Programme of negro music, featuring Henry Starr and his Musical Comets and the Silverstone Ladies Quartette. Negro spirituals, jubilee songs and negro jazz and dance tunes will fill out the hour.
9.00 to 10.00 p.m.—National Broadcasting Company.
Miscellaneous musical programme.
10.00 to 11.00 p.m.—Frank Ellis and his Hotel St. Francis Dance Orchestra, San Francisco.

Friday, December 16

8.00 to 9.00 p.m.—Western Artist Series concert, with Parisian Quintette and Edward Randall, baritone.
9.00 to 10.00 p.m.—National Broadcasting Company.
"An Hour in Memory Lane." The programme, which is as follows, strikes the home note with ballads, songs and orchestral selections woven about wholesome, family sentiment: Orchestra, "Home, Sweet Home Around the World"; Tenor Solo, "When the Sunlight Turns the Ocean's Blue to Gold"; Tenor and Soprano, "O, That We Two Were Mating"; Orchestra, "Barn Dance"; Orchestra, "Memories of Home and Mother"; Tenor and Bass, "The Low-Backed Car"; Violin Solo, "Swing Low, Sweet Chariot"; Contralto Solo, "Rock Me to Sleep, Mother"; Orchestra, "When Honey Sings an Old Time Song"; Bass Solo, "Rock Me to Sleep"; Soprano Solo, "Dreaming Alone in the Twilight"; Orchestra, "When the Gold Is Tinged With Silver"; Quartette, "A Jolly Good Laugh"; Quartette and Orchestra, Medley of Song Hits.
10.00 to 11.00 p.m.—Girvin-Beal's

RUTLAND

Messrs. Robt. Cumming and Fred Blenkarn started on Thursday morning on a long trek of 410 miles which will take them to the homestead of the former, 24 miles north of Quesnel. The trip, which will take over two weeks, is being undertaken by wagon.

Despite the wet day, the Anglican Guild Jubilee sale at the Community Hall, Thursday afternoon, was very successful, most of the many articles offered for sale being disposed of in the two hours during which it was held.

Mr. and Mrs. A. Good and family left on Wednesday for Sandwith, Sask., which is 35 miles north of North Battleford, where they will reside in future.

The Rutland Boy Scouts Association held their annual meeting in the Community Hall on Friday evening. As in former years, the meeting was preceded by the usual Troop display and did not start until 9.45. It seems a pity that this was so and we would suggest that an earlier hour for starting be inaugurated in future, as, with the amount of business to be gone through, it is usually very late before the meeting is over.

The troop's activities were witnessed by a goodly number of spectators, a change from the usual programme being made in the form of a basketball game by the Scouts. At the conclusion of the display, the Scouts were lined up, and badges were presented by District Commissioner E. C. Weddell, who gave an interesting account of the Boy Scout movement and explained the system. He was followed by Assistant Commissioner Motley, who gave a short address on the value of the training received by the boys.

After refreshments had been served by the Scouts, the hall was cleared for the meeting over which Mr. T. M. Anderson presided. The report of the Secretary, Mr. W. Gay, showed a revenue of \$94.56 and expenditure of \$69.82, with a balance in the bank of \$27.04. The expenditure included travelling and other expenses of Scoutmaster A. W. Gray to the Scoutmasters' Conference at Vancouver and of Patrol Leader Greville Harrison to the Scoutmasters' Conference at New Westminster.

Scoutmaster Gray spoke of the activities of the Troop, which had been handicapped by the two epidemics. Thirty-four meetings had been held with an average attendance of twelve. The present strength of the Troop was 12.

(Continued on Page 7)

Hotel Oakland Dance Orchestra.

Saturday, December 17

8.00 to 9.00 p.m.—National Broadcasting Company.
"R.C.A. Radiotron Hour." Programme: Orchestra, "Dancing Tambourine"; Contralto Solos, by Margaret O'Dea, "For You Alone"; Orchestra, "Ocean Breezes" (Victor Herbert); Soprano Solo, by Barbara Blanchard, "The Glow Worm"; Orchestra, "Danse Arabe," from "Scheherazade"; Tenor Solo, by Wm. Rainey, "I Love You Truly"; Orchestra, "Diane"; Contralto Solo, by Margaret O'Dea, "A Bowl of Roses"; Orchestra, "Woodland Whispers" (V. Blon); Soprano Solo, by Barbara Blanchard, "The Bubble," from "High Jinks"; Orchestra, "In a Little White House"; Orchestra, "Where Is My Meyer?"
9.00 to 10.00 p.m.—National Broadcasting Company.
"Philo Hour." Programme as published last week for December 10th.
10.00 to 12.00 p.m.—National Broadcasting Company.
A new feature will be presented in the form of continuous musical variety for two hours, from 10 o'clock, until midnight, furnished by a twelve-piece band and groups of vocal contributions by super-soloists. In addition, specialty acts, humorous and vocal, will be given after each group of three dances. Entertainers for this period include Frank Gage, popular pianologist, Jean Paul King, baritone, and Ray Rossi and Ross Peterson, xylophone and accordion duo. Among the numbers to be heard on the inaugural programme will be many recent dance hits and popular ballads, including "My Blue Heaven," "Dancing Tambourine," "Funny Tune," "Just a Memory," "Barbara," "My New York," "Dawning," "Somebody Lied About Me," "Go Home and Tell Your Mother" and selections from "Edith Kay." This programme replaces the revue hour and popular artists will offer in novelty acts and sketches.

23 YEARS OF PUBLIC PREFERENCE

December 12th, Esdras, chapter 6, vs. 1-7.
December 13th, Psalms 104.
December 14th, St. John, chapter 1, vs. 1-5.
December 15th, Revelations, chapter 21, vs. 1-5.
God, in the beginning of Time, formed the material universe and gave to all creatures throughout the world life and freedom according to their kinds.
He did this through his Son, who, as God in Manifestation, reveals the Father's Nature, both in the visible universe and as the Incarnate Saviour.
The laws of the material world, which we find continually working, are his normal laws of government, and to them we must submit, while we search for Higher and Spiritual Laws of Faith and Power, which should be sovereign over the laws of matter.
That which God once called into being He continually conserves, and develops towards an Ideal known to Himself, a New Heaven and a New Earth in which all shall work in harmony with His Will.

10.30 a.m. Evening Service at 7.30 p.m. Subject: "Working with God."
Pastor: Mr. G. Thornber.

CONSERVATIVES ADDRESSED BY NEW LEADER
(Continued from Page 1)

soon came to an understanding on the Oriental question and adopted a policy in keeping with western ideals. In more ways than one the convention had been a thorough success. He, the speaker, had gone to Winnipeg as a supporter of Hon. Hugh Guthrie for the leadership, but after considering matters from all angles he had come to the conclusion that Mr. Bennett was the right man for the position, he being a western man of great business ability, a jurist whose legal opinions were quoted as an authority even in the United States, and a man who was born in Canada, had lived in Canada and who would spend the remainder of his life in Canada. He would give Mr. Bennett his whole-hearted support. (Applause.)
At the conclusion of Mr. Stirling's address, the chairman called on Mr. T. G. Norris, Secretary of the Association, to read the minutes of the previous general meeting of the organization, and, on this being done, they were adopted nem. con.

Election of Officers
Mr. Burne next explained matters connected with the Association's organization, after which the following officers were elected for the coming year: Hon. President, Hon. R. J. Burne; Vice-President, Mr. R. F. Morrison; 1st Vice-President, Mr. H. C. S. Collett; 2nd Vice-President, Miss McIntyre; Secretary, Mr. T. G. Norris; Treasurer, Mr. D. K. Gordon. The election in each case was by unanimous vote. The following delegates were then chosen to represent the Kelowna organization at meetings of the South Okanagan Conservative Association: Drs. B. F. Boyce and J. E. Wright and Messrs. D. Lloyd-Jones, G. A. Mackay, E. M. Carruthers, H. B. D. Lysons, E. C. Weddell, F. M. Buckland, C. E. Campbell, D. Ennis, T. Pitt, J. C. Taylor, F. L. Mitchell, J. V. Ablett, J. A. Shier and W. Crawford.

Mr. J. W. Jones, M.L.A.
The election of officers having been concluded, the chairman called on Mr. J. W. Jones to address the gathering, and that gentleman commenced a short speech by alluding to the fact that the victory which had been gained in the South Okanagan and Yale constituencies in recent years. He reminded his audience that it would be well to be prepared as, though it might be possible for the Provincial Government to retain office until 1929, still in all probability a provincial election would be held next year. (Voices, "Let her come" and much laughter and applause.) He felt sure that under their new provincial leader victory would perch on the Conservative banner, but organization should be kept up and perfected. Premier MacLean had had an opportunity on taking over the premiership to reorganize his cabinet, but had been afraid to do so as that might have meant the jobs of one or more seats in the Legislature were in jeopardy. Yet the same government which was not willing to go to the country spoke slightly of Hon. S. F. Tolmie, forgetting the fact that in 1917, during the war time, when Sir Robert Borden had asked Premier Brewster to go to Ottawa to represent B.C. at an important conference Premier Brewster had asked the present leader of the provincial Conservative party to be the representative, also when the Union Government had been formed Dr. Tolmie had been selected for the post of Minister of Agriculture.

Trenchantly criticizing the Liberal regime, Mr. Jones declared that the provincial revenue had been trebled simply by inventing new methods of extracting money from the people in taxation. In spite of this, there had been a useful waste of public funds and in spite of the trebling of revenue the public debt, which had been \$23,000,000 when the Conservatives relinquished office, had risen to the immense sum of \$103,000,000, counting the last loan the Provincial Government had secured. Under Sir Richard McBride the increase in the public debt had only been \$7,500,000, but by one manoeuvre and another the Liberals had managed to raise it to five times what it had been when the Conservatives held office. Was it a wonder that in his capacity as a member of the Legislature he criticized the actions of the present Provincial Government? It was evident that it would be necessary to carry out a policy of retrenchment and to try to attract new settlers who would help to bear the burden of taxation imposed on the present residents of B.C. This policy should appeal to all who had the welfare of the province at heart and could be best carried out by placing Dr. Tolmie in office and allowing him to further his colonization schemes. (Much applause.)
(After Mr. Burne had vacated the chair, Mr. F. Morrison, the Association's newly-elected President, thanked the meeting for the honour conferred on him and called on Hon. S. F. Tolmie to address the gathering.)

The New Leader
Dr. Tolmie began a lengthy and well delivered speech by thanking the audience for the cordial reception extended to him and congratulating those present on the businesslike way in which the election of officers had been conducted. He had attended a great many meetings of like nature in his travels throughout the Dominion and had never been as a better conducted one. A debt of gratitude was due the past officers of the local Conservative Association. The success gained had been largely due to their unselfish work, and as the provincial leader of the party he assured them that they could count on his rendering them every assistance in his power. (Applause.)

After referring to the new national leader, Hon. R. B. Bennett, in very eulogistic terms and stating that no man in Canada could bring the East and the West together better, Dr. Tolmie referred to the three recent provincial elections. In the North Okanagan representative, Mr. W. F. Kennedy, the Legislature had gained a man who could be of great service to the province and who would ably voice the opinions of the residents of that constituency. As far as New Westminster was concerned, it had always been considered a Liberal stronghold and had been held by the Liberal party for

fourteen years. The Conservatives had not put up a bad fight there, considering that they had had no time to organize for an election. At Nelson a moral victory had been won against a great deal of propaganda as the Liberal majority had been reduced by three hundred votes. Many people there, including several Liberals, had informed him that had there been a general election the seat would have undoubtedly been won by the Conservative candidate. Since the Kamloops convention he had attended some hundred meetings and had spoken very often. He had travelled in all portions of B.C. and had been able to size up the political situation, which he considered very satisfactory as practically every person wanted a change. (Much applause.)

Referring to his position as party leader, Dr. Tolmie remarked that the Liberal press had managed to start a line of propaganda in an effort to get the public to believe that he had not the full support of his party. The best Ananias that could be obtained had been requisitioned to write articles to that effect. There was no foundation whatever for the absurdities invented by the Liberal press. He had the whole-hearted support of the Conservative party and proposed to fill the position he now held to the best of his ability as long as he retained their confidence. (Cheering.) There could be only one leader at a time of any party and he proposed being the leader until he retired from the position. (Loud applause.)

Endorsing Mr. Jones' criticisms of the Liberal administration, Dr. Tolmie declared the methods followed of handling public works. Contracts, he claimed, always cost more than the estimated expenditure. Twelve contracts had been let at approximately \$2,240,000 and the actual cost of them had been \$4,000,000, and so it was all along the line. The Stumas scheme was another glaring example of inefficiency and over-expenditure. In any case, even if the modest estimated cost had not been exceeded, it was poor policy to undertake the reclamation of water-covered areas before settling people on dry land. (Laughter.) Oliver also could not be cited as an example of the Provincial Government's business ability. The project had cost about \$4,000,000 and had more than three thousand acres were under cultivation after that immense expenditure had been made.

Touching on B.C.'s white elephant, the P.G.E. Railway, Dr. Tolmie stated that the deficit on that line in 1916 was \$22,000,000 at which time the Liberals had relieved the original owners and contractors of the line from all responsibility connected with it. The deficit was now \$55,000,000. How long, he asked, would any business concern stand such a situation? All the rest of Canada looked on and wondered how B.C. could stand such administration, the P.G.E. railway still commencing and ending nowhere.

Dr. Tolmie accused the Provincial Government of exceeding appropriations made by the Legislature. In 1925-26 estimated work or expenditure had been put down at \$18,000,000, whereas the sums actually spent amounted to \$21,675,000. Such loose administration naturally led to additions to the public debt and to heavy taxation. B.C. enjoyed the questionable distinction of having the highest per capita taxes in Canada and all leading Liberals recently, when speaking in the Legislature, had pointed out to his fellow legislators that B.C. methods of public administration should not be copied. The Provincial Government had the habit of trying out fantastic experiments, whereas any sane administration would fight shy of gambling chances. The Conservative party would have a man's job on its shoulders, next provincial general election and would have to follow out some well-defined scheme for settling up the province, so that more people could share the burden imposed on taxpayers by the Liberals. His own opinion was that settlers from the British Isles were the best. A large influx of the best kind of settlers would bring about the prosperity of which the Liberals continually talked.

Regarding agricultural development, Dr. Tolmie voiced the opinion that it would be best for people in B.C. to produce first of all the things for which there was a natural home market. This province at the present time consumed some 12,500,000 pounds of butter annually, yet 7,000,000 pounds of butter were imported from the outside. There was a room for at least 25,000 cows in B.C. and 2,500 dairy farmers to look after them. The same state of affairs existed regarding eggs, canned fruit, and other agricultural products, enormous quantities of which were imported. In the State of Washington 67 per cent of the available range land was utilized for the production of beef and mutton, whereas in B.C. only about six per cent was made use of. "Keep the Dollar at Home" was a good slogan.

At the close of his address the provincial leader referred to the Okanagan tobacco-growing industry, stating that when Minister of Agriculture he had caused careful studies to be made regarding the British market for Canadian leaf. He wished to instil in his audience the fact that the present British market for Okanagan and other Canadian tobaccos was to be retained and increased a strong effort should be made to send only the very best quality of leaf to the Old Country.

Speaking on the necessity of good roads, Dr. Tolmie asserted that, should the Conservative party be returned to power at Ottawa, the policy of giving federal subsidies for road building would be renewed, he also stated that, if a Conservative Government assumed office at Victoria, one of its first acts would be to put into practical effect the recommendations of those who knew the Okanagan irrigation situation at first hand. He was loudly applauded for resuming his seat.
Before the meeting terminated with the singing of the National Anthem, a standing vote of confidence in the federal and provincial party leaders was passed unanimously, after which the majority of those at the rally partook of the refreshments provided.

SCOPE OF WORK OF HOSPITAL LADIES' AID
(Continued from page 1)

the fall and spring a large number of articles were made. Here, too, the women from the country districts have been a tower of strength. One is constantly reminded of the old adage, "Many hands make light work." In connection with the sewing, a sewerer for cutting out materials would help the Executive and would make for greater efficiency.

"In thinking of the coming year's work, I feel sure that an Advertising Committee who would act for a year would be a great help. Not only would our advertising be better but time would be saved when arrangements were being made for sales, etc."
"I should also like to suggest closer contact between the Girls' Auxiliary and the Hospital Aid. Might it not prove beneficial for the officers of each society to attend one another's annual meetings? In that way we should learn of the aims and achievements of both societies and, knowing them, we might feel a keener interest in one another's efforts."

"No review of the past year's work can be complete without an expression of regret that we as a society and as individuals feel in Mrs. Jerald Mackenzie's moving away from Kelowna. During the five years that Mrs. Mackenzie was President of this society her energy and executive ability were spent unreservedly on every part of the work. She will long be missed as a valued member of the Executive."
"Any success which we may have achieved during the past year has been due to co-operation within ourselves and with the women from the country districts; and here allow me to thank the officers, the other members of the Executive, the members of the society and the women from the outlying districts, all of whom have helped in every possible way, both in the raising of money and in sewing."

"If there are visitors here today who feel interested in the work of this society, which will be fully explained in the Secretary's and Treasurer's reports, I hope they will not allow the fact that they are busy to hinder their joining. One of our most active members remarked a few days ago that, when one looked back over the year's work, it was plain that not many hours had been spent by any one member. And when one hears repeatedly from the Matron of the Hospital and others that the work of the Hospital could not be carried on without the help of the Hospital Aid, one feels that the time spent on this work is really worth while."

"It is to be hoped that many new members may be added to our ranks to help the women who have so untrudgingly worked during the past, and that they may not weary in well-doing but may carry on with the help of the new members to greater things during 1927-28."
"ANNIE GADDES, President."

POTENTIAL WEALTH OF BRITISH COLUMBIA
(Continued from page 1.)

hears that the wealth of B.C.'s forests was almost beyond computation, that the province's mines had produced \$67,000,000 last year, that the products of our fisheries had reached the high figure of 27,300,000 in 1926, and that the time had at last come when our various water powers were commencing to be used on a large scale. He placed the available horse-power that could be derived from them at over 5,000,000 horse-power, and remarked that projects now being undertaken in various parts of the province would add 477,500 horse-power to the water power at present in use. He prophesied that the prairie provinces would eventually have a population of ten million and that, when that figure was reached, the market for B.C. fruit would be so good that the questions of a seasonal tariff and of export fruit shipments would be forgotten.
In conclusion, he asked the Gyros present to look to the future and to try to visualize the prosperity which B.C.'s natural resources and geographical position would naturally bring about. His address was listened to with marked attention and he was heartily thanked at its conclusion.

Dated the 7th day of December, 1927. ALBERT CRAIGS, Poundkeeper.

Local and Personal

Mrs. M. Ford left for Victoria on Monday.

Mr. S. T. Elliott was a passenger to the Coast on Monday.

Mr. and Mrs. W. Perkins returned home yesterday from an extended visit to the prairie provinces.

Mr. and Mrs. V. D. Lewis left on Saturday for the Coast. They expect to be away from home until after the New Year.

Mr. H. Hill left for England on Tuesday. He sails from Halifax for Liverpool on R.M.S. "Baltic" on December 12th.

Mrs. David Hill, of Chilliwack, who was the guest of Mr. and Mrs. H. J. Hewitson for the previous three weeks, left yesterday by C.N.R. train for her home.

Mr. A. P. Hayes was a passenger to the Old Country on Monday. He sails on R.M.S. "Ascania" on December 12, from Halifax to London and is not expected to return to the Okanagan until next March.

A shipment of Christmas trees, mostly secured on the west side of Okanagan Lake, went forward from this city to Swift Current, Saskatchewan, last week. The car contained several thousand little trees, mostly firs.

The Occidental cannery closed down for the season last Thursday and to celebrate a long and successful run all connected with the factory attended a social gathering held in the cannery building the following evening, when a highly enjoyable time was had by all present.

At 3:12 p.m. on Saturday, in response to an alarm the Fire Brigade made a quick run to the residence of Miss M. V. Hewitson, Pendozi Street, South, where an overheated stove had caused the chimney to catch fire. No damage was done to the building and the fire was easily extinguished.

Mr. Kenneth Shepherd, son of Dr. and Mrs. J. W. N. Shepherd, underwent a severe operation at the Kelowna Hospital on Monday morning for appendicitis, from which he had been suffering for some time. Although intestinal complications caused the patient considerable suffering, he is making satisfactory progress and it is hoped that his recovery will be rapid.

The members of the Kelowna Scottish Society spent an enjoyable evening in the Morrison Hall yesterday. Games of cards were played, and after refreshments had been served, a short musical programme was given. Miss Isabel Murray playing the violin and Miss A. Seddon and Messrs. James Burt and A. Gordon contributing vocal solos. An hour's dancing brought a pleasant evening to a close.

Music lovers are looking forward to the recital which Madame Gertrude Huntly is booked to give in the Empress Theatre next Monday evening, December 12th. Madame Huntly is on her way to this province after giving a series of recitals at New York, Montreal, Toronto and other eastern cities, where she was greeted by crowded houses. A percentage of the proceeds of the recital to be given by her here will be handed to the treasurers of the High School students' fund and the Central Relief Fund.

Mr. L. J. Wood, Field Manager of the Okanagan-Cariboo Trail Association, passed through town yesterday on his way home to Penticton from a visit to Kamloops in connection with executive work. Plans for the publicity campaign of 1928 are already under consideration, and a strong effort will be made to secure the necessary financial support from the various towns concerned at an earlier date than has been usual in the past, so as to permit the issue of advertising matter ahead of commencement of the annual tourist movement.

For those who have time to fish in the best localities Okanagan Lake offers good opportunities for sport at the present time. Not only are large catches being made at the north end of the lake, chiefly opposite Okanagan Centre, but local trollers are meeting with luck fishing in Mission Bay. Catches reported during the week-end at the latter point include: Messrs. O. Jenks and R. Staples, five large trout, including a twelve pounder; Mr. J. Stirling and party, four Mr. R. A. Bartholomew, a fourteen pounder, captured near the Eldorado wharf.

The many friends of Miss Marion Alexandra Smith, eldest daughter of Mr. and Mrs. W. T. Smith, of Westbank, who was until recently office nurse for Drs. Knox & Campbell, will be pleased to hear of her marriage to Mr. Albert James Fearnley, of Lumby, which took place at Wesley Church, Vancouver, on November 28th. The wedding was a quiet one. Rev. C. A. Williams officiated and the bridesmaid was Miss Dorothy Smith, the bride's sister. Mr. T. K. Aird, of Vancouver, supported the groom. Mr. and Mrs. Fearnley returned to the Okanagan on Friday and have taken up residence in Vernon for the winter.

All who attended the dance given by the Kelowna Basketball Association in the Morrison Hall last Thursday evening expressed themselves as having had a delightful time. Mr. Hugh McKenzie made a most capable Master of Ceremonies and handled the various novelty and tag dances so as to please all. The tag dance and lemon dance caused lots of amusement and the elimination dance, the prizes for which were captured by Miss Joyce McLeod and Dr. A. S. Underhill, was exceedingly interesting to watch. One of the best items was the sing-song dance, when many favourite old melodies were introduced. The Kelownians Orchestra excelled themselves, the decorations in the Kelowna colours with coloured "yells" on the walls were out of the ordinary, and the supper arrangements were all that could be desired. Altogether, the dance was a success from every point of view.

Mr. A. E. Hill was a passenger to Saskatoon on Saturday.

Mrs. H. V. Dawson and child returned from Vancouver on Monday.

Capt. H. V. Acland, Mrs. Acland and family left for Victoria on Monday.

The Dominion cannery is still running and is putting up a very large pack of apples.

Mr. and Mrs. O. France left for Vancouver on Monday. They are expected to return home next week.

Mrs. and Mrs. C. Shillingford returned home on Monday from Vancouver, where they were the guests of Mr. and Mrs. C. Shillingford, Sr.

Mr. F. M. Black, Chairman of the Committee of Direction, left on Friday for Ottawa. He is expected to return to the city about December 20th.

The C.N.R. train did not reach the city till midnight on Saturday, having been delayed by a slide of rock on Long Lake, which blocked traffic for several hours.

Mr. R. Haldane has sold his pool-room business to Messrs. Cook & Bitterman. He and Mrs. Haldane and children left yesterday for Vancouver, where they intend to settle.

Mr. and Mrs. Peter Blackley left on Saturday for Calgary, where they will spend the Christmas holidays, after which they will pay extended visits to Ottawa and Toronto. They expect to return home in about four months' time.

Mr. and Mrs. J. Steptoe left for England on R.M.S. "Baltic" on December 12th, bound for Liverpool. Mr. J. F. Paul was a passenger to England on the same day and will also travel on the "Baltic."

Mr. Ben Hoy, Assistant District Horticulturist, left on Monday for Vancouver, where he is judging exhibits at the National Apple Show. While at the Coast, Mr. Hoy will also attend the general meeting of the B. C. Certified Seed Potato Growers' Association as a delegate of the local organization.

Miss Phyllis Cook left on Tuesday for Vancouver, where she will play this evening at a concert given by the Vancouver Men's Musical Club in the new auditorium in that city. Miss Cook is one of the four gold medalists of the 1927 B. C. Musical Festival to be selected as artists for that occasion.

During the week from November 27 to December 3, inclusive, the following shipments were made by the Kelowna Growers' Exchange: one car of mixed apples to Toronto; two cars of Newington to the United Kingdom, via Vancouver and the Panama Canal; and one car of Newtowns to Denmark.

Mr. G. N. Gartrell, Fisheries Overseer, spent part of Monday in the city on his way to Vernon. He reports that the new fish hatchery at Summerland has been completed. It contains six hatching boxes with room for an additional three boxes, and has a capacity of one million eyed-eggs. The work of collecting spawn and hatching out eyed-eggs will be commenced next spring.

At the annual general meeting of the Ladies' Auxiliary to the Scout Association, held on Monday, the following officers were elected for the coming year: President, Mrs. D. Macfarlane; 1st Vice-President, Mrs. D. Gordon; 2nd Vice-President, Mrs. C. E. Campbell; Secretary, Mrs. J. E. Wright; Treasurer, Mrs. H. W. Arbutuckle; Executive Committee, Mesdames H. F. Chapin, G. Chapin, G. A. McKelvie, A. Ballock, W. W. Loane and G. A. Pettman.

Rev. A. K. McMinn has been asked by Mr. Norman F. Black, the chairman of the B. C. Library Commission, to convene a gathering of those who have corresponded from this district with the Commission in connection with the move for a library survey of the province, and Mr. McMinn is anxious that those interested will meet him at the store of Mr. H. F. Chapin at 12:15 p.m. tomorrow, Friday, afternoon, so that matters connected with the establishment of new libraries in B. C. can be fully discussed.

The Kelowna Ladies' Hospital Aid held two successful sewing bees in the Nurses' Home, November 21st and 22nd, when they were ably assisted by workers from Rutland, Benvenuto and Glenmore. They wish to express their thanks to these ladies for their work and the dainty teas they served. As there was only work for two days, it was not necessary to call upon the services offered by the Mission for a third day, the balance of the unfinished work being undertaken by three ladies in their own home. In all 333 articles were completed.

The remains of Mr. Olof Olson, who passed away at the home of his son Mr. Olof Olson, on Friday, were shipped to Enderby for interment on Saturday, where the funeral service took place the same day. Mr. Olson was seventy years of age, succumbed to an attack of cerebral haemorrhage. He was a native of Sweden and had been in Canada for twenty-nine years and in this province fifteen years. Apart from his son, Mr. Olof Peter Olson, his immediate relatives are resident in the Enderby district.

A meeting of delegates from the various Okanagan horticultural societies was held in the office of Mr. Ben Hoy, Assistant District Horticulturist, last Thursday afternoon, the objective for which it was called being to form a district horticultural society embracing the whole Okanagan Valley. The chair was taken by Mr. M. S. Middleton, District Horticulturist, Vernon, and Mr. H. H. Evans, Assistant District Horticulturist, Vernon, acted as secretary. Owing to the attendance being small, it was decided to defer the election of officers of the proposed organization until a more representative meeting could be held. Score cards for 1928 were discussed, however, and it was settled that in future in all garden competition gardens would be judged three times, also that in judging decorative classes each class would be judged and scored by all judges independently and the scores thus obtained averaged.

BEST KNOWN OF TOLSTOY'S WORKS

"Resurrection" Has Enjoyed Wide Popularity Both As Story And Play

Of all the great novels of Count Leo Tolstoy, "Resurrection," the screen version of which will be shown at the Empress Theatre on Friday and Saturday, December 16th and 17th, is best known. It was written at Yasnaya-Poliana, Russia, in the years from 1895 to 1899, when it was published for the first time in "The Niva," a magazine. Two years later the play based on the book ran more than one hundred performances in Paris, and in 1903 Sir Herbert Beerbolm-Tree, in England, and Blanche Walsh, in America, created sensations with the drama. In 1904 Franco Alfano wrote his operatic version of "Resurrection" introduced in America by Miss Mary Garden at the Auditorium, Chicago, Dec. 31, 1925.

The story has been translated into eleven languages in the past thirty years, and seven stage versions have been written and acted in fourteen countries.

UNITED CHURCH BAZAAR A FINANCIAL SUCCESS

Handsome Sum Of \$400 Realized For Organ Fund

The annual bazaar of the Ladies' Aid of the First United Church was held in Poole's Hall on Saturday afternoon and was a very successful affair, being well patronized by the general public.

The bazaar was formally opened by Mr. J. W. Jones, M.L.A., who in a few well-chosen words congratulated the ladies of the Aid on their being of such material help in financing the church.

The tastefully decorated booths all did a good business under the management of the following ladies: apron stall, Mrs. A. Badley; candy booth, Mrs. Chester Owen; children's wear, Mrs. A. K. McMinn; fancy articles, Mrs. D. Macfarlane; home cooking stall, Mrs. W. Lloyd-Jones; general articles, Mrs. J. Staples; afternoon tea, Mrs. E. O. MacGinnis; cafeteria supper, Mrs. E. Davies.

The sum of \$400 net was raised by means of the bazaar for the organ fund of the First United Church.

UNITY OF PURPOSE REVEALED IN PARABLES

The series of sermons on "The Parables of the Kingdom" will be continued at First United Church on Sunday morning next, when the subject will be "The Parable of the Mustard Seed." The interpretation given by the United Church minister to this set of parables in the 13th chapter of Matthew's Gospel gradually reveals a unity of purpose in the mind of the Great Teacher which runs through the whole series presented to the multitudes by the seaside.

"The Darning Sin" is the title of the evening sermon, which is the fifth in the series "The Light that Lighteth every Man." This will be another message not couched in any general terms but simple and direct and dealing with particular conditions in our own city in the light of the very central truth of the Gospel.

The old Gospel songs will be used, a Gospel duet which presents the message of the minister in song will be sung by Mrs. H. Glenn and Mr. Donald Macrae, and special music will be rendered by the choir.

A telegraphic dispatch in our issue of December 1st stated that certain shareholders and policyholders of the Mutual Life Insurance Company of Canada were bringing an action for claims aggregating \$1,000,000 against Hon. F. C. Biggs and others. Owing to the similarity of title, a number of readers have confused this company with the Mutual Life ASSURANCE Company of Canada, but that institution has nothing whatsoever to do with the case in question. Due to the customary omission of the words "and" and "the" in telegrams, the title of the company involved in litigation was wrongly rendered and should have been stated as "The Policyholders Mutual Life Insurance Company of Canada," which has no connection with the Mutual Life Assurance Company of Canada.

A CORRECTION

South-East Kelowna Irrigation District

NOTICE IS HEREBY GIVEN that a Court of Correction of the Voters' List for the year 1928 will be held on Tuesday, the 20th day of December, 1927, from the hour of 10.00 a.m. until 12 noon, thereafter if requisite at the District Office, 14 Casorso Block, Kelowna, B. C., for the purpose of hearing and determining applications to strike out the names of any person improperly placed on the Voters' List for the year 1928, and to add the name of any person improperly omitted therefrom.

HARRY B. EVERARD, Secretary of the Trustees.

Kelowna, B. C., 6th December, 1927.

Practical Gift Hints from the woman's shop

Give something practical and useful and you may feel assured your gift will please. In return, for every practical gift you give, your thoughtfulness will be long remembered.

HOW TOBACCO IS CURED IN ONTARIO

(Continued from page 1.)

who received \$35 per week for their services and their travelling expenses to and from their homes. It was highly improbable that B.C. growers could afford the same expense. However, in Ontario, where men had large acreages under tobacco cultivation, it had been

found that it paid the grower better to look after the harvesting of his crop and all the necessary outside work than to attempt to manage the curing as well.

Ontario Returns From Virginia
As to the Ontario crop of Virginia, Mr. Mann explained that when an even crop was produced the overhead expense was high as the grower had to go over the crop often because it could not be all topped, speared and handled

as a unit. The average yield of that variety and "bright" tobaccos generally appeared to be 700 pounds to 800 pounds per acre, which would fetch from 45 cents to 60 cents per pound according to quality when cured. A good crop could easily be spoiled in the curing and inattention. As explained before, the Ontario crop averaged 700 to 800 pounds of bright leaf to the acre, whereas in B.C. up to 1,200 lbs might be harvested. It was not, however, always desirable to secure a heavy crop of bright leaf as heavy weight might mean loss of quality. In Ontario the same field of tobacco might produce 45 and 60c leaf, if soil conditions varied in it. Therefore, in selecting land for Virginia it was necessary to secure acreage having similar soil throughout. In South-West Ontario tobacco land fetched about \$600 per acre and even higher prices. Land which only two years ago was valued at approximately \$40 per acre now sold for \$200 per acre and was steadily increasing in value in the "bright belts," and eventually would probably fetch \$600 per acre. In selecting land of that nature growers were very careful to avoid drifting sand and also passed by rolling country. Hardwood land was valuable, as the grower had his fuel supply for the flue cure right at hand. However, more coal than hardwood was used for the curing of bright leaf and approximately one ton to the acre was used at the commencement of a cure and one and a half tons to the acre at its finishing stages, the cost of which was about \$7 per ton.

After exhibiting a sample of the Ontario Virginia leaf and explaining that the aim in that province was to secure leaf of a bright lemon colour, Mr. Mann stated that the use of steam was essential there in order that the leaf when cured could be taken down quickly to make room for the next tobacco to be cured in the kiln. After it had been steamed and taken down it was left in the packing sheds for two weeks extra steaming before it could be stripped. Only two grades of that variety were handled, good leaf and cull leaf. In this connection it might be of interest to know that a few dealers in Virginia preferred a reddish coloured leaf, but they were in a decided minority. In South-West Ontario seven main dealers bought up practically the whole of the crop. They had their fieldmen everywhere who watched the harvesting and curing being done and who knew first hand what the growers would have to offer. When these dealers had made their plans, the entire crop was purchased within twenty-four hours.

Answering questions put to him regarding the kind of kilns used for the curing of Virginia, Mr. Mann stated that the kilns used in Ontario had cement foundations and that their wooden walls were often papered both inside and outside. It was no uncommon thing for them to be burned through carelessness. The furnaces were both of brick and iron, the latter being most recommended as being safer. Plenty of ventilators were provided and their use depended entirely on the weather conditions. Leaf spoiled when it "sweated" and it could be told by the colour and feel of the leaf as to when much or little ventilation was required. As to the condition of the leaf when taken to the kiln in Ontario, the practice was not to cure it until it showed considerable yellow, though there was no standard rule for judging maturity. No immature leaf ever reached a kiln in that province, the growers preferring to let it rot or to air-cure it rather than waste fuel on it in a kiln.

Opportunities For Virginia Leaf In British Columbia
Speaking on the chances for successful cultivation of Virginia in B.C., Mr. Mann remarked that Ontario growers had the advantage of experience both as to soil selection and also as to the necessary fertilizers. On the other hand, B.C. growers had the advantage in climate and irrigation water, Ontario growers being entirely dependent on the rainfall. In this province irrigation would be a necessity as far as the Interior was concerned, but the supply of moisture necessary for the crop could be counted on. In sandy soil suitable for Virginia cultivation frequent irrigations might be necessary. As to what localities were suitable for the production of Virginia no definite statement could be made on that point until the various soils of this and other B. C. districts had been chemically analysed. It probably would be necessary to build up those sandy soils by the use of fertilizers, but that could be determined off-hand. One thing could be counted on, however, and that was that if Virginia tobacco were produced here it would be essential to supply the trade with the quality of leaf demanded, and this meant the erection of kilns and careful curing, as air-cured Virginia fetched a better price than White Burley. In Ontario, where Virginia leaf was being grown in large quantities, hundreds of curing kilns were to be seen and prosperity was apparent to any visitor, but it might well be found that Burley and cigar leaf would be more profitable crops in B. C., there being a certain amount of speculation in connection with the production of Virginia. Another point which should not be forgotten was that it was not possible to compare the air-cured Virginia already produced in B. C. with the kiln-cured Ontario leaf.

Curing The Dark Tobaccos
Turning from Virginia to the dark tobaccos grown in Ontario, Mr. Mann gave an interesting account of the methods used in that province for the curing of Greenwood and Green River leaf. One-fifth of that crop was fire cured, the dealer wanting fire-cured Greenwood, but not always being able to obtain it. This tobacco differed entirely from Virginia and the leaf could not be cured by the same method of curing too large. A different kind of curing shed was used. This curing barn or shed could be any size desired, in fact barns sometimes held as much as twenty-five acres of dark tobacco. It was essential, however, that the curing shed be air-tight and be furnished with ventilation in the roof. Such barns in Ontario were generally built on a three foot cement wall. The dark leaf was cured by fires of hardwood and sawdust, the cure lasting any length of time between eight days and forty-five days. The average length of cure was fourteen days. One man whom the speaker had met had used forty cords of hardwood to cure his 22 acre crop. These hardwood fires were not allowed to blaze and the smoke went right through the crop being cured. The price realized ran from 25 cents to 40 cents per pound and the yield generally obtained was 1,300 lbs per acre. In the sections where the dark tobaccos were grown land values ran about \$125 per acre.

OKANAGAN MISSION

A meeting was held on Saturday afternoon in the Schoolhouse, most of the growers of the Mission being present, to hear Mr. G. A. Barrat and Captain C. R. Bull on the subject of the new contract for the Associated Growers.
Mr. Barrat read over the terms of the contract and explained thoroughly all the clauses about which any doubt seemed to exist. After some discussion, the contract met with the general approval of all present. Captain Bull then read the amendments which had been suggested from time to time. After a brief discussion the meeting adjourned.

The Badminton hall being ready for use, play started on Sunday. Tea was served by Mrs. St. G. P. Baldwin and Mrs. H. C. Mallam for which no charge was made. In future, however, there will be tea served in the hall every Sunday and the charge will be ten cents. The proceeds will go to the Badminton Club.

It is hoped that the membership will show a slight increase this year as everything points to a successful season.

At the Guild Tea held last week at the Bellevue Hotel, the ladies of the Guild presented Mrs. Oswald Jones with a tea-set as a token of their appreciation of her services in playing the organ at St. Andrew's Church for the last two years. Mrs. F. Thorneley, in presenting the tea-set, conveyed the thanks of the Guild, and Mrs. Jones explained that only ill health prevented her from continuing to assist with the music.

The Okanagan Mission stall in the coming bazaar in aid of St. Michael and All Angels' Church is to consist of children's clothing of every kind. The Guild, who have provided the articles in question, hope to do a brisk trade on Friday and Saturday and trust that the residents of the Mission will support them loyally.

A familiar landmark has vanished from the lake shore road in the destruction by fire of the former Fasciaux residence. The sympathy of the whole community extended to Madame Bourcet, its recent owner.

It must not be supposed, Mr. Mann remarked, that dark leaf tobacco curing was an entirely easy process. The hardwood fires had to be attended to regularly as the texture of the leaf could be spoiled by wrong temperature being used before the colour had set. These fires were commenced with merely a sawdust smudge, later on hardwood being added and then sawdust again until a temperature of 130 degrees F. was obtained. This temperature was sustained until the leaves rattled, when it was reduced. The heavier the cured leaf produced under this system the better it was considered to be, provided the cure was uniform.

White Burley May Be Best Variety For Okanagan

Replying to a question put to him as to what variety of tobacco it would be best for Okanagan growers to try to produce, Mr. Mann said it would not be good policy for local cultivators to change their varieties from year to year, but it would be better for them to try to establish one or two kinds of tobacco which could make a name for the district. If the flue-cured types were grown, then growers must reckon with the cost of the necessary buildings. The White Burley grown in the Okanagan last year had made a great name for itself and in all probability it would be best to concentrate on that variety. In Ontario the soil of each district decided the type of tobacco cultivated there. There was much room for expansion in air-cured varieties and each grower should try to grow tobacco for which he had an assured market. In this connection, he might mention that more than one dealer in the East had assured him he intended to visit the Okanagan district in the near future. There was plenty of scope for B.C. tobacco on the home market alone. As one man well acquainted with the tobacco situation in Canada had remarked, "when the home market had been supplied, the country which could supply the best and cheapest leaf would win out on the world's market." Thus good quality leaf was essential and each grower should take pains to produce the best tobacco he could grow.
On motion of the chairman, a hearty vote of thanks was given to Mr. Mann for his address and the meeting adjourned.

The removal of a considerable portion of the east bank of the Fraser River at Hell's Gate is recommended by the engineers engaged by the Department of Marine and Fisheries to study the nature of the obstacles preventing the passage of salmon to the spawning grounds of the upper Fraser.

TO THE CONSERVATIVE INVESTOR:

Why not invest the proceeds of your 1927 Victory Bonds in OKANAGAN LOAN & INVESTMENT TRUST CO. GUARANTEED MORTGAGE CERTIFICATES, bearing interest at 5 1/2%, payable May 15th and November 11th.

These Certificates are secured by a specific First Mortgage, allocated in whole or in part as special collateral security, together with the Company's unconditional guarantee.

ASSETS AT SEPTEMBER 30th, 1927, were as follows—

Liquid Assets	\$ 78,988.97
Mortgages and Accrued Interest	387,973.63
Accounts Receivable	4,733.14
Real Estate	63,981.61
Other Assets	5,665.29
	\$541,342.64
	41,972.79

Liabilities to the Public \$541,342.64
Surplus Security for Guaranteed Mortgage Certificates \$499,369.85

We propose to issue up to \$60,000.00 of these Certificates, so that the net security will be \$8.00 to \$1.00. \$30,000.00 have already been issued and \$30,000.00 is still available for subscription.

The net earnings of the Company for the year ended June 30th, 1927, were sufficient to pay the interest on Guaranteed Mortgage Certificates up to \$60,000.00 more than eight times. We shall be pleased to give further particulars on application. These Certificates are available in denominations of any amount in even hundreds upwards from \$500.00.

RUTLAND

(Continued from Page 3)

18, so that they were able to form three patrols. During the year two First Class badges and All Round Cards, three Second Class badges and 20 efficiency badges had been earned by the Scouts. About 55 badges altogether divided among the boys was a pretty fair showing for a troop of their size.

Mrs. C. H. Bond, Lady Cubmaster, submitted her resignation, as she felt the time had come for the work to be taken up by a Cubmaster. The question of a successor was discussed, but no decision was come to, the matter being referred to the incoming executive to deal with.

The election of officers for the ensuing year resulted as follows:—President, Mr. T. M. Anderson; Vice-President, Mr. E. Musford; Secretary-Treasurer, Mr. W. Gay; Executive, Mrs. J. Wallace; Messrs. A. E. Harrison, T. G. S. Chambers, J. R. Beale and E. Bush; Auditor, J. R. Beale.

It was decided that next year only those who were members of the Association could vote at the annual meeting; that a membership fee of 50¢ per year be charged; that parents of Boy Scouts or Wolf Cubs be ex-officio members without payment of fee and that the financial year start from Jan. 1st in future. Votes of thanks to the Scoutmaster, Lady Cubmaster and of-

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, December 5, 1907

(Special to The Courier)
"VANCOUVER, Dec. 4.—Kelowna won the first gold medal in the competition for best display of fresh fruit at the North-West Fruit Growers' Convention in this city, winning from Hood River, Kootenay and other districts."

"In the boys' rifle match in the Park on Saturday, W. Thompson and Colin Knight each scored 23 out of a possible 25."

The principal business of the Rutland Women's Institute at their monthly meeting next Wednesday will be the election of officers. A report will be given by Mrs. J. Wallace, who kindly volunteered to take Vincent Hawley, a victim of infantile paralysis, to the Queen Alexandra Solarium, Vancouver Island, to receive treatment under the Crippled Children's Fund.

Mrs. T. E. Clay, of Vancouver, has been visiting her son, Mr. C. E. Clay, of the school staff.

25. On shooting off, Thompson scored a bulls-eye against a magpie for Knight. The boys are arranging weekly prizes from funds subscribed by themselves."

"Mr. H. H. Millie is installing a complete metallic circuit for his telephone system instead of the grounded system, and is putting in a new switch-board with a capacity of 150 phones. He says the improvements, which represent a large sum of money, will give a vastly better service than heretofore."

"The Curling Club is doubling the size of the Curling Rink and fitting up the observation room more comfortably, both much needed improvements, and as soon as some frosty weather arrives, there should be ample opportunity to practise the 'roarin' game."

"Mr. J. W. Jones returned from a trip through Alberta and Saskatchewan on Monday. He states crops were much worse in Saskatchewan than Alberta and that money is very tight. Much of the wheat grades only No. 2 Feed, being small and shrivelled, and 22 cents per bushel is the current market price. With the irony of fate, when too late, beautiful weather has been enjoyed throughout the prairie provinces during the past few weeks."

"Monday was an unlucky day for the C.P.R. First, through some hitch

in the engine-room, the 'Aberdeen' failed to slow down when coming into port and ran into her own barge, smashing a big pile in the wharf like a toothpick and crumpling up about six inches of her stem from the deck to near the water line. The barge was little damaged. The noise of impact sounded like a pile of lumber falling over and was heard a considerable distance. Next, on leaving port, the 'Aberdeen' somehow got in the way of the 'Okanagan', which was coming in, and the latter struck her fairly on the starboard bow, about eight feet aft of the damaged stem, cutting through the guard and tearing a large hole in her hull almost to water level. The accident caused a good deal of excitement on the wharf and the boats, but the 'Aberdeen' proceeded on her way south. She soon returned, however, discharged some of her cargo and proceeded to the Landing, where she will likely have to lay up for repairs. The 'Okanagan' apparently escaped injury. Whether any one was to blame or it was an accident pure and simple, we have not learned."

"The Curlers' Ball on Wednesday, Nov. 27th, was attended by about sixty couples, and dancing was kept up till 3 a.m. to the music of the Kelowna Quadrille Band. Raymer's Hall was artistically decorated for the occasion with cedar boughs, deer heads and trophies of curling stones and brooms, and

was brightly lit with gasoline lamps. About \$160 was obtained from the sale of tickets, and the club realized a neat sum for the benefit of the Stone Fund."

"We had the pleasure on Friday of inspecting the exhibit which Mr. F. R. E. DeHart was preparing to take to Vancouver for entry in the competitions at the North-West Fruit Growers' convention. Mr. DeHart collected the fruit, and it was packed in Stirling & Pitcairn's warehouse by Mr. N. Lloyd under his direct supervision. Each apple was hand polished, wrapped and carefully packed, stiff paper being placed between each tier in the box. The varieties to be entered in the competition for the best five boxes of apples include one box each of Spy, Baldwin, Jonathan, Spitzenberg and Grimes Golden. The Spies and Baldwins were obtained from the old orchard on Mr. Munson's property, the Spitzenbergs from Mr. R. H. White, the Jonathans from Mr. John Conlin, and the Grimes Golden from Mr. T. Bulman (the old Whelan orchard). In selecting, Mr. DeHart paid more attention to perfect shape and fine coloring than to large size without these characteristics, and the fine collection of apples gathered would appear to justify his judgment."

"For the display competition, for best collection of fruit on stand not more than ten feet high and five feet square, he has been fortunate enough

at this late season to secure thirty-five varieties, which should make a fine showing. For the best commercial box of apples, he has secured a beautiful box of Spies.

"The exhibit will be made in the name of the Kelowna Fruit Growers' Association, but Mr. DeHart is bearing all the expense and taking all the trouble connected with it, and we hope his public spirit will be adequately rewarded by carrying away some of the coveted trophies."

A covered rink for this winter's hockey is now assured at Vernon, the local Elks' Lodge having purchased the Vernon Skating Rink so that hockey teams can utilize it.

Sale at 1.30 p.m.
G. H. KERR,
Auctioneer.

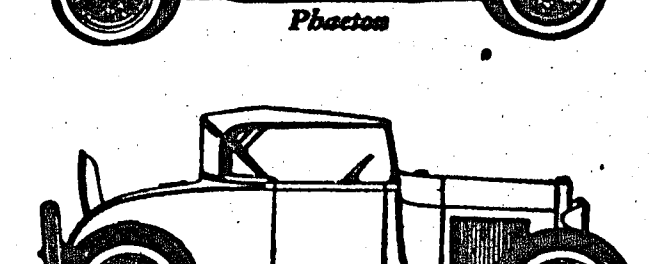

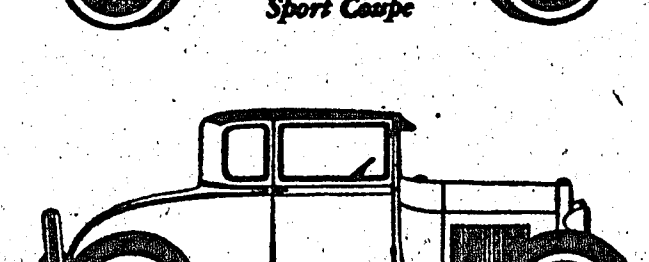

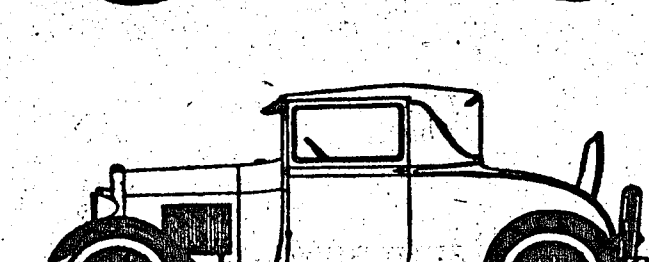

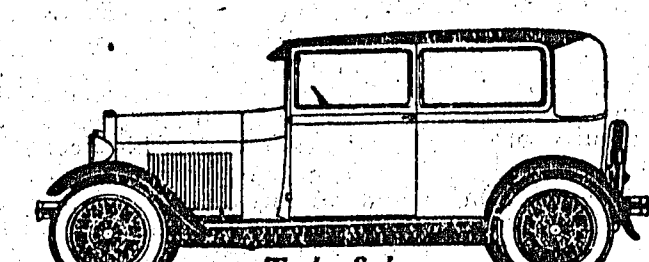

The Lynden Coal Mines, Ltd., is the name of a company which is opening up a coal mine on Nine Mile Creek, near Princeton. At present some eighty tons of high grade bituminous coal are being produced there daily.

The NEW CAR

INTRODUCING A FINE CAR IN THE LIGHT CAR FIELD

THIS entirely new car surpasses the accepted standards of light car accomplishment; sweeps aside all boundaries of price class; establishes a new standard of acceleration, speed, power and smoothness. Heretofore the following characteristics have been combined only in expensive cars.

- Speed**—better than a mile a minute.
- Acceleration**—5 to 25 miles per hour in high gear in 8½ seconds.
- Endurance**—this car will travel all day at 50 miles per hour without strain on motor or chassis.
- Riding comfort**—flexible springs and four hydraulic shock absorbers permit comfortable travel at high speed over the roughest road.
- Roadability**—this car's low center of gravity holds it snugly to the road on an unbanked turn even at high speed.
- Power**—in deep, loose sand with the front wheels cramped and from a dead stop, the car will turn in a tight circle, forward or reverse, without effort.
- Effective braking**—the instant response of mechanical, four-wheel brakes with dual control ensures positive braking for any emergency.
- Positive steering control**—A relaxed hand on the steering wheel will hold the car steady in loose sand and over bumpy roads. Turning radius 17 ft.
- Economy**—30 miles per gallon of gasoline, plus the well known economics of Ford car maintenance.
- Appearance**—coach work of pleasing proportions, tastefully finished in an extensive range of color combinations of durable satin lacquer.
- Quietness**—Vibration in the engine is practically negligible. New final drive is exceptionally quiet. Double-ply anti-squeak tape, asphaltum treated fabric and hardwood blocks between body and frame minimize body noises.

- Engine**—At 2200 revolutions per minute the new four cylinder engine develops 40 H. P. This revolution speed is low for such power and sets an entirely new standard for light car speed and acceleration, enduring quality and operating economy.
- Engine lubrication**—Combination of pump, splash and gravity feed thoroughly lubricates all frictional surfaces regardless of road grades.
- Cooling system**—Combination water pump and Ford thermosyphon system doubly insures ample radiation. Engine warms up quickly but will not overheat.
- Electrical system**—The new Ford designed distributor is placed on top of engine permitting direct connection to spark plugs by means of short bronze bands. The single coil is protected by a waterproof case. Co-incidental lock on ignition circuit is theft proof. The powerful starting motor and dependable generator are both of Ford design.
- Clutch and transmission**—Patterned after the famous Lincoln, these units give an operating ease never before found in moderate priced cars. The nine plate multiple dry disc clutch and the selective transmission are designed to make shifting of gears remarkably easy and simple. Getaway, unexcelled by any car made today, is just one of the many advantages. Three speeds forward and one reverse. All gears are made of heat-treated chrome alloy steel. The only light car in which transmission shafts are mounted on ball and roller bearings.
- Rear Axle**—The axle shaft itself carries no weight as the ¾ floating principle places the weight of the car on the axle housing. Flexible roller bearings minimize rear wheel friction. A Torque Tube drive and spiral bevel gear are additional features.
- Springs**—Transverse semi-elliptic design. Relieved of all driving strain, they perform the sole function of cushioning road shocks. The transverse type of spring helps to prevent a large amount of frame distortion, makes four-wheel brake operation more efficient, gives easier steering and reduces unsprung weight.
- Chassis lubrication**—Alemite-Zerk pressure system.

- Motor**
- Make and Model—Ford "A"
 - Four Cylinders—Bore 3¼"; Stroke 4¼"
 - Unit Construction
 - Pump and Thermo-Syphon Cooling
 - Pump, Splash and Gravity Lubrication
 - Single Coil Distributor Ignition
 - Sliding Gear (3 speed) Transmission
 - Multiple 9 Plate Dry Disc Clutch
 - Crankshaft—Statically and Dynamically Balanced
 - High and Low Speed Jet Carburetor (hot-spot manifold)
 - Aluminum Pistons
 - Oil Indicator
 - Two Blade Aeroplane Type Fan
 - Bakelized Fabric Timing Gear
 - Carbon Chrome Nickel Alloy Valves
 - N. A. C. Rating 24.03 H. P.—Actual
 - Developed H. P. 40 at 2200 R. P. M.

- Equipment**
- Automatic Windshield Wiper (Closed Cars)
 - Rear View Mirror
 - Speedometer
 - Dash Light
 - Gasoline Gauge
 - Ammeter
 - Combination Tail and Stop Light
 - Motor Driven Horn

- Performance**
- 60 Miles Per Hour
 - 40 Miles Per Hour in Second Gear
 - Acceleration—5 to 25 M. P. H. in 8½ Seconds
 - 30 Miles Per Gallon Gasoline Consumption

- Equipment**
- Starter
 - Foot Accelerator
 - One Piece Windshield Sun Visor
 - Theft Proof Ignition Lock
 - 4 Hydraulic Shock Absorbers
 - Wide Range of Color Options
- Chassis**
- 4 Wheel Brakes—Mechanical Internal Expanding Type with Automatic Equalizer
 - Springs—Transverse Semi-Elliptic Drive—Torque Tube, Gears—Spiral Bevel
 - Rear Axle—Three-Quarter Floating
 - Full Crown One Piece Fenders
 - Gravity Feed Fuel Tank
 - Ignition Wires Enclosed in Flexible Steel Tubing
 - Steering Gear (irreversible)—Worm and Sector Type
 - Acorn Design, Nickel Plated Headlights
 - 5 One-Piece Steel Spoked Wheels
 - 17¼" Steering Wheel
 - Alemite-Zerk Pressure Lubrication
 - Body and Chassis Insulated to Prevent Noise
 - Wheel Base 103½ Inches
 - Turning Radius—17 Feet
 - Tire Size—30 x 4.5
 - Road Clearance—9¾ Inches

BASKETBALL

Hornets Easily Defeat Revelstoke Intermediates

Revelstoke's provincial Intermediate champions, who were expected to give the local Senators a hard battle Saturday night, could not hold Kelowna's forward line, with the result that the Hornets won their second consecutive victory, 56-26. The meeting of the championship teams in the Intermediate and Senior B divisions respectively was looked forward to with considerable interest by local basketball followers, especially as the Revelstoke boys had a victory over Kamloops Seniors to their credit last winter. "Chuck" Henderson, who was in opposition uniform, was the only absentee from their championship team.

Not that the visitors did not put up a good showing, but they were simply unable to make headway against the superior and superior shooting ability. The Revelstoke boys on their showing would have won from the Canadian Nationals who appeared the previous week, but they could not cope with the attack which commenced with the opening whistle. The height of the locals was also a factor in their win.

Displaying pretty combination, especially between Gayton, Jack Parkinson and Williams, the Hornets ran up a double figure score before Revelstoke could find the net. Gayton appeared to be alone during the most of the game. The visitors displayed some snappy combination and were fast on the ball, but the defence of Dick Parkinson and Henderson kept the Revelstoke boys shooting from a distance. Half time score was 26-10 in Kelowna's favour.

Probably the outstanding feature of the game was the balanced team which Kelowna placed on the floor. McLeod and Rowcliffe came on in the second half, and McLeod's work with Williams was spectacular at times, while his shooting was on a par with the remainder of the forwards. Henderson also showed to advantage, his passing and unselfish play being a feature. The passing and combination of the locals had the visitors completely upset, and the game consequently became ragged towards the end, although the visitors never ceased trying to reduce the lead.

KELOWNA: Williams, 18; McLeod, 8; Gayton, 11; J. Parkinson, 6; Henderson, 10; R. Parkinson, 1; Rowcliffe, 2.—Total, 56.

REVELSTOKE: McKenzie, 7; E. Henderson, 9; Disney, H. Dean, 10; Hooley, Guizzo, Bell.—Total, 26.

Personal fouls: Williams, 1; J. Parkinson, 2; Henderson, 1; R. Parkinson, 1; Rowcliffe, 3; McKenzie, 3; E. Henderson, 1; Guizzo, 1.

Revelstoke Girls Avenge Defeat Of Brothers

After a half-time score of 7-11, Revelstoke girls took a lead, bringing the score to 13-7 before Kelowna staged a rally which brought them within one point of again evening the count, before the whistle blew for full time, the visitors breaking even on the evening's games by winning the girls' fixture, 13-12.

Neither team showed to advantage in the first half, as both were inclined to be too slow with their passes, with the result that the players bunched and the referee's work was made much harder thereby. Kelowna had more of what combination there was displayed, although Revelstoke missed several easy chances to score. Play opened up towards the end of the half, in which the play of Ruth Rowcliffe for Kelowna and A. Dean for the visitors was outstanding.

Revelstoke took the lead after the interval on free shots and individual work by V. Staten and A. Dean. Kelowna's shooting being too hurried and their passing very faulty at times, while the players were too slow in getting rid of the ball, with the result that close checking was the rule. The locals, on free shots and a nice basket by Jean McLeod, pulled up within one point of the visitors, and on the shots for the basket should have won out, as during the last five minutes they had many opportunities to go into the lead, their efforts either being wide of the mark or rolling round the hoop. Scores:

REVELSTOKE: B. Donaldson, 1; L. Rutherford, 1; M. Macdonald; A. Dean; D. Abrahamson; V. Staten, 2.—Total, 13.

KELOWNA: J. McLeod, 4; G. Griffith, 2; A. McClintock, 1; M. Kincaid; K. Ryan; R. Rowcliffe, 5. Total, 12.

Coming Events

On December 26th (Monday night), Jordan River, Vancouver Island Senior A champions, are expected to appear at what should be without doubt a real test for the Hornets. The visitors are practically all former members of the First Presbyterian five of Victoria, who won the provincial title three years ago, and led by Norman Forbes, should prove worthy opposition. The writer is personally acquainted with a majority of the Jordan River players and knows they are a fast aggregation, as their showing last year in the semi-finals against King Edward Old Boys proved. The Islanders just missing the right to meet Kamloops in the finals by a few points.

On January 2nd a Vancouver Senior A team will be here, attempts having been made to have either Crusaders, Varsity or New Westminster Y make the trip.

Following this fixture, the local Hornets will embark on the most extensive tour undertaken by an Interior team, their proposed visit including Vancouver, Victoria and Nanaimo.

Realizing the necessity of providing outside games for the other representative teams, the local executive has made arrangements for the Senators to play against Armstrong, and for games with Summerland and other points during the visit of the Senior A squad to the Coast after the New Year. Basketball followers will be provided with attractions from Christmas right up to the end of the season, exhibitions being planned to continue up to the date of the commencement of the playoffs.

GLENMORE

Mr. and Mrs. J. Steptoe left over the C.N.R. on Monday afternoon en route to their former home in Cornwall, they sail on the S.S. "Baltic," December 12.

Mr. J. F. Paul left on Monday to spend Christmas with his people in the Old Country. He plans to return in the early spring.

Messrs. W. J. Percy and Archie Rankin, with Jack Ward, are trying their luck at Nahun, having gone up on Saturday last.

Instead of an afternoon meeting of the members of the Community Guild are planning to meet on Friday evening at the home of Mrs. W. Hicks.

The dam has been lowered to the twenty-two foot level again.

A community Chicken Dinner is being arranged for Thursday, December 15th, in the school, at 6.30 p.m. It is hoped that there will be a good turnout of all Glenmore residents.

NEW MODEL FORD ON DISPLAY HERE SOON

Orchard City Motors Expect To Have Car By December 19th

"A new model Ford will be on display at our showroom on Monday, Tuesday and Wednesday, December 19th, 20th and 21st," stated Mr. H. A. Truswell, of the Orchard City Motors, Ltd., in announcing that the long-awaited new Ford cars and trucks, will be on exhibition locally. "The cars will justify in every way the millions of dollars and months of labour expended in designing and perfecting them," he added.

"Tremendous interest has been shown locally in the new car," he continued. "This is evidenced by the fact that to date we have received fourteen orders for cars, and we have found it necessary to establish a policy of filling orders strictly in rotation. With the Ford factory swinging into large volume production, cars will soon be rolling in for local purchasers, but we feel sure that for some time to come the demand will far exceed the supply."

"Never before has such public confidence in any manufacturer been displayed as in the reception of this new Ford car. In the production of this car, which is different in every respect from the famous model T, the reliability of Ford manufacturing has been sufficient for thousands of Canadian car buyers to place their orders with cash deposits before any details were made known."

In commenting on the position of present owners of Model T cars, Mr. Truswell declared that they need not fear neglect either on the part of the Ford Motor Company of Canada or of dealers. The factory at Ford, Ont., will continue manufacturing Model T parts, and all dealers will continue to carry a stock. Therefore, as long as Model T cars are being ordered, parts and service will be available.

"We are laying plans for a busy time when our first cars are delivered," stated Mr. Truswell in conclusion. "The first model will be placed on public exhibition in our showrooms immediately it arrives, and all who care to inspect it will be welcomed."

CARD LEAGUE

Commencing the league schedule for the season last Thursday, Canadian Legion and Oddfellows played to what is reported to have been a draw, but owing to some misunderstanding, a tie was played off, which would have given one of the teams the lead of 5 to 3. Under the rules of the card league, it is understood that, in the case of tie scores, each team would take one point, and the matter will probably come before the committee for a ruling on the score.

With the Oddfellows again in the league, competition this year will be more interesting, the Sons of England, for the past two years holders of the shield, being the other entry in addition to the Canadian Legion. Tonight the I.O.O.F. and S.O.E. meet in the second fixture, followed a week later by Canadian Legion and the Englishmen.

OKANAGAN CENTRE

Mr. Bob Wentworth left on the north-bound boat last Friday for his home in England, where he intends spending the winter, returning the end of March.

A court drive is being held by the Badminton Club on Friday evening at the Community Hall, the proceeds to be used for the fund for enlarging the Hall.

Mr. S. Copeland has left for Vancouver, where he will visit the Winter Fair. He will then proceed to Victoria where Mrs. Copeland has been staying this fall. Miss H. Copeland is studying the second year university course in Victoria.

Mrs. Collinson, Mr. Tom Collinson and Mr. Tocker left on Tuesday morning for an extended motor trip through the coast States.

Mr. F. Gray has left for Seattle, where he will spend Christmas with his sister and brother-in-law, Mr. and Mrs. L. Seeman. Mr. and Mrs. Seeman formerly resided here on their ranch.

Mr. E. Logie left for Vancouver and will set out from there for a tour of the States, visiting his sister, Mrs. Harmon, in Louisiana.

CASE AGAINST GRAND FORKS SHIPPER FAILS

Charge Of Shipping Without Licence Is Dismissed

Magistrate J. A. McCallum rendered judgment at Grand Forks on Thursday last dismissing the Crown case against J. A. Coleman, who was charged with shipping fruit after his licence under the Produce Marketing Act had been cancelled. The magistrate gave the following reasons for his decision:

"The defendant is charged with marketing on Oct. 12 a car of fruit without having first applied for and obtained a shipper's licence.

"On Aug. 23, 1927, the Committee of Direction issued the defendant a licence, licensing him as a shipper until the 31st March, 1928.

"Without calling the defendant to make his defence, the Committee on Sept. 22 wired him that his licence had been cancelled, and warned him that if he would do any act of marketing or selling he would render himself liable to the penalties of the Act. The reason for the cancellation of the licence was the defendant's failure to make a return of the invoice of a car of apples, known as a 'roller,' shipped in the latter part of August.

PROPERTY FOR SALE

BY WILKINSON & PARET

TWO STORY FRAME HOUSE, modern, 7 rooms, stands on two lots. Price, including household furniture; a snap, on easy terms, at **\$3,200**

SEMI BUNGALOW modern, basement, front and back verandah; garage, woodshed; 2 acres of choice land; free irrigation; bearing fruit trees. This property is worth investigating. **\$4,200**

TWO STORY FRAME HOUSE, 8 rooms, cement basement, garage, woodshed, one acre choice land. On easy terms, **\$2,500**

REAL ESTATE & INSURANCE in all its branches. Established - - 1893

"In imposing the extreme penalty of cancellation of his licence, the Committee acted harshly and have also failed to recognize the right of the defendant to make his full answer and defence to their complaint.

"After having cancelled the licence and warned the defendant not to make any further shipments, the Committee, by their subsequent actions in refusing to answer the letter of the defendant in reply to their wire, in failing to call in his licence and permitting him to retain it in his possession, in continuing to send him their 'circulars to licensees,' in quoting him prices on apples, and on Oct. 1 and 15 in sending him invoices for \$41.69 and \$32.68, being the amounts the Committee demanded as a levy of 1 1/2c per box on several cars of fruit,

most of which was shipped after the said 22nd September, have given the defendant reasonable grounds for believing that they intended to allow him to continue marketing his fruit.

"The defendant has stated (and there is no evidence to the contrary) that since he first obtained his licence he has endeavoured to carry out the regulations of the Committee.

"I therefore dismiss the information."

PRETTY COLD ON THE PEACE RIVER

EDMONTON, Dec. 8.—The coldest point reported on the continent so far today is Hudson's Hope, in the Peace River district of British Columbia, where the temperature dropped to 51 below zero early this morning.

Keep the Fireside Burning

Many a heart will be made glad Christmas by the thoughtfulness of a friend in sending a small token in remembrance. The gift does not need to be an expensive one. To the contrary, some small trinket to carry your message of thought is all that is necessary. Here you will find hundreds of suitable little gifts, at a very small cost.

For Mother, Sister or Sweetheart

DAINTY LINGERIE

Every generation has its own particular something. In lingerie, she invariably chooses Lavender Line, whether she wants pyjamas, a vest and knicker set, or a teddy. They come in delightful shadings, skilfully tailored, from a closely knitted lustrous fabric. The sleeping garments remain amazingly smartened by slash trimming in contrasting colours. They all wear endlessly and wash like grass in the dew, to a gleaming freshness.

GLOVES FOR GIFTS

GLOVES have been presented to one friend by another ever since it has been the custom to give gifts. It is a gift that always pleases and is easily selected from our very comprehensive stock of DENT'S.

GIFTS OF SILK HOSIERY

Of silk and wool, all wool, and such colorings! We have gone into the best markets in the world to get these. LISTEN! Jaeger, Woolsey's, Grey's, of London, Mercury, Holeproof, Super-silk, Winsome Maid and many others. Prices from our assortment of Allan's A.B.C. Hosiery 50c to **\$3.00**

For girls and misses they are lovely.

Suggestions in the Ladies Department

Leather Hand Bags. Flowers. Bridge Sets. Combs. Steamers Rugs. Auto Rugs. Umbrellas. Neckwear. Lingerie. Madeira Linens. Sweaters. Scarves. Fancy Brassieres. Infants' Woolies. Buckles. Rhinestones, etc.

BOXING

All gifts purchased here will be put in nice, Christmas boxes for which there will be no charge.

LET US SELECT

Out of town shoppers may feel quite safe in having our sales people make selections for them, sent on approbation.

For Father, Brother or Somebody else's Brother

GIFTS OF TIES

Never before have we assembled such an array of classy neckwear.

SUSKWAHENA SILK AND WOOL CREPES

MILNE'S MIRACLE TIES

You haven't seen these yet. Cannot be destroyed. Wool lined for the cold days. They are different and wonderful.

Also REID'S famous silk knits in club stripes and plain weaves. CURRIE'S Combinations Handkerchief and Tie to match are extremely popular.

From \$1.00 to **\$3.75**

MEN'S GIFT SHIRTS

"FORSYTHE," that should almost be enough. Just lovely and boxed like a million dollars, in old stage coach days. Forliscas, Percalés, Broadcloths and Wool Taffetas. Every purse was thought of when we bought these shirts and a man would be cowardly indeed not to appreciate one or two of these for Christmas.

MEN'S DEPARTMENT

The Men's Department is just bursting with gifts suitable for men. They must be seen to be appreciated. We might mention just a few. Dent's Gloves, Forsythe Pyjamas, Neckwear of all descriptions. Lounge Robes, Bath Robes, Smoking Jackets, Travelling Sets, from Julian Sale, Collar and Handkerchief Cases, Suit Cases, Club Bags, Scarves, Golf Hoses, Fancy Socks, Sweaters, Walking Canes, etc.
