TO THE ALUMNI:

February 15, 1953

All my associates at Ursinus join me in sending to the alumni good wishes for 1953.

The following paragraphs will supplement the "Reports of Officers" submitted to the Board of Directors on November 25, 1952, and recently mailed to all alumni.

In the October number of *THE ALUMNI JOURNAL* was included a list of alumni who made contributions to Ursinus College for the Alumni Memorial Scholarship Fund and for other purposes. The list indicated neither the amount that any alumnus gave nor the purpose for which he or she gave it. It should be added that many alumni designated their gifts for purposes other than the Alumni Memorial Scholarship Fund—debt reduction and various permanent funds. Most of the members of the Class of 1952 designated their gifts for an enlarged student center, which we plan to provide as soon as an adequate total for this purpose is reached. One member of the Class of 1952, Mary French Doughty (Mrs. Paul L. Doughty) made a gift to establish The J. Harold Brownback Prize, to be awarded annually on Commencement Day to a member of the graduating class for outstanding achievement in academic work and in extra-curricular activities.

Many—alumni and others—who make gifts to Ursinus College do not designate their gifts for any specific purpose, and many such "undesigned" gifts have increased the total of the Alumni Memorial Scholarship Fund and the fund that the Board of Directors and alumni are raising to endow the J. Harold Brownback Professorship.

It will perhaps interest—and encourage—the alumni to know that since June 30, 1952, the end of the fiscal year, Ursinus College has received in gifts and bequests from non-alumni sources, including the Evangelical and Reformed Church, charitable foundations, and many friends, a total of more than \$130,000. During that period the appropriation that we received from the Church we have used for current expenses, principally scholarship grants to members of the Church; we have used \$20,000 for reduction of the debt incurred many years ago; and we have added more than \$100,000 to permanent scholarship funds and other endowment funds.

I wish that alumni could equal the gifts from non-alumni sources. The older alumni give generously, and they include Ursinus in their wills; but there are not many of us. More than fifty percent of our living alumni are under thirty-five years of age, and twenty-four percent of our living alumni were graduated in the last four years. If, however, every one of the younger alumni would send even a modest gift, the total would be very helpful to Ursinus College. We must increase our endowment funds. We need your help now.

Your checks should be made payable to Ursinus College, and you may mail them to me.

I take this opportunity to thank again all the friends of Ursinus—alumni and others—whose gifts have enabled the College to grow in strength and influence and to continue to offer our students superior opportunities.

Sincerely yours,

N. E. McCLURE

He is a member of the County Education Committee for Surrey, and has been an active member of the Guilford Rotary Club since 1942, having served as president in the year 1950. During World War II, he served as an Army Chaplain, and rose to the rank of Major. Other ministries he has held are those of Totenham High Cross and Tollington Park Congregational Churches.

11 STUDENTS COMPLETED WORK IN JANUARY

Eleven students completed their work at Ursinus at the end of the fall term, January 1953. They are: Bruce Anderson, Reading, Pa.; Fred Baas, Perkiomenville, Pa.; Lois Carbaugh, New Oxford, Pa.; Edwin Chantler, Collegeville, Pa.; Harry Feulner, Phoenixville, Pa.; Carl Hedstrom, Norristown, Pa.; Mary Lou Henry, Philadelphia, Pa.; Ivan Leaman, Jr., Pottstown, Pa.; Roy North, Jr., Philadelphia, Pa.; Joseph Phillips, Ventnor, N. J.; and Joseph Totin, Chester, Pa.

These students will receive their degrees at the May Commencement Exercises.

Twenty New Students

Twenty new students were admitted at the beginning of the 1953 spring term — five freshmen women, 13 freshmen men, one man on readmission, and Miss Edna M. DeAngeli who is enrolled as a special student for graduate work in Latin.

NEW ORIENTATION PROGRAM INTRODUCED THIS YEAR

Freshmen who entered Ursinus last fall were extremely fortunate. Little green dinks serve to make the girls much more attractive than the dreadful green bands that alumni remember all too well. Freshmen customs, of the type that most alumni remember, have just about disappeared from the campus. And much emphasis has been put on an orientation program for freshmen and other students.

This program of eight talks was sponsored by the Y.M.—Y.W.C.A. in conjunction with the student councils. The topics of these talks speak for themselves:

"School Rules": by Dr. M. W. Armstrong, Dean of the College; by Miss Camilla B. Stahr, Dean of Women; and by Mr. G. Sieber Pancoast, Dean of Men

"A Good Campus Citizen": by JACK WESTERHOFF, '55, a member of the Men's Student Council

"How to Study": by Mr. G. Sieber Pancoast.

"Techniques of Good Manners": by PAUL SHILLINGFORD, '54, and JENEPHER PRICE, '54

URSINUS PROFESSORS RECEIVE HONORS

Dr. Russell D. Sturgis

On October 17, 1952 the University of Delaware honored Dr. Russell D. Sturgis, Professor of Chemistry at Ursinus, when the president of the University presented Dr. Sturgis the Certificate of Professional Achievement. The occasion was the dedication of the Chemical Engineering addition, H. Fletcher Brown Laboratory, University of Delaware. Dr. Sturgis was graduated from the University of Delaware in 1920.

Dr. Martin W. Witmer

On October 25, 1952, Franklin and Marshall College conferred the honorary degree of Doctor of Pedagogy upon Martin W. Witmer, Emeritus Professor of English, Ursinus College. Dr. Witmer was graduated from Franklin and Marshall in 1904, and was a member of the Department of English at Ursinus College from 1920 to 1947. He is on the national Board of Christian Education for the Evangelical and Reformed denomination, and on the Executive Committee of that board. He is also the editor of the *Philadelphia Synod News*; and has done part-time teaching at the Lancaster Seminary since his retirement from Ursinus. In April of 1951, Hood College honored him with a Citation in the Field of Church Leadership.

PRESENTATION OF THE MESSIAH A TRUE URSINUS TRADITION

One of the deepest memories of Ursinus among its alumni is centered on the Christmas week festivities; and the annual presentation of Handel's *Messiah* is an event of which we can all be proud. Most alumni know that it was Dr. William Philip, Professor of Music at Ursinus, who started this Christmas music program which has been a highlight for 15 years at Ursinus. From the first rendition, it was so successful that Dr. Philip has continued to present the entire *Messiah* in Bomberger Chapel every year at Christmas-time. Alumni return to add their voices to the student chorus; and it is estimated that over 400 alumni have participated in the event. Noted stars of stage and screen have come each year as guest soloists.

One of our alumni, REV. HAROLD B. KERSCHNER, '16, has called to our attention some very interesting facts

A NEW YEAR BRINGS CHANGES TO URSINUS

Mr. Russell Remig Superintendent of Buildings and Grounds

Mr. Horace E. Godshall resigned as Superintendent of Buildings and Grounds on October 2, 1952, after ten years of service to the College. Mr. Russell Remig was appointed to take his position. Mr. Godshall has accepted an executive position at the Grays Ferry Brick Co., Conshohocken.

Mr. Joseph Lynch is College Steward

Mr. Joseph Lynch has been appointed to the position of College Steward following the resignation of Mr. James Morrison on November 7, 1952.

Mr. James Herbsleb is Supply Store Manager

A new jukebox, a new coat of paint, a coffee-maker, sandwiches, and a rearrangement of the book-selling racks head the major changes made in the Supply Store, now under the College management of Mr. James R. Herbsleb, Associate Professor of Economics.

B-List Becomes Dean's List

Dean Maurice W. Armstrong has announced that the name for the traditional B-list of those juniors and seniors who have achieved averages of B with at least one A will be known as the *Dean's List*. This will eliminate confusion since *Dean's List* is the term commonly used at many other American colleges for the honor roll. The *Ineligible List* was heretofore known at Ursinus as the *Dean's List*.

YOST, JONES LECTURE ON UNIVERSITY OF THE AIR

Ursinus professors are on the University of the Air television program again. This spring it's Dr. Calvin D. Yost, Professor of English, and Mr. H. Lloyd Jones, Assistant Professor of English; and their topic is "Modern American Poetry". They may be seen every Tuesday at 11:15 a. m. from February 3 until May 12; and the topics for discussion will be limited to modern American poets and their works. The programs will not be a survey since the allotted time is not sufficient.

Dr. Yost and Mr. Jones have not chosen their material for importance alone. The most popular poets of today as well as some of the most difficult to understand will be included in their talks.

URSINUS AND U. OF P. OFFER COURSE IN ENGINEERING

In President McClure's letter to the alumni in the last issue of the *JOURNAL*, he made reference to a five year "two-campus" plan enabling students of Ursinus College to earn engineering degrees at the University of Pennsylvania. There have been some requests for further details.

By studying liberal arts for three years at Ursinus and engineering for two years at Pennsylvania, a qualified student can earn a bachelor of arts degree from Ursinus and the degree of bachelor of science in engineering from the University.

Students transferring from Ursinus will specialize at the University in chemical, civil, electrical, mechanical or metallurgical engineering. They will be enrolled in either the University's Towne Scientific School or its Moore School of Electrical Engineering.

The program is intended to draw more students into engineering, in which profession an acute shortage of personnel has created extraordinary opportunities for young graduates.

After two years of engineering studies at Pennsylvania a student can qualify for the degrees from both institutions simultaneously.

URSINUS WOMEN'S CLUB ANNOUNCES SPRING PLANS

Important Coming Events

Two events are on the agenda of the Ursinus Women's Club for this spring. April 17, 1953 is the date for the spring business meeting and dinner on the campus. Every Ursinus woman or woman interested in Ursinus should plan to attend this meeting every year. And on May 2, 1953, there will be a Tea at Oak Knoll. Many will remember this delightful afternoon last year; and since a few homes in the general vicinity will be opened to the alumni this year, it is hoped that the affair will be even better than last year.

Luncheon Meeting Enjoyed

On Saturday, December 6, 1952, the Ursinus Women's Club held its luncheon meeting in the William Penn Room at Gimbel Brothers, Philadelphia, Pa. The meeting was very well attended, and after a delightful luncheon, MISS MARY KASSAB, '26, spoke to the group about her experiences in Bethlehem of Judea. Miss Kassab is a delightful and informative speaker, and since everyone was in a Christmas mood, her topic was especially enjoyed.

Miss Jane Gulick, Ursinus campus leader, delighted the group with her description of the days immediately preceding Christmas vacation on the Ursinus campus. Mrs. Donald L. Helfferich spoke about the social calendar of the students. To add to the festivity and Christmas spirit, door prizes were given. Aprons and Christmas corsages were sold and a good profit realized. The meeting was adjourned after the singing of Christmas carols.

DR. PIERCE E. SWOPE HONORED BY ST. STEPHENS

On November 2, 1952, the members of Dr. Pierce E. Swope's congregation at St. Stephens Evangelical and Reformed Church in Lebanon, Pa., honored their pastor at a surprise celebration of his thirty years pastorate there.

Rev. Swope, who attended the summer session at Ursinus in 1908 and then went to the Theological Seminary in Dayton, Ohio, was given the honorary Doctor of Divinity degree by Ursinus College in 1940.

ENCIRCLE MAY 30, 1953 ON YOUR CALENDAR

IT'S ALUMNI DAY

Rain or shine we always have fun on Alumni Day, and we have an excellent committee already working this year under the able direction of KENNETH L. CLOUSE, '38, chairman, and WILLIAM M. POWER, '39, co-chairman. Other members are: ARCHIBALD B. SIMONS, '48; ROGER P. STAIGER, '43; MRS. FRANK A. WOOD, JR. (NANCY LANDIS), '43; PAUL I. GUEST, '38; MRS. LAWSON EARL (MARION BLEW), '34; ALFRED L. CREAGER, '33; JOHN S. HARTMAN, '29; and HAROLD WIAND, '28. So plan to come back to Ursinus whether your class is one that is holding a reunion or not. You'll see lots of old friends and be well entertained. Remember the date — SATURDAY, MAY 30, 1953 is ALUMNI DAY.

At a recent Executive Board meeting of the Ursinus Alumni Association, Alumni Day was discussed at length; and the Board tried to organize the plans for the day so that there will be a certain continuity about our reunions. It was decided that the chair-

man should be chosen from the class celebrating its 15th reunion; and the co-chairman should come from the class celebrating its 14th reunion, with the understanding that the co-chairman would be chairman the next year. Members of the committee were selected from some of the reunioning classes and from some classes that will hold reunions in 1954. It is hoped that by making these plans and starting early, Ursinus alumni can have the very best Alumni Day they have ever had on SATURDAY, MAY 30, 1953.

Every alumnus will receive a letter with all the details of the day; and if yours is a reunioning class: 1948, 1943, 1938, 1933, 1928, 1923, 1918, 1913, 1908, 1903, 1898, 1893, you will be contacted by your class representative. But we are announcing the date now so that everyone will have at least two months in which to make arrangements to return to Ursinus for ALUMNI DAY on SATURDAY, MAY 30, 1953.

ALUMNI E. & R. DELEGATES ATTEND COUNCIL OF CHURCHES

Ursinus is proud to find that a number of her "sons" were delegates to the Second Biennial Assembly of the National Council of Churches, held in Denver, Colorado, December 7 to 15, 1952.

Among these delegates were: DR. PURD E. DEITZ, '18, St. Louis; DR. DOBBS F. EHLMAN, '23, Philadelphia; DR. FRANKLIN I. SHEEDER, '22, Philadelphia; and DR. REGINALD H. HELFFERICH, '28, St. Louis.

Dr. James E. Wagner, vice president of the Evangelical and Reformed Church headed the E. and R. Delegation at the assembly, due to the absence of Dr. L. W. Goebel, president. Dr. Goebel is on a round-the-world trip which has as its prime objective a meeting of the Central Committee of the World Council of Churches in Lucknow, India, December 31, 1952 to January 9, 1953.

N. Y. U. NAMES W. K. McKEE NEW ASSISTANT DEAN

MR. WILBUR K. McKEE, '18, professor of marketing at New York University's School of Commerce, Accounts, and Finance, has been appointed to the rank of assistant dean.

Dean McKee has been with N.Y.U. since 1928, holding the post of director of admissions at the School of Commerce since 1946 to September of 1952. He is also secretary of the faculty at the School of Commerce.

During the last war, he served as a Navy lieutenant in Washington, D. C. as officer in charge of academic administration of the V-12 College Training Program.

After his graduation from Ursinus in 1918, Dean McKee earned the degree of Master of Arts at the University of Pennsylvania. He taught at the University of Pennsylvania and at Drexel Institute of Technology before going to N. Y. U.

URSINUS ALUMNI CLAIM SISTERS WITH A MISSION

Perhaps some of our alumni saw an article in the *Philadelphia Inquirer* on December 7, 1952 entitled "Sisters with a Mission". The "sisters" were Ursinus "sisters"—MISSSES ELINOR and LILLIAN LUTES. Ursinus has doctors and dentists, ministers and teachers, business men and lawyers, diplomats and missionaries. Its sons and daughters serve our country and our fellowmen in too many ways to mention. But think for a few moments about the service of two sisters who have taken on the operation of the Christian Settlement House at 539 N. 12th St., in Philadelphia, Pa. The building incidentally, was a former schoolhouse—a schoolhouse which is the same one in which Dr. J. Lynn Barnard together with Dr. Brandt, conducted a School of Pedagogy from 1904 to 1917.

Over the period of September 1, 1952 to November 30, 1952—three months—these women have seen to it that 8150 free meals to transients and 4550 free meals to residents have been served. In these same months, 4246 men have received a nights shelter.

The background of the Lutes sisters is as interesting as their present work. There were three sisters originally. Elinor, the eldest, came to Philadelphia from Ohio in 1898, and entered the senior class at Ursinus, graduating with the class of 1899. From there she went to the University of Pennsylvania and then into social work. Lillian, the youngest, entered the Ursinus Preparatory School in 1899 and was graduated in 1902. Although she entered Ursinus College in 1902, she was compelled to give up college in 1904 because of poor health. She, too, went into social work and was active in the Mission until her death in 1944. Evelyn became a lawyer, like her mother, who was Ohio's first woman barrister, but came East to join her sisters. Together or singly, these women ran a tutoring school, a law practice, a real estate business, did social work, and historical writing.

With such a background, the management of a settlement house doesn't overwhelm them. They quote the 1,000's of meals and nightly shelters provided by them without a second thought. They wish only that they had more money to do their work.

H. KING HEIGES NAMED AREA SUPT. OF SCHOOLS FRANKFURT, GERMANY

H. KING HEIGES, '37, has been appointed Regional Superintendent in the Frankfurt area of Germany for the elementary and high schools operated by the Department of National Defense. The Frankfurt area, one of four school regions in the American Zone of Occupation in Germany, has an enrollment of approximately 4,000 children of American military and civilian personnel located there. The four high schools and 17 grade schools under Mr. Heiges' supervision are staffed by a faculty of 135 teachers and administrators.

The office of the Regional Superintendent is in the Farben Building at Frankfurt, but the various schools are situated in Bonn, Berlin, Bremerhaven, Wiesbaden, Eschwege, Kassel, and Rhine-Main.

After his graduation from Ursinus, Mr. Heiges taught at the Amityville High School and coached athletics. Upon the outbreak of war, he attended Officers' Candidate School and was commissioned as a 2nd Lieutenant. The Anti-Aircraft Battery which he commanded during the invasion of France participated in the breakthrough at St. Lo, France, and shortly thereafter, he was seriously wounded by a land mine explosion and evacuated to the United States.

DO YOU HAVE OLD ISSUES OF THE URSINUS LANTERN?

Do you have copies of *The Lantern* Volume 13, Numbers 1, 2 (1945) and Volume 14, Number 1 (1946)?

The Ursinus librarian finds that those issues of *The Lantern* are not in the stacks. If you have copies of the missing issues and would like to donate them to the Library, we should be very grateful.

DR. EGER ADVANCED TO NEW POSITION AT JEFFERSON

DR. SHERMAN A. EGER, Class of 1925 and a member of Ursinus's Board of Directors since 1949, has been advanced to clinical professor of surgery at Jefferson Medical College of Philadelphia. Dr. Eger has been on the teaching staff of the Medical college, from which he was graduated in 1929, since 1934. He interned at Reading Hospital; and spent five years in post graduate training in surgery at institutions in Pennsylvania, New Jersey and Massachusetts.

Doctor Eger, who has had over 25 publications on surgery in national medical literature, has also won awards of merit in several medical exhibits of state medical societies.

He is a fellow of the American College of Surgeons, a diplomate of the American Board of Surgery, and a member of the Philadelphia Academy of Surgery, College of Physicians of Philadelphia, Philadelphia County Medical Society, Pennsylvania State Medical Society, and the American Medical Association.

Mr. Heiges resumed teaching after the war, and then took a leave of absence to take graduate work at the University of Michigan. After he received the Master of Education degree he was appointed a teacher and coach of athletics at the American High School in Heidelberg in 1949. Later he was appointed high school principal at Bremerhaven, but in 1950, he was moved to Wiesbaden as supervising principal of all schools until promoted to the post of Regional Superintendent.

VALUE OF LOCAL ALUMNI GROUPS UNDENIABLE

As spring comes again, many local Ursinus alumni groups will be holding annual meetings, and it is impossible to put too much emphasis on the excellence of these groups. At present, there are five such Ursinus groups organized and active—Lehigh Valley, Philadelphia, New York, Reading, and York. And by this summer, there is a strong possibility that three more will be added to that number. Interested alumni are working in the South Jersey, Harrisburg, and Washington, D. C. areas to get similar groups organized. Thanks must go to MR. AND MRS. REID PORTER (MARY ANN BALLANTYNE), '48; MR. AND MRS. WILLIAM J. GROVE (ELIZABETH BALLINGER), '38; MR. AND MRS. EDWIN B. HERSHEY (TROUPIERE SIPE), '35 '34; and Mr. and Mrs. CHADWICK ALGER (ELINOR REYNOLDS, '46), '49, for their part in taking over the responsibility and work of starting these groups. Although the Alumni Office often receives questions as to whether or not there is an Ursinus Alumni local group in one area or another, and expressions of regret if there is not, it is only through the real and interested effort of a small group of alumni (sometimes only one or two) who are willing and able to start such an organization. These folks sincerely deserve our thanks and appreciation.

Some of you may ask, "For what purpose are these groups organized"? And the answer is simply this—To keep alive an active interest in Ursinus College among its alumni and service to Ursinus. Sociability is a big factor, of course, but social groups can be formed without the organization of a regular local alumni group. And the primary reason for a local group's existence is interest and service to the college of your choice.

Perhaps the greatest service that local groups can do for Ursinus is to interest worthwhile prospective students in the College. One local organization invites several such prospective students as guests to its spring dinner meeting. These students have the opportunity to meet some of our alumni, enjoy dinner with them, hear several short talks from alumni and college representatives present at the dinner, and are then excused if they

care to leave before the business meeting. Another group plans small teas at some alumnus's home and invites several prospective students. There is Ursinus literature on hand and alumni are present to introduce Ursinus to the students. Such meetings are of splendid value. And our registrar, Mr. William Pettit, will be glad to furnish alumni groups with the name of pupils who have applied at Ursinus from some specific area.

Local alumni groups can be simply social organizations. But then why bother to have them? Here is a field in our alumni organization that can be of the greatest benefit and service to Ursinus. We are extremely proud of our Ursinus groups; and the very fact that they are growing in number proves that we have alumni who love and want to be of service to their school.

Be sure to attend the spring meeting of your local group. Don't miss it for anything in the world. It is a great thrill to visit these various groups. It's wonderful to know there's a little nucleus of Ursinus in so many areas outside Collegetown.

Ursinus Is Proud of Its Faculty

An article written by alumni in the February 1952 JOURNAL gave sketches of some of the great Ursinus teachers of years gone by. One reader commented that the College has many able teachers, men and women of broad cultural achievements and of prominence in the community, on its faculty today. Ursinus is proud of the fine caliber of its teachers and of the part they play as civic-minded citizens of the community. This article describes some of the achievements and activities of the present faculty and should be of interest to our alumni.

There are 57 members on our faculty at present, including six who are emeritus. And the background of these men and women is one of learning and culture. Many of them have degrees from Ursinus and (or) the University of Pennsylvania. Others like Dr. Maurice Armstrong and Dr. Donald G. Baker received the Ph.D. degree from Harvard University, while Dr. Frank L. Manning took his doctorate at Cornell. Dr. Robert L. Hutchison and Mr. Maurice O. Bone studied at Northwestern; Mr. Everett Bailey, Miss Eleanor Snell and Mr. Tilton Barron at Columbia; Dr. and Mrs. Eugene H. Miller at Ursinus and Clark University; Dr. Foster L. Dennis at the University of Illinois; Mr. Wilcox at Wesleyan and Brown Universities; Mr. Gurzynski and Mr. James Herbsleb at Temple; Mr. Kuhrt Wieneke and Mr. Harry Symons at Penn State; Miss Blanche Schultz at the University of Michigan; and Mr. James Hirst at Purdue. Some are presently working on the Ph.D. degree. Within the last year Dr. Roger Staiger and Dr. Ammon Kershner had the Ph.D. degree conferred on them by the University of Pennsylvania.

But more important than the degrees they have earned is the fact that Ursinus teachers have a background of study and learning, and are cast in the mold of men and women who teach because they love teaching and because they choose to live their lives in an atmosphere of books and learning. Fortunately for Ursinus and her students, Ursinus professors are distinguished not only for their scholarship in the fields which they profess as members of our faculty, but also for their knowledge of and interest in all the branches of human thought and activity that make up what is called liberal learning. In subject matter

they excel, but they also see the importance of training their students to think for themselves and to ready themselves in all aspects for their place in a complex society without jeopardizing the simplicity and beauty of a cultural background. That's quite a job, to be sure, but how diligently our teachers try to do just that!

Our athletic coaches aim, on the playing field, to make sport a pleasure for the players and to make them true sportsmen in the best sense of the word. How often an Ursinus student has said, "I learned a great deal more than football from my coach." Scholarship and conformance to the rules of the college and society are placed above the importance of any girl or boy's ability on the athletic field. Ursinus will never suffer from such a policy—nor, certainly, will her students.

Interest in study is exemplified further by the fact that so many of our professors spend many hours writing and lecturing outside the classroom. Some of them have written complete books—others write articles for professional magazines. Almost every one of them does a great deal of public speaking. Dr. Maurice Armstrong, besides being head of the history department and Dean of the College, is an ordained minister of the Presbyterian Church. His special interest is church history and he has written numerous articles on the various aspects of it. His book, *The Great Awakening in Nova Scotia*, was the Brewer Prize Essay of the American Society of Church History in 1947. Our College chaplain, and associate professor of the history of the Christian Church, Rev. Alfred Creager, writes many articles for church publications. Presently he is writing an Old Testament study book for Pilgrim Press to be published in 1955 entitled, *Old Testament History*. Our College president, Dr. Norman E. McClure is known, of course, to all of us as a noted scholar of English literature. Among his books are *The Letters and Epigrams of Sir John Harrington*; *Selected Plays of Shakespeare* (with K. J. Holzknacht); and *The Letters of John Chamberlain*. Dr. Calvin D. Yost has been writing reviews for the United States Quarterly Booklist published by the Library of Congress for some years. Dr. Eugene H. Miller's field is international relations, and many know his *Strategy of Singa-*

por. In addition, he has contributed to texts and has had articles published in magazines in the U. S., Canada and Mexico. In the chemistry department, we find Mr. William S. Pettit and Dr. Roger Staiger publishing such books as *Semimicro Experiments in College Chemistry*. Dr. Heilemann has written a number of articles having to do with teaching and apparatus in the *Physical Review* and *American Journal of Physics*. This small sample must stand as an example of what may be found as a part of the life of a large majority of Ursinus teachers.

Many of our professors meet students in other ways than in the classroom. A professor of history is Dean of the College. Mr. James Herbsleb, associate professor of economics, manages the Supply Store. Dr. Charles Mattern teaches philosophy and is in charge of all student self-help. Mr. Pettit is professor of chemistry and is registrar. His assistant is Mr. Geoffrey Dolman, assistant professor of English. Mr. G. Sieber Pancoast teaches political science and is dean of men and coaches the baseball team. All our athletic coaches meet students in the classroom as well as on the playing fields.

But of interest, too, is a picture of the Ursinus faculty outside the walls of Ursinus. Most of our teachers are married and have children. And most of the faculty families live in or near Collegeville. Only a few like Dr. William Phillips of Bala-Cynwyd, Dr. George Tyson of Philadelphia, and Dean Maurice Armstrong of Haverstown, do not live in a radius of only a few miles. And Collegeville has grown with Ursinus. Remember how many of you called Sixth Ave., "Faculty Row"? But do you know that the fields of Ninth Ave. and College Ave. are now completely dotted with new homes, many of which belong to professors? Did you know there was a Seventh Ave. and a Tenth Ave. in Collegeville, also filled with new homes?

The older professors like to remark on the great number of faculty children ranging from wee babies to married sons and daughters. Apparently such was not the case twenty years ago, and Ursinus is proud of its faculty youngsters today—a fine group of kiddies who do us proud in the schools and in the community in general.

ALUMNI OLDSTERS HOLD VARSITY YOUNGSTERS TO 96-75 BASKETBALL GAME

Every once in awhile an event happens at Ursinus that is memorable for some time to come, and everyone who participated clamors for a repetition of it. That's what happened when the Ursinus Alumni played the varsity basketball team on Wednesday evening, January 7, 1953. Of course, a basketball game was played, and the varsity beat the oldsters 96-75, even with only five men on the floor throughout the game (the alumni had seven or eight during the last quarter) and without the help of the referee who threw the last basket for the alumni. But that which will be longest remembered is the fellowship and fun enjoyed by students, alumni, faculty, guests—everyone—who attended. And the defeated alumni team left in excellent spirits, asking if it wouldn't be possible to make such a game an annual affair.

Return Engagement— January 19, 1954

Mr. Everett (Ace) Bailey, Athletic Director, was so impressed with the affair and the spirit of it that he said he'd make sure it would be repeated next year; and the date has already been set for January 19, 1954.

The Alumni team really kept the varsity men on their toes with a close battle all the way until the final quarter, when the Bruins opened up with a 34 point spree. Actually, the oldsters were ahead only once in the game when Wimberg sank a foul to give the alumni a 3-2 lead. But for most of the game, it was touch and go.

MEN'S BASKETBALL TEAM GETS OFF TO GOOD START

The 1952-53 squad of basketball players at Ursinus is working daily to improve on the 7 won—10 lost record of last year. The squad is made up of seniors Bob Swett, Ted Chantler, Frank Keefaber and Ted Wenner; juniors Bill Burger, Burny Eddy, Herb Knull, Andy Carter, and Paul Chalson; and freshmen Paul Neborak and Phil Smith. Captain Bob Swett, 6' 8", is high scorer, averaging 29 points a game, but he has been ably assisted in this department by Schumacher, Knull and Carter. Eddy, Burger and Smith are the outstanding defensive men with 6' 4" Eddy doing a tremendous job on the backboards.

The season started off on a good note, with consecutive wins over Temple Pharmacy and Philadelphia Textile. The next game was dropped at Juniata. Then followed wins over Susquehanna and Philadelphia Pharmacy; but F. & M. gave the Bears a trouncing. After Christmas vacation, Ursinus got back on the right road when the squad outlasted the Alumni in a very good basketball game that turned out to be a lot of fun for everybody. The first league game with Haverford was an easy victory with Herb Knull setting a new Ursinus scoring record of 46 points. At this writing, the Bears have won 6 and lost 2, and have high hopes for the future.

COACH BAKER REPORTS ON 1952 SOCCER SEASON

As in the case of football, the 1952 soccer season was similar to that of 1951. Defeats were suffered at the hands of a series of stronger teams, but only in the case of Swarthmore, the conference champion, was the team completely outclassed.

Since both fullbacks and half of the forwards of the 1951 Ursinus eleven had been lost by graduation, a green team took the field in September. They developed rapidly, however, into a much stronger team than had seemed possible.

Outstanding players were Gerry Cos, '55, at fullback; Melvin Aden, '54, who played center forward and center half back; Floyd Fellows, '54, left half; and Larry Zartman, '55, at inside left. Burnett Eddy, '54 had two or three unusually fine games in his position as goal-keeper. Captain Tait, senior and halfback, was injured early in the season and recovered only in time for the final game. Goal scorers were: Larry Zartman (6), Thomas Ely, (3), Melvin Aden (2), Gordon Tait, Floyd Fellows, Ben Settles, Howard Davis, and Ed Dawkins.

The season's record was as follows:

	Ursinus	Opponent
Muhlenberg	3	3
Lafayette	1	5
Alumni	5	1
Swarthmore	0	7
LaSalle	2	0
Haverford	2	5
Drexel	1	6
Lehigh	2	7
F. & M.	0	6

Alumni downed by the Varsity 5-1

Taking their soccer boots and knee-joints out of moth balls, and playing for the Alumni on Old Timers' Day were: KEN MAMMEL, CHARLES PRITCHARD and JAY ELY, of the Class of 1952; JACK YOUNG, HARRY LIGHT, JOHN POWELL, CHRIS CHRISTENSEN of 1951; JOHN PETERSON and BOB LEWIS of 1950; DICK WENTZEL, '49; ARCHIE SIMONS and DICK FINK, '48; BUD ADAMS and VIC MORNINGSTAR, '42; and DAN HARTLINE, '41. The one alumni goal was scored in the final period by Rev. Garnet "Buddy" Adams. Doc Baker refereed.

HOCKEY GIRLS PLAY IN NATIONAL TOURNAMENT

The 1952 Ursinus women's hockey team played some of the most sensational ball seen on any field this season—and at the same time, experienced some very unexpected upsets. A combination of eleven of the fastest, most skillful players in the area should have brought Ursinus an undefeated season, but such was not the case. The four wins, three losses, and one tie record does not indicate at all the smooth precision with which the Ursinus team so often clicked.

Perhaps a better indication would be the Inter-collegiate Tournament record which Ursinus tallied when the eastern Pennsylvania colleges met here the first weekend in November. Marjorie Merrifield, '54, Audrey Rittenhouse, '53, and Edna Seifert, '53, were

(Continued on Page 19)

A promising women's basketball team under the captaincy of four-year varsity guard, Sara Parent, of Pitman, N. J., hopes to better the almost undefeated record of the 1952 team. Nine out of twelve varsity players returned this year, and Coach Snell had only to fill three vacant forward positions. This could be a task, but with Joanne Friedlin, another Pitman girl, back on the courts, with Elizabeth ("Rebel") Mason, '55, of Oxford, Pa., and Ruth Heller, '56, of Glenside, Pa., to fill in the gaps, the team is

shaping up well. The problem will be getting the right combination of players each game. If this is solved, 1953 may be the year for the long-awaited undefeated season.

The J. V. squad has the benefit of three excellent players. Jenefer Price, '54, of Wayne, Pa., Polly Taylor, '56, of Folcroft, Pa., and Ruth Ann Bausler, '56, of Manhasset, Long Island, make up the starting combination of forwards with a goodly number of girls as guards. This team should equal undefeated J. V. records of past years.

RAY GURZYNSKI REVIEWS 1952 FOOTBALL SEASON

In retrospect we find that the 1952 football season was almost identical with that of 1951 in the following respects: the same opponents were defeated, the won-lost record (3-5) was the same, and the offensive and defensive point totals were almost the same. In 1951, Ursinus scored 104 points to the opponents 167. In 1952, it was 101 to 163. As was the case in 1951, it was the best season in 16 years.

The 1952 record was as follows:

	Ursinus	Opponent
Susquehanna	0	16
Drexel	39	47
Haverford	19	0
Swarthmore	6	0
Wagner	12	7
F. & M.	19	68
Juniata	0	7
Dickinson	6	18

Team statistics are as follows:

	Ursinus	Opponent
First Downs	83	97
Yds. gained rushing	1234	1670
Yds. lost rushing	204	291
Net yds. rushing	994	1379
Av. Yds. per rush	3.23	3.36
Touchdowns	16	24

The outgoing seniors are Captain Robert Davis, Bob Swett, Bill Fynan, Herb Bennett, Howard Roberts and Joe Totino. Returning lettermen include: Seniors Captain Frank Kolp, John Anderson, Marty Boyer, Dick Glock and Ben Maliken, Dan Schwenk, Ed Sella, Dick Sharpe, Harry Toy and Tap Webb; Juniors Al Paolone; Sophomores George Aucott, John Conti, Leroy Krasely, and Paul Neborak.

Prospects for the 1953 season are difficult to analyze at this time because of the uncertainty of the draft situation.

He was one of four persons hurt when a tractor-trailer truck went out of control and crashed into three automobiles, one of them occupied by Mr. Kern.

After his graduation from Ursinus, Mr. Kern was athletic coach at Slatineton High School from 1927 to 1935 when he became associated with Curtis Publishing Company. He and his family had returned to their former home town of West Lawn, Pa., from Dayton, Ohio, only a few days before the accident when Mr. Kern had been transferred by his company.

MONJAR, a 24 year old soldier who had planned to resume his studies at Ursinus College after his discharge from the Army in January, 1953, was killed on November 8, 1952, in an automobile accident. Dave was attached to the Signal Corps at Camp Kilmar, N. J., but was to receive his discharge in January, and had already registered to reenter Ursinus for the February semester.

He is survived by his parents, a sister and a brother.

PRESENTATION OF THE MESSIAH

(Continued from Page 4)

about the *Messiah*. Did you know that the first American rendition of the *Messiah* took place in the edifice of the Old First Reformed Church, Fourth and Race Streets, Philadelphia, Pa., on May 8, 1786? This church was said to be the largest House of Worship in Philadelphia with a seating capacity of 3,000 "when the aisles were filled with chairs". This is the congregation that Dr. Bomberger served (although he ministered in another church building), the pastoratoe of which he resigned on April 1, 1870 to found Ursinus College. So the *Messiah* presentation has a very real and appropriate place in Ursinus history.

Alumni Please Note

Dr. Philip is making an effort to complete his list of alumni who have sung in the *Messiah* chorus. He has asked that we make an appeal for those alumni to contact ROBERT McCARTY, '54, at the College.

URSINUS IS PROUD OF ITS FACULTY

(Continued from Page 10)

To secure and maintain a home means much work, but work that no faculty professor seems to mind too much. And in the spring a majority of the professors are busy turning the soil for flower and vegetable gardens. Dr. Mattern has one of the most beautiful and most fruitful gardens in the area, and he and his wife, the former Jane Price, Ursinus 1932, are busy all summer tending garden and freezing vegetables and fruits. The Mannings' backyard in the spring is a fairyland, fragrant with just about every variety of lilacs and roses. But then, so many others have lovely flowers and splendid vegetable gardens it's impossible to name them all.

Not only do we find our professors digging and planting and weeding, we find them rolling and cutting lawns, building fences, and standing on tall ladders, brush in hand, giving homes a spanking new coat of paint.

These men, somehow or other, often hold other jobs, in addition to their teaching at Ursinus. For instance, Dr. Ammon Kershner is on the Educational Staff of the Valley Forge Army Hospital and directs the Summer School of the Bridgeport Junior-Senior High School. Dr. Eugene Miller does much free lance lecturing and is presently visiting professor of international law at Lehigh University. Mr. J. Allen Minnich is an insurance salesman. Dr. Roger Staiger is visiting professor of chemistry at the Montgomery Hospital School of Nursing. Dr. George Hartzell works for Superior Tube Company. Mr. Kuhrt Wieneke and Mr. Harry Symons are farmers. Most of our men have some employment other than teaching at Ursinus—be it in some administrative or coaching capacity at the College, or in some field outside.

Yet somehow these people seem to find time to take their places as admirable members of the Collegeville community by being active in the work of the town. It would be an utter impossibility and an extremely lengthy process to list the service organizations to which members of our faculty belong. Suffice it to say, Ursinus professors are members of Kiwanis, Lions, Rotary, and Masons. In 1952, Dr. Calvin D. Yost was Worshipful Master

of Warren Lodge, No. 310, F. & A. M., for example.

Give a busy man a job, it is said, and we find Dr. Eugene Miller, a rotarian, chairman of the Southeast Montgomery County March of Dimes Drive since 1948. Mr. G. Sieber Pancoast heads the Heart Drive in the Collegeville area this year, and was chairman of the Citizens for Eisenhower Committee in the Collegeville area. Rev. Alfred Creager is on the Board of Directors of the Red Cross. Mr. Raymond Gurzynski and Mr. Alfred Wilcox were chairman of the Cancer Drive in their respective areas in 1952.

Two of our faculty members—Mr. Dolman and Mr. Pancoast—are on the Collegeville Board of Health; Dr. Eugene Miller is chairman of the Collegeville Zoning and Planning Commission; Dr. Paul Wagner is auditor for the borough of Trappe; Dr. Russell Sturgis has been an extremely active and interested member of the Collegeville-Trappe School Board for many years; and Dr. Norman E. McClure acted as chairman for the Selective Service Board from 1940 to 1947 when he became inactive. Mrs. George Hartzell, wife of our German professor, is secretary of our borough council.

What do these folks do for recreation besides painting the house, digging in the garden, or speaking to service clubs and organizations? Most of them would place their families high on their list of interests. We've already spoken of the faculty children, and the Ursinus faculty is made up of family men and women—they love being with and doing things for their family. An event of joy is companionship shared with other families—perhaps in the Rices' backyard where daffodils grow by the thousands and the children can pick flowers to their hearts content, while their elders enjoy coffee and Mrs. Rices' indescribably good Swedish coffee cakes. Fathers and mothers of the school age children literally spend hours working with a most active P.T.A. and its various projects because they are eager to help in any way possible to improve the schools for their youngsters.

HOCKEY GIRLS PLAY IN NATIONAL TOURNAMENT

(Continued from Page 12)

chosen for the All-College first team. Adele Boyd, '53, Ruth Heller, '56, Sallie Lumis, '53, and Jen Price, '54, represented Ursinus on the second team which was coached by Miss Snell. And Bevolyn Syvertsen, '54, was on the reserve squad. Of these girls, Adele Boyd, Ruth Heller, Marjorie Merrifield, and Audrey Rittenhouse went to Sweet Briar College, Virginia, at Thanksgiving to play in the National Tournament. Audrey and Marge were the speedy wings on the Philadelphia second team. Adele was left inner on the Philadelphia third, and Ruth played right inner on the fourth team. Since the concensus of opinion by spectators at the National Tournament was that the Philadelphia teams were the stars, we can well be proud of these four who represented the undergraduates of Ursinus.

NEW ORIENTATION PROGRAM INTRODUCED

(Continued from Page 3)

"The Relationship of Ursinus with the Church": by Mr. H. Lloyd Jones, Jr., assistant professor of English

"Administration and Finance": by Mr. D. L. Helfferich, Vice President of the College

"Advantages of a Liberal Arts College": by Dr. M. W. Armstrong

The purpose and plan of these excellent talks grew from the firm belief that by informing our students early in their college careers about Ursinus and college life in general emphasis is brought to bear on the important and worth-while reasons for being a student at Ursinus College.

Can You Help Us Locate These Alumni?

The following alumni are listed in our "lost" file; and to date we have been unable to obtain a mailing address for them. If you know the whereabouts of any of these folks, or perhaps of someone who could help us locate them, won't you note the fact on this page and return it to the Alumni Office? Even with constant effort to trace "lost" alumni, our list is much too long. If you can help us, we should be very grateful and we believe the "lost" alumni would too. Thank you!
