S. Maria del Monte

A photograph of the National Anthropology Museum in Mexico City. The building is a large, modern structure with a prominent white facade and a central entrance. A large fountain with multiple jets of water is in the foreground, partially obscuring the view of the building. The sky is blue with some clouds. The text "MUSEO NACIONAL DE ANTROPOLOGIA" is visible on a white banner in the foreground.

A small, rectangular white label is placed on the floor of the display case, centered between the two pedestals.
