

# Librarians as Teaching Partners in the Health Sciences

Lea Leininger  
June 19, 2008

THE UNIVERSITY *of* NORTH CAROLINA  
**GREENSBORO**

# Opportunities in Health Sciences

## Nursing

- Library instruction early in curriculum
- The Nursing 310 example

## Nutrition

- Library instruction late in curriculum
- The Nutrition 423 example

# Nursing + Library Instruction

## 4 Year Program

NUR 210 (Sophomore):  
Intro to Nursing

Admission to nursing  
program

NUR 310 (Junior):  
Mental health nursing

## Lateral Entry

Associate degree nurses

Admission to nursing  
program

NUR 370 (Junior): Intro  
to Prof'l Nursing

# Nursing 310

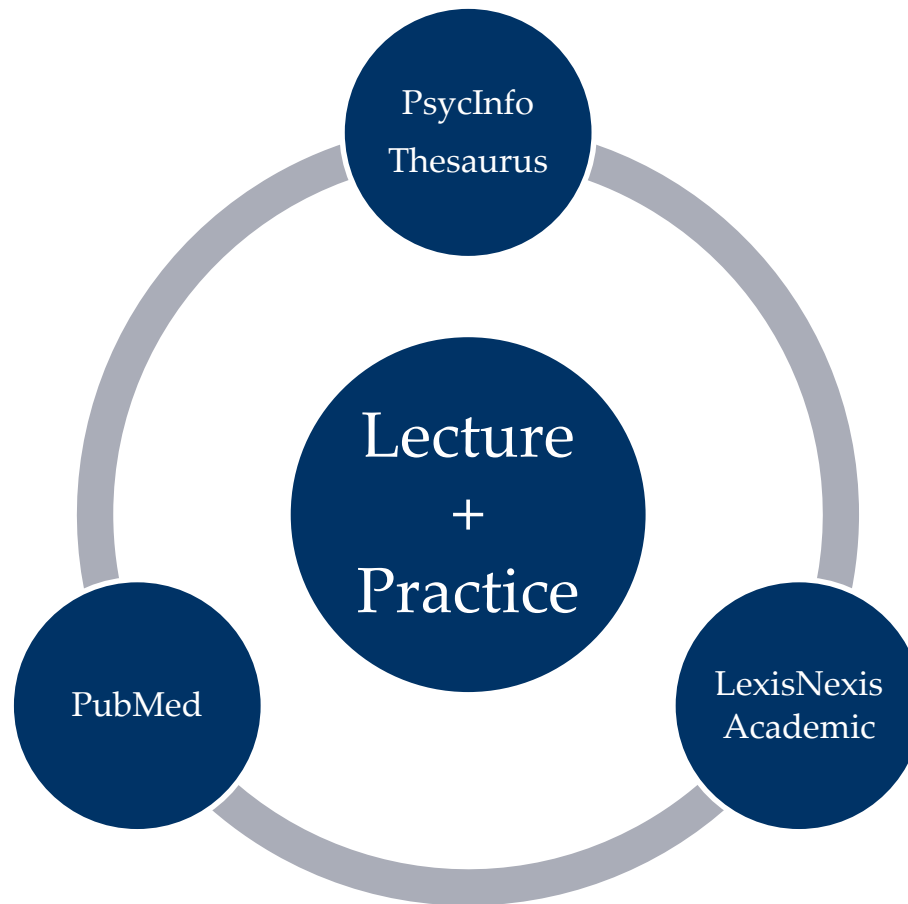

Mental health nursing: 41 students (2 sections) in Fall 2007

Clinical work: Onsite observation + participation in all stages of mental health care. Write paper based on symptom encountered there.

Paper requirements: Compare/contrast mainstream with alternative/non-Western treatments. Scholarly sources + newspaper report.

# Nursing 310 Library Instruction

# Nutrition + Library Instruction

NTR 423 (Senior):  
Community Nutrition

NTR 403 (Senior):  
Food Lab

NTR 302 (Junior):  
Nutrition Education

# Nutrition 423

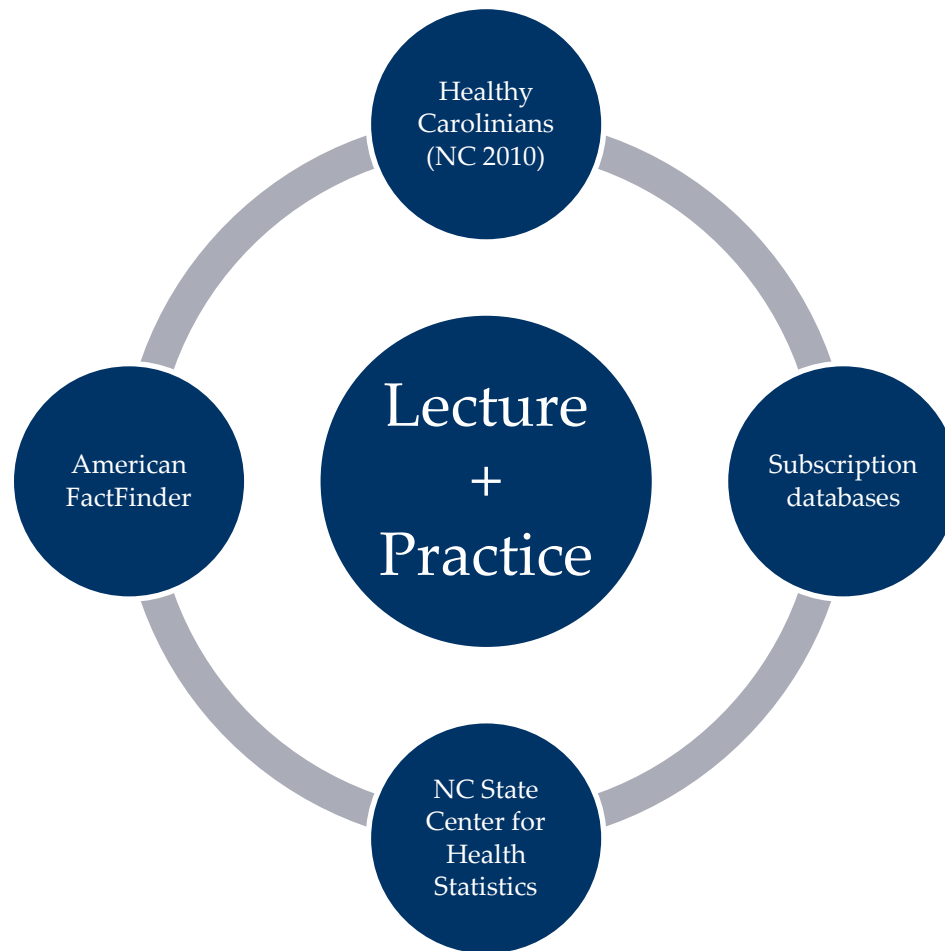

## Community health nutrition: 31 students in Spring 2008

Assess nutrition-related health status of Guilford county residents for a grant proposal (student chooses topic).

Statement of needs requires demographic, socioeconomic, and health data.
