OVER
Thirty
Years of
Success

FOR NEURASTHENIA LIQUOR & DRUG USING

THE Keeley Treatment has now been before the public for more than thirty-two years and is the standard. Four hundred thousand successful cases attest its merit.

The Keeley Treatment is administered only by physicians who have made special study of inebriety. Each patient has a thorough physical examination and the treatment is adapted to the needs of each patient. Inebriety is a disease and must be skilfully and scientifically treated. The proper treatment can only be obtained in a Keeley Institute.

The Keeley Treatment removes every vestige of the craving or desire for liquor or drugs, re-invigorates every organ of the system and improves the health.

The Keeley Treatment produces **no nausea, sickness or mental derangement.** There is **no prostration or collapse.** On the contrary, the patient's physical and mental condition improves from the beginning. It requires no restriction or confinement of patients. All business and correspondence with us is strictly confidential

WHY NOT GET

That Globe Wernicke sectional bookcase this week? Our new fall stock has just arrived. There's nothing more useful or ornamental. They are made in so many styles and finishes that a selection which will exactly fit all the other decorative features is easy. It will give us pleasure to show you how useful, handsome and reasonable they are.

Opp. Jefferson Theatre

ANNOUNCEMENT

Oscar H. Winckler, D.C., a graduate from the Universal Chiropractic College of Davenport, Iowa, has opened an office in the Trelawney Building, 655 Congress St., Room 502.

Chiropractic is the most practical system of locating and by hand adjusting the cause of diseases of the human body. As long as the nerves are in proper condition there is bodily health, but when there is pressure on any nerve there is an interference of current of impulse and loss of power which causes the body to become diseased.

The fact that all nerve impulses which are created in the nerve-cells of the brain and spinal cord are distributed to the different parts of the body through well defined paths (the nerves), the most probable place to have pressure put upon them is where they pass out between the vertebra of the spinal column, therefore by adjusting the cause, rather than by treating the effect, does the Chiropractor prove that his system is correct and rational. The undisputed results obtained in acute and chronic diseases are positive proof of its true value.

To introduce this system in Portland, I will, for a limited time, give adjustments at a reduced price. Consultation free.

Office hours 10 to 12 a. m., 1.30 to 3.30 p. m., and by appointment. Phones: 5080 office; 5057-W residence.

The local rate is applicable to parcels for delivery at the office of mailing or on a rural route starting therefrom.

Parcels will be delivered at all free-delivery offices and to patrons residing on rural and star routes; and may be insured, for 10 cents, against loss in an amount equivalent to their actual value, but not to exceed \$50. Special Delivery stamps may be affixed. Parcels may be sent C. O. D. from a Money Order office to a Money Order office for a fee of ten cents, which also insures the package.
