Report of Superintendent

To the Superintending School Committee and the Citizens of the Dummer School District:

FOREWORD

Life's greatest mistake, according to a recent Gallup poll, is in not getting enough education. Pollers found that more men and women listed that omission than any other, as being responsible for their hardships.

"To neglect our school system would be a crime against the future. Such neglect could well be more disastrous to all our freedoms than the most formidable armed assault on our physical defenses. Where the schools are concerned, no external threat can excuse negligence; no menace can justify a halt to progress," said Dwight D. Eisenhower.

In these trying times our schools should devote themselves directly to the great fundamental purposes of education—the preparation of intelligent citizens who understand, believe in, and practice the ideals of democracy—the preservation of national unity; the development of a sense of responsibility for common welfare; and the maintenance of sound wholesome community life.

Education for all the people is America's noblest contribution to civilization. Today there is a mounting tide of sentiment in behalf of better education. As surely as children grow, the schools must go on. Education cannot wait.

TEACHERS

Madeline Lary and Gwendolyn Jones both returned as teachers this year. Mrs. Jones is at the Willis School and Miss Lary at the West Dummer School.

ENROLLMENT AND ATTENDANCE

There are, at this writing, 28 enrolled at the two schools, 7 at West Dummer and 21 at the Willis. The total enrollment is 7 smaller than for the past year.

The percentage of attendance, 98.42, at the West Dummer School was most commendable. The State Department of Education considers 97 or better worthy of special commendation. There was but a single case of tardiness in two schools during the year. This is a most commendable record, also.

SCHOOL CALENDAR

It is proposed that the School Board adopt the following school calendar for 1952-53.

First Term (76 days)

September 3, Wednesday, School Opens

November 26, Wednesday, Closing 12:30

Fourth Term (35 days)

June 12, Friday, School Closes

SCHOOL YEAR, 180 DAYS

BUILDINGS AND EQUIPMENT

The two school houses are for the most part in good condition. During the past year new pupils desks were installed at the West Dummer School. The usual thorough summer cleaning, repairs and improvements were made. A new set of reference books was purchased for the Willis School.

DEBT

The school debt now stands at \$1,000.00. A payment of \$500.00 has been anticipated in making up the budget. At the present rate of payment the debt will be liquidated in one more year.

TUITION

With the opening of school in September we had 15 tuition pupils in Berlin High School. Of these; 2 are seniors, 5 are juniors, 4 are sophomores and 4 are freshmen. With 6 pupils in grade 8 it would seem that the number of tuition pupils might increase next year. The tuition rate at Berlin High School for 1951-52 is \$200.00 per pupil.

TRANSPORTATION

We have a fairly heavy transportation load for a small town. Donald Hodgdon is transporting the high school pupils to Berlin. Fred Bradford transports at the Willis School. Mrs. Lawrence

Gallant transports from the Paris Manufacturing Company to the West Dummer School. Albert Ayotte transports his boys to the Milan Village School.

NOTES ON THE BUDGET

The school board's total budget for 1952-53 is \$15,610.00 as compared with \$14,725.00 for 1951-52. The total budget is \$885.00 more than the one for last year. This amount is directly traceable to anticipated higher costs for fuel, transportation, high school tuition, salaries and the inclusion of \$300.00 for the School Lunch Program.

The \$300.00 has been included in the budget as the estimated amount to be received from Federal Funds on the lunch program. The same amount has been recorded under estimated expenses. This is an off-set entry and has no effect upon the amount of money to be raised by taxation.

CONCLUSION

It has been said that the people of the United States could be divided into three groups—the small group who makes things happen—the large group who watch things happen—and the enormous group who do not know what happens. I hope that the educational opportunities of our schools are such that our boys and girls will become a part of that small group who make things happen.

I take this opportunity to express my appreciation to the members of the school board, parents, teachers, and citizens for their support in our common effort to maintain good schools.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools.
