### **Customized Newsletter Service**

Launched new info-products in the niche-subject areas, viz., Healthcare, E-Commerce and to roll out few more info-products in future.

#### Healthcare Newsletter - November 2015

#### Healthcare

#### Aarogya Bharat: India Healthcare Roadmap for 2025:

Today, healthcare in India is at a crossroads. As a nation, we have made noteworthy progress across several dimensions, and India is healthier today than ever. We have successfully eradicated multiple diseases, including smallpox, polio and guinea worm disease. HIV infections and AIDS-related deaths have dropped significantly. India has emerged as a hub for generic-drug manufacturing and boasts a large publichealth infrastructure. Read More...

Source: Bain & Company, 2015

#### Healthcare 2020:

We have been talking about healthcare costs for more than 40 years, but the worldwide financial crisis and subsequent climate of austerity are finally catalyzing change. Payers are searching for all available tools to stuff the growth of a sector that has successfully resisted cost containment for decades. Adding to the urgency for action is an anticipated global surge in demand precipitated by several factors. Read More...

Source: Bain & Company, 2015

#### E-Commerce Newsletter - July 2015

#### Future of e-Commerce: Uncovering Innovation:

Over the last decade, the Internet has changed the way people buy and sell goods and services. Online retail or e-commerce is transforming the shopping experience of customers. The sector has seen unprecedented growth especially in the last two years. The adoption of technology is enabling the e-commerce sector to be more reachable and efficient. Devices like smartphones, tablets and technologies like 3G, 4G, Wi-Fi and high speed broadband is helping to increase the number of online customers. Banks and other players in e-commerce ecosystem are providing a secured online platform to pay

#### 2015 Forecast: Ecommerce:

In 2015, the successful omnichannel merchant will be seeking to unite all consumer- facing functionality and back office in an end-to-end fully integrated technology solution. Merchants will seek to unify and utilize all the data they have gathered on their customers, and use that unified customer data to create a more customized, personalized omnichannel experience. Read
