

ICU WPL

ICU Language Database Series 1: PhoPhoNO Digital Archive ①

11

Foreword

This volume of the International Christian University Working Papers in Linguistics (ICUWPL) contains the first collection of ICU Language Database pertaining to Drenjongke (Bhutia), a language spoken in Sikkim, India. The nine parts of ICULD cover the following topics: syllabary, words in isolation, words in a frame sentence, vowels, fricatives, voiceless nasals, intonation, nursery rhymes, and words representing the sound system.

Each database in this volume consists of citation methods, basic information, and a list of items that can be downloaded from the archive.

We would like to thank the speakers of the Drenjongke language for their patience during the recording sessions. This work was supported by Strategic Japanese-Swiss Science and Technology Programme of JSPS and SNSF. The creation of an archive based on these materials was supported by a grant from Information Resources Center (IRC), Research Institute for Languages and Cultures of Asia and Africa, Tokyo University of Foreign Studies. We would like to specially thank Dr. Keita Kurabe for sponsoring this grant. The URL of the archive is <https://phophono.aa-ken.jp>. The ICU Language Database (ICULD) series has been developed in collaboration with Dr. Priyankoo Sarmah in CLST at IT Guwahati. ICUWPL is sponsored by ICU Linguistics.
