Picture Rocks, Pa. Feb 25 1913

My dear John Muir

This little letter from  
an eleven years old school-girl written  
on her own impulse explains itself.

If you feel like putting your autograph  
on the enclosed sheet I am quite sure  
it would be an incentive for her to  
continue her interest in John Muir and  
his Sierras. She does not know I

am actually taking the liberty to mail  
this to you so she will not be  
disappointed if the autograph does  
not appear but I know she will be  
overjoyed if it does.

Very sincerely and respectfully

J. Wesley Little

Dear Mr. Muir:

I have heard and read about you.  
and would like to know you.  
So would my father J. Wesley Little.  
He is an artist. He said he would  
rather take a walk with you than  
any other person in the world. I  
live in a beautiful little town that  
lies between three beautiful hills.  
One looks like the work of a glacier.  
Father found a rock there  
that was made up of a different  
kind of stone than what is around  
here and fossils. I would like  
to live in the Sierra Nevada  
mountains among the birds,  
animals, flowers and trees although  
I love my home.

yours truly

Eleanor H. Little
