Sales Tax Rate Change

Effective October 1, 2020 the City of Hays sales tax rate will increase to 8.75%.

So that sales tax is accurately calculated for receipts in September, we request that Cash Sales for September receipts be submitted in Workday and hand delivered to Student Fiscal Services by **noon, Thursday, October 1**, in order to be recorded with the current tax rate.

Do NOT initiate Cash Sales in Workday for October receipts until Friday, October 2, 2020, as the new tax rate will not be updated in Workday until the close of business on October 1st. Any cash sales initiated on October 2nd and after will be calculated with the new rate.

We will also update the Extended Amount Worksheet incorporating the new sales tax rate. It will replace the existing worksheet within the Workday Worklet and on our website on the afternoon of October 1. If you saved a copy of the extended amount worksheet on your computer, you will need to save a new copy on October 2nd.

The new City of Hays tax rate change affects all sales within the City of Hays, as defined by the Kansas Department of Revenue. Please continue to use the Kansas Department of Revenue Address Tax Rate lookup site to obtain the sales tax rates for destination sales.

If you are an advisor to a student organization, please forward this information on to the appropriate person(s) in charge of preparing deposits.

Please contact our office at (785) 628-5251 if you have any further questions regarding this transition.

Because of the pandemic, appointments for a flu shot must be scheduled. To schedule your appointment:

- Log into Tiger Tracks
- Select the Online Services tab
- Scroll down to **Student Health** and click *Schedule An Appointment*
- Follow the instructions to schedule your appointment.
- You will receive a confirmation email after you've scheduled the appointment.

Please be sure to complete the consent form, which will appear in a link immediately after you select your time slot.

The flu vaccine is offered at no cost to all FHSU students. However, most insurance plans pay for the vaccine. The Student Health Center may seek reimbursement for the vaccine from insurance plans to offset the significant cost of the vaccines.

University employees should email a photo of the front of their insurance card to healthcenter@fhsu.edu so an insurance claim can be submitted. To receive a text message reminder one hour before your appointment, complete the **Opt-in for Texting** form on the landing page of the patient portal.

Because of the pandemic, it is very important for everyone to receive a flu vaccine this year. If you are unable to attend one of the seven Flu Clinic events on campus, flu shots will be available at certain times in the Student Health Center. You can also participate in the flu shot drive-thru at HaysMed on September 27th, 9:00 am – 2:00 pm.

The Centers for Disease Control provides [comprehensive information](#) about the importance of getting a flu vaccine. The [Vaccine Information Statement](#) is also available for review prior to receiving your vaccine.

Monthly Mindfulness Minutes!

This semester has been stressful. But stress doesn't have to take over our lives. Simple yet intentional steps can go a long way as we prioritize self-care.

The Kelly Center invites you to join us for a brief mindfulness meditation on the last Wednesday of every month, Monthly Mindfulness Minutes (MMM). Join us as an individual, an office, a class, or a department. All you'll need is a quiet space and a willingness to pause your busy schedule for a few moments a month.

MMM will be held on the last Wednesday of every month, starting September 30th, at 8:15am. The meditation will last around 20-30 minutes, but please stay as long or as little as you're able. You can access the live meditation via our recurring zoom link, or listen to the recorded sessions at a later time. The recordings will be posted to the Kelly Center website.

Here is the recurring zoom link: <https://zoom.us/j/96561480413>

We hope many departments and offices will chose to incorporate MMM as a tool for decreasing the impact of stress, depression, and anxiety on our campus. Mindfulness meditation is an excellent way to mitigate the risk of overstress, prevent burnout, and increase productivity. And the benefits aren't only momentary, research has shown meditation to "conclusively and positively change your brain structure." Still not convinced? Check out the following article on the specific benefits companies like Google, Nike, and Apple have seen after incorporating mindfulness meditation:

<https://www.inc.com/marissa-levin/why-google-nike-and-apple-love-mindfulness-training-and-how-you-can-easily-love-.html>

Tigers, let's lead our students by example as we make our mental & emotional health, and our overall wellness, a priority. Please direct any questions to Amanda Brown (amanda.brown@fhsu.edu) or Jessica Albin (jkalbin@fhsu.edu). Finally, if you would like to receive a recurring Outlook invitation for MMM, please let Jessica know.
