

My Hair

Illustrated and Written by
Grace Rodriguez

**I will like to dedicate this
book to my mom. Thank you
for taking care of my hair.**

I love my hair. My hair is long and beautiful. My hair is brown and wavy. Everyday, at school, all my friends say my hair is pretty.

One day, my momma ask me if I should get a hair cut.

I yelled,

NO

**I love my hair, but it gives me
problems like:**

My hair is very heavy,
when it is wet.

My hair gets knots and
caught on my jacket, the
door, and my backpack.

My hair is too much for me!

The next day, I went to my momma...

"Momma, I want a hair cut."

I closed my eyes. I did not want to see my hair getting cut.

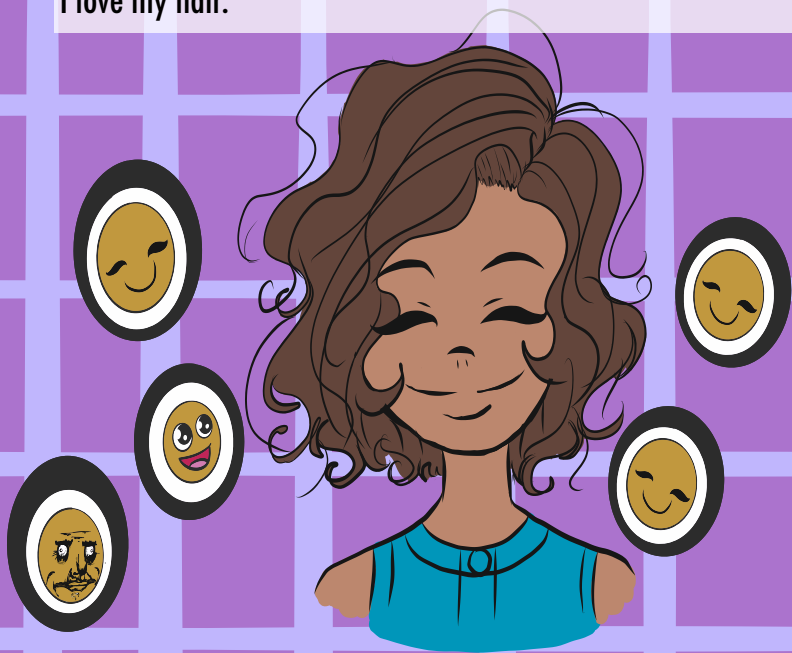

When it was done, my momma told me to open my eyes.

My hair... Is beautiful!

In school, my friends like my new hair. My new hair is perfect.

I love my hair.
