The background of the slide is a dark, almost black, space filled with a complex network of glowing, golden-yellow lines and points. These lines radiate from a central, bright, glowing hub, resembling a neuron or a neural network. The lines are composed of many small, bright dots, giving them a textured, fiber-like appearance. The overall effect is one of dynamic energy and intricate connectivity.

Regulation of neurotransmitter release by C₂-domain Ca²⁺-sensors

Quentin Bourgeois-Jaarsma
