VERBAL DESCRIPTION:

This is a rim sherd with a striated unscored side. The unscored side is not burnt or gray. The scored side is burnt over entire surface. The scoring is at most .1cm deep and .2cm wide. The lines are V-shaped. The lines extend to the lip and the lip is smoothed. The shapes made by the lines are parallelograms. On a broken edge there is a firing core approx. .6cm wide (nearly the width of the sherd). There is no handle attached to this piece, nor is there a score from a handle. There appears to be slip on the unscored side of this sherd.
