VICE-PRINCIPAL'S MESSAGE

Once again the publication of the Rebelogue signifies the climax of a very successful 1964-65 school term at Riverside High School.

To the graduating class whose pictures appear in this year's edition: -- The greatest need of our graduates to-day is a sense of purpose. This sense of purpose is often lacking in the individual because it is sometimes lacking in our educational philosophy. The graduates must have realized their sense of purpose because they have not forgotten that they are heirs to a great Canadian tradition which regarded public education as our nation's greatest single asset and source of strength.

To those who remain and whose pictures appear in this year's edition: -- This is a period of great scientific advancement and the threshold of a glorious economic future for Canada. We need young men and women with vision and judgment to take their place in society and these attributes can only be attained through education.

I hope that, in the future, I may look through this 1965 Rebelogue and reflect that many whose pictures I shall see have achieved a sense of purpose and are living satisfying and useful lives in our society.

S. Krewench,
Vice-principal.

MR. PENTLAND SPEAKS:

Our modern society has made the attainment of a good standard of living possible for all. Too frequently, however, we forget that this basic standard is the result of the extra efforts and abilities of those with special talents and the capacity for hard work. True, monetary rewards usually accrue to those who contribute to society, more than the average; yet the highest satisfaction comes to the man who truly serves his fellow men. To him service is the goal, not financial reward. To him the unwillingness to settle for anything less than his best effort is a driving force. To him the pursuit of leisure is a race for other, misguided, men.

Very soon you will be engaged in writing your final examinations of the year. I wish you good luck! Yet luck really has very little to do with the success you will be seeking. The truly successful students will be those who have shown themselves ready for the promotion they desire. These are the young people who have displayed industry and diligence; who have shown eager, enquiring minds; who have tried to do things just a little better than the other fellow; who have disciplined themselves to do what is required--and more. They have shown, in short, maturity in the pursuit of excellence.

Excellence means many things, but to you as a student it is competing with yourself, doing your individual best, developing to the full talents you possess. Only by making the most of what you are can you attain full happiness in service to your God and fellow men.

EDITORIAL

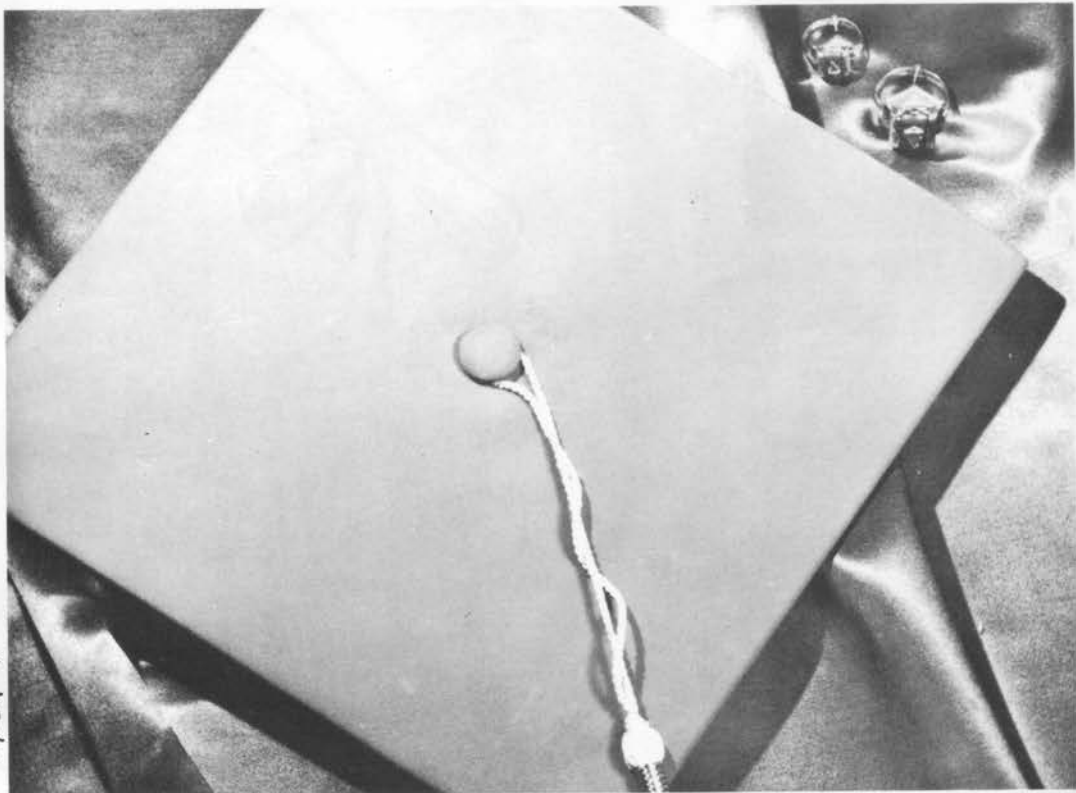

This is the finished product - Rebelogue '65. Our yearbook for the school year 1964-65 is an excellent example of the hard work of both staff and students to whom my thanks is due, because without their time and effort this book might never have materialized.

However, I cannot thank the Rebelogue staff without thanking those students whose academic, athletic and cultural efforts have given cause for a yearbook. To those of you who have endured weeks of practices and rehearsals, who have given freely of your time to various student activities - it is to your zeal and energy that this book is dedicated. To those students whose participation as spectators gave incentive and encouragement to our teams and clubs, I say that your contribution was immeasurable.

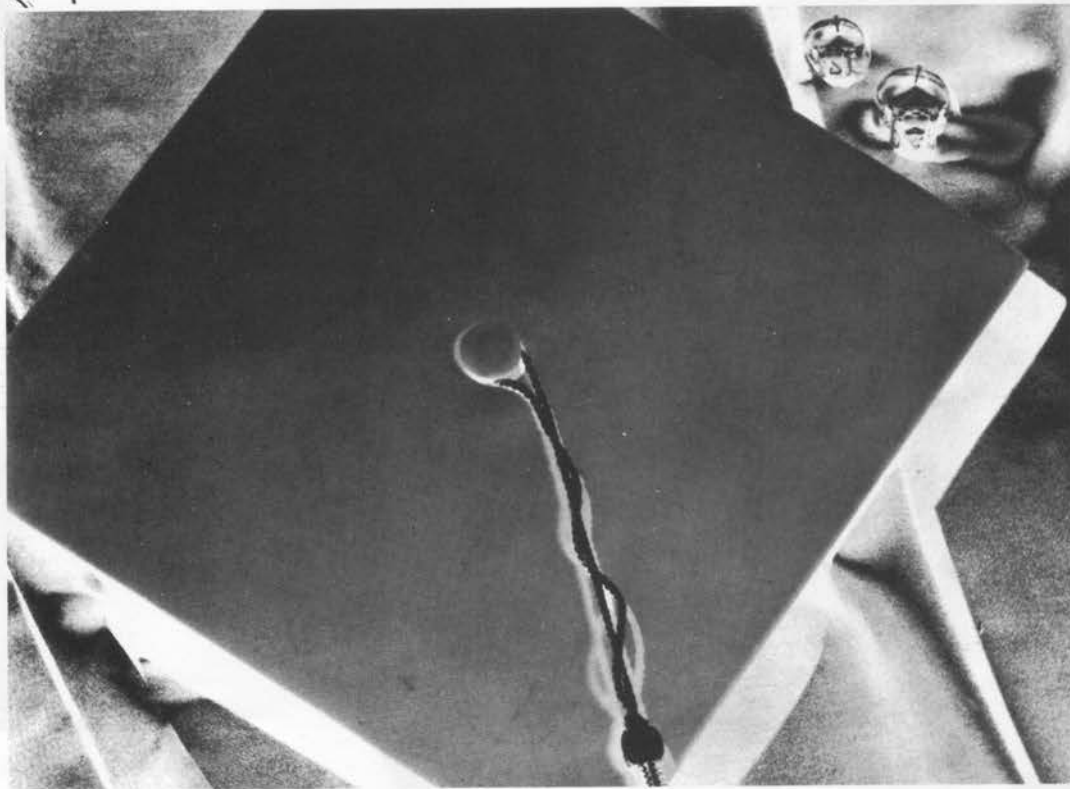

Only when the spirit and enthusiasm of spectator and participant jointly permeate all extracurricular activities and each of us strives for academic achievement, can a building of brick, mortar and apparatus be transformed into a living united school. It is only through the efforts of all that Riverside High can build a new tradition to inspire and encourage students. The new R. H. S. is establishing this new tradition - a history to be proud of. Be proud in knowing your school is "the best."

It is my sincere wish that in future years this yearbook will successfully recapture this past year for you. To the graduates who will no longer know the carefree days of R. H. S., who must now chart the course of their lives - May you always remember the home of the "Rebels."

A MESSAGE FROM YOUR STUDENT COUNCIL

It is the sincere wish of the 1965 Council that the evermoving spirit of work, dignity and honour which has abided with us these past two years in our new High School will continue to flourish and motivate all those whose goal it is: "To endeavor, To study, To discover."

GIRLS' VOLLEYBALL

The Junior girls' volleyball team this year was instructed by Miss Stahl while Mrs. Larson coached the senior girls. The juniors had a poor year against the new W. S. S. A. competition, however all played well and hope to do better next year. The junior team captain was Donna Preswick with Jill Patterson, Judy Palmiere, Lesley Cutter, Kim Fellows, Beth Holland, Pat Kelly, Carol Wilkinson, Linda Delisle and Michele Haugh as regular players while Gail Atkins and Vicky Lade were substitutes.

The senior team of Melody Stanley, Darlene Delisle, Carol Menna, Marie Valkonen, Sue Talako, Norma Taylor, Linda Henderson, Diane Prime, Sue Beren, Marg Woodall and captain Penny Oke had a successful year.

1964 FOOTBALL

This year's senior football team had its ups and downs (more downs than ups). Under new coach, Mr. Day, the team worked very hard in the mornings, noon-hours, and after school each day. The only breaks that the Rebs obtained were Rino Ghetti's broken leg, Jay Jones' broken finger, and Rob Hornsey's bad leg. However, even with these the team managed to win one game, which was one more than anyone thought we would win.

Leading the defensive stars was Alan Dresser, followed by Jay Jones, Rob Hornsey, Mark DeWolfe, John Woodall, John Musselman, and Bill Ruiter. The offensive team was led by our quarterback, Bill Kell, and the fine running of Andy Stewart, Mike Haugh, Dan Fraser, and Brian Prime.

The Junior team won the Essex County Junior title--a win which looks promising for the future.

However, the great leaders of both these teams were the coaches: Mr. Day, Mr. Snyder, Mr. Giroux, Mr. Issell, and Mr. Langlois. Without them it would not have been as good a year as it was.

Advertising

What do
Einstein, Richard Petty, Hippocrates, Columbus, Copernicus
have in common?

Bubble bursting.

Take Richard Petty. This concept bugged him: that Chrysler engineered cars didn't win long distance stock car races.

Petty, in his competition-equipped Plymouth, burst the whole bubble. He finished first in the 1964 Daytona 500—and set a new track record in the bargain! This was the first of many wins that made him the 1964 NASCAR Champion.

The Daytona race is tough. 500 miles around

the fastest track in the world. It takes courage and stamina and engineering superiority to win that race. Superiority developed through years of research and testing on the proving grounds and in the laboratory. Engineering reflected in our 1965 showroom cars.

What bubbles bugged the others? Time is an absolute; evil spirits cause disease; the world is flat; the sun revolves around the earth. You knew that all along.

your Future

Before you decide on your vocation, it will pay you to read about what a career in banking has to offer you—its opportunities and benefits. Simply drop a line to the Staff Department, Bank of Montreal, P.O. Box 6002, Montreal, and ask for a copy of "Career Opportunities at Canada's First Bank". If you prefer, you can call in at your nearest branch for a copy. There is no obligation, except to yourself.

WINDSOR AND ESSEX COUNTY

**When
sheer

... then the door to higher education can often be opened through scholarships. Since 1955, the General Motors companies in Canada have assisted more than 200 students in obtaining a college education. This has been achieved through the provision annually of 25 four-year scholarships of up to \$2000 per year in value, and through grants to universities. We like to think that we have helped to make determination pay off.

Applications for General Motors Scholarships should be directed to the Registrars of the following participating Universities: The University of Toronto; The University of Western Ontario, London; Queen's University, Kingston; The University of Montreal; The University of Manitoba, Winnipeg; The University of British Columbia, Vancouver; The University of Saskatchewan, Saskatoon; The University of Alberta, Edmonton; The University of New Brunswick, Fredericton; Laval University, Quebec City; McGill University, Montreal; Memorial University, St. John's, Newfoundland; Dalhousie University, Halifax; and McMaster University, Hamilton.
