## *Principal's Message*

Ralph Waldo Emerson once said: "Nothing great was ever achieved without enthusiasm." I'm sure when Emerson wrote these lines he was well aware of the difference between mere excitement and true enthusiasm.

Even the most formidable tasks become easy and enjoyable when fired by eagerness. Life itself becomes vibrant, and depression has no room in the mind of the enthusiast.

This quality of happiness is like a contagious disease; it infects all who come in contact with the possessor. Great leaders must have this fervour for their goals in order that others may take up the cause.

The student who displays this zeal for living and his school work will never be unhappy at school. Friends and success in his school work will not be lacking to the person who does everything with zest.

But how does one acquire this quality of exuberance which is the magic key to success? The power of it lies hidden in all of us but must be nourished and developed.

Proper rest, good wholesome food and a sound moral life help to create the proper environment in body and mind for a bubbling, happy personality. Add to this a constant practice to look on the bright side of things and you have what it takes.

Develop this priceless quality in yourself so that you and all who associate with you will love life and the work you are required to do.

Mr. Peter G. VanderVoort  
Principal

## *Vice-Principal*

"Essex is a grand old school," says the Essex District High School song. What is it that gives us this distinction of being "grand"?

Excellent facilities? Qualified teachers? Enthusiastic students? But other schools have all of these ingredients.

There is one other facet to the Essex District High School personality which many Ontario secondary schools lack: we have almost one hundred years of tradition behind us. This tradition is an intangible thing, an essence which permeates the entire community so much that most students who enter Essex District High School already have been transfused with this spirit. Perhaps this is that ingredient which makes our E. D. H. S. "grand".

This pride was begun in 1885 under the first principal, Mr. Weir; it became soundly established during the many years under Mr. Hall; Mr. Crane proudly carried us through the hectic years of too-rapid expansion; and Mr. Franke added his own unique touch. Mr. VanderVoort has already contributed his own personality to the Essex D. H. S. tradition.

Buildings, teachers, students, principals. And pride in our tradition! We have all of these ingredients. What, then, is the result of such a blend? John Dryden has the answer:

"For each object must be fix'd in due place,  
And differing parts have corresponding grace;  
Till, by a curious art disposed, we find  
One perfect whole, of all the pieces join'd."

L. Foster Hutton  
Vice-Principal

WESLEY FLOOD  
EDITOR

Argus--hundred-eyed Greek god with a shelf-full of memories of 1967. He has closely watched the multiplicity of each day in this miniature world of hallway and gymnasium and faithfully recorded all. Between his pages lie highlights and trivia and these last shape a memoir worth keeping. To each person, a photograph of himself in the gown of a graduate is near-sacred and a cherished life-long possession. A dozen of Argus' pages in this edition carry these mementoes, a different approach to the subject of egoism than last year, but designed to make the yearbook more valued.

If the hours of pleasure you draw from his pages equals those of pleasure we inscribed on them, then Argus has filled his place.

# Our Valedictorian

Catherine St. Pierre

## Commencement

On October 21, an age old ceremony, as old as the process of school itself, was conducted in the sacred halls of Essex High. While the band played a soul inspiring march, the honoured graduates and prize winners of the previous scholastic season paraded with dignity and pride into the auditorium to accept their awards.

After the diplomas, awards, scholarships, and handshakes were offered, Catherine St. Pierre, the valedictorian, reminisced her early memories of dear old Essex High, and recalled to her former classmates the many delights and sorrows which they had encountered during their school life.

To bring the evening to a pleasant end, Dr. A Gnyp from the University of Windsor delivered a charming and also an enlightening speech concerning the future of high school students.

Following all the formal ceremonies, a reception for graduates, prize winners, teachers, and parents was held.

## *Message From the Students Council*

This year, although meetings were unfortunately short, the Students' Council tried to work to the advantage of the students and the community and surprisingly achieved a great deal.

Early in the year the first Students' Council Scholarships, amounting to \$300, were presented to deserving students in each of the schools three major branches.

The year 1967 saw a Students' Council proud to be functioning in the year of Canada's Centennial. Two major projects were the financing of a fountain designed by Mr. De Paoli to be placed in front of the school, and a collection of flags from each of Canada's provinces obtained by an exchange of flags with other schools. The means of financing these ambitious projects was the selling of chocolate. The campaign turned out to be not only fun and spirit developing but also of profit to the students themselves. Top salesmen were presented with a portable television, radio, and record player.

Entertainment was certainly not neglected and several dances were held, notable those at Hallowe'en, the Christmas Caper, and the Spring Prom.

In the realm of sports, trophies were presented to the winners of Essex High School's first inter-school Cross Country Run.

The Council promoted identification with E. D. H. S. by selling graduate rings. These silver and gold rings with a red stone were sold at cost price as a service to the students.

The usual functions of supporting a Korean Orphan, operating the Book Store and Lost-and-found Department, selling Student Cards, and sponsoring the Bar and Letter System were continued.

This, then, was a productive and lively year for the Students' Council as will be every year if future councils receive the same co-operation as was Mr. Vandervoort's and the enthusiasm of a staff adviser like Mr. Bracken.

## STUDENTS' COUNCIL OF E.D.H.S. ....1966-1967.

This liaison between school administration and students is responsible for the following undertakings:

1. Scholarships in Arts and Science, Commercial, and Trades.
2. Adoption of Korean Orphan.
3. Centennial Fountain and Flag Projects.
4. Trophies in Sports.
5. Bar and Letter System.
6. Financial backing for all clubs.
7. Scholarship for an exchange student to Quebec.
8. Contributions to charity.

The Council thanks you for your great support and spirit during the year.

***We used to make pedestal hooks. Now we don't. That's why we're still in business.***

A pedestal hook\* secures the britching strap—which goes across that part of a horse's anatomy you see from the driver's seat. Very useful in backing the horse. Mind you, there aren't too many horses around these days, going backwards or forwards. Cars are the thing. When it was horses, McKinnon made the best harness fittings in the country. Now it's cars, we make the best components

for the best cars in the country. The complete power train, for instance—engine, transmission, propeller shaft, differential, rear axle. When people started switching from horses to cars, a lot of buggy-whip makers folded their tents. McKinnon cut back on the pedestal hooks and the whiffle-tree cockeyes and other equine accessories, and moved confidently into the automobile

age. That's the secret of McKinnon success. We always move with the times. Since 1878.

CONGRATULATIONS ARGUS '67

In this Centennial Year let us remember with pride the contribution made to our lives by those who have gone before us. Let each one of us strive to make an even greater contribution to those who come after us.

# A LIFE OF ADVENTURE

Here is a career opportunity that offers young men education, training, travel, challenge and A LIFE OF ADVENTURE. If you are a high school graduate (or minimum of Secondary School Certificate, grade 11 or 12), you are eligible to apply for enrolment in the Regular Officer Training Plan (ROTP). Successful candidates are enrolled in the Canadian Armed Forces and attend the Canadian Services Colleges or a Canadian University. At graduation cadets are awarded the QUEENS COMMISSION and begin their careers as officers in the Canadian Armed Forces.

Application for admission must be made not later than 1 July of the year of entrance but candidates are encouraged to apply as soon as they consider themselves eligible.

Complete information on the Regular Officer Training Plan may be obtained from the nearest Canadian Forces Recruiting Centre or from the Director of Recruiting, Canadian Forces Headquarters, Ottawa, Ontario.
