HUB NEWS

Jun 2014: Created pages for faculties, depts & centres cumulating research and statistics to each one

May 2014: Created ORCID accounts for all HKU Professoriate staff.

Mar 2014: Added "Invited Lectures & Keynote Speeches" to HKU ResearcherPages.

Feb 2014: Added teaching course lists to HKU ResearcherPages.

Keywords Copy number variation

longer CNVs than the non-syndromic or controls (p = 1.50×10 -5), non-syndromic patients were enriched in CNV number when compared to controls (p = 4.00×10 -6) or the syndromic counterpart. Our results suggest a role for NRG3 in HSCR etiology and provide insights into the relative contribution of structural variants in both syndromic and non-syndromic HSCR. This would be the first genome-wide catalog of copy number variants identified in HSCR. © 2012 Tang et al.

AOSPINE	AOSBRC-07-02

Funding Information:
This work was supported by the Hong Kong Research Grants Council (HKU 775907M to PK-HT and HKU 765609M to M-MG-B) and by the Seed Funding Programme for Basic Research (200910159040 and 200811159006 to M-MG-B and 200911159190 to SSC). Support was also received from the University Grants Committee of Hong Kong (AoE/M-04/04) and AOSPINE (AOSBRC-07-02 to DC). The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.

Article: Gabapentin: A multimodal perioperative drug?

Basic View | Metadata View | XML View

Title	Gabapentin: A multimodal perioperative drug?
Authors	Kong, VKF[1] Irwin, MG[1]
Issue Date	2007
Publisher	Oxford University Press. The Journal's web site is located at http://bja.oxfordjournals.org/
Citation	British Journal Of Anaesthesia, 2007, v. 99 n. 6, p. 775-786 *[How to Cite?]* DOI: http://dx.doi.org/10.1093/bja/aem316
Abstract	Gabapentin is a second generation anticonvulsant that is effective in the treatment of chronic neuropathic pain. It was not, until recently, thought to be useful in acute perioperative conditions. However, a growing body of evidence suggests that perioperative administration is efficacious for postoperative analgesia, preoperative anxiolysis, attenuation of the haemodynamic response to laryngoscopy and intubation, and preventing chronic post-surgical pain, postoperative nausea and vomiting, and delirium. This article reviews the clinical trial data describing the efficacy and safety of gabapentin in the setting of perioperative anaesthetic management. © The Board of Management and Trustees of the British Journal of Anaesthesia 2007. Protocols !

CINECA

香港大學學術庫
The HKU Scholars Hub

1) DOI from CrossREF

- 24,000 Fulltext theses online in full cataloguing
- Soon, to send machine readable bibliographies for each one
  - To receive citation count from CrossREF,
  - To display citation count for each HKU thesis

- btw, soon each current research postgraduate student & rpg alumni to have own profile page, showcasing thesis, supervisors, citation counts, comments, etc.
  - To attract new employment & collaboration
  - To entice alumni to maintain HKU relationship
  - To determine impact of HKU; ie., who has what job after 5 years.

2) ORCID

- 2013/2014, created 1,400 ORCID accts for HKU researchers, populated with Hub data
  - Low claim rate

- 2015, One click buttons to
  - a) create & populate ORCID from Hub data, or,
  - b) link an existent ORCID

3) Common European Research Information Format (CERIF)

- euroCRIS data exchange format; examples;
  - Federated search
  - Snowball metrics
  - Research Assessment Exercises (RAE) decision support
- OpenAIRE format for harvesting from CRIS
- Rich metadata (cf. vs. DSpace DC; flat & linear)
- Used in 43 countries, National Standard for research info in 10

- Important reason for adoption of DSpace-CRIS
  - Foundation of Science & Tech of Portugal (FCT)
  - UK Sci & Tech Facilities Council (STFC)
  - Etc.

The HKU Scholars Hub

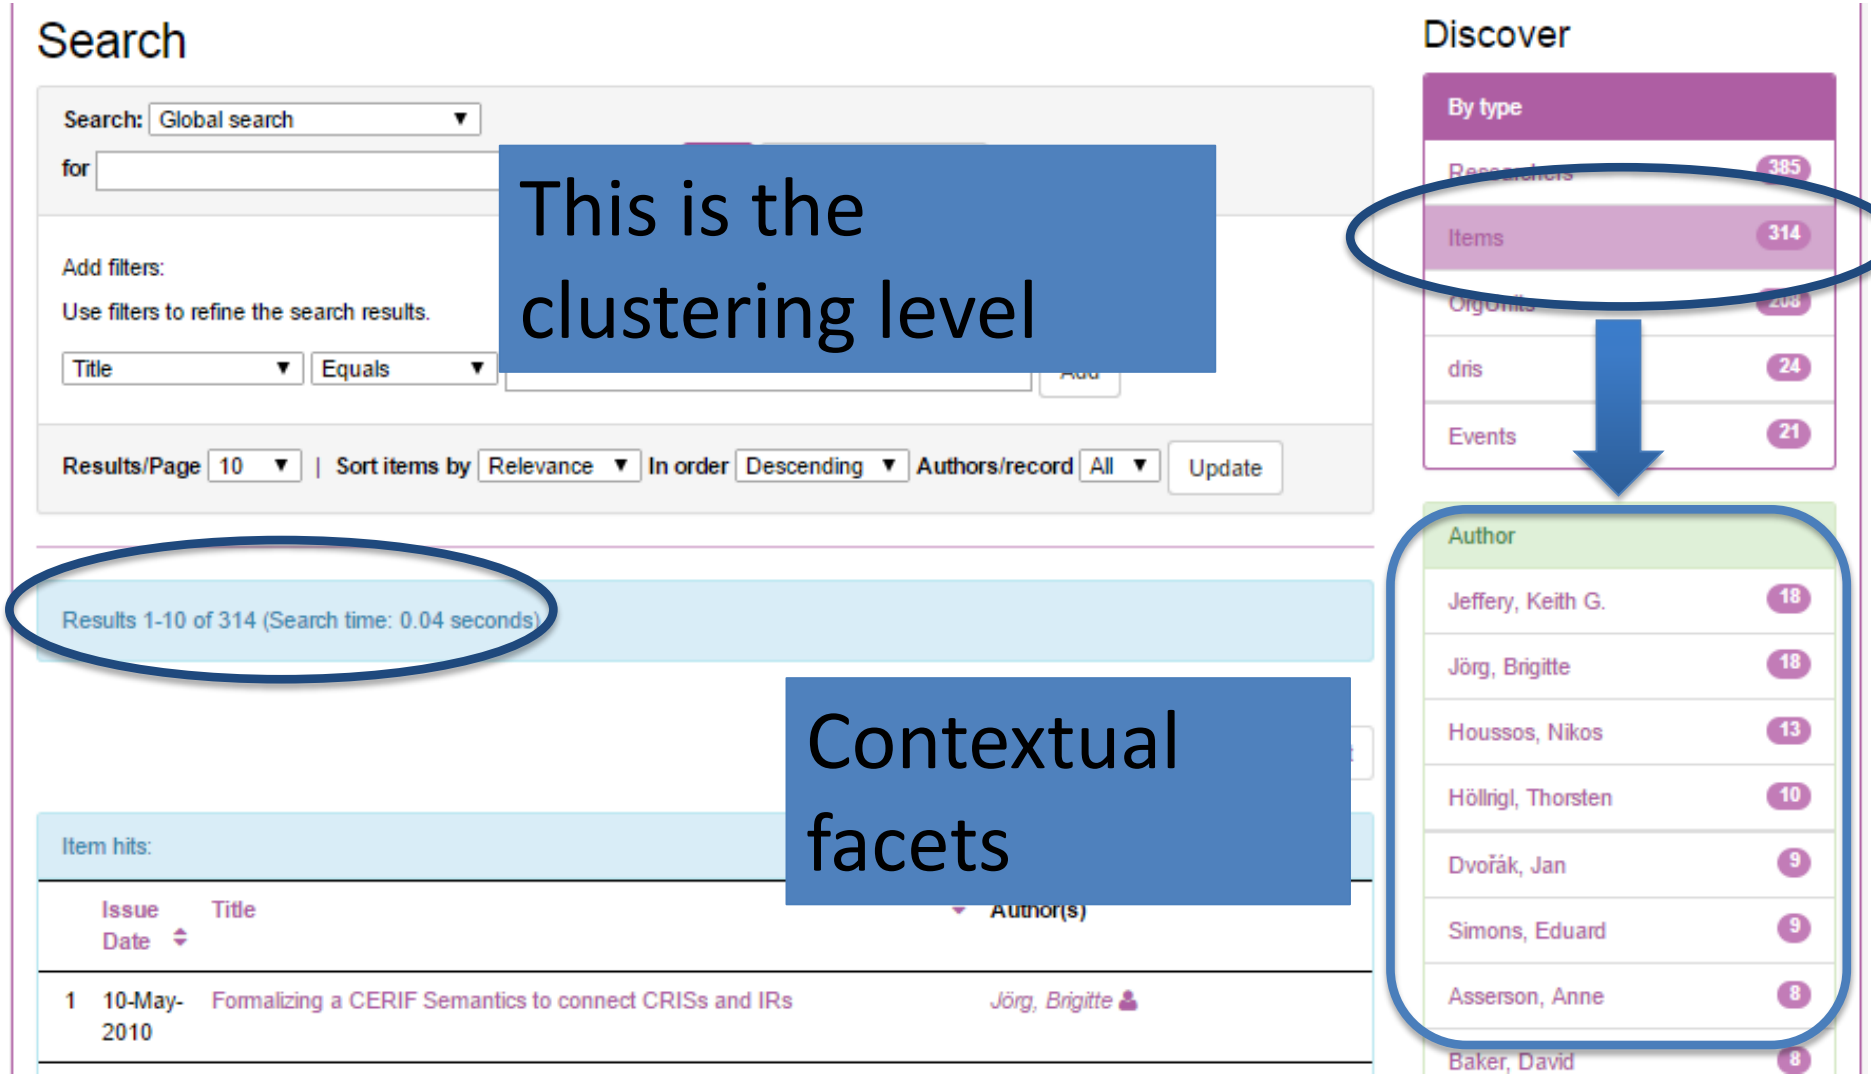
2) Global Search

- Because..,
  - Now Hub top level objects (ex., ResearcherPage) hold many sub-sections (prizes, editorships, community service, etc)

euroCRIS DSpace-CRIS, Global Search



Publications

Innovative Open Source Technologies for a CRIS: SURplus, a solution by CINECA [13-May-2013]

Mornati, Susanna; Mennielli, Michele

Keywords CINECA

Abstract comprehensive functionality. A description is also provided for the HKU Scholar Hub platform run by the Hong Kong University on a DSpace-CRIS platform jointly developed by HKU and CINECA.

Life Around a CRIS [11-Nov-2014]

Mornati, Susanna; Bollini, Andrea; Mennielli, Michele

Keywords CINECA

Abstract implementation at numerous Italian HEIs and the DSpace-CRIS platform. An insight is also provided on the updated look&feel and new features for the upgraded DSpace-CRIS euroCRIS repository hosted at CINECA.

DSpace-CRIS: an open source solution [15-Nov-2013]

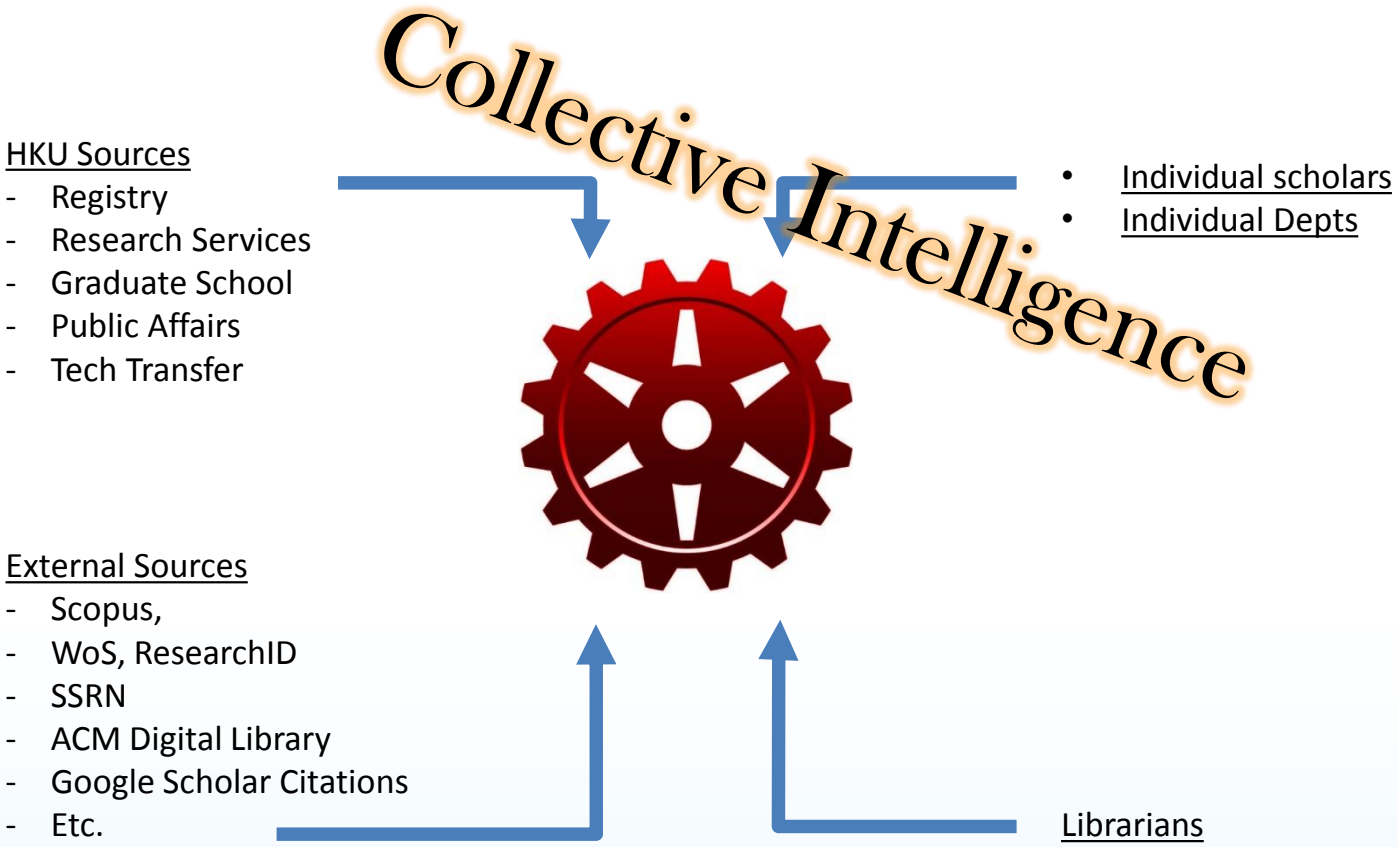
Mornati, Susanna; Bollini, Andrea

Keywords CINECA

R-LINK: Research Content Linked Data Cloud [14-May-2014]

The HKU Scholars Hub (The Hub)

-- A Current Research Information System (CRIS)



HKU, Library Developed & Managed.., Why?

- In support of scholars & university,
  - More to curate than publications
- In the meantime,
  - Decline of print cataloguing
  - Re-purposing & re-training
  - All Hub metadata curated by the Cataloguing Dept
- Future proofing the library,
  - Cyberinfrastructure,
  - E-Science, E-Research
  - Digital Humanities

Users of DSpace-CRIS!

- 2009 HKU
- 2014 HK PolyU

- Italy: Cineca developed, Institutional Research Information System (IRIS), based upon DSpace-CRIS
  - 65 institutions by September

- euroCRIS
- Catalan Consortium of Research Universities (CSUC)
- Foundation of Sci & Tech, Portugal (FCT)
- UK Sci & Tech Facilities Council (STFC)
- Albania, 10 Academic Institutions
- Many new prospects from: Cyprus, Germany, Switzerland, Hong Kong (new ones), Singapore, etc.

The Future !

- Cineca, as a member of DuraSpace, to work for,
  - Re-envision the future of DSpace
  - Convergence of DSpace-CRIS with DSpace, or only specific modules
  - Bespoke development

  ➔ Opportunity for institution to design & commission Cineca to do an Open Source project, to address local needs, and donate new feature/product to the OS community.

- "Alone we can do so little, together we can do so much."

  – Helen Keller
