Author: Shi, Song Ting

Title: BMP signaling in skeletal muscle and bone

Date: 2012-09-18

BMP signaling in skeletal muscle and Bone

SongTing Shi

The work in this thesis has been carried out at the Leiden University Medical center. The author was funded by the IOP Genomics Grant IGE07001, the Netherlands Organization for Scientific Research and the Centre for Biomedical Genetics.

Printing of this thesis was financially supported by department of Molecular Cell Biology, Leiden University Medical Center, the Netherlands.

BMP signaling in skeletal muscle and Bone

Proefschrift

ter verkrijging van

de graad van Doctor aan de Universiteit Leiden,

op gezag van Rector Magnificus prof.mr.P.F.van der Heijden,

volgens besluit van het College voor Promoties

te verdedigen op dinsdag 18 September 2012

klokke 13:45 uur

door

SongTing Shi

geboren te Longyan, People's Republic of China

in 1982

PROMOTIECOMMISSIE

Promotor:

Prof. Dr. P. ten Dijke

Co-promotors:

Dr. P. A. C.'t Hoen

Dr. D. J. J. de Gorter

Overige Leden:

Prof.dr. S. M.van der Maarel

Prof.dr. A. J. van Zonneveld

Prof.dr. J. P. van Leeuwen (Erasmus University Medical Center)

Contents

Chapter1	Introduction: Overactive Bone Morphogenetic Protein Signaling in Heterotopic ossification and Duchenne Muscular Dystrophy	1
Chapter2	<i>Snail</i> in TGF β and BMP-induced endothelial to osteoblast transdifferentiation	29
Chapter3	BMP antagonists enhance myogenic differentiation and ameliorate the dystrophic phenotype in a DMD mouse model	47
Chapter4	Id3 is induced by Wnt/ β -catenin signaling and mediates Wnt induced proliferation and osteoblast differentiation in C2C12 cells	69
Chapter5	Identification of a Key Residue Mediating Bone Morphogenetic Protein (BMP)-6 Resistance to Noggin Inhibition Allows for Engineered BMPs with Superior Agonist Activity	82
Chapter6	Exon Skipping in Activin-receptor-like Kinase 2: Towards a Treatment for Fibrodysplasia Ossificans Progressiva	108
Chapter7	General Discussion	123
A	Abbreviations	131
B	Summary	134
C	Samenvatting	137
D	Acknowledgements	140
E	Curriculum Vitae	141
F	List of Publication	142
