REPORT OF SECRETARY OF STATE.

OFFICE OF SECRETARY OF STATE,

JACKSON, MISS., October 1, 1905.

To His Excellency, Jas. K. Vardaman, Governor of Mississippi:

Sir: I have the honor to submit herewith my report of the transactions of this department for the two fiscal years commencing October 1, 1903, and ending September 30, 1905.

It is gratifying to be able to report that the investment of capital in the State in corporate enterprises continues to show a most flattering increase year by year and is becoming a handsome source of revenue to the State. As you will note from the financial report herein, I have collected and paid into the State treasury in fees during the past two years \$42,670.25, which is an increase over the two previous years of \$10,503.85, and this despite the fact that the total was cut down about \$2,000 on account of business stagnation during the recent quarantine period.

The following are the receipts from all sources in the office of Secretary of State from October 1, 1903, to October 1, 1905, as shown by Treasurer's receipts:

1903		
November	2.	Treasurer's receipt No. 201.....\$ 864 00
December	1.	Treasurer's receipts Nos. 449-450..... 1,094 00
1904		
January	2.	Treasurer's receipts Nos. 677, 678..... 1,894 00
February	2.	Treasurer's receipt No. 948..... 1,390 00
March	7.	Treasurer's receipt No. 1239..... 1,922 00
April	4.	Treasurer's receipt No. 1423..... 3,048 00
May	4.	Treasurer's receipts Nos. 1625, 1626 -- 1,763 00
June	2.	Treasurer's receipt No. 1824..... 1,930 00
July	1.	Treasurer's receipts Nos. 2014, 2015 -- 1,180 00
August	4.	Treasurer's receipts Nos. 2197, 2198, 2199..... 2,357 25
September	1.	Treasurer's receipts Nos. 2351, 2352, 2353..... 1,785 75
October	3.	Treasurer's receipt No. 10..... 2,462 00
October	29.	Treasurer's receipt No. 161..... 1,057 00
December	5.	Treasurer's receipts Nos. 434, 435..... 1,235 75
1905		
January	3.	Treasurer's receipts Nos. 638, 639..... 1,587 00
February	6.	Treasurer's receipt No. 873..... 2,133 00
March	2.	Treasurer's receipt No. 1053..... 1,945 00
April	3.	Treasurer's receipt No. 1262..... 2,703 00
May	1.	Treasurer's receipt No. 1492..... 1,523 00
June	1.	Treasurer's receipt No. 1755..... 1,890 00
July	1.	Treasurer's receipt No. 1971..... 2,317 50
August	1.	Treasurer's receipt No. 2152..... 1,806 00
September	1.	Treasurer's receipt No. 2324..... 1,386 00
September	30.	Treasurer's receipt No. 2519..... 1,397 00
Total receipts for the two years.....		\$42,670 25

With some modifications of the present excellent fee law the revenues from charter fees could be considerably increased. I would advise against any change of the fee law except in the direction of equalizing it. As the law now stands the charter fees are heavier on the small corporations than on the larger ones. I would therefore suggest that the present schedule of fees on charters for profit be allowed to remain as it is up to a capitalization of \$50,000; that the graduated scale be extended from that point to a round fee of \$100 on the first \$100,000 of capital, and that the fee on all excess capital over this sum be at the rate of \$1.25 per thousand with a maximum of \$350 for any capitalization of \$500,000 or less, and a maximum of \$500 for any excess over this

amount. This amendment would leave the fees as they are on the smaller corporations and would make the larger ones pay in the same proportion.

I would further suggest that the present fee of three dollars on local secret societies be raised to \$25. I find that these concerns are usually gotten up under the name of benevolent societies, but in nine cases out of ten they are organized by a few scheming sharpers for the purpose of creating salaried positions for themselves, and but little if any benefit ever accrues to the members. There are hundreds of these concerns scattered over the State, responsible to no one and organized on a plan which takes them out of the insurance department, and they are multiplying daily. I think it would be wise also to permit the Governor to disapprove charters of this class in his discretion.

CHARTER BUSINESS.

In order to give an adequate idea of the extent of the charter business and its rapid growth through the past few years I have made up the aggregate amount of capital authorized in the past two years as compared with previous records.

During the two years just closed we have placed on record 1,038 charters as against 778 for the two preceding years, and 1,312 for the four years preceding those.

More specifically stated, during the years 1896, 1897, 1898 and 1899 there were 565 charters recorded.

During the years 1900, 1901, 1902 and 1903 there were 1,312 charters recorded.

For the two years 1904 and 1905 there were 1,038 charters recorded.

The records also show that the aggregate of capital stock authorized in charters for the past two years was \$49,159,700. This is the net live capital exclusive of many millions of paper railroad capital which may or may not be invested. For the two preceding years the net capital was in round numbers \$40,000,000, while for the years 1900 and 1901 it was only \$26,430,500.

For the fiscal years just closed the leading enterprises chartered with capital authorized was as follows:

108 banks.....	\$ 5,722,000
60 lumber manufacturing companies.....	6,742,500
120 mercantile concerns.....	3,533,500
55 miscellaneous manufacturing companies.....	2,192,500
11 oil mills.....	1,790,000
6 compresses.....	605,000
4 cotton and woolen mills.....	775,000
68 schools.....	
Miscellaneous enterprises.....	27,799,200
Total.....	\$49,159,700

The extraordinary increase in the number of banks may be noted by comparison with the years 1902 and 1903, when 57 banks were chartered with a capital of \$2,167,500.

TRADE MARK LAW

I beg to further call attention to the fact that Mississippi is without a trade mark law, or law protecting lawful trade marks and trade labels used by manufacturers to identify their goods and to prevent adulterations and counterfeits. Mississippi is one of the few States of the Union without such a law, and with the rapidly growing business of the State and the increasing number of foreign enterprises entering the State for business, I find that some business embarrassment has been occasioned by the fact that we have no law affording adequate protection to trade marks, many manufacturers in the North and West and dealers in bottle goods seeming to feel that they have no adequate protection in our market. I have had considerable correspondence on this subject and have received hundreds of letters asking why they could not register their trade marks here in the office of the Secretary of State, as in other States.

What seems to be needed is a brief law requiring or authorizing the owners and users of trade marks to register them in the office of Secretary of State, filing at the same time a facsimile of such mark where practicable, and a written description where not practicable to furnish the mark itself. Such registry or recording should be held to give the party so registering the exclusive right to use such mark and proper penalties should be provided for counterfeiting. This record should be prima facie evidence of the right of the party recording such mark to its use exclusively in

this State, but in all cases the Secretary of State should have the right to demand satisfactory evidence of the party offering a mark for record, that such party had the legal right to the use of same or priority of right.

I find that such regulations as those I have suggested are in force in a great many States. The official recording or registering of the marks and labels prevents counterfeiting or imitation of marks and thereby protects the consumers of the articles bearing such marks from imitation articles or adulterations.

THE CORPORATION LAWS.

I wish again to call attention to the shortcomings of the corporation laws of the State in some important particulars.

Under the present laws there is no means of ever ascertaining when a corporation is organized, if it does organize, or when it dissolves. Nor is there any means of ascertaining what amount of the stock is subscribed. We are overwhelmed with inquiries along these lines, and I would suggest that every corporation taking out a charter under the laws of the State be required to report to this office, immediately after organization, the fact that it has organized with the date and names of the officers and directors. I would also suggest that they be required to report further the amount of capital stock subscribed, with the names of the subscribers.

I think it would also be advisable to require corporations, when they dissolve, to report here the date of dissolution with the facts, in order that the charter may be cancelled off the records.

In the matter of capital stock, I desire also to call attention to the fact that under the present laws no restriction is placed upon corporations. There seems to be nothing in the laws to prevent a corporation from taking out a charter with a nominal capital and organizing and beginning business on any percentage of such capital they may choose. This is regarded as a dangerous privilege and as a menace to the financial stability of our business. I think it would be wise to require corporations, before beginning business, to certify to this office that a certain per cent of their capital stock had been paid in and a certain per cent subscribed.

In regard to foreign corporations entering this State for business I offer the following suggestions:

Under the present law it seems to be optional with a foreign corporation as to whether or not they will comply with the requirement to file in this office a copy certified of their charters. Many of them comply voluntarily, but fully two-thirds of them do not, and are thus admitted to privileges in the State which are denied to domestic concerns of the same character. The present law requires the filing of these charters under certificate of their officers and fixes a fee of \$15 for such filing. A penalty of \$200 is also imposed for failure to file, but this penalty cannot be collected in the opinion of able lawyers, as the law now stands. I think this filing fee should be raised to say \$25, and that the penalty should be so fixed as to enable the State Revenue Agent to sue for and collect the same where default is made in filing the certified copies of charters.

OFFICE HELP

I come now to a recommendation which I esteem the most important, in so far as the public interest is concerned, which I have to make. It has been for some time apparent to me that the rapidly increasing work of this department, coupled with the increasing demands on my official time, would sooner or later make it imperative upon me to ask for additional clerical assistance.

There has never been any addition to the clerical help in my department, and it is running to-day on the same force that was allowed to it over twenty years ago, notwithstanding the fact that during the past ten years my duties have rapidly multiplied and the business of the office has doubled, trebled and quadrupled in amount.

In 1896, for example, the office recorded 142 charters, and this average was maintained until the year 1900, when it gradually increased year by year until during the past two years it has been 500 per year and more. This branch of the office work is now increasing more rapidly than ever before, and I anticipate that it will hereafter take the entire time of an expert operator with a record typewriting machine. In fact, but for the record typewriter it would now be utterly impossible to keep up with the charter work, and at times when other urgent business of the

office accumulates, embarrassing delay and inconvenience is caused the public and is sometimes misunderstood.

During sessions of the Legislature my time is almost entirely taken from the routine work of the office. When the Legislature adjourns the office is taxed with several months of proofreading on the laws and journals and the distribution of them through the mails, and during this time I am expected to keep up the routine work of the office. The number of commissions required to be issued from my department is also becoming a burdensome tax on the time of the office. We not only have the commissions of all State, county and beat officers, but we have every two years some two thousand municipal commissions, and these are growing in number monthly by reason of the rapid increase of new municipalities. Several hundred notaries public are also commissioned from day to day and vacancies are constantly occurring. The average number of commissions issued is about 1,500 to 1,800 per year, and these have to be made out, sealed, entered of record and mailed out, a task which always requires me to employ extra clerical assistance and pay for same out of my own salary.

These, with the other routine work of the department, the heavy daily correspondence, orders for certified copies of records, certifying municipal proclamations, with frequent daily interruptions to answer business calls over telephone or to exhibit records, together with my duties as keeper of the capitol, President of the Board of Public Contracts, member of the Board of Election Commissioners and member of the Capitol Commission, make it impossible to keep the work of the office up as it should be done and give prompt service to the public.

I do not feel that I could close this report without a word to thank you for the extreme cordiality and courtesy which you have invariably extended to me throughout our most pleasant official relations. I cannot refrain also from congratulating you at the close of the second year of your administration as Governor upon the conscientious thought which you have always bestowed upon every question coming before you and the painstaking care you have given to even the smallest details which might affect the public interest.

Respectfully submitted,

JOSEPH W. POWER,
Secretary of State.

VOTE ON CONSTITUTIONAL AMENDMENT.

A concurrent resolution proposing an amendment to the Constitution in relation to the enumeration of the inhabitants and qualified electors of the State.

Resolved, by the Legislature of the State of Mississippi, two-thirds of each house agreeing thereto, that the following amendment to the State Constitution be submitted to the qualified electors of the State for ratification or rejection, at an election to be held on Tuesday after the first Monday in November, A. D. 1904, viz.:

Strike out of the Constitution Section 105 thereof, which is as follows: "The Legislature shall provide for the enumeration of the whole number of inhabitants and the qualified electors of the State once in every ten years; and the first enumeration shall be made during the two months beginning on the first Monday of June, 1895, and the Legislature shall provide for the same by law."

Yea, 34,235; nay, 7,276.

SEAT OF GOVERNMENT.

February 20, 1819—Two sections donated the State "for a seat of government."

February 12, 1821.—Thomas Hinds, James Patton, Wm. Lattimore, named by act of this date commissioners to locate the two sections.

November 28, 1821.—Thomas Hinds, William Lattimore, and James A. Vandorn named as commissioners to locate permanent seat of government, to be called Jackson, in honor of Major-General Andrew Jackson. Present location, then known as "LeFleur's Bluff," selected. Report approved June 30, 1822. The next (sixth) session was "begun and held in the town of Jackson, December 23, 1822."

HUMANE AND EDUCATIONAL INSTITUTIONS.

- Lunatic Asylum—established by Act of March 4, 1848; completed in 1853, and trustees provided for by Act of March 1, 1854.
- East Mississippi Insane Asylum—established by Act of March 8, 1882.
- Institution for the Deaf and Dumb—established by Act of March 1, 1854.
