GLENN DORAN AWARDED RECOGNITION

State Chamber Presents A Certificate For Work Here

H. Glenn Doran, president of the Peoples Bank and member of the Industrial Committee of the Murray Chamber of Commerce was awarded a certificate of achievement by the State Chamber of Commerce this morning at a breakfast at the Holiday Inn.

A slide presentation, "Operation High Gear," was shown by Walter Dunlevy, Kentucky Chamber Assistant Director of Member Relations.

The program was coordinated by Dale L. Smith, Director of Member Relations for the Kentucky Chamber.

The breakfast was held at 7:30 this morning. Many businessmen and community leaders from the Calloway County area were invited to attend.

The certificate to Mr. Doran read:

"The Kentucky Chamber of Commerce presents a certificate of recognition to H. Glenn Doran for outstanding service for time and effort spent by you in behalf of Kentucky as worthy of special commendation. The outstanding service displayed by you will undoubtedly bring lasting benefits to Kentucky and serve as an incentive to its citizens. The tire state will profit by your example."

Accident Case Settled Out Of Court

Calloway Circuit Court reconvened this morning at nine o'clock with Circuit Judge James M. Lassiter presiding.

Dates for the criminal court docket were being set along with other motions being studied before the court.

The case of James Shellen vs. James (Jiggs) Lassiter and son, Michael, scheduled to be tried in Circuit Court on Wednesday, has been settled out of court, according to the office of Circuit Court Clerk James Bickel.

This case involved an automobile accident that occurred on U.S. Highway 641 South near Puryear, Tenn., on the night of November 23, 1966. The Circuit Court Clerk's office reported.

Charles H. Tolley Now Studying For Doctoral Degree

Charles H. Tolley, son of Mr. and Mrs. Bryan Tolley of Murray, has entered Tulsa University, Tulsa, Oklahoma, to complete doctoral degree requirements.

Tolley has just completed 5 1/2 years of service to Calloway State College, Warner, Oklahoma, as academic dean, and was honored by two campus groups, the faculty and Press Club, before leaving.

The former Murray man was presented a plaque by the Press Club to recognize the support he has given the journalism department. In appreciation and recognition, Charles H. Tolley, a dean who supports and appreciates the journalism profession were the words inscribed on the plaque.

Facilities members Mrs. Deann and Mrs. Tolley a silver tray at their annual holiday dinner.

When Tolley went to Columbia there were approximately 300 students and 17 teachers. The college now has an enrollment of over 600 and a faculty of 26.

Tolley is a graduate of Murray High School and received his degree from Murray State University. He and his wife have five children, Wynn, Karl, Bill, Ray, and Karen.

Seen & Heard Around Murray

A pleasant evening Saturday. Took the wife out to the Holiday Inn to try that steak special they've been advertising. Delicious. She does a top notch job of running the dining room there.

Saw Vernon Shown there with son Timmy. Vernon's wife was visiting kinfolks over at Hopkintonville and took the other two children.

Murray has some nice eating places, all the way from driving to going inside and eating.

We ran upon a new word recently we had never heard of before. It is "lagasppe," which is pronounced "lag-uh-p." It means something given or obtained gratuitously or by way of bonus or good measure, a gratuity of any kind, a tip.

Used to be when you paid your grocery bill, the grocer gave you a sack of hard candy for the kids. This was lagasppe. You got paid for doing a job, then get a little something extra. That's lagasppe.

Of course if you want to you can call it "just a little something extra" in case you can't remember "lagasppe."

Some folks never seem to grow old. Take Fred Astair for instance. He has been dancing for as long as we can remember and still is. Traded in his partner Ginger Rogers on a newer model, Barrie Chase, and just keeps on going.

We don't know how old Fred Astair is but he is older than we are. And, we can remember when a loaf of bread came unsliced. We don't mean it came unsliced, it just came not sliced.

Everybody had a bread slicer and a bread knife which had a ripple edge. When you cut yourself with the bread knife, you know you had been cut.

We also remember when it was a good idea to break every egg in a pan to cook.

Local Students To Participate In Campus Lights Here

Four students from Murray will take part in the Campus Lights production at Murray State University February 20-22.

They are: Becky Jo Robertson, daughter of Mr. and Mrs. Gus Robertson of Route 1; Susan Robertson of Route 1; Susan Doris E. Nance of 1715 Farmer Avenue; Kathy Berry, daughter of Mr. and Mrs. R. W. Parrell of 1304 Poplar Street; and Fred Stalls, son of Mr. and Mrs. Buel E. Stalls of 407 North 5th Street.

Miss Robertson, a trombone player and accompanist, will perform with the chorus. She is a member of the Baptist Student Union.

Freshman Miss Nance will sing in the chorus. She is a piano major who is minor in music and cellist. She is a member of the university choir.

Playing the part of a secretary in the production is Mrs. Berry, a sophomore voice major with a minor in organ. She is a member of Sigma Sigma Sigma social sorority.

Stalls is a sophomore business and physical education major minoring in speech. He is a member of the Campus Lights chorus.

Campus Lights is a musical production sponsored annually by Phi Mu Alpha and Sigma Alpha Iota honorary music fraternities. Both the script and the 13 different arrangements were written by Murray State students.

Produced annually for the past 22 years, this year's Campus Lights will take place at 8:15 each night in the MSU auditorium. Proceeds from the show go for music scholarships.

Home Nursing Skill To Be Taught On TV Channel 21

Residents of Murray and Calloway County will now be able to learn basic home nursing skills by television, according to the local chapter of the American Red Cross and the Department of Libraries.

A series of ten half-hour films, "The Home Nursing Story" will be shown on channel 21, beginning Monday, February 24 at 6:00 p.m. and will continue at the same time Monday and Wednesdays through April 28.

The film series is based on the regular Red Cross Home Nursing Course. For maximum benefits, home viewers should attend the workshop practice sessions in which they will practice home nursing techniques under the guidance of Red Cross nurses.

Missions Meet Is Planned Wednesday

WOODMEN CAMP

Woodmen Camp 592 will hold its regular meeting at the Woodmen of the World Hall on Thursday, February 13, at seven p.m. All members are urged to attend.

Letter To Editor

Dear Sir:

Last week while in Kentucky attending the funeral of my cousin, J. D. Peterson of Benton, I had occasion to go to Murray with my brothers.

We stopped to view the little log house, supposedly the old court house from Wadesboro. I took a picture of the outside.

Do you have any information on this building you could send me? I was born in Murray in 1901 and for many years lived there and also at the Peterson home in north Calloway County not far from Old Wadesboro.

Memphis, Tenn.

P. S. I hope sometime in the near future to get some snapshots of the interior. The staircase and the fireplace are most interesting.

Mrs. Wilbanks Passes Away

Mrs. Lois Wilbanks of Murray Route Five passed away this morning at one o'clock at the Convalescent Division of the Murray-Calloway County Hospital. She was 66 years of age.

The deceased was born in Graves County to the late James and Fannie Gooch Green. Her death came on her 66th birthday.

Her husband, Elmer Wilbanks died about eight years ago. She had made her home with her brother, Ivan Green, since June 18, 1966.

Survivors are one son, L. D. Pace of Richmond, Va.; one stepson, Elmer Wilbanks, Jr. of Hayti, Mo.; two brothers, Ivan Green of Murray Route Five and Boyce Green of Farmington; four grandchildren.

Funeral arrangements are in complete pending the arrival of her son from Richmond, Va. Friends may call at the Black-Coleman Funeral Home after ten a.m. on Wednesday.

Harmless Whale Is Shot; Towed To Sea

LONG BEACH, Calif. (UPI)—A harmless whale somebody shot for no apparent reason tried all day Monday to turn Long Beach harbor into his personal hospital room before consenting to be towed out to sea.

The mammal had big sad eyes, and city officials viewed him with a mixture of sympathy and veneration. Fearful he might die on their beach, they planned to destroy him today, if he didn't leave. Dead whales have a way of smelling awful in a warm place like Southern California, and it's hard to move them once they're securely beached.

On their sixth try Monday night, lifeguards got a line around the whale's tail, and towed it three miles out to sea. This time it didn't come back.

Also contributing was the Delta Department, but representative was not present when the picture was made.

Traffic Accident Occurs Monday At 13th & Olive Sts.

Two cars were involved in a collision yesterday at 2:33 p.m. at North 13th and Olive Streets, according to the report filed by the investigating officers of the Murray Police Department.

Donald Lee Neal of Louisville, driving a 1968 Volkswagen two door, was going east on Olive Street making a right turn onto 13th Street.

Police said the Neal car hit the 1968 Chevrolet four door sedan, driven by Jess Span Williams of 905 South 13th Street, that was going north on 13th Street approaching Olive Street.

Damage to the Williams car was on the left front and to the Neal car on the left front and windshield.

No injuries were reported in this accident which is the 12th accident reported filed by the Murray Police Department for the month of February.

Plans For Red Cross Drive Told

Robert O. Miller, Campaign Fund Chairman for the Red Cross, announced plans today for launching the 1969 drive. Mrs. Bill Thurman was selected as Publicity Chairman. The Advanced Gifts Committee made up of Lester Nanny, Joe Dick, Bill Thurman, Frank Ryan, A. H. Kopperud, Galen Thurman, Bill Boyd, Charles Hale and Jess Span Williams, will begin soliciting businesses this week.

Mr. Miller stated that these people will be divided into teams and will call on businessmen and professional men in an effort to raise money for the drive. The drive will be launched on March 1 with a personal contact of all citizens.

He indicated further that due to the escalation of the Viet Nam war, financing of the blood program, and increased activities of the Water Safety, First Aid, and Nursing Programs, Red Cross funds are completely depleted. Last year the Red Cross gave \$17,700 worth of free blood to local citizens; spent \$1,519.00 on emergency military service on servicemen and their families; Volunteers (mostly called Gray Ladies) donated 7,321 hours at the hospital and convalescent ward; in addition, the chapter gave \$4,356.01 to local tornado victims, taught 389 children and adults to swim, provided First Aid and Home Nursing courses, and performed many other community services.

The Calloway County Chapter must raise \$10,107.00 to continue these programs next year.

Among other events planned are a solicitation at the Murray-Western basketball game, and at the county basketball tournaments, a road block by the University High Future Business Leaders, and a youth drive. Fraternities, sororities, the Dames Club, and others are assisting in the drive.

Cub Scout Banquet Planned Saturday

Cub Scout Pack 71 will have its Blue and Gold Banquet on Saturday, February 15, at seven p.m. at the Hardin United Methodist Church.

Hickman County Library Must Be Dissolved

FRANKFORT, Ky., UPI — The Hickman County Library District must be dissolved and collection of any library taxes after 1967 is illegal, the Court of Appeals ruled today.

The high court unanimously reversed Special Judge R. L. Myre Sr., who had authorized the library board to continue to operate and to levy taxes. The library actually stopped operations last December after running out of money collected from 1967 taxes, County Atty.

The court's decision frees local officials to collect 1968 tax bills which have been held up pending settlement of the suit. Roberts said, The school system, county and other local agencies have been operating on borrowed funds in the interim.

The district was formed in July 1967, when upon it borrowed \$10,000 from local banks to lease a building for three years. However, in October 1967, more than 51 per cent of the county's voters petitioned fiscal court to dissolve the district and the fiscal court did so.

The court said, however, argued it could continue to function while completing its contractual obligations.

While conceding state law is "unclear and ambiguous," the high court said the statute contemplates dissolution of the district once the petition is honored by fiscal court.

The library board having received more than sufficient funds from 1967 taxes to meet its contractual obligations as of Oct. 20, 1967, and other legal expenses, any further levy or collection of taxes for its benefit is unauthorized and illegal," the ruling stated.

Details of the dissolution were left up to the trial judge.

UK's Dr. Seay Was A Man Of Many Varied Talents

LEXINGTON, Ky. — Dr. William A. Seay, Dean of the College of Agriculture and Director of the Cooperative Extension Service at the University of Kentucky, was killed Saturday afternoon, Feb. 1, when his single-engine plane crashed near Martinsburg, Va.

Dr. Seay, flying alone in bad weather, was returning to Lexington from a meeting of the Graduate and Professional Students Planning Association in Philadelphia, Pa. The cause of the crash is not yet known.

Funeral services were conducted Tuesday, Feb. 4, in Lexington, and the burial with full military honors, was in the Huntsville Cemetery in Lincoln County.

Dr. Seay, who was appointed Dean and Director in 1962, had been connected with the University since he received his doctorate in 1949 from the University of Wisconsin. Both his Bachelor's and Master's degrees were from the University of Kentucky.

Kentucky Governor Nunn said Monday: "Kentucky has lost a valued member of its academic community in the death of Dr. William A. Seay. He was known as an agricultural leader across the entire country and will be a difficult man to replace."

While serving with me on the State Fair Board and the Commission on Agriculture, I came to have great respect for his ability to get to the heart of a problem.

Pianist From Spain Will Give Concert

Marie Luisa Cantos, outstanding twenty-seven year old pianist from Barcelona, Spain will present a concert at First Baptist Church, Hopkinsville, Wednesday, February 14, at 7:30 p.m. Miss Cantos is being sponsored on a tour of Kentucky colleges and churches by the Kentucky Baptist Convention.

At a very early age, Marie Luisa Cantos demonstrated exceptional aptitude at the piano. When she was eight, she entered the Municipal Conservatory of Music of Barcelona, Spain, her native home. She was brilliant in her studies in piano, harmony, musical forms and chamber music, under the direction of Professor Dotras Vila.

Having received a number of awards during her studies, Miss Cantos obtained the Degree Extraordinary from the Conservatory in 1960.

As a result of receiving a special award at the International Festival of Orense (Spain) and the Maria Barrimont Award, she went to Paris in 1961 to work under the direction of Prof. Lazare Levy. In 1962 she received the Medal with Dilectio at the International Festival of Musical Execution at Geneva.

Later she received the Bourée Award of the Juan March Foundation. She studied in Vienna with Prof. Richard Houser.

In 1964, she participated brilliantly in the George Enescu Festival at Bucharest at the special invitation of the Roumanian government. Each year she assists at Lucerne in Switzerland.

Her final concert in February is scheduled for Carnegie Hall, February 18. On behalf of the Church, Ronald R. Sholar, serves, and Extension offices are located in all 120 counties in the state.

A Department of Peace—The Time Is Ripe

By JONATHAN EDWARDS Central Press Association Correspondent

WASHINGTON — An idea which has been advanced in Congress for 170 years without success has caught the interest of key Nixon administration aides and will now be pushed in the 91st Congress with renewed vigor.

The idea? To promote world peace by establishing a Department of Peace headed by a secretary with Cabinet status.

In 1799, Dr. Benjamin Rush, a signer of the Declaration of Independence and a pioneer in social reforms, advanced the idea for "a Peace Office for the United States." Since then, efforts have been made intermittently in Congress for a Peace agency, without success.

"It may well be that at last the time for this idea has come," said Rep. Seymour Halpern, R-N.Y., who, with Sen. Vance Hartke, D-Ind., and others, plans to push the idea in the new Congress.

Supporters of the proposal for a Department of Peace are encouraged by interest shown in it by two key aides of the Nixon Administration, Herbert H. Lehman, Mrs. Eleanor Roosevelt, Hubert H. Humphrey and Everett Dirksen. Dr. Clair M. Cook, legislative assistant to Hartke, predicted that the 91st Congress will see "the most concerted effort ever made for an idea such as this."

Halpern said the legislation proposes a department "of substantial size having major day-to-day responsibilities," in contrast to earlier proposals which envisioned a department or agency "small in size, with functions confined largely to research, education and training, or policy advice."

The Hartke-Halpern legislation would transfer various existing agencies to the new department, including the Export-Import Bank, Agency for International Development (including the Food for Peace program), the Peace Corps, and the Arms Control and Disarmament Agency.

It would establish an International Peace Institute to train graduate students in the skills required to find peaceful solutions to international conflict; a Peace by Investment Corporation; and a joint congressional Committee on Peace.

"Here is a sound idea which has had to wait, as have so many, until the climate of opinion is ripe," declared Hartke. "Now, I believe, is the time to act."

"The people," said the senator, "are sick of war."

Sen. Vance Hartke

Rep. Seymour Halpern

Support for a national peace agency has in the past drawn the support of such figures as John F. Kennedy, Adlai Stevenson, Averell Harriman, Herbert H. Lehman, Mrs. Eleanor Roosevelt, Hubert H. Humphrey and Everett Dirksen. Dr. Clair M. Cook, legislative assistant to Hartke, predicted that the 91st Congress will see "the most concerted effort ever made for an idea such as this."

Rupp Has Words Of Warning For His Team In Final Half

Kentucky's Adolph Rupp had some good words for his team and a warning against over-confidence as the Wildcats head into the final half of the Southeastern Conference Basketball race.

"Mike Pratt was just magnificent" in a 103-89 victory over Vanderbilt last Saturday, Rupp said, "and Dan Isell is undoubtedly the best center in the conference."

Pratt hit his first five shots against the Commodores and finished with his career high production of 23 points and 16 rebounds.

The 6-4 junior forward from Dayton, Ohio, missed the first two games of the season after receiving a compound fracture of the ring finger of his left hand during a practice game.

Pratt, third leading scorer with a 17 ppg average, is hitting 54.4 per cent of his field goal attempts. Louie Dampier holds the UK record of 51.8, set in 29 games in 1955-56.

Isell, 6-9, has improved steadily since mid-season of his sophomore year. He got off to a slow start last season after undergoing an operation for a benign tumor in the roof of his mouth.

Isell also has a good shot at some Wildcat scoring records. Cliff Hagan averaged 24.0 in 25 games in 1953-54 and Cotton

scored in double figures. Kentucky has an easy time running its SEC record to 11-0 at the expense of Mississippi State, despite a 30-point effort by the Bulldogs' Manuel Washington. Dan Isell had 26 points for the Wildcats.

Mississippi fought Tennessee on even terms during the first half, but went almost 12 minutes without a field goal in the second half to fade from contention. Don Johnson had 20 points and Jimmy England 18 for the Vols, while Ken Turner paced Ole Miss with 19.

Neal Walk scored 24 points and pulled down 19 rebounds to lead Florida past slumping Vanderbilt. Andy Owens added 20 points to Walk's efforts. Tommy Hagan had 22 for Vanderbilt.

Big Bob Linnhardt tallied 25 points and had 14 rebounds in Georgia's cakewalk over the Tide. He set out a good part of the second half when reserves took over or the Bulldogs' Alabama's Gary Elliott was the game's high scorer with 31 points.

Sophomore Rich Yankus had 23 points and senior Ted Tomasoovich 20 as Georgia Tech turned back the Air Force. Reserves played the latter stage of the contest for Tech, which ran its season record to 9-10.

Center Dave Cowens tossed in 24 points and got 27 rebounds in Florida State's triumph, although Stetson's Ernest Kilium made a valiant effort with 24 points.

Kentucky Holds 4th Place; LaSalle Takes Number Seven

By FRED MCMANE UPI Sports Writer

NEW YORK UPI - LaSalle College demands to be heard, even if the NCAA isn't listening. The Explorers, placed on a two-year probation by the NCAA prior to the season for basketball violations, are forbidden to participate in post-season tournaments the next two seasons, but it hasn't deterred them from winning.

Under first-year coach Tom Gola's expert guidance, the Explorers have posted an 18-1 record through games of Saturday, Feb. 8. They are climbing rapidly in the weekly United Press International Board of Coaches ratings.

The 35-member board, which hesitated several weeks before admitting the Explorers to the top 10, moved them up two places to the No. 7 spot this week after LaSalle turned in its most satisfying game of the year Saturday night by dumping highly rated Villanova 74-67.

Former Calloway County cage star Stan Key protects the ball as he dribbles between two opposing players. Stan, the son of Mr. and Mrs. Calvin Key of Hazel, is the playmaker for the prized Kentucky freshman team that is rated among the best in the school's history.

UK Frosh Win 94-75

LEXINGTON, Ky. - The University of Kentucky freshmen avenged an earlier defeat by the Dayton University freshmen, trouncing the Baby Flyers 94-75. Shooting 49.7 per cent for the game after hitting better than 60 per cent from the floor in a terrific first half, the Kiats once again displayed a balanced offense.

Racers Take Over OVC Lead; Eastern Tops Western 85-77

By United Press International

Murray State jumped into the Ohio Valley Conference lead Monday night with a 62-59 win over Tennessee Tech while Eastern Kentucky nipped Western Kentucky 85-77 in overtime.

The loss dropped the Hilltoppers into a second place tie with Morehead State which easily downed Middle Tennessee, 106-74. Murray is on top with an 83 mark with Western and Morehead at 72.

Claude Virden pumped in 27 points to guide the Racers by Tech although reserve Jim Stocks probably was the key to the win. Stocks came off the bench with Murray down 51-44 and scored seven straight points to tie the game.

Tech, 3-6 in the league, was led by Frank Bartleson with 16. Bobby Washington paced Eastern Kentucky with 24 points but Hoke Coleman provided the spark in the overtime period with seven points. Big Jim McDaniels had 31 for Western Kentucky. Eastern is now 4-5 in the OVC. Morehead got balanced scoring for its romp over Middle

Tennessee with Willie Jackson and Jerry Conley leading the way with 17 and 16 points, respectively. Middle Tennessee 2-8 was led by Willie Brown with 23.

The only league action to night finds Morehead at Kentucky State in a non-conference contest.

Maravich Hits For 66 Points As Tulane Beats LSU 110-94

By O'NEIL HENDRICK United Press International

There are two simple ways to play Louisiana State in basketball—guard Pete Maravich and let the other guys go, or guard the other guys and let Maravich go.

Both methods have produced good results. Defense-minded Tennessee likes a challenge. The Vols put a shadow on Maravich, and have held him to some of the lowest point outpourings of his career. The other fellows can't take up the slack, and Tennessee wins.

Tulane takes the opposite tack. The Greenies play Maravich loosely and watch his teammates closely. Maravich had a field day scoring and LSU record 60 points, Monday night, but Tulane won the ball game 110-94.

Elsewhere in the Southeast fourth-ranked Kentucky was a Ho-Hum winner over Mississippi 91-69. Tennessee steam-rolled Mississippi State 61-45. Florida upset Vanderbilt 75-73. Georgia beat Alabama 87-78. Georgia Tech shot down the Air Force 98-67 and Florida State walloped Stetson 95-37.

Maravich, the nation's leading scorer with a 42.1 average, hit on 25 field goals and 16 of 20 free throws in breaking his school's single-game record of 60 points, set by Bob Pettit in 1954.

Tulane, in winning its second meeting with the Tigers this year, never yielded in the contest and led by as much as 18 points. Four Greenies, headed by Johnny Arthurs with 29 points and Terry Habig with 26,

Dear Abby

It's Never Too Late to Learn

By Abigail Van Buren

DEAR ABBY: As Los Angeles county social workers, we were very disappointed in your remarks, as we quote: "I for one am disgusted with handing over my tax dollars for the welfare of women who have one illegitimate child after another for the sole purpose of picking up the welfare check. I think that a woman who bears more than one illegitimate child should become automatically ineligible for welfare."

Abby, in L. A. county a woman with one child (legitimate or otherwise) receives aid in the amount of \$148 a month. A second child increases her check LESS than one dollar a day! Do you really believe a woman would have "one illegitimate baby after another for the sole purpose of picking up the welfare check?" The fact is that many welfare recipients are so ashamed of their second pregnancies, they wait until the last moment to inform their case workers, thus sacrificing their \$20 a month pre-natal allowance.

Our agency dispenses information on family planning, and contraceptives FREE thru the Medi-Cal program, and most clients are extremely receptive to their use.

Aid to Dependent Children is just that, paid to the CHILDREN—not to parents, so if a woman becomes ineligible for welfare after one illegitimate child, it's the child who suffers. Is that fair? Please reconsider.

KETZIN, SHANTON, DICKER, and SCHMIDT

DEAR KETZIN, SHANTON, DICKER, and SCHMIDT, and the many other informed persons who wrote to point out the above to me. We can all learn. I have learned. I am grateful.

DEAR ABBY: My wife's boss comes to town, and instead of having their business conferences in the office, she goes to his motel room, and she doesn't get home until the early hours in the morning.

She is very indignant when I tell her I don't think it's proper. I am honestly not doubting her morals. I love her and trust her, but this is a small country town and the folks here like gossip.

I am not asking you to agree with me, just tell me what you think and it will go no further. SMALL TOWN HUSBAND.

DEAR HUSBAND: Business conferences should be carried on in an office, and during business hours. As her husband, you have a right to object—and loudly!

DEAR ABBY: I feel like an absolute crumb. Friday night I was out with a wonderful boy. It was our third date, and we both had a great time. We talked some and then stopped and parked and he started kissing me tenderly. He didn't get wild or anything like that, he just started kissing me harder and harder until I thought he was going to push my teeth in. I tried pulling back but it didn't help.

I finally said, "Please, Rick, not so hard!" That helped a lot. But he wasn't quite the same after that. Since then I talked to my girlfriend and she said, "Never criticize a guy's kissing—no matter what. It hurts his ego."

Is that right? What should I do? Apologize to him? I am 18 and he's 19. Thanks. MADE A BOO BOO.

DEAR MADE: Sorry, but I think your girlfriend made the boo boo. Don't apologize. Your frankness shouldn't "hurt" him. In fact, he should thank you for the tip.

Britton Home Scene Of South Murray Homemakers Meet

Mrs. William Britton opened her home on South Third Street for the meeting of the South Murray Homemakers Club held on Thursday, February 8, at ten-thirty o'clock in the morning.

The guest speaker for the morning was Mrs. Maxwell D. Siedd, missionary to Nigeria, Africa, now on furlough. She read the scripture from Acts 26:18-19 and 11:34-35, and discussed their work in the country. She also told of the location, the people, the foods, etc.

Mrs. N. P. Cavitt and Mrs. Quinton Gibson gave the lesson on "Clothing Construction". The president, Mrs. James Witherspoon, presided and Mrs. Harold Evermeyer called the roll with each member answering with a "time saver".

During the afternoon the group made flowers from holly with Mrs. Evermeyer in charge. A potluck luncheon was served with the thanks being offered by Mrs. Evermeyer.

Members present were Mesdames Kenneth Owen, N. P. Cavitt, James Parker, Hunter Love, Jevy Hopkins, James Witherspoon, Claude Miller, A. L. Rhodes, Quinton Gibson, S. G. Colson, Lesmie Pitt, Harold Evermeyer, and William Britton. A visitor was Mrs. Maxwell D. Siedd.

The March meeting will be held at the home of Mrs. Evermeyer, North 19th Street.

Three members receiving perfect attendance pins were James Jarrett, Jimmy Jarrett, and Robert Brelsford.

Miss Rita Chaney Writes Article For State FHA Degree

The following article was written by Miss Rita Chaney, student at Calloway County High School, in partial requirements for the State Degree of the Future Homemakers of America.

We are living in a dynamic world and to hold up in that world a lot depends upon our home. As a young person thinks toward her future, she wonders how she can develop and manage her future including her home. One of the most rewarding ways a girl may prepare for this is by taking part in the total home economics program consisting of classroom instruction, home experiences, and Future Homemakers of America.

Classroom instruction may help a girl develop basic understanding and skills in a variety of home economics areas such as food, clothing, child care, personal and family relationship, management, health and safety, and housing. This knowledge and skill gained through classroom instruction may be enriched to become more meaningful as the student applies them in real life situations through her home experiences of both home projects and home practices. A girl may further learn how to improve personal, family, and community living through her participation in group activities and opportunities for community service in the F.H.A. organization.

A girl can be better equipped for living in this dynamic world if she makes good use of the opportunities available through the total home economics program for building and strengthening individual, family, and community living both today and in the future.

6,500 LIGHT YEARS AWAY—Astronomers at the University of California's Lick Observatory on Mount Hamilton made these first-time photos of a pulsating star—a new kind of far space object discovered by British astronomers in 1967. The star figure flares, then fades 30 times a second, and at peak brightness it is 30-50 times brighter than the Sun. In left photo, the pulsar (lower of two shining objects) is flashing. In right photo, it has "turned off" while the other star-like object continues to shine. This pulsar is in the Crab Nebula, 6,500 light years away, and is believed a remnant of an ordinary star that exploded eons ago. Astronomers believe it to be no more than six to 10 miles across. Its matter is packed so tightly that a teaspoonful would weigh millions of tons.

He held responsibility in his last post for administering programs supporting educational programs in the health professions, public health training, and planning foreign student health education in this country.

Mr. Dixon has purchased property on Kentucky Lake near Murray, where he and Mrs. Dixon plan to enjoy his retirement, relating with other members of his family and pursuing his hobbies of boating and fishing. He also plans to do some consulting and special work on health manpower for academic institutions and State and Federal agencies.

Mr. Dixon received the Department of Health, Education, and Welfare's Superior Performance Award in 1963 and the Superior Service Award in 1967. He was also awarded, in 1968, honorary membership in the Association of American Medical Colleges Group on Student Affairs, the first individual to be honored. He was cited for his excellent work in the development and administration of Federal financial aid programs for medical students and medical education.

He first entered Government service in 1946, when he became Executive Assistant to the Commissioner, Kentucky State Health Department. In 1963 he was made Deputy Commissioner for Administrative Services.

His career in the field of health began in April 1922 when he became an attendant at the Veterans Administration Tuberculosis Hospital in Outwood. Three years later he was made technician in charge of the clinical laboratory at the hospital.

Mr. Dixon was one of the organizers of the Kentucky Public Health Association, and served as its president in 1955-56. Between 1948 and 1953, he also held concurrent positions as Assistant Secretary to the Kentucky Medical Association, Assistant Editor of the Kentucky Medical Journal, Assistant Secretary for Medical Licensure, Kentucky State Board of Health, and Assistant Secretary, Kentucky Medical Research Commission.

He is a member of the American Public Health Association and the Association of Management in Public Health.

William E. Buehler, drama instructor at Murray State, will again judge the one-act plays in the drama tournament. Silver loving cups will be awarded to the best actor and actress in the competition.

Dr. Moffield said nine high schools and five junior high schools have entered students in at least one of the three events. First place school winners and all individual students rated superior will be eligible to compete in the 10-region State Speech Tournament at the University of Kentucky in Lexington the first week in April.

The first region includes the eight counties of the Jackson Purchase plus Christian, Livingston, Crittenden, Lyon and Trigg.

Tournament events in March for both high schools and junior high schools will be held at the University School in Murray. Individual speaking events for high school students include extemporaneous speaking, discussion, original oratory, analysis of public address, interpretive reading of serious and humorous drama, interpretive reading of poetry and prose, broadcast announcing and story telling.

Junior high events will be public speaking, poetry reading, prose reading and story telling.

TVA Awards Long-Term Coal Contracts

KNOXVILLE (UPI) — The Tennessee Valley Authority said Monday it has awarded two long-term coal contracts for more than \$500 million to operate in West Kentucky.

The contracts call for up to 144 million tons of coal, most of it to go to the Cumberland Steam Plant which is now under construction in Stewart County.

Peabody Coal Co., operating on the former Camp Breckenridge Military Reservation East of Morganfield, Ky., received the larger of the two contracts covering 15 years and calling for deliveries of 140,000 tons a week.

The second contract was with Island Creek Sales Co. and totaled \$95 million for 34 million tons of coal over a 16-year period. This coal will be mined in Webster County, Ky., at a contract price of \$3.97 a ton at the mine shipping point.

The transportation arrangements for the coal still are to be worked out.

Revival Planned

SEEN & HEARD . . .

(Continued From Page One)

We would not swear that we have learned to keep our tropical fish alive, but it is beginning to appear so at any rate.

These critters are difficult to keep alive unless all factors are fairly tightly controlled. You have to keep the water at an almost constant temperature of about 78 to 80 degrees. It can't be too acid or too alkaline, and you can feed them to death.

We started off with some economical fish because we knew we did not know anything about raising them. We were cautioned not to overfeed the fish. They always appear hungry and will eat most anything, even if it kills them.

For a while three we would find a dead fish in the aquarium and wonder what the heck was wrong. We fed them twice a day what we thought they should have to keep healthy, the water was maintained at the right temperature and we tested the water for acidity and corrected this, but still we would find one or two dead each morning.

Kapt wondering what was going wrong, the youngest finally solved the riddle when he informed us that he had been feeding the fish because they seemed so hungry. In other words he had been feeding them in between the times we had been giving them their regular feeding. They were just stuffed, and a stuffed tropical fish is bad news.

When we explained the intricacies of raising tropical fish, he stopped feeding them and we have had little difficulty since, at least from the feeding problem.

We do not believe the world has ever been so plagued with fallacious thinking as it is today. Never before have so many "far out" ideas been forwarded, and never before have so many been so eager to embrace them.

Just the other day we read where a theological student's wife is putting him through school by putting on "belly dances" at parties. He attends dances and is thrilled to death over her performance. We say he is willing to prostitute his own wife for his personal benefit. Maybe he can reconcile her performance with his theological teaching, but if he can, he's a better thinker than we are.
