Ursinus College Bulletin

ALUMNI JOURNAL

THE PRESIDENT'S PAGE

To the alumni:

During recent years Ursinus College has received annually from the alumni a large total of gifts. This generous support has been very helpful indeed, and I hope that, under the direction of the Executive Committee of the Alumni Association, the total of alumni gifts will increase from year to year.

A large total of annual gifts from alumni is important if Ursinus is to continue to grow in strength and influence. Equally important, however, is your help in bringing Ursinus to the attention of worthy students. Because we at the College consider it desirable that you remember our interest in the "average" student as well as in the "brilliant" student, I repeat in the following paragraphs the statement that I addressed to you a year ago.

The alumni of Ursinus College take pride in the academic standards of their College, in the high percentage of Ursinus graduates admitted to graduate schools, and in the conspicuous success of the alumni in the learned professions and in other fields. At Ursinus we have our full share of superior and brilliant students. We are glad that this is so, and we hope that this will continue to be so.

What I wish to emphasize is that, despite our proper interest in the superior student, we are no less interested in the conscientious "average" student who appreciates the exceptional opportunities that Ursinus College offers him, and who tries to make the most of these opportunities. We do not expect every student to be an "A" student, or even a "B" student, but we do expect him to do his best and to be a good citizen of the college community. Many conscientious "average" students improve amazingly during their four years in college. Often the "average" student has unusual balance and stability. Often the "average" student surpasses his brilliant classmate in growth and in real achievement both in college and later.

Unfortunately, every year some conscientious "average" students who wish to attend Ursinus are reluctant to apply for admission, or, if accepted for admission, they do not enter Ursinus, because they fear that they will not do satisfactory work in college. I wish to assure such students—and their parents, their pastors, their teachers—that our experience proves that many of them do very good work indeed. Many of the most distinguished alumni of Ursinus and of other colleges were conscientious "average" students who developed steadily during their college years, and who after graduation continued to grow.

I am, of course, not suggesting mediocrity as a standard or as a goal. Ursinus seeks to give the best students the best opportunities to develop in the best manner to an appreciation of all that is best in our heritage. It is difficult to know which eighteen-year-old students will be the best men and women at the age of forty or fifty. I believe that the eighteen-year-old student who has not made a brilliant record in school, but who has character, integrity, and determination, deserves more encouragement than he sometimes receives. We welcome such students at Ursinus. We shall continue to give them special attention, and we are confident that the results will continue to be good.

Sincerely yours,

October 1, 1953

N. E. McCLURE

New Students Talking Over Registration with Mr. Pettit

A New Year Opens At Ursinus With 675 Students

Classes Start September 23

The academic year 1953-54 opened on Wednesday, September 23 with approximately 675 students. The enrollment of new students reached approximately 220 with 190 of that number being freshmen.

As has been the general plan for some years, new students arrived on campus on Sunday, September 20 for registration and room assignments; and the regular pre-matriculation program started on Sunday afternoon with a get-acquainted program.

Sophomores and upperclassmen arrived on Monday and Tuesday of that week, and classes officially started on Wednesday.

Approximately 100 Students Attend Summer Sessions

This year the Ursinus College Summer Term consisted of two six weeks sessions, June 15 to July 24 and July 27 to September 4. 91 students were enrolled for the first session and 86 for the second. A student could enroll for the maximum of eight semester hours in either session or for fourteen semester hours in both sessions. Hence, through the Summer School Term plan, an excellent opportunity was offered for students to accelerate or to make up credits.

Courses were offered on the basis of requests made by the students; and the curriculum this year included courses in Economics, Political Science, History, English Literature, English Composition, Languages, Psychology, Philosophy, Education, Biology, Chemistry and Physics.

Eleven students completed their college credits at the close of the Summer Term and will receive their degrees at the 1953 Founders' Day convocation.

Ursinus Welcomes Two New Members To Its Faculty

Ursinus is happy to welcome two new members to its faculty this year. They are Elizabeth Read Foster (Mrs. Richard W. Foster) and Dr. Robert Edward Ogren.

Mrs. Foster, who has been elected Instructor in History, received the A.B. degree from Vassar College in 1933, the A.M. degree from Columbia University in 1934; and the Ph.D. degree from Yale University in 1938. She makes her home in Wayne, Pa.

Dr. Robert Ogren, Assistant Professor of Biology, was graduated from Wheaton College in 1947. He received the M.S. degree from Northwestern University and the Ph.D. degree from the University of Illinois in June of this year. He and his wife are living in Fircroft Hall where Mrs. Ogren is serving as preceptress. The Fircroft apartment was vacated this summer when Dr. and Mrs. F. L. Dennis and children moved to their new home at 702 Main Street, Trappe, Collegeville, Pa.

Ursinus Evening School Opens Its Second Year

The Ursinus College Evening School opened for the academic year of 1953-54 on Monday, September 21. Course offerings have been considerably expanded this year, and classes are being held on three evenings a week—Mondays, Tuesdays, and Thursdays.

The evening program is open to everyone above the age of 19 and to candidates younger than 19 if they have been graduated from high school. Courses available include Economics, Labor Problems, Corporation Finance, Marketing, Accounting, Public Finance and Taxation, Business Law, Personnel Management, English Composition and Business Letter Writing, Education, American Literature, Philosophy, Statistics, American Government, Psychology, Tests and Measurements, and Public Speaking.

Classes are conducted so as to meet the needs and interests of men and women in business and industry, teachers in service and the general public.

From the Desk of the Registrar

By WILLIAM S. PETTIT

Days are never without color and sparkle in the Office of the Registrar. Ursinus of the past, present and future constantly passes in fleet review. Yes, even such passes that, with gratitude we can say, Ursinus will never own. One afternoon last summer the telephone rang and an inquiring voice requested that we supply the words of the third stanza of the "Maine Stein Song". That day will long be remembered by the disappointed inquisitor as the one when "those college people" failed to give an answer that anyone should know.

Then there was the earnest mother whose spoilsport neighbor had told her that she had heard that Ursinus was not really a member of the Ivy League. Could this be true? Should Junior withdraw his application? Junior, happily, was better informed and a trifle wiser than his mother and now is valiantly struggling through Freshman customs.

We have just delivered into the hands of the Dean 200 new students—about 190 of these are Freshmen. One of our main concerns always has been to see that each new group of students brings to the campus the ability to do satisfactory academic work, the willingness to perform consistently, and the generously enthusiastic support of all the agencies for good that they found when they arrived on campus.

We believe that the high school record is the most important single measure of a student's aptitude. We believe that the College Entrance Examination Board tests are an invaluable adjunct in measuring the quality of the work he can do. We are never certain as to how much he will do. Our interview with him and the letters we receive from the people who know him will give us a fair index of his emotional stability, his tenacity, his concern for others and help us to predict the flavor his presence will contribute to the student body.

If, in our judgment, a boy is utterly incapable of carrying on the academic program required of our students at Ursinus, a failure to take cognizance of this is nothing short of cruelty. Our debt to him is to advise him concerning a program he reasonably may follow. If his present difficulty is lack of preparation we urge him to become better

prepared. We tell him where and show him how such preparation may be acquired. Much of our work is of an advisory nature.

If we find that he has somewhat more than the minimum mental equipment to do college work and that his well-developed conscience directs his life and that we can help him and that he will feel his responsibility to himself and to the College, we urge him to apply and to come with us.

This year's Freshman Class when measured by the criterion of rank in the high school class is, on an average, about 8% better in quality than last year's entering class. This improvement can be attributed to the higher quality of men students admitted this year. The improvement in the academic quality of the men students is about 15%.

Those of us who have toiled in the field of admissions at Ursinus have never failed to feel the supporting hand of an Alumnus in York or New York or an Alumna in Norristown or Morristown. We have accepted as a foregone conclusion that the Alumni represent our most powerful ally in successfully presenting Ursinus in its true light to boys and girls who have the qualities of intellect, character and personality which will make us proud to induct them into the Ursinus family.

When our bright, new-Freshman Class arrived (at this writing the first adjective rests uncontested by the faculty) we added to their misery by asking them to check a short questionnaire indicating the three persons whose influence they felt in making the decision to come to Ursinus. The persons listed were Parent, High School Teacher, Guidance Counselor, Minister, College Admissions Officer, an Ursinus Student, an Alumnus, or some other person not falling into one of the above categories. They were asked to assign (1) to the person most instrumental in influencing the decision; (2) to the person whose influence ranked second and (3) to the one whose influence was third in order.

Twenty-two per cent of the members of the Class of 1957 have declared that an Alumnus of the College was the person *most* instrumental in influencing their choice.

Forty-four per cent of the members of the Class reported that their decision

was reached with the help of an Alumnus of the College.

This 44% represents a measure of your success in promoting Ursinus. We have no way of knowing how many young men and young women you encouraged and who subsequently did not complete their matriculation.

Seventy-four per cent of the members of the Freshman Class considered that the reputation of the College was a factor in leading them to Collegeville. Here is an area where we can see once more the influence of the Alumni. Who more than over 3500 plus graduates are responsible for the reputation of the College? And consider further the result which would be achieved if each Alumnus who reads this would interject into his conversation during his next five contacts with friends a good and heartfelt word about Ursinus.

Throughout the College one student in three receives scholarship help to some degree or other. The income from scholarship funds will not permit us to maintain this ratio if the enrollment should rise. These are days when everyone applies for a scholarship "just to see what happens" and the problem of making just awards becomes more and more perplexing. For every student we accept who requires a scholarship to continue his education we must find two students who can attend college without help. This is a plain fact which the Alumni must always bear in mind. This is a rule of thumb by which our admissions policy is found. During the past year the help we have given to our new students who are friends of Alumni exceeded this ratio. We separated the cards of the 44% of the new Freshmen who chose Ursinus under the advice and counsel of Alumni and checked them against the scholarship list. Fifty-five per cent of them had been awarded scholarships.

The contribution that the Alumni has made in recruiting Alumni of tomorrow has been a major one. Your help has made the difference between a task which might have been impossible and one which we have been able to accomplish. We have a class of which we are proud, and we are grateful. We are counting on your continuing interest and support.

NEWS FROM THE LOCAL ALUMNI GROUPS

Philadelphia Square Dance

Members of the Philadelphia Regional Alumni Association and their Ursinus friends should plan to attend a Square Dance on December 4, 1953, at the Bala-Cynwyd Women's Club, Levering Mill Rd. at Bala Ave., Bala-Cynwyd, Pa. The caller will be Leslie Hobart, and the dance will be from 9 p.m. to 1 a.m. Tickets are \$1.50 a person; and anyone wishing to secure tickets should contact *Floyd Justice*, 45 Carson Rd., Conshohocken, Pa. (Conshohocken 6-5150).

Washington, D. C. Hears President Glassmoyer

Approximately 40 members of the Washington, D. C. alumni were entertained at the home of *Mr. and Mrs. Thomas J. Beddow* (Virginia Fenton '37), '36, on October 8, 1953. Alumni president, *Thomas Glassmoyer*, was present and spoke to the group, primarily about the Association's class organization and Loyalty Fund plan. Since his group is comparatively small, the plan of having get-together meetings at members' homes has proved most satisfactory.

York Alumni See Baby Pictures

Robert Reichley, '50, new president of the York alumni, writes that no definite plans have been made to date for the York group, but he is "declared and on record as promising some activity" for 1953-54.

Sixty members and guests attended the annual dinner meeting on May 26, 1953, at which time Dr. Maurice Armstrong, dean of the College, and Vice-President Donald L. Helfferich spoke. After the dinner, much merriment was enjoyed as pictures of Ursinus alumni in their "baby" days, compiled by *John Rauhauser*, '41, former president of the group, were flashed on a screen.

Local Presidents

A request has been made to publish the names and addresses of the president of each local alumni group so that Ursinus alumni moving into an area may make contact with the local alumni.

22 New M.D. Graduates Serving Internship

Dr. Paul Wagner, Professor of Biology, has announced that twenty-two Ursinus graduates received M.D. degrees from various Medical Schools in June of 1953. These men are listed below with the name of the hospital where they will serve their internship:

Hahnemann: *C. S. Arvanitis*, Hahnemann Hospital, Phila., Pa.; *Robert Jaff*, Kings County Hospital, Brooklyn, N. Y.; *Jerome*

Have You Earned a Ph.D.?

It is always of interest to know of alumni who go on with their studies and earn advanced degrees. The Alumni Office tries to keep such data on file, but we must call on alumni to keep us up to date. We publish the following list of alumni who, we know, have received doctor's degrees within the past few years; and we hope that persons whose names have been omitted will write to us.

Annual Cub and Key Meeting on November 7

An important meeting of the Cub and Key Society was held on Saturday, November 7, 1953, when alumni members of the honorary society for men of Ursinus returned to the campus to attend the Ursinus-Franklin & Marshall Football Game and the annual Cub and Key Banquet at Lakeside Inn following the game.

The members sat together in a special reserved section during the game. At the banquet, a varied program featuring moving pictures of past Ursinus football games and specialty numbers by Ursinus students entertained the Cub and Key men.

The affair was planned by the executive committee of the society which includes: *Rev. Garnet Adams*, '42, Alumni President; *Glenn Eshbach*, '39, Alumni Secretary-Treasurer; *George Kratz*, '43; *Dean Steward*, '45; *George Saurman*, '50; *Kenneth Weisel*, '53; *Dr. Eugene Miller*, '33, Faculty Advisor; and *Franklin Kulp*, '54, President of the Campus Society.

Permanent Class Officers Meet With Loyalty Fund Committee

A Kick-Off Dinner for the Loyalty Fund Campaign closed a wonderful Old Timers' Day. Approximately 110 permanent class officers, wives, husbands and members of the Loyalty Fund Committee met in the Upper Dining Room of Freeland Hall.

President *Thomas Glassmoyer*, '36, presided. The class organization and Loyalty Fund Campaign plans were explained fully by *Paul Guest*, '38, chairman of the Alumni's Loyalty Fund Committee. *Thomas Glassmoyer*, '36, and *Malcolm Derk*, '26, are the other members of Mr. Guest's Committee.

The following chairmen of the six divisions of the organization plan were announced: Personnel: *Albert C. Hellwig*, '31; Reports: *Charles V. Roberts*, '32; Meetings: *Donald L. Helfferich*, '21; Publicity: *Harold Wiand*, '28; Student Relations: *Raymond Gurzynski*, '39; and Faculty and Administration: *Roger Staiger*, '43.

Dr. Norman E. McClure expressed the gratitude of the administration and the Board of Directors to the alumni for taking over the annual alumni giving campaign. He also explained very clearly the sources from which the College receives its funds and how gifts to the College are used.

Publicity Chairman, *Harold Wiand*, distributed mimeographed information to the class officers, and explained the function of the Loyalty Fund chairmen.

Ursinus Bears Beat Haverford 13 to 7

*Doughnuts and Coffee
Enjoyed by Alumni in New Gym*

Although Haverford had a record crowd of alumni, friends and students worried for three-quarters of the football game on October 17, the Bears came through with two touchdowns in the last quarter of the game to give Ursinus a 13 to 7 victory, and so make a happy day of reunion complete.

After the game, approximately 300 alumni and friends gathered in the new gymnasium for a pleasant social hour and to enjoy doughnuts and coffee served by the Alumni Day Committee under the chairmanship of *Mrs. Fred Binder* (*Grace Brandt*), '43. Her com-

Hockey Field Dedicated to Effie Brant Evans, '18

A very impressive dedication service was held on Old Timers' Day when the Ursinus Women's Club dedicated the new women's hockey field in memory of *Effie Brant Evans*, one of Ursinus's most beloved alumnae. Mrs. Evans, of the Class of 1918, was not only an active and interested alumna and member of the Ursinus Women's Club, but she served as a member of the Board of Directors of Ursinus College. In many capacities she served the interests of Ursinus and its students.

The program opened with a hockey game between Ursinus Alumnae and the Royals, two teams of the Philadelphia Field Hockey Association, at 10:30 a. m. The game ended in a score of 3 to 0 in favor of the Ursinus Alumnae.

Following the game was the dedication ceremony at which time *Mrs. Wilmer Rockett* (*Hilda Stanley*), '32, president of the Ursinus Women's Club made the presentation. President Norman E. McClure made the acceptance; and Dr. James Niblo offered a prayer.

After a shortened exhibition game between the Ursinus alumnae and the varsity hockey squads, a buffet luncheon was served in the College Library. *Mrs. Francis Fosters* ("*Bunny*" *Harshaw*), '40, served as toastmistress; and former Ursinus hockey players from many past years gathered at this luncheon with members of the Women's Club. One and all took home a very fond memory to cherish for some time to come.

The Gals who Served the Doughnuts on Old Timers' Day

A Big Thanks To Class Workers

There's a wonderfully warm feeling of satisfaction and pride within the hearts of the officers of the Alumni Association and the Loyalty Fund Committee, because so many alumni have been completely willing and eager to do everything possible to set up our class organization plan. In order to accomplish a project of this sort, it means that people from every class must take the responsibility of doing the ground-work organization; and the officers of the Association sincerely thank those people who were ready to "pitch in" and help us get this job accomplished. That's the kind of spirit that will make our whole Loyalty Fund campaign a success.

Throughout our campaign, alumni—not just a few, but many alumni—will have to be interested enough to help when the call goes out. That's where a word of thanks should be said to those folks who have consented to take over the work of permanent class officers and representatives. To date, most classes are now organized so that each one has a permanent president, secretary, Reunion Chairman and Loyalty Fund Chairman. And the Loyalty Fund Chairman will have vice-chairmen under him in charge of various geographical divisions. In the next issue of the *Journal*, we hope to print a completed list of these class representatives.

But now it's up to *all* our alumni. One and all you can lend support to

your workers and to your College by making it a point to answer the Loyalty Fund appeal letter with your contribution as soon as possible. It has been very gratifying to note that Ursinus has always stood high among other colleges and universities in the percentage of alumni contributing to its annual giving. Let's do our best to make that percentage even higher this year. Large or small though the gift may be, let's all get "into the habit" of sending a Loyalty Fund contribution each year. By so doing, we can not only show our class workers that we appreciate what they are doing, but much more important, we can show our College our devotion and loyalty.

Have You Seen The New Alumni Office?

When you next return to campus, don't neglect to visit the new Alumni Office, now housed in a building many alumni will remember as the old dispensary where they went to have a sore throat sprayed or to get cold pills. Ursinus outgrew this dispensary and the Alumni Association voted last spring to remodel the building for alumni offices.

This is a real asset for our association. All Alumni files are housed here. Executive Board meetings may be held here. And it is hoped as alumni become acquainted with it, they will look on the little building as their "home" on the campus. While not large enough to include a reception room of any sort,

Old Timers Enjoying Refreshments in the Gym

Memo from The Executive Committee

1953's version of Old Timers' Day rang down its final curtain sometime late in the night of October 17th, but not before the several hundred Old Timers on hand had wrung the last drop of pleasure out of a momentous day. For the first time in a number of years, nature gave us a break and came up with a summer day in mid-October, and, not to be outdone, the football team matched the weather's good turn with a thriller long to be remembered.

From the standpoint of Alumni activities, the day will probably go down in history for several reasons. First, a new hockey field, financed largely with Women's Club funds, was dedicated in memory of Effie Brant Evans, '18. No one made a record of the amount of tea consumed by the valiant ladies of the Club in amassing the donated funds, but the quantity would undoubtedly have set some kind of record. A record of which we are aware is the consumption of seven hundred doughnuts at Our Association's fourth annual reception given in the new gymnasium after the game. We should note, incidentally, that this consumption was accompanied by a parallel activity at our booths where sales of souvenirs produced sufficient profit to pay off the baker. For this and all of their other labors, the Alumni Day Committee, headed by Grace Brandt Binder, '43, deserves our hearty thanks.

An innovation in the day's activities was the Loyalty Fund Kick-Off Dinner held in Freeland that evening. More than one hundred class representatives, their wives and husbands, assembled to get the low-down on this year's annual giving campaign. This was ably doled out by Paul I. Guest, '38, and Harold Wiand, '28, two of the work horses of the Alumni Steering Committee in charge, and by Dr. McClure, speaking on behalf of the Administration.

We are told that the day closed with a gay and festive dance in the gym, reigned over by a Queen elected after a campaign conducted by touring the campus in a flashy convertible. This tale, of course, cannot be vouched for by *real* Old Timers, all of whom, probably in order not to belie their names, fled before the band arrived.

It was quite a day!

Sports Review

Ray Gurzynski Reviews The 1953 Football Prospects

With the season already in full swing, and with two games played, we are, perhaps, in a good position to analyze critically the prospects for the remainder of the season.

Swinging back from a 14-0 half-time deficit against Susquehanna, the Bears came through in the second half with a 32 point scoring spree to win their first opening game since 1948. The victory was notably a team effort.

John Conti scored two touchdowns, one an eighty yard punt return and the other a 23 yard run after receiving a lateral from Ken Walker. Dick Glock made the first score on a fast hitting off-tackle play that carried 46 yards. Paul Neborak scored on a quarterback sneak and end Dan Schwenk made a circus catch of Glock's pass for another touchdown.

Drexel scored three touchdowns in the second half to overcome a 6-0 Ursinus half-time lead. A long pass led to the first Drexel score, a pass set up the second, and a screen pass with a 40 yard run scored the third. Ursinus scored after a long march with Glock hitting off-tackle for the last five yards. The Bears had a 12-11 edge in first downs, but were outgained both on the ground and in the air, and lost 20-6.

The Bear attack this year features a fast hitting Split-T attack which so far has averaged over four yards per try. The attack should grow more potent as the season progresses and as the men gain more and more experience with it.

This year's personnel includes 13 returning lettermen. They are: Captain Frank Kolp and John Anderson, guards; Tap Webb, Nick Chapis, LeRoy Kraseley, tackles; Ed Sella and Dan Schwenk, ends; Ben Maliken, Dick Glock, John Conti, Al Paolone, Paul Neborak, backs; and George Aucott, center.

Of the 29 men comprising the squad seven are seniors, three are juniors, seven are sophomores and 12 are freshmen.

It appears that the Bears should be able to win at least half their games, and perhaps more during the current season.

Coch Harry Spangler Sees Bright Prospect For His Courtmen

With six returning lettermen, the outlook for coach Harry Spangler's basketball squad for the 1953-54 season is bright. Last year's record of 7 wins, 10 losses should be improved upon, although the loss of 6'8" Bob Swett will be a marked one.

Those returning are co-captains Herb Knull and Bill Burger, Ralph Schoemacher, Burny Eddy, Carl Smith, and Gene Harris. Others who are expected to see plenty of action are Paul Neborak, Phil Smith, Ron Owens, freshman Jack Schoemacher, and transfer student Art Ehlers.

The team will average 6'1" in height and should be able to run with any team. The employment of the full court press should aid as it has in previous years, and will no doubt produce a fast, exciting, high-scoring contest. With the lack of an exceptionally tall center, the offense will be of the weaving, driving style.

"Doc" Baker Reviews His 1953 Soccer Squad

The 1953 soccer season started auspiciously on October tenth with a tie with the strong Drexel team, 2 to 2, on the Dragon's field.

The goal-getting potential of the squad is greater than for several years past. Most of the squad are lettermen from the previous year. Herb Knull, stellar basketball player, has filled a vacancy in the goal brilliantly, though he had not been out for soccer before. Cox, Aden, and Fellows stand out in the backfield. Captain Zartman is playing his usual top-notch game at inside forward. Here his abilities are reinforced by Foreman and Settles, who have developed rapidly into threats to any opponent's goal, with their quick breaks and surprising speed. All in all, it looks like a good year.

Preview of 1953 Wrestling

By DICK BOWMAN, Men's Sports Editor of the Weekly

Bolstered by five returning varsity lettermen, including a Middle Atlantic champ and third place medal winner, the Ursinus Wrestling squad shapes up to be one of the strongest in recent years. Coach Kuhrt Wieneke will have his boys rolling out the mats just as soon as the piskin and shoulder pads are put away, although the first meet with Swarthmore is not until January.

Going up the scale, at 123 pounds is returning emblem-winner and Middle Atlantic Conference champion, Ed Dawkins, who posted a 10-0 slate last season. At 130 pounds there are two veteran lettermen, team captain Al Palone who copped third in the championships last campaign, and Paul McCleary, crafty and agile veteran of three years college experience. Going up to the next bracket of 137 pounds, there are two strong contenders, the courageous and determined Bob Guth, and a very promising freshman prospect, Dick Padula. The frosh grappler won the District I PIAA crown at 133 pounds for Upper Darby last year, and was voted the outstanding wrestler in the District tourney. Another frosh is expected to play an important role in the 147 pound class. He is Dick Briner, captain of Reading High's squad last campaign. Strongman Fred Godshall returns at 157 pounds, and is expected to be supported by frosh Jim Dunn who gained his grappling knowledge at Upper Darby High and Perkiomen Prep. Another Reading freshman who is expected to make his mark is Dick Heydt, in the 167 pound slot. Letterman George Aucott and vet Nich Chapis will battle it out for 177 pounds while "U"-winner Tap Webb will wrestle frosh Jerry Nunn of Upper Darby to see who will fill the heavyweight rung on the grappling ladder.

Ursinus Seniors on Hockey Team—1953

Hockey Belles Look Forward To Successful Season

This year the hockey team started the season with many returning varsity players, several substitutes and J.V. players to fill the vacated spots, and many freshmen who are giving the upperclassmen some stiff competition.

Captain Marjorie Merrified, '54, wing, a member of the All-College team last year, will be playing her fourth season for Ursinus. Ruth Heller, '56, inner, a member of the 1952 All-College Squad, Marjorie Abrahamson, '54, inner, Ruth Reeser, '54, wing, along with newcomer Margie Dawkins, '57, center, will make up the rest of the line. They're a fast combination, and are destined to give their opponents quite a battle.

Margaret Watson, '54, another veteran of several years experience, Annette Danahower, '56, returning after several years absence, and Bev Syvertsen, '54, who played in most of the games last season, make up the halfback part of the defense. Joanne Kuhn, '55, and Kay Hood, '54, make up the rest of Miss Snell's defense. Jen Price, '54, a member of the 1952 All-College Squad will defend the goal for Ursinus.

The spirit this year has been exceptionally good, and this along with the experience and aggressiveness of the players is destined to result in a good season.

Connie Warren Poley to Coach J.V.'s

Connie Warren Poley, '50, has taken over the coaching responsibilities for the J.V. and Third team. The freshman class has supplied a number of prospects who will form the backbone of the teams in the future.

Pre-Session Camp at Ursinus Fits Phys Edders For 1953 Sports

On September 8, the members of the Women's Physical Education Department from the sophomore, junior and senior classes returned for a Pre-Session Camp. Each year this is held so the girls will be able to get in all the activity requirements for their degrees.

The senior and junior class members spent their time in horseback riding, canoeing, swimming, and playing tennis, archery, golf and hockey; while the sophomores canoed and played soccer, speedball, hockey, tennis, and archery.

In the beginning, needless to say, there were many "charley horses" and stiff muscles, but after the first week, the girls gradually began to enjoy their classes rather than groan with pain at having to move.

By the time school opened on September 23, the Phys Edders were a sun-burned, healthy group who rather gloomily looked forward to having to sit in classrooms.

Ursinus Is Proud Of Its Faculty

The March issue of the Journal carried an article, "Ursinus is Proud of its Faculty", which sketched the background of the 57 men and women on the present Ursinus faculty. The education, scholarship, writings, outside positions, family life and civic life were considered. This survey of the hobbies and avocations of the faculty members completes the article.

Aside from their families, some of our professors have extremely interesting hobbies or avocations—things they do purely for the sake of enjoyment and relaxation. Dr. Russell Sturgis' chief hobby, for example, is railroads and model building, an interest which he shares with Dr. Allen L. Rice, Dr. Roger Staiger and Mr. James Rue of the Treasurer's Office.

Although much more than a hobby, note should be made of the fact that Dr. John Heilemann has devised a new teaching device in physics which has aroused great interest in the learned societies of his subject. He has invented animated motion pictures illustrating physical principles and experiments. The films are made in a loop so that the picture can be repeated in a continuous showing while the experiment being shown is explained. This method permits the films to be varied in length depending upon the complexities of the operations being shown and the time sequences involved.

One of Dr. Allen Rice's chief interests is the promotion of the Atlantic Union. Much more than a hobby, Dr. Rice has given much time and energy in speaking in behalf of the Atlantic Union, on occasion testifying before Congressional groups in Washington, D. C. He served as Secretary of the Philadelphia Chapter of this group last year.

Nature and its wonders are without a doubt the primary hobby of Dr. Paul Wagner. But he is also a photographer of merit and has entertained civic groups and friends on many occasions with the slides he has made of his wild flowers. We are indebted, incidentally, to Dr. Wagner for many pictures in our *Journal*, and many a fond faculty mother has taken advantage of Dr. Wagner's willingness and photographic skill to obtain some excellent photographs of the faculty "small fry".

Many others find their relaxation outdoors. Dr. Donald Baker and his family like nothing better than to travel to their summer home at Contention Pond,

Faculty Members Relax with Mid-morning Coffee

near Hillsboro, N. H., where they enjoy life somewhat à la Thoreau. The Staigers find much enjoyment in camping and hiking trips.

Dr. Helen Garrett, associate professor of French, finds her greatest enjoyment in travel and study in foreign countries; and she along with Mr. Lloyd Jones and Dr. Ammon Kerschner, both of the English Department, have brought back many interesting stories and pictures from recent trips abroad.

Music is the love of many a college family. Dr. Yost, Dr. Heilemann, and Mr. Wilcox lend their voices to the Trinity Church choirs every Sunday morning. Dr. Wagner is a pianist of merit. And of course Dr. William Phillips love for music is easily understood by anyone who has ever seen him direct the beautiful annual Christmas *Messiah* at Ursinus. Miss Marion Spangler is a teacher of voice and delights in directing the choir at Washington Memorial Chapel in Valley Forge. From a slightly different point of view, Dr. Heilemann's interest in music runs a close second to physics in the forefront of his interests. He combines a great skill in handling electrical and audio equipment with a wide knowledge of good music, and he constantly is called upon to help with sound systems for events on campus and in the community. Mr. Walter Marsteller, instructor in physics, also has great interest in sound, and his interest lies along the line of disseminating sound knowledge of the physical universe and building a workable philosophy on the basis of that knowledge. That reads as

though it would be dull and pedantic, but to Mr. Marsteller and other physicists it is of great interest and truly a hobby.

It would be impossible to name all of the members of the faculty who are interested in antiques, either in collecting them or in refinishing old pieces of furniture. Mr. William Pettit is particularly adept at doing over old furniture, and his collection of antiques is of great interest. Under his clever hands, a battered old chair, for instance, becomes a piece of real beauty.

Of course, sports are a source of enjoyment to many faculty members, whether it be the pleasure of watching or in participating in or in managing and coaching a Little League Baseball team. Mr. Geoffrey Dolman particularly enjoys soccer, lacrosse and sailing. Mr. G. Sieber Pancoast leaves the college baseball squad to hurry to the Superior Tube Grounds to work with his beloved Little Leaguers. Miss Blanche Schultz leaves her mathematics texts to participate as a valued member of the Ursinus Alumnae Hockey Squad which is a part of the Philadelphia Field Hockey Association. Coach Ray Gurzynski is happiest when participating in or coaching one sport or another, and in counseling youngsters at summer camps.

And so we could go on. We hope that this resume will give an over-all picture to our alumni, young and old, of today's Ursinus faculty—its accomplishments and its interests—for here is a faculty of which we can all be very proud.

Make Checks Payable To Ursinus College

The Treasurer's Office has asked us to remind all alumni who send checks to the College to be sure their checks are made payable to URSINUS COLLEGE. Just so should Alumni dues checks be made payable to the ALUMNI ASSOCIATION OF URSINUS COLLEGE.

This saves a great deal of cross-checking and time in preparing bank deposits. Remember that checks made out to individuals require personal endorsements, and this proves a real problem when dealing with hundreds of checks.
