

MOREHEAD'S GROWTH IS SHOWN BY INCREASE IN ENROLLMENT, AS WELL AS FACULTY AND BUILDINGS

College Enlarges in Ten Years From Nine Teachers And Less Than One Hundred Students To Forty-Eight Teachers And Over Five Hundred Students

Ten years ago a group of legislators sat in the General Assembly room of the State Capitol at Frankfort, Kentucky and passed an act which has possibly had more to do with the educational development of the mountains of Eastern Kentucky than any laws that have been enacted since a band of determined Virginia citizens declared that those same mountains should be the boundary line forming an entirely new state.

This act passed by the General Assembly of 1922, provided for the opening of two normal schools, one to be located in Eastern Kentucky and one in Western Kentucky, for the purpose of training white elementary teachers.

A commission for the purpose of choosing a site for these schools picked Murray, Ky., for the location of the school in Western Kentucky and for the Eastern Kentucky school chose Morehead, a town of 1,500 population, where since 1887, the United Christian Missionary Society of St. Louis, Mo., had sponsored an academy. Not much is known about this early school except that on the day it opened under the direction of Mrs. Phoebe Button and Dr. F. C. Button, only one student attended. However, through the liberality of Gen. William T. Withers, of Lexington; Hon. T. F. Hargis, of Louisville and Mr. and Mrs. Robert Hodson, of Oquawka, Ill., the school soon grew until in the year 1921 it had 75 acres of land upon which four beautiful frame buildings had been erected and was graduating quite a number of students each year. The faculty of this year was composed of W. O. Lappin, principal; Miss Inez F. Humphrey, teacher of English and Science; W. C. Lappin, mathematics, a teacher of history and Latin; Miss Carolyn Whitenack, eighth grade; Miss Cora A. Lappin, seventh grade; Miss Eva M. Lester, music and Miss Bernice Miller, Dean of Young Women. Mr. and Mrs. Battson had charge of the boarding hall which was located in the girls' dormitory. A charge of \$3.50 per week was made to the students.

Three interesting rules which were in effect during this year are:

Any pupil who is a party to a secret correspondence is liable to be expelled.

All clothing should be marked with owner's name. Wearing of jewels is especially discouraged, as it is out of harmony with school life.

All students must attend chapel daily and Sunday School and Church Services on Sunday morning unless excused by his or her advising officer.

In 1921 there were four buildings, all named in honor of the founders of the school. Hargis Hall, the recitation hall, was a beautiful frame building of six rooms. It was located on what is now the boulevard directly in front of the present Fields

and dining room, Hodson Hall. When the institution became a state school in 1922-23 these same buildings were used, but as the school grew, and more and more students were clamoring for admission, appropriations were granted for building purposes. Today instead of these old structures, eight new up-to-date buildings house the college. The Administration Building was completed early in 1926 and provides offices for the President, Dean, Registrar, Director of Extension, Business Agent, and other members of the administrative staff, as well as modern, well-equipped standard class rooms and laboratories.

Not long after the completion of the Administration Building, Allie Young Hall and Fields Hall, both dormitories for women, were finished. These two halls will easily accommodate 310 women. Both are equipped with all modern conveniences and the rooms are attractive and comfortable. Tastefully furnished recreation rooms and parlors help to make them home-like and livable. Taking the place of Withers Hall is our modern men's dormitory, Thompson Hall, designed to accommodate 165 men. To tell best of this Hall is to repeat the quotation of a noted Southern educator when he said, as he visited the building, "I have visited fifty or sixty schools and have rarely seen such elegant recreation rooms and such evidence of culture in boys' dormitories."

Our newest buildings, completed in the last three years, are the auditorium-gymnasium, the Johnson Camden Library and the Robert J. Breckinridge Training School. The auditorium-gymnasium is one of the most complete and modern buildings of its kind in the country. The library occupies the site of the old Burgess Hall, which was the last of the historic group of four buildings of the old "Morehead Normal" to be razed. The Breckinridge Training School will accommodate 520 students from the kindergarten through the senior high school.

On September 24, 1923, under the leadership of Dr. F. C. Button, who had served for twenty-five years as head of the old "normal", the Morehead State Normal School opened its doors as a state institution with a faculty of nine and a student body of less than 100. Before the close of the year the faculty had increased to thirteen and the student body to 250, and at the close of the second year, there were 24 teachers, five administrative offices, and nearly 500 students. Every year the enrollment has increased, and the school has added enough members to the faculty to care for the increased enrollment until today there are 27 administrative officers, 48 faculty members and at the close of the year here promises to be approximately 1300 students in attendance.

From 1921 to 1926 the school was merely a normal school, but in 1926 an act of the General Assembly of that year changed the name from Morehead State Normal School to the Morehead State Normal School and Teachers College. In 1930 the normal school department affiliated with the training school as the senior high school, and the name of the college was changed to the Morehead State Teachers College. In 1929, President Button retired, and John Howard Payne was inaugurated as president of the institution, and under the new leadership, the school has developed along many lines.

The following year, Morehead became member of the American Association of Teachers Colleges, and in December of the same year was admitted to the Association of Colleges and secondary schools of the Southern States. This was a great step forward in bringing the school prestige. Now a degree earned at Morehead gives its possessor rank with graduates of other important institutions throughout the United States. Morehead graduates are filling more responsible positions.

The future of the college seems bright, based as it will be on these

STATE NORMAL SCHOOL NOTES

President and Mrs. Button returned Monday afternoon from a visit in Louisville with their son Frank and his family. Mrs. Button spent a week in Louisville, while Dr. Button was there for the week-end, only.

Professor W. L. Jayne has returned from a trip to Boyd and Pike counties. In Boyd he made speeches at eighth grade graduation exercises at Cannonsburg, where there were 31 graduates and at Coalton where there were 22. In Pike county he visited Mayo College where he spoke in chapel. Mayo now has an enrollment of 300. 100 students are now enrolled in a twelve weeks' normal at Pikeville. Many of them are planning to come to Morehead for the summer term in Morehead State Normal.

The total enrollment for the year in M. S. N. has now reached 441 from 31 different counties. There are five counties now sending students, from which we had no representatives last semester. They are Martin, Lee, Wayne, Hopkins, and Shelby.

New officers of the Dramatic Club for the second semester are as follows:

President--W. E. Flannery

Vice-President--Starlin Richardson

Secretary and Treasurer--

Marie Holbrook

Stage Manager--John Will Holbrook

Wardrobe Mistress--Kathlene Cramer

Business Manager--W. O. Leedy

Critic--Miss Evelyn Royalty

The Dramatic Club of Morehead State Normal is planning two public performances for the month of February, a Declamatory and Oratorical Contest and a play, "Come Out of the Kitchen." Dates for these performances will be announced later.

Receptions will be given for the Normal students at all four of the churches on Friday evening, February 20. This is an excellent plan for giving all the students a delightful social evening at the same time, as there is no one place large enough for one social to include everybody.

On Tuesday night the third number of the lyceum course was given in the chapel in Burgess Hall. Dr. Edward Amberst Ott gave his famous lecture on "Sour Grapes." Varied humor and pathos enriched his lecture and pleased his audience. Students and faculty were especially favored on Wednesday morning by having Mr. Ott make an address in honor of Lincoln's birthday which came the following day.

Professor Holbrook's talk on Thursday brought out additional thoughts on Lincoln's greatness. It was based on the story of Joseph, the Dreamer.

On Friday morning Miss Ruth Vansant read from Miss Tarbell's story, "He Knew Lincoln," giving an intimate and touching account of Lincoln as known by his friends at Springfield, Illinois.

DEFIANCE OF LAW

As long as a considerable portion of the citizens of any county are not in sympathy with law enforcement and lend no support to the officers, but use every means in their power to embarrass them in the discharge of their duties, just so long will lawlessness prevail and the Demon Rum with his long retinue of resulting evils sway his poisoned sceptre over the prostrate form of weeping justice and the "snake dance" of bold defiance of the law and disregard for the rights of decency, will go merrily on.

furnished by the Morehead orchestra. After the banquet a social hour was enjoyed until ten o'clock. Among the guests was Mrs. Frank Johnson, formerly Miss Thelma Allen, of Canton, O.

The Junior-Senior Banquet of the College department was held at Hodson Hall last Wednesday evening. This is the first time such an event has occurred in Morehead State Normal, but it will doubtless become an annual affair, and all succeeding occasions will be as delightful as this.

Commencement exercises for the secondary graduates were held in the Christian Church, Monday evening, June 1. An eloquent address was delivered by Superintendent John Howard Payne, of Richmond, on "The Character of the American."

Dean Lewis, with a brief, appropriate speech on the remarkable class and the importance of their promotion, delivered the certificates of their promotion to the College department.

President Button presided over the meeting in his usual gracious manner.

NORMAL SCHOOL

The first semester's work ends this week, with the usual round of examinations and reports. There will be no school on Friday, in order to give the teachers time to grade papers and make reports.

The second semester will begin at chapel time next Tuesday morning, Feb. 3. Monday and part of Tuesday will be given over to the registration of new students. Nearly all of the old students have already enrolled and arranged their schedule of classes for the second semester.

On Tuesday evening, Jan. 20, occurred the first annual banquet in honor of the Football men. The banquet was served in Hodson Hall and was prepared by Mrs. Mayme Wiley and her able assistants.

Dean Lewis was toastmaster of the occasion and appropriate speeches were made by President Button, Captain T. H. Morris, and Coach Downing.

Officers elected for the following year are Roscoe Esham, Manager, and Everett Elar, Captain.

In presenting the sweaters, Coach Downing said that the letters were more important than the sweaters. (Each dark blue sweater bears the letter M, in gold.) He said the M in standing for Morehead State Normal, should be the emblem of Moral courage and Most Manly Men. Hargis Ison was representative of the boys who entered the game with the spirit of the true sportsman, those who will be the letter men of the future.

Men who received sweaters are: T. H. Morris, Jack Lewis, Dow Johnson, Claude Clayton, Everett Blair, Wurt Jayne, Wilfred Waltz, Luther Rayburn, Roy Gilley, Everett Amburgey, John Will Holbrook, Starlin Richardson, Ed Williams, Bruce Steagall, Owen Leedy, Virgil Horton, and Rodney Sisk.

All were present except Mr. Sisk, who had been detained at his home in Providence, Kentucky, on account of the death of his father.

On Monday morning in chapel Professor Clarence Nickell demonstrated three types of fire extinguished and made a plea for the prevention of fire and care in the use of the extinguishers. This talk was timely and was made extremely interesting by Prof. Nickell.

Separate chapel meetings were held by the young men and young women on Tuesday morning. The meeting of Y. W. C. A. was conducted entirely by freshman girls, with Miss Lucy Bolin as leader. Nearly every girl had part in talks, quotations, or sentence prayers. The topic was "How to Start the New Year Right." It was decidedly one of the best meetings of the year.

It was announced at this meeting that the Y. W. C. A. will hold a bazaar on March 17, to help raise money to send delegates to the Blue Ridge Conference in June. At this bazaar numerous simple inexpensive but necessary articles will be sold, in addition to candy and foods of various kinds.

Two girls, Marie Holbrook and Dorothy Hesson, were elected delegates to the State Conference of Student Volunteers to be held at Winchester, Feb. 20-22. Miss Nell Cassity, president of the Normal Y. W. C. A., will attend these meetings, and other girls may be able to go. We are entitled to five delegates.

On Wednesday morning, Miss Shader had charge of the chapel program. After the scripture reading by President Button, and the Lord's Prayer, the following program was given:

BOOST YOUR SCHOOL

The following poem was written by some fifth grade pupil:

If you want to go to the kind of a school
Like the kind of a school you like
You needn't pack your books in a satchel
And start on a long, long hike.
For you'll only find what you left behind
For there's nothing that's really new.
When you blame your teacher you blame yourself,
For it isn't the teacher, its you.

Real schools are not made by pupils afraid
Lest some one else gets ahead;
But when everyone studies and nobody shirks
You can raise a school from the dead.
So if while you make your mistakes
Your classmate makes one too,
You'll have the school you like to see,
For it isn't the school, its you.

Quartette—"Kentucky Babe"—
Madison Wilson, Luther Rayburn, Jack Lewis, Everett Blair.
Saxophone Solo—Everett Blair.
Piano Trio—"Polonaise Militaire" by Misses Emma Shader, Ruby Vansant, and Mary Marguerite Bishop.

This music was much enjoyed by all the teachers and students.

Dean Lewis talked in chapel, Thursday morning from the first four words of the Bible, "In the beginning, God." It was an excellent speech voicing a firm faith in the Bible, in God, and in His guidance in the world he created.

Professor Groves gave an unique talk on examinations and grades, Friday morning in chapel, basing his remarks on Jesus as the master teacher and his disciples as the students. He also explained the use of the letters, A, B, C, D, and E, in grading the students' work in M. S. N.

Miss Elizabeth Patton of Boyd County, a former M. S. N. student, was here Friday arranging for her sister to enter school the second semester. The outlook is promising for a large enrollment. There are excellent arrangements for courses that will be most helpful to teachers.

Miss Ida Button spent Saturday and Sunday with her parents, President and Mrs. F. C. Button. As Saturday was Miss Ida's birthday, Mr. and Mrs. C. E. Bishop entertained the family and served the birthday dinner.

Early in the second semester, Miss Button will have a special meeting with the Y. W. C. A. of Morehead State Normal. We are sure this will be full of inspiration and practical suggestions.

Professor W. L. Jayne has just returned from a trip to Ashland and Vanceburg. At the later place he attended and addressed the meeting of Lewis County teachers. An interesting feature of this meeting was a spelling contest. The winner of this contest will represent the county in a state contest to be held at a later date.

Eugene Cocanougher, one of the M. S. N. students during the first semester, will return to the University of Kentucky next week, as he has all the money to which he is entitled from a school of Junior college standing. Everybody is sorry to have Mr. Cocanougher leave M. S. N.

On Monday morning of this week we were fortunate in having as chapel visitors—other Mitchell, pastor of the Methodist church, and Dr. Greer, superintendent of the Lexington district. They gave splendid messages in and sermon.

Mrs. John Jacobs, of this city, died at her home last Monday. She is survived by a husband and six children, Carrol, Cordia, Josie, Helen, Russel and John, Jr. Mrs. Jacobs was a member of the Baptist church. Burial at Grayson.

New students in our school are the Misses Iris and Agnee Prater from Ashland, Charlene Stewart from Denton, Audrey Salyer from Royalton, and Mr. and Mrs. Orra Kiser from Grayson.

M. S. N. was represented at the special group meeting of the N. E. A., last week, in Cincinnati, by professors Jayne and Chambers, Dean C. D. Lewis, and Miss Ora Adams, Dean of Woman. This was a conference of Superintendents. There were 500 deans of women present in that division. Because President Buffon could not attend the conference, Dean Lewis represented him on two important committees, the Committee of One Hundred on Rural Education and the Committee of One

Thousand on Child Welfare.

Last Friday Dean Lewis represented the men of the faculty and Luther Rayburn represented the students of the Y. M. C. A. in a conference of leaders at Lexington. This conference was conducted by Mr. Dix, General Secretary, and Mr. Howe, State Student Secretary of Y. M. C. A. in Kentucky.

Last Friday morning in chapel Miss King gave an interesting talk on Conservation in Kentucky, especially concerning forests. She urged also the preservation of our wonderful wild flowers, especially in this community. Everybody in Morehead should join in urging that we should not uproot any of those plants, as some of them are becoming rare. There is probably no other region in the United States where the wild flowers are more beautiful. We should all be proud of this and aid in their preservation.

HAVE you ever stopped to think how much it means to be favorably impressed by the entrance hall of a house? Subconsciously, with the majority of people, the atmosphere of the hall embodies the spirit of the house, for it is the first and last thing seen.

In every hall the walls—a problem, but, with few exceptions, the same general rules hold good for all halls. The walls of the hall should be finished in a pale neutral color with no broken lines made by banding or stencil bordering. A broken effect which can be handled successfully is a wainscot of wood or paneled canvas painted the exact shade of the pale upper wall. When a narrow hall has an extremely high ceiling, although extra height is not always a drawback in a hall, the ceiling color may be brought down the wall for a foot or two.

In selecting color for the walls of the hall it is advisable to choose neutral tones of gray, tan, cream or ivory, since one must always remem-

Mr. Jo Lyttleton, C. & O. passenger agent, from Ashland, was a visitor in chapel last Friday morning. Mr. Lyttleton was a graduate of the old M. S. N.

On Thursday morning the girls and boys had separate chapel. L. M. Brown, president of the Y. M. C. A., was in charge of the boys' meeting. W. O. Leedy spoke on "What the Y. M. C. A. does for boys." Musical numbers were furnished by the orchestra. E. R. White sang a solo, and Beverage Moore played a harp selection.

Clancie Jacobs was leader of the girls' meeting. Reports from the State Student Volunteer Conference were made by Mary Lewis, Elizabeth Moore, Dorothy Hesson, and Lucy Bolin.

Don't forget the bazaar to be given by the Y. W. C. A. on the afternoon of March 17.

An evening of delightful entertainment was furnished by Mr. and Mrs. Glenn Wells in the auditorium in Burgess Hall last Saturday evening. The chief feature of the evening was a three act melodrama entitled "The Atonement."

The last number of the Lyceum course will be given next Monday evening. Miss Selma Lehart, Reader, will give the entertainment. She comes very highly recommended by those who have heard her.

On Friday evening of this week, our school and town will probably have the rare opportunity of hearing a concert given by the Glee Club of the University of Kentucky. Don't fail to enjoy this rare treat.

Miss Archie Lee Dickson of Chicago, representing the Palmer System of Writing, demonstrated her work in Miss Braun's classes one day last week.

Miss Ida Button, who spent last week with her parents, President and Mrs. Butten, returned to Lexington, Sunday.

Charles Lewis, a student in Wesleyan College at Winchester, spent the week-end with his parents, Dean and Mrs. C. D. Lewis.

Miss Ethel Patton, of Soldier, came over Monday to visit her sister, Mrs. Mayme Wiley, and attend the Declamatory Contest.

Professor Winship of Boston, editor of the Journal of Education, gave a very valuable address in the chapel at Burgess Hall, Tuesday morning.

Miss Verna E. win, formerly employed in Cleveland, Ohio, spent the week-end with Miss Laura Steele.

The Declamatory Contest was given Monday night before a large, appreciative audience. Miss Royalty and Miss Shader deserve much praise for the excellence of the readings and th

music. Miss Kathelene Cramer won first place and will represent the school in the contest at London, Kentucky where several schools will be represented. Miss Marie Holbrook won second place, and Miss Mary Ellen Kash was mentioned as next in honor. Everybody regretted that a serious throat trouble prevented Miss Nina Hankins from giving her reading.

The judges were Mrs. Hood from Sayre College, Miss Thomas of the State Health Department, and Mr. Elliott from Columbus, Ohio.

The James Lane Allen and Button Literary Societies attended in groups and vied with each other in proclaiming the greatness of the occasion and of the speakers.

The topic was "What the Young Women's Christian Association Has Meant to Me." Interesting talks were given by Misses Kathalene Cramer, Dorothy Hesson, Margaret Scott, Ruth and Ruby Vansant, and Lucy Wilson. On Monday morning Mrs. Carter gave an earnest well-prepared talk on ideals. Mr. Chambers talked Wednesday on the practical value of literature. He imparted much of his enthusiasm to his audience. Thursday was given over to a "pep" meeting in honor of

The victory of M. S. N. in the football game last Thursday was celebrated in the evening by an impromptu jollification, including a bonfire, marshmallow roast, eating of apples, and enjoyment of social privileges.

Dean Lewis visited the Wrigley school last Friday evening and spoke on community and school welfare. He reports a splendid crowd, proceeds of twenty dollars from the box supper given that evening, the school in splendid running order, and enthusiastic cooperation on the part of the entire community.

Word has been received from Cleveland, Ohio, that the Jubilee Aim of the Disciples of Christ for one million dollars has been oversubscribed to the amount of twelve thousand dollars. This sum, \$1,012,000, will be used to build and maintain fifty new buildings on Mission fields. Kentucky raised her complete quota of \$75,000. More than 10,000 people are attending this big convention in Cleveland. Mrs. Button will visit in Louisville before returning to Morehead.

President Button was in Frankfort several days last week attending to important business. He reports that the Attorney General has passed favorably on the title to properties to be bought by the State for an athletic field and approaches to the school. The contractors for the new building have agreed to install in it an electric clock system, at an added cost of \$1500.

Misses Hester Hatcher and Minnie Green, of Ashland, Rigdom Ratliff of Soldier, and Robert Phillips, a senior in Transylvania College, Lexington, were guests of Miss Inez Humphrey and her mother from Saturday until Monday. Professor and Mrs. Jayne enjoyed a reunion of their entire family at their home on Thanksgiving Day. Dean and Mrs. Lewis held similar festivities at their home on Friday when their son Charles came from Kentucky Wesleyan College for the week-end.

Mrs. Groves and children, Eudora and Wendell, spent the Thanksgiving holidays visiting friends in Berea. Professor Groves remained in Morehead. He preached at the Christian church services Sunday morning and evening in place of the pastor, W. S. Irvin, who was out of town.

The young men and women of M. S. N. held separate meetings last Tuesday morning at chapel time. In the girls' meeting Miss Royaly gave a talk on prayer and Miss Wilson on the Red Cross Campaign for preventing and curing tuberculosis. The Y. W. C. A. will undertake the sale of the Red Cross seals, the proceeds of which will be used in fighting the Great White Plague.

The Y. M. C. A. members are urging the attendance of all the boys at the various Sunday-schools of the city. This is a commendable movement and should be warmly seconded by all the faculty and students.

On Saturday, Nov. 29, Professor Jayne and Chambers attended and spoke at a teachers' meeting in Grayson. At the same time Professors Haggan and McCuire gave a similar service in Owingsville.

Mrs. Charles Bolinger, who taught here last summer, is expected here for a brief visit this week. Her many friends will be glad to see her.

Every body come out and help us "put Morehead on the map." If any one does not the songs and yells, see Miss Wilson or Mr. Haggan and get a copy of them before Thursday's game.

MOREHEAD NORMAL NOTES

The people of Morehead and of the State Normal enjoyed a rare treat last Thursday evening in the musical recital given by Miss Lena Pope, known as the "Musical Prodigy from the Mountains of Kentucky." Miss Willie Mae Watson left Saturday morning for her home in Lexington.

The theme was taken from the story of Elisha. He weighed the importance of vision physical, intellectual, and spiritual. He said that our eyes should be open to see that this is a world of reality, not of ignorance and superstition. This is a time of the triumph of the will. We shall miss the most important thing of all unless our vision includes God. Wit and humor enlivened the entire address. The students who will receive certificates occupied seats of honor in the middle section. There are nearly one hundred who will go out at the end of this term, with certificates to teach.

Thirty boys responded to the first call for football practice by Coach Downing, Thursday afternoon at 4 o'clock. As there were only 22 football uniforms on hand, part of the youngsters were issued baseball outfits until more football equipment can be procured.

Coach Downing found also that he had more boys out than he had room for dressing quarters, so he has arranged for the boys on the squad who live in the dormitory to dress in their rooms, and the boys who live or room in town to have the use of the shower room in Burgess Hall.

Although the boys who reported for practice are small and most of them have not even seen the game played, they seem to be eager to get into it. The coach is optimistic and determined to make a creditable showing with the boys despite the many handicaps.

Professor Jayne has recently attended a meeting of the Upper Kentucky River Teachers' Association at which 400 teachers were present. He was also in Letcher county where he addressed a splendid group of teachers.

Hoggan, Mr. and Mrs. W. S. Irvin and Mrs. Mary Humphrey.

President F. C. Button presided in his usual gracious manner. Miss Ora Adams, in behalf of the faculty, presented to President Button a fountain pen and pencil and to Mrs. Button the birthday cake with its one white candle. Most of the speeches centered round the kindly person-

THE NORMAL

A great honor has come to President Button of the Morehead State Normal. The National Education Association has undertaken to make a searching study of rural education in the United States. For this purpose, the president of the N. E. A. has appointed one hundred outstanding educators to make the survey. The membership is well distributed geographically and includes every section of the country. The personnel is likewise chosen because of real work already accomplished in the field of rural education, and because their life work lies in a strategic part of this field.

All Morehead and President Button's many friends everywhere will rejoice over this new honor which gives him further opportunity for outstanding service to our country.

Armistice Day was celebrated in Morehead Monday. There was a parade of five hundred people, chiefly students and teachers in the M. S. N. and the Public School, led by the American Legion under the leadership of Captian Ezra Proctor. The Normal Orchestra furnished the music.

Most of the preparation for the program had been made under the supervision of Miss Evelyn Royalty, teacher of reading and expression, and Miss Emma Shader, teacher of music and director of the orchestra.

The stage was decorated in the national colors and flags were numerous.

The members of the orchestra are: John Will Holbrook, Earl Young, Ralph Miller, Jack Lewis, Everett Blair, Hansford Staggs, Bruce Calvert, Claude Crosthwaite, and Edward Bishop.

THE NEW NORMA

With the acceptance of the site offered by Morehead for the new Eastern Kentucky normal school, there is an end to the controversy which has raged ever since the selection of that town in Eastern Kentucky and Murray in Western Kentucky as the locations for these badly needed institutions. In the case of Morehead the last subject for dispute was the value of the property offered.

Under the terms of the act providing for two new schools it was stipulated that the towns receiving them should give \$100,000 in cash or lands or buildings. Murray gave cash as its gift. Morehead offered a school property which already existed in that town. It was claimed that Morehead's gift was not worth \$100,000.

In passing on this question it was wisely decided not to accept Morehead's own appraisal, but to submit the matter to an unprejudiced and expert source. Joseph & Joseph, architects of Louisville, were summoned, and agreed to make an appraisal. They have declared the value of Morehead's offer to fulfill the terms of the law, whereupon the offer is definitely accepted by the Normal School Commission.

Whether or not Morehead and Murray are the best sites for such schools is now beside the point. The terms of the law have been complied with, the law itself has been tested, and there is, therefore, nothing more to be said. Whatever doubts may remain, the important fact is that Kentucky, which needs normal schools badly, is to have two new ones, and there is every reason to believe that they will be filled to capacity.

It is to be hoped that is not the end of normal school establishment. The State can well use more than the four now provided for. When it is decided to establish others the localities which did not receive consideration this time will have their opportunity. In the meantime the two new schools should receive the support of all patriotic Kentuckians. Old sores should be permitted to heal, in order that they might have the greatest measure of success.

AS THE WORLD TURNS

Gossip is the one word that seems to be uppermost in people's minds at the present time. Especially is this so with some of the fair sex of Morehead who first imagine and tell it to be so. Now, the report is that a certain old maid living in the fair City of Morehead lost her false teeth down the Midland Trail a few days or few nights ago, (that part doesn't matter) and when a certain young society swell in Morehead happened to have a perfectly good set in his mouth and a set of false

Morehead's Band Overcomes Obstacle

Misunderstanding About Funds Fails to Keep Group From WHAS.

A misunderstanding nearly wrecked the plans of the Morehead State Teachers College BAND to play early Friday night for WHAS, radiophone of *The Courier-Journal* and *The Louisville Times*, but the emergency was met by funds derived from a concert, money borrowed from Miss Eugna Shader and the help of a truck driver.

Four of the thirty members of the band arrived here just in time for the radiocast on a milk truck through the courtesy of the driver, Miss Shader, former head of the music department of the college, loaned enough money to bolster the \$100 up to a point where it would take care of the transportation and hotel needs of the others.

The misunderstanding came about through a reported "implied promise" from the Board of Regents of the school that funds would be provided for the trip. The proposition was

tabled, however, by the board on April 2. A committee of students then visited Judge Allie Young, member of the board, and he told them the matter lay in the hands of President F. C. Sutton.

President Sutton agreed to the trip, which had been planned here during the Kentucky Education Association meeting, and made out orders for a voucher. Meanwhile, the band members arranged a benefit concert, which was held Wednesday night. Thursday, President Sutton's voucher was returned by Earl W. Smith of Mt. Sterling, secretary of the board, unsigned and accompanied by a note of disapproval.

TAXPAYERS HEAR POGGEL, HUBBA

The necessity of organizing taxpayers to uphold, to maintain, to protect the interests of public officials, to understand utilities and to be able to solve problems themselves was again stressed at a Taxpayers' Meeting held at Twenty-ninth Street and Main Street, Monday night. Mr. Poggel, of the Taxpayers' League, was the main speaker. Mr. Poggel is a long-acting appointee to the board.

MOREHEAD STATE NORMAL

Professor Jane has just returned from a trip to Ashland, Paintsville, and Pikeville, where he made appeals to high school students to take up teaching as a profession. Forty students in Ashland declared their purpose to become teachers. Professor Jayne reports a splendid high school in Pikeville, where they have a hundred students from outside the city and are expecting about two hundred more after Christmas. M. S. N. will soon be drawing numbers of graduates from Pikeville who want to go on with special training for teaching.

Chapel programs for last week were as follows:

Monday—Good Books, Miss Ruth Vansant.

Tuesday—Interdependence of Plants and Animals, Professor Nickell.

Wednesday—Being a Man, President Button.

Thursday—A talk by Miss Lucy Wilson, who led the students and faculty in learning a new school song written by Dead Lewis.

Friday—Obedience to Law, Professor McGuire.

All of these talks were very interesting. Visitors are welcome at all times. There is always something worth hearing at the chapel hour.

It has been decided that the summer term of Morehead State Normal will be nine weeks in length. From several points of view, this seems best, and was so decided by a unanimous vote of the faculty.

As last Wednesday, November 19, was President Button's birthday, the cooking class, under the direction of Miss Ruth Vansant, served dinner to President and Mrs. Button, the men of the faculty, and Dean Adams. The dinner was served in the domestic science rooms in the basement of Burgess Hall. The menu was as follows:

Fried chicken—Grape Jelly
Mashed potatoes—Giblet Gravy
Creamed Peas in Patties
Celery—Mixed Sweet Pickles
Hot Biscuit—Butter
Fruit Salad
Pumpkin Pie—Milk
Salted Almonds—Coffee

Miss Jessie Throckmorton from Ewing is a new student in M. S. N.

Miss Lydia Spoenem from Louisville and Miss Lucy Wilson of M. S. N. spent three days last week in giving physical examination of the pupils in the Gearhart School and in the Consolidated School.

Superintendent of Schools Clarence E. Ackley, of Ashland, has issued invitations for an educational conference of the Ninth Congressional district and the Big Sandy Valley to be held in Ashland December 5 and 6.

Among the prominent speakers will be State Superintendent of Schools McHenry Rhodes, Dean W. S. Taylor, of the University of Kentucky, H. L. Donovan, of Peabody College, Professor W. L. Jane of Morehead State Normal School, and President M. P. Shawkey, of Marshall College.

MOREHEAD-RICHMOND GAME

The foot ball team of Morehead Normal went down in defeat before their rival, Richmond Normal, by the score of 14 to 0. Although Captain Morris was out of the game, Morehead boys out played Richmond team three quarters of the game, only to be out-played and beaten in the remaining quarter.

Both of Richmond's touchdowns were made directly from bad errors on the part of the Morehead boys. One coming from an intercepted ball pass, which was thrown right into the arms of the Richmond half back who was out to one side, and he

placed about fifteen yards without being touched, for the first score. The other score was the result of a ten yard punt which was kicked to the side.

After the game had been lost in the third quarter, Morehead staged a vicious come back and almost swept Richmond team off their feet. Jack Lewis made a sensational run for about sixty-five yards and a touch down, only to be called back by the referee for stepping outside. The game ended with Morehead in possessing of the foot ball and driving hard for the goal.

MOREHEAD-TRANSYLVANIA GAME

On November 14th, Morehead Normal held the second team of Transylvania College to a 7 to 0. The game was hard fought throughout. Morehead's team was greatly weakened when Morris, who is Captain and quarter back, was forced to leave the field of play because of injuries which occurred in the last part of the first quarter. Stigall was sent in to fill the place of Morris, and was knocked out also.

It was lack of good judgment, which was due to inexperience which caused the Morehead boys to be unable to score several times in the game when they were in striking distance of the opponents goal.

It was encouraging to the people of Morehead to see the improvement in the team since the earlier games, which proved that the team's greatest need is experience.

Words Of Old M. N. S. Song Heard Sunday

The official song of the old Morehead Normal School was revived at Morehead Sunday as former students of Dr. Frank C. Button sang these words:

* * *

This school has seen the glory of
the coming of the day,
When we'll go forth with diplo-
mas, each to tread his chosen
way.
And with clear and joyful voices
we will sing our merry lay,
Hurrah for M. N. S.!

Chorus:

Morehead Normal, how we love
her!
M. N. S., there's none above her!
Morehead Normal, yes we love
her!
Our dear old M. N. S.

On the days that lie behind us we
can backward look with joy,
There were pleasures mingled
with them, duty never could
alloy,
Happy days at Morehead Normal,
which we did all enjoy,
Hurrah for M. N. S.!

Chorus:

On the years that lie before us,
we must look with graver
thought,
Let the learning we've obtained
here with hard study come
to naught.
Let us plan then for the future,
how our duties may be
wrought,
Hurrah for M. N. S.!

Chorus:

Praise and honor let us give to
this dear school we love the
best,
With the knowledge that we gain
here, we can surely stand the
test,
Praise our earnest, worthy teach-
ers, may they all by Him be
blest,
Hurrah for M. N. S.!

NORMAL SCHOOLS DISCUSSED HERE

Commission Orders New Appraisal Of Morehead Property And Plans Drawn For Murray Institution.

At a meeting of the State Normal School Commission at the Phoenix hotel Tuesday afternoon, the commission referred back to the site committee the \$146,000 appraisal of property for the Eastern State Normal school to be established at Morehead and authorized Thomas A. Combs, of Lexington, and E. W. Senff, of Mt. Sterling, to employ an expert appraiser to submit a report on the value of the buildings and grounds.

Messrs. Senff and Combs were on the committee to confer with Morehead citizens and report on their offer of a site and a bonus of \$100,000, or its equivalent in buildings, as required by the law. Mr. Senff made a report in the form of an affidavit of 22 Morehead citizens that Hodson Hall of a small and old college on the site was worth \$60,000, Hargis Hall and a smaller one \$15,000 each, frame building \$5,000 and the cottage \$1,000, while the 75 acres of campus was valued at \$50,000, making a total of \$146,000.

Morehead offered no money. Murray gave a site and \$100,000 in cash.

Immediately on reading the report Alex G. Barrett, Louisville, moved that the report be referred back with instructions of an appraisal by disinterested, experienced appraisers, who are not residents of Morehead or Rowan county. The only vote against the motion was that of Mr. Senff.

To Have Plans Drawn

The commission employed Joseph and Joseph, Louisville architects, to draw working plans for the new normal school at Murray. Mr. Barrett and J. L. Harman, of Bowling Green, were appointed a committee to confer with the architect and George Colvin, State superintendent of schools, in regard to plans for the Murray buildings.

It is hoped to have the Murray buildings ready for occupancy by Feb. 1, 1924, Mr. Combs said today. The western school will be opened in September, with temporary housing in the New Murray high school which has been tendered for that purpose.

Judge E. C. O'Rear, of Frankfort, chairman of the school commission, presided at the meeting. Other members present were Messrs. Senff, Combs, Barret, Harmon, Judge Arthur Peters, Louisville; Sherman Goodpaster, Frankfort, and W. S. Wallin, of Prestonsburg.

The next session of the commission probably will be held about Aug. 1, it was said. The place of meeting has not been named.

STATE NORMAL

SCHOOL NOTES

New students are still arriving chiefly those whose schools have just closed. Among the latest arrivals are: Miss Golda Gee, of Olive Hill; Miss Tanner, of Ashland; Miss Hattie Robinson, of Grayson; Everett Nickell, of West Liberty; Miss Patton, Miss Smith, and Frank Sloan.

Last Friday night the Boosters Club from Salt Lick, presented in the auditorium in Burgess Hall the play entitled "Deacon Dubbs"

Prof. W. L. Jane went to Mt. Sterling Friday evening where he was one of the judges in a declamatory contest at the high school.

On Monday a panoramic picture was made of the faculty and students of the M. S. N. This picture will probably appear in the next issue of the Eastern Kentucky Educator which will be published soon.

Last Thursday morning some health demonstrations were given in chapel by Dr. Robert and Miss Houswald, a nurse, both from the state department of Health, assisted by six children from the public school.

Other interesting talks given in chapel recently were "Where and what is Morehead State Normal" by Prof. Groves and "Echoes from Cincinnati" by Miss Adams. The latter was a partial report of the N. E. A. meeting which Miss Adams attended two weeks ago.

On Friday, Prof. Jane talked in chapel on the Kentucky Educational Association. Nearly all the members of the faculty and some of the students are planning to attend the K. E. A. meeting to be held in Louisville the last of April.

Plans are being pushed forward for work to begin on the new girl's dormitory. This building is needed very bad, both as a rooming place for the girls and as a place where meals may be served to our constantly increasing crowd of students.

Miss Mary Frank Riley is visiting her mother Mrs. Mayme Wiley at Hodson Hall.

Miss Ruby Vansant and Mr. and Mrs. Lewis Vansant spent Sunday in Lexington.

Miss Mary Bell Green and Mr. T. H. Morris former M. S. N. held a bazaar and candy sale last Tuesday in the Woman's Club building. They cleared a little more than twenty dollars which will help to pay the expense of a representative to Blue Ridge Conference in June.

WHY SO MUCH HASTE?

We would not like to say that the propounders of the Murray site for one of the new Normal Schools are showing an indecent haste under the circumstances, but it is much in our mind that there is nothing to be gained by so obvious an effort to prejudice the case by being able to point to one plant, at all events, as a going concern.

The constitutionality of the act under which the selection has been made has been upheld with one dissenting opinion of very notable weight, but action under that measure, and in the debatable status of the question, is not less ill-advised because it has been held not to conflict with the statutes. There is such a thing as public opinion and public opinion is aroused and angry. It insists in seeing in all this activity something of the attitude shown all along, the attitude, that is, which asks of people what they are going to do about it.

George Colvin has given good advice and advice that ought to be heeded. He does not propose to rest content with any technical defeat of the real and useful purpose to be subserved and he holds, as do the vast majority of those not immediately and personally concerned, that the purpose has had little or no place in the choice of the locations. That being the condition, his suggestion to reopen the question and submit it once again to the Legislature strikes us as, under the circumstances, the only wise and just course to pursue. That, as we are given to understand, does not commend itself to Chairman O'Rear. For reasons which appear compelling to him, he seems determined to push matters to the limit.

And here we would like to point out that the good people of Murray, naturally jubilant, deserve more consideration than they have been getting. Nobody blames them for the good licks they have been putting in, and competitors are jealous only of the special and singular advantages they seem to enjoy. It is the difference, it would appear, between having friends at court and relying on your good merits.

MOREHEAD GETS NORMAL SCHOOL

Proposition on Buildings and
Land Accepted by Commis-
sion, Certified by Super-
intendent Colvin

CHIEF TO BE NAMED SOON

FRANKFORT, Ky., Aug. 13.—(By
The Associated Press)—The site of-
fered by Morehead for the normal
school for eastern Kentucky has
been accepted by the normal school
commission and the report has been
certified to George Colvin, state su-
perintendent, according to an an-
nouncement made here today by
Judge E. C. O'Rear, chairman of the
commission.

The proposition offered by More-
head was accepted at a recent meet-
ing of the commission in Louisville,
it was reported here, but announce-
ment of the action taken was with-
held pending the return of Mr. Col-
vin from his vacation. The full re-
port has been sent to the department
of education, according to Judge
O'Rear, but no action has been taken
on it. Mr. Colvin is expected to re-
turn within a few days and it is like-
ly that final action on the naming of
a president will be taken at that
time, according to Judge O'Rear.

The site offered by Morehead
was valued at approximately \$100,-
000 by Morehead backers of the
school. This estimate was consider-
ed as too high by the commission
and the offer was rejected. Mean-
while Levy & Levy, architects, of
Louisville, made an investigation of
the property at the suggestion of the
commission, and their report was
submitted at the last meeting of the
commission. Judge O'Rear said to-
day that he did not recall the exact
valuation fixed on the property by
the architects, but said that it was
somewhere between \$100,000 and
\$150,000.

The act creating the two new
schools called for gifts of \$100,000 or
lands or buildings worth that

amount. Murray, the city which ob-
tained the school for western Ken-
tucky, raised \$100,000 in cash for the
new school, and Morehead, one of
the applicants for the eastern Ken-
tucky institution, offered buildings
and land.

The new schools have been given
names to distinguish them from the
normal schools at Richmond and
Bowling Green, Judge O'Rear said.
One will be known as Murray State
and the other Morehead State Nor-
mal. The Richmond institution is
called Eastern State Normal and
Teachers' College and the Bowling
Green school is known as Western
State Normal and Teachers' College.

All-American football team went
to Scandinavia, where they

afternoon. Mr. Haggan made an illustrated talk explaining the football game which is somewhat new at M. S. N. On Friday morning, Miss King talked in her earnest forceful way on "The Abundant Life."

Monday morning visitors in chapel were Robert Phillips from Lexington, Hester Hatcher from Ashland, and Mrs. W. T. Caudill of Morehead.

Word has been received from Cleveland, Ohio, that the Jubilee Aim of the Disciples of Christ for one million dollars has been oversubscribed to the amount of twelve thousand dollars. This sum, \$1,012,000, will be used to build and maintain fifty new buildings on Mission fields. Kentucky raised her complete quota of \$75,000. More than 10,000 people are attending this big convention in Cleveland. Mrs. Button will visit in Louisville before returning to Morehead.

President Button was in Frankfort several days last week attending to important business. He reports that the Attorney General has passed favorably on the title to properties to be bought by the State for an athletic field and approaches to the school. The contractors for the new building have agreed to install in it an electric clock system, at an added cost of \$1500.

Misses Hester Hatcher and Minnie Green, of Ashland, Rigdom Ratliff of Soldier; and Robert Phillips, a senior in Transylvania College, Lexington, were guests of Miss Inez Humphrey and her mother from Saturday until Monday. This group and Mrs. Hobert Johnson, a former classmate in the Morehead Norman School, enjoyed an old time hike and picnic supper at the "President's Chair" on Town Hill Saturday afternoon.

Mr. and Mrs. L. C. Coburn, of Grayson, were guests at the home of Mrs. B. F. Vansant, Sunday.

On Monday morning of this week the students and faculty of M. S. N. were so fortunate as to have for their speaker in chapel, Mrs. Huff, of Chicago, Illinois, the first woman congressman east of the Mississippi River. Mrs. Huff is a daughter of former Senator Mason who had much to do with giving us the pure food laws and who was author of the law for rural free delivery of mail. Mrs. Huff is a
