ALBERT A. SMITH,	} Selectmen of Belmont
SMITH N. ELLSWORTH,	
FRED A. CURRIER,	

We have examined the foregoing account and find it correctly cast.

REUBEN G. HOYT,	} Auditors
HARVEY GARDNER,	
D. DANA MAXFIELD,	

WATER WORKS, RULES AND REGULATIONS.

Annual Rate.

The following rates are established until further notice, and to be paid by owner of property where water is taken.

Family not exceeding five persons, 1 faucet	\$6.00
Each additional person in same family	.50
Bath tub or water closet of approved pattern	3.00
Hose for washing windows or carriages, or sprinkling lawns, not exceeding one hour per day, through one-eighth inch nozzle	3.00
Builders rates per barrel05
Hotels, steam engines and motors, metre or special rates. When water is used for purposes not specified in the foregoing it may be drawn through a metre or a rate will be fixed by the Superintendent upon applications.	

METRE RATES.

Not exceeding 24,000 gallons per year . . .	\$10.00
Each additional 1,000 gallons25

CONTRACT

Every person taking water thereby consents to the following regulations, and agrees to be bound by them and such other regulations as the Selectmen and Superintendent may hereafter establish.

APPLICATION

All persons desiring to take water shall make application to the Superintendent, stating fully and truly all the purposes for which it is to be used; and should additional use at any time be required the person requiring the same must notify the Superintendent before such additional use will be allowed.

SERVICE PIPES.

The town will furnish a corporation with a stop, from the main pipe. All service pipe must be provided and maintained by the person supplied with water.

Persons taking water must keep their own water pipes and fixtures connected therewith in good repair and protected from the frost at their own expense.

They must provide a stop and waste cock, to be properly located inside the building and have the pipes so arranged that the water can be drawn from them whenever and wherever there is danger of freezing.

USE OF WATER.

The water at sinks and other places must not be left running to prevent water in pipes freezing, or for any other purpose; and all unnecessary waste of water must be prevented. No owner or tenant will be allowed to supply water to other persons or families, and if found so doing the supply will be stopped and the water rent already paid forfeited.

INSPECTION.

The Superintendent must have free access at all proper times to all parts of the premises where water is delivered and consumed.

STOPPAGE.

No person shall open or close any public fountain, hydrant stop cock, water gate, blow of or air vent, attached to any water pipe belonging to the town except by permission of the Superintendent. Provided, however that this shall not apply to firemen while in the proper discharge of their duties as such

The town reserves the right to shut off the water for making repairs, extentions or other purposes, without notice, and no person shall be entitled to damages by reason of such action of the town.

Bills Payable, When.

All water bills may be payable semi-annually in advance, to the Superintendent on the first day of June and Dec. If water rents be not paid within fifteen days after they become due, the flow of water may be cut off, and one dollar will be charged for turning it on again.

Water rents will commence when service pipe is laid, and we recommend that the income of the water works be set aside, to form a sinking fund looking to the final redemption of the water bonds.

Respectfully submitted,

ALBERT A. SMITH,	}	Selectmen of Belmont
SMITH N. ELLSWORTH,		
FRED A. CURRIER,		

Road Agent's Report.

Below is my report as Road Agent for the year ending Feb. 15, 1898.

EXPENDITURES AS FOLLOWS:

BELMONT TOWN REPORT.

SCHOOL REPORT.

TO THE LEGAL VOTERS OF THE SCHOOL DISTRICT IN THE TOWN OF BELMONT.

Another year has passed, and at its close, it becomes our duty to report to you our work as your servants, and to put before you those facts which will enable you to form an estimate of the return you are receiving for the money you pay for the support of the schools in your goodly town. We will put our report into as few words as will be consistent with a faithful discharge of duty, and will convey to you desired information.

During the year the school house for which you made an appropriation at your last annual meeting was completed according to contract, and gives the children in that part of the town as cosy and inviting a schoolroom as can be found in the County. The Autumn and Winter terms were taught in it. For good and sufficient reasons the school in old number ten was discontinued, and the scholars four or five in number, were carried to the Upper Province Road school. We think this consolidation of two small schools was a wise act, and one which ought to be imitated in other parts of the town the coming year.

It has been our intention to put proper and competent persons in the schools as teachers and we feel that as a whole we have done so. For any mistake we have made we are sorry and are willing to be forgiven. We will summerize the schools in detail.

The Ladd Hill school was in charge of Miss Nellie M. Ladd, who as usual showed her eminent fitness for such a position. The Spring term in the Union School was taught by Miss Francis Hall of Bristol, who met with excellent success and gave perfect satisfaction. Like Eve's daughters in all ages, she exercised the right to get married, so another teacher, Miss Florence Gerald's was secured for the Autumn and Winter terms. Miss Gerald's

BELMONT TOWN REPORT.

is at home in the school room and in these terms, as in other previous terms in other sections of the town, she did good work, and some of her classes made remarkable progress. The Jamestown school was taught by Miss Maud C. Gardner throughout the year. The scholars who attended made fair progress. We were fortunate in securing the services of Miss Una Kimball of Concord for the Province Road school, which, under her efficient, conscientious care and labor made commendable and substantial advancement. It is to be hoped that her work in our schools will be continued. The Spring term in the Clay district was taught by Miss Augusta Judkins of Laconia and was fairly successful. Miss Judkins worked faithfully and could not be considered as anything but a good teacher. Miss Francis Malon of Meredith taught the Autumn and Winter terms and was eminently in her proper sphere. We were much pleased with her work and the very good results achieved, especially with the small scholars.

The Village Primary was in charge of Mrs. Minnie Randall who did what she could to make the school profitable and successful. Miss May Lamprey of Gilmanton was the teacher in the intermediate school. To say that she did well would be inadequate and would not convey to you a correct idea of her work in this, the most difficult and unruly school in town. Miss Lamprey is one of our best teachers, faithful, painstaking and conscientious. She has earned and richly deserves the respect and heartiest thanks of all who are interested in the cause of education. A quiet and refined christian lady, she could not fail to gain and hold a host of loyal friends in our pleasant village. Such teachers deserve support and position.

The Spring term of the Grammar school was under the tuition and care of Mrs. Sarah E. Piper. Mrs. Piper is finely educated, possesses excellent methods, and has had much experience in past years. She struggled amid serious difficulties. In spite of

BELMONT TOWN REPORT.

all these items the term was successful, one of the best we had ever seen in the town. The examination at the close of the term showed faithful work on the part of the teacher, earnest study by the scholars and an unusual amount of progress. Our public schools lost an excellent instructor when citizen Piper found a good wife. We congratulate ourselves upon having secured the very efficient services of Miss Lillian M. Caverly, late principal of the Meredith Village High School, for the current school year in the earnest expectation that she may be a permanent teacher in the upper department of the Village school. In the Autumn and Winter terms she demonstrated the wisdom of our choice, and met with success of the highest order. We were more than satisfied with the school and with its discipline and advancement. Miss Caverly endeavored to make all the work of the school practical in its character.

We noticed with pleasure a greatly improved deportment on the part of her scholars in and around the school building. We are exceedingly gratified to find a refined, christian lady, whose influence is uplifting, devoting her life to the instruction of the young. She is beyond all question the right person for the position. While others imitating the example of Miss Hall, may do WELL, we trust Miss Caverly will be satisfied with nothing less than doing BETTER.

We feel it duty to call the attention of the voters to some items of importance which demand their thoughtful care.

There is a necessity for the adoption of some by-laws as provided for in the state laws. The school laws as they stand upon the statute books, are insufficient to compel the attendance of many who ought to be in the school room, especially children under eight years of age. In the village part of the town, are many who will lose much in the line of school privileges unless compelled to attend school from the time they are six years of age.

BELMONT TOWN REPORT.

Report of Building Committee.

To the citizens of the School district in Belmont.

Your building committee, chosen at the last annual school meeting to build a new school house, submits the following report.

Bids for building the school house and shed above the foundation were received as follows :

Joseph Plumer	\$999.99
C. G. Corliss	975.00
J. W. Sweatt	847.13
R. P. Willard	800.00
W. P. Willard	725.00
F. N. Chatfield	673.75
H. H. Thompson	649.75

and H. H. Thompson having the lowest bid was awarded the contract. School house was finished Sept. 1st as per contract to the satisfaction of the building committee.

Joseph Plumer	} Building Committee
H. H. Thompson	
R. G. Hoyt	

Financial report of building committee for new School House.

H. H. Thompson's account as per bills	\$685.30
R. G. Hoyt's account as per bills	110.75
Joseph Plumer's account as per bills	35.56
H. C. Fifield for lot	25.00
Recording deed and making the same	1.25
Knight & Robinson, furniture	74.52

Total \$932.38

Received of town of Belmont \$932.38

We have carefully examined the foregoing accounts and find them properly vouched and cast.
