the radio is... all encompassing...  
some maps enter the room...  
the counter - sense of the water...  
some cant have the solid objects...  
silence and time - the air...  
in contrast to whatever floor...  
the danger, the child...  
how these objects in the world...  
millions of other...  
cars, building sites...  
shaking...  
how the very...  
images within the head...  
reactions from vibration...  
which is also to say...  
or the sensation of a...  
observed by variation...  
is it in the chemistry...  
all these words - we...  
but millions of...  
chemical...
