PREVENT FOREST FIRES

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump - it's safer. A neglected backyard incinerator causes many fires.
3. Never discard a lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.
