TOWN WARRANT
State of New Hampshire

To the inhabitants of the Town of Gilford in the County of Belknap in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Gilford Middle High School in said Gilford, on Tuesday, the 12th of March, 1985 at 8 of the clock in the forenoon (poles to open from 8 a.m. to 7 p.m.) to act upon the following articles appearing on the official town ballot; and on Wednesday, the 13th of March, 1985 at 7:00 p.m. for the second session to act upon the remainder of the following subjects:

ARTICLE 1. To choose the necessary Town Officers for the following year.

ARTICLE 2. To see what action the Town will take on the following questions:

Amendment #1. Are you in favor of the adoption of Amendment #1 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Revise Article 4 to specify that anyone proposing a use not listed on the "Use Chart" may apply to the ZBA for a special exception.

Amendment #2. Are you in favor of the adoption of Amendment #2 as proposed by the Gilford Planning Board of the Town of Gilford Zoning Ordinance as follows: Revise Article 4 to allow campgrounds only in the Resort/Commercial zone.

Amendment #3. Are you in favor of the adoption of Amendment #3 as proposed by the Gilford Planning Board of the Town of Gilford Zoning Ordinance as follows: Revision to Article 5, Section 5.1.1 **Lot Size & Building Area** to allow the Planning Board some discretion in determining whether

parcels containing soils carrying the prime or statewide important agricultural designation should be allowed to comprise the minimum buildable area according to size, location, current use and surrounding current uses. Further, those areas deemed to be of prime or statewide important agricultural lands cannot be used for calculating density or be built upon.

Amendment #4. Are you in favor of the adoption of Amendment #4 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Change Article 5, Section 5.1.2 to allow 2 lots to be served from a private drive rather than the present 6 lots.

Amendment #5. Are you in favor of the adoption of Amendment #5 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article 5, Section 5.2.1. **Islands and Shore Frontage District** to require 150' of shore frontage per dwelling unit by rewording section (f).

Amendment #6. Are you in favor of the adoption of Amendment #6 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Reword Section 5.3.1 to clarify procedure when measuring building height.

Amendment #7. Are you in favor of the adoption of Amendment #7 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Revise Article 4, Section 4.7.6 to limit Yard Sales on one lot to 4 times annually, and not to exceed eight hours per occasion. A permit from the Police Department will be required 3 days in advance. Yard sales within the Historic District will not be permitted on Old Home Day unless approved by the Old Home Day Committee.

Amendment #8. Are you in favor of the adoption of Amendment #8 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article 8, Section 8.6.4 to allow for seasonal or special occasion signs at Planning Board's discretion.

Amendment #9. Are you in favor of the adoption of Amendment #9 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article 8, Section 8.6.6 to allow directional signs for individual establishments as erected by the N.H. Department of Public Works and Highways, in accordance with State regulations.

Amendment #10. Are you in favor of the adoption of Amendment #10 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Section 11.4.1 to require density to be according to buildable acres.

Amendment #11. Are you in favor of the adoption of Amendment #11 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Combine sections 11.4.3 (c) and (d) and reletter the remaining subsections. No text changes.

Amendment #12. Are you in favor of the adoption of Amendment #12 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article 11, Section 11.4.5 **Planned Unit Development** to indicate density would be according to buildable acres and to indicate that structures could be placed only on buildable areas.

Amendment #13. Are you in favor of the adoption of Amendment #13 as proposed by the Gilford Planning Board for the Town of Gilford Zoning Ordinance as follows: Amend Article 11, Section

11.4.7 **Multifamily Development** to indicate density would be according to buildable acres and to indicate that structures would be placed only on buildable areas.

**ARTICLES 1 AND 2 ARE TO APPEAR ON THE
OFFICIAL TOWN BALLOT**

ARTICLE 3. To see if the Town will vote to raise and appropriate the sum of \$659,957 for the following purposes:

208	Insurance	180,169

ARTICLE 11. To see if the Town will vote to appropriate and authorize the withdrawal of the sum of

\$56,000 from the Federal Revenue Sharing Fund for the following specific purposes in the amounts indicated:

Account No.	Purpose	Recommended Approp.
233	New Highway Equipment	\$ 33,000
249	Police Cruiser Replacements	23,000

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$130,000 for development of the Northwest Quadrant of the Laconia Airport, upon the condition that the City of Laconia and Belknap County appropriate amounts for the project, as recommended by the Laconia Airport Authority.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$75,000 for the purchase of the Peverly Property and related equipment.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$54,000 for the purchase of development rights to the (Muriel) Harris Property, with \$9,500 to come from the Conservation Commission Fund and the balance (\$44,500) to be raised by general taxation.

ARTICLE 15. To see if the Town will authorize the Selectmen to sell and transfer title to all real estate acquired by the Town by foreclosure of mortgages on property given by land developers as security for road bonds, to such persons and upon such conditions as they shall see fit.

ARTICLE 16. To see if the Town will authorize the Selectmen the option of requiring performance bonds, in amounts and upon such terms as they see fit, to timber harvesters, upon filing of "Intent to Cut Permits."

ARTICLE 17. To see if the Town will vote to authorize the Selectmen to apply for, receive, and expend Federal or State Grants, which may become

available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for the purposes for which the Town may legally appropriate money; provided, (1) that such grants and other monies do not require the expenditure of Town funds; (2) that a public hearing be held by the Selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

ARTICLE 18. To see if the Town will vote to authorize the Selectmen to do the following:

- (1) to apply for, contract for, and accept State and/or Federal aid relative to disaster;
- (2) to borrow money on the credit of the Town in anticipation of taxes;
- (3) to sell and transfer title to all real estate taken by the Town in default of redemption from any tax sale to such persons and upon such conditions as they shall see fit.

ARTICLE 19. To see if the Town will vote to authorize and direct the Planning Board, in accordance with the provisions of RSA 674:5 through 674:8, to prepare a recommended program of municipal capital improvement projects projected over a period of at least six years, to be known as the Capital Improvements Program (CIP).

ARTICLE 20. To see if the Town will vote to adopt the following ordinance:

An Ordinance Relating to Unnecessary Noises

Section I. **Purpose.** The creation or maintenance of unnecessary noises, particularly relating to motor vehicles, is a detriment to the health, com-

fort, safety, and peace and quiet of the inhabitants of Gilford. There is a need to control and prohibit such noises for the welfare of the community.

Section II. **Definitions.** “Unnecessary noises” for the purposes of this chapter, are defined as any loud, unnatural, or unusual noises, which are prolonged, uncommon, or abnormal in their time, place, or use. These shall include, but not be limited to any noise occasioned by one or more of the following actions by the operator of any vehicle within the Town of Gilford:

- A. Misuses of Power, exceeding tire traction limits in acceleration, sometimes known as “squealing tires.”
- B. Misuses of Braking Power, exceeding the tire traction limits in deceleration where there is no emergency.
- C. Rapid Acceleration or Deceleration by means of quick shifting of transmission gears with either a clutch and manual transmission or an automatic transmission.
- D. Racing of engines by manipulation of accelerator, gas pedal, carburetor or gear selection whether vehicle is either in motion or standing still.
- E. Blowing of any horn except as a warning signal, or the use of any other noise making device where the vehicle is either in motion or standing still.
- F. The operation of a mobile refrigeration unit or other type of compressors between the hours of 10:00 p.m. and 7:00 a.m. while the vehicle is not in motion, except for emergency use, or while actually loading or unloading.

Section III. **Regulation.** It shall be unlawful for any person to make, cause to be made, or continue to make any unnecessary noise, as defined above. Nothing in this ordinance, however, shall prevent the use of loud speakers or other sound equipment, fireworks displays, or other functions or activities involving public noises licensed by any authorized official or board of the Town of Gilford which it deems reasonable.

Section IV. **Penalty.** Any person who violates any of the provisions of this Ordinance shall be guilty of a **Violation** with penalty not to exceed one hundred dollars (\$100.00). Such person shall be deemed to be guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued, or permitted by such person, and shall be punishable therefor as provided herein.

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enter into a cooperative agreement, pursuant to RSA Chapter 53-A, for the purpose of joining together towns and cities in a joint and cooperative effort for the disposal of solid waste in a manner which will meet federal and state regulations and for the economical and efficient recovery of energy from said solid waste disposal. The Cooperative to be formed under the cooperative agreement will be designated the "Concord Regional Solid Waste/Resource Recovery Cooperative." A copy of the current draft of the proposed cooperative agreement is posted with the warrant and is available at the town offices during normal business hours. The Board of Selectmen is specifically authorized on behalf of the Town (a) to execute and deliver the cooperative agreement (with such changes therein from the posted agreement as the Board of Selectmen shall approve, such approval to be conclusively evidenced by the Board of Selectmen's execu-

tion thereof) and such other instruments, documents, and agreements as the Board of Selectmen may deem necessary or desirable in furtherance of the purposes of the cooperative agreement; (b) to cause to be performed all obligations which may from time to time be required pursuant to the terms of the cooperative agreement; and (c) to take action relative thereto.

ARTICLE 22. To see if the Town will authorize the Selectmen to negotiate and enter into agreement with the Gilford Village Water District for the use and upgrading of the Town well, and connections thereto, upon conditions acceptable to the Selectmen.

ARTICLE 23. To see if the Town will vote to adopt the following resolution:

“It is the sense of the Town that sodium vapor lighting used for outdoor illumination, including the type of lighting known as H.P.S. (High Pressure Sodium), is of an ugly, garish, pink-yellow appearance that is highly inappropriate for use in any of the residential, rural, professional, or recreational areas of the Town, and that such outdoor sodium vapor lighting ought not be installed or used in any part of the Town, except in the Commercial and Industrial zones.” (By Petition)

Given under our hands and seal this 24th day of February in the year of our Lord nineteen hundred and eighty-five.

Lawrence W. Guild, II

SCHOOL WARRANT
The State of New Hampshire
1985

To the inhabitants of the School District in the Town of Gilford qualified to vote in district affairs:

You are hereby notified to meet at the Gilford Middle High School in said District on the 20th day of March, 1985, at 7:30 P.M. in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district.

2. To hear the reports of the Agents, Auditors, Committees and pass any vote relating thereto.

3. To choose Committees in relation to any subject embraced in this warrant.

4. To see if the District wishes to appropriate \$1,500 or some other figure for the purpose of conducting a feasibility study of withdrawing from School Administrative Unit Thirty.

5. To see if the District will raise and appropriate the sum of \$128,700.00 or some other figure to provide and construct walls, partitions, and other space dividers in the Middle School area at Gilford Middle High School.

6. To see what sum of money the district will vote to raise and appropriate for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the district.

7. To transact any other business which may legally come before this meeting.

Given under our hands and seal this 4th day of
February, 1985.

Annual Reports
of the town of
GILFORD
New Hampshire

for the year ending
December 31, 1984

Dedication

Ruth Somerville Pratt

After more than twenty years of service as librarian of the Gilford Public Library, Ruth Pratt has announced that she will retire on April 1. This year's annual report is dedicated to Ruth as an acknowledgment of her devoted service to the public and for the constructive progress she has initiated during her tenure.

Since 1948, when Ruth and her husband Charles settled in Gilford to raise their two children, Ruth has been actively involved in community affairs, including the Thompson-Ames Historical Society, the Gilford Bicentennial Commission, and the Gilford Community Church. In addition, Ruth has participated on numerous regional and statewide professional associations.

Ruth will long be remembered for the many achievements she has spearheaded at the library, culminating in the extensive building expansion undertaken in 1984. Gilford residents can be proud of the library's extensive collection and pleasant atmosphere, a tribute to Ruth's guidance throughout the years.

We salute Ruth and wish her and Charles a happy and fruitful retirement.

Activity Reports
of
Officers, Officials
Boards, Committees
and
Commissions

REPORT OF THE SELECTMEN

The year 1984 was another year of busy activity in Gilford. This year marked the completion of the main sewer interceptor along the lake. Approximately 350 dwellings are now connected to the system. In addition, three contracts were awarded for constructing local feeder lines to the interceptor. This construction is well underway and all areas may be completed in 1985. This will complete Gilford's portion of the Winnepesaukee River Basin Project.

Through the efforts of the Library Trustees and the aid of a federal grant, we now have our long-awaited library addition. The addition doubles the library's floorspace.

The 1984 Town Meeting established a precedent in the State by being the first town to acquire land development rights of the Harris farm. This action was taken to protect open land for farm use rather than development.

In the Fall of '84, the N.H. Department of Revenue Administration started a total revaluation of all properties in the Town. It is estimated that this should be completed in the Summer of 1985.

Growth in the Town continued in 1984 with further building of condominiums, private homes and businesses; and this has put pressure on all volunteer Boards and Commissions, as well as on the Town's full-time staff.

The Board of Selectmen wish to thank all those citizens and employees who have made such a dedicated effort in continuing to make this an excellent community to live in.

Lawrence W. Guild, II,
Chairman
Thomas T. Weekes
Sandra T. McGonagle

REPORT OF THE TOWN CLERK — TAX COLLECTOR 1984

The year 1984 was without a doubt ELECTION YEAR. It started in February with the Primary, and hundreds of absentee ballots were mailed out and received. It is hard to imagine just how many people leave Gilford for the Winter until you have handled several hundred absentee ballots. Then there was Town Meeting and more absentee ballots.

In March, we added a computer, per the vote at Town Meeting. You may have noticed that your resident tax bills were a different shape this year. We are involved in getting accounting procedures set up, hopefully for all types of taxes. This is a slow process when intertwined with our ongoing daily work, but has proven to be worthwhile already. As our population grows, the handwriting of cash ledgers is being replaced with a computerized means of keeping account of payments.

As summer came upon us, we reacquainted ourselves with those who use the Gilford Beach. We issued approximately 5,000 taxpayer stickers for use at Glendale Docks and Gilford Beach and entrance to the dumps.

Once again, it was September and we had a State Primary and hundreds more absentee ballots required for this election. And, last but not least, was the NOVEMBER PRESIDENTIAL ELECTION. It is rewarding to report that 84% of the registered voters in Gilford turned out to vote. This includes over 400 absentee ballots. My thanks to those of you who spent time with me and the other election officials counting ballots to the wee hours of the morning. In 1984, we registered at the Town Clerk's Office 538 voters. This is in addition to the voters registered at the Supervisor of the Checklist sessions.

As a whole, 1984 was extremely busy. We registered at our counter 6,375 automobiles. Many of these (3,164) were renewal registrations and could be completely registered in Gilford alone, without a second trip to Concord or a substation.

The municipal agent program was instituted in September, 1983 and has had overwhelming success throughout the State. Motor Vehicle Division in Concord reports that Town Clerks are processing nearly two hundred thousand renewal registrations on the Town level. This service is expected to expand rapidly to soon include transfer registrations. However, we must ask your cooperation in bringing your current registrations with you. Without them, we must, as required in our contract with the Motor Vehicle Division, refuse to do the State portion of the registration. The consequences of not requiring this could mean we would be removed completely from the program. So please help us help you. This program earned \$4,692.00 in revenue for the Town of Gilford.

In August, I was honored to be nominated and elected as first Vice President of the New Hampshire Tax Collector's Association. It is with pleasure that I represent the people of Gilford in this capacity. Also, in September, I was nominated and elected to be the fifth Vice President of the New England City and Town Clerk's Association. This organization of City and Town Clerks has a representative from all six New England States. And again, it is a pleasure not only to represent the Town of Gilford, but the State of New Hampshire.

My thanks to my staff for their tireless devotion in making 1984 so successful. The year 1985 promises to be as busy and as exciting.

Respectfully submitted,
DEBRA E. EASTMAN

REPORT OF THE PLANNING BOARD

The year of 1984 was another very busy one for your Planning Board, which processed twenty-nine (29) site plans and thirteen (13) subdivisions, creating 151 lots within the Town of Gilford (condominium units are included in this figure), generating a total of \$3,360 in fees in addition to reimbursing \$322.00 for recording fees and \$674.25 for postage fees.

The Planning Board requested a fee increase, which was approved by the Selectmen and took effect on 11/12/84. The following is the new fee schedule:

New Commercial Site Plans	\$100
Additions/Amendments to Existing Site Plans	20
Sign Site Plans	10

Subdivision fees remain the same at \$20 per lot and all applicants pay postage fees involved in notifying abutters and any recording fees.

The Planning Board wishes to sincerely thank the members of the newly formed Site Study Committee, which consists of representatives from the Department of Public Works, Fire Department, Highway Depart-

ment, Police Department, Planning Board, and Zoning Board of Adjustment. This Committee meets every Thursday morning to review all plans coming before the Planning Board on the following Monday night, and gives technical input to the Board via minutes of the meeting on various proposals. This assures each and every plan of getting a thorough and complete review from all levels at the same time, and has proven to be a most valuable aid to both the Planning Board and applicants alike.

The Planning Board, during the year of 1984, lost a very valuable member in Don Morin, who resigned after nine years of dedicated service. The Board wishes to thank Don for his valuable assistance and hard work during all those years. Replacing Don was alternate member Jack Sawyer. New alternates appointed to the Board in 1984 were Carolyn Scattergood and Gordon Weymouth.

The Board wishes to thank Mike Laura, who served the Board in the capacity of Code Enforcement Officer from July until December of 1984. This was a new position established in 1984 and proved to be of great assistance to the Board. Mike is now serving as the new Deputy Director of DPW. The Board wants to congratulate him on that appointment and wishes him the best of luck.

Our office at the Department of Public Works facility is open Monday through Thursday, 8:30 a.m. to 12:30 p.m. Our phone number is 524-6294. Items to be placed on the Board's Monday night agenda must be in the Board's office by the previous Wednesday noon in order to be reviewed by the Site Study Committee on Thursday a.m. Our Board meets each Monday evening at 7:30 p.m. at the Public Works facility meeting room off of Route 11-A. During the summer season, the Board meets every other Monday. Interested parties are welcome to attend any of our meetings.

We thank the townspeople of Gilford for the opportunity of serving you during the year of 1984 and look forward to serving you in 1985

Respectfully submitted,

GILFORD PLANNING BOARD

REPORT OF THE OVERSEER OF PUBLIC WELFARE

During 1984, 58 families, representing 137 persons, were directly assisted by financial relief, counseling, or information and referral services. Another 26 families, with 33 of their children, were provided service through our matching support for the excellent programs of the Lakes Region Day Care Center now moved to the former Knights of Columbus Hall on Meredith Center Road (524-1235).

District Court placed children in need of service (CHINS) continue to be expensive propositions when out-of-town services are necessary, as noted by the significant increase in our direct relief expenses. The cooperative effort by the School District, Police Department, District Court, Probation Department and this office have somewhat controlled expenses this year.

Many of these families, along with others from town, also received State Federal Welfare Assistance in the form of checks, food stamps, and social services (524-4485). Federal Supplemental Security Income checks have helped some handicapped and older family members (1-224-1938). Belknap County Welfare Assistance has been available in some foster situations and for those families supported by the town over twelve months. The Julia Ladd Fund "for the worthy poor" has been administered by the Trustees of the Trust Funds. An excellent resource list of helping agencies is found on pages 4 and 5 of our 1984 telephone directory or by calling 524-8811.

Some of us continue running out of Energy. For the low to moderate income families, there is a continued Energy Assistance Program at the Belknap County Community Action Center where money is still available (524-5512). The Center also maintains a Food Pantry

for emergencies. Nutritious Meals for Senior Citizens are available at the Laconia Senior Center (524-7689).

Hardships and problems this year have included utility shutoffs, illnesses, unemployment, tragic fires, as well as folks just moving through town.

Happily, there continue to be a number of newly licensed foster families still supplementing our "older" families in providing emergency and crisis care, along with longer term foster living experiences for some wonderful youngsters. A number of other families are also State approved to share their homes with handicapped and older adults needing "foster family" living (524-4485).

The Model Welfare Guidelines, 1982 Edition, by the New Hampshire Municipal Association, continues as our basic manual. This, used with understanding and discretion, seems to best express the friendly concern of Gilford's good families "helping neighbors to help themselves."

Again, for any questions, or for a neighbor who might need assistance, please get in touch through the Town Office (524-7438) or at home (293-4990). Let us all continue to share our blessings throughout this year.

Thank you.

William M. Connelly, II
Overseer of Public Welfare

**1984 GILFORD
HEALTH OFFICER'S REPORT**

The Gilford Health Officer is chosen on recommendation of the Selectmen, appointed and certified by the NH Director of the Division of Public Health Services. Such person serves a term of three years and, together with the Selectmen, forms the local Board of Health for the town.

The Health Officer has three basic responsibilities: (1) conducts state required inspections for the licensure of all day care facilities in the town; (2) investigate and document complaints of health hazards or potential health hazards; and (3) work with other town officials to correct identified hazards and enforce public health laws and regulations.

Residents are encouraged to contact me at home 524-2286, or leave a message at the office of the Selectmen to report potential health hazards or secure information on health statutes.

Herewith submitted is a tabulation of my work for 1984. I urge every resident of Gilford to join with me in the effort to keep our town a safe, clean and wholesome community in which to live.

Tabulation includes: procedure time, travel time and telephone time needed to resolve problems.

Day care inspections (11)	12 hrs.
Health hazard investigations (12)	45 hrs.
Water testings in Concord (2)	5 hrs.
Meetings (4)	13 hrs.
Paper work completion	27 hrs.
Total Hours	102

Reimbursement from Selectmen's Office:

Annual stipend	\$250.00
Mileage on my car, 408 miles at 17¢ per mile	69.36
Postage, toll calls & supplies	9.77
State Health Officers dues & annual meeting.	22.00
Total reimbursement.	\$351.13

Respectfully submitted,

Theresa Peters RN

REPORT OF THE RECREATION COMMISSION

During the year 1984, the Recreation Commission saw a great deal of activity and many changes in the area of recreation programs and facilities in the Town of Gilford. Much that was accomplished in this past year was due to the dedication of the members of the Recreation Commission and the tremendous support and cooperation from the people of Gilford.

One of the largest changes to come during 1984 was the appointment of the Town's first full-time Recreation Director, Sue King. With Sue's leadership and direction, the Recreation Commission hopes to be involved in the expansion of new and existing recreation programs and facilities and the development in the years ahead of a well-rounded Town recreation program serving all ages.

A variety of programs was started during 1984, including an arts and crafts program at Gilford Beach; a Senior Adult Club; an after-school movie program; a youth basketball program; and the start of what will now be annual special events, such as a Town Halloween Party and a Christmas Celebration.

The Recreation Commission also acted as Chairman of the 1984 Gilford Old Home Day, with the theme "The Gilford Summer Olympics." The day proved to be a huge success with the parade, food and craft booths, new Olympic field events for the children, entertainment, the band concert, and a giant fireworks display and dance. The Recreation Commission wishes to extend a special "thank you" to all who contributed to this fun and memorable event.

Gilford Beach once again had a busy and successful season. The new beach sticker admission policy helped considerably in controlling the increased use of the beach. The swim lesson program and the swim team

were again heavily participated in by the children. The arts and crafts program and the Water Carnival also saw a large turnout of children participating. The commission would like to commend the beach staff for providing the residents of Gilford with another safe and pleasurable summer season at Gilford Beach. The 1985 season will bring the installation of new basketball standards and backboards on the basketball court, an expansion of the arts and crafts program, the installation of volleyball standards, the construction of a small storage building at the entrance to the beach, a new beach gate, and the start of a small summer program for the children at the beach.

The use of the Village Field continues to grow as the organized programs and leagues increase in popularity. The 1985 season will see much work done to improve the condition of the fields, the installation of new playground equipment and portable bleachers on the field, and the replacement of lights that are out at the tennis and basketball courts.

Stonewall Park on Stone Road continues to see much use as ball teams organize games on the field there.

The Commission would like to remind the residents of Gilford about Lincoln Park, located on Belknap Point Road. This small park offers a quiet, scenic picnic area on Lake Winnepesaukee, and will hopefully see more use in the year ahead.

Despite a late opening this past winter, the Gilford Ice Rink offered approximately 30 hours a week of recreational skating, stick and puck hours, and ice rental time to three organized hockey groups.

The "Gilford Friends of Recreation" continue with their support of recreation activities in Gilford. The raffle the Friends held this year was an extremely successful fundraiser, and the Commission looks forward

to working with the Gilford Friends of Recreation in the future.

The Recreation Director and the Recreation Commission have enjoyed serving the people of Gilford in 1984 and look forward to expanding recreational facilities, activities and programs for all in 1985.

Respectfully submitted,

Sue King, Recreation
Director

Recreation Commission:

Ellen Molnar, Chairman

William E. Ness

REPORT OF THE ZONING BOARD OF ADJUSTMENT

During 1984 the Zoning Board of Adjustment heard thirty-five cases. Of these, twenty-four were for variances and eleven were for special exceptions. During 1982 there were twenty cases heard and during 1983 twenty-seven cases were heard.

Of the cases heard during 1984, twenty-one variances were granted, some with conditions, and three were denied. Of the special exceptions heard, ten were granted and one denied. One request for a rehearing was heard and denied.

At the 1984 Town Meeting, a new zoning ordinance was adopted. Also during the year several new and important Supreme Court decisions were handed down. The combination of these actions required much study by the members of the Board.

As always, the ZBA does its best to render its opinions fairly and honestly to protect the interests of the people of Gilford.

It is with sincere regret that we acknowledge the resignation of Richard Campbell as a member of the ZBA. His knowledge of the zoning code and his input into the policy and decision-making has been a great help to the Board during its deliberations over many years. All members of the Board wish him the best in his new endeavors.

We extend a sincere welcome to Richard Ladieu as the new ZBA member.

We also wish to extend appreciation to the alternates who stand by to serve whenever they are needed.

ANNUAL REPORT OF THE CONSERVATION COMMISSION

Gilford's Prime Wetlands:

The eighteen wetlands designated as "prime wetlands" by the Commission out of Gilford's 163 wetland areas were approved in a referendum vote by Town Warrant on March 13, 1984. The maps and reports, required by the Wetlands Board regulations, were submitted to the Wetlands Board and were accepted by them by vote at a meeting during 1984.

Harris Farm Development Rights:

Concern for farmland and open space protection led the Commission to activities for the acquisition of the development rights for the 40-acre tract of this farmland. At the Town Meeting on March 14, 1984, it was voted that Gilford should acquire the development rights for the purchase price of \$75,000. The cost to the Town was reduced to \$61,770 by a contribution of \$13,230 from a special fund managed by the Conservation Commission.

Agricultural Inventory of Gilford:

The groundwork for this inventory was laid during the past year and is planned for completion in 1985 as a major project of the Commission. The purpose is to generate a data base that will be instrumental in the protection and preservation of Gilford's agricultural land. To accomplish this, a questionnaire that includes obtaining information on objective data as well as subjective attitudes and views will be mailed to farmland owners, and will be followed up by a site survey and personal interview by a Commission member. The Conservation Commission will be assisted by the Belknap County Conservation District in rating the land. The

questionnaire and covering letter have been duplicated for mailing in January 1985.

Dredge and Fill Applications for Permits from the Wetlands Board:

Approximately forty-three applications were filed, entailing additional information being obtained from the applicant, site visits, site plan reviews and associated activities in approximately twenty-five of the applications. Sixty-five percent of the applications were granted by the Wetlands Board, some requiring modifications, with our Commission in concurrence. Seven percent were denied permits with our Commission favoring denial. Twenty-eight percent are still pending before the Board with varying degrees of acceptability.

REPORT OF THE GILFORD VILLAGE HISTORIC DISTRICT COMMISSION

1984 ANNUAL REPORT

The Gilford Village Historic District Commission held two hearings in 1984:

1. **June** — An application for the Village Store to sell food from their ice cream window was approved; and
2. **December** — An application to erect a disc antenna in the front yard of a home was denied.

The Commission is considering placing welcoming signs in the Historic District. Information pertaining to the District will be included in the Town of Gilford 1984 Tax Assessment book.

REPORT ON LIBERTY POLE MONUMENT

On Old Home Day, 1976, the Gilford Bicentennial Commission sponsored a tour of historic sites. Two of the places were the site of the Pest House on Goodwin Road and the Liberty Pole on Liberty Hill. Since that time, a small bronze marker has been placed at the Pest House site and graveyard, and an imposing black mica and quartz stone with a bronze plaque has been placed at the Liberty Pole site.

Funding for the project was provided by the Thompson-Ames Historical Society, the Mary Butler Chapter, NDAR, and the Town of Gilford using funds from the carry-over 1976 appropriation of the Bicentennial Commission.

Dedication of the monument took place on Saturday afternoon, August 4, 1984. Attending, among others, were state officers of the Daughters of the American Revolution, Mary Butler Chapter Regent and members, Gilford Board of Selectmen, the Mayor of Laconia, members of the Thompson-Ames Historical Society, and members of the Gilford Village Historical District Commission. Appropriate patriotic exercises took place.

Thomas T. Weekes
Selectman

REPORT OF THE LIBRARY TRUSTEES

When Ruth Pratt was appointed to the Gilford Public Library in 1963, it was open two days a week for four hours at a time. There were 1,500 people in town being served at the one floor bungalow. Molly Connelly, Chairperson of the Board of Trustees, recalls:

“When we moved to Gilford in 1963, the Library was one of my first stops. I have loved books and reading all my life and could hardly wait to see what the Library offered. Well, there were 12,000 books in the collection, but the Library offered a lot more than that. Ruth Pratt introduced me to another young mother, Sara Pilliod, and that began a two-score plus friendship! Ruth also took the time to give me directions since all the roads were new to me then, and suggested I call at the Town Hall for beach tags. It has been said that the Town Hall is the pulse of the Town, the Police Department is the ears and eyes, and I think the Library is the Heart.”

Children of the young patrons when Ruth began her tenure are now borrowers scratching their names for their first cards. During the years Ruth has watched the Town grow and has initiated changes to accommodate that growth. The empty cellar was turned into a cheerful meeting room and used regularly by the Planning Board and the Civil Defense Committee. Ten years ago, Ruth envisioned a new addition due to the overcrowded conditions and sat through committee after committee never losing faith or enthusiasm for the project. During that time she took courses at UNH for her Associate's Degree and continued attending sessions and workshops sponsored by the State Library. A testimony to her professionalism is the fact that the Gilford Public Library has received a Certificate of Merit from the State Library Commission every year since she was named Librarian.

As a professional, Ruth has chaired the District Advisory Committee and served as a delegate to the New Hampshire Library Trustees Association. (One of the most devoted Pie & Ice Cream Social patrons is a woman Ruth met on that Committee who drives from Concord regularly in the summer to partake of the scrumptious offerings!).

During the energy crisis, when the Bookmobile was no longer funded, Ruth and Mary Carter drove to Concord to pick new selections for the Town borrowers in their own vehicles. When Nell Richardson was working for Ruth, they began the Lake Shore Park Run, bringing books to the large summer colony. Nell married Christopher Pratt and Ruth lost an assistant but gained a daughter-in-law! The LSP run continues today under the able leadership of Ruth and Mary.

Every kind of meeting has been held at the Library, from the early days of the Planning Board to the Historical Society, the Gilford Woman's Club and now the Friends' meetings. Perhaps one of the most memorable events for "townies" who move away is the Old Home Day celebration. The Library offers a cool respite for former patrons, many of whom have traveled great distances to come back. They look forward to the Library Tea and a chance to greet Ruth and her staff of six dedicated women.

Ruth has endeared herself to many of the shut-in and lonely Gilford folks by delivering, on her own time, books and words of cheer. The evidence of her favor with patrons is especially seen at holiday times. Cookies, cards, flowers, and well wishes are abundant. Many patrons send postal cards when they are away and often bring interesting objects for Ruth to display.

People feel comfortable calling the Library for information and assistance. The "I hate to bother you, but . . ." question has led Ruth and the staff on many

fascinating journeys through reference material, and sometimes, social service brochures. One modern invention Ruth implemented, especially for high school students and their parents, was a microfiche catalog of all colleges.

Right after the New Year begins, Ruth has income tax forms and the books put out by the government to help patrons fill in the dreaded forms. The many community offerings are posted and often special programs of note are highlighted so borrowers can be informed at all levels.

Children are encouraged to read and develop at the Library. Programs are held to ensure that positive reinforcement is a way of life for the Library.

All the requirements for the state are met at the Gilford Public Library, but there are certain extras that make it extra special:

- the nice touches seen in flowers of each season brought in by staff and patrons and artfully arranged;
- the easy chair upstairs and the pint-sized chairs in the children's room show patrons "we care;"
- the atmosphere is friendly, homey, and warm.

Ruth and her staff are like "mother hens" brooding over their own—they inquire about your children, your mother's health, your summer garden—all the things patrons share with them over the charge desk.

This caring attitude has been fostered by Ruth Pratt and we shall miss her. Twenty-two years of service to the Town of Gilford is quite a record. Thank you, Ruth.

BOARD OF TRUSTEES

Molly Connelly, Chairman
Edward Merski
Mary Chesebrough

*You are cordially invited to a
Reception
honoring Ruth Pratt, Librarian

The Gilford Public Library
Refreshments will be served*

LIBRARIAN'S REPORT
GILFORD PUBLIC LIBRARY
1984

1984 has been the greatest year of all for this librarian. The new addition finally became a reality. By the end of March, the new shelving, donated by the Friends of the Library, had been installed on the main floor of the new wing.

Moving Day was set for April 30th and May 1st. On that morning, a crew from the DPW, members of the Friends, and the staff and trustee started transporting books, moving shelves, desks, etc. On May 2nd, the library opened to the public. We are still finding things in strange places!

On June 24th, a formal dedication took place. Over 100 people attended this affair, coming from all over the New England states. The refreshments were served by members of the Friends.

The Summer Reading Program plus the Wednesday Afternoon Movies were well attended again this year. The Annual Award Picnic was held at the library and was followed by a full length Disney Film.

The display case was busy with exhibits from Mabel Walter, Sylvia Cilley, Louise Fairfield, Shirley Greenwood, Thelma Dame, Bob & Rita Watson, Ed Merski, Mary Carter and Paula MacDonald.

Now, I would like to get a little personal, if I may. I wish to dedicate this last report to the many, many friends I have made in the past twenty-two years. What the Gilford Public Library has become could never have been accomplished without each and every one of you helping. It would be difficult to name names, but through the years you are remembered:

— The grade schooler looking for something on dinosaurs or perhaps spiders.

— The teenager needing something for a science project on how a saw mill works.

— The college student, with the endless bibliography, hoping we can find just one book somewhere.

— The adults with trivia questions, requests for what's new, the magazine article started at the dentist's office, or perhaps the how-to-book on what to do when the kitchen sink leaks.

— The person who forgets to type the notice of a meeting on a postcard. That same person left the top off the coffeepot.

These are just a few of the things I will miss and remember. Thank you all for your kindnesses and challenges throughout the past years. It really isn't goodbye, I know, because I plan to use our library, too.

Sincerely,

Ruth S. Pratt, Librarian

REPORT OF THE FRIENDS OF THE GILFORD PUBLIC LIBRARY

In its second year of renewed activity, the Friends' group has been successful in its programs for both fun and accomplishment. Membership now stands at 142, compared to 70 at the end of 1983.

Highlight of the year was the Open House for the dedication of the addition to the Library. Friends were very generous in their donations of both food and time. Collations were served at meetings of both state and local library groups when meetings were held at the Library.

An innovation started in November is programs to be presented every other month on the second Wednesday. The first program, funded by the Foundation for the Humanities, turned out to be the case of the absent-minded Professor who failed to appear. Twenty-six people who came for the presentation had a delightful time talking and enjoying the refreshments.

The ever popular "Pie and Ice Cream Socials" were held on eight summer Wednesday afternoons under the able leadership of Wanetta Peirce. In addition, the second annual Coffee Hour was held, as well as very successful sales at Old Home Day and the Christmas Fair.

For the first time ever, the Gilford Friends were represented by four officers and members at the statewide meeting held in May at the Margate.

The tangible evidence of our labors is twenty sections of floor-to-ceiling wall shelving in the adult room of the addition. The next goal is to provide freestanding shelving in the same area.

Sincere thanks go out to all who have supported the Friends with their contributions of funds, baked goods, crafts, and particularly their help at the various functions.

A financial report of the year's activities is included with this report.

Respectfully submitted,

Allen I. Dublin, Chairman
Helen M. Howe, Vice Chairman
Emily P. Fairbrother, Secretary
Alton C. Fairbrother, Treasurer

1984 GILFORD POLICE DEPARTMENT ANNUAL REPORT

The Gilford Police Department had a very active year in 1984. There were in excess of 5,900 Calls for Police Service during the year and more than 69,000 Business and Security Checks provided to our taxpayers.

Despite our 19 percent increase in the number of arrests or summonses issued for Motor Vehicle violations, 694 as compared to 582, we still experienced a 10 percent increase in the number of property damage accidents for the year, 265 as compared to 239 in 1983. However, we were able to reduce the number of Personal Injury accidents by some 17 percent, partly due to our intensified DWI campaign which resulted in 91 arrests for the year. I believe that we succeeded in getting the message out that Gilford Police are actively fighting the drinking and driving problem and that we are increasing the chances of catching violators by intensified patrols.

Your Police Department Personnel have been strained with the requirements of the sewer line construction in the Route 11 area and it will continue into 1985. There have been several weeks when our officers have spent in excess of one hundred fifty additional hours directing traffic safely around these construction sites in all kinds of inclement weather. We appreciate and request your assistance and understanding in the months to come when the sewer line construction might create some inconveniences for you. The police officers are trying to assist you, not inconvenience you at these construction sites. None of the officers enjoy the aggravations and discomforts of directing traffic for hours on end. We invite you to join us at a construction site on a heavily traveled highway for a couple of hours. You will be amazed at the antics of vehicles and drivers!

The summer months of June, July and August of 1984 each produced an increase in the number of Criminal Offenses known over the prior year. This was due to the increased tourist activity in the area and, with the reduction in the cost of gasoline, we can expect as good or better tourist trade in 1985. Nearly all the remaining months of the year showed a slight decrease in the number of Criminal Offenses known; partly due, I suspect, to the poor skiing conditions which sent tourists further north to enjoy the sport

The efforts of our Animal Control Officer were hindered in 1984 by the unexpected delay in availability of the Highway Department vehicle and the need to assign him to the traffic duty on the sewer line construction. Despite these adversities we generated a 16 percent increase in the number of Leash Law Violation notices and/or Restraining Orders issued. That, however, did not even put a dent in the dog control problem in Gilford. Our Animal Control Officer is now on patrol in the white Scout each week to enforce the Animal Control Laws. We ask all dog owners to take care of their pets and not allow them to roam free to annoy neighbors and motorists.

Once again we experienced excellent cooperation from the Board of Selectmen, heads of other town departments and a majority of the taxpayers. We look forward to providing you with at least equally satisfactory police protection in the coming year. But your police cannot fight crime alone. We need your help, so: "Make The Criminal Pay; We Are Only a Phone Call Away" at 524-5841.

Respectfully submitted,

James L. Martel
Chief of Police

REPORT OF THE GILFORD FIRE DEPARTMENT

The Gilford Fire Department experienced some major changes in 1984. The retirement of Deputy Chief Allan D. Whitney was certainly a big loss to the department and Town. We want to thank Allan for his 23 years of full-time service to the Town and wish him the best in his retirement and new career.

Projected outlook for the next five years:

Personnel:

The present work week for our firefighters is 56 hours a week. We are looking at reducing the work week by 14 hours a week, which would put them on a 42 hour week. The majority of the full-time departments in the State now enjoy the 42 hour week. We would like to accomplish this in 1986.

Equipment:

- Replace the 1977 ambulance in 1985.
- Replace the 1982 department car in 1986.
- Replace the 1968 Engine 5 in 1988.

Fire Prevention:

Fire prevention in Gilford includes everything that your fire department does to decrease the incidence of uncontrolled fires. Fire prevention methods utilized by the Gilford Fire Department focus on inspections, which include the enforcement of the Fire Prevention Code and the Life Safety Code, and it is the legal means of discovering and correcting deficiencies that pose a threat to life and property from fire. We also focus on pre-fire planning, site and building plans review, fire investigations and public education.

During the year 1984, the Site Plan Review Committee was formed. Their meetings are held each week on Thursdays and are open to the general public. The focus

of the meetings is on new construction for subdivisions, shopping centers, industrial development, and multi-family developments. A minimum of one member from the fire department, police department, building department and highway department meets as a body with the Administrative Secretary to the Planning Board. The Committee reviews the proposed agenda for the following week, and is allowed at that time to have input into the construction proposals which are scheduled to go before the Planning Board. The Committee has worked very well together, with the principal interest of the welfare of the entire Town as one of the main objectives.

During the past year, we have continued our programs of inspecting and licensing places of public assembly, day care centers, foster homes, nurseries, and public educational facilities. We have written new guidelines on fire drills in educational occupancies and have conducted fire drills in these buildings as weather permits.

In working on new site plan reviews for commercial construction, we have been requiring the developers to provide early warning systems in the larger structures. There were a total of ten projects that fell into the category of needing an early warning fire alarm system, in addition to rated fire walls to provide compartmentation of the structures to reduce the needed fire flow to these larger buildings.

An example of this would be in the industrial park off Route 11-B. The developer is constructing an unusually large structure, and it is complete with fire detectors, rated fire walls, and a dry type fire hydrant on the property. In the area of public education, we gave classes on home fire escape planning, smoke detectors, crawling low in smoke, and the "STOP DROP AND ROLL" technique to over 435 individuals. We also distributed over 2,000 pieces of material to the students in the elementary schools and other residents.

Training:

During the year of 1984, the members of the Gilford Fire Department spent a great deal of time training on new skills and polishing the old skills. The members of the department spent over 3,000 total man hours on training in fire department skills. This past year, eight members completed the N.H. Fire Standards & Training Commission Firefighter Level I training. This course was a total of 100 hours per person in training on basic skills. For this upcoming year, we are going to work on the Level II certification.

In 1984, the members of the Fire Department who are involved in providing the Emergency Medical Service spent nearly 2,000 man hours in training. The Department gained five new Emergency Medical Technicians. This was a commitment of 120 hours per person to get this level of training. Seven members of the Department also spent extra time receiving training and certification in one or more levels of advanced care for the sick or injured.

Emergency Calls:

We responded to 579 emergency calls which is a 2.2% increase over 1983.

Structure Fires	9
Motor Vehicle Fires	8
Grass/Brush	36
Chimney Fires	36
Mutual Aid	34
Fire Alarm—No Fire Found.....	92
Misc. Emergencies	41
Ambulance Calls	311
Public Service Calls	9
Bomb Threats.....	2
Boat Fires	1
Total Calls	579

In concluding we would like to thank the other Town Departments for their assistance and support. We also thank the people of Gilford for their continued support.

Respectfully submitted,

Michael D. Mooney, Chief
(for the Board of Fire
Engineers)

Philip LaBonte, Chairman
Dr. Willis Hoyt
Robert Robertson

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature ninety years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the city/town Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damages caused and subject to a \$1,000 fine.

During the past ninety years, this law has worked so well that it has remained unchanged. All open fires, when the ground is not covered with snow, must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required, are liable for damages caused, fire suppression costs, and subject to a \$1,000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

The Gilford Fire Department issued over 700 fire permits in 1984. The State experienced one of the driest falls in the past ten years and, unfortunately, Gilford had one of the worst woods fires during this period. The fire on Belknap Mountain incurred over \$11,000 in suppression costs. We wish to thank all the people who came to our aid during this fire.

While out in our woodlands, please be careful with smoking materials. As Smokey says, "Only You Can Prevent Forest Fires."

1984 Statistics

	State	District	City/Town
No. of Fires	875	34	3
No. of Acres	335	39	26½
E. Sven Carlson Forest Ranger			Michael D. Mooney Forest Fire Warden

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

The Department of Public Works experienced several personnel changes during the past year. Director Richard Lacasse accepted a position with the State of New Hampshire Aeronautics Commission in September and was replaced by Deputy Director James Presher. Code Enforcement Officer Michael Laura, was then appointed to the Deputy Director's position. At this writing, the Code Enforcement Officer position is in the process of being filled. All changes have gone well and the Department continues to serve the public

All three contracts of the Sewer Construction Project have been in full operation for several months now. Contract #3, which is the Smith Cove, Harris Shore and Sawyer's Meadow area, has nearly all of the lines installed at this time. Progress on Contracts #1 and #2 has continued at an excellent rate and acceptance of these lines is expected in the late fall. We certainly find ourselves in the "sewer business".

We ask for the public's patience and cooperation during this construction period. Delays and inconveniences will be kept to a minimum

People, business and industry continue to locate in Gilford. The Route 11 and 11-B area, along with the Lilly Pond and Airport areas, are showing a large amount of small business and industrial type of construction. Residential construction fell off very slightly in 1984, with 55 new residences being built while condominium units took a jump with 93 new units being completed in 1984. The total value for all new construction in 1984 was \$10,339,959. This is a \$1,501,040 increase over last years' total.

Highway and roadway maintenance continues to be a high priority. Scheduled sealing and shimming will be completed as in the past. In conjunction with the Sewer Project, many of our streets and roads are being upgraded. We hope to have all streets affected by the sewer project paved by next fall.

Finally, the Department of Public Works wants to thank the public for their support and confidence. Your comments and interests are always welcome. We look forward to serving you!

Respectfully submitted,

James R. Presher
Director/Dept. of Public Works

REPORT OF TRUSTEES OF TRUST FUNDS

The Trustees of Trust Funds are responsible for overseeing more than 250 individual trust funds, most of which are designated for perpetual care of cemetery lots. A change in the state law several years ago allows the Trustees to combine the proceeds of the funds for the purposes of investment. The Trustees invest the funds and apply the interest to the individual funds.

As a result, only newly created trust funds and additions to existing trusts are listed in the Annual Report. The status of a specific trust fund may be checked at any time by contacting the Trustees.

The costs associated with maintaining cemetery lots are taken from the accrued investment interest, thus assuring that future funds will be available to keep the cemeteries in proper shape.

During the past year, the Trustees continued an ongoing policy of inspecting abandoned cemeteries within the Town. At Carr Cemetery, the main gate was replaced to provide safer access and improve appearances. Further recommendations are being reviewed to upgrade the condition of these cemeteries.

The Trustees look forward to continuing to serve the people of Gilford.

Milo F. Bacon, Chairman
George A. Sawyer

AUDITORS' OPINION

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Gilford, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Gilford, New Hampshire at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Gilford, New Hampshire. The information has been subjected to the auditing procedures applied in the ex-

amination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

NOTES ON SCHOOL DISTRICT MEETING

March 20, 1984

The School District Meeting was called to order at 7:33 p.m. on the above date by the Moderator, David Decker, at the Gilford Middle-High School.

Mr. Decker read the election results. Total ballots cast were 559.

For School Board:

Bruce Dietrich	321
Robert Litter	187
Bob Pomeroy	32

For School District Moderator:

David Decker	475
Peter Millham	4

For School District Clerk:

Carol Farnsworth	473
Nancy Campbell	9

For School District Treasurer:

Edgar A. Kenney	491
-----------------	-----

It was announced that tickets for "Once Upon A Mattress," the Gilford High School play, were available in the lobby, and the microphones were being operated by students.

Mr. Raymond Wixson, Chairman of the School Board, recognized the service given the School Board by Geraldine Sawyer for the past 3 years, and she was presented with a plaque.

Mr. Wixson introduced the members of the School Board and member-elect Bruce Dietrich as well as Richard Ray, Chairman of the Budget Committee, and administrative personnel from SAU 30 and the two schools.

A special slide presentation about Gilford Middle-High School was then presented in recognition of the

10th anniversary of the school. Michelle Clark and Terry Richardson took part in this.

The Moderator read the entire warrant.

Article 1. “To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agent of the district.”

David Bullerwell moved the salaries as follows:

Moderator	10.00
Clerk	10.00
Chairperson of the School Board	300.00
Members (4)	200.00 each
District Treasurer	1200.00

This was seconded by John Roche. There being no discussion, a vote was taken and the article carried.

Article 2. “To hear the reports of the Agents, Auditors, Committees and pass any vote relating thereto.”

Kathy Francke moved that the reports be accepted as printed in the 1983 Town Report. Mr. Wixson seconded. A vote was taken, and the article carried.

Article 3. “To choose Committees in relation to any subject embraced in this warrant.”

Motion made by Geraldine Sawyer that since there are no committees to be chosen at this time, pass on to the next article in the warrant. Seconded by Kathy Francke. Mr. Wixson said they were in the process of organizing a committee to study the Middle School; curriculum and use of space. Any people interested in signing up were invited to see Mr. Wixson after the meeting. (Vote on this article?)

Article 4. “To see if the District will raise and appropriate the sum of \$80,000 or some other figure to maintain and repair the paving and drainage system of the parking lot at Gilford Middle-High School.”

John Roche moved the article as read by the Moderator. Seconded by David Bullerwell. Mr. Roche discussed the motion. It is planned to dig up three sections of the lot, taking it down 12" and filling with coarse gravel and furnishing drainage around the edges. Mr. Ray said the Budget Committee supports this expenditure and would like to compliment the School Board in doing only what is absolutely necessary. Mary Chesebrough asked whether there was any guarantee on this work or would we face it next year. Mr. Roche replied that there will be a performance bond required. The Moderator inquired whether any testing had been done below the surface and was told it had been found that the gravel varies from 0 to 2" with sand and silty material underneath. Mr. Roche pointed out that the curbing had heaved and will be fixed as part of this \$80,000 project. Mr. Hauck explained about the proposed drainage system which will pick up underground water — not surface water. Bob Pomeroy asked how long it will last. Mr. Hauck responded that he and his company had many years of experience in land treatment and were familiar with this kind of problem.

There being no further discussion, a vote was taken. It was in the affirmative and the Moderator declared the article carried.

Article 5. "To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district."

Mr. Wixson moved that the District raise and appropriate the sum of \$3,956,822 for the purposes stated in Article 5. This motion was seconded by Kathy Francke. (Mr. Decker stated that the salaries of district officers are included in the figure in Mr. Wixson's motion, as well as the \$80,000 voted in Article 4.)

Mr. Decker said Mr. Wixson would go through the

Gilford School District Proposed Budget one page at a time, explain any major changes — increases or decreases — and invite questions from members of the District.

Before starting to review the budget, Mr. Wixson called upon Richard Ray, Chairman of the Budget Committee. Mr. Ray stated that the Budget Committee supports this appropriation. He found it interesting to note a total increase of 8%, 5% of which is attributed to wage increases and insurance costs.

Following are the highlights of the budget as discussed by Mr. Wixson:

Page 1. 1100-112. This increase represents salary increases of 8% and includes \$9,000 (1/2 first grade teacher) to accommodate large Kindergarten from this year.

1100-115. Decrease because the Kindergarten aide will not be employed next year.

1100-211. Blue Cross/Blue Shield, 20% increase.

1100-230. FICA increased 7.03%

1100-112. Decrease due to Middle School teacher dropped. New teachers hired at lower rates.

1100-115. Last year, an error had been made in this account concerning an Assistant Teacher. All Assistant Teachers received 8% increase.

It was asked by Bob Pomeroy if there was any thought of self-funding an insurance plan considering the increases in Blue Cross/Blue Shield coverage. Mr. Wixson said that the New Hampshire School Boards Association participated in a program called ASSET. The School Board presented it to the Teachers' Association as an equivalent plan. It was voted down by the Association because they felt it was not equivalent. It would stabilize the cost. The School Board will be dealing with the issue in the future; certainly when they begin new negotiations at the close of this contract.

Mr. Wixson was asked (by Pamela (?)) about the size of next year's Kindergarten and whether they would need more help next year. Mr. Wixson said they assumed the large increase in enrollment last year was unusual, and they will deal with that if it becomes necessary by going back to the Budget Committee.

Page 2. 1100-610. An increase of 10% in Science supplies for the Middle School.

It was pointed out that the itemized listing of New Equipment and Replacement Equipment is now shown under the High School account only.

1100-112. Increase due to three additions to staff: 1/2 time computer teacher \$9,000, full time Science teacher, and 1/5 Music teacher, and 8% salary increases.

Page 5. Driver Education. Mary Chesebrough asked what the approximate cost is to the student. Mr. Ayers said they charge \$185.00, and \$55.00 is refunded after completion.

Special Education. Mr. Wixson pointed out that there was a reduction of \$44,308 in special education costs for the three levels because the present population requires fewer services. They planned very closely, and he feels it is adequate.

Page 6. If you take all of the athletic accounts, the coaching accounts have been increased \$9933, to bring them in line with the pay in other schools. After 10 years, they are replacing uniforms, bringing the total increase to \$17,739. Esther Nighswander complimented the School Board because there is very little difference in the cost of boys and girls athletics.

Page 7. 2120-113. The salaries of the Middle-High Guidance Counselors appear higher. They are because they work extra time during vacations.

Page 8. Mr. Wixson said the total psychological services

reduced by \$1,000. Mr. Grevatt asked about these services and whether they were funded adequately. Mr. Poole explained that it was not included in this budget.

2212-112. Curriculum Development up \$1500.

2320-112. SAU #30 increased. Reflects increases in salaries of 8%.

Page 11. 2542-653. Reduced \$2200. Reflects actual gallons used last year. Have used more this year. Hope to have the Budget Committee's help if there are problems.

David Scott inquired about 2410-115. This increase was due to increased time for the Discipline Clerk and the principal's secretary. Mr. Tom Schultz said there was an increase in hourly time from 35 to 40, and 20 to 40 hours, and 8% increases. Extended two persons for 52 weeks to have someone in the building at all times.

Page 12. 2552-513. Contracted Services — Transportation. The same because it is a contracted item.

Mr. Decker said that the proposal to this point has been that of the Budget Committee — \$3,956,822. The revenue page was then reviewed, most of which was self-explanatory.

Mr. Decker recognized Geraldine Sawyer who moved an amendment to Article 5 by adding the sum of \$2,195 to provide for an audiometer. David Bullerwell seconded. Mrs. Sawyer explained that a need existed for an audiometer for screening ear problems.

Richard Ray said this had been presented to the Budget Committee. They felt there was not enough information available, and also felt that, since it was a controversial item, they would not recommend it. Mrs. Gail Tappley asked under what circumstances would it be used; ears could be checked at the Clinic. Dr. Carey replied to this and elaborated on the need for the machine to detect hearing problems for further referral. A vote was taken on the amendment. The amendment carried.

Mr. David Scott had some comments. He was not so much concerned with the budget as what had been happening. He was concerned that there has been a surplus of 10% at the end of the year for several years, and he understood the School Board had asked the Budget Committee if they might use the surplus money. He wished we could do as well on the total as we did on the items. Somewhere, we should start lightening it up.

A vote was taken on Article 5. It was in the affirmative, and the Moderator declared the motion carried.

The chair recognized Mr. Wixson, who concluded that since there was no further business to come before the meeting, it be adjourned. David Bullerwell seconded this motion.

The meeting adjourned at 9:02 p.m.

Respectfully submitted,

Carol Farnsworth

A True Copy, Attest Nancy P. Campbell, Clerk

REPORT OF THE SCHOOL BOARD CHAIRMAN

For the past year, the School Board has spent long hours and much effort in the Middle School Wall Project. This effort has had the endless help of Administration, Teacher and Community involvement. The results are presented to the Community with a sincere “thank you” to those who gave their time and effort to this project.

The past year has also seen the arrival of Mike Tocci as the Elementary School Principal. Mr. Tocci, with his years of past experience, has taken the helm and has been warmly welcomed by the Community, Board, Teachers and Students.

Perhaps the one problem that has not been resolved in the last year—or, for that matter, over many years—is the Gilford School District’s situation within SAU 30. We have worked and met as part of the SAU 30 Board without success in the search for a new superintendent for the SAU. This lack of success itself has been frustrating; but in light of the economic and service benefits brought to the Gilford School District by SAU 30, the Gilford School Board brings the question of autonomy and self-sufficiency for ourselves to the District meeting for voter approval.

For the second time, the Board has successfully negotiated a three-year contract with the Gilford Education Association. This agreement assures the continuity and cooperation that has existed between the School and the Association over the years. This agreement also confirms the School Board’s and the Town’s commitment to excellence in education.

With the conclusion of this past year, I would like to impress on the Town the Board’s attitude of Public Involvement. We have involved the Public through various committees such as the Middle School Wall

Project, the search for a Superintendent, the search for an Elementary School Principal and every School Board meeting has started with a Ten-Minute Public Input Session. Involvement is a key ingredient to every successful school system and through the various Administration, Teacher, Parent, and Public participation in the Gilford School System, we have striven to achieve excellence in education.

The Gilford School Board offers its gratitude to those committed and involved in education.

Sincerely submitted,

John F. Roche, Chairman

REPORT OF THE GILFORD MIDDLE HIGH SCHOOL PRINCIPAL

Gilford Middle High School enters its second decade of educating the youth of our community. During this time, several traditions have surfaced which are responsible in part for the character and reputation we are proud of. The commitment to quality instructional programs has been foremost. This has been enhanced by an expansive extra-curricular program. The consistent support of our community and the commitment of staff have made our school what it is today.

Over the past year, there have been a number of noteworthy accomplishments. Academically, our juniors' and seniors' college entrance exam scores were the top in the state. Our journalism program again received the first place award for school newspapers within the state and obtained a top ranking in national competition. State level recognition was also given to our programs in science, industrial arts, and drama.

Athletically, a number of our teams reached the state play-off's level. They include soccer, cross-country, baseball, and basketball.

Our focus continues to be upon instructional improvement. The development of comprehensive curriculum guides is nearing completion. These will be helpful as we begin a process of k-12 curriculum review. A review of the middle school program is presently in progress. This will give particular attention to the physical environment of the middle school and how it may be restructured to better accommodate the learning needs of this age student. We have also completed the first phase of a multi-year study of how we can provide for the student who has marginal interest in school. These programs, in addition to other highlights, such as our Life After High School program and the increased

emphasis upon writing skills, have led to a busy but productive year.

We appreciate our community's support and involvement which continue to foster exemplary education in Gilford.

Students entering higher education	75	=	67%
Students entering work	16	=	15%
Students entering military	1	=	1%
Exchange Students	2	=	2%
Undecided	16	=	15%
Total	110	=	100%

Sincerely,

Richard W. Ayers
Principal

REPORT OF THE ELEMENTARY PRINCIPAL

I am pleased to submit to the citizens of Gilford my first report as principal of the Gilford Elementary School.

This school year has proved to be a most gratifying one for me. Since beginning my new assignment in early August, I have had many positive experiences while directing the future course of education at the elementary school. I accept the challenge that lies before me to expand the existing exemplary programs and to explore new horizons that will challenge our students and provide them with a strong foundation for meeting the demands of a highly technological "information age society".

The classroom teachers and other educational support staff are dedicated professionals who are continuously striving to improve the quality of educational programming for the elementary children in the district. This commitment has proved itself when we examine how well our students have scored on achievement tests. When comparing national percentiles, our students ranked very high. A total commitment by all school personnel is necessary in order for this kind of excellence to occur. Other support staff including secretaries, custodians, school lunch personnel, etc. also play an important role in the everyday functioning of our school.

The curriculum for the elementary school this year has remained basically unchanged. However, one of my priority goals for the 1985-86 school year is to expand the existing curriculum to include enrichment programs for some of our more "talented" students. In addition, greater emphasis will be placed on coordinating curriculum with the middle school.

Highlights for this school year have included a variety of experiences for our students. Storytellers, dancers,

musicians, puppeteers, and authors have visited our school while special programs in reading, art and computer science challenged many students. Several students visited Boston, Squam Lakes Science Center and other local points of interest on field trips that complemented and enhanced the curriculum. The local Police and Fire Departments presented programs at school on such topics as Safety Patrol, Fire Prevention, Child Abuse and Abduction. Many students participated in intramural sports offered after school.

In closing, I wish to thank the Gilford School Board, Acting Superintendent Frank Poole, my staff, parents, and the community of Gilford for their support.

Respectfully Submitted,

Michael E. Tocci
Principal

Laconia —	\$19,517.22
Gilmanton —	2,782.28
Gilford —	9,425.50

GILFORD SCHOOL DISTRICT

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

We have examined the combined financial statements and the combining fund and account group financial statements of the Gilford School District as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Gilford School District at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Gilford School

District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

CARRI-PLODZIK-SANDERSON

August 10, 1984

Copies of the entire audit are available at the Superintendent of Schools office, Harvard Street Administrative Offices, Harvard Street, Laconia, New Hampshire.
