## YOU CAN HELP PREVENT FOREST FIRES

---

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires, 5.

Number of acres burned, 2¾.

Number of permits issued, 307.

## GILFORD PUBLIC LIBRARY

---

To the Citizens of the Town of Gilford:

The undersigned Trustees of the Gilford Public Library submit the following report for the year ending December 31, 1958.

Mrs. Dorothy Simonds, librarian, attended in April the Annual New Hampshire Library Association meeting; together with Mrs. Elsner, the dedication ceremonies of the new wing of the Laconia library last spring; and together with Mr. Lord, the Regional Meeting of Trustees and Librarians at Moultonboro in December. In October at the invitation of the Women's Union of the Laconia Congregational Church she was the speaker of the evening and gave book reviews under the title "Adventures in Reading."

Last summer the librarian cooperated with the Girl Scout Day Camp by lending approximately fifty books about the West in line with their program.

The much appreciated flowers in the bed on the lawn were given and planted by Dave Smith and Hazel Weed.

In November during Book Week Mrs. Kathleen Taylor gave a talk at the library to both third grades on the library and children's books and spoke at the school to the fifth and sixth grades. Mrs. Weed had a story hour at the library.

We now have the new card catalog, shelves for the incoming books near the desk, and a special rack for the latest books.

Respectfully submitted,

WILLIAM S. LORD

LOUISE L. ELSNER

KATHLEEN B. TAYLOR

Trustees.

## Report of Librarian of the Gilford Public Library for 1958

---

Since July, 1957, an extensive program of renovation of the library records has been carried on to conform with standard library practices. The entire collection is being cataloged according to the Dewey Decimal classification system with an up-to-date dictionary card catalog including author, title, and subject entries. An accurate system of record of withdrawals and new accessions has been established, and an accurate shelf-list is in the process of being made. The system of charging out books has been simplified and made more efficient by establishing a cross-index file card registration and borrowers' identification card system. When all these various processes are completed, the Gilford Public Library will have accurate records of all books in the collection, and will have an efficient card catalog to enable patrons to immediately know what material is available on various subjects.

However, until all the cataloging, etc., is completed, and an accurate shelf-list is established (which is in effect an inventory of all books on the shelves); of necessity, the figures reported for total volumes in the collection are not entirely accurate. Because throughout the years an accurate record of all withdrawals and discards was not always kept, there is a rather large discrepancy between the number of volumes that should be in the collection according to available records and what are actually on the shelves. This will all be corrected when the project is fully completed.

The librarian has worked in close cooperation in this renovation with various consultants from the New Hampshire State Library who have given advice wherever needed.

## REPORT ON ADDRESSOGRAPH AND MULTIGRAPH MACHINES

---

The purchase of the Addressograph and Multigraph machines from the City of Laconia and their use during the year have been a great help in the detail and daily work of the assessing department. The name and address plates, filed alphabetically, give instant reference to the field book number and page where recorded such facts and information as we possess regarding the property of the owner in question.

The field books themselves, numbering now over a dozen, list in so-called geographical sequence, (that is, along the road) approximately one hundred and twenty-five parcels each. So now, knowing either name or location, practically any one can find the office record desired.

In place of the three groupings under each letter, due to copying from three alphabetically arranged "blotter" books, which one had to search through in last year's Town report — after deciding whether a name in question belonged to a resident or non-resident, or had a Lake Shore cabin or trailer or boat only. All taxpayers are now listed alphabetically.

However, group listing can be done. There are a dozen places where a little tab can be affixed to a name plate which will trip the Multigraph into printing all plates in whichever of the twelve categories it is desired to list. At present we use four groupings, all names, non-resident — who receive the Town report by mail, Lake Shore Park cabin owners, and boat and/or trailer owners, only.

A few words will indicate the labor saving in writing names and addresses on inventory sheets, sent to all

property owners, Town reports mailed to non-residents, tax collector's warrant, dog lists, the Town "standard" or complete inventory of the Town, two copies of which must be made each year, and in miscellaneous mailings by other departments of the Town. The Multigraph machine prints 300-400 plates per hour.

### AUDITOR'S REPORT

We, the undersigned Auditors of the Town of Gilford, have examined the accounts of the Treasurer, Selectmen, Town Clerk, Tax Collector, Trustees of Trust Funds, and Treasurer of the Public Library for the year 1958, and find them correctly cast and properly vouched.

## GILFORD FIRE DEPARTMENT 1958

---

There were twenty-two (22) fires during the past year. Ten (10) were building fires, and twelve (12) were brush and grass fires. The fire department responded to eight (8) mutual aid calls and we asked for assistance on four (4) occasions. In all, we had a very fortunate year with only two (2) major fires, which were one barn and one house fire. Neither were a total loss.

Work at the Glendale station is still progressing well, and every one deserves a great deal of credit for what they have done in the past year.

The White 500 G.P.M. pumper is now twenty-three (23) years old, and breaks down at nearly every fire. The last breakdown resulted in odds and ends being picked out of junk boxes, as no new parts could be obtained.

Every year the purchase of a new truck is postponed, due to no station. There is an increase in price of \$500.00 to \$600.00. You should consider a new truck this year, and a station to house it in.

As Gilford continues to grow, so must your fire department, if it is to carry the responsibility for fires throughout the town of Gilford.

There is still badly needed construction of a village waterworks system capable of enough water pressure for the hydrants we now have. A suitable place to pump water at the brook passing through the village is also badly needed. The lift at the present road level is far too great. This could be overcome by the construction of a very low dam of water.

The cooperation received from all departments of the town has been most sincerely appreciated. The townspeople are to be highly complimented for the fine way in

which they have held fires during 1958 to this very unusual low. Let's make 1959 another banner year.

Respectfully submitted,

HAROLD I. WILKINSON, Chief  
J. F. GODDARD, JR., 1st Engineer  
WILLIS H. HOYT, 2nd Engineer

## REPORT OF THE POLICE DEPARTMENT

---

I hereby submit this report of the Police Department for the year ending December 31, 1958.

This past year has seen many improvements, which have become most necessary due to the rapid growth of the population of the Town and the ever increasing popularity of this region as a recreational and resort area.

Probably the first, and most important, of these improvements was the cruiser which we took delivery on May 21st. Second, and also very important, was the installation of two, two-way radios in the cruiser. One is on the State Police frequency and the other on the Laconia Police frequency making possible immediate communication with the cruiser wherever it may be.

Third was the addition of a night man on the cruiser to assist during the busy summer months which afforded more adequate police protection during the busy hours of the day and night.

I believe that the well marked police cruiser has served as a deterrent to major crime inasmuch as the major crimes have decreased in Gilford since its purchase. It is well to note that many authorities have agreed that our cruiser is as well equipped as any within the State. It has been used to transport essential medicines, as an ambulance, to transport such essential equipment as the resuscitator on several occasions as well as carrying out its regular duties.

Plans were inaugurated for the provision of an office, to be used as Police Headquarters, at the Town Hall to be ready for occupancy on or about the first of January.

I have attended the seminars and conferences sponsored by the F. B. I. and dealing with law enforcement

this past year as in previous years. Also I try to attend the meetings of the New Hampshire Association of Chiefs of Police, Inc., of which I am a member of the Board of Directors for 1958-59.

The Gilford Police Relief Association has been functioning very well this year, with a large percentage of the officers attending the regular monthly meetings. Our Association joined with the Alton Association in taking the standard course in First Aid under the leadership of Mr. W. D. McAllister, American Red Cross First Aid Instructor, and we hope to be able to take the advanced course at a later date.

CHARLES F. BURDITT,  
Chief of Police.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Members of the School Board,  
Parents and Voters:

### **Municipal Budget Act**

This year marks the first year of operation in Gilford of the Municipal Budget Act. The School Board submits a proposed budget to the Budget Committee, which has the legal responsibility of determining the final budget to be submitted to the district meeting.

### **School Proposed Budget**

The proposed budget of the School Board will show increases in tuition costs of approximately twelve thousand dollars, an approximate increase of three thousand in teachers' salaries, and approximately three thousand in transportation costs. The item for heat was reduced by five hundred dollars. Most of the school items were almost the same figure as last year.

The district will pay twenty-five thousand dollars in retirement of bonds and four thousand six hundred fifty in interest. The addition to the original building will be completely paid in 1965 and the new addition will be amortized in 1966.

### **Tuition Rates and Costs**

The following table shows the tuition rates and totals paid since the pupils of Grades 7 and 8 were assigned to Laconia in September 1947 because of lack of classrooms in Gilford:

Year	Total Payments	Senior High Tuition Rate	Junior High Tuition Rate
1959-60	\$73,436.00	\$404.00	\$339.00
1958-59	59,660.00	376.00	300.00
1957-58	62,530.00	350.00	315.00

1951-52	21,781.14	262.00	233.00
1950-51	17,824.48	245.00	205.00
1949-50	15,176.56	195.00	125.00
1948-49	11,360.24	150.00	110.00
1947-48	9,133.43	125.00	100.00
1946-47	5,789.41	108.00	95.00
1945-46	4,239.56	100.00	92.00

### Summary of Tuition Costs

1. The tuition costs of all New Hampshire high schools continue to soar and will probably reach over five hundred dollars within five years.
2. Since 1946 the costs have increased over 300 per cent.
3. The number of pupils attending high school will increase annually because of the continual growth of Gilford.

### **Teaching Staff**

The Gilford teaching staff does excellent work as shown by standard test results. The graduates are a real standard-raising group in junior and senior high schools.

The School Board was very fortunate in not losing a teacher from the staff of the past year. One kindergarten and one grade teacher were added.

The teachers have an excellent morale, aided by reasonable pupil loads, excellent books and equipment, and wonderful teaching conditions.

### **Future Building Needs**

A new building site should be acquired to care for the building needs that may be very necessary within a few years. A ten-acre lot in a desirable location should be obtained as a capital reserve investment in the Gilford educational development.

## Appreciation

May I express my appreciation for the excellent cooperation I have received from the three efficient and understanding board members, Mr. Richard C. Talbot, Mrs. Esther Peters and Mr. Jack Sawyer. They have attended many lengthy regular and special meetings to insure the best possible education for your children. They have insured economy and efficiency in the building construction, the school operation, and the management of the school cafeteria.

The Parent-Teacher Association has been a decided asset to the Gilford Schools. Its cooperation will be very helpful in assisting the school to gain the educational benefits of the new television program from the University of New Hampshire.

The cooperation of the Principal, the teaching staff, the cafeteria workers, the custodians, and the bus drivers has made Gilford an outstanding school system.

It has been said that "The elementary school is our American heritage." Gilford has a long history of elementary education from the many district schools to the fine structure of 1959, which would probably take \$400,000 to replace at modern costs. The people of Gilford have always wanted a heritage of good education for the advancement of their children.

Cordially yours,

GORDON L. FOX,  
Superintendent of Schools
