

EDITORIALS

Let's Play It Sensibly

This newspaper has commented on more than one occasion on the general conduct of the local fire brigade returning from fires and on its Monday night practice runs. There have been informal discussions on the subject with the fire chief but these have failed to alter our opinion that the brigade's present practice is unnecessary and dangerous and should be curbed.

There is, surely, one fundamental principle upon which all will agree: human life is more precious than property. A secondary point of agreement, surely, is that on its way to a fire the fire brigade should proceed with all possible despatch, keeping in mind always the fundamental principle of the importance of human safety.

Going to a fire is one thing; returning from a fire is a horse of an entirely different color.

Only this week the recklessness of one fire truck returning from a fire almost created what could have been a very costly and serious accident. It was only through the quick thinking of another driver and, probably more important, the grace of God that the accident was avoided. And it was entirely unnecessary.

That is our point.

There have been accidents and there have been "near misses" that have come to the attention of this newspaper. Undoubtedly there have been many more of which we have not been aware.

There is no good reason, as far as we can see, why fire equipment returning from a fire should not proceed as normal traffic, rather than roaring hell-bent-for-election through the streets with sirens blazing ignoring stop signs and red lights and all to get — nowhere. Fire brigade officials, however, will argue that it is necessary for them to return with all speed to the hall "in case there is another fire".

A look at the brigade's record explodes this argument. Last year the brigade answered 146 alarms which means one every six hours of the year. It is a long chance that a second alarm would come in during the very short time the truck would take to return to its base as normal traffic.

Further, of the 146 alarms only 26 were general alarms. This is one every 337 hours. It is only on general alarms that all the equipment is sent out, so that, on last year's figures, there was equipment in the hall to answer any second call that might be made during the period when 120 calls — 83 percent of the total — were being answered. Moreover we understand that even on a general alarm one manned truck is available to handle any second calls that might be made.

Further, it is extremely unlikely that a return trip as normal traffic would take more than three minutes longer than do the current wild rides home.

This newspaper is proud of the local fire brigade, and recognizes the personal sacrifice the volunteer members of the brigade make. It considers it is efficient and is dominated by a spirit of giving the best possible fire protection to this city. But sometimes enthusiasm and efficiency can be carried too far. In this matter we believe it is. We believe that returning from a call the equipment should proceed as normal traffic and be subject to the rules of normal traffic. We maintain that the brigade's own figures indicate that there would be no lessening of the standard of protection were such a policy adopted.

Moreover, if the general premise that life — and this includes fire brigade personnel — is of more importance than property damage is accepted, there can be no argument. We believe it is.

And we believe that the time has arrived for the brigade to take a very serious look at its present "returning home" practice and to adopt the policy of making its return trips as normal vehicular traffic. If it fails to do so, it will surely be involved in a needless accident that will cause it embarrassment and distress.

Red Cross Campaign

It was in every way typical of the Canadian Red Cross that within a matter of hours of the flood disaster striking in Britain, the Netherlands and Belgium, supplies and Red Cross personnel were on the way to the places where aid was needed. But such wholehearted response to the needs of the unfortunate is not reserved for disasters of the magnitude of that which took place a few weeks ago.

Canadians who have had opportunities to feel the warm hand of comfort and help that is ever extended by the Red Cross are numbered in many hundreds of thousands. The services are so varied they reach into the very heart of the nation. Listen to the roll call of help: free blood transfusion service; outpost hospitals and nursing stations; veterans services; relief; swimming and water safety — and on the list goes.

The annual Red Cross appeal is deserving of the wholehearted support of every citizen of the Central Okanagan. This year there is an even bigger reason why the support should be generous. In the first days of the flood disaster Canadian Red Cross supplies valued at \$90,000.00 which were stored at Geneva, Switzerland, were distributed in the stricken areas. In addition many tons of clothing, bedding and rescue and cleanup equipment were sent by air cargo from Canada. It is clear that the Canadian Red Cross has responded well. But in doing so, it has completely exhausted supplies of clothing and bedding held against local emergencies. The campaign now begun must provide funds to carry out the many normal activities of the Red Cross and, in addition, rebuild the emergency supplies. Plainly this campaign is deserving of generous response.

ENDORSE RESOLUTION

Kelowna Board of Trade has endorsed a Canadian Chamber of Commerce resolution contending that a private board, apart from the CBC, be set up to issue licenses to private radio stations in Canada.

May Revolutionize Packinghouse Operations

A machine which automatically cleans, polishes, grades and wraps apples individually in "cellophane" cellulose film is demonstrated by the inventor, Paul Jodoin, son of a Rougemont, Que., orchardist.

Jodoin built the machine during his spare time in a small home workshop. The machine is designed to eliminate hand-

wrapping of apples, give them greater "eye appeal" on store shelves by use of colored "cellophane" and protect them against handling and soiling. The film is heat-sealed all around, but holes are punched on one side to assure proper atmospheric conditions inside the bag. Only hand labor required is to arrange wrapped apples in boxes for shipment.

Diversified Program Being Arranged For Coronation Day Observance Here

PLANS are well underway to hold a gala Coronation Day celebration here on June 2.

At a special meeting attended by representatives of various organizations Thursday night, Ald. Arthur Jackson, committee chairman, outlined tentative plans which have been made to date.

Plans include holding church services at 9.30 a.m.; a parade at 10.45; reading of the Coronation Proclamation by Mayor J. J. Ladd followed by an address by O. L. Jones, M.P., and a Kelowna Athletic Round Table-sponsored school track meet at 2.15 p.m.

Prior to the track meet, Kelowna Riding Club will present a half-hour program, while the Kelowna Volunteer Fire Brigade will conclude the afternoon's activities with a half-hour display.

Festivities will continue in Kelowna and District Memorial Arena in the evening, with the Kelowna Rotary Club and the Kelowna Little Theatre combining their talents to stage a suitable Coronation presentation, followed by a dance.

The Kelowna Gyrso Club has been asked to handle the singing and pageants in the park, with Jim Pantin presiding over the general ceremonies.

The Kelowna Junior Band will likely be on hand to play the national anthem and other patriotic selections in keeping with the day. G. D. "Paddy" Cameron assured the committee that the riding club would be pleased to put on a demonstration, with little or no injury to the oval.

Thousands of school children in School District 23 will participate in a special Coronation Day event from 1.45 to 2.15 p.m. after which the major event of the afternoon will take place, namely a school track meet with plenty of spectator appeal.

Everything is free on Coronation Day and almost every organization in the city is lending gratuitous support.

The Kelowna Junior Chamber of Commerce, assisted by the Kelowna Motor Cycle Club and others, will handle the policing of the parade route and City Park.

The Mary Ellen Boyce Chapter, IOOE, and the Dr. Knox Chapter, IOOE, will study the matter of window displays and decorations.

Various expressions of opinion were heard at the meeting regarding the suggested order of events.

Ven. Archdeacon D. S. Catchpole spoke on behalf of the Ministerial Association and said that they preferred to hold Coronation Services on the Sunday preceding June 2, adding that there would also be a service at St. Michael and All Angels' church, Tuesday morning, the date of the Coronation.

The Ministerial Association will contact other churches in the city with a view of holding similar services on Coronation Day.

The parade will be in charge of Don White, secretary-manager Canadian Legion Branch 20, to be assisted by two service clubs, Kiwanis and Klondike. Spokesman for the latter was Al Byers. By Greenaway represented the Kiwanis Club.

Because the theme of the entire day is to be centred on the Empire and the Coronation, the committee feels no commercial floats should be permitted in the parade, that all should be strictly patriotic, without any commercial taint.

Prizes will be eliminated. However, photos will be taken of the winning floats and these will be presented to the winners as mementos of the day.

The meeting was informed that only British and Canadian flags will be flown on Coronation Day. The B.P.O.E. will forego their annual Flag Day this year and instead assist the Legion with flags on June 2.

It was suggested that the department of public works be contacted so that ferries might also fly flags in honor of the day. The Kelowna Yacht Club will also be asked to honor the day with a plentiful display of flags on all boats.

It is expected that the overall expense will be light, with the Kelowna Rotary Club and Kelowna Little Theatre, incurring the most. The city will likely assist, if necessary, although it is hoped most organizations will be able to do their part.

Response to Blood Clinic Emphasizes Need of Sub-Depot

Red Cross Head Regrets People Turned Away

AN unprecedented number of donors plus the failure of the Vancouver headquarters to supply enough containers, resulted in some 39 persons being turned away from the blood donor clinic last week, according to Mrs. J. H. Horn, chairman of the blood donor panel in Kelowna.

Mrs. Horn also points out that there is a question of storage space at the depot and argues that last week's incident emphasizes the need for a sub-depot in the Okanagan in order that a larger volume of blood could be handled and stored.

Mrs. Horn in an explanatory statement made to The Courier expresses regret that some of the volunteer donors were inconvenienced. The supply of containers was simply used up. On the first day it was evident that there would be a larger number of donors than usual and efforts were made to obtain further containers from Vancouver. Actually one hundred more were sent to Winfield, releasing the hundred carried by the truck for use at Winfield for use in Kelowna. These were used but still some 39 persons were turned away. As Mrs. Horn says if this had not been done 139 rather than 39 would have had to be turned away. As it was the supply, the extra supply, obtained from Vancouver was simply not enough.

"There is also," Mrs. Horn stated, "the question of storage space at the depot. It is adequate for the storing of a steady flow of blood of about 800 to 1,000 pints, a week, every week of the year. But this steady flow has not been achieved throughout the province. There are good towns and there are poor towns; good weather and bad weather; epidemics and holidays (when the healthy are inclined to forget the sick) and other factors. These all contribute to the situation.

PLASMA ALSO NEEDED
"Actually the good weeks could take care of the poor weeks as far as the supply is concerned, but there is not enough equipment and staff to handle more than 1,100 pints 'on the road.' When it arrives in Vancouver, unless the depot is temporarily quite empty, much of the fresh blood has to go for plasma at once instead of being held in the gap between that 'good week' and the next.

"Plasma, of course is needed too — much more than we get — both for the armed forces (much is used in Korea) and for civil defence stockpiles, for use in any major emergency.
"However, with adequate storage space, adequate processing facilities and the necessary increase in the technical and mobile clinic staff, plasma could be made out of only surplus supplies of fresh blood, that is the supply available over the normal civilian day-by-day requirements. At present there is never a genuine surplus of fresh blood (except to our great sorrow, a surplus of donors last Wednesday.)
URGE SUB-DEPOT
"For some time past the Interior members of the Red Cross have been agitating for a sub-depot for the processing and storage of whole blood somewhere in the Okanagan. They believe this would be more economical and argue that it would be available in the event of any peace or wartime emergency, should communications with the coast be cut.
"Last week the need for such a sub-depot was well illustrated. Had it been in operation the situation which arose last week need not have occurred. As it was, willing and healthy citizens turned out in the give blood and had to be turned away in numbers large enough to provide a hospital such as Kelowna

YOUTHS GIVEN PRISON TERMS FOR FORGERY

Two city youths, one of them a juvenile, are now serving prison terms for forging cheques.

Norman Peter East received a six-month sentence from Magistrate A. D. Marshall after he pleaded guilty to forging a cheque for \$91. Peter Skoropad, the juvenile, transferred to magistrate's court, pleaded guilty to uttering the forged \$81 cheque and also to forging a cheque for \$12.

Skoropad was sentenced to seven months on the uttering count and six on the forging charge, terms to be concurrent.

REQUEST GRANT
Request for a grant of \$1,500 from the city was received by the Kelowna Board of Trade at council meeting Monday night. This is the same amount as the board received last year. The matter was referred to estimates.

Church Delegates Urged Help Influence Public International Affairs

NECESSITY of ministers speaking more strongly on Christian principles, thereby influencing public opinion on international affairs, was urged by Rev. Gilbert Johnson, of Enderby, at the spring conference of the Presbytery of the United Church, held here last week.

More than 40 delegates from Revelstoke and Kamloops, south to Osoyoos and Princeton, attended the parley which was held under the chairmanship of Rev. Ernest Rands, of Penticton.

Rev. Dr. W. P. Bunt, superintendent of home missions for B.C. was present and presided at two of the devotional periods. Rev. H. R. Whitmore, of Summerland; Rev. A. L. Anderson of Kamloops and Rev. F. H. Mallett, of Rutland, were in charge of the other devotional periods.

Ladies of the Okanagan Japanese United Church served supper on Tuesday evening. Service that evening was in charge of students of the Naramata Christian Leadership Training School. Around 35 members of the school attended and they formed the choir which included music by a xylophone-player and anthems conducted by Rev. R. A. McLaren, principal of the school.

SCHOLARSHIP FUNDS
Addresses were given by Miss Gladys Mauer, of Armstrong, and Lorne Gilder, of Didsbury, Alta. The evening had as its theme "The Emergence of Lay Religion," and

Fred Cox, of Kamloops, and Dr. Bunt told of developments among the laity in various parts of B.C. Mr. McDonald, of Revelstoke, told of the bequest of the late John Dabhirom, of Golden, which is administered for community service by Mr. McDonald. About \$25,000 still remains to be used and worthy projects are sought by the trustee. Several scholarships both in nursing and in various faculties of the University of B.C. have been set up. The Christian education report was given by Rev. R. S. Leitch and emphasized family life as the chief project at present. Mr. Leitch suggested that the members try the family service idea which has proved so effective here. Walter Gouldland addressed the Presbytery regarding the needs of Camp Hurkurt, near Vernon. Some 300 children and young people attend the camp located three miles from Okanagan Landing, and a movement is

(Turn to Page 6, Story 1)

MANY FAVORABLE COMMENTS MADE ON NEW LIGHTS

Many favorable comments have been made regarding the new type of mercury lamps which have been erected on the corner of Pendzoi Street and Bernard Avenue.

City Engineer George Meckling said the light standard with double cross-arms, was erected for experimental purposes only, and if satisfactory, would replace the present mercury lights. The new type of light pole is 30 feet high, ten feet higher than the present ones.

U.S. Customs Still Closes at 11 p.m.

ALTHOUGH the Canadian customs at Osoyoos has been operating on a 24-hour basis since the first of the month, U.S. customs has yet to extend the hours.

D. P. Simpson, Canadian customs officer at Osoyoos, informed The Courier this morning that word is "expected momentarily" from the U.S. government, but the question of hiring additional men is proving the biggest stumbling block at the present time. It is understood an effort is being made to arrange the transfer of a couple of men from the U.S. customs office at Blaine.

Meanwhile Canadians returning to this country from the U.S. after 11:00 p.m. are not having trouble crossing the border as Canadian customs officers informs the American authorities the following day what visitors return to Canada. However, southbound U.S. or Canadian motorists, crossing the border after 11:00 p.m. must wait until the following morning. Last week one motorist had his vehicle impounded after entering the U.S. illegally.

Mr. Simpson said American authorities patrol the border "very rigidly" after midnight.

Last week U.S. Congressman Walt Horan informed the Wenatchee Daily World and the Wenatchee Chamber of Commerce that the treasury department in Washington, D.C., had authorized the collector of customs in Seattle to provide a 24-hour service.

According to Congressman Horan, the Canadian government's action in extending customs hours "helped impress our own federal officials with the need for added service."

The Wenatchee World story continues:

"It is known that American customs offices are seriously understaffed, in some cases having less than half as many men at border points as the Canadian offices.

"This is due, of course, to our own congressional committees' economy efforts, but the economy on

DECAYED TREES REMOVED FROM RICHTER ST.

City public works crews are nearing the completion of a major tree-removal job on Richter Street, north of Bernard Avenue. Some of the trees were badly decayed, and in some instances were hazardous.

Most of the trees were planted more than 20 years ago, Richter Street is listed as one of the thoroughfares which will be back-topped under this year's hard-surfacing program. Part of the road was dug out last fall, and reinforced with large rocks so that it will stand up under heavy traffic.

GROWERS DISCUSS TARIFFS

Accuse U.S. Dumping Produce in Canada

A REVIEW of Canada's tariff policy since Confederation and its effect on the fruit and vegetable industry of the Okanagan Valley was given by L. R. Stephens, of Kelowna, chairman of the BCFGA tariff committee, to a well attended meeting of the Southern District Council at Penticton.

Mr. Stephens' tariff address set off an involved, and at times bitter, discussion as to the effect of the tariff on the marketing of the Okanagan fruit crop, particularly the soft fruit crop of the past season.

A section of the growers appeared to feel that the Geneva Trade Agreement was being violated in that American produce was being "dumped" on the Canadian market.

Mr. Stephens replied that so far it had been impossible to prove any cases of "dumping" of American produce on the Canadian market and that if and when such a case was proved then the growers could prepare a brief demanding that action be taken.

Mr. Stephens divided his address into two parts—the first being devoted to the background of Canada's tariff position and the second to a discussion of whether any additional protection could be obtained against lower price imports, particularly those from the United States.

In his background, Mr. Stephens reviewed the tariff policies of Great Britain and United States and then the policy of Canada over the past century.

He pointed out that Canada's present tariff policy is governed by three agreements—those of Geneva in 1947, Ancey, in 1949 and Torquay in 1950-51.

He explained that there were three parts to the Canadian tariff—the Imperial preference, which provides a lower duty for produce of certain of the Commonwealth countries, the "most favored nation" tariff, which covers the imports from countries included in the Geneva agreement and then the higher still general tariff which applies to the imports from countries not covered by the agreement.

Mr. Stephens produced charts to demonstrate that protection for fruit and vegetables raised in the valley has been maintained.

"Almost without exception, we are getting a greater and valorem duty than in 1946," he said.

"The reverse is true in canned goods," Mr. Stephens admitted, "the canners have taken a good rap on that."

Mr. Stephens maintained that the matter of "dumping" had been investigated thoroughly, but had failed to turn up any case of dumping.

"If we can show that, as a result of a tariff concession, we are being hurt by dumping, then we will have a case," he said.

BCFGA president A. R. Garrish pointed out that there may be some misapprehension over the term "dumping." He explained that unless the American produce is being sold for less in Canada than it is being sold for in its home market, then it cannot be called "dumping."

Mr. Garrish reiterated Mr. Stephens' statement that there must be proof before the government can take any action.

PADDY CAMERON NEW PRESIDENT EXHIBITION ASS'N

G. D. "Paddy" Cameron of Kelowna was re-elected president of the Interior Provincial Exhibition Association at its annual meeting held in Armstrong, B. C. Cameron of Vernon; L. W. Wood of Armstrong, and F. W. Hack of Oliver were re-elected vice-presidents for the coming year.

The president reviewed the past year's activities of the association, and he particularly mentioned the success of the fair last September in Armstrong.

He said that grandstand attractions last year drew favorable comment, and he reported that good acts were becoming increasingly difficult to secure at prices the association could afford.

The president went on to say that it was very gratifying to see so many young people taking part in the fair, especially in the livestock department. Mr. Cameron stressed the importance of getting more younger people on the committees as they will have the experience and interest to carry on the exhibition in the years to come.

The financial statement for 1952 looked very healthy. There was an operating profit for the year with the sum of \$585 in the building fund.

R. W. Hornby brought up the matter of a tractor club which he sponsored two years ago, but it has been inactive in the past year. He reported that there was renewed interest in this club, and he requested that prize money be allotted to this activity.

J. H. McCallan, president of the 4-H Clubs, requested prize money for decorated stalls at the exhibition here. He reported that last year club members had undertaken this work and he thought that it was a distinct drawing card.

Secretary-manager Mat Hasen was requested to approach the government regarding a larger grant for this coming fall, and was also asked to investigate what entertainment would be available for this year.

MANY PEOPLE VISIT SCHOOL AT WESTBANK

WESTBANK—A large number of friends accepted the invitation to visit the classrooms of Westbank's high and elementary school on Wednesday afternoon last, than ever before.

The occasion being "open day" and the first opportunity of the Parent-Teacher Association in Westbank had to act as hosts at a public affair, those in charge were delighted at the response to their invitation to partake of the tea served in the school lunchroom, at which more than one hundred and fifty guests were served.

Tables were daintily set with Irish linen, hand-embroidered cloths and centred with forsythia and daffodils. In the kitchen Mrs. P. C. Gerrie worked faithfully, filling and refilling teapots, and at the door Mrs. Witt and Mrs. Topham, of Peachland, helped the young P.T.A. by acting as cashiers for the tea-hours, which netted the sum of \$28.00.

The sale of home-cooking arranged by the Student's Council was well patronized and resulted in \$12.65 for that body.

Visitors to the various classrooms enjoyed the display of pupils' handwork, and in Bob Unwin's room enjoyed the work of the Grade VI pupils, who featured a session in oral language; each student having chosen his own subject, and having done his own research, presented these facts concisely and well.

Anticipated in the near future is a presentation by the Kelowna players, of "Ghost Train," which will be sponsored in Westbank by the P.T.A.

PRIZES PRESENTED... A new trophy, donated by Walter's Ltd. of Peachland and Summerland, was presented to the top rink. A consolation prize was presented to Mrs. N. Evans for low score, and a consolation to Mrs. Z. Blower for being the first team eliminated.

League finals in the women's club are now in progress and will be finished March 10. Tentative plans are being made for a tea to be held to wind up the curling activities for this season.

British Columbia will have the largest plant of its kind on earth.

\$500,000,000 FOR POWER 6000 NEW JOBS

A NEW CITY OF 50,000 IS IN THE MAKING.

That's the exciting story told in the leading article of the March "Reader's Digest" of a modern miracle created by free enterprise. All North America is reading and talking about it.

The Aluminum Company of Canada's smelting plant at Kitimat is hailed as "the most spectacular Canadian construction feat since the Canadian Pacific Railroad."

In glowing terms, the article classifies the 1,650,000 horsepower hydro development as the equivalent of Bonneville Dam, Shasta Dam, and Wilson Dam at Musculo Shoals.

Kitimat will be the largest aluminum smelting plant on earth with an annual capacity of 550,000 tons, equal to 65% of present U.S. production.

In the building, more than \$500,000,000 will be spent, much of it pouring into the bloodstream of British Columbia's economy. More than 6000 men are at work, creating a city at Kitimat where, by 1954, there will be 7500 inhabitants. When the plant is operating to capacity, it will have a population of 50,000 to rank it as British Columbia's third city—where none existed before.

This is a spectacular example of free enterprise at work. The decision to build Kitimat was influenced by the existence in British Columbia of a population which repeatedly has endorsed free enterprise. Only under the stimulus of a free enterprise government will MORE industry be attracted to British Columbia. Good jobs and job security depend on the freedom system... and confidence.

HOSPITAL WAGE INCREASE GOES TO CONCILIATION

PENTICTON—Penticton hospital board's policy of holding the line on hospital costs was maintained this week when demands for wage increases were rejected. The matter now goes to conciliation.

Employees' representatives, led by union official W. Black, were informed by Kenneth Martin, the hospital's labor relations consultant, that the hospital cannot entertain any demands for wage increases until the position on hospital rates is clarified.

"Regardless of commitments made to other hospitals, which included authorities to agree to wage increases, this hospital board will not risk an operating deficit plus a heavy bank overdraft. We have received no indication that there will be increased rate which would permit us to increase our operating costs," a hospital spokesman said.

Hospital staffs are asking for a seven percent across the board increase. Conciliation proceedings are expected to start in the near future.

dine in the sky?

SERIOUSLY ILL . . . Mr. and Mrs. R. Murland left Friday evening for Coleman, Alta., upon receiving word that Mrs. Murland's mother, Mrs. M. Hardy, was seriously ill.

SPOKANE WEEK-END . . . Mr. and Mrs. Jack Appleton and young son, Jackie, spent the week-end in Spokane.

★ Art, Music and Drama ★

Kelowna may be little, but oh my! Never underestimate it! The Paramount Theatre will not take a back seat to any other theatre when it comes to projecting the new three dimensional and wide screen pictures, which continue to hold the centre of the motion picture industry spotlight.

In an interview this morning, Will Harper informed me that he has already ordered the new screen, which is 21 feet wide, and also much of the expensive equipment necessary, to change over to "natural vision." As to the exact time this change will take place it is still too early to say but we'll keep you posted and chances are, you won't have to wait too long.

In an earlier release, we were advised that "several thousand theatres in the States" are expected to be so equipped in October and other large theatres throughout the world are expected to be ready in 1954." Kelowna isn't far behind, is it?

The Royal Winnipeg Ballet Company hardly had time to shake off the dust from their Canadian tour, when they started off again to Toronto and Hamilton with the "Swan Lake Ballet." Returning to Winnipeg on February 15, the Company began strenuous rehearsals in "Swan Lake" and just two weeks later, March 1, left for the Ontario capital, to perform on the third, and in Hamilton on the fourth. They returned to Toronto to have a party with the National Ballet Company and expect to arrive back in Winnipeg on Wednesday.

"The costumes for the "Swan Lake" were out of this world, the most beautiful I've ever seen," writes Patsy Hume.

Jean's Dancing Studio is entering 38 of its first year dancing students in the festival, the youngest of which is four years old. The entries are from Penticton as well as Kelowna. Anglican Dramatic Club will be sponsoring the Studio's dance revue, slated for May 20.

Tonight is the night outstanding 17-year-old Winnipeg pianist, Constance M. Voth, appears in recital at the Royal Anne Hotel, under the sponsorship of Kelowna Registered Music Teachers' Association. The young artist has a record of high marks, scholarship awards and festival successes to her merit and proceeds of the concert will go toward the local flood relief fund. We'll see you at curtain time, 8:15 p.m.

Hither and Yon

HOUSE WARMING . . . Mrs. J. W. Hughes was honored Wednesday afternoon by a few friends who called to wish her much happiness in her new home at 749 Bernard Avenue. On the same occasion, gifts expressing "bon voyage" were presented to Mrs. Edgar Abbott, Mrs. Cameron Day and Mrs. D. M. Penley, who left this morning for Vancouver from where they will fly to Hawaii to holiday for six weeks.

ATTENDING CORONATION . . . Mrs. A. D. Marshall, who will attend the Queen's Coronation, left here for England on Friday.

HOCKEY SEASON OVER . . . Mr. and Mrs. George Tamblin left for Vancouver Friday to spend a few days at the coast prior to returning to their home at Dauphin, Man. Accompanying them were Mr. Frank Kuly and Mr. Don Fraser, who will return to Kelowna shortly.

SASKATCHEWAN VISITORS . . . holidaying in Kelowna for several weeks, are Mr. and Mrs. J. Pepper of McNutt, who are guests of Mr. and Mrs. George Reed, Glenmore.

WEEK-END GUESTS . . . at the home of Mr. and Mrs. H. K. Hume, were Mrs. Hume's brother and sister-in-law, Mr. and Mrs. C. Caldwell of Prince George.

BRIEF VISIT . . . Mr. W. L. Russell of Heward, Sask. visited briefly last week with Mr. and Mrs. L. W. Williamson 468 Wardlaw Avenue. Mr. Russell, who is on a three-week holiday, and Mr. Williamson homesteaded together 50 years ago on the prairie.

CALIFORNIA TOUR . . . Miss Jean Bennett and Mrs. Elsie May, left last week on a motor tour to California for two months.

TO NELSON . . . Mr. Howie Amundrud left Friday to drive Jack Gibson to Nelson, where the goalie will mind the Nelson nets for the WHL semi-finals with Spokane. Mr. Amundrud returned home today.

TO AYLESBURY . . . Mr. Oscar Amundrud left today for his home at Aylesbury, Sask., after attending the OSHL semi-finals between Penticton and Kelowna.

Refreshments, prizes and dancing.

BRIDGE AND TEA

Return Home After California Holiday

PEACHLAND — Peachlanders home from spending the winter months in the California sunshine include Mr. and Mrs. C. Heighway, Mr. and Mrs. A. Penland, Mr. and Mrs. W. B. Sanderson, Mr. and Mrs. A. Mackay, Mr. H. Pentland, Mr. D. Grieg and Mr. and Mrs. T. Redstone.

PUPILS WERE OUT
NEW GLASGOW, N.S.—Fifteen minutes after pupils had been dismissed for the day, fire broke out in Jubilee Ave. school here, damaging the stairs and spreading to the second floor before firemen brought it under control.

DESTRUCTIVE MICE
QUEBEC—Deep snow has enabled field mice to climb over the metal funnels protecting the base of apple trees in Quebec and the provincial agricultural department reported some farmers now are digging deep trenches as a further precaution.

Rutland Rites of Interest To Many in Okanagan Valley

MR. AND MRS. JOHN FRANCIS FREEMAN
FREEMAN-GRAY
A gold locket, originally worn by the bride's great-grandmother, was worn by Carol Daphne Anne Gray when she became the bride of John Francis Freeman on Saturday, February 28, at 7:30 p.m. in Rutland United Church.

Rev. P. H. Mallett officiated for the daughter of Mr. and Mrs. A. W. Gray, Rutland, and the son of Mrs. D. W. Newell, Vancouver.

A bolero of white lace with long, lily-point sleeves topped the bride's strapless gown of lace and net over satin and her veil of net, dotted with lovers' knots, was held by a Juliette cap. Shell-pink carnations and white hyacinths formed her colonial cluster bouquet. She was given in marriage by her father.

Attendants of the bride, Miss Dorothy Gray and Miss Geraldine Gray, the bride's sisters, chose gowns similar to that of the bride's in shrimp pink and peacock blue respectively. The clusters of star flowers in their matching net head-dresses were reflected also in their cascading bouquets of daffodils.

Groomsmen were Mr. R. W. Freeman of Vancouver, brother of the groom while Mr. Victor Stewart and Mr. Art Strother ushered the guests.

Soloist, Mr. Ben Waldren, sang "Through the Years" during the signing of the register.

GROOM RESPONDS
To assist in receiving the 80 guests at the Willow Inn, the bride's mother donned a two-piece ensemble of brown crepe with matching accessories and she wore yellow carnations on corsage. The groom's mother chose a grey suit with navy accessories and her corsage was of yellow carnations.

The groom responded to the toast to the bride, proposed by Mr. D. H. Campbell.

Presiding at the urns were Mrs. Victor Stewart and Miss Alwina Kitch, Penticton, while Miss Peggy Cousins, Miss Carol Curtis, Miss Caroline Schneider, Miss Bernice Brooks, Miss Jean Francescetti, Miss Agatha Flegel and Miss May Jenaway served the guests.

A three-tiered wedding cake.

Will Stage Ice Frolic Here March 21

With a cast of 150, Kelowna Figure Skating Club will present its fourth annual Ice Frolic on March 21, in matinee and evening performances at Memorial Arena.

A local production, the Ice Frolic features local skating stars and as an added attraction, David Pentkowski, comedian and trick skater from Spokane, will be guest artist. Vernon Figure Skating Club will also contribute several of its top skaters to the show while Kelowna numbers will be featured at the Vernon show the following week.

Margaret Mitchell-Stauffer is professional instructor for both clubs.

Club Notes

Too long under a bushel

Here's a man who does a great deal to benefit his fellow-citizens. Yet for a long time he's been "hiding his light under a bushel".

Anyone looking up Main Street, for instance, might never guess that he had a hand in establishing some of its fine new stores, hotels, office or apartment buildings. But he has.

Nor would many people realize that they may have him to thank in part for their homes. Or for the pure water that flows from the faucets. Or the electricity that serves them so many ways at the flick of a switch.

Every week workers take home pay from industries that this man helped to develop. But they're unaware of his connection with their jobs.

He even has an influence on his fellow-citizens' health and the length of their lives!

Who is he?

He's the typical life insurance policyholder—a man who might be any one of millions of Canadians. And it is through investments of his premium money that he helps create public works, homes and industries in their communities. Life insurance money is also contributed to medical research projects seeking to banish deadly diseases.

So, if you own life insurance, get out from under that bushel—and take a bow!

AT YOUR SERVICE!
A trained life underwriter—representing one of the more than 50 Canadian, British and United States life insurance companies in Canada—will gladly help you plan for your family's security and your own needs in later years. **Rely on him!**

WIN OKANAGAN-MAINLINE CROWN
Powerful Midget Packers Now Waiting To Host Coast Champs

WITH another show of teeth and brute power that is expected to carry them a long way, if not all the way, towards the top of the heap in the province, the Midget Packers spilled the Kamloops Midget Elks 8-2 here Saturday to sail into the provincial semi-final. Jack Robertson's crew took the home-and-home series by a one-sided count of 20-4, having shellacked the Kamloopsians 12-2 at Kamloops earlier.

Hawks Reach Final With Two Hat-tricks, Shutout

Hat-tricks by Jacobs and Boyer were a feature of the 7-0 whitewash the Black Hawks handed the Canucks Wednesday. This shutout meant the Hawks made the final for the bantam hockey league play-off in two straight. Kitsch was the shutout goaler.

FILLING THE GAP between the pipes for Nelson Maple Leafs until injured Boomer Rodzinyak recovers is Kelowna Packer goalie Jack Gibson. Rodzinyak was hurt Thursday in the first game of the semi-finals, won by Spokane. With the blessing of the BCAA, Gibson left Friday for Nelson, driven there by Howie Amundrud.

EVEN BETTER YEAR PLANNED; ELECT SNOWSELL PRES.

Best years in rowing in recent times was officially wrapped up Thursday night and plans begun for what was envisaged as an even more successful one.

Len Snowsell was elected president by the Kelowna Rowing Club membership, succeeding Jack Weddell. Pete McNaughton is secretary, Pete Reigh treasurer and Ray Bostock boat captain. Making up a committee of seven are: Dick Stewart, Charles Pettman, Bill Treadgold, Bruce Butcher, Bob Wolfe, Ken Smith and Jack Ward.

In his president's report, Weddell noted the club had a hand in nine victories, climaxed by a victory of another kind but even more sensational—Bostock being chosen the B.C. athlete of the year.

PREP FOR REG TRIALS
An enthusiastic membership during the past season dug in to help make alterations to the shell house and to the club house. An outboard motor was purchased during the year and the club hopes to have a boat for it soon, for coaching purposes. The boat already is under construction.

The new executive will meet this week to lay foundation plans for the coming season, with the accent on forming and drilling teams for the British Empire Games trials. Anyone interested in rowing is invited to join the club by contacting any of the executive.

Results were: girls' singles, Kelowna 8, Rutland 0; boys' singles, Kelowna 6, Rutland 2; girls' doubles, Kelowna 4, Rutland 0; boys' doubles, Rutland 2, Kelowna 2; mixed doubles, Kelowna 6, Rutland 2. Final tally: Kelowna 26, Rutland 6.

The Kelowna juniors played at Rutland after school Wednesday.

KART MEETS TUESDAY
Monthly meeting of Kelowna Athletic Round Table will be held Tuesday in the Committee Room, City Hall, at 7:30 p.m.

Easy way to tap sap

CANADIAN farmers know the struggle, at maple sugar time, of hauling the sap to the sugar house—especially if there has been an early thaw. So we were interested in hearing how one farmer, who used aluminum tubing for summer irrigation, also used it as a spring pipeline to carry the sap from his trees to the sugar house some distance away.

Light, strong, easily handled aluminum has a way of stimulating people's ingenuity in their search for short cuts that will save them time and money. Today more than a thousand different Canadian firms are manufacturing articles made from aluminum supplied by Alcan. (Aluminum Company of Canada, Ltd.)

Little Chance B.C. Hosting Any of Western Puck Final

Hockey-minded sports followers in and around the OSHL strongholds may not have a chance to see part of the Western Canada Allan Cup final after all. Of course, in the first place, it depended upon an OSHL club winning the B.C. title. That's a little matter for some six clubs and four weeks to decide as yet.

But with Alberta dropping out of the Allan Cup picture, the chances of part of the Western Canada final being staged in B.C. are remote, to say the least. Earlier, the CAHA had planned, staging the first two games of the best-of-seven series at the home of the B.C. champions. The B.C. champions still go direct into the Western Canada final, even with Alberta out already.

SHUTTLE SHOTS

(Contributed)
The Kelowna Badminton Club played host to the East Kelowna Badminton Club Wednesday. In the mixed doubles the score was 10-3 for Kelowna and in the ladies' doubles 5-4 for Kelowna. In the men's doubles, the East Kelowna clubbers again were on the short end, 6-8. Final result: Kelowna 21, East Kelowna 15.

The Kelowna juniors played at Rutland after school Wednesday.

The Alberta withdrawal meant some reshuffling but the dates for the Western Canada final remains unaltered. They are April 7, 9, 11, 13, 15, 17 or 18 and 20.

Inasmuch as the Allan Cup final will be played in the east this year, CAHA officials see no advantage in bringing a Thunder Bay team, or a Manitoba team, or even a Saskatchewan team to westernmost B.C. for games. At the moment the venue of the final will begin at the home of the other finalist (in Sask., Man. or Thunder Bay).

However, if suitable financial concessions can be made, that is certain guarantees met by the B.C. champions, the CAHA might go for starting the Western Canada final in B.C., but only if the other finalist is a Saskatchewan club. If it came from Manitoba or Thunder Bay, the travel time and expenses would rule out any games in B.C.

Dates of the inter-branch (inter-

Two Playoffs Feature Minor Hockey Night

Minor hockey night tomorrow will feature two playoff games. The Hawks and Wings will hook up in their second game of the best-of-three final for the bantam championship. The Elks will meet in their first game of the midget league final. This, too, is a best-of-three series.

TO BELIVEAU AGAIN
Jean Beliveau, starry center of Quebec Aces, has captured his second straight Quebec Senior Hockey League scoring title. He finished with 89 points, including a league-leading 50 goals and 39 assists.

SERIES BEGINS TUESDAY

Elks Sideline Canadians, Take On Penticton Next

VERNON 1, KAMLOOPS 10
(Special to The Kelowna Courier)

KAMLOOPS—Paul Thompson's Kamloops Elks turned on the power Saturday night here to snow Lorne Lussler and the Vernon Canadians under a shower of pucks and by the time the final whistle had sounded, the Elks sailed up a 10-1 count over the hapless Canucks to advance into the Willoughby Cup final against the Penticton 'V's.

The first game of the best-of-seven final begins here Tuesday. Second will be in Penticton Thursday with the third back here Saturday.

Elks started out with a vengeance in the opening period and although Dave MacKay's crew tried hard, couldn't stop the homesters from pouring in four goals—on singles by Norm Larson, Hal Brown, Dick Kotanen and Bernio Bathgate—in the first period.

LUCCINI SCORES
Elks made it 5-0 before Leo Luc-

TRIO HEADS SNIPERS
Prince Albert Minors finished last this season in the Saskatchewan Junior Hockey League but the power-packed line of Skip MacKay, Dale Sweany and Eddie Kassian took the first three places in the individual scoring race.

LONG SCORELESS STRING
Bob Goldham, Detroit defence-man, had played 140 consecutive NHL scheduled games up to Feb. 28 without scoring a goal.

CHINI CRACKED any shutout hopes Hal Gordon might have had at 13:52 of the second period. Canucks fell to pieces in the finale as the Elks sailed in for five unanswered goals.

Billy Hryciuk paced the Elks with a hat-trick. Andy Clovechok sniped a pair while the other Kamloops goals were single.

First period—1, Kamloops, Larson (Evans) 4:50; 2, Kamloops, Brown (Taggart, Milliard) 8:31; 3, Kamloops, Kotanen, 11:55; 4, Kamloops, Bathgate, 17:31. Penalties: Milliard, Lundmark (2), Lane (2), Terry.

Second period—5, Kamloops, Hryciuk (Taggart) 12:22; 6, Vernon, Luccini (Jakes, Harms) 13:52. Penalties: Davison, Hryciuk.

Third period—7, Kamloops, Clovechok (Larson) 8:02; 8, Kamloops, Clovechok (Evans, Larson) 12:58; 9, Kamloops, Hryciuk (Smith, Kofanen) 14:27; 10, Kamloops, Lundmark (Milliard, Bathgate) 16:30; 11, Kamloops, Hryciuk (Clovechok, Larson) 19:58. Penalties: Lundmark, Kotanen, Stecky, Taggart.

HAWKS GRAB LEAD IN BANTAM FINAL

Making the most of penalties, the Black Hawks rammed in a pair of goals in the first and three more in the third period for a 5-1 decision over the Red Wings Saturday morning to grab a 1-0 lead in the best-of-three final in the bantam hockey league playoffs.

Jacobs paced the winners with the first goal and assists on two others. Other marksmen for the Hawks were Boyer, Blair, Owens and Fisher. Gus Lukhowsky tallied the singleton for the Red Wings in the third period.

Howard Hardie and John Culos refereed; Jack Gourlio was the scorekeeper.

GMC IN THE 1953 TRUCK SPOTLIGHT

Now, even more than ever, the spotlight's on GMC!

For 1953, GMC trucks bring you new staying power and new safety with heavier, more rigid and durable construction. All 1953 GMC models provide increased horsepower and higher compression ratio. These great valve-in-head engines give you faster acceleration, greater hill-climbing ability—and even greater economy than ever before!

Model for model, feature for feature, these 1953 GMC trucks are the greatest GMC trucks ever built. And with all their solid superiority, they give you real dollar for dollar "Goi!"

Drop in at our showroom and talk over your needs. Let us show you how GMC trucks give you more of what you want in 1953.

WITH GREAT NEW VALUES...

In Power... Three husky, improved valve-in-head engines, new high compression ratios, highlight the GMC power story for '53. Choose the power plant you need from the rugged 108 h.p. Loadmaster, 125 h.p. Torquemaster and 130 h.p. Workmaster engines.

In Performance... Over the road and over the rough, GMC can handle the toughest jobs with ease and come back for more. With heavier, stronger, more durable frames, these husky 1953 GMC trucks are the sturdiest, most rugged ever built.

In Safety... For fast, smooth positive stops all 1953 GMC trucks up to the 9400 series are now equipped both front and rear with big, husky "Torque-Action" brakes which utilize the motion of the truck itself for extra stopping power. Heavy duty models in Series 9100, 9500, 9700 and 9800 have extra-large "Torque-Action" on the front wheels and famous "Twin-Action" brakes at the rear.

In Economy... The big improvements in GMC's thrifty, valve-in-head engines combine with the new, rugged stamina to bring you overall operating economy like you've never seen before. Ton for ton, mile after mile, all year 'round you save money with GMC.

LEG FRACTURED
GIB WADE IN SKI ACCIDENT AT ROSSLAND

Reclining in a bed with his leg in a fracture frame in the Rossland hospital is Gib Wade, well-known local sports luminary. He is expected to be there for another week at least, possibly longer.

Gib (short for Gilbert), an outstanding skier on snow and water, a capable oarsman and lifeguard, swimming instructor, (he headed the Aquatic staff last year) broke two bones in his left leg while skiing at Rossland. The mishap occurred during the training period a week before the Northwest Intercollegiate meet was scheduled in Kimberley, Feb. 28.

Dave Brown, another Kelownaite attending Washington State College in a letter to the Courier, reports the mishap "was apparently one of those freak accidents that even Gib can't clearly account for."

"Washington State took the meet over some tough competition," however, Brown goes on to recount, "but the mired Gib in action. Usually the number one downhill man, he would have entered the slalom because there was no downhill competition in the meet."

"The margin of victory would have been wider had he competed, however. As it was," WSC placed third in the giant slalom, second in the slalom, second in the jumping and first in the cross-country (through the performance of another B.C. boy, Al Fisher, who also is known for his track achievements).

WSC has been "cleaning up in all northwest (ski) meets," reports Dave Brown, sports editor on the Washington State Evergreen, the tri-weekly official publication of the associated students, at Pullman.

The competition faced at Kimberley the week-end before last included the top planners from the University of Washington (the host college), Seattle University, College of Puget-Sound, Whitman College, University of Idaho, Wenatchee Junior College and Montana State University.

THE STORY OF THE Crown Jewels
THE KOH-I-NUR CONTINUED

THE KOH-I-NUR BROUGHT THE KING OF PERSIA NO GOOD FORTUNE, FOR HE WAS MURDERED, AND THE STONE WAS TAKEN BY ONE OF HIS BODYGUARD, AN AFGHAN NAMED AHMED SHAH, WHO ESCAPED WITH IT TO AFGHANISTAN. AHMED SHAH BECAME KING OF KABUL AND THE DIAMOND PASSED TO HIS SON.

SHAH SHAHUA, WHO NEXT OCCUPIED THE THRONE, WAS DEPOSED AND FLED FOR HIS LIFE, TAKING WITH HIM THE KOH-I-NUR.

HE REACHED LAHORE, AND FOUND ASYLUM WITH THE MAHARAJA RANJIT SINGH, THE LION OF THE PUNJAB, BUT ONLY ON CONDITION THAT HE HANDED OVER THE KOH-I-NUR.

UNIDENTIFIED MAN AVERTS FIRE TRAGEDY

An unidentified man was a good Samaritan in every sense of the word early Sunday morning as he averted what might have been a serious or even tragic fire.

He rushed into the house of Carl Schmok, 1408 Graham Street, at 2:10 a.m., awoke the owner and his wife with the electrifying news that their house was on fire. While Mr. Schmok phoned the fire department, the unidentified passer-by assisted in arousing the two children and the 81-year-old grandmother of Mrs. Schmok, and getting them downstairs.

Slipped away unnoticed He and Mr. Schmok were tackling the flames on the back porch with pails of water when the first fire truck arrived in answer to the general alarm that shattered the early morning quiet. The fire was out before the second truck load of sleepy volunteer firemen arrived.

But by the time the second truck reached the scene, the unknown hero had slipped silently away. Damage was estimated at \$100. Cause of the fire is uncertain but a spark from a bonfire in another yard is suspected.

MIDGET HOCKEY
TIGERS IN FINAL; ELKS LIKEWISE

By virtue of two straight wins by one-goal margins last week, the Tigers advanced into the final of the midget hockey league playoff.

Elks gained the other final berth with a 2-2 deadlock Saturday against the Grizzlies. Glen Delcourt again scored both Elks goals. Runner counted the Grizzlies' tallies.

The second win came Wednesday as Maehara, with his second goal of the night, broke a 2-2 tie to give the Tigers a 3-2 decision over the Beavers. Manemura scored the tying goal early in the third period. Loyst and Gregory were the Beaver goal-getters, Bourque assisting on both.

In the semi-final series between the Elks and the Legion Grizzlies, the Elks took a one-game lead with a 2-0 shutout, also registered Wednesday. Glen Delcourt scored both goals. Al Sehn got the shutout. Since their first meeting ended in a tie, the Elks need only to tie the Grizzlies in their next game to gain the final against the Tigers.

GIRL FORGES CHEQUE

Missionary Conference Opens in City Tonight

Fourth annual Okanagan Missionary Conference, which runs simultaneously in the six cities of Salmon Arm, Enderby, Armstrong, Vernon, Kelowna and Penticton gets underway at 7:30 o'clock tonight.

Evening by Rev. Frank Bunday of the Central American Mission, while on Friday Rev. Robert Reese of the Far Eastern gospel crusade will speak on missionary work in the Islands of Japan.

KELOWNA MAN, DAVID LESCHERT DIES AT COAST

The death of David Leschert, 1735 Richter Street, occurred in hospital at New Westminster March 3 after a lengthy illness. He was 37 years of age.

Final rites were held yesterday from the Grace Baptist Church, Rev. J. Koronieski, assisted by Rev. A. Kujath, officiating. Interment was in Kelowna Cemetery, under direction of Day's Funeral Service Ltd.

discussions of the Camp Hurlburt trusteeship and financing and with the report on evangelism and social service. Rev. Gilbert Johnson, of Enderby spoke strongly on the subject of peace and advised the delegates to go more strongly in the direction of endeavors for the christian church to influence public opinion on international affairs.

OFFICERS ELECTED Rev. H. S. McDonald, of Revelstoke, was elected chairman for 1953-4. Rev. S. Porteous of Kamloops rural, secretary, and Rev. G. G. Harris, of Peachland-Westbank, treasurer. The Presbytery adjourned at 3:30 to meet in October at Kamloops.

2 DIVERSIFIED PROGRAM (From Page 1, Col. 4) without financial aid, it was stated. The Rotary Club feels that the Coronation presentation is entirely different from a Folk Festival, which, incidentally, costs the club \$1,600 to put on, according to Rotary representative Max de Puyfiter.

APPROVE CHANGES The Wednesday afternoon meeting was held in the Okanagan Japanese Church on Harvey Avenue. The call to Rev. H. R. Whitmore, to Port Alberni, was approved and that of Rev. H. V. Venables, of Oliver, to Keremeos, was left for the May meeting to be decided.

MEMORABLE OCCASION Recreational director Jim Pantone felt that the Aquatic stage and grandstand would be an ideal setting for part of the day's celebrations since no other place in Canada would be holding Coronation Day celebrations at such a novel and attractive setting.

Charged in city police court with being intoxicated in a public place, Ernest S. Lohey was fined \$12.50 and \$3.50 costs.

1 CHURCH DELEGATES (From Page 1, Column 8) incorporated the camp is underway. H. Galbraith and G. Dawe, of Vernon, who have been active in promoting this camp, joined in the discussion.

Sixteen students are required for summer work on the charges of the Presbytery. These come from all parts of Canada and return to their theological colleges in the autumn. Grants for the aid-receiving charges home mission board in the Presbytery are contributed by the Presbytery for missions.

The ladies of First United church served three dinners to the delegates one being the Presbytery supper on Wednesday. Aileen Maclellan Meikle brought greetings from the City of Kelowna in the absence of Mayor J. J. Ladd.

Thursday was taken up with discussions of the Camp Hurlburt trusteeship and financing and with the report on evangelism and social service.
