Hopes for World Federation After Defeat of Axis

Dr. Wilson Leon Godshall, eminent lecturer, author, and political scientist told a small forum audience in Bomberger hall last Wednesday night that Japan's ambition to be a world power was the cause of the warfare which has finally engaged America in the Far East.

"The Japanese mind, trained to believe that the Japanese people are divine," he said, "will accept no place in the world proportionate to her size, unless Japan's armed forces are thoroughly beaten."

Deviating purposely from his theme, "The Far East in Post War Settlement," the Lehigh professor of political science also declared that the victimizing of China by other powers, especially Japan, was another important cause of constant trouble in the East.

Names Three Objectives

He pointed to three post-war objectives necessary for peace in the Far East. The steps, according to Dr. Godshall, include the freeing of China from international rivalry, the elimination of Japanese military strength and its subsequent use as a work gang to rebuild China, and the application of the Atlantic Charter.

Enlarging on his three points, the former Shanghai university professor said that he favored a program for the re-education of Japanese youth, the granting of protectorates over many of Japan's possessions, and the emphasizing of the fact to the Japanese that they are not divine people.

Stresses Atlantic Charter

Discussing the importance of making good the promises of the Atlantic Charter, Dr. Godshall acknowledged the urgent need of a world federation. He was especially interested in the development of China as an independent state and voiced the opinion that such a step, involving a basically peace loving people, would not result in a second "yellow menace."

Calling the post-war problem a responsibility for each individual in his audience, Dr. Godshall declared that an informed talkative public which would trouble itself enough to think through the world's problems could do much to influence the peace that is finally made.

Carol Swartley '43, chairman of the Forum committee, was in charge of the meeting. After announcing that the next forum was scheduled for March 31 when Mrs. E. Morris Jones will speak on a "Post-War Federation," Miss Swartley introduced Professor Eugene Miller who then introduced Dr. Godshall.

Y PLANS HOP NEXT WEEK

Washington's Birthday Theme Chosen for Party

Planning some unusual novelties for the evening of Friday, February 26, the combined Y social committee promises a program of patriotic entertainment for those who attend the "Hatchet hop" in the upper dining room. The party will center around George Washington and the "Father of Our Country" theme, with appropriate decorations to adorn the dance floor.

Committee Chairmen Grace Brandt '43, and Richard Schellhase '46, have announced a victory tax of 15 cents a person, and the Y's extend a cordial invitation to all "stags and hags" as well as couples. Besides the regular "platter party" there will be some surprise numbers, topped off with refreshments.

BUS-MOVIE TICKETS STOPPED

Schuylkill Valley Lines Comply With ODT Request

At the suggestion of the Office of Defense Transportation, the Schuylkill Valley Lines, who operate the Norristown-Collegeville buses, have announced that the sale of bus-movie tickets has been discontinued.

The sale of the tickets was stopped on Thursday, a few days after the ODT had suggested that such a move might lessen the heavy bus travel on the Norristown route.

Begun in the winter of 1933, the bus-movie ticket was discontinued in line with the ODT's policy to discourage pleasure travelling and the use of additional buses.

Haight Takes Lead In Bond Queen Vote

Landis, Ernest, and Fessler Follow Haight's 635

In the first balloting after lunch today for the Ursinus Queen of Bonds, Jean Haight '46, took an early lead as she polled 635 votes in the half hour after lunch to lead Nancy Landis '43, by 410 tallies.

Today's voting opened the contest on campus to name a girl as the Ursinus entry to the national Bond Queen contest which is sponsored by the Associated Collegiate Press. Balloting will continue every day after lunch and dinner until March 19 when the contest closes.

The picture of the girl who has the greatest number of votes, providing she has at least 1,875, will then be entered in the national contest in which a group of photographers will pick the winner.

Any girl on campus may enter the contest, while anyone buying stamps or bonds from the Women's Student Government association may vote. Each cent spent for stamp or bond entitles the purchaser to a vote, but only purchases made during the contest period will be counted.

Weekly reports will be made to indicate the standing of those entered in the contest. In the first

(Continued on page 6)

One Dance, Coronation Replace May Pageant

Deviating from the custom of previous years, one dance will supplant the impressive pageant which usually precedes the coronation of May Queen on May 1. The pageant, formerly three months in preparation and magnificently splendid, has bowed to the combined forces of rationing and expense.

The women's dormitories will initiate May day with a combined tea in the library and proceed from there to East campus where, weather permitting, the dance and coronation ceremony will take place. Should the weather prove unsympathetic, the coronation ceremony will be moved into Bomberger hall.

The present restrictions on cloth limit the cutting of new costumes and necessitate the garbing of the Queen and her court in evening dress. The inventory of other costumes on hand, however, may be found in Dean Stahr's office.

Those who are writing for the May pageant should have their ceremonies in written form to Miss Stahr's office by Thursday, March 4.

JUNIORS PLAN PARTY FRIDAY

With fun for all as his keynote, David Krusen '44, revealed today, that a farce on Shakespeare will be one of the highlights of the Junior party on Friday evening from 9:00 p. m. to midnight in the Recreation center.

Mr. and Mrs. Everett M. Bailey will act as chaperones.

WSGA WELCOMES FRESHMAN GIRLS AT TRADITIONAL COLOR DAY

Color Day, one of the oldest traditions for Ursinus women, was observed last Thursday in Bomberger hall as the Women's Student Government Association formally welcomed freshmen girls as true members of Ursinus.

The Ursinus colors, red, old gold, and black, are the colors of the Reformed church, and were chosen as the College colors when Ursinus was first organized with its religious principles based on those of the renowned theologian Zacharius Ursinus.

During the ceremony, Mrs. G. Sieber Pancoast '38, told the freshman women that Ursinus colors are not "significant until one becomes a graduate—or perhaps we do not take time to think very much about what they mean until we are no longer in the day by day whirl of campus life.

"The colors," she went on, "stand for a valuable and priceless period

NOTICE!

A deputy collector of internal revenue will be in the Pfahler hall library on Thursday from 9:00 a. m. to 4:00 p. m. to assist those filing income-tax returns.

Students are reminded that any single person whose gross income exceeded \$500 must file a tax report by March 15.

Hudson Speaks At Vespers Program On Lasting Gifts

Stressing the right spirit of Christian giving, Newton Hudson '44, addressed the vespers audience last night in Bomberger hall at the service which was arranged by the Brotherhood of St. Paul.

Hudson developed his theme from the Apostles' example of giving everything they had, although they greatly lacked material wealth. This "everything" was the power of God, which could be given to each generation, explained Hudson.

The speaker continued, "You can give things that money can't buy. Ask yourself—What kind of gifts do I give? Do I improve my friendships by my gifts? The things that make life full, and rich, and good cannot be bought.

"Learn to express love in some small way. Don't excuse yourself by giving only money to the Red Cross or a community chest. Make it a more lasting gift by doing actual Red Cross work or by inviting a soldier to your home for dinner. This is the spirit of giving that all of us can acquire and the kind of giving to aid mankind that all of us can do," said Hudson.

Student leaders were William Daniels '44A, and Richard Hart '45. George MacNeal '45 was the organist, while Charlotte Wolfe '44, sang a hymn to the piano accompaniment of Faith Cramer '45.

NURSE'S COURSE TO BE GIVEN

The registration for a home nursing training course will be held Monday, February 22, at 8:00 p. m. in the Trinity Reformed church. All women students who are interested should report at that time. The course will be given by Mrs. Paul R. Wagner.

PRE-MEDS HEAR DR. PERKINS

Jefferson Dean Tells Ways To Check Epidemics

Dr. William Perkins, dean and professor of Preventive Medicine in the Jefferson Medical College of Philadelphia, spoke to the James M. Anders Pre-Medical society on immunization, epidemics, and the stages of disease, at a regular meeting of the group in Pfahler hall on Thursday evening.

In speaking of epidemics and the spread of disease, Dr. Perkins stressed the fact that small towns are generally the source of widespread sickness waves and that epidemics usually come in cycles.

Thirty-Four Army Enlisted Reservists To Report for Active Duty Next Week

Reservists Will Leave Big Gaps In Extra-Curricular Activities

The Army's call to 34 reservists struck at extra-curricular activities of Ursinus, as it will take four members of the football team, Fetch, Fletcher, Detwiler, and Stevens; three Weekly staff members, Wilson, Wentzel, and Allen; IRC officer Hoffman; two Curtain club members, Clays and Barbash; Gentzler from the soccer team; and Frosh President Keefe.

Detwiler is also a student council representative, while Wilson was Lorelei band leader and an IRC officer.

Wilson Yields His Swing and Sweet At Annual Lorelei

With an eye to that rapidly approaching day when Ursinus will be devoid of males, approximately one hundred couples swung and clung to the scintillating rhythm of Bob Wilson's Collegians as Ursinus women footed the bill last Saturday night at the College's annual Lorelei dance in the Thompson-Gay gymnasium.

From 8:00 p. m. until midnight, except for intermission, the gym rocked to the beat of fast and sweet beneath rafters of crepe paper supporting pseudo-hearts of assorted sizes.

Those in attendance apportioned their time between dancing and watching the inspired band role out choruses of good old Southland jam with Leader Wilson hurling up the sax and clarinet while Beverly Cloud '44, and Robert Williams '46, turned out the vocals. Williams, a new addition to the band at semesters, formerly voiced lyrics for Phil White's popular orchestra and more recently Fred Poor's outfit.

Robert Litwack '46, and David Levitski '45, rode on the drums and trumpet respectively to lift the roof on Artie Shaw's version of the Indian Love Call and Wilson's own transfiguration of the Two O'clock Jump.

Despite the fact that it was the last civilian dance for 31 of the men students, including Leader Wilson, the affair took on a festive glow and an appropriate Valentine spirit was garnered as most of the men arrived wearing corsages pre-

(Continued on page 6)

Library Will Assist Victory Book Drive

The staff of the Ursinus library is joining this week with the Collegeville Community club to sponsor a local drive for the Victory Book campaign.

The slogan for the 1943 campaign is "Books for the Armed Forces," and the nation-wide organization is sponsored by the American Library Association, American Red Cross, and the United Service Organizations. The concluding date for the drive is Friday, March 5, 1943.

This year's campaign emphasizes quality rather than quantity, and good physical condition is as essential as readability. The books in demand are fiction and non-fiction published from 1930 to date, technical books published since 1935, humorous books and small-sized editions of classical and current best-seller titles.

Eventually the books will be distributed to camp and naval base libraries, ship libraries, mobile libraries, U.S.O. centers, the American Merchant Marine Association, and finally, in the event of an over-supply, the residue will be distributed to the men, women and children in defense areas where increased population has taxed local library facilities.

Receptacles for books will be placed in the library and in the home of Mrs. Jesse Heiges at 82 Sixth avenue.

Three Air Cadets Called With Unassigned Men

Uncertainty about the war situation was abruptly ended for 34 Ursinus enlisted reservists last week when 31 unassigned men and three members of the Air corps received their orders to report for active duty.

The 31 men who are unassigned will report to Fort Meade on Thursday, while two members of the Air corps will report on the same day to Philadelphia. The third man follows on Sunday, reporting in Harrisburg.

The 34 men called by the Army were members of all classes, ranging through the English, business, and history-social science groups.

The 31 men who head for Fort Meade will leave from Collegeville on Thursday at 7:06 a. m. under the command of Acting Corporal Peter Allen '44A. Allen was named to head the group because he was alphabetically at the head of the Ursinus list.

Army reservists who do not plan to leave from Collegeville will meet the group at the Reading Terminal in Philadelphia. From there they will proceed to the Baltimore and Ohio station at 24th and Chestnut. They will reach Fort Meade at 1:15 p. m.

The three men in the Air corps do not leave together. Carl Manone '45, and Paul Fuller '46, will report at 9:00 a. m. Thursday, while Archibald Miller '46, reports in Harrisburg on Sunday.

Curtain Club Picks Play for Weekend

Thrills and chills will be the order of the evening on Saturday, March 27, when the junior class, in cooperation with the Curtain club, presents The Cat and the Canary, a mystery play in three acts.

The plot of the drama is concerned with the adventures of a typical family as it assembles in a long unused old house to hear the reading of a rich relative's will. The many hair-raising escapades finally culminate in a murder.

Selection of the play was made by a committee of Curtain club members, headed by Blanche Shirley '43. Club Directors Mr. and Mrs. Donald L. Helfferich have approved the selection and have announced that tryouts will be held Wednesday at 7:00 p. m. in Bomberger. Rehearsals will begin immediately.

Any member of the Curtain club or of the Junior class is eligible to tryout for any part in the production. Copies of the play are on reserve in the library and available for reading.

The Curtain club will meet tomorrow night at 7:30 p. m. at the home of Mr. and Mrs. Helfferich to make plans for the play.

SECOND REGISTRATION DUE FOR WAR RATION BOOKLET

Those students who are in possession of their Ration Book No. 1, the sugar book, will be required to register for Book No. 2 either Tuesday, Wednesday, or Thursday of next week between 9 a. m. and 9 p. m. in the Collegeville elementary school on Fifth avenue.

Although Ration Book No. 1 is still valid, No. 2 will cover the recent canned food restrictions.

Those not in possession of Book No. 1, but who have left it with some responsible individual, may have that individual apply for their Book No. 2 at their own board. Book No. 2 cannot be obtained without displaying Book No. 1.

All food in tins or glasses, not processed in the home, weighing more than eight ounces must be declared. The total number permissible is five cans of the rationed commodities.

To facilitate the task of filling out forms and books, students whose last name begins with a letter from A to I are requested to report on Tuesday; those in J through S on Wednesday, and T through Z on Thursday.

### PUTTING IT BRIEFLY

The whole case for the deferment of college students was summed up a short time ago by the vice chancellor of the University of Glasgow when he said, "In a fairly short space of time you can, if need be, turn a chemist into a fighting man; but you cannot turn a fighting man into a chemist."

The library is backing up the Victory Book Campaign by helping out the Collegeville Community club in its efforts to gather books. Text books are among those that men in the armed forces want most.

A good rule to remember when selecting the books for the men in the service is "Any book you really want to keep is a good one to give."

Today balloting starts for the Ursinus Queen of Bonds. The girl who hauls down the most votes as war stamps are bought will be entered with the winners from colleges all over the country for the national crown.

Ursinus students have been especially lax in buying stamps, and the students who have bought bonds could be counted on one hand. If there was ever an opportunity to put money toward a good cause and get a lot of fun out of it, this is it.

J. W. D. Jr. '43

### THE BIG NEIGHBORHOOD

When, in his address last Friday night, President Roosevelt spoke of the world as a "neighborhood," he merely alluded to an idea that is inexhaustible. An idea that is a philosophy with social, political, economic, educational, and religious aspects—the philosophy of internationalism. Extending its influence further every day, it has made American isolation obsolete, and it is gradually replacing nationalism, Fascism, Japanism, and militarism of any kind. Tomorrow internationalism will be the world's way of life.

To foretell, however, the day upon which the human race will at last submissively acknowledge its own brotherhood, is now useless. We can only hope that at the end of the war a world federation will be established, a federation that will be workable. One that will progressively revolutionize human community life. In the meantime, we can also work toward it within our own hearts. For the 'parliament of man' must exist in each individual heart before it can become an evident, political reality.

And how would such an international government revolutionize human community life?—by replacing racial animosities and war with brotherly love and international cooperation.

An objection arises. Some say that there would be nothing more to attain, that life would become dull and civilization stagnant. But this pessimism is groundless, for anarchy is the final ideal. A world of individuals, and every individual so wise that government becomes an unnecessary trapping of civilization.

If men demand action, let this be the goal.  
 HOMER KOCH '43

### GAFF from the GRIZZLY

#### Lorelei Notes

Maybe they'll be able to get Dick and Blanche separated by Thursday.

Tess and Gene Massey were seen together again at the dance. Does this mean more happy daze?

Ellen Rice was dragging Jim Zeigler. They're a cute couple.

Peg made a rabbit out of a Moose with that corsage.

Won't Thomas ever learn to jilt-terbug?

Souerwine probably prefers to play in the band.

Speaking of the store, what's the matter with you girls? Handsome Alan Schofield didn't have a date. Along with other merchandise, he can be seen any day in the Supply store.

What! A dance without Leona?

Dottie Warren sure picked a cute date for the shindig. Homer goes well with her.

P. J.'s new hair-do was very becoming, but oh those eyes!!

#### For \$10 We'll Tell You

Which girl from South hall had a gay time this weekend with a certain Young fellow from Brodbeck.

#### You Tell Us — \$10 Reward

Which South hall girl, attired only in a housecoat, went out the other night with three men.

#### Prom Trotting Charlie

Cassel went to Cedar Crest over the weekend and left Dottie holding a Lorelei comp. And after all the times he took her to Brad's.

#### Confusion

What's this Kehm, Evaul, Miller, Ekstrom mixup? Or don't you know either?

#### Puzzle Contest

Which girl in Ursinus (1) has a building named for her, (2) hands all the fellows a big, long line (3) is named Nancy (4) brought Dick Reid to the Lorelei (5) moons over Jim Zeigler, (6) and gets frequent visits from Howie Lyons.

#### Bur-r-r-r!

At 8:00 o'clock this morning it was about 4 below.

In case you didn't know it, there were icicles on the Bomberger hinges and locks.

Speaking of Bomberger, there ought to be a checkroom for Queenie's skis.

### As a Man Sees It - - -

#### THIRTY-ONE — AND MORE

President Roosevelt delivered a Lincoln's Day address on Friday in which he discussed the world situation in general. He paid especial tribute, among other things, to the men who are serving in our armed forces — men who are giving their lives for an intangible something called freedom.

Very few of us really realize the sacrifice that these men are making. To face death at any time is one assignment which brings fear to the heart of the bravest.

#### Home Front Doesn't Know

Since our entry into this worldwide holocaust, American people, and by American people we mean we ourselves, have not realized what a really terrible thing we are engaged in. We have had flashes of understanding, of course, but in our comfortable lives, day by day, we are totally unable to understand the life and death struggle which is going on. When the records of this war are made fully available, the great difficulties, the extreme sacrifices, and the human tragedy of world conflict will become evident. Then, and only then, will we, on the home front, fully understand the true horrors of war.

However, the war has been brought home partially by such things as stricter rationing, casualty lists, and lately, the calling up of the reserves. Thirty-one men were called in the first group of reserves from Ursinus College. We know all of them, and some of them we know well. A few are among our best friends. This is when the war hits us more than at any other time—when our buddies go and we remain behind.

#### Reserves Still Have Spirit

Many of these fellows have done a lot of thinking about leaving college. To some of them, it is the start of a great adventure; to others, it means the sacrifice of something they very nearly achieved. But they all realize, now that the time for farewells has arrived, that great sacrifices lie ahead. In typical American fashion, they are passing it off as a joke. Whatever great things may be said about Americans, never let it be said that they lost their sense of humor.

This fine spirit is evidenced by men we know, and know well. The rest of the men are eager to go, as a rule, and until they have the privilege of joining this first contingent, they say, "Good luck, and give them Hell!"

#### It's Up to Us

But this is not enough. Every man and woman in the nation must realize once and for all first, what a total war effort is, and second, that we have to wage that kind of war. A total war effort calls for a total effort on the home front. This effort is the least we at home can do for those boys who are already in the front lines, and for those buddies of ours who may reach the front lines in the near future. Sacrifices on the home front can never equal sacrifices on the battle front. So for the men already in the service, for the thirty-one who are leaving, and for the many who are to follow, let's do for them what we would have them do for us!

### JRC Commentator

#### THE LAND OF THE PAPER HOUSES

"When we've taken the Germans, we'll lick the Japs." This statement has been uttered by many Americans, and such complacency is a dangerous policy. Joseph Grew, the American ambassador to Japan from 1932-1941, in his splendid booklet, "Report from Tokyo," warns us to know our enemy. To think that Japan will fold up when Hitler is defeated—that a few air raids could mop up Japan, the land of paper houses, is foolish, uninformed thinking.

Japan is stronger now than ever before. Every detail in this conflict has been worked out far in advance, and like Germany, she has been preparing her men and materials over a long period of time. The Japanese army has had vast experience in the war with China, and the soldiers of the Imperial Army are much more accustomed to the regions in which they are fighting than the armies of the United Nations. Grew believes that the only reason Japan did not take China was due to the fact that their resources were being saved for the great struggle at present. He pointed to the fact that according to the figures released to the press—only 40% of the appropriations voted for the Japanese armed forces was devoted to the war in China.

We must recognize Japan as a formidable enemy in her own right—not an enemy secondary to Germany. The spirit of the Japanese is somewhat different from the Germans — and the Japanese will not crack as a whole people unless completely annihilated. They know no discouragement. They would rather commit suicide than be captured, and they can exist on the barest necessities. The Japanese totalitarian state is older than the Nazi dictatorship. The little Japanese boy is put into an army uniform as soon as he is able to walk, and from that time on he learns blind obedience to the military machine which is the state. The Japanese mind is a curious thing—it is keen and intelligent, but there is still room for the mythical religious belief in the descent of the emperor from the sun goddess and the divinity of the Japanese people. Ooshio Shiratori, a Japanese diplomat, proves that Japan is not the pupil of Hitler and Mussolini by his statement, "It is they who are learning lessons we have known for hundreds of years."

In Japan we have a venomous, mysterious foe. We can not understand their subservience to authority. They are a completely different race, and yet the Japanese by their cunning deceptive measures and their excellent espionage system have learned much about us.

Since the Japanese marched into Manchuria in 1931, their military machine has been steadily growing more powerful. It is that well-integrated impersonal foe we are fighting today. The attack on Pearl Harbor was the first step in their campaign to cripple the air and naval power of the United Nations by striking at the air and naval bases. It was the first step in a campaign to conquer Asia for Japan—to strike and drive out the White race. With Asia under Japanese influence, she could use the tremendous amount of resources and manpower there to strike even further.

This is no ordinary foe. It is a well-equipped, well-informed enemy. If we want victory, we must have plenty of concentrated action—free from any complacent philosophy. Only by utter defeat and subjugation of the Japanese can America be safe from the menace of the rising sun, the so-called land of paper houses.

GRACE I. BRANDT '43

### SOCIETY NOTES

Dorothy Campbell '43, and Elva June Buckingham '42, were Glenwood guests over the weekend.

The girls of Highland hall will give a birthday party next Sunday evening for all the girls who have had birthdays since college started this year.

The girls of Maples hall and Lynnewood hall served refreshments at their respective dorms during the intermission of the Lorelei for their dates.

The Shreiner hall girls entertained the preceptresses and women of the College at a Valentine's day tea on Sunday afternoon.

Sigma Nu sorority will hold a pledge service and party this evening after dinner at Brad's.

Mrs. Donald Helfferich entertained the Day Study girls at a tea last Thursday afternoon, February 11, from 3:00 p. m. to 5:00 p. m. at her home. Miss Camilla B. Stahr, dean of women, Mrs. Norman E. McClure, and Mrs. William Helfferich were the guests of honor.

Bruce Hutt, ex '45, visited his friends at the College over the weekend. Part of his time was spent at Clamer hall.

## Educator Explains Marriage Dangers During Time of War

by Associated Collegiate Press

Mrs. Alexander Thomson, president of Western College, Oxford, Ohio, warns college girls against looking upon married life merely as a meal ticket. "Marriage is one of the most normal, natural and desirable experiences that anyone, man or woman, can achieve," declares Mrs. Thomson, who is the mother of four grown sons, some of whom are married and have children. "Yet during wartime, marriage must face many perplexing problems, the solutions to which are not always indicated by present or clearly marked courses.

### Warns of Hasty Weddings

"First, marriage can no longer be regarded as a purely personal matter. The fact that so many war marriages are hasty ones will only add to the general instability of our country after the war is over.

"At that time there will be so many factors contributing to our general unrest and unhappiness that for any group to add to them is of almost national significance.

"At the very core of the national stability we are fighting for is the stability of the home. By jeopardizing the one, we are equally placing the other in jeopardy.

### Marriage Won't Be a Meal Ticket

"Young women can no longer regard marriage as a meal ticket. In the new post-war economy, both men and women will have to work—marriage can no longer be a solution to the economic problems of making one's living. Young people should be advised to consider all these factors before making their choices and decisions.

"Marriage is not a status quo; it changes from day to day. People separated by time and space and experiences are running serious risks of growing apart rather than together in their married life.

(Continued on page 6)

## AROUND THE CAMPUS

### GERMAN CLUB MEETS TONIGHT

German folk dancing will be the special feature of the evening for the German club, which will meet tomorrow evening at 8:00 p. m. in the reception room of Freeland hall.

The dancing is part of the social evening that has been planned for the club by its president, Helen Rogalinski '44A. German Instructor Charles Steinmetz will lead the folk dancing as well as the singing of German folk songs.

All members of the German club, as well as all other students who are taking any course in German, are urged to attend this meeting.

### SUNDAY SCHOOL CLASS CELEBRATES VALENTINE'S DAY

Celebrating Valentine's day, despite the fact that the calendar said it was Lincoln's birthday, the Trinity club, newly named College Sunday School class of the Trinity Reformed church, enjoyed a party last Friday evening in the Sunday School classroom.

Each member received a Valentine from another member, while games and square dances topped off the evening. Betty Jane Cassatt '45, headed the entertainment committee.

At its last meeting, the class elected Marion Stocker '43, as its secretary, while Henry Haines '46, was made vice-president.

### MUSIC CLUB BEGINS YEAR'S PROGRAMS

Beginning its programs for the year, the Music club met last Thursday evening in Bomberger hall and heard George MacNeal '45, entertain at the piano.

In addition, the club elected Carolyn Kirby '44, as its secretary-treasurer.

## Frosh Women Make Sorority Choices In Midst of Tears, Squeals, and Hugs

Well, it's over! That is, the sorority scramble for this year's crop of froshwomen. The rushing parties are now forgotten, and even the tumult and the shouting of last Saturday afternoon has died away, leaving the Ursinus campus to settle back, as best it can, to a sober and uneventful life.

Sigma Nu led off with its party on Monday evening, initiating a round of complements, arm patting, and gossip sessions. Kapa Delta Kapa held sway Tuesday evening; Phi Psi on Wednesday; Omega Chi on Thursday; while on Friday the food was on Tau Sig.

The week's most tense and exciting moment came Saturday after lunch, when the freshmen gathered in Room 7 of Bomberger to make their irrevocable selections. A large crowd of curious men students gathered around the doors to see the show.

Hesitantly, slowly, singly, and in groups the girls came out of Room 7 and headed for their future sisters who were waiting in nearby rooms. There, kisses, hugs, and squeals of delight greeted each girl who opened the door.

When the smoke (of powder) had cleared, things stood like this:

### Phi Alpha Psi

Margaret Brunner, Betty Jane Knauer, Marguerite Lytle, Jane Reifsnnyder, Sara Sicor, Frances Tisdale, Virginia Tovey, and Betty Walters.

### Alpha Sigma Nu

Jane Abel, Ethel Anderson, Hazel Belli, Ethel Danes, Elaine Hanson, Dolores Mackell, Betty Ann Orr, Margaret Richter, Kathleen Sinclair, Jean Smyth, and Ruth Strathmeyer.

### Kapa Delta Kapa

Anna Balthaser, Mary Bressler, Mary Jane Hassler, Madelyn Jandl, Elizabeth Shumaker, Margaret Singley, Jane Sponsler, Irene Sullas, and Dorothy Warren.

### Omega Chi

Nancy Bomberger, Jane Buckridge, Patricia Davis, Mary Deisher, Muriel Horner, Mary Jean Moore, Harriet Knerr, and Jule Anne Weller.

### Tau Sigma Gama

Betty Ann Clayes, Betty Conlin, Betty Cowell, Margaret Corson, Sara Deibler, Nancy Fessler, Nancy Eckstrom, Marjory Gelpke, Ann Harting, Katherine Harmer, Elaine Loughin, Helen McKee, Ruth Nachod, and Janet Shoemaker.

**REPORT BY MED SCHOOL ASSOCIATION GIVES URSINUS GRADS HIGH RATING**

A lot of people who pick their colleges on the basis of respective standings are of the opinion that the smaller American college is on the way out, and that the current draft is supplying a much needed coup de grace.

Of course, this type of logic bases his reasoning on the assumption that any college which doesn't produce great football teams naturally would fail in less important things like preparing men for medicine, dentistry, or the legal profession.

While naturally recognizing the importance of intercollegiate sports, the Association of American Medical Colleges has rated American colleges on other things, especially the way in which college graduates succeed in medical school. The Association reasons that colleges which prepare their graduates best will naturally have a better success record for those students in med school.

Picking quite at random from the association's latest report, the following league standings might be compiled for college graduates from 1930-38.

The list includes colleges that Ursinus meets most frequently in sports.

**Percentage That "Flunked Out"**

Ursinus	1.2%
No. 1	1.6%
No. 2	6.6%
No. 3	8.5%
No. 4	9.4%
No. 5	10.2%
No. 6	11.6%
No. 7	11.7%
No. 8	19.2%

**Passed All Subjects**

No. 1	82.5%
Ursinus	80.4%
No. 3	78.1%
No. 5	71.4%
No. 2	70.3%
No. 4	67.0%
No. 7	64.3%
No. 6	60.4%
No. 8	56.6%

**Draftees Show Educational Gains As 1942 Army Bests 1918 Model**

Washington, D. C.—(ACP)—Draftees in the present war are educationally head and shoulders above their counterparts in the last war. Twelve percent of the present draftees have a college education, as against 5 percent of the college trained men in the 1918 army.

While only about 17 percent of the draftees in the last war had a high school education, over 55 percent have the same amount of schooling now. The remaining 78 percent of the draftees in 1917-18 had only been to grade school or had no education whatever, while at present only 33 percent of the men who have been drafted fall into this low education group.

**LANTERN COMPLETES STAFF**

**Williams, Cassatt Appointed; Next Issue Due in March**  
Carol Swartley '43, editor of The Lantern, announced the selection of Gladys Williams '46, as its business manager and the addition of Betty Jane Cassatt '44, to the staff.  
The second issue of the campus literary magazine will be published in March, and new elections for six positions on the staff of nine will be held shortly. Both freshmen men and women are eligible and interested students are asked to hand their names to Miss Swartley.

**The Independent Print Shop**

Prints The Weekly and is equipped to do all kinds of COLLEGE Printing attractively.

Collegeville, Pa.

*Life in the WAAC*

**Some questions and answers of interest to every patriotic college woman**

**The drilling sounds so strenuous—?**

Nonsense! The most beautiful women in America today are the girls in khaki! Some calisthenics and drilling are vital to general good health, discipline and tuned-up reflexes. After a few weeks at Fort Des Moines, Daytona Beach or the new Fort Oglethorpe training center you'll feel better than ever in your life.

**Maybe I wouldn't like the work?**

People are happiest doing what they do well. Every effort is made to place you where your service will count most toward final Victory. You may have some latent talent that will fill a particular need for work interesting and new to women—such as repairing the famous secret bombsight, rigging parachutes, operating the fascinating new electronic devices—or driving an Army jeep over foreign terrain.

**Then I have a chance to learn something new?**

Yes, indeed. And the list of WAAC duties grows constantly. The training and experience you get in the WAAC may equip you for many stimulating new careers opening up for women.

**What are my chances of promotion?**

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances. All new officers now come up through the ranks. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

**What is the age range and other requirements?**

Very simple. You may join if you are a U. S. citizen, aged 21 to 44, inclusive, at least 5 feet tall and not over 6 feet, in good health—regardless of race, color or creed. But the Army needs you now—don't delay. Total War won't wait!

**Linguists needed.** If you speak and write Spanish, Portuguese, Chinese, Japanese, Russian, French, German or Italian, see your local Army recruiting office now! You are needed for interpreting, cryptography, communications.

**First of all, is the WAAC really needed?**

Emphatically yes! Already the President has authorized the Corps to expand from 25,000 to 150,000. The Air Forces and Signal Corps have asked for thousands of WAAC members to help with vital duties. Both Ground Forces and Services of Supply are asking for thousands more. Members of the WAAC may be assigned to duty with the Army anywhere—some are already in Africa and England.

**Can the WAAC really help win the war?**

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help our Army (as women in Britain, Russia and China do), we can hasten Victory—and peace.

**What can my college education contribute?**

College training is important equipment for many WAAC duties too long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for example. If you are a senior you may enroll at once and be placed on inactive duty until the school year ends. See your WAAC faculty adviser for more details.

**But can I live comfortably on WAAC pay?**

There are few civilian jobs in which you could earn clear income, as WAAC enrolled members do, of \$50 to \$138 a month—with all equipment from your toothbrush to clothing, food, quarters, medical and dental care provided. WAAC officers earn from \$150 to \$333.33 a month.

**Women's Army Auxiliary Corps**

**U. S. ARMY RECRUITING AND INDUCTION STATION**

**Girls Will Travel  
To Swarthmore  
For Third Game**

**Schools Resume Relationships  
After One Year Lapse**

The Ursinus girls' basketball team leaves its home floor for the first time this season on Wednesday afternoon when the coeds invade Swarthmore in quest of their third straight victory of the current campaign.

Basketball relationships between the two schools are being resumed after a lapse of one year, and the coeds are anxious to continue in the winning way which they began in 1940 and continued in '41.

The Garnet will place a veteran team on the court to oppose the Ursinus girls and will be a powerful sextet to overcome. Swarthmore has its strongest team in years and will be especially primed for the game with Ursinus. They have a high scoring forward combination and three excellent guards who have held all previous opponents to very low scores.

Despite the strength of the opponents, Miss Snell is hoping the girls will chalk up their third win in a row and will place the same six girls on the floor who started the first two games. This combination includes Nancy Landis, Peggy Keagle, Jeanne Mathieu, Marion Bright, Betty Kirilin, and Doris Harrington. These girls will be supported by Mil Bricker and Betty Bradway.

**JAYVEE TEAM LOOKS AHEAD  
TO FIRST TRIP WEDNESDAY**

**Freshman Courtney Richardson  
May Get Starting Position**

After adding a victory to the one scored over Penn, the girls' J. V. basketball team is looking ahead to its third test of the season this Wednesday when they will meet the Swarthmore second team on the opponents' court.

Coach Nat Hogeland again sent every member of her squad into the game with Beaver, and she is now working the girls hard in preparation for the next game.

Freshman Courtney Richardson, a newcomer to the squad, has been working out very well in practice at forward and is pressing the other team members for a starting position.

**Wrestling Squad Opens  
Intercollegiate Schedule  
At Swarthmore Saturday**

Another intercollegiate sport will have its 1943 debut this week, when the grapplers of Coach Charlie Steinmetz travel to Swarthmore on Saturday for the first of four matches before the Intercollegiates at Haverford the end of March.

The fellows have been working out both day and night and should be in fine shape to tackle the Swarthmore aggregation.

Bob Ihrle will probably handle the 121 division. Walt Hunt, who did well last year, will again be in the 128 weight division. Dick Schellhase, most promising man on the squad, will take care of the 136 pounders.

The 145 pound division is open, but Coach Steinmetz has Warren Miller, Dave Freeman, and Mason Ernest to choose from. Earl Reimer will wrestle at 155; Cal Garber, a freshman, at 165; and John Gochler will take care of the 175 pound opponents. David Heller and John Trevaskis are the two candidates which Coach Steinmetz will have to pick from for the heavyweight division.

Meets with Haverford, Muhlenberg, and Gettysburg are being planned for. These will all help the Ursinus team to get in shape for the Intercollegiate Championships at Haverford College the end of March.

**Coeds Beat Beaver  
To End 2-Year Jinx**

Breaking a two-year jinx that marred an otherwise perfect record in 1942, the Ursinus coeds came through with a 24-18 triumph over Beaver college Wednesday afternoon on the home court.

Co-captain Doris Harrington once again took high scoring laurels with a total of ten points, but it was the brilliant defensive work of Nancy Landis that pulled the game out of the fire in the final period.

Betty Kirilin, Marion Bright, and Betty Bradway backed up Doris Harrington in the high-scoring forward line.

The guards led by co-captain Peggy Keagle turned in a dazzling display of their mastery of both zone and "man for man" techniques. Nancy Landis, Jeanne Mathieu, and Mil Bricker contributed no small part in the victory by breaking up the plays of the Beaver girls and returning the ball to the forward court again.

Chalk up another victory for Coach Snell's coeds.

**Four Scoring Records Smashed in Intramural Climax;  
Snipers Forge Into Tie With Rangers for League Lead**

Four records were smashed last week as the intramural basketball race came to a spectacular windup, with the pace-setting Rangers and Snipers in a tie for first place, the Commandos in the runner-up slot, and the Gunners and Pilots still fighting it out for the final berth in the Shaughnessy playoffs.

The entire week was packed with razzle dazzle basketball, but the record breaking came on Wednesday night when Dave Ziegler racked up 30 points for a new mark, the Rangers tallied 60 points to shatter all team records, and the Rangers-Generals had the highest single game total, 60-43, for 103 counters. Tom Rorer's Commandos came back with 71 points against the last-place Bombers on Thursday to shatter the team record set by the Rangers.

Last Monday's highlight game was the Rangers 31-29 victory over the "tough-luck" Sailors. A long shot by Captain Dave Ziegler in the last five seconds kept the game from going over-time. For the losers Captain John Rorer was high with 14 points. In the second tilt of the evening, the Gunners turned on the heat in the second half to pull out a 28-16 verdict over the Torpedoes. Bill Suflas led the Gunners while Dan Chance and Bill Fetch had six apiece for the losers. George Moore walked off with the laurels in the final game as he led his Pilots to a 31-29 victory over a renovated team of Generals. George

\*\*\*\*\*  
*Bob Ihrle*  
*Looks 'Em Over*  
\*\*\*\*\*

Basketball has again broken over Ursinus' horizon as Pete Stevens rounds his congregation into a smoothly-working combine. How long its light will illuminate the campus, however, is as yet undecided, for there have arisen some easily discernable difficulties in transportation.

The wrestling squad will open their season at Swarthmore College on Saturday afternoon, Feb. 20.

The girls kept up their great record with a pair of wins over Beaver 24-18 and 26-14.

They also proved to be pretty good sports in the Lorelei turn-about on Saturday.

Swarthmore is next—for the varsity, jayvees, and opening wrestling match. It's all out against Swarthmore.

It looks like the Rangers to win the league diadem unless Moore's Pilots get hot.

The Sailors are the hard luck team of the league. They had the best individual ball players.

Nancy Landis played one whale of a game against Beaver on Thursday. She pulled the game out of the fire in the last period single handedly.

Right now, we'll take Dick Schellhase as our choice in the 136-lb. Intercollegiate championships.

**Ursinus To Meet Haverford  
In Initial Court Tilt Friday**

**Pete Stevens Is Planning an Eight-Game Schedule  
For Players Chosen From Intra League**

Basketball has again broken over the horizon at Ursinus College. A squad of the best of Pete Stevens' intramural dribblers will open an abbreviated 1943 intercollegiate season at home on Friday night, when they battle the Haverford quintet in the first tilt of a tentative eight-game schedule.

**Gunners Meet Pilots  
For Fourth Position;  
Playoffs Start Today**

The sizzling intramural basketball campaign, which has been waged in Thompson-Gay gymnasium during the past weeks, will come to a close tonight when the up and coming Gunners meet the fourth place Pilots to determine which team will enter the Shaughnessy playoffs for campus championship.

The Gunners, who dropped their first four games and then came back to win five in a row and the right to meet the Pilots, must win tonight to enter the playoff's. If they lose, the Pilots will have an undisputed right to fourth place and a playoff berth.

However, if the Gunners win, they will still have to face the last-place Bombers in a regularly scheduled league game which has not been played. All the other league games have been cancelled due to the fact that the first, second and third place squads cannot possibly be eliminated.

As a result of the disbanding of the Engineers by Uncle Sam, the Snipers have been awarded their game on a forfeit and finish the regular season in a tie for first place with Dave Ziegler's Rangers who set the pace all during the schedule.

Playoffs will be held on Monday, Tuesday and Wednesday of next week, the schedule of games depending on whether the Pilots or the Gunners win tonight's encounter. Practice for intercollegiate competition will begin immediately after the playoffs.

**LEADING SCORERS**

At the close of the last full week of intramural competition, the five leading scorers are:

D. Ziegler (Rangers) .....	145
J. Rorer (Sailors) .....	127
T. Rorer (Commandos) .....	116
G. Moore (Pilots) .....	115
J. Zeigler (Sailors) .....	91

The game with Haverford has been pending for quite some time and the Friday date still needs final approval, but it is almost certain that arrangements can be finally clinched for the Ursinus debut.

However extensive the schedule will be depends largely on whether or not there will be enough men around to play basketball, and in what way a number of transportation difficulties can be overcome.

Nevertheless, Coach Stevens is planning to go ahead with basketball at Ursinus as long as there are basketballs and players.

Pete expects to pick his club from those he has looked over from the intramural league. The Rorer twins, Dave Ziegler, Jim Zeigler, Bob Geist, George Moore, and Archie Simons have all been looking good in practice. Tom Walker, a transfer from Colgate, also looms as a possible starter.

Extensive practices will be held throughout this week in order to get in shape for the opener on Friday night.

Home and away games are expected to be played with Swarthmore and Drexel. The other games on the schedule include Temple University on March 2 at Mitten Hall, and then home games with the Philadelphia Coast Guard team and the F. and M. Naval Pre-flight schools, on the 9th and 12th respectively.

The Coast Guard team is coached by Ursinus' own "Fats" Costello, who graduated here in 1936.

**The Tentative Schedule**

Friday night—Haverford ....	home
March 1—Swarthmore .....	away
March 2—Temple .... (Mitten Hall)	
March 9—Phila. Coast Gds. ...	home
March 12—F. & M. N. P.-F. ..	home

There will also be home and away games with Drexel and a home game with Swarthmore some time before the close of the season.

**JAYVEES OUTSCORE BEAVER  
FOR SECOND VICTORY 26-14**

**Umstad and Brooks Sparkle  
As Full Squad Is Used**

Last Wednesday afternoon the girls' jayvee basketball team made it two victories in a row by defeating the Beaver College J. V. squad by the score of 26-14.

Forward Tess Umstad and guard Pughe Brooks played a large part in the victory with numerous interceptions at critical points and received able support from Tinker Harmer, Shirley Klein, Marge Gelpke, and Anna McDaniels.

Coach Hogeland used her entire squad in the game, and all the girls played well while garnering their second successive victory. The second string forwards continued sinking shots while the guards successfully kept the Beaver girls well bottled up.

**League Standings**

	Won	Lost	Pct.
Rangers .....	9	2	.818
Snipers .....	9	2	.800
Commandos .....	7	2	.778
Pilots .....	6	4	.600
Gunners .....	5	4	.555
Sailors .....	6	5	.545
Marines .....	5	5	.500
Generals .....	4	7	.364
Soldiers .....	2	8	.200
Bombers .....	1	9	.100

**THIS WEEK'S GAMES**  
Monday at 7—Gunners-Pilots

If the Gunners win, they must play the Bombers to decide fourth place. If not, the Pilots will have undisputed possession of fourth.

### Parents by Proxy Aid Spanish Child

The students of Ursinus are the foster parents of a 13-year-old Spanish child, Carmen Moreno Oyarbide, who at the present time is living in England.

Through the Foster Parents Plan for War Children, Inc., whose headquarters are in New York, Ursinus Y leaders have insured help for the girl since 1940. Fifteen dollars a month, the combined contributions of numerous students, have made life liveable for the Spanish refugee, providing her with food, shelter, and friendship.

Ursinus is one of many schools and individuals who are supporting war children. Mrs. Franklin D. Roosevelt has several children in her care whom she visited during her recent tour in England. W. L. White wrote the best-seller, "Journey for Margaret," about a war child whom he chose to bring to America from a nursery.

Not only do Ursinus students contribute money to Carmen's support, but members of the Foster Parents committee, headed by Blanche Shirey '43, correspond with Carmen, as much as they would with a younger sister. In her last letter, Carmen described her holiday trip to London, where she particularly liked St. Paul's cathedral, with its skyline view of the city.

Students interested in aiding in Carmen's support are asked to communicate with Miss Shirey. Foster Parents contributions are deductible from income-tax returns.

### LORELEI

(Continued from page 1)

sented to them by their escorts.

Doris Harrington '43, was chairman of the dance committee while Dean and Mrs. G. Sieber Pancoast and Mr. and Mrs. Peter P. Stevens were the chaperons.

### ASSOCIATION'S REPORT

(Continued from page 4)

Since the Association's latest report (1938), 33 more Ursinus students have entered medical school to bring the total to 115. One of these persons, did fail in her studies, accounting for the second grad to do so in the 13 year period since 1930.

In April, 12 more Ursinus students will enter medical schools under the accelerated program. It is interesting to note that several of these students will have gone through Ursinus in less than three years by attending summer school.

Not including those who will enter in April, the Ursinus record looks like this—

Entered	Failed	% Who Failed
115	2	1.7

### MARRIAGE DANGERS

(Continued from page 3)

"A successful war marriage demands that men and women have unusual knowledge of each other, not only of themselves as they are but of their possibilities and capabilities so they can come back with the same understanding with which war duties may now separate them.

#### Stresses Economic Angle

"Many very practical economic questions now enter into the picture. Is the girl fitted to support herself and possibly her children? Has her family agreed to the match and is it willing to assume added burdens? Is she herself fully aware of the complexities the war situation may develop?"

"There are many questions and important questions, but in spite of them and the serious implications they may hold, let me again reiterate my faith in the institution of marriage and the future of the home."

### BOND QUEEN

(Continued from page 1)

report today, the tally stood: Jean Haight 635; Nancy Landis 100; Mary Virginia Ernest '43, 80; and Nancy Fessler '46, 10.

The Rules for the contest are:

1. Any girl may enter or be entered. However, she must have a vote of 1,875, or the number of votes one bond will bring, to be eligible in the national contest.
2. Each cent entitles the buyer to a vote for his candidate.
3. Ballots must be filled in at the time of purchase. Ballots will be marked ten or twenty-five and the purchase determines the number received.
4. After the ballot is marked, it will be placed in a sealed ballot box.
5. Voting will take place every day after lunch and dinner.
6. Weekly announcements will be made of the standings.
