HAZEL COMMUNITY CENTER DEDICATED—County Judge and Hazel native Robert O. Miller officially dedicated the newly completed Hazel community center at ceremonies Sunday. The center, which was formerly the lunch room at the Hazel Elementary School, was purchased, along with a tract of land on the campus, and remodeled inside by the Hazel community at a cost of over \$7,000. The center will be used by various community groups. The funds for the project were raised with local donations and aid from the county fiscal court. Mayor Cy Miller said more donations are needed to complete payment on the work done, and for other work that still needs to be done.

1.5 Cents Per Gallon

Oil Prices To Drop Due To Fee Halt

WASHINGTON (AP) — The price of a gallon of imported fuel oil will drop 1.5 cents as the result of the Ford administration's decision to remove the 60-cent-a-barrel import fee on refined petroleum products, officials say.

Federal Energy Administrator Frank G. Zarb announced the move Sunday and said President Ford will decide soon whether or not to remove a \$2-per-barrel fee on crude oil imports.

Dropping the 60-cent fee came as a response to the abrupt lapse in price controls on most domestically produced oil, which could result in higher prices and spur inflation.

Removal of the fee on refined imports, first imposed in April 1973, fulfilled a

pledge made by Ford to act if domestic controls ended. The anti-inflationary move was made retroactive to Sept. 1 when domestic controls lapsed.

In the absence of price controls, refiners and importers are not legally bound to pass on the saving to consumers, but Zarb said he believed they would pass the benefits along because of current market resistance to higher prices.

The 60-cent fee covered refined fuel oil, gasoline and jet fuel. The expected 1.5-cent reduction in prices will primarily affect the New England and Middle Atlantic states where most refined imports are used.

U.S. consumption during midwinter of last year ran to about 2.4 million barrels a day of imported refined products, the great bulk of it for fuel oil. Refined imports made up about 14 per cent of the national total of refined petroleum products consumed last year.

If Ford also decides to drop the \$2-per-barrel fee on imported crude, the price of petroleum products nationwide is expected to drop by about 3 cents per gallon.

But if oil companies raise the price of the domestically produced oil that became free of price controls Sept. 1, the retail price is expected to show a net increase of about 3 cents a gallon, according to administration estimates.

Local Student Named To Cast

Jana Jones of Murray, a freshman at Murray State University, has been selected as one of the 17 cast members for "One Flew Over the Cuckoo's Nest," the first major production of the year by the University Theatre Oct. 8-11.

Miss Jones, the daughter of Dr. and Mrs. Donald E. Jones of 1608 Keenland Drive, is a theatre arts and elementary education major at the university. She will play the role of Nurse Ratched in the production.

"One Flew Over the Cuckoo's Nest," a two-act tragic comedy by playwright Dale Wasserman taken from the novel by Ken Kesey, is about a devil-may-care rogue who contrives to serve a short sentence in an airy mental institute rather than at hard work in a prison. He suddenly learns it was a mistake when a friendly game turns into a life and death struggle of wills.

Curtain time each evening is 8 p.m. at the University Theatre in the Price Doyle Fine Arts Center. Admission is \$2 or by season ticket which is \$4. Tickets may be obtained by contacting the University Theatre, Murray State University, Murray, Ky., 42071, (telephone 502-767-4421).

Blackout Imposed By Negotiators In Tappan Talks

A "news blackout" has been agreed to by Tappan Co. and U. A. W. Local 1068 officials concerning contract negotiations between the two parties, according to Walter Baer, federal mediator.

A negotiating session was held Friday at Ken-Bar Inn near Kentucky Dam and Baer said that another session has been scheduled at Ken-Bar on Sept. 30.

The union has been on strike at the local plant since June 23 of this year.

Two Injured In Accident Saturday

Two persons were injured in a three-car accident Saturday afternoon at 12th and Olive Streets, according to Murray Police.

Officers said cars driven by Imogene M. McClure, 517 Broad, Jeri A. Lake, of Tuscola, Ill., and Marjorie N. Jeffrey, 904 North 18th were involved in the accident.

Jeri Lake sustained a concussion and was admitted to the Murray-Calloway County Hospital, and Marjorie Jeffrey sustained minor injuries in the mishap, according to hospital officials.

Officers said the McClure car was northbound on 12th, stopped at the traffic light which was yellow; the Lake car was southbound on 12th, and the Jeffrey car was eastbound on Olive, making a right turn onto 12th, when the accident occurred.

Special Program On Rape Scheduled At Murray State

Rape—a crime of violence that statistics indicate is on an alarming increase—will be the subject of a special program at Murray State University at two different times on Monday, Sept. 29.

Entitled "Rape Crisis," the presentation sponsored for the second successive year by the Personal Enrichment Center on the campus is scheduled at 4:30 and 7 p. m. in the auditorium of Mason Hall (Nursing Building) at 14th and Payne.

Mrs. Lanette Thurman, director of the center, said the program is scheduled at two different times as a convenience to both students and staff women on the campus and women in the community. She suggested that husbands and fathers and other men with responsibilities involving females may also want to attend.

Besides a discussion of the seriousness of the incidence of rape—which has increased 60 percent nationally in the number of reported cases since 1968—the program will also include information on rape prevention tactics and on what a rape victim should do after the crime had been committed.

Topics to be covered during the program include rape statistics, what to do if raped, police questioning, medical examination, legal aspects, psychological aspects and counseling, and prevention and self-

Cloudy and Cool

Cloudy and cool with occasional periods of light rain today, tonight and Tuesday. High today and Tuesday in the upper 60s and low tonight in the mid 50s. Wednesday cloudy and cool with a chance of rain.

Miss Hearst May Take Witness Stand In Effort To Get Release

SAN FRANCISCO (AP) — Patricia Hearst may take the witness stand Tuesday in an effort to convince a skeptical federal judge that she is a safe risk to be freed on bail, according to one of her attorneys.

Meanwhile, two newspapers today reported that FBI agents discovered a seven-page document that includes criticism by Miss Hearst of two Symbionese Liberation Army companions.

Reports of the document emerged as defense attorneys for Miss Hearst prepared for Tuesday's bail hearing and amid investigation of possible links between the SLA and terrorist bombings.

Attorney James M. MacInnis had said Sunday that Miss Hearst "will testify," but

defense. A movie entitled "Nobody's Victim" will also be shown.

Appearing on the program will be: Sgt. Walt Adcox, public information officer with the Kentucky State Police; Cindy Ellis, counselor and graduate assistant; Patsy Dennison, instructor of nursing; Calloway County Attorney Sid Easley; Sondra Ford, counselor and instructor; and Jennifer Hipp, social work instructor. They will form a panel for discussion and to respond to questions at the conclusion of each program.

Mrs. Thurman added that the program is intended as a service "to increase awareness so that women will take more calculated precautions that will perhaps thwart a rapist."

As an example of the kind of information to be offered during the program, she outlined these facts:

—Rape has the lowest conviction rate—less than 10 percent—of all violent crimes.

—About 75 percent of all rapes are premeditated.

—More than one-third occur in the woman's house or apartment.

—Only about one in 10 rapes is reported.

—Almost one-third of the rapists know their victims.

—About 90 percent of all rapists carry a weapon or threaten death.

"These are the things women should understand about rape, which is on the increase faster than any other violent crime," she continued. "And when criminologists estimate that a rape occurs in the United States every seven minutes, it would certainly seem important for women to be fully informed."

he later said:

"Miss Hearst may testify. If she does not, she will make a statement and file an affidavit. These latter (the statement and affidavit) are not subject to cross-examination."

Randolph and Catherine Hearst also will testify that their 21-year-old daughter should be released to them on minimal or no bail, said MacInnis, a new member of Miss Hearst's defense team.

Miss Hearst was ordered held without bail the day after her Thursday arrest, which had ended a 19-month search for the newspaper heiress who proclaimed allegiance to the terrorist SLA which kidnapped her.

Miss Hearst gave her occupation as "ur-

Volunteers Sought To 'Quit-Smoking'

Would you like to quit smoking? If so, Dr. Tom Muehleman at Murray State University would like to help you.

A professor of clinical psychology, Dr. Muehleman is beginning a year-long, specially-funded research project designed to develop and evaluate various methods of helping smokers break the habit.

Dr. Muehleman hopes to eventually be working with at least 100 individuals, all of whom will be voluntary participants in the project, the findings of which will be published in various professional journals.

The study, which has been funded by a Committee for Institutional Studies and Research grant, is just getting under way and Dr. Muehleman and graduate assistant, Bob Silber, Columbus, Ohio, are

seeking volunteers with whom to work.

Anyone wishing to participate should contact either Dr. Muehleman at the Department of Psychology at the University. The telephone number is 762-2505.

Generally, the research work will be done on an individualized basis, although the entire group may meet together from time to time, Dr. Muehleman said, emphasizing that convenient one-to-one orientation and consultation sessions are being arranged.

Letters seeking participants have been sent to physicians across the University's region, he said, pointing out that participation is strictly volunteer and that there is no cost to the subjects.

"While there is no guarantee of success, the techniques used have shown promise, and we expect a higher than average success rate," Dr. Muehleman said.

President Ford To Make Visit To Louisville

FRANKFORT, Ky. (AP) — President Gerald Ford will visit Louisville Oct. 16, according to an aide in the office of Republican gubernatorial candidate Robert Gable.

The aide said today the GOP received confirmation last Friday night, and planned to hold a \$100-a-plate dinner at the Bluegrass Convention Center.

☛ The White House would not confirm the visit.

ban guerrilla" when booked.

In revoking the previously set \$500,000 bail, U. S. District Court Judge Oliver J. Carter said Friday: "In this case, we have a person who has announced to the world with others their revolution against the system. They said it to the world and then punctuated it with gunfire."

U.S. Attorney James L. Browning, the chief federal prosecutor here, said in an interview over the weekend that he would not oppose bail if Miss Hearst can convince him she will not flee.

The San Francisco Chronicle said a source close to the case described the seven-page document as "a missive of condemnation" addressed to SLA members William and Emily Harris.

TWO INJURED—Two persons were injured in a two-car accident early today on Highway 94 West. Shirley Lamb, Route Two, was still in surgery late this morning, and was to be transferred to intensive care at the Murray-Calloway County Hospital. Donny Russell was admitted with multiple lacerations and was listed in satisfactory condition. Kentucky State Trooper Charles Stephenson said that a car driven by Russell was going west on 94 and a car driven by Mrs. Lamb was going east when the accident occurred.

Sew-A-Thon Planned For October 10 At Jaycee Center In Paducah

The Purchase Area Sew-A-Thon will be held on October 10 at the Jaycee Civic Center in Paducah. The opening session begins at 10:00 a.m., with a fashion show presented by a fabric company of New York. This will be followed by Miss Gail Brown, designing dressmaker and head of products and merchandising for a New York fabric manufacturer. Miss Brown appeared on the program last year and was so well received, she is making a return appearance. Following her presentation "Vogue-Butterick" will present a fashion show called "Show Stoppers." Both fashion shows will feature models from the modeling class at Mississippi State

University for Women, Columbus, Mississippi. Exhibits and demonstrations will be set up for additional useful information to the home sewer; University of Kentucky Extension Service will have a display, along with nationally known fabric manufacturers, manufacturers of sewing accessories and

sewing machine dealers. An evening session, starting at 6:00 p.m. will be held for those interested. This will be a repeat of the day program. The programs are being coordinated by University of Kentucky Extension Homemakers and Mrs. Dean Roper, Extension Home Economist.

More on Flat Teen Who Needs Uplift

By Abigail Van Buren
© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: This is for FLAT, the 14-year-old girl with the 30AA bra—and for all the other women, young and old, who wish they were bigger:

I've been there. When I was 14, I was tall and skinny, and wore a 32AA. Now I'm 29 and wear a 38D. Believe me, there are better things to wish for.

It's hard to find clothes that fit or blouses that button without gaping. Finding a bathing suit to conceal my top-heaviness is next to impossible. I can't wear sweaters or t-shirts without being stared or whistled at, and I've even been subjected to obscene remarks from strangers.

So tell that 14-year-old to pray that she stays small. It's a lot easier to cope with.

PULCHRITUDINOUS IN PASADENA

DEAR "PULK": Now let's tear it from a male in Oregon:

DEAR ABBY: About your reply to FLAT—the 14-year-old girl who is worried because "all the dudes go for the built-up chicks."

You advised her to forget about those phony creams and gimmicks to enlarge her bust. You get an A on that.

You advised her to be "patient." You get a C on that because many women in their 20s, 30s and 40s are still waiting patiently for that great "miracle" to happen—which seldom does.

You advised her to wear a padded bra so she would "at least look better in clothes." On that, Dear Abby, you get an F! The poor girl has already swallowed too much cultural nonsense about a female's worth being directly related to her chest measurement.

Abby, no intelligent man gives a hoot about the size of a woman's breasts. It's the person they're attached to that counts.

OREGON MALE

DEAR MALE: I'll take the A and C, but please be fair and mark that F up to a D.

I agree, we should accept the bodies God gave us, but most insecure adolescents need a little bolstering (and upholstery) until they attain that enviable state of total maturity.

DEAR ABBY: I usually agree with your advice. However, your response to the poor, flat-chested 14-year-old girl ("get a padded bra") was a crock of polyfoam!

A-OK

DEAR ABBY: When I read the letter from FLAT, I felt I should reply.

One of my best friends is 14, and she's also flat, but she's the most popular girl with the boys at the parties we have.

She may be flat, but she has a wonderful personality, and people just love to be around her. She's very kind and never puts anybody down and is the kind of person who makes friends right away with girls and boys, too.

Sure, there are a lot of boys who just want a girl for her body, but who needs a guy like that?

I'm 14, 5-foot-8, 119 lbs. and don't have much of a bust either, but it doesn't bother me a bit because the right kind of boy won't care.

FLAT AND HAPPY

DEAR ABBY: Tell FLAT to thank God for her healthy little breasts. May they always remain healthy. Sign me...

DOUBLE MASTECTOMY

DEAR ABBY: May I give FLAT a little advice?

If you envy all those big-busted girls because the boys look at them, you'd better be glad they're looking at THEM and not you!

I'm 15 and also flat, but I consider myself lucky because when a boy looks at me, I know it's not because I'm big-busted.

So consider yourself lucky, because when the right guy comes along, he'll love you for what you are, not for what you have!

FLAT AND HAPPY

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

Your Individual Horoscope

Frances Drake

FOR TUESDAY,

SEPTEMBER 23, 1975
Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES (Mar. 21 to Apr. 20) ♈
Plans may have to be changed. Do not become upset; many will be for the better. If asked for advice, give it, but don't press your opinions on others.

TAURUS (Apr. 21 to May 21) ♉
Venus highly beneficent. A splendid period for creative interests; for home renovation, refurbishing, even restoring. Romance also favored.

GEMINI (May 22 to June 21) ♊
The position of Mercury now stimulates your talents, brings you highly inspirational ideas. Channel efforts in the proper direction and you can achieve much.

CANCER (June 22 to July 23) ♋
Do not procrastinate in matters which demand time and energy. Neither take on extracurricular activities which could clutter your schedule.

LEO (July 24 to Aug. 23) ♌
What attracts may not be really choice, and what you are tempted to brush aside may be the winner you are seeking. So... your best judgment needed.

VIRGO (Aug. 24 to Sept. 23) ♍
What you seek may not be available NOW, but earnest trying will bring eventual reward. You can act effectively when you have the will.

LIBRA (Sept. 24 to Oct. 23) ♎
Follow your instincts now. Inspiration should be at a peak and could disclose heartening new vistas which will open to you shortly.

SCORPIO (Oct. 24 to Nov. 22) ♏
A note of extra activity here. Also a hint of disturbance where it could, SHOULD be avoided. Determine to keep order, to maintain balance and friendly relationships.

SAGITTARIUS (Nov. 23 to Dec. 21) ♐
Tip-top results indicated in current projects. You may be on delicate ground in some areas, but no dilemma exists without its solution. Search!

CAPRICORN (Dec. 22 to Jan. 20) ♑
Excellent aspects encourage clever activity, but don't set up hazards for yourself through impulsiveness, superfluous moves, unfruitful undertakings.

AQUARIUS (Jan. 21 to Feb. 19) ♒
The outgoing Aquarian should find this period entertaining and instructive. Be ready for new beginnings.

PISCES (Feb. 20 to Mar. 20) ♓
Curb tendencies toward indecisiveness, lack of resolution. Even if situations are difficult, face them, pitch in—and solve!

YOU-BORN TODAY, as a Virgo-Libra cuspal (one born at the change of Signs), are a roundly talented individual, artistic in the highest sense of the word, and intensely romantic. Your keen mind makes you excellent at analysis and research, and you could shine as scientist, writer, philosopher or educator; would also make an outstanding literary or dramatic critic. You have a talent for acting and could even add an element of the dramatic to a business career. Your meticulousness and capacity for handling details are notable. Birthdate of: Augustus, Roman emperor; Romy Schneider and Walter Pidgeon, film actors.

LIMIT FATS

Everybody knows what fat is. It accumulates under your belt when you eat too much and exercise too little. But fat in your food is also what makes gravy tasty and meats tender. And some fat in the diet is essential. So don't avoid fats for fear of heart disease and overweight. Just be moderate in how much you eat.

DUAL PURPOSE

A metal plant stand with glass or metal shelves makes an attractive towel rack in large bathrooms.

To Marry Saturday

Miss Rhonda Suzanne Orten

Announcement is made of the engagement and approaching marriage of Miss Rhonda Suzanne Orten, daughter of Mrs. Clayton H. Kernell of Stella and the late John R. Orten, to Kenneth Michael Tidwell, son of Mr. and Mrs. C. L. Tidwell of Lynn Grove. The wedding will be solemnized at the West Fork Baptist Church on Saturday, September 27, at two p. m. Family and friends of the couple are invited to attend.

Doctor in the Kitchen®

Consultant, National Dairy Council

THE CONVENIENCE OF ICE CREAM

With summer about ended, I realize I haven't talked particularly about ice cream. When I was growing up it was a summer delight, a real highlight of the hot months.

Well, it still is. But I suppose it is a commentary on the times we live in that the availability of ice cream all year 'round is so commonplace that I didn't, in my mind this summer, particularly categorize it with lemonade and other summer treats.

ICE CREAM now is regarded rightly as a nutritious food as well as a delight to our taste buds. So is ice-milk. And both are known as convenience foods. Just open the package and start serving.

Proteins, calcium and riboflavin (a B-vitamin) are the main nutrients in ice cream. And concentrated as its flavor is, one-half cup of ice cream contains only 145 calories.

OTHER FROZEN dairy desserts that are popular include frozen custard, French ice cream or French custard ice cream, and ice milk. Soft-frozen dairy dessert is the name that describes products that are soft and ready to be eaten when drawn from the freezer. These are frequently sold at drive-in stands and actually are ice milks.

Fruit sherbet is tart-flavored from fruit and fruit acid. Sherbet

is low fat and low milk in content. It has more sugar than ice cream. Water ices, on the other hand, are about 70 to 75 percent water and they are considered non-dairy products because they contain no dairy ingredients. From 15 to 20 percent of their weight is fruit juice. They are high in sugar.

EVERY STATE in the U.S. as well as the Federal government has established laws that define ice cream and similarly frozen desserts. The laws have been set up in the interest of the consumer. You are guaranteed that what you buy is exactly what the label says it is. Manufacturers must follow the laws of the state in which ice cream is produced. If ice cream is to be shipped across state lines, then the Federal regulations must be followed.

STARVING IS WRONG

Starving yourself is the wrong answer for losing weight. It can upset your body chemistry including decreasing muscle more than fat, and if continued too long it may create permanent damage involving vital functions. If you have a serious weight problem, see your doctor.

Down the Garden Path

By MRS. W. P. WILLIAMS

We will have plenty of warm weather before frost, but the rains and drop in temperature is a very definite reminder of all. Did you notice how fresh and clean everything looked? It was as if growing things had been given a new start. My coleus that had looked rather bedraggled in the hot dry weather have perked up and have put on fresh growth.

I was ready for a rain, as I had just gotten flower beds worked out, freed from grass and weeds, and I could fairly see the ground drinking up the rain drops as fast as they fell.

Are you putting out any new trees or tall shrubs? If so it would be a good idea to stake them, for the roots will not have had time to become firmly fixed and the winter winds could wreak havoc.

I hope you have plenty of mulch ready for new plantings. Even old shrubs and winter hardy plants need plenty of mulch piled around the base. That is why I keep urging you to prepare a compost pile. The leaves are already filtering down and in a very few weeks will really be tumbling down. Leaves make an excellent cover for next year's mulch, so try to have two piles and use them on alternate years.

If you have pine trees, save the needles to put on the azaleas and rhododendrons. Oak leaves also have the acid content that these plants like. When you plant your daffodils, be sure to plant them deep enough. Planted shallowly, they will increase faster but the blossoms will decrease in size each year. Some of my daffodils are about nine inches in the ground and after a number of years they put up flower stalks as big as they were 15 years ago.

Daffodils of all sorts are always a joy to plant, to have and to enjoy. They require so little care and nothing is so welcome in early spring as the bright, cheerful daffodil. There are the tiny ones, so full

of sweetness, and the cluster variety with several on one stem. There are the pink ones so pretty and sweet. There are the handsome huge trumpet ones that simply amaze you with their beauty.

So put in your order, if you have not already done so, and plant them with a lavish hand. They are there for years to come.

Coffee Cup Chatter

By University of Kentucky County Extension Agents for Home Economics

Cutting boards, wood utensils, and wooden work surfaces need special treatment to keep spoilage bacteria under control. Scrape surfaces if necessary; scrub with soapy water and rinse well with boiling water. Then disinfect clean surfaces (a liquid chlorine disinfectant - household laundry bleach - will do the job). -Mrs. Patricia Curtsinger, Benton.

+++++ Friendly or formal? You may use the same pendant or hanging light fixture to create either a friendly or a formal atmosphere. Hung above eye level, the fixture will give a formal feeling to an area. Hung below eye level, it will give a warm, friendly feeling. Care should be taken to place the light so it does not interfere with activities. The bulb must be shielded to insure eye comfort. -Mrs. Mildred W. Potts, LaCenter.

+++++ The food we buy today is the best the American family ever ate. It's high quality, abundant food grown on the most modern farms in the world. It is processed in modern factories maintaining the highest standards of cleanliness and quality. It's packaged in attractive containers designed to prolong storage life and save time in the kitchen. Americans enjoy the most nutritious food in the world today, and although it costs more today than a few years ago, it's still the most reasonably priced in the world. We spend 16 per cent of our disposable income on food as compared to Canadians who spend 21 per cent of their disposable income and Japanese who spend 27 per cent of their disposable income on food. All this abundant, nutritious food which we enjoy every day is provided for us on American farms by 5 per cent of our population. We will all hope for good crops when we realize how many are so dependent on so few. -Miss Judy Hetterman, Hickman.

+++++ Rattan furniture is becoming increasingly popular. But it is a ready dust catcher. Keep it clean by occasionally washing it with a sponge or cloth and suds. But do avoid over-wetting. Rinse it thoroughly with a damp sponge. It can also be kept dust-free by using the dust appliance, which goes with your vacuum cleaner. -Barletta Wrather Murray.

+++++ That's right! Old world charm and new world technology have collaborated to produce, for the first time, a quality belgian linen with washable properties. The permanent press, soil release cloth, is woven in Belgium with 65 per cent Belgian linen and 35 per cent polyester yarns. It has rich linen look and retains its finish after repeated laundering and tumble drying. Deep color tones have also been captured; and tablecloths and mats are available in more than a dozen colors. Some features embroidery, lace trim—even appliques. -Mrs. Dean Roper, Courthouse, Mayfield.

+++++ Every house should have one or two pieces of furniture that are important—big investment pieces that are unique and create conversation. If you are choosing this unique piece for your house, be sure it merits the cost and time spent. Good pieces to consider are couches for the living room or equisite wood pieces in the living room, dining room, or hallway. Very few people will see a small chest or curio in a bedroom. -Mrs. Maxine Griffin 115 East Clay Street, Clinton.

+++++ HOW IS YOUR 4-H CLUB HELPING TO ENRICH FAMILY LIFE? Certain skills are useful in the day-to-day activities of living. Both girls and boys may profit from knowing how to cook, sew, clean a house and create an attractive home setting with flowers and trees. But more important than these, are the attitudes and knowledge developed by 4-H members which they can apply as consumers. Because more of them will select clothing that will create it; more will buy processed foods than will prepare them. Tomorrow's family will have neither time nor space for a garden nor for home production. But all family members are and will continue to be consumers of goods and services. -Mrs. Sue Fraser, Bardwell.

+++++ Shopping Checklist Carry a small notebook with sizes of family members, room dimensions, window measurements, and Christmas list. At special sales, you'll have a handy checklist. -Mrs. Maxine Griffin, Clinton.

Zeta Department, Murray Woman's Club will have a salad supper at the club house.

Friday, September 26
Welcome Wagon Newcomers Club will have a picnic at the Murray Tennis Center at four p. m. For information call Jean Fleming 753-0224.

THE FASHION world's Fall-Winter emphasis on the Orient calls for this very special Oriental expression in hairstyling by the National Hairdressers and Cosmetologists Association. Full, straight bangs are the key. The sides may be worn straight or curled to fit different fashion moods. Width can be added easily with fashionable upward moving curls on the sides. More curls in the back or smoothly directed styling to the full back area offer possibilities for other fashion statements.

BEAUTIFUL Hair, softly colored in blonde tones, has been proportionately styled here for width, without bigness, and curl, without frizz, by the National Hairdressers and Cosmetologists Association. This style is designed to complement Fall-Winter's "slinky siren" and casual evening looks in fashion. The important back message is created through tapering, contouring and textured perming. This style must have a perfectly textured perm to support the geometric design.

Halloween Highlights

Devilish Dinner

Keeping attention on dinner on Halloween night is a challenge when eager youngsters are anxious to gather candy treats. You can capture interest with tender slices of ham garnished with hot peach halves sporting raisin eyes and clove smiles. Or serve open-face sandwiches transformed into goblin faces with ripe olive slices for eyes and a strip of pimiento for the mouth.

Halloween Fun Food

For safe indoor Halloween fun, let the youngsters roast hot dogs in the spooky light of the fireplace. Or provide makings including ready-to-eat sausages (cold cuts) for them to conjure up spooky sandwiches. Faces can be created with slices of hard-cooked eggs, carrot, pickles and onion. These make good munching mates for a variety of cold meats.

Murray Business & Professional

Women's Club Holds Dinner

The Business and Professional Women's Club met at the Murray Woman's Club House at 6:30 p. m. on Thursday, September 18, for the regular monthly dinner meeting.

Frances Shea, president presided at the business meeting and introduced the hostesses of the Individual Development Committee: Doris Rowland, Lola McClain, Mildred Stalls and Laverne Orr.

Each one present was assigned a subject and asked to make an extemporaneous speech no longer than ninety seconds. Agnes McDaniel won the prize based on the speech, stand up - speak up - sit down.

Mrs. Rita Ford was introduced as a guest. Betty Hill was elected delegate and Linda Carter was elected alternate delegate to represent the Murray Business and Professional Woman's club at the Fall Round-Up October 18 and 19 at Lake Barkley Lodge.

Bridge Planned At Oaks Country Club

The women of the Oaks Country Club will play bridge on Wednesday, September 24, at 9:30 a. m. at the club house.

Reservations should be made by Tuesday noon by calling Freda Butterworth, phone 753-1293.

Winners last week were Reva Shelton, high, and Hazel Beale, low, according to the hostess, Peggy Noel.

Arthritis—No. 1 Crippler
One of every five Americans is affected by rheumatoid arthritis, which disables more people and causes more days lost from work than any other chronic disease.

Because the cause and cure are not known, arthritis sufferers spend vast sums on remedies, most of which have little value. There are, however, simple home treatments which effectively relieve pain and prevent permanent crippling.

Here are some suggestions from Dr. E. C. Christensen, associate professor of physical medicine and rehabilitation, Loma Linda University:

Good general health should be promoted by a well-balanced diet and as much activity as pain will permit. There may be anemia, which requires special attention.

Even when there is severe pain and swelling, a careful balance between exercise and rest is important, to prevent permanent deformity. A trained nurse or therapist can help in determining how much exercise should be attempted and which positions are preferable.

Drugs are available to relieve pain, but many of them have undesirable side-effects. Prolonged use of cortisone brings serious consequences.

Hot and cold water combined with carefully prescribed exercise and gentle massage is effective at each stage of arthritis and is readily available, inexpensive, and nontoxic. Professional help

will be needed to train the patient in the home use of these remedies.

Dr. Christensen warns that heat should seldom be applied to a joint unless it is followed by massage, gently and skillfully used, and that while rest is important, total rest leads to loss of function of the joint.

Emotional factors also need attention. An optimistic outlook aids in recovery and learning to live with a certain amount of pain increases tolerance to it and reduces the danger of drug dependency.

"So if you are a sufferer of arthritis, no matter what stage of the disease, there is much you can do in a simple way at home to relieve pain and promote healing." Dr. Christensen sums up. "Consult your physician and then proceed intelligently. This may save you costly hospital bills. Remember, arthritis may be a crippling, but remember also, you may reduce or even prevent crippling."

Conquer Arthritis Yourself! Life and Health, November, 1974. For detailed descriptions of these treatments see "Manual of Hydrotherapy and Massage" by F. B. Moor, S. C. Peterson, et al., Morgan View, California, Pacific Press Publishing Association, 1968.

GO CALLING THIS WEEKEND...

...By Long Distance.

Rates are lower on weekends till 5 PM Sunday, when you dial the 1+ way. So you can call more often and talk longer.

Low 1+ rates do not apply to 0+ dialed long distance calls. 1+ rates do apply to station calls you dial yourself. 1+ station calls placed with an operator where long distance dialing facilities are not available. Low 1+ rates do not apply to operator-assisted calls such as person-to-person, coin, hotel-motel, guest, credit card, collect calls, and on calls charged to another number, including special billing numbers.

Guest Editorial

Mother Of The Windshield Wiper

Every time you're driving in the rain—and if you have an automobile, that's a lot lately—you should say a word of thanks to Mary Anderson of Birmingham, Ala.

Why? Because 72 years ago, Ms. Anderson invented the windshield wiper. It happened when she visited New York and saw the unsuccessful efforts of motorists to keep their windows clear during rainy weather. The standard practice was to smear the front glass with a chunk of tobacco or an onion. That left an oily film that would keep water from collecting.

This method had no shortage of drawbacks, obviously, so Ms. Anderson thought over the problem and came up with the idea for a

wiper mounted on the windshield and operated by hand from inside the car. The principle hasn't changed much since she patented her wiper in 1903.

If necessity is the mother of invention, in this case we imagine that necessity took the form of the strong odor of onion.

TODAY'S TOPIC: TEACHER STRIKE SCANDAL

In recent weeks, thousands of unionized public school teachers displayed a shocking contempt for the educational needs of young Americans as they went out on strike. The schooling of untold numbers of children has been seriously disrupted by the walkouts which took place in many states. Moreover, the children were shown an example of irresponsible behavior on the part of those who are supposed to teach responsibility.

Parents undoubtedly regard shutting down public schools through strike action as an intolerable abuse of power. Such action is in a class with depriving a community of police, fire and hospital services. It should not be permitted. If teachers strike, they should be summarily replaced with persons who are sincerely committed to the education of young people. Certainly, it is unconscionable to curtail a child's schooling in order to strengthen a union negotiating position.

The current crop of teacher's strikes should focus public attention on the outlook and ambitions of teacher unions and lobbies. Americans must realize that teacher unions and associations are deeply involved in partisan activities.

The attitude of the National Education Association was clearly revealed by its executive secretary, Terry Herndon, at the organization's annual convention in July.

Mr. Herndon said that the organization's activities had "produced a very good year in political action." He declared:

"Our ability to back political commitments has been noted in every state and in the halls of Congress. NEA members this year directed their money and talents to the political process in unprecedented numbers. Through NEA-

PAC, teachers invested \$225,000 in political action. Most state and local PAC groups added their endorsement and dollars to give us a total financial commitment of almost three million dollars. But perhaps the most remarkable contribution to our political success was the thousands and thousands of hours that teachers personally contributed to the campaigns. The dollars and the people paid off, 290 of 310 candidates backed by teachers won seats in the 94th Congress."

Mr. Herndon continued: "We are going for bigger stakes in 1976. We have learned from the failures of the present Congress to override Presidential vetoes on key economic issues that we need even more responsive Congressmen and Senators. Even better, we might elect a President of the proper type and stop worrying about veto overrides and federal agency behavior."

No doubt many parents would be profoundly shocked to realize that the NEA, which presents itself on the local level as a professional educational organization, is up to its ears in partisan politics.

If the NEA is involved in politics outside the classroom, can parents be sure that politics aren't carried into the classroom? If teachers will take part in a militant strike action, contrary to the interests of school children and disruptive of the community, they aren't likely to hesitate to utilize propaganda in the classroom and thereby use their instructional positions to influence the rising generation.

Monopoly unionism has no place in the schools of the 50 states. It turns schools into battlegrounds and disrupts and sacrifices the education of young Americans.

Quality education cannot coexist with teacher unions or unions that masquerade as professional associations. Education is too crucially important to be controlled by a new breed of union bosses who are willing to prevent American youngsters from getting schooling if the taxpayers don't meet the union bosses' demands.

Today In History

By The Associated Press
Today is Monday, Sept. 22, the 265th day of 1975. There are 100 days left in the year.

Today's highlight in history: On this date in 1949, the Soviet Union exploded its first atomic bomb, four years after the first American nuclear detonation.

On this date—
In 1776, Nathan Hale was hanged by the British as a spy. As he was led to the gallows in New York, he said: "I only regret that I have but one life to lose for my country."

In 1862, President Abraham Lincoln issued the preliminary Emancipation Proclamation.

In 1931, Britain abandoned the gold standard.

In 1961, the Interstate Commerce Commission issued rules forbidding racial discrimination in interstate bus transportation.

In 1964, the Vatican Council approved a move to give bishops a greater hand in helping the Pope set Roman Catholic

Church policy.
In 1973, Henry Kissinger was sworn in as secretary of state, becoming the first naturalized citizen to gain the office.

Ten years ago: A cease-fire was declared in a war between India and Pakistan over Kashmir.

Five years ago: President Richard Nixon asked Congress to authorize immediate government intervention on college campuses when bombings or arson occurred.

One year ago: The official death toll was put at 5,000 in a hurricane that swept Honduras.

Today's birthdays: Actress Martha Scott is 59. Socialite Alfred Vanderbilt is 63.

Thought for today: Things do not change, we do. — Henry David Thoreau, American writer, 1817-1862.

Bicentennial footnote: Two hundred years ago today, Massachusetts Atty. Gen. Jonathan Sewell and his family arrived in London as refugees.

HEARTLINE

HEARTLINE is a service for senior citizens of all ages. Its purpose is to answer questions and solve problems—fast. If you have a question or a problem not answered in these columns, write HEARTLINE, 8514 N. Main St., Dayton, Ohio 45415. Senior citizens will receive prompt replies. The most useful replies will be printed in this column.

Heartline: I am a member of your Pen Pal Club. I am enjoying the first list of Pen Pals so much. I already have regular correspondence with people from six different states. I'm interested in writing a

few more people in my home state, as we moved from there several years ago. Can you help?—Mrs. M. K.

Answer: Yes. Any member of the Heartline Pen Pal Club may request a new list at any time. Yours is already in the mail to you.

Anyone interested in joining the Pen Pal Club may write to us for membership information. Write to Heartline American 60 Club, 8514 N. Main St., Dayton, Ohio 45415.

Heartline: How do I get information about the National Council of Senior Citizens?—Mrs. D.

Answer: Write to the National Council of Senior Citizens, 1511 "K" St. NW, Washington, D. C. 20005.

Heartline: What is meant by having a current connection with the Railroad Industry?—P. N.

Answer: An employe has a current connection with the railroad industry if he worked for the railroad in at least 12 out of the last 30 consecutive months before his retirement annuity begins or his death. An earlier 30-consecutive-month period may be used if the employe had no regular nonrailroad employment following the period.

Heartline: If my supplemental security income check is stolen before I have a chance to cash it, what should I do?—T. S.

Answer: Report the theft of your check immediately to your Social Security office. The people there will make arrangements for a replacement check to be sent to you.

For your free list of governmental pamphlets helpful to senior citizens titled, "20 Vital Free Government Pamphlets," send a long, stamped, self-addressed envelope to Heartline, 8514 N. Main St., Dept. 3, Dayton, Ohio 45415.

Bible Thought

... The servant is not greater than his lord; neither he that is sent greater than he that sent him. John 13:16

God expected great thinking and great living from Jesus. Jesus expects great things from us.

BLASSINGAME

Let's Stay Well

Childhood Obesity

By F. J. L. Blassingame, M.D.

If your child is overweight, don't take the matter lightly. Obesity makes life more difficult, even for children. In fact, their peers often give fat children a rough time.

Obesity is a complicated medical problem which is not completely understood, and all forms of treatment work poorly. Some authorities feel that childhood is the best time of life to start correction of an overweight tendency.

Medical science is gradually gaining additional information about obesity in children.

According to Jerome Knittle, M.D., professor of pediatrics at Mount Sinai School of Medicine in New York, it is not possible to tell whether a child is obesity-prone until he is two years of age. At that time, the fat cells

mature more rapidly and also increase in numbers in the fat-prone child, reaching a development by the age of four years that is not reached until the twelfth year in normal-weight children.

"The pattern of cellular development of fat deposits in obese and obesity-prone children proceeds in a different manner from that of normal-weight children," said Dr. Knittle in a report in the Journal of the American Medical Association. We need more information to understand this growth pattern.

Another study showed that starvation in the last trimester of pregnancy and the first months of life may produce children who are less likely to become obese, and the opposite is also true—that starvation during the

first six months of intrauterine life produces children with a greater chance of developing obesity. Explanations for such findings are lacking.

Infant feeding may influence eating habits and weight and have a bearing on future obesity. More infants are doubling their birth weights before the generally accepted standard of five to six months, and bottle-fed babies are more readily overfed than breast-fed. Fat prone babies may be receiving too many calories early in life, causing an overgrowth of fat cells.

Many authorities believe that obesity is best controlled by starting therapy in childhood.

Q: Miss R. E. wants to know if it is true that sunlight will not

burn the skin when the light shines through glass.

A: The ultraviolet rays in sunlight cause burning and other damage to the skin, and these rays are filtered out of the sunlight as it passes through the glass.

Q: Mrs. M. M. wants to know the meaning of a positive skin test for tuberculosis.

A: A positive tuberculin test means that the person has been infected with tubercle bacilli. About half of all adults 50 years of age or older and about one out of five young adults show positive tuberculin tests. A positive test requires that a further search, such as a chest X-ray, be made to determine whether an active infection currently exists.

Agree Or Not Black Lung Bill Offers Slight Hope

By S. C. VAN CURON

By S. C. VAN CURON

FRANKFORT — The black lung bill introduced by Congressman Carl Perkins, D-Hindman, offers a slight glimmer of hope to business interests in Kentucky that the state workmen's compensation insurance rate may be reduced.

Miners from Kentucky were in Washington last week lobbying for the bill. It would create an industry-financed insurance pool to pay benefits and it would provide compensation payments to miners after 15 years in the mine, on the presumption that each has black-lung disease.

Presently, black lung benefits are paid from the Special Fund of the Workmen's Compensation Fund financed by all business concerns in Kentucky. Contributions to the Special Fund have been running about \$18 million a year for the past several years. Business spokesmen outside the coal industry say that they contribute 50 to 60 per cent of the special fund every year, but coal industry beneficiaries receive between 80 and 90 per cent of this amount.

Since 1972 the coal industry has assumed the first 25 per cent of the black lung claim awarded to a disabled miner, and the balance has come from the Special Fund, contributed to by all business firms in the state. About 23 per cent of the amount paid by any business for workmen's compensation goes into the Special Fund.

Congressmen in Washington are saying there is no way the 15-year presumption clause can stay in the bill. It first must be approved by the House Committee and then be approved by the full House and then go to the Senate.

The slight glimmer of hope for reduced workmen's compensation rates for Kentucky business depends upon the final form of the bill as passed by Congress.

The Public Issues Council, Louisville, has made a study of what the black lung costs are to the food industry. A report issued last week said the food industry paid about \$2 million last year into the Special Fund. The report said the

payments ranged from a weighted average of about 30 cents for every \$100 of payroll for food retailers to more than \$1.26 from \$100 for butcher employes. The compensation insurance rate depends upon the experience rating of injuries or costs for a particular trade or industry.

In 1974, a bill was passed which requires any business with one employe to carry workmen's compensation insurance. This brought in all professional people who have a single secretary, and supposedly spread the cost over a larger number of people and business interests.

James Fleming, in Senator Wendell Ford's office in Washington, said the bill takes in its final stage will be the determining factor. He said many changes are expected to be made.

One idea would be that the workmen would have to apply to state workmen's compensation and any amount paid under the federal provisions of the bill would be paid out of the federal industry insurance program. If this happens, the compensation rate for Kentucky business would not be reduced.

Tom Duncan, president of the Kentucky Coal Association, said the proposed federal program ought not be a welfare program. It's one thing to compensate for disability incurred in employment. It's something else to pay for something that didn't come under employment.

He said the presumptive clause is being opposed by the industry.

"Another feature of the bill would place the 'retroactive burden' on the proposed fund. Some coal firms are out of business. He said it would be unfair to place the full retroactive burden on a company that had sold coal at a low price through several years."

What really would happen is that the cost of coal would have to increase to pay into this insurance fund, and the consumer would pay the bill in the end. However, one bright future for Kentucky is that the cost would be the same for the coal industry across the United States and Kentucky coal would not be put at a disadvantage in the world market.

Jerry Caldwell Wins Annual Inter-City Golf Tournament

SUPER GAME — Murray's Gary Brumm (81) had a super contest in the loss to Western Carolina Saturday. He had four receptions for 56 yards. Story and other pictures of the 16-9 loss are on pages six and seven of today's Murray Ledger & Times.

After trailing three first-day leaders by five strokes, Jerry Caldwell of the Oaks Country Club fired a one-under-par 71 over his home course Sunday to win the annual Inter-City Medal Play Tournament by one stroke over Homer Branch, the defending champion and also an Oaks member.

Caldwell blistered the front nine at the Oaks Sunday with a two-under-par 34 to over pull even with or pass the first-day leaders—Tim Miller and Norman Hood, of the Murray Country Club, and Branch. He came in 37, one over-par, for his 71 and a 150 total for the tournament.

Miller, Hood and Branch had posted first-round 72's in Saturday's play over the Murray Country Club course, but each faltered on the first nine holes of Sunday's round at the Oaks just enough to allow Caldwell to catch up with his sub-par effort. Miller, with a first-nine 39 was the only one of the Saturday leaders even with Caldwell at the turn.

In posting his first-round 34 on his home course, Caldwell had three birdies and one bogey. He birdied the 485-yard fourth hole, the 360-yard fifth and the 550-yard seventh before getting the bogey on the 210-yard eighth. His lone bogey on the back nine came on the relatively easy 475-yard 13th where he took a six to go with eight pars.

Miller and Hood finished in a tie for third with 152's, followed by Roy Cothran and Mitchell Story of the Oaks with 156's.

Lee Stewart of the Murray Country Club and a member of the Murray State golf team was the first flight winner with 161, two strokes in front of a fellow club member, Jiggs Lassiter, who posted a 174.

Ken Purcell of the Murray Club was third with 164, followed by Greg Howard of the Oaks with 165.

Marshall Abell of the Oaks was the second flight winner with 174, followed by Rich Leeper and Amos Tackett, deadlocked at 178. Bob Billington of the Murray club was fifth with 179.

Ron Kaufman of the Oaks was the fourth flight winner with 181, four strokes ahead of James Ward, also of the Oaks.

T. C. Collier of the Oaks was third with 189, followed by Billy Brandon with 192 and Bob LeMasters with 195.

The golfers finishing and their scores, the first 18 of which was shot on the Murray Country Club course and the final 18 on the Oaks course, were:

Curci Says Wildcats Will Have To Shape Up

By BOB COOPER
AP Sports Writer
LEXINGTON, Ky. (AP) — Kentucky, already with one win and one loss, had better shape up because, "we have no breathers from here on out," Coach Fran Curci says.

The Wildcats lost their first game of the 1975 season 14-10 to Kansas on Saturday when the Jayhawks took advantage of two Kentucky fumbles to ram in touchdowns and confound the statistics for a relatively easy victory.

"We won most everything on the statistical side but statistics are for losers," Curci said. Kentucky gained 246 yards to 201 for Kansas and outgained the opposition in rushing, passing and even blanked Kansas in return yardage 90-0.

"Not only that, we clearly had field position during all of

the game," Curci said. "But we could not push the ball over the goal against their defense. "Nonetheless I'm still proud of our defensive unit that held them when it meant the most," Curci said.

Two plays, Curci said, made the difference in the game. One was a defensive lapse and the other he blamed upon himself. The first came with less than three minutes left in the first half, when Eric Franklin took a pitch off the left side and ran 77 yards to dig Kansas out of a hole from its own 16-yard line.

He only missed a score when he was caught by a Kentucky defender seven yards short of the goal line. However, Kansas scored one play later when quarterback Nolan Cromwell dashed over around right end.

The other Kentucky lapse came in the fourth period,

when the Wildcats were ahead 10-7 and Curci sent in a play for an end-reverse.

It didn't work. End Vin Hoover never got control of the ball from quarterback Derrick Ramsey and it bounded into the hands of Kansas' Chris Golub on the Jayhawk 48-yard line.

Kansas promptly used two Kentucky penalties—a pass interference for 10 yards and a personal foul for 15—to move for a first down at Kentucky's 32, and followed with a pitchout to Laverne Smith for 12 yards around the right side.

Norris Banks gained four off right tackle and Smith sailed the final 16 for the winning touchdown with 6:41 left in the game to cap a 57 yard drive in three plays—not including the penalties—for the victory.

The Kentucky errors weren't finished, however. In desperation time, Kentucky jumped offside when Kansas was third and one with 1:44 on the clock to give the Jayhawks new life; and roughed the kicker with Kansas' ball with 47 seconds on the clock.

That did it. Kentucky earned 16 first downs to nine for Kansas; gained 213 yards rushing to 184 for Kansas; had 33 yards passing to 17 for Kansas, and almost doubled the number of plays for the opposition.

Of the end reverse play that turned the tide, Curci said, "I can't believe I did that. "We had field position. The game was over. We had no reason to gamble at a time like that. I called the play. I call every play," Curci said.

"We should have won the game," Curci added.

SPORTS

New Version Of Rozelle Rule To Be Introduced

By TOM SEPPY
AP Sports Writer
CHICAGO (AP) — A modification of the so-called Rozelle Rule possibly will be in the offing today when the National Football League owners made their new contract offer to the players union during a meeting called to end the nearly 20 months of labor dispute between the parties.

The option compensation clause had been the major stumbling block to a negotiated collective bargaining agreement, causing the New England Patriots to vote to strike on Sept. 13 and threaten the opening of the season.

Round-the-clock negotiations under the supervision of chief federal mediator W.J. Usery Jr. brought about a truce which ended the strike by five teams and elicited a promise from management that it would make a substantial contract offer.

Representatives of the NFL Management Council, bargaining agent of the 26 owners, were to give that offer today to the NFL Players Association's Executive Committee and the teams' player representatives.

The Rozelle Rule requires that when a member of one team plays out his contract and signs with another team, the first team must be compensated by whatever amount the two teams can agree on through negotiation.

If they can not agree, however, NFL Commissioner Pete Rozelle fixes the compensation by decree. The rule, according to the owners, is essential to the game's stability; otherwise, a rich team could hire the stars from poorer teams.

Murray High "B" Team To Play Tonight

The Murray High "B" team will open its football season tonight with a 7 p.m. contest in Holland Stadium against Mayfield. "B" team games are to give the sophomores and juniors who don't start varsity an opportunity to play and show their skills to the coaching staff.

In addition to tonight's contest, the Tigers have three more "B" team games scheduled. They are: October 13, South Fulton here; October 20, at Marshall County and November 3, at Tighman.

Admission for tonight's game will be 75 cents for adults and 50 cents for students.

Wins Title

MOSCOW (AP) — Soviet world and European champion David Rigert won the titles Sunday in the middle heavy-weight class with a total lift of 832 pounds.

Second place went to Sergei Poltoratski of the Soviet Union with 821 pounds and third was Peter Petzold of East Germany with 799 pounds.

In the jerk event for the division, Rigert had 463 pounds. Poltoratski 453 pounds and Petzold 446 1/2 to finish 1-2-3. In the snatch, Rigert won with 369 pounds, Michel Brouillet of Switzerland was second, also with 369 and Poltoratski third with 364.

AUTO RACING

NORTH WILKESBORO, N.C. — Richard Petty, driving a Dodge, sprinted across the finish line 2.4 seconds ahead of Cale Yarborough to win the 15th annual Wilkes 400 auto stock car race.

TRENTON, N.J. — Gordon Johncock won the Indianapolis car race and Sal Tovella captured the USAC late model sportsman portion of the Trenton Times Double 200 at Trenton Speedway.

Racer Golf Team Takes Seventh At Bonne Terre

The Murray State Racer golf team took seventh place over the weekend in the Mid-American Intercollegiate Tournament held at Bonne Terre, Mo.

Oral Roberts and Memphis State tied for first in the tourney with each team posting an 895. In third was Eastern Kentucky of the OVC. The Colonels, the leaders in the tourney after Saturday's play, finished with a 901.

Other scores were Missouri 921, Southern Illinois-Edwardsville 921, Bradley 922, Murray 923, Delta State 927, Illinois State 929, Southern Illinois-Carbondale 931, Tulsa 936, Western Illinois 944, New Orleans 945, Bemidji 951, Indiana State 958, Missouri-St. Louis 930, St. Louis University 1003 and Indiana University-Southeast 1007.

Rob Laing of Oral Roberts shot an even par 216 to capture the individual honors while South Smith of Memphis State was second with a 221 and Paul Haire of Memphis third with 222.

Kevin Klier of Murray State had a 223 and took fourth place while Dan Bogden of Eastern Kentucky was fifth with a 224. Other Murray State scores were: Larry Patton 227, Norman Vacovsky 234, Mike Perpich 239 and Tommy Thomas 243.

This Friday and Saturday, the Racers host the Murray State Invitational, which will be played at the Murray Country Club.

We're very picky cleaners.

We may be great with customers, but we're tough on ourselves. We'll do more to make sure your clothes come back really clean with that like-new feel. We'll remove those spots and stains. Get out that deep-down, unseen dirt. Make colors brighter. And roll lapels. We don't forget the little things either. Like replacing missing or broken buttons. Eliminating double creases. Unsticking stuck zippers. Sewing loose hems. And leaving linings wrinkle-free.

If we didn't maintain the highest standards in the drycleaning business we wouldn't qualify to be a Sanitone drycleaner.

After all, when you look good, we look good. Come see us now.

Streak In Stewart Stadium Over

Western Carolina Pulls Off 16-9 Win To Stop Winning String At 11

THE KILLING BLOW — A Western Carolina defensive back picks off a pass in the endzone that was intended for Murray's Willie DeLoach (22). That gave the Catamounts the ball with just 54 seconds left in the contest and sealed the decision.

(Staff Photos by Mike Brandon)

By MIKE BRANDON
Ledges & Times Sports Editor

Somewhere on the campus of Western Kentucky University, Charlie Johnson is walking around and laughing to himself. It took him about 10 months to get the chance.

Back last November, it was Johnson's poor punting that cost Western Kentucky a 9-7 loss to Murray State and it prevented the Hilltoppers from becoming the first team to ever beat Murray in Roy Stewart Stadium.

Saturday night, the Racers took up where Johnson left off. And as result, Western Carolina posted a 16-9 win over the Racers to snap Murray's 11-game home winning streak.

The loss left the 13,800 fans in a state of shock. It left the Racer football team and Coach Bill Furgerson the same way.

"I don't have anything to say," Furgerson said after the game. And who could really blame him, what could he say? Western Carolina Coach Don Wade wasn't without words, which is typical of a winning coach.

"Up to right now, I'd say this is the biggest coaching win I've ever had at Western Carolina," Wade said.

"We started Murray's winning streak in this same stadium two years ago and I'll tell you, it really feels good to be the team to stop it. Murray's a fine club. But it was their first game of the year and the third for us and that really made a difference."

The Catamounts came into the contest with an 0-2 record, having lost 32-31 to Toledo and 29-8 to East Tennessee.

"I was really proud of our kids. Murray moved the ball well early in the game and we were lucky to be behind just 6-0. When you've lost two games and you're playing on the road, it doesn't take much to get you down."

"We were due for a good game. We made eight turnovers in our game against East Tennessee. That was the worst college football game I have ever seen," Wade added.

In pre-season reports, the Racers were supposed to be

strong defensively and have a potent offense. Frankly, both held true Saturday night, even though the Racers didn't cross into the endzone.

All the Murray scores came from soccer-style kicker Emodi Amagula, a junior who formerly was on the Racer soccer team.

Amagula had field goals of 37 and 25-yards in the first period and added a 35-yarder in the last quarter.

Senior quarterback Mike Hobbie threw the ball 38 times and completed 21 passes for 211 yards. But he was intercepted three times, all in the last half and in the final minute, he had a pass picked off in the Western Carolina endzone.

Besides the punting, what killed Murray State was the lack of the ground game. The Racers had just 73 net yards, though tailback Art Kennedy looked impressive on several plays and finished with 75 net.

Late in the second period, an 18-yard punt by Murray set up the first Western Carolina score. The Catamounts took over the Racer 29. Five plays later, Darrell Lipford plunged in from two yards out and following the PAT, the 'Cats went up 7-6. That was the way the score stood at halftime.

On the second Racer possession in the second half, the offense was stopped on the Racer 29. A bad snap from center resulted in the ball flying high over punter Wes Furgerson's head and the former Murray High quarterback downed the ball in the endzone for a safety, preventing a sure Catamount six-pointer. That left Western with a 9-6 lead.

The final score of the game came with 5:40 left in the third period when Lipford scored from 11 yards out.

Last year, it was a home season full of miracles and nobody in the stands left until the final few seconds of the game.

With only a couple of minutes left in the contest, the Racers took over for one final time on their own 14. A couple of quick passes by Hobbie, a big run by Art Kennedy and suddenly the Racers were on the Catamount 38.

Then Hobbie hit fullback Bernie Behrendt with a 19-yard pass and the Racers were 57 feet away from the endzone. But on the next play, the ball was

intercepted in the endzone and that was the game.

Western held on to the ball and watched the clock run out as the string of magic in Stewart Stadium ended.

In the statistics department, the only one that made a great difference was this one: Murray, five punts for an average of 18.6; Western, seven punts for an average of 37.1.

One good thing about the loss. It wasn't a conference game since the Racers don't open their league season until this Saturday with a home game against Tennessee Tech.

BETWEEN THE LINES

Defensive back Charlie Reeves suffered a knee injury in the contest and could be out of action for some time. "I hurt it walking off the field. That's really something. If I'm going to get injured, why couldn't it be in a game," Reeves commented on the sidelines.

Statistics don't always tell the truth. Murray had 211 in the air and 73 on the ground for 284 net total yards. Western Carolina had just 51 in the air and 115 on

the ground for a net of 166, giving the Racers a 118-yard total advantage. That's more than the length of the football field yet the Racers never crossed the endzone.

Gary Brumm had a super game. He caught four passes for 56 yards and led the reception department. Bernie Behrendt had four passes for 49 yards and Doug Sanders four for 39 yards. Willie DeLoach had two for 26 and Larry Foxwell two for 21.

A few months ago, Chuck Wempel was sitting in a wheelchair with both knees in casts. Saturday, he had seven tackles and three assists to lead in the defensive stats. Jay Waddle had five and one, Les Stinnett four and four, Mark Hickman five and four and Al Martin two and four.

What about those guys that play with pain and nobody ever knows about it? Well, early in the game, Bruce Walker, who set a school record last year with eight interceptions, broke his finger. But it didn't phase him because he came right back out and joined the action.

THE RACER OFFENSE — Emodi Amagula, a former soccer player for the Racers and a Nigerian soccer-style kicker, had three field goals in the contest for the only Murray points in the loss to the Catamounts. He's only a junior so he'll be back again next year.

(Staff Photos by Mike Brandon)

Red Sox Lose Rice For Race Down Homestretch

By FRED ROTHENBERG
AP Sports Writer

The Baltimore Orioles are a September club and if the Boston Red Sox are going to be an October club, they'll have to do it without Jim Rice.

Rice, the rookie sensation who ranks second in the American League with 102 RBI, suffered a broken left hand in Sunday's 6-5 Boston victory over the Detroit Tigers. He will be out for the rest of the season.

Whether that season lasts beyond the regular schedule and then beyond the AL playoffs is up to other Red Sox players. Not Jim Rice.

And whether Baltimore's September surge will lead to Octo-

ber glory is also up to the Red Sox.

"We should have been playing like this all year," said Brooks Robinson after the Orioles blanked Milwaukee 3-0 as Mike Torrez notched his 20th victory with a two-hitter. "The guys seem to get turned on in September. But it might be too late this year."

Today, the Red Sox are 3 1/2 games up on the Orioles, needing any combination of Boston victories and Baltimore losses totaling five to win the AL East title.

But capturing the title will be more difficult without Rice, a poised, 22-year-old with a .309 batting average and 22 home runs.

The young outfielder was injured by a Vern Ruhle pitch in the second inning. He stayed in the game, batting twice before the pain got to him. He was then taken to Detroit's Ford Hospital, where a hospital spokesman said he had a broken fourth metacarpal. His hand was placed in a cast.

With Rice out, the Red Sox, who rallied for Sunday's victory on Denny Doyle's bases-loaded, two-run double in the ninth inning, were quick to locate some additional batting help. They acquired journeyman Deron Johnson from the Chicago White Sox.

Meanwhile, the Orioles continued applying pressure to the Red Sox, winning their 14th game in their last 17.

Ellie Hendricks knocked in two runs to back Torrez, who issued two walks and didn't permit a runner past second. Torrez, part of Baltimore's bounty — along with Ken Singleton — in the preseason deal with the Montreal Expos, has lost eight times.

He joined Jim Palmer, Catfish Hunter, Vida Blue, Jim

Kaat and Tom Seaver in this season's 20-game club.

Royals 2, A's 1
Tonight could be the night when Oakland officially wins its fifth straight AL West crown.

"The division race is over," said A's Manager Alvin Dark after his A's dropped a 2-1 decision to second-place Kansas City. "It's not for sure, of course, but it's over."

The A's, ahead by seven games, need only one victory or one Kansas City loss to bust open the champagne. Kansas City hosts Texas and Oakland is home to Minnesota.

Yankees 2-11, Indians 3-5
Bobby Bonds showed his all-around ability for a record third straight year.

He belted homers in both games of the doubleheader to become the first player to hit 30 homers and steal 30 bases in

three straight seasons.

Besides Bonds' contribution, Roy White drove in four runs with a home run and a pair of doubles in the second-game victory.

The Indians won the first game 3-2 on the pitching of rookie Rick Waits and reliever Dave LaRoche.

Rangers 8, White Sox 2
Wilbur Wood became a 20-game loser, giving up four hits — home runs to Jeff Burroughs, Jim Fregosi, Dave Nelson and Mike Hargrove. Gaylord Perry, 17-17, pitched a six-hitter.

Angels 5, Twins 2
Lee Stantien had four hits, drove in three runs and scored one run to raise his RBI total to 80. Ed Figueroa, who posted his fourth straight victory and 16th of the year, was removed from the game after six innings when his arm stiffened.

Womens' Tennis Team Wins Three Matches

By PATSY J. BEAUCHAMP
Ledges & Times Sports Writer

There are a lot of new faces on the Murray State Women's tennis team this year. What is not new for Coach Nita Head's team is the usual "come-back" ability that is so oftentimes displayed by Racer athletes.

In the quadrangular match played this past weekend, Murray State easily won over Vanderbilt and the University of Louisville by identical scores 9-0. But the last match proved a bit more difficult than the first two. MSU was tied 4-4 with Southwest Missouri with the final and deciding match still being played. Things did not look good for Murray's No. 1 doubles team of Sindy and Sandy Macovik as SWMO's Terry Plattenberg and Jodie Adams were leading 4-0 in the third set. This didn't seem to disturb the Macovik duo as they won six straight games to capture the set and match-to

give Murray a 5-4 victory over Southwest Missouri.

Freshman Karen Weis, last week's Kentucky Hardcourt champ and MSU's No. 1 singles player, easily defeated SWMO's Terry Plattenberg 6-2, 6-2. Other individual scores were: Jodie Adams SWMO def. Sindy Macovik 3-6, 7-5, 6-1. Sandy Macovik MSU def. Eva Dyer 6-

0, 6-1; Mary Gray SWMO def. Linda Spellman 6-0, 7-5; Judy Sherrell MSU def. Becky Hacker 6-2, 6-1; Margaret May MSU def. Patty Noonan 6-1, 6-2.

In doubles, Macovik-Macovik MSU def. Plattenberg-Adams 5-7, 6-1, 6-4; Gray-Dyer SWMO def. Weis-Shirrell; Hacker-Noonan SWMO def. Lynn Martin-Leanne Owen 7-6, 6-1. MSU was the overall winner having three wins and no losses. Other team results: U of L def. Vanderbilt 5-4; Southwest Missouri def. U of L 9-0 and Vanderbilt 8-1.

Murray State will play SIU at Carbondale Sept. 22.

TENNIS
BAESTAD, Sweden — Sweden moved into the finals of the Davis Cup against either Czechoslovakia or Australia as Birger Andersson clinched the 4-1 triumph of a best-of-five series against Chile with a 6-3, 14-12, 6-1 win over Patricio Cornejo.

Sent Home
INDIANAPOLIS (AP) — Brian McDonald, right winger for the World Hockey Association's Indianapolis Racers, has been sent home until he recovers completely from knee surgery, club officials reported.

Racers Coach Gerry Moore, at the opening day Sunday of training camp, said it was uncertain when McDonald might be ready for action. Otherwise, Moore reported his team in excellent shape for the 1975-76 season.

THAT'S A FACEMASK — For the amateur football fan who doesn't know what a facemask penalty is, here it is. A Western Carolina defensive man grabs Art Kennedy (20) of the Racers by the facemask and that's a no-no. Other Racers in the picture are Bernie Behrendt (32), Gary Brumm (81) and Dan Hutchison (64).

AFTER THE SHOOT-OUT? — It looks like a scene for an old western where all the cowboys are lying around dead but actually it's Eddie McFarland of the Racers who had just picked off a pass and has been tackled. Other Racers are Charlie Reeves (43) and Mark Hickman (23).

Vols And Florida Upset In Non-League Contests

By TOM SALADINO
AP Sports Writer

Tennessee and Florida each suffered disappointing defeats over the weekend but both losing Southeastern Conference football coaches looked to the future with the same objective. "I'm disappointed we lost, but I'm not looking back," said Tennessee Coach Bill Battle after UCLA edged the 10th-ranked Vols 34-28 Saturday in a regionally televised college football contest.

"We fought our guts out," said Battle. "Now we're looking forward to Auburn. Our main objective is winning the SEC." Doug Dickey, whose 14th-ranked Florida Gators dropped an 8-7 decision to North Carolina State, said, "We will just have to regroup and just be happy this wasn't a Southeastern Conference game."

Both clubs open the SEC race Saturday with tough opponents. Auburn is at Tennessee and Florida travels to Jackson, Miss., to meet Mississippi State. Auburn remains winless after a 10-10 tie with Baylor Saturday while Mississippi State was upset by Georgia 28-6.

In other games involving SEC schools, Alabama returned to its accustomed winning ways with a 56-0 conquest of Clemson, Kansas edged Kentucky 14-10, Texas A&M routed Louisiana State 39-6, Tulane trimmed Mississippi 14-3 and Vanderbilt remained the only unbeaten SEC team with a 9-6 victory over Rice.

Among area independents, Georgia Tech defeated Miami of Florida 38-23, Bowling Green nipped Southern Mississippi 16-14, Drake bombed Louisville 31-7, Florida State stopped Utah State 17-3, Cincinnati upset Memphis State 13-3 and Eastern Michigan defeated Northeast Louisiana State 27-24.

Tennessee almost pulled out the victory on the West Coast when the Vols scored with 7:37 left to pull within six points, and reached UCLA's 29-yard line with 25 seconds left. However, quarterback Randy Wallace was then thrown for a 16-

yard loss and a Wallace pass was intercepted as time ran out.

"We had our chances to win," said Battle. "But penalties, fumbles and dropped passes kept us from scoring touchdowns we should have had."

A 38-yard scoring pass from Dave Buckley to Elijah Marshall and a two-point conversion run by John Evans pulled out North Carolina State's victory over Florida.

"We considered going for the tie, but we decided to go for the win," said State Coach Lou Holtz.

Auburn went ahead 10-0 in the opening period when Kim Sellers-raced 44 yards with a blocked punt for a touchdown and Chris Wilson added a 20-yard field goal. But Baylor got even in the final period when Ronnie Lee caught a two-yard TD pass.

Former quarterback Dickie Clark, who lost his job in last season's opener against Mississippi State, got his revenge Saturday. Clark, now a defensive end, picked off an errant pass and ran 71 yards for a touchdown to trigger Georgia's victory.

Alabama's wishbone blasted out 437 yards in the rout of Clemson to return to winning ways after being upset by Missouri 20-7 in its opener.

Coach Paul "Bear" Bryant called it "the beginning of our second season." Sophomore fullback Johnny Davis led the attack with 98 rushing yards and one touchdown. Willie Shelby added 65 yards and two

TDs.

Kansas came back from a 107 deficit in the final quarter to edge Kentucky on Laverne Smith's 10-yard scoring run. The Wildcats got a four-yard TD from Derrick Ramsey and John Pierce's 47-yard field goal.

"This will be a tough one to shake off," said LSU Coach Charlie McClendon after being routed by Texas A&M. LSU accumulated only seven first downs and 114 yards and failed to score until the final quarter.

Quarterback Bubby Gilbert connected on touchdown passes of 52 and 6 yards in Tulane's victory and linebacker Jim Gueno keyed the defense with 13 tackles, nine unassisted.

Mark Adams kicked three

field goals for Vanderbilt to account for the Commodores' scoring. His 25-yarder with 28 seconds remaining was good enough for the victory.

Saturday's schedule among SEC schools includes: Alabama at Vanderbilt, Auburn at Tennessee, Florida vs. Mississippi State, at Jackson, Georgia at South Carolina, Maryland at Kentucky, Rice vs. LSU at Shreveport and Southern Miss at Ole Miss.

Miami hosts No. 1 Oklahoma Friday night among area independents. Saturday games include Iowa State at Florida State, Clemson at Georgia Tech, Cincinnati at Louisville, Arkansas State at Memphis State, Drake at Northeast Louisiana and Syracuse at Tulane.

Patriots' Offense Was On Strike In First Game

By BRUCE LOWITT
AP Sports Writer

Maybe the New England Patriots were still on strike.

At least, their offense was on Sunday. The Pats, whose strike a week ago precipitated a week of division in the National Football League and resulted in four other club walkouts, round-the-clock contract negotiations and the near-cancellation of the first weekend of games, played football like the rest of the clubs.

On second thought, not quite. They played — but they didn't score. Neither did Houston's offense — but the Oilers, thanks to safety Willie Gernamy's 48-yard sprint with a Mack Herron fumble in the first period, beat New England 7-0.

The only other team that played but didn't score was San Diego. But the Chargers could be forgiven. They had the unenviable task of opening the season against Pittsburgh, the defending Super Bowl champion.

The Steelers started the 1975 season with the kind of defense that resulted in the 1974 title, silencing San Diego 37-0.

Three of the other striking teams fared better than the Patriots. Washington rolled over New Orleans 41-3, Detroit ripped Green Bay 30-16 and the New York Giants defeated Philadelphia 23-14. The fourth striking club, the New York Jets, were clubbed 42-14 by Buffalo.

In Sunday's other games, Dallas surprised Los Angeles 18-7, Denver outlasted Kansas City 37-33, Cincinnati held off Cleveland 24-17, Baltimore throttled Chicago 35-7, Minnesota beat San Francisco 27-17 and St. Louis fought off Atlanta 23-20.

In tonight's nationally televised game, Oakland is at Miami.

What might have happened if the Pats had quarterback Jim Plunkett is a matter for conjecture. With Plunkett sidelined by a shoulder separation, young Neil Graff had to try to do the job. He didn't succeed, passing

for only 95 yards and repeatedly failing to connect on the long tosses.

Steelers 37, Chargers 0
"We came out smokin' today," said Pittsburgh's Terry Bradshaw, who completed 21 of 28 passes for 219 yards. Among them was a 40-yard bomb to Frank Lewis and a 38-yarder to John Stallworth, both for touchdowns.

Redskins 41, Saints 3
Quarterback Billy Kilmer, one of the most vocal supporters of Washington's walkout, unleashed four touchdown passes, two to Charley Taylor and one each to Jerry Smith and Ralph Nelson.

"I went out on a limb for something I believed in," he said of the strike, "so you know that I wanted to play good."

Lions 30, Packers 16
"Breaking into pro football this way is kind of tough," said Green Bay's rookie punter, Steve Broussard, who had three of his punts blocked and turned into Detroit touchdowns that ruined Bart Starr's debut as the Packers' head coach.

Levi Johnson blocked two, recovering one in the end zone and enabling Larry Ball to pick up the second and run 34 yards for a touchdown.

Giants 23, Eagles 14
"Sure, we lost a day, but we were prepared," Giants Coach Bill Arnsparger said of his team's brief walkout last week. New York beat the Eagles on two short second-quarter touchdowns swooped by running back Ron Johnson and George Hunt's 41-yard field goal with 4:45 left in the game. Philadelphia got two touchdown passes, one apiece by Mike Boryla and Roman Gabriel.

Bills 42, Jets 14
The Jets missed two days of workouts — and also missed their last exhibition when New England went on strike. On Sunday, they missed O.J. Simpson, Joe Ferguson and just about everything else the Bills threw at them.

"It's tough to go two weeks without playing a game and it's a huge handicap missing those

days of practice," said Simpson, who scored two touchdowns and rushed for 173 yards. He also had 73 rushing yards wiped out by penalties against his teammates.

Ferguson passed for two touchdowns and ran for a third on a busted play. New York's Joe Namath also passed for two scores but was intercepted four times.

Cowboys 18, Rams 7
"Oh man, was the defense super," Cowboys Coach Tom Landry shouted after Dallas intercepted Rams' quarterback James Harris three times and held Los Angeles to only 20 yards passing.

Toni Fritsch kicked four field goals in the lopsided game. Broncos 37, Chiefs 33
Billy Van Heusen grabbed a Charley Johnson touchdown pass with 1:49 left, capping a two-touchdown burst that boosted Denver past Kansas City and spoiled the debut of Chiefs' Coach Paul Wiggin.

Bengals 24, Browns 17
Ken Anderson completed 17 of 27 passes for 287 yards, including 16 yards to Isaac Curtis for a touchdown, and Boobie Clark and Lenvil Elliott rushed for scores as the Bengals beat Cleveland and the Browns' new coach, Forrest Gregg.

Colts 35, Bears 7
Bert Jones hit Glenn Doughty with a pair of scoring passes and Don McCauley scored two touchdowns in the Colts' rout of Chicago.

It was a success for Baltimore's new coach, Ted Marchibroda, and a disaster for Jack Pardee, new coach of the Bears.

Vikings 27, 49ers 17
Running backs Brent McManahan and Chuck Foreman scored fourth-quarter touchdowns to lead the defending NFC champion Vikings past San Francisco.

Cardinals 23, Falcons 20
"You're out there all afternoon — 59 minutes — and it comes down to this. All I can do is go out there and do my best," St. Louis' Jim Bakken said after his 25-yard field goal at the final gun wrecked the Falcons' upset hopes.

lead on a two-run double by Dick Allen and a run-scoring double and sacrifice fly by Mike Anderson. Dick Ruthven, 2-2, checked the Mets until the seventh when McGraw came on to earn his 14th save, but not before giving up a two-run homer to Ron Hodges in the ninth.

Reds 3, Braves 0
Left-hander Don Gullett, 14-4, and Rawley Eastwick combined on a two-hitter and Ken Griffey belted a two-run homer in the first for Cincinnati. Griffey's homer was his fourth of the season and came off Phil Niekro, 15-14. Dan Driessen doubled home the third Reds'

run in the sixth. Astros 4, Dodgers 1
J.R. Richard held Los Angeles to eight hits and contributed a two-run single for Houston. Richard, 12-9, bested Rick Rhoden, 3-3.

Giants 2, Padres 1
John Montefusco hurled a five-hitter to raise his record to 14-9, the most victories for a Giant rookie since Larry Janzen won 21 games in 1947. Brent Strom, 8-7, took the loss.

Even an optimist like Phil's reliever Tug McGraw admits things look bleak for his club.

"We'll go out and play and hope to make it interesting," said McGraw, "but we'll be fortunate if we win."

Of course the Pirates could lose the next three games and still take the title, but that's not quite the way they want to do it.

"I think it would be something special to clinch it against the Phillies," said Pittsburgh second baseman Rennie Stennett. "They're the team that is chasing us and they're the team we have to beat."

"And I'm sure our fans would like us to clinch it against the Phillies. I don't think they like them too much, just like the Phillie fans don't like us."

The Pirates turned in a come-from-behind 5-3 victory over St. Louis Sunday while the Phils beat New York 4-2. That left the Bucs six games ahead with seven to play.

Elsewhere in the NL, Cincinnati blanked Atlanta 3-0, Houston defeated Los Angeles 4-1, San Francisco edged San Diego 2-1 and Montreal shaded Chicago 5-4.

St. Louis right-hander Bob Forsch took a two-hitter and a 3-1 lead into the bottom of the eighth but left in favor of Mike Wallace after Manny Sanguillen led off with a single. Wallace walked — Bob Robertson and gave way to Mike Garman. Then the Bucs got serious.

Pinch-hitter Willie Randolph singled for one run, Garman threw Stennett's bunt away for another, Richie Hebner hit a sacrifice fly for a third and Al Oliver capped the rally with an RBI single.

The Phils won their ballgame with less drama, building a 4-0

run in the sixth. Oakland is basically the same team entering the contest, nationally televised at 9 p.m. EDT. Dave Dalby replaces the retired Jim Otto at center. Monte Johnson moves in at middle linebacker for Dan Conners, who was cut, and linebacker Ted Hendricks has been added.

But Shula has watched the World Football League, trades and injuries drastically alter the unit which was shooting for a fourth straight Super Bowl appearance when it ran into Oakland last December.

Gone to the WFL are fullback Larry Csonka, wide receiver Paul Warfield and running back Jim Kluck.

Traded or cut are wide receiver Marlin Briscoe, tight end Marv Fleming, defensive backs Henry Stuckey and Lloyd Mumphord, linebackers Bruce Bannon and Larry Ball, defensive lineman Maulty Moore and offensive linemen Doug Crusan,

Irv Goode and Tom Funchess. Out for the season with injuries are safety Dick Anderson, linebacker Nick Buoniconti and defensive tackle Bob Heinz. Defensive tackle Manny Fernandez will be out at least two more weeks with a sprained ankle, and safety Jake Scott and defensive end Bill Stanfill, coming back from injuries, are doubtful performers tonight.

Despite all that, the Dolphins managed to compile a 5-1 exhibition record, the same as Oakland. It was Miami's best pre-season record in its 10-year history.

But tonight's game is the first one that counts and will prove whether the offense can move with Don Nottingham and Norm Bulach sharing Conka's post and with Nat Moore filling Warfield's shoes.

It also will test a defense that must rely on second-year defensive linemen Randy Crowder and Don Reese, Mike Kolen in the middle instead of his familiar outside linebacking spot, and rookie Barry Hill in Anderson's safety position.

Oakland quarterback Ken Stabler raked the Dolphins' defense for four touchdown passes in the playoff game.

Bucs' Magic Number Reduced To Just One

By HOWARD SMITH
AP Sports Writer

It boils down to this: Pittsburgh plays Philadelphia the next three nights. All the Pirates have to do is win one of those games and they win the National League East Division title.

Even an optimist like Phil's reliever Tug McGraw admits things look bleak for his club.

"We'll go out and play and hope to make it interesting," said McGraw, "but we'll be fortunate if we win."

Of course the Pirates could lose the next three games and still take the title, but that's not quite the way they want to do it.

"I think it would be something special to clinch it against the Phillies," said Pittsburgh second baseman Rennie Stennett. "They're the team that is chasing us and they're the team we have to beat."

"And I'm sure our fans would like us to clinch it against the Phillies. I don't think they like them too much, just like the Phillie fans don't like us."

The Pirates turned in a come-from-behind 5-3 victory over St. Louis Sunday while the Phils beat New York 4-2. That left the Bucs six games ahead with seven to play.

Elsewhere in the NL, Cincinnati blanked Atlanta 3-0, Houston defeated Los Angeles 4-1, San Francisco edged San Diego 2-1 and Montreal shaded Chicago 5-4.

Marshall Coach Having Problems With Offense

HUNTINGTON, W.Va. (AP) — Marshall University football coach Frank Ellwood has a sore stomach and a three-game losing streak as a result of Marshall's 19-16 loss to Morehead State Saturday night.

"We just can't establish any consistency on offense," Ellwood moaned after his team was beaten on a last-second field goal by Morehead's Laird Johnson. "We got a spark going, then just fell apart."

"It hurts, I tell you. My stomach hurts."

The loss was Marshall's 12th straight and third in a row since Ellwood took over the reins this season.

The Thundering Herd hasn't won since the second game of the 1974 campaign, which also saw Marshall lose two games by a last-second field goal.

But while Ellwood nurses his sore stomach this week, Johnson, a sophomore from Reston, Va., will be the toast of the town in Morehead, Ky.

"It wasn't a good kick," Johnson said Saturday night after his 38 yard field goal provided his team with a season-opening victory. "But I had confidence. That's the important thing."

The kick, which came with one second left, was Johnson's second field goal of the game. He also booted a 39-yarder in the first half.

So, while Johnson enjoys his hero's role, Ellwood must go back to the drawing board to prepare for next Saturday night's game here with Illinois State. And a look at last Saturday's statistics will show why he has his work cut out for him — and why he can be thankful he's seen the last of Vic Williams.

While Marshall outgained Morehead 252 yards to 209, the Thundering Herd gave up the ball no less than six times on mistakes, including four fumbles and two interceptions.

Both interceptions were grabbed by Morehead's Williams, an All-Ohio Valley Conference cornerback. He also recovered a fumble and blocked another pass.

Dolphins To Get Test With Raiders Tonight

MIAMI (AP) — Don Shula will find out how good his rebuilt Miami Dolphins are tonight in a National Football League season-opening test against the Oakland Raiders, which stopped Miami 28-26 in last year's playoffs.

Oakland is basically the same team entering the contest, nationally televised at 9 p.m. EDT. Dave Dalby replaces the retired Jim Otto at center. Monte Johnson moves in at middle linebacker for Dan Conners, who was cut, and linebacker Ted Hendricks has been added.

But Shula has watched the World Football League, trades and injuries drastically alter the unit which was shooting for a fourth straight Super Bowl appearance when it ran into Oakland last December.

Gone to the WFL are fullback Larry Csonka, wide receiver Paul Warfield and running back Jim Kluck.

From The County Agent

Don't Guess —Forage Test

By Ted Howard
Agriculture Agent
High quality forage is the key to profitable production of milk and meat in Calloway County. More nutrients can generally be produced at less cost in forage form than in concentrates such as grain and oil meals. Forage is a very necessary part of the dairy cow ration, if she is to have a healthy digestive tract, stay on feed, and maintain a satisfactory milk fat test. The Forage Analysis Program is designed to help improve forage quality and feeding programs. Proper use of this service can markedly increase net returns on most dairy and livestock farms.

It costs very little, if any more, to produce high quality forage than low quality forage. However variation in nutrient content of forages is astounding. For example, there may

be as much as a three-fold difference between the high and low protein levels in the hay or corn silage samples analyzed in Kentucky during the past few years. It is important to know the moisture content of corn silage since as little as 3 per cent variation in moisture content causes the feeding value of the silage to vary in opposite direction by 10 per cent or more.

It is important to get a representative sample if the forage testing is to be the most useful. With hay samples it is necessary to have a forage sampling tool. We have one in the office, and we will be glad to loan it to you. In taking hay samples, select about 12 bales from random areas of the hay barn. First cutting should be sampled separately from succeeding crops unless all are fed simultaneously. Silage samples should be taken after three or four feet of silage has been fed. It is best to take samples by digging into the silage at about twelve different locations. If taken from an unloader, let it run a while to get a representative moisture determination.

Forage analysis is necessary to select the optimum least-cost concentrate formula needed to offset the protein and energy deficiencies in your forage. It also enables dairymen to obtain more accurate grain feeding recommendations for individual cows on monthly DHIA reports. We have the forage sample bags at our office, and will be glad to assist you in getting this chore done.

GIANT TRACTOR — Thirteen-year-old Clayton Griffith operates one of the largest if not the record largest tractors to ever operate in this area. The tractor, owned by his father, Lonzo, has four-wheel drive and many comforts of home including a cab complete with air-conditioning, stereo radio and tape player, power steering, tilt seat and steering wheel and other comforts for the driver. It turns 215 hp (factory listing) and is shown pulling a 28 ft. disc. The tractor, ordered from J. D. Equipment Co. in Mayfield, has a 466 cubic inch turbocharged and intercooled diesel engine.

4-H Pride Makes Things Happen

By FRED GILLUM
4-H Extension Agent

The purpose of the Community Pride Program is to motivate young people and their leaders to a greater awareness of their natural and social environment and to create a desire to improve it. Yes, Community Pride is the Community Development Program of 4-H.

4-H Community Pride is more than just picking up litter along the roadside or recycling paper, although some litter-lifting and paper packing goes on. It is more like finding out what problems our community has and getting people together to do something about them.

This past week Gilbert Sears, Area Resource Development Specialist, and I attended a State-Wide Workshop on Community Pride. At this meeting, many different Community Pride Projects were presented. Our own Junk Car Removal Program that the Fiscal Court and 4-H and Homemakers sponsored was also presented.

This past year thirteen-thousand young people participated in this dynamic new 4-H program.

The learning experiences offered to young people in this Program are unlimited. Youth learn process that help them understand our community, county, government, etc. By

processes, I mean they learn community process, decision making process. All of the processes that are used to accomplish goals.

Community Price Programs will be making a real contribution in the coming year's activities. An Area-Wide Workshop for leaders and 4-Hers is in the planning stages and will probably be held in November or early December. A Bicentennial Community Pride Theme was adopted by the Purchase Area 4-H Council to be used in the coming year.

This is a great program, and adults and teens who are interested in working on a Community Action Program are needed. If you would like to become involved, please call me at the County 4-H Office at 209 Maple, 753-1452.

Ideas For Club & County Bicentennial Involvement (Thanks To the IOWA 4-H Newsletter)

1. Set up a community craft workshop to encourage youth and adults to recapture pride in homemade work—quilting, weaving, curing meat, churning butter, wood carving, patchwork, hand husking, syrup making, soap making, canning, etc.
2. Have youth tape-record older community members as they reminisce about their earlier days. Youth can write up these sessions in the form of newspapers or books, using their own artwork and style. Community members, family members, and historical societies are interested in these recollections of the past.
3. Have your club look at early American documents—the Declaration of Independence, the Constitution, the Bill of Rights. How do youth see America today in relation to these important documents.
4. Have club members collect old letters, photos, diaries, artifacts. Have them look in attics, basements, garages, barns, dumps, etc. When many people assembly evidence, local

historians can often fill in gaps in a community's history. You may want to make a display for your community library.

5. Study the settling of your community or county. Where did early settlers come from? Why did they choose your locale? Where are the earliest remaining buildings? What other evidence remains of early pioneers. Members may want to write down their family trees.

6. What about a pageant centering on the history of 4-H in your county? It could be included in your county fair, your awards night, your leaders' banquet, or wherever else it might fit.

7. As your club decides upon a community project, consider a Bicentennial theme—preservation of historical sites, identification of landmarks, writing a history of 4-H in your county, restoration of cemeteries, planting trees and shrubs for the future, etc.

8. As you consider trips or exchanges during the Bicentennial years, remember there are points of historical interest throughout Kentucky. A weekend or week long trip can be developed for a particular part of the state.

9. Honor early citizens of your community. You may want to look particularly at those people who have had an impact on your county's 4-H program.

What Is Money?

By Barletta Wrather
County Home Ec. Agent

MONEY - What is money? Money is standard pieces of gold, silver, copper, nickel or paper stamped by government authority and used as a means of trading or exchange.

Money is used to buy or trade for things you cannot or do not want to make for yourself. Money is earned in exchange for skills or services or received as gift. Money is a resource which is exchanged for work done or given as a gift.

TYPES OF MONEY - CASH (coins, paper money); **CHECKS** (personal, bank, payroll, travelers); **CREDIT CARDS**.

Money Can Be Spent On: Goods or Merchandise: toys, food, cars, clothes. Services: doctor, teacher, plumber. Entertainment: movies, ball games, bowling. Travel: tolls, bus fares, gas.

HOW YOU GET MONEY - Money is worth what it takes to get it. When a person brings home a paycheck, he has traded many hours of hard work for money. Even if he didn't have to work for it, somebody else did. He uses this money to buy the things he wants and needs. If he is a smart shopper and a wise consumer he can make his money go a long way.

Have you ever bought things just to be spending your money? What did you buy? You have a lot of choices and probably only a limited amount of money to spend, so you must be wise about your purchase. Your consumer choices are set by what you see on TV, in newspapers, in store windows, and items you see your friends have purchased. Here are some questions to ask yourself before you buy: 1. Do I need this new thing? 2. Can I afford it? 3. Will this purchase take too much of my money? 4. Would I rather have something else? 5. Will it last as long as I want it to last? 6. Is it the best item for the purpose? 7. Where can I buy it?

Ky. Farm Bureau Federation

By Gary Huddleston
During the past four to six weeks, a heated dispute has been going on among farmers, federal officials and union leaders over the sales and shipment of U. S. grain to Russia.

But, until very recently, most press coverage given the subject has portrayed the controversy as one involving just George Meany, his affiliated maritime unionists and

President Ford. Farm spokesmen have tried valiantly to get their viewpoint across to the media, but have, at least in the Kentucky area, been virtually ignored.

Meany, on the other hand, has been decorating the television newscasts and page one headlines on a frustratingly regular basis.

Particularly insulting to farmers was the recent announcement in Washington that a long-term grain-sale arrangement will be formulated between us and the Soviets. The announcement was made after a meeting of union leaders and federal labor officials.

No farmers, or no Agriculture Department representatives, were present when this significant food policy decision was made.

"With union bosses and the politicians divvying up the food," one farmer said later, "it makes me wonder how they would look sitting on the tractor seat next year. If they keep playing games with this year's surplus, big grain crops will go out of style, fast."

At the core of the grain export

issue is the question of surplus production. Consumers have a vital stake in getting the grain produced, while farmers' main concern is getting it sold.

But the fact that the laborites, federal officials and news reporters have often overlooked is that both concerns, producing grain and selling grain, are tied together inseparably.

If the farmers are allowed to sell what they have, at a reasonable profit, they will continue to produce that much more in future years. If they can't sell their current crop, then next year's crop will be reduced.

Americans are very frustrated with retail prices, mainly because they move in only one direction — UP. This frustration is easily tapped by labor demagogues who seek to blame farmers, and farm product exports, for rising food prices.

But government analysts tell us that of the expected 9 per cent increase in food prices this year, only 1.5 per cent increase can be attributed to selling grain overseas. The other 7.5 per cent will be caused by increased transportation and LABOR costs, a fact the ever-belligerent Mr. Meany never mentions.

Perhaps this politically volatile farmer- vs. union dispute was best summed up in a recent far-sponsored full-page advertisement in the Louisville Courier-Journal.

Noting the depressing impact of the current grain export embargo on farm prices, the ad copy reads, "The only prospect we in America have for another bumper grain crop next year is for farmers to be able to sell this year's crop, at a profit!"

Cutting off customers, Russia or others, from U. S. farm exports does nothing to improve that prospect.

Advisory Council To Meet Tuesday

The Advisory Council for the Adult Vocational Agriculture Program, operated through the Murray-Calloway County Vocational Center, will be held Tuesday, September 23, at 7:30

p. m. at the Vocational Center. The Council is composed of three elected officers along with the officers of the Young-Adult Farmer class, the three Adult Farmer classes, and representatives from both the Murray Independent and Calloway County Boards of Education.

Four classes are conducted annually at the Vocational Center between the months of November and April for farmers and those interested in farming in Calloway County. The 1975-76 classes will be taught by Jamie Potts.

The classes are organized by communities. Prior to the 1974-75 class year, the classes were conducted in the communities of Kirksey, Lynn Grove, New Concord, and the county-wide Young-Adult class was held at

Calloway County High School. The classes are still identified by the community names.

The Advisory Council will meet to discuss and make plans for the 1975-76 instructional program.

The council members are: Chairman, Ollie Hall, Kirksey Class; Vice-Chairman, Rob McCallon, Young - Adult class; Secretary, Jim Stahler, Young - Adult class; Members are: Max Workman, Carroll M. Rogers, Hyland Darnell, Lynn Grove Class; Bill Edd Hendon, Bobby Spiceland, and Harold Houston of the New Concord class; Clinton Burchett, Charles Tucker, and John Tucker of the Kirksey Class; Carves Paschall, Billy Adams, Sherrill Gargus of the Young-Adult class; and one member from each Board of Education.

Potts Named Ag Teacher

Jamie Potts was recently named as teacher of agriculture for the Calloway County Adult Farmer Program conducted through the Murray-Calloway County Area Vocational Education Center. He succeeds Hamp Brooks who started the adult program in Calloway County in 1960. Brooks retired July 1, 1975 after 42 years in education.

Potts is a native of Calloway County and a former high school student of Brooks. He has a B. S. in agriculture and his masters degree in agronomy from Murray State University with graduate work in education at Western Kentucky University and University of Kentucky. He taught vocational agriculture for six years at Farmington High School. He has spent two and one-half years in Frankfort as state supervisor in agribusines education for the State Department of Education. Prior to accepting employment in the adult farmer program, he was field representative in the Murray office of Jackson Purchase Production Credit Association.

Membership is held by Potts in the Kentucky and National Vocational Agriculture Teachers Associations, Kentucky and American Vocational Associations, and in the Calloway County FFA Alumni Association. He is a member of the Seventh and Poplar Church of Christ.

The Potts family presently reside in Murray. His wife is the former Jane Stubblefield from New Concord. They are the parents of two boys, John Mark and David.

"Judges Sleeping Carolma," owned by Krit Stubblefield of Stubblefield Jerseys, Route 5, Murray, was recently named Senior and Grand Champion of the Obion County Fair in Union City, Tn. and the Gibson County Fair in Trenton, Tn. She had previously won honors at several other shows this summer, including first place four year old at the Kentucky State Fair F. F. A. Show in Louisville.

"Dynamos Miss Scarlet Nell," a senior yearling owned by Stubblefield Jerseys of Murray, was Junior Champion at the Obion County Fair in Union City, Tn., and the Gibson County Fair in Trenton, Tn. Krit Stubblefield, was also the winner of the "Youth Showmanship Award," at the Obion County Fair. Krit is a member of the F. F. A. Chapter at Calloway County High School.

Proposal Would Tighten Tax Loopholes

WASHINGTON (AP) — A proposal approved by the House Ways and Means Committee would make it virtually impossible for a wealthy taxpayer to escape federal taxation legally.

The proposal, approved 25 to 8 Thursday, would expand the reach of the minimum tax. It now produces about \$180 million in revenue annually from about 30,000 persons. The panel's changes would produce \$700 million from about 80,000 persons, the committee's tax experts predicted.

The panel adopted the proposal as part of a wide-ranging tax revision bill being drafted for House action later this year.

Existing law provides for a minimum tax of 10 per cent on the total of certain kinds of "tax preference" items above a \$30,000 exemption. Tax preference items include such things

as the special tax treatment of capital gains.

Present law also allows deduction of any regular taxes that the individual may have paid.

The committee-approved proposal would retain the current approach of imposing the minimum tax as a levy to be paid in addition to an individual's regular income tax. But it would make these changes:

- Raise the 10 per cent rate to 14 per cent.
- Cut the \$30,000 exemption to \$20,000. Then even this \$20,000 would be reduced, dollar for dollar as the amount of the tax preference income rises above \$20,000. Thus, someone with \$40,000 in tax preference items would have no exemption.
- The deduction of any regular taxes the person may have paid would be cut in half, so

that only half of such taxes paid could be deducted.

—Added to the list of "tax preferences" would be all itemized deductions above 70 per cent of adjusted gross income.

The panel rejected 27 to 8 a rival proposal, offered by Rep. Joe D. Waggoner Jr., D-La., for a "minimum taxable income."

Under this approach, recommended by President Ford, the minimum taxable income would have been an alternative tax. An individual would have paid it only if his regular income tax was less than the minimum taxable income.

Committee tax experts estimated the Waggoner proposal would have raised \$588 million next year, compared to the \$700 million that would come from the committee-approved proposal.

News In Brief

WASHINGTON (AP) — The price of a gallon of imported fuel oil will drop 1.5 cents as the result of the Ford administration's decision to remove the 60-cents-a-barrel import fee on refined petroleum products, officials say.

Federal Energy Administrator Frank G. Zarb announced the move Sunday and said President Ford will decide soon whether or not to remove a \$2-per-barrel fee on crude oil imports. Dropping the 60-cent fee came as a response to the abrupt lapse in price controls on most domestically produced oil, which could result in higher prices and spur inflation.

WASHINGTON (AP) — A \$6.2-billion appropriation bill is turning out to be a lightning rod that attracts such controversial issues as school busing, the occupational health and safety law and abortions. The debate, which is resuming today, has delayed the measure which Senate leaders had hoped to pass last week and then turn to legislation dealing with natural gas. The bill would provide funds for the Department of Health, Education and Welfare and the Labor Department.

WASHINGTON (AP) — A special federal court is hearing three hours of arguments on Richard M. Nixon's attempt to reclaim ownership of millions of documents and the White House tapes accumulated during his presidency. In the oral arguments today, lawyers for the former president were expected to claim that Nixon has a constitutional right of ownership to the 42 million documents and thousands of hours of tape reels from his administrations.

WASHINGTON (AP) — The long-shot possibility that the Senate intelligence committee would be launching a bid for a 1976 presidential candidacy of Sen. Frank Church appears to have faded. Already months behind its original schedule, the panel is unlikely to finish its task before next year, forcing Church to continue a self-imposed ban on presidential politicking until well into the primaries.

MORRISTOWN, N.J. (AP) — A judge hears arguments today on the request of Joseph T. Quinlan that his adopted daughter be allowed to die. Quinlan filed the suit Sept. 12, seeking court approval to disconnect a hospital's respirator from Karen Ann Quinlan, 21, which would result in her death "within minutes" because it is "God's will," he said. Doctors say the coma was probably caused by an overdose of alcohol and drugs and there is no chance of recovery.

SAN FRANCISCO (AP) — In the wake of the capture of Patricia Hearst, federal investigators are checking for possible links between the Symbionese Liberation Army and terrorist bombings around San Francisco in the last 20 months. FBI Agent-in-charge Charles Bates said evidence — including explosives gathered in connection with the arrests Thursday of Miss Hearst and three comrades — is being compared with evidence on recent Bay area bombings.

MIAMI (AP) — Tropical storm Eloise, which killed 42 people as a hurricane, was expected to be a hurricane again early today as it plowed northward through the Gulf of Mexico for an expected assault somewhere between the Mississippi Delta and Florida's Panhandle. "Conditions favor a further increase in strength to hurricane force this morning," said forecaster Gil Clark at the National Hurricane Center in Miami. "It is quite likely that hurricane warnings will be issued for portions of the northcentral or northeastern Gulf Coast later this morning."

UNITED NATIONS, N.Y. (AP) — Secretary of State Henry A. Kissinger and Soviet Foreign Minister Andrei A. Gromyko have completed another round of nuclear arms talks and plan to meet again in Europe next month after the Kremlin reaches a decision on key unresolved issues. "We clarified each other's views," said Kissinger, summing up Gromyko's talk with President Ford last Thursday and three meetings totaling 11½ hours between the secretary of state and the Soviet foreign minister in Washington and New York.

BEIRUT, Lebanon (AP) — Street fighting exploded again in Beirut's eastern suburbs today despite efforts of high-level Syrian mediators to make a weekend cease-fire effective. Moslem leftists and right-wing Christians fought with machine guns, mortars and grenades. Snipers fired at passersby from rooftops despite a government pledge to hunt them down. Sunday had been a day of comparative calm following agreement on a cease-fire Saturday night.

PARIS (AP) — The chief of a rebel tribe in the north-central African nation of Chad is reported hiding out for supplies instead of cash to ransom French archeologist Françoise Claustre, captured with two other Europeans 17 months ago in a raid on a desert village. Marc Combes, who escaped the rebel camp in a stolen Landrover some time ago, said in a French television interview Sunday that he believed rebel chief Hissen Habre will carry out his threat to shoot Mrs. Claustre on Tuesday if the French government does not meet his terms.

Re-Enactment Made Of 1775 Legislative Session

FORT BOONESBOROUGH, Ky. (AP) — A state legislator says some laws passed in a 1775 pioneer legislative session remain issues in the Kentucky General Assembly today.

State legislators donned pioneer regalia complete with guns and knives Sunday to re-enact that earlier meeting, the first legislative session of a pioneer government west of the Alleghenies.

Rep. Bob Benson, D-Louisville, played Daniel Boone's part; Rep. Adrian Arnold, D-Mount Sterling, played Isaac Hite of Boiling Springs (now Danville), and other legislators took the parts of 18 other representatives of three nearby settlements.

The pioneers from Harrodsburg, Boiling Springs and St. Asaph (now Stanford) met at Fort Boonesborough on May 23, 1775, to form a government.

Virginia believed it owned the area, and the four settlements wanted recognition of Transylvania, which would later become Kentucky, as a separate entity.

The re-enactment of the session drew some 600 to 700 spectators to the replica of the fort Daniel Boone established.

They watched the legislators introduce and pass nine laws: one establishing courts, another regulating a militia, one to punish criminals and one to improve the breed of horses.

Another law banned swearing and Sabbath breaking, one was to preserve the range, another

to preserve wildlife.

"It's kind of funny," said Arnold. "We're still working on most of these."

"And will be again soon," he said, referring to the 1976 General Assembly.

"Yes," said Benson, noting the early efforts of the pioneers to preserve game and range lands, "we're still working on environmental issues."

UCM Luncheon Will Be Wednesday With Special Panel Group

A panel of three members of the Murray State University community will be speakers at this Wednesday's United Campus Ministry luncheon.

The MSU students on the panel will be Tom Hipp, a graduate student in Agricultural Engineering, and Duncan Hart, a freshman, majoring in Radio and TV. Frank Julian, Vice President for Student Development, will be the other panelist.

The panelists will describe student needs as they see them and will discuss the role of the Student Development office in meeting those needs.

The luncheons are held each Wednesday from 12:30 to 1:20 at the UCM at 262-N 15th Street. The public is well as the university community are invited. For information or reservations call 753-3531.

Funerals Funeral Is Today At New Mt. Carmel For Mrs. McCuiston

Mrs. Joe B. (Lizzie) McCuiston of New Concord died Saturday at 2:45 p.m. at the Murray-Calloway County Hospital. She was 87 years of age.

The deceased was preceded in death by her husband, Joe B. McCuiston, on April 1, 1958. She was a member of the New Mt. Carmel Baptist Church, Born November 4, 1887, in Calloway County, she was the daughter of the late David Bucy and Lucy Sreeder Bucy.

Survivors are one daughter, Mrs. Robert (Lucy) Williams, Murray Route Five; three sons, Allen and Bill McCuiston, New Concord, and Woodrow McCuiston, Clarksville, Tenn.; seventeen grandchildren; twenty-seven great grandchildren.

Mrs. McCuiston was preceded in death by one daughter, Miss Alma Thomas, and two sons, Nathan Thomas McCuiston and G. W. McCuiston.

Funeral services are being held today at 1:30 p.m. at the New Mt. Carmel Baptist Church with Rev. Thurman Penick and Rev. Lawson Williamson officiating. The church choir, directed by Freeman Willoughby with Gary McClure as pianist, will have the song service.

Grandsons serving as active and honorary pallbearers are Johnny and Jimmy Williams, Mason, Mac, Danny, Billy, Donald, Larry, Donnie, Jackie, and Chris McCuiston.

Burial will be in the McCuiston Cemetery with the arrangements by the Blalock-Coleman Funeral Home.

Rites Held Today At Funeral Chapel For Mrs. Hutson

Mrs. N. P. (Beatrice C.) Hutson of 1008 Main Street, Murray, died Saturday at 9:20 a.m. at the Murray-Calloway County Hospital. She was 84 years of age, and was preceded in death by husband in 1955.

The Murray woman served on the board of directors of the Hutson Chemical Company. She was a member of the First United Methodist Church, Alice Waters Circle of the United Methodist Women, and the Home Department of the Murray Woman's Club. Born September 6, 1891, in Calloway County, she was the daughter of the late Walter Crisp and Laura Ferguson Crisp.

Mrs. Hutson is survived by one daughter, Mrs. Robert (Betty) Buckingham, 1717 Magnolia, Murray; one son, Dan Hutson, 709 Olive, Murray; one sister, Mrs. Tom Collier, Benton; two brothers, Dwight Crisp, Murray, and Carl Crisp, Almo; one granddaughter, Mrs. Ada Sue Hutson Selwitz; three grandsons, Dan Hutson II and David and Mark Buckingham.

The funeral was held this morning at 10:30 at the chapel of the J. H. Churchill Funeral Home with Dr. James Fisher and Rev. Morrison Galloway officiating. Music was by Ann Doran, soloist, and Bea Farrell, organist.

Active pallbearers were David and Mark Buckingham, Dan Hutson II, James Dale Clopton, Henry Fulton, and Z. C. Enix. Serving as an honorary group were members of the Alice Waters Circle and the Tuesday Bridge Club.

Interment was in the Murray Cemetery.

Mrs. McClain Dies At Local Hospital; Rites Are Today

Mrs. Gussie McClain died Friday evening at the Murray-Calloway County Hospital. She was 73 years of age and a resident of Hardin.

Survivors are one son, John McClain, Chicago, Ill.; one sister, Mrs. Winnie Kruse, Chicago, Ill.; three brothers, Eulous McNeely and Eukley McNeely of Benton Route Five and Sid McNeely of Chicago, Ill.; six grandchildren; nine great grandchildren; one great grandchild.

Funeral services are being held today at one p.m. at the chapel of the Filbeck-Cann Funeral Home, Benton, with Rev. Eura Mathis officiating. Burial will be in the Union Ridge Cemetery.

Lukas Sextet To Appear At Lake Barkley Lodge

Germany, the land of the three B's; Bach, Beethoven, and Brahms, is also celebrated as the land of the waltz. The lilting music of the Lukas Sextet will make an exclusive U.S. appearance in Kentucky. A special tour will bring the band to Lake Barkley State Park on September 24.

This Sextet, which has appeared at celebrations and fairs in all the major cities of West Germany, is flying to Kentucky for a limited engagement which includes a tour of five State Parks. Each Park is planning a special all-German menu to coincide with the appearance of the band. Such delicious foods as Mett sausages, sauerkraut, hot potato salad, and soft pretzels, set the pace for a delightful evening with an international flavor.

Authentic German folk music, waltz, and modern, as well as American "Pop" will be performed under the baton of Lukas Jansen, band director of the Sextet, which has its home base in Lorup. The band wears typical native costumes of the old Hanover state of Northern Germany, affording the public an opportunity to learn something of the cultural life of people from other lands, as well as its influence in our own musical and social heritage.

The cost of the buffet is \$4.95, and will be served from 5:30 p.m. to 7:30 p.m. The band will be playing at intervals in the dining room at this time and the following concert is free.

Eloise Reaches Hurricane Strength Again Early Today

MIAMI (AP) — Tropical Storm Eloise, which killed 42 people as a hurricane last week, became a hurricane again today, aiming its 85 mile-per-hour winds and driving rain at the Florida-Alabama Gulf Coast.

The hurricane was expected to hit the area of Mobile, Ala., and Pensacola, Fla., late today, said Neil Frank, director of the National Hurricane Center in Miami.

Eloise was located some 275 miles south of New Orleans at 8 a.m. EDT.

Hurricane warnings were issued from Grand Island, La., to Apalachicola, Fla.

Eloise was moving north at 14 m.p.h. "and is expected to gradually turn toward the north-northeast this afternoon, with the center reaching the coast in the Mobile-Pensacola area this evening or tonight," said Frank in an 8 a.m. advisory.

"Conditions remain favorable for the hurricane to continue to strengthen before reaching the coast. Gales extend outward 125 miles north of the center."

Tides were expected to be five to eight feet above normal near, or just east, of the point where the eye crosses the coast.

Eloise was a killer hurricane last week when it left 42 dead as it crossed Puerto Rico and the Dominican Republic, but it lost its punch before moving over the tip of Mexico's Yucatan Peninsula late Saturday.

"As soon as it got over open water again, Eloise started to slowly regain strength," a spokesman said. "The water temperatures in the Gulf are quite warm, and we see no reason why it shouldn't get stronger."

Meanwhile, tropical storm Faye posed no danger to land for the next several days as its 45 m.p.h. winds blew in the open Atlantic about 750 miles east-northeast of the Leeward Islands.

MSU Debaters Prepare For New Season

The MSU debate team is busily preparing for another successful year of intercollegiate competition. This year's squad will begin its season with the traditional jaunt to Murrressboro, Tenn., to participate in the 10th annual Earlybird Debate Classic. The Murray representatives will depart on the afternoon of October 1 for the three day opener.

Dr. Jerry Mayes, director of debate, at MSU indicated extreme optimism on the eve of the debate season. Dr. Mayes was particularly complimentary of a new freshman from Shepardsville. Ike Thacker, a freshman presidential scholar and outstanding high school debater, is expected to contribute greatly in this year's success. Joining Thacker will be Keith Russell, a senior from Belleville, Ill., and John Riley, a sophomore from Murray. Russell and Riley were very successful last year and are expected to improve even more this year.

MSU's debate program is open to any undergraduate with an interest in travel, competition, hard work, and fun. The team will participate in seven tournaments this semester. Anyone interested in the inter-collegiate program should contact Dr. Jerry Mayes, director of forensics, at 782-4731 or Steve Johnson, graduate debate assistant, at 782-4484.

Revival Services At Grace Church

The revival services at the Grace Baptist Church will continue through Sunday, September 28, with the pastor, Rev. R. J. Burpoe, speaking each day this week at two p.m. and 7:30 p.m.

Directing the song service is Leland Peeler with Dwane Jones as the organist and Mrs. Terry Downing as the pianist. The public is invited to attend the services at the church located on South Ninth Extended, Murray.

Stock Market

NEW YORK (AP) — The stock market was mixed today with profit takers reining in the sharp rally of the past two sessions.

The Dow Jones average of 30 industrials, up 30.74 in the surge of buying Thursday and Friday, had tailed off 2.04 to 827.75 by noon today. But gainers maintained a 3-2 edge on losers at the New York Stock Exchange.

Brokers noted that the move to cash in on some profits came along with a slight firming in some key short term interest rates. A decline in rates was a major contributor to last week's gains in the stock market.

The NYSE's composite index of all its listed common stocks was down .02 at 45.51. On the American Stock Exchange, the market value index rose .17 to 84.73.

Prices of stock of local interest at noon, EDT, today, furnished to the Ledger & Times by First of Michigan, Corp., of Murray, are as follows:

U. S. Homes	5 1/4
Kaufman & Broad	7 1/2
Ponderosa Systems	9 1/4
Kimberly Clark	29 1/2
Union Carbide	59 1/4

Singer	12 1/4
Tappan	9 1/4
Walt. Union	12 1/4
Zenith	22 1/4

Debate Delays Passage Of \$36.2 Billion Appropriation

WASHINGTON (AP) — A \$36.2 billion appropriation bill is turning out to be a lightning rod that attracts such controversial issues as school busing, the occupational health and safety law and abortions.

The debate, which is resuming today, has delayed the measure which Senate leaders had hoped to pass last week and then turn to legislation dealing with natural gas. The bill would provide funds for the Department of Health, Education and Welfare and the Labor Department.

Sen. Robert C. Byrd of West Virginia, the Democratic whip, says a new antibusing amendment being offered by him would prevent HEW from using the threat of withholding funds to force schools to initiate busing to achieve racial balance.

None of the antibusing proposals under consideration would prevent the court orders which have led to most of the busing now under way.

The busing issue flared last week after the Senate adopted an amendment of Sen. Joseph R. Biden, D-DeL., designed to prevent HEW from pushing busing.

Civil rights group became alarmed that his language would nullify Title VI of the 1964 Civil Rights Act barring grants of federal funds to states and local governments which practice racial segregation.

To meet the fears of civil rights supporters, Senate Republican Leader Hugh Scott, R-Pa., and Sen. Hubert H. Humphrey, D-Minn., proposed an amendment Friday to overturn the Biden rider. Byrd offered his proposal as a substitute for the Scott-Humphrey measure.

The bill also attracted riders last week that would limit the enforcement of the occupational health and safety law. Many businessmen have protested to Congress about the expense and paperwork of complying with the new law. The bill's managers say they may be faced this week with amendments to ban the use of federal health funds for abortions.

Once the Labor Department-HEW bill is passed, the Senate is scheduled to take up a bill aimed at averting a natural gas shortage this winter. It would allow interstate pipelines to buy any surplus in the intrastate market over the next eight months.

The House continues work starting Tuesday on an omnibus energy conservation bill it has been debating since July. The measure would impose tough price controls on domestic oil production through a three-tiered system. These would roll back present oil prices.

Republicans said President Ford was certain to veto the bill unless it is changed drastically in a Senate-House conference.

Also coming up in Congress: —The Select House Intelligence Committee resumes its investigation of how good U.S. intelligence was on major world events, taking up on Thursday the intelligence on Turkey's invasion of Cyprus. —The House Post Office and Civil Service Committee is scheduled to consider on Thursday whether members of Congress and federal employees will have their pay raised by 5 per cent or 8.66 per cent on Oct. 1.

Burnside Has Money, But Can't Use It For Deficit

BURNSIDE, Ky. (AP) — This southern Kentucky town — population 1,000 — faces a financial crisis somewhat different from other cities that have continuing money problems.

There is money in the city treasury in Burnside, but officials can't get it out.

"We've got about \$70,000 in the bank that we can't touch," says Mayor David Massey, 35.

The city can't use \$36,000 in revenue sharing money because it's been earmarked for water line repair; it can't use \$13,000 in the bank for the fire department fund, and it can't use \$20,000 held in reserve for the city's water system, the mayor explained.

"All these funds are set up to the point that we've been advised we can't borrow from our own money," he said.

"The revenue sharing was pretty well earmarked, it's for water line repair. On our fire department fund some state money was involved, and in were advised we shouldn't borrow any money from that. On our \$20,000 in reserve on our water system, I've been advised that we may not be able to borrow from that one either," he said.

"So the only solution, the mayor said, is to "tighten our belts and bear down."

In one belt-tightening move, the city has reduced its police force from two men to one. The City Council planned to meet tonight to consider applications for the job of chief of police.

Currently, the job pays \$100 a week "plus living quarters," but the new chief's salary "probably will be adjusted to a little higher," Massey says.

The current police chief tried to quit two weeks ago, but the assistant chief was laid off for refusing to move into the city — a requirement for the chief's job. That's when city officials decided they needed only one policeman anyway.

"This is a low budget city and we are gonna try to go to one policeman," Massey said.

"We are like about every other town — we are having a hard time."

"Expenses have gone up, we haven't made adjustments on our tax, a few things like this have really got us behind a little bit. We've got a bank note for \$3,000 and we'll probably have to borrow \$2,000 more at the next meeting," the mayor said.

The town hasn't paid its police chief — or the assistant who resigned two weeks ago — in about a month, the mayor explained, and the money is needed to pay them and set aside some funds for a new chief.

"By cutting policemen we'll save about \$5,000 a year," Massey said. "Some of the donations we probably have in our budget we're gonna have to take a serious look at."

The new chief will be required to work 40 hours a week and be on call.

"But when he's free he can do just about anything he wants to do," Massey said.

KMA Convention

LOUISVILLE, Ky. (AP) — More than 2,400 physicians and professionals in allied health fields are expected at the 125th annual convention of the Kentucky Medical Association today through Wednesday.

Dr. Hoyt Gardner, president of the group, said malpractice insurance for physicians will be a prime topic, and that a 28-page preliminary report on Kentucky's malpractice insurance situation has already been prepared.

Gardner said the convention's House of Delegates will vote Wednesday on resolutions concerning malpractice insurance, continuing medical education and other questions.

Schwert Funeral

LEXINGTON, Ky. (AP) — A funeral was scheduled today for Mrs. Margaret H. Schwert of Lexington, former president of the Kentucky League of Women Voters.

Mrs. Schwert, 56, died Friday at the University of Kentucky's Albert B. Chandler Medical Center.

She headed the League of Women Voters in Kentucky from 1973 until last June, and was on the judicial reform committee of the Legislative Research Commission.

Mrs. Schwert was a retired biochemist. She had received her doctoral degree from the University of Minnesota.

Reckless Homicide

LEXINGTON, Ky. (AP) — John David Frederick, 48, of Lexington has pleaded guilty to reckless homicide charges in connection with a traffic accident that killed three persons.

He was the driver of a car that collided with a station wagon parked along Interstate 64 near Lexington on June 17. Three children in the station wagon were killed.

Mr. and Mrs. Warren Hall of Eagle Lake, Fla., told police they had pulled the station wagon to the side of the road to change drivers. Hall said he was walking around the car, saw the approaching vehicle and jumped clear. Mrs. Hall was in the car but was not seriously hurt. Authorities said Frederick entered the guilty pleas Friday.

TVA Criticized

BOWLING GREEN, Ky. (AP) — A coal industry spokesman and a conservationist both criticized the Tennessee Valley Authority during a Western Kentucky University forum on strip mining.

Tom Duncan, president of the Kentucky Coal Association, said reclamation had been discouraged by Tennessee Valley Authority (TVA) price policies of about two decades ago.

TVA supplies electric power, most of it from coal-fired plants, to Tennessee, much of Western Kentucky and part of Alabama. The agency has claimed its low-cost power boosted development of the area.

Duncan told the Saturday session that coal operators couldn't afford reclamation at low rates fostered by TVA, until state law forced reclamation and coal costs increased.

Harry Caudill of Whitesburg, an author, attorney and outspoken foe of strip mining, said TVA has failed to provide leadership in mine safety and reclamation.

Caudill said TVA should encourage deep mining and better and safer mining techniques. He also urged "restoration" rather than reclamation of land, saying agricultural land should be returned as nearly as possible to its original fertility.

International Debate Slated At University

The Department of Speech and Theatre at Murray State University recently announced plans to host international debates with representatives from Oxford University of England. In observance of the bicentennial year the topic for debate will be that the American Revolution was a social and political failure. The British team will affirm the resolution and the M.S.U. representatives will debate the negative.

The debate is tentatively scheduled for October 31, 1975, at 1:30 p.m. on Murray State's campus. Dr. Jerry Mayes, director of forensics at Murray State indicated that this should be one of the most interesting international debates in recent history.

The international debaters are sponsored by the Speech Communication Association of America in conjunction with colleges and universities across the nation.

Area School Boards To Meet In Benton

School board members and administrators from 17 area school districts will meet at the Marshall County High School in Benton on Wednesday, October 1, for the fall meeting of the First Region of the Kentucky School Boards Association (KSBA).

Kaye Rumpfelt, a member of the Fulton County Board of Education and Chairman of the First Region, will preside at the dinner meeting, scheduled for 6:30 p.m.

Bill W. Howle, a member of the Ballard County Board of Education is vice-chairman of the region, and Fulton County School Superintendent Harold Garrison serves as secretary of the region.

Paducah board member Robert Harford serves as a member of the Executive Committee of the KSBA Board of Directors.

M. H. Ryan, a member of the Murray Board of Education is also a member of the Association's Executive Committee and serves as a member of the National School Boards Association's Federal Relations Network, acting as liaison between First Region school boards and Congressman Carroll Hubbard.

Meeting topics will include presentations on legislative matters and Association programs and services. KSBA state officers state they view this meeting as an opportunity for local school board members and administrators to discuss their concerns, problems and issues of interest.

School officials attending the meeting will elect officers of the First Region for 1976.

The Kentucky School Boards Association is a statewide, non-profit organization of local boards of education. Founded in 1936, the KSBA works with and through elected public school boards to improve educational opportunities for Kentucky's school children.

Attending the regional meeting in Benton will be school board members and administrators from the school districts of Ballard, Caldwell, Calloway, Carlisle, Crittenden, Fulton, Graves, Hickman, Livingston, Lyon, Marshall, McCracken and Trigg Counties, and from the Independent school districts of Fulton, Mayfield, Murray, and Paducah.

Capt. Lance Booth Completes Training

Ft. Benning, Ga.—Army Captain Lance E. Booth, son of Colonel Lance Booth, Route 5, Murray, on Sept. 5 completed a 36-week infantry officer advanced course at the Army Infantry School, Ft. Benning, Ga.

During the course, he was trained in the duties at company and battalion level as oriented toward infantry operations. He also trained in the responsibilities of battalion, brigade and division staff officers.

Capt. Booth entered the Army in June 1970 and was last stationed at Ft. Bragg, N. C.

A 1965 graduate of Calloway County High School, the captain received a B.S. degree in 1970 from Murray State University.
