**REPORT OF THE TRUSTEES OF
GILFORD PUBLIC LIBRARY
1961**

The Gilford Public Library is a busy humming center —engaged in the business of bringing the right books to the right people — and in answering the needs of all our population from the summer resident to the high school teen-ager.

Our circulation is up — our clientele has increased — and our librarian is a “live wire,” vitally interested in making the library a place where every Gilford resident can go to find the answers to the “who, what, when, and why” of our ever-more complicated existence.

This year, because of the demonstrated interest of the town of Gilford in improving the library services, we were approved for state aid. \$200 was allocated to us for the express purpose of building up our junior and senior high collection of books. With the guidance of the State Library, this money will be expended in the purchase of books needed by our younger population. Mr. Oliver Colby has also given a sum of money to be used in the areas in which we were weakest. The junior high school non-fiction collection was augmented by thirteen books of the highest calibre. These books were given in memory of Mr. Colby’s brother, Lewis Colby. The thoughtfulness of Mr. Colby’s gesture is deeply appreciated, and we hope it will be an example to other citizens.

Mrs. Eleanor Needham redecorated, at a nominal cost, two antique Hitchcock chairs that were found languishing away in the library basement. Mr. David Smith, our capable and hard-working janitor, has kept the library supplied with beautiful floral bouquets in

season, and tended faithfully the flower beds on the library lawn in addition to his other duties of maintaining the library physical property.

Some improvements to the library facilities were free-standing bookcases dividing the reference room from the children's section. Permanent shelf labels were installed on all shelves. Incidentally, the trustees painted the front steps, which were in a sad state of repair.

Mrs. Taylor, the librarian, was fortunate in being the recipient of a scholarship given by the N. H. Federation of Women's Clubs, with the Lakeport Woman's Club as sponsor, to enable her to attend the training session for librarians at U. of N. H. last summer. She had forty-five hours of class work in library techniques, including cataloging and classification of books, the public library in the community, and children's book selection. She will continue to take these courses in the summer of 1962 and 1963, and will eventually be certified by the state.

We hope to be able to increase our service to the community by adding to the hours that the library is open, by adding to our book collection, and by building up our reference books and other books needed by our young people. Have you visited your town library lately? We urge every citizen to come and register and see what we have to offer in service to you.

Report of Librarian of Gilford Public Library

1961

The past year has been a very busy and exciting one for the Gilford Public Library. More students have discovered the excellent resource materials purchased during 1961, and the very day on which the Encyclopedia Americana arrived found it put to immediate use. The abridged Readers' guide has been helpful in looking up pertinent articles in our periodical section, and we hope the boys and girls of the town will continue to take an interest in their home town library and use it as much as they can.

Mrs. Dorothy Simonds, Mrs. Eleanor Lindsay and the librarian attended a neighborhood meeting in Ashland during the spring. This meeting was in connection with the selection and purchase of adult fiction. They also visited several libraries of various types in northern Massachusetts during August to talk and discuss "shop" problems with other librarians and trustees.

Mr. William Hopkins, our State Bookmobile librarian, assisted us in two cataloging workshops and a book-mending session. He also headed a "weeding" workshop during the fall with the aid of the librarian, Mrs. Ann Stamps, Mrs. Ruth Pratt and Mrs. Eleanor Lindsay.

Children's Book Week in November saw the beginning of Story Time with Mrs. Stamps, Mrs. Peggy Van Etten, Mrs. Hazel Weed, and the librarian, alternating on Friday afternoons as narrators. The librarian assisted Mrs. Mary Kuss and Mrs. Claire Starr, Gilford PTA president and vice-president respectively, in the PTA sponsored Book Fair. Mrs. Katherine Barnard of the 4th grade at the Gilford Grade School had the librarian visit her pupils for a short talk on the library and use of the catalog file.

Cathy Smith worked as a page during the busy fall season. Mrs. Ruth Pratt is being trained as an assistant along with Mrs. Marcelle Muehlke, who so ably handled the library during the summer school session.

Friends of the library helped select books from the State Library Bookmobile which called at Gilford about every nine weeks. Their help was greatly appreciated.

Respectfully submitted,

KATHLEEN TAYLOR,
Librarian.

GILFORD FIRE DEPARTMENT 1961

During 1961 your Fire Department responded to 36 fires. There were 13 in structures, 11 in brush, grass or forests, 3 in vehicles, 1 refrigerator and 8 Mutual Aid Calls.

With the exception of the 3 vehicles there was very little property loss as a result of the afore-mentioned fires. This seems to reflect that you, our fellow townspeople, have exercised extreme caution, this past year, with regard to fire prevention. We sincerely hope you will continue to do this. **FIRE PREVENTION IS EVERYBODY'S BUSINESS!**

Our permanent men have partitioned off a second bedroom at the central station, and now each has his own quarters. Tile has also been added to the cement floors in the bedrooms. The permanent men are very grateful for their clean and comfortable quarters and invite your inspection at any time.

The driveways at both stations were black-topped during the year and this has alleviated the mud problem with the heavy trucks. The parking lot at central station was treated with oil.

Compressed air has been piped to the engine floor from the Road Department Garage below. This will enable us to blow the water out of the booster lines in the freezing weather. It will also be helpful in the maintenance of our equipment and in filling extinguishers.

The water lines have been installed over the trucks and are piped to the basement awaiting the installation of the pump which was supposed to be forthcoming from the old village water works. When this installation is completed it will enable us to fill our tanks within the building.

We wish to extend our heartfelt thanks to our Auxiliary, the Police Department, the Road Department and all of those people who have made our job easier during the past year.

In order that we may continue to give you the best possible service, you can help us by remembering the following:

1. Post our phone number near your telephone.
2. Call us **before** you try to put the fire out.
3. Keep calm and make sure the Fire Department knows where you want them. Don't hang up until you are sure.
4. Check your premises often, and keep it free of combustible materials.
5. Keep stairways clear and place extinguishers at strategic places.
6. Check your heating equipment and chimney at the start of every heating season.
7. If you must burn out-of-doors PLEASE come and get a permit.

FIRE PREVENTION

An Appeal from Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook—yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness, our carelessness. This, we—you—and I can do something about.

When we require you to obtain a permit for out-of-door burning or forbid you to burn on days of high fire danger or set up regulations—hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
 2. Secure the required burning permit.
 3. Keep your fires under control.
 4. Completely extinguish your fires before leaving them.
 5. See that your children are properly cautioned.
- Everyone will benefit by it.

REPORT OF POLICE DEPARTMENT

I hereby submit my report for the year ending December 31, 1961.

Again this year as in the past, we have found a tremendous increase in the activities of this department. This is largely due to the following:

1. The rapid growth of our town.
2. The fact that people are becoming more police-minded than ever before.
3. The fact that city police departments are expanding and improving facilities, which tends to drive the criminal farther away from the larger cities.

We have found that the checking of doors and windows of business places has paid off. Prowlers have been frightened away either before or during the perpetration of an illegal entry on at least two known occasions during this year. During these inspections 139 doors were found to be insecure, 92 windows insecure and gas pumps left on 14 times.

The efficiency of the department was greatly improved with the addition of a radio base station, located at my home on Liberty Hill, last June. This means that in most instances the man in the prowler car has the message within seconds of the time that it is received at headquarters.

The prowler car is available on a moment's notice for an escort detail, which may be money to one of the banks or perhaps for the moving of a building on the highway.

A total of 60,000 miles was put on the cruiser during the year and the majority of the expense was for gasoline, oil and tires. Nearly all of the work done to the cruiser, including preventive maintenance was done by myself at no expense other than parts, to the town. The washing and polishing has also been done by the regular personnel in the department.

I would like to say that we have received excellent co-operation from all other law enforcement bodies, and have tried to extend to them the same courtesies.

During the year 147 persons were arrested and brought to trial. 107 of these were for motor vehicle violations and the other 40 for other offenses. A breakdown of these follows:

Allowing unlicensed person to operate	1
Arrested for other departments	3
Breaking and entering	1
Contributing to delinquency of a minor	1
Disturbance of the peace	1
D. W. I.	3
Drunk and disorderly	3
Failure to answer summons	1

Notes

1. The census is probably the best method for predicting future enrollment.

2. The census as a predictor of future enrollments is generally 5 to 10 per cent below the actual figures the following year, since Gilford is rapidly growing with new housing and an increased population.

3. The actual enrollment for Grades 1-6 inclusive on the first week in school was 283. The enrollment after Christmas vacation is 299 or a gain of 16 pupils since September, 1961.

The tuition rates will continue to increase and will become a terrific amount in the budget when housing developments raise the total population. The present census figures, which do not include the increase with

new homes, show the the tuition amount in 1971-1972 will reach a total of a minimum of \$145,000 a year.

A survey of transportation by Mr. Abbott Clark, Supervisor of Concord, N. H. transportation, shows that the present system is very well organized and operated. It also shows that greater costs are ahead with more population.

Class Size

The system at Gilford has been to maintain classes of twenty pupils to a teacher. This policy has resulted in excellent teacher morale and excellent teaching results, for every standard test survey shows Gilford far above the national average. It is believed that Gilford, if results in the state were available, would probably be in the top schools of New Hampshire. Class size and excellent teaching materials are a tremendous help in scholarship.

Six classrooms will be necessary to continue this 20-pupil class system, with three needed in September, 1962.

Per-Pupil Cost

The State of New Hampshire has estimated the state average for elementary school costs, based on 1960-61 averages, to be \$265 per pupil.

The Gilford average for this 1960-61 year is \$344.12. This figure would be substantially reduced if Gilford adopted the very undesirable educational practice of overcrowding classrooms and making good teaching impossible, by placing 40 pupils in a room.

Land for Future Schools

It is again urged that the school district secure a renewable option or purchase a 10-acre lot for future school housing. It is evident that the town growth will necessitate more classrooms on a much smaller scale than the six rooms needed for the next three years.

Physical Fitness Program

The President's Council on Youth Fitness strongly recommended in its 1961 report to the nation that a comprehensive program of Health and Physical Education, emphasizing Physical Fitness, be established in all schools.

Gilford has an adequate gymnasium-auditorium that would need only two shower rooms.

Consideration should be given to employing with the town a trained physical education instructor, who could be used in the school and in the winter and summer recreation programs.

Appreciation

May I express my deep appreciation for the excellent cooperation and hard work of the Gilford School Board, Mrs. Esther Peters, Chairman, Mr. William Brisse and Mr. Rowland Keith. They have studied the school problems and finances very carefully, and are continually alert for opportunities to improve the school.

In fact, Gilford has always furnished fine school board members who have carried out their civic duties without politics or favoritism. This number, including the present school board, includes Winnifred H. Varney, Rangvald Olsen, Ethel Dolloff, Richard C. Talbot, Jack Sawyer, Esther Peters, and James Stamps.

I wish to express my appreciation for the work of the Principal and teachers, the bus operators, the cafeteria workers, the custodians, the school nurse, and the Teacher Consultant.

President John F. Kennedy stated in his Inaugural Address: "Ask Not What My Country Can Do for Me, but What I Can Do for My Country." The people of Gilford have always taken a position of "What Can We Do to Help Our School Provide a Better Education for Our Children."

Cordially yours,

GORDON L. FOX,

Superintendent of Schools
