**Subject:** TIMELY WARNING: Sexual Assault Reported

**Date:** May 4, 2019 at 11:58 PM

**To:** Wofford Staff and Faculty WoffordStaff@Wofford.Edu, Wofford Students WoffordStudents@Wofford.Edu

## Timely Warning

Timely Warnings are issued in an effort to make the Wofford College community aware of situations that present a potential threat to the safety and well-being of our community members and in compliance with the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act of 1990. Per federal law, the College issues Timely Warnings based on when the College receives a report, *not when the incident reportedly occurred*. For more information about the Clery Act, please visit [www.clerycenter.org](http://www.clerycenter.org). Wofford College takes all reports seriously and encourages victims of any crime to make a report to campus officials. Contact information is provided in "On-Campus Assistance" below.

## Reported Offenses: Sexual Assault

The College received a report today that a Wofford student sexually assaulted two students during an event in the Greek Village on May 4, 2019. The College is aware of the identities of the students and is addressing this report in accordance with College policies.

## Individual Safety Tips

1. Engage in physical intimacy or sexual activity only after obtaining consent. Consent must be clear and unambiguous for each participant at every stage of a physical or sexual encounter. To learn about consent, please visit [Love is Respect](#).
2. The absence of "no" should not be understood to mean that consent is present.
3. Trust your instincts. If you feel unsafe, take actions that you feel are necessary to leave the situation.
4. Make a plan with your friends to keep an eye out for each other before you go out, and review the "It's On Us" [Bystander Intervention Tips](#) to learn how to safely intervene if a friend should need help.

## Community Safety Tips

As a community, we are responsible for taking care of each other. Please be aware of your surroundings. If you notice someone being victimized or become aware of a situation that you think has the potential to impact someone's safety and well-being, safely intervene or contact Campus Safety at 864-597-4911 immediately. Review the "It's On Us" [Bystander Intervention Tips](#) to learn how you can be an active bystander.

## On-Campus Assistance

For immediate assistance, please contact Campus Safety at 864-597-4350 (available 24 hours a day, seven days a week). If you or someone you know has experienced sexual or gender-based misconduct, consider contacting the Title IX coordinator or the Wellness Center; contact information is available on Wofford's [Title IX](#) web page. To learn about your rights and options on campus and in the community, please visit the Wofford College's Sexual and Gender-Based Misconduct Policy or the FAQs available on the [Title IX](#) web page.

Wofford colleagues:

I invite you to join me in making your mark on the Spartanburg and surrounding community by taking part in Wofford's 2019 United Way Campaign.

Your donation to the United Way of the Piedmont is distributed to more than 70 nonprofit agencies throughout Spartanburg, Cherokee and Union counties. I also want to point out three important initiatives of the United Way:

- VITA (Volunteer Income Tax Assistance), which provides *free* income tax preparation to any family with a household income of \$66,000 or less. Wofford faculty and students have helped participants in this program for several years.
- Imagination Library, which delivers a free, age-appropriate book every month to the homes of children, ages birth to 5 years.
- Dial 2-1-1, which provides information on nonemergency human service needs, such as community programs, counseling services, financial assistance, childcare resources and shelter, 24 hours a day, seven days a week. The United Way of the Piedmont invests in this statewide resource hotline.

To give to the United Way of the Piedmont, visit their online giving portal: <https://ep.upicsolutions.org/Wofford>. If you would prefer to participate using the traditional pledge paper form, contact United Way campaign chair Annie Mitchell, [mitchellas1@wofford.edu](mailto:mitchellas1@wofford.edu).

Wofford's campaign period will run beginning today, Monday, May 6, through Monday, May 20.

Your participation, regardless of the amount, is appreciated. Please join me in making a difference in our community by supporting the United Way.

Thank you,  
Nayef

## **LIBRARY SERVICES: SUMMER 2019**

Because of extensive renovations in the library this summer, the library's physical collections will be inaccessible, and the building will be closed beginning on Saturday, May 18, 2019. The library facility will reopen prior to the beginning of the fall semester in late August 2019.

Library services will still be offered during the summer. Our primary service point will be the counter in Great Oaks Hall in the Milliken Science building, beginning on Wednesday, May 22. Hours of operation will be 8:30 AM to 5:00 PM Monday through Friday. At this service point, students, faculty and staff will be able to:

- return library materials you have checked out;
- pick up and return PASCAL or interlibrary loan books;
- check out course reserve materials;
- check out equipment such as cameras and laptops; and
- seek research assistance.

Since our physical collections will be inaccessible, we will be relying on PASCAL and interlibrary loan services to provide books and other items for Wofford students, faculty, and staff. Information about using those services can be found [here](#). Our electronic resources of all types will remain accessible to you through our [web site](#).

You may continue to use the email addresses and telephone numbers that you are accustomed to using when inquiring about library services. The following individuals will be relocated to the Great Oaks Hall area for the summer:

- Alice Bomar
- Angela Brown
- Missy Clapp
- Kenny Herniman
- Karen Lopez
- Kevin Reynolds
- Emily Witsell

The rest of the staff will be able to work in the library during the summer; however, they will not be able to accommodate visitors. We recommend contacting those individuals in advance if you need to meet with them.

Please don't hesitate to contact us at 597-4300 if you have any questions. Thank you for your patience as we make these adjustments in our services this summer. We are looking forward to serving you in our newly renovated spaces in the fall!

Dear Faculty and Staff,

As you know, Wofford is a member of the Council of Independent Colleges (CIC), which has asked us to gather some information from faculty and staff to help CIC develop an upcoming series of workshops, including one that will be hosted here on campus. The link below will take you to a short, informal survey about the kinds of conversations you have with non-academic friends, neighbors, family members or others about college and higher education. Responses are entirely anonymous and the survey should take only a few minutes to complete.

Survey link: <https://www.surveymonkey.com/r/NRKWWNL>

Your participation will help CIC's workshop planners by providing current "field notes" about the views and attitudes that members of our surrounding community express when the topic is higher education. The CIC contact for any questions about the survey is Jo Ellen Parker, vice president for communications, at [jeparker@cic.nche.edu](mailto:jeparker@cic.nche.edu) or (202) 466-7230.

Thank you,

Under Taylor’s leadership, Southland became the largest producer of pre-cut log homes in North America. It operated in 27 states and nine foreign countries and employed approximately 300 individuals. Taylor sold 75 percent of the company in 1999 and the remainder of his interest in 2005.

In 2006, then-Governor Mark Sanford appointed Taylor as secretary of commerce for the state of South Carolina. In that role, he oversaw the department charged with attracting employers to the state, and he did so in the thick of the longest and deepest economic downturn since the Great Depression. Serving from 2006 through 2011, Taylor helped lead a number of successful efforts on behalf of the state.

For example, the department announced nine projects that promised 1,000 or more jobs each; he helped to develop a nationally-recognized high school dropout prevention program called Jobs for America’s Graduates – South Carolina; and he was a leader in attracting the Boeing Corporation to build an assembly plant for the company’s 787 Dreamliner passenger jet that promised 3,800 jobs over time.

After leaving state government in 2011, Taylor has focused attention on private equity business and real estate development, and he served on the board of the State Infrastructure Bank through early 2019. Taylor also serves on the board of trustees of Wofford College, with a term starting in 2007 that will end in the spring of 2019. During his tenure on the Board, Taylor was chairman of the Board’s finance committee from 2010 through 2015, and also served on the athletic, development and student life committees. Taylor has supported numerous scholarships and projects, notably the athletics office and training complex bearing his name at the corner of Evins and Cumming Streets. He helped start a bank, Carolina National, and has been a board member of a long list of organizations across the Midlands of South Carolina and around the state, including the Columbia Museum of Art, the Chamber of Commerce, Boy Scouts of America and the Central Carolina Community Foundation.

### **Dr. Alan Chalmers — Philip Covington Award for Excellence in the Teaching of Humanities and Social Sciences**

Dr. Alan Chalmers, who recently served as chairman of the Department of English, holds a B.A. in English literature from the University of Sheffield in the United Kingdom and master's and doctoral degrees from the University of Southern California.

The Philip Covington Award for Excellence in the Teaching of Humanities and Social Sciences is named in honor of Philip Stanhope Sheffield Covington, a beloved academic dean of Wofford College who served from 1953 to 1969. A graduate of Emory University, he joined the Wofford faculty in 1947 after earning a master's degree at Duke University and teaching in public schools in Charleston, S.C. He was dean of students from 1950 to 1953 and served as acting president in 1957-58. In 1970 ill health forced him to give up his administrative duties, but he remained active as a professor of English until his retirement from the college in 1976. Wofford honored him with a Doctor of Literature degree in 1959 and with the title of dean emeritus. Covington was a member of Phi Beta Kappa, Blue Key National Honor Society, Sigma Chi and Sigma Delta Psi.

The Covington Award winner, selected by the president and academic dean of the college, receives \$5,000 per year for three years; one recipient will be named each year. The money may be used at the recipient's discretion for travel, study or other professional development. This marks the 13th year that the award has been presented.

### **Dr. Jameica B. Hill — Roger Milliken Award for Excellence in the Teaching of Science**

A 1988 Wofford graduate, Dr. Jameica Hill not only teaches and chairs the Department of Chemistry, she has served as the faculty athletics representative for the past 13 years. She holds a Ph.D. in inorganic chemistry from Clemson University.

The Roger Milliken Award for Excellence in the Teaching of Science, funded by a \$1 million endowment, provides a \$50,000 prize – an annual award of \$5,000 for up to 10 years – for use in pursuing professional development. The recipient must remain on the Wofford faculty to continue receiving the annual disbursement. This was the 15th annual awarding of the honor.

The award recognizes outstanding performance in the teaching of science. Full-time faculty in all science disciplines – biology, chemistry, computer science, geology, mathematics, physics and psychology – are eligible. The recipient is selected by a three-person, off-campus committee composed of business and professional leaders in science from a list of nominees developed and approved by the college provost.

The late Roger Milliken, chairman and CEO of Milliken & Co., based in Spartanburg, S.C., was the longest-serving member of the board of trustees of Wofford and was the first person to have been named trustee emeritus. He died Dec. 30, 2010.

Science is a part of every student's program at Wofford, and about 30 percent of the degrees awarded are to students majoring in one of the sciences. Wofford's science programs and professors have been recognized nationally and internationally for innovation and excellence. The college has a well-respected pre-medical program, and many of Wofford's graduates enter health care fields. Over 1,200 of the college's more than 12,000 living alumni are involved in medicine, dentistry, veterinary medicine and other health care fields. Professors and students are involved in research both at Wofford and other institutions and have made national and international presentations.

### **Dr. Charles Kay – Professor Emeritus**

Dr. Charlie Kay, professor of philosophy, has served the Wofford community for 33 years. He holds an A.B. from Princeton University and master's and doctoral degrees from the University of Pittsburgh.

Dear Colleagues,

On Sunday we graduated more than 380 Wofford students under a beautiful blue sky. It was a wonderful weekend, and the Commencement address by Dr. Katy Close was personal, thoughtful and inspiring. Rev. Ron Robinson presided over a special Baccalaureate Service, and the Class of 1969 returned to renew friendships and share memories.

This summer will be busy as we begin several construction projects in the first phase of our five-year plan. At their Spring meeting, Wofford trustees approved the issuance of \$25 million in bonds and the construction budgets for a new residence hall and the renovation of the library. We also will begin construction of a new environmental studies building before the start of the fall semester.

Also during the board meeting, we paid tribute to retiring Professor of Philosophy Charlie Kay, and we recognized the contributions and tenures of four trustees rotating off the Wofford board: Mike James, Jim Johnson, Joe Taylor and Pat Prothro. Corry Oakes will serve as board chair, Chris Carpenter as vice chair and Costa Pleicones as secretary for the coming year. Lastly, trustees approved the recommendations of the new Rank and Tenure Committee for faculty tenure and promotions.

As we begin the summer season, Lawrence O'Donnell of MSNBC will host a one-hour, live town hall at Wofford with Democratic presidential candidate Sen. Kamala Harris. The event will take place in the Jerome Johnson Richardson Theater of the Rosalind Sallenger Richardson Center for the Arts on Tuesday, May 28 at 10 p.m.

It has been a good year at Wofford College. Across the campus new successes and programs have shaped our college — provocative speakers and theater productions, wonderful art and music, explorations and transformations in our general education program and, of course, success in athletics, including not only the great run for men's basketball in the NCAA Tournament and another SoCon championship in football, but terrific years in track and field, tennis, women's basketball and baseball, among others. Finally, our "FOR WOFFORD" comprehensive campaign kicked off with an ambitious goal of \$300 million; today we stand at more than \$280 million raised or committed!

The campus has never looked better thanks to an outstanding facilities and grounds team. As we set upon the summer season, I want to thank everyone — faculty, staff and coaches — for all that you have done to make the 2018-19 academic year so extraordinary. When we all gather again to start the next academic year, welcoming more than 470 new first-year students, there will be noise and dirt stirring as we build for an even stronger future.

I wish you the best for whatever and wherever your summer adventures may lead, and I thank you for all that you do for Wofford College and our students.

My best,
