The research of this thesis was performed at the department of Clinical Epidemiology and the department of Radiology of the Leiden University Medical Center, the Netherlands.

Part of the research described in this thesis was supported by a grant of the Dutch Heart Foundation (DHF-2009B050), and by a grant of the Leducq Foundation, Paris, France, for the development of Transatlantic Networks of Excellence in Cardiovascular Research (grant 04 CVD 02).

Financial support by the Dutch Heart Foundation and the Federatie van Nederlandse Trombosediensten for the publication of this thesis is gratefully acknowledged.

Additional financial support was kindly provided by the J.E. Jurriaanse Stichting, Stichting Beeldverwerking Leiden, GlaxoSmithKline, Guerbet Nederland B.V., Bayer B.V., and LeoPharma B.V.

Contents

Chapter 1	General introduction	7
Chapter 2	Broadening the factor V Leiden paradox: pulmonary embolism and deep-vein thrombosis as two sides of the spectrum <i>Blood 2012</i>	15
Chapter 3	Magnetic resonance imaging and computed tomography developments in imaging of venous thromboembolism <i>J. Magn Reson. Imaging 2010</i>	39
Chapter 4	The effect of aging on venous valves <i>Arterioscler Thromb Vasc Biol. 2010</i>	57
Chapter 5	Finding the origin of pulmonary embolism with a total-body MR Direct Thrombus Imaging technique <i>Haematologica 2012</i>	69
Chapter 6	The association of deep-vein thrombosis load and severity of arterial obstruction in patients with pulmonary embolism <i>submitted</i>	81
Chapter 7	Anatomical location of thrombi and a comparison of risk factors in patients with pulmonary emboli versus deep-vein thrombosis	93
Chapter 8	Increased risk of venous thrombosis in persons with clinically diagnosed superficial vein thrombosis: results from the MEGA study <i>Blood 2011</i>	105
Chapter 9	Verdenking longembolie: het CT rendement hangt af van patiëntkenmerken en verwijzer <i>Ned Tijdschr Geneesk. 2012</i>	111
Chapter 10	Summary and general discussion	121
	Appendices	131
	References	137
	Samenvatting	153
	Dankwoord	161
	Curriculum vitae	163
