Thanks so much for your interest in our June 11th panel, "George Floyd, Anti-Black Racism, and #BlackLivesMatter." Approximately 1,000 individuals watched the panel discussion live or through the online recording.

As stated so well by our panelists, all of us need to become comfortable having

uncomfortable discussions—with others and ourselves—about anti-Black racism. The Alumni Association will follow up with you about other opportunities and resources that you might be interested in.

Attached is a list of resources that Dr. Shontay Delaloe and colleagues prepared to help us all better understand and confront racial injustice. These will be added to the online resource page that the Alumni Association will soon post.

Thank you again for your interest. Be well.

Best wishes,

John N. Diamond '77, '89G
President/Executive Director
