# Summary

With the help of this survey, we have a clear image which skills are important and which skills are strong side of our faculty. Now we are aware of our weakness and we know the areas which are weak and which must be developed

The Journey of  
Self Discovery

A close-up photograph of a large, light brown dog lying down. A small, tabby kitten is curled up on the dog's head, nestled between its ears. The dog's eyes are closed, and the kitten appears to be resting or sleeping. The background is dark and out of focus.
