Freshmen Rally In Extra Frame To Knot Series

Carney's Score in Tenth Avenges 10-5 Loss

Avenging a 10-5 setback Tuesday in the first of a three-game series to decide the continuation of freshman customs, the summer itsy-bitsy softball team nosed out the sophomores 9-8 in a thrilling contest on Thursday night. The final playoff will be held some time next

The tilt began as a pitchers duel. Both MacGregor and Souerwine hurled strike after strike to set down the swingers scoreless and almost hitless for three innings.

solved several slants to score four runs. "Killer" Kilcullen's drive to right field registered the first two.

The not-so-feeble freshmen then came back in their half to drive

Itsy Bitsies In Front 8-7

After a scoreless fifth the sophs went back into the lead as a result of a three-run splurge. In the seventh session the freshmen added another counter to make the score 7-6. The next inning saw the frosh drive the ball deep into the outfield to score two more runs which put them into the lead.

In the ninth inning the upperclassmen found their tying run when Wilson crossed the home plate. They set the freshmen down one, two, three.

Frosh Score in Tenth

Entering the tenth, the sophs were unable to dent the home marker. Not so with the freshmen. One of the many dubious umpiral decisions left Hall Carney safe at first. He advanced, then scored the final winning run, when Nelson Brown lined one into left field.

To the victors belong the bull-

Paddlers Win First 10-5

1-0, but a trio of singles and Kilcullen's smashing two-bagger gave the sophs a 2-1 edge before a fast double play ended the inning.

"Graduate assistants" in a redouble play ended the inning.

Sophs Take Lead 4-1

Souerwine and Burns tallied in the last half of the second to increase the soph lead to 4-1, but both squads tightened up until an error and overthrow by Kilcullen and Carney's bingle registered Ian Smith in the top of the fourth. Score 4-2.

Playing dazzling defensive ball in the infield, the frosh were unable to hold their own at the plate until they teed off for three runs in the sixth to take a 5-4 lead.

After Garner tied the count in the sixth, the paddle-pounders bunched a half dozen hits in the last half of the seventh for five runs and the ball game, 10-5.

Deferment Ratings Further Changed To Favor Students

Eleven Men To Work at Jacobs While Going to College

Draft deferments of the blanket type, covering particular industries, are no longer possible, actype, covering particular industries, are no longer possible, according to Occupational Bulletin

Amid a profusion of hay, pitchforks, harnesses and a number of other implements which provided Number Ten, which President Nor-In the fourth the soph supermen man E. McClure has recently received from Selective Service headquarters in Washington.

The new regulations provide that occupations critical and necessary to the war effort will receive occuloping Wayne Saunders, started the rally.

pational deferment ratings. A critical occupation (1) requires much skill and training, (2) is absolutely necessary to the war effort, and (3) shows a shortage in trained personnel.

The bulletin further elucidates: "A registrant who is in training and preparation for one of the scientific and specialized fields may be considered for occupational deferment at the close, or approximately at the close, of his second or sophomore year in a recognized college or university if he is pursuing a course of study upon the successful completion of which he will have acquired the necessary training, qualification, or skill, and if he gives promise of continuing and will be acceptable for con-tinuing such course of study and undertake actual further classroom work within a period of not to exceed four months from

the close of his second year.
"A registrant who is in training and preparation for one of these scientific and specialized fields shall be considered for occupational classification during his third On Tuesday MacGregor scored in the top half of the initial stanza to put the freshmen out in front he gives promise of the successful

> cognized college or university or those engaged in research connected with the war effort and supervised by a recognized federal agency may also be considered for deferment. Following the period of training and preparation, the registrant will be given a period of sixty days in which to engage himself in a critical occupation before being subject to the draft, provided that he is making an effort to

"Critical occupations" include: accountants, chemists, economists, are entered, those who do not comengineers (aeronautical, automopete as scheduled will automaticaltive, chemical, civil, electrical, heat- ly forfeit. ventilating, refrigerating, air conditioning, marine, mechanical, mining and metallurgical, radio, and transportation), geophysicists, industrial managers, mathematicians, meteorologists, naval architects, personnel administrators, physicists (including astronomers), psychologists, and sta-

Sixty City Slickers Attend Barn Dance In Freeland Hayloft

Approximately 60 students took advantage of the first dance of the summer season sponsored by the combined Y. M.-Y. W. in the Upper Dining Room on Saturday evening, July 11, at 8:00 p. m.

a barny atmosphere, many city slickers became "hay seeds" for an evening and really "swung the cor-ners right and left" in good old country style to the ditties sawed out of the Hot Shots, "Sal" Avella at the piano, "Bob" Wilson on the clarinet, and "Billie" Braxater on the fiddle.

Dick Hart directed the "Shoo Fly", and several other square dances, ending with the Spanish influence in a "Conga chain". Ballroom dancing followed to the music of Allen Munster's recordings.

During the evening, a large amount of soft drinks and cookies were consumed in place of the usual "corn liquor".

Carl Schwartz was chairman of the affair, while Dr. and Mrs. Eugene Miller and Dr. and Mrs. John Heilemann acted as chaperones. Dean Camilla B. Stahr and Mrs William U. Helfferich also

NOTICE!

No persons, except regularly registered, resident students, will be permitted to stay over night in the residence halls or the dormitories without the written permission of the Dean of Women or the Dean of Men of the College.

All persons, other than regularly registered, resident stu-dents, who wish to take meals in the dining room must obtain guest tickets for this purpose from either the Dean of Women or the Dean of Men.

Twelve-Week Summer Term Opens With Enrollment of 137 Students

During Third Full Week

Touch football stole the spot-light from boxing and softball to-day as the National Health program at Ursinus entered the third full week since its inauguration on June 29 as a required part of the regular summer schedule.

Introduced in cooperation with physical fitness, the plan provides two hours a week of training for each of the 96 men enrolled for the summer semester.

Pete Stevens will wind up the coaching of touch football tomorrow or Wednesday and will then classes two or three times a week; teach the fundamentals of wrest- while two-semester subjects are ling for the remainder of the week. Fencing, badminton and volley ball, a different sport each weeks. week, will alternate with the games already presented as the features of the sports-for-all program for the next nine weeks.

Besides instruction in athletics, the physical education setup offers compulsory marching and calisthenics at the beginning of every

After badminton and fencing in the gym Wednesday and Thursday, July 1 and 2, two-minute boxing matches highlighted the outdoor activities on Monday and Tuesday of last week, followed by the touch football contests of Wednesday and Thursday.

Beginning next week, Pete Stevens is planning to start a similar athletic program for the girls with instruction in softball and tennis.

College Host To 135

Boasting an average daily attendance of about one hundred thirty-five, the summer conference of the Episcopal Diocese of Pennsylvania was held at Ursinus from Sunday, June 28, to Friday, July 3.

The conference is sponsored annually by the department of Religious Education of the Diocese to provide religious education and training for the comparatively inexperienced in the work and life of the church.

The daily program began with communion in Bomberger Hall before breakfast. Classes began shortly before ten p. m. and continued until lunch time. During the afternoon the delegates were free to participate in nature walks, sports, music, and handwork. Entertain-ment was provided every evening in the Thompson-Gay Gymnasium, while on Thursday evening a religious drama was presented in Bomberger.

The delegates attended two classes each day. The first period classes included a study of the its engagement was one of last Psalms and Old Testament hymns; line of church doctrine. The sec-ond group of classes included courses in leadership training; a courses in leadership training; a discussion of the duty and responsibility of church women in the world crisis; and a study of music in the parish.

FIRST CHAPEL SERVICE TO BE HELD WEDNESDAY

The first regular chapel service of the summer session, under the ON THEME OF "REDEDICATION" leadership of Dr. Lentz, the College pastor, and Bill Daniels '44A, student chairman of the chapel the first Vespers Service of the committe, will be held on Wednesday morning from 7:35 to 7:55 a.

value of the Weekly. And as for by a student-faculty committee to pers committee of the "Y". About the only thing to say is at some people did a lot of work; summer term to serve as a substi-

Ursinus Health Program

One hundred and thirty-seven students, ninety-six men and forty-one women, have enrolled at Ur-Features Touch Football sinus for the summer session being held from June 22 to September 11 in cooperation with the national war effort. Eighteen freshman men and five

women are among the students who are taking advantage of the twelve-week course instituted as a regular semester in the accelerated educational program. As a result of the completion of

the added sesion, Ursinus men and Introduced in cooperation with the war effort and the drive for half-year, and in many cases, a full year earlier than the ordinary schedule would have permitted.

One - semester courses run through the three months at approximately the same rate of speed as during the regular term with while two-semester subjects are taught six days a week with quarterly examinations every three

Because of the concentrated schedule, only two cuts are allowed in any class and, except for plausible reason, a student is automatically dropped from the course upon the

Eleven of the men students, who are combining study with work in war industries, began jobs on the assembly line of the tool-making department at Jacobs Aircraft Co.

Six upperclassmen and five freshmen will work six days a week from 3 to 11 p. m. at the Pottstown plant, while taking a modified schedule of courses.

Those who are starting work at Jacobs today are William Keagle '43A; George Hosler '44A; Ralph Mendenhall "44A; George Taylor heldenhall "44A; George Taylor '44A; Edward Tallis '43A; John Bauer '45A; Lou Oddo '46A; John MacGregor '46A; Wayne Saunders '46A; George Woods '46A; and Aaron Rubin '46A.

TWO URSINUS COUPLES RECENTLY MARRIED; THREE PAIRS ENGAGED

The Ursinus reputation of being semi-matrimonial bureau is still justified in light of some of the latest facts and figures released on the subject. According to the latest information, three more Ursinus couples have added their names to the "engaged" list, while two others were recently married.

Gladys Levengood '42, and Sergeant Matthew "Max" R. Zeski '41, announced their engagement at a Fourth of July dinner. Zeski, who recently returned from Hawaii, is attending the officers' training school at Camp Davis, N. C.

Margaret Claffin '39, who was an assistant in physical education at the College last year, announced her engagement to Sergeant Harry Atkinson '40, with the first of August named as the wedding date.

Psalms and Old Testament hymns; the teaching of Jesus; and an out-line of church doctrine. The sec-

mantown home on June 27; Elizabeth Bickhart '40, and Charles Bonos '40, marched down the aisle of the Trinity Reformed Church, Collegeville, just a week later on July 4.

"LAND OF HOPE AND GLORY"

America, the land of hope and opportunity, has lately fallen upon tough times. In the first place, America has entered a war without adequate preparations to fight. Secondly, America has taken one of the worst beatings in her military history, and thirdly, America's friends have suffered heavy reversals.

Nevertheless, America remains the land of hope and optimism. The oil and wheat interests cheerfully kick the synthetic rubber situation around while motorists still rip the treads from their tires with speeds of sixty and over. Most people think the war will be over in less than a year, and no one considers that America might lose.

In short, Americans are taking the war too calmly. They have taken the "keep cool" advice to the point where they don't seem to give a darn. This is true, not only of the mass of the American public, but also of many college students

Perhaps, not so much of summer students as some, but it is probably true that most collegians are still unaware of the full measure of responsibility which faces them.

The men and women now in college will be called upon for two things: many will aid directly in the prosecution of the war — the sooner they get on the job, the better — all will make up the most influential part of the generation which settles the world after the war.

To the Ursinus students we therefore repeat the advice which President McClure gave last year.

"Let us do today's work today, and tomorrow tomorrow's work, without worry,, without fear of the future . . . let us be thankful for the blessings that are ours, let us be hopeful, let us not for an hour stop working."

J. W. D. '43

$\mathbf{WANTED} \, - \, \mathbf{BLOOD} \; !$

Here at Ursinus, comparatively isolated from the martial atmosphere of the rest of the world, it is quite easy to forget the sacrifices made by many of our friends and fellows on foreign battlefields. They are doing their duty on distant fronts; to aid them we must do our duty on the home front. Some of us are planning to spend part of our time laboring in a war industry; others are preparing themselves for home defense work; and in various other ways we are helping to "keep them flying".

But there is something which we can do now, this very week, in fact, to better serve the men abroad. The Red Cross is asking for blood donors, men and women who are willing to donate some portion of their blood so that someone in need of extra strength will live. We at Ursinus are being asked to cooperate in this effort; for within the next week a survey will be taken of the College and the surrounding community to determine the number of people willing to be blood donors. If sufficient numbers warrant it, the Red Cross will send their mobile unit to this vicinity in the near future.

Volunteers from the Weekly staff will make a campus of the dormitories during the coming week; anyone desirous of doing his part is asked to communicate this desire at that time. Here is the chance for us to be of vital service to our country.

DON'T LET THE RED CROSS DOWN!

E. E. H. '43

As a Woman Sees It - - -

AMUSEMENT, RATIONED FOR THE DURATION

Government decree has ordered that all organized recreation be abolished for the duration of the emergency. On the surface this step may seem both admirable and logical. However, we wonder if its authors were fully aware of the attenuating circumstances arising from such an action.

We grant that in this hour when foreign ideologies threaten our ideals we should be occupied with something more than beer and skittles; we agree that Betty Co-ed and Joe College should not major in rug-cutting and minor in scholastic activities. Indeed we fully understand that our energies should be concentrated on those activities of greatest benefit to a nation at war.

However, for the production of superior soldiers, doctors, and chemists, we feel that something besides textbooks, laboratories, and study hours is necessary for the best results; there must be some tempering agent to inspire routine work. Indeed, it has been scientifically proved by psychologists that work performed after a period of leisure is of a finer quality than that generated in unrelieved industry.

Military experts recognized that need of recreation in a soldier's life and the United Service Organizations filled the ticket with well supervised Saturday evenings. If the boy in uniform enjoys an arranged program, then it logically follows that the student training for the battle front (but not sporting brass buttons on a khaki uniform) be allowed to have some legitimate diversion. But the morale of the man behind the gun apparently is of no importance to those who ban all formal fun.

Moreover, there is another side to this story. Even in war times we hear the Puritan cry out about the lowering of moral standards. Certainly there seems less chance of this statement being true if there are school sponsored functions than if one must provide his own amusement. Following on this line will come the too familiar argument "oh well, we might as well eat, drink, and be merry today, because the Japs will kill us tomorrow". Planned entertainment would undoubtedly diminish such unhealthy sentiments.

So may we remind those who prohibit all natural recreation and then complain that the younger generation is going to wrack and ruin that a certain amount of social life is a pre-requisite of mental health, and that even though a young man does trip the light fantastic Saturday night, he can still learn the chemical formula for lethal gas on Monday morning.

Bob Ihrie Looks 'Em Over

(Continued from page 1)

warm token of gratitude for his pitching performance of the 7th and stuff.

Rec center opened its door with a hearty welcome including Schneeberg and one assorted ping pong ball.

Ha, Ha. Did the sophomores look damp on Thursday.

The way winter sports line up so far, it's intercollegiate football with maybe Muhlenberg, Gettysburg, Drexel, F. & M., and Washington; 150-lb. football with no touch-league; soccer, perhaps intercollegiate; intramural wrestling, boxing and basketball taking the place of intercollegiate basketball.

Although the sophomores were eating it for a while in their game with the itsy bitsies on Tuesday, a five-run splurge in the last of the seventh put the contest on ice.

The sophs won on hitting, pitching, and an outfield. The underclass infield was on the ball.

In the fair and square, giveeveryone-a-break compulsory tennis tournament for men which will get underway this week, your looks 'em overer who has wielded a racquet on three or four varied pitiful occasions was matched with beginner Frank Hyatt. Ho hum.

The Commentator

RESPONSIBILITY

The position of Dean of Men should be an easy task at this time. If everything does not run smoothly, we can blame the war for our shortcomings. This is the attitude of those people who believe "the world owes me a living". In like manner, many students believe their college owes them a great deal. We would be the last to refute the fact that the college owes every student the opportunity to grow mentally, physically, and socially. But, on the other hand, there is the responsibility of the student to his college. And this is too often ignored.

The world does not owe us a living; it merely offers us the opportunity to make it for ourselves. And so it should be in our college community. Above everything else, the Office of the Dean of Men will aim to instil in each man at Ursinus a sense of responsibility. Moreover, we shall not tolerate anything that stands in the way of that goal. For the world demands that sense of responsibility, and the world has harsher ways of teaching it than the college. If we fail, we shall not be meeting our responsibility to the student.

The new office will do everything possible to make the life of the men students at Ursinus happy, complete, and worthwhile. Its main objective is the improvement of the general wellbeing of the students. This demands in each and every man the recognition of responsibility to himself, his classmates, and his college. We all enjoy many privileges, but we must remember that for each privilege there is a corresponding duty to respect the rights of others. But then, college students should recognize this without further explanation, so — now for action

G. SIEBER PANCOAST Dean of Men

TO THE MEN OF URSINUS:

We should all feel that we have a real privilege in being able to return to Ursinus this summer. Here is the opportunity for us to complete as much of our education as possible before we are called to serve in upholding the ideals of democracy. The inevitable destination of every able-bodied, red-blooded American man is the anti-totalitarian battlefront, but we must not forget to prepare ourselves en route.

not forget to prepare ourselves en route.

This preparation must serve a double purpose. First, it must equip us best for our immediate military duties. But also, and not to be forgotten, we must be preparing ourselves for that period after the war, when, as we all hope, there will again be a need for the professions and vocations of peacetime. And through this all, let us not forget that there must be a pervading influence of democracy; in order to know what we are defending and why, we should understand the heritage, structure, and functions of our form of government.

The democratic government which we have

The democratic government which we have here on the Ursinus campus needs the interest and whole-hearted cooperation of every Ursinus man. Your student council is asking you for this interest and cooperation so that this summer session can be made as profitable as possible.

FREDERICK BECKER '43A Pres., Men's Student Council

TO THE WOMEN OF URSINUS:

I am happy to be able to extend to all of you my sincere welcome and my best wishes for a most profitable summer.

* * * * *

In the extraordinary conditions under which we live it is easy to juggle the figures to our own advantage. As civilians we can, for instance, assume a disproportionate place in our communities by so glorifying the work we perform that it seems something more than our simple, bounden duty. Or we can, on the other hand, use the war and its attendant circles as an excuse for what is merely our own laziness and inability to face reality. Let us rather, equipped with a sturdy set of values, continue quietly and unselfishly in the task that we have begun—our preparation for the future and whatever it may require of us.

The student governing bodies of Ursinus function to maintain order and to promote sane and healthful campus living. We have been chosen to represent your best interests. We are eager to hear your complaints and your suggestions; but we request, in return, your enthusiastic cooperation. In such a spirit let us make the most of our opportunities and enjoy together a summer that is unusually rich and full.

CONSTANCE HOPKINS '43A Pres., W. S. G. A.

HYMN OF PRAISE

Solanum tuberosum, The mention of they name Instills our hearts with reverence; Thy praises we acclaim.

No matter what might happen, Thou art faithful to the end. Day in, day out, you're always there, Our thanks we all extend.

Comes rain, comes shine, comes heat, comes cold—
Thy presence never falters;
Comes noon, comes night, comes dark, comes light—
Thy condition never alters.

Thy presence lights our pale cheeks Like the pink of a tomato, Whenever that we see thy face, O wondrous boiled potato! I. Shood Know

GAFF from the GRIZZLY

Information, Please

We Wood all like to know the inside story on the affairs of la femme fatale Wiley; no one seems able to pin her down to cold facts, Apparently she doesn't Calculate to have things Pat, or are we being too Corny(ly).

Y Not

Miss K-noll has announced that for the duration of the emergency all meetings with her cabinet heads will be held beneath the Buttonwood tree. It is hoped that this step will encourage more people to become active members of the organization.

When leaving a night club, a sailor should allow the girl to be carried out first.

A Woman's Prerogative

It certainly wasn't a case of her not caring a Rapp. And then those Perkins cave-man tactics were a bit too obvious. Incidentally, do you know, Ben, what happened to your Barn Dance date?

No college boy should ever get serious about a girl until he meets her mother — he may like her better.

New Corporations

We Shir-ly think Fister is on the White-side of the fence these days, and you don't hear him complaining either.

.Leo the Lion

Then there is the case of one fellow who took a freshman back to the dorm just in time to get caught on an illegal date, and yet invited another girl up for the weekend and barn dance.

What dean of men of what coeducational college in what Pennsylvania county has his office in a women's dormitory?

Among Our Alumni

Gladys Hogeland '42, of Conshohocken, Pa., has been elected to the position of assistant physical education instructor in Audubon High School, Audubon, N. J.

Eva June Smith '42, of Birdsboro, Pa., has been elected to teach English and social studies in the Birdsboro High School, Birdsboro, Pa.

Jane Vink '42, of Norristown, is now employed as a secretary in the children's magazine department of the Curtis Publishing Co., Philadelphia, Pa.

Mary Hyde '41, of Long Island, N. Y., is employed as a secretary in the office of the British Army Staff, New York City, N. Y.

Ingeborg H. Weseman '42, is now attending the Katherine Gibbs Secretarial School in New York City, N. Y.

Alice Dougherty '42, of Haddonfield, N. J., has been appointed instructor of physical education at Haddonfield High School, Haddonfield, N. J.

Lt. Robert "Rip" McConnell '41, of Wilmington, Del., has been made director of the entire athletic program at Camp Wallace, Texas.

Elizabeth Urich '42, of Harrisburg, Pa., is now taking a course at the International Business Machines Training School at Endicott, N. Y.

Carol Anfinsin '42, of Drexel Hill, Pa., and Park Hays Miller, Jr., of Philadelphia, were married Saturday, June 6, at Drexel Hill.
