Title: Immunological aspects of conventional and new treatments for cervical cancer, an immunopharmacological approach

Issue Date: 2017-04-12

A watercolor illustration of a woman's face and upper body. The style is soft and artistic, with visible brushstrokes and blended colors. The woman has short, light-colored hair, dark eyes with orange-brown highlights, and a slight smile. Her skin is a mix of light blue, purple, and yellow tones. She is wearing a dark, possibly purple or black, garment. The background is a light, textured wash of blue and white. A vertical yellow bar is on the left side of the cover.
