REPORT OF LIBRARY TRUSTEES

The total circulation for the year as reported to us by the librarian has been 4698 adult and 2021 juvenile volumes.

The Library has been open as usual on Tuesday, Thursday and Saturday from 12 noon to 9 p. m.

We gratefully acknowledge the gift by Mr. and Mrs. Frank F. Fowle of an etched portrait of Eugene Field, the children's poet.

We have just completed a rather extensive job of redecorating the two reading rooms, vestibule and librarian's room which has resulted in a great improvement in the appearance of the interior of the building.

The present stacks are nearly full and it will soon be necessary to convert into a stack room the room formerly used as a reading room in the original building.

We wish to thank the many donors of books and magazines during the past year.

Number of volumes reported Feb. 1, 1937	12502
Number of volumes purchased	84
Number of volumes acquired by gift	592
Total number of volumes Feb. 1, 1938	13178

REPORT OF ELECTRIC LIGHT COMMITTEE

The electric line has been extended during the past year to serve the residences of Barbara Davis, Hansel Shonamon, Ralph Bradley (cottage), Kimball Easterbrooks, and Harry Coffin.

We have added new services to Dr. Briggs' Alcock house, Charles Young, Errol Simonds, Amory Leland, George Ripley and Henry McQuade. A third wire has been added to the services of Sidney Winslow, Richard Hensley and Warner's Garage.

The income from the line amounted to \$3,850.00 during the year. The balance of 1937 income amounting to \$942.87 has been received from the Public Service Co. of New Hampshire since the town books were closed.

In regard to the low voltage condition mentioned in the last report, during the summer we engaged the services of Mr. Clyde Loiselle, an electrical engineer who made tests all over the system with a representative of the Public Service Co. He found some lines which seemed to be overloaded and some changes were made to balance the load more evenly. We have not made any move to correct this condition permanently as we understand the Public Service Co. of New Hampshire will very soon make some changes on their line between the substation at West Peterborough and Peterborough village.

We herewith submit the financial report for the year:

**REPORT OF THE SUPERINTENDENT OF SCHOOLS TO
THE SCHOOL BOARD OF HANCOCK**

With this report I submit the statistical summary of the Hancock schools, together with the report of Miss Margaret Harris, school nurse.

The enrollment by grades for the fall term, 1937 was as follows:

Grades	I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII	Total
Boys	9	3	1	5	5	7	4	3	4	0	2	2	45
Girls	8	7	9	6	3	2	3	5	4	3	4	7	61
Total	17	10	10	11	8	9	7	8	8	3	6	9	106

Just before the opening of the school term we learned with deep regret of the serious illness of Miss Nellie Welsh, who has rendered such faithful service in the primary grades for many years.

After giving careful consideration to a number of candidates Miss Lillian Pearl Loisselle of Keene was chosen to take charge of the primary grades.

Miss Loisselle is a graduate of Keene Normal School with nine years experience.

During the fall months all the schools were seriously affected by an outbreak of whooping cough, and because of the large number of absentees the physical examination in the graded school was postponed until later in the year.

At the opening of the school year the primary room was somewhat overcrowded but a number of changes occurred within a few weeks so that the enrollment of this school was reduced to less than thirty pupils.

Considering the large number of absences due to whooping cough the schools have made satisfactory progress.

The Hancock High School has maintained its reputation under the leadership of Miss Manchester.

The large enrollment in the lower grades has necessitated the purchase of quite a large number of new books, but I believe the amount spent for text books will be within the appropriation.

It has been a pleasure to work in the Hancock schools, and I wish at this time to express my appreciation for the cordial support of the school board, teachers, pupils, and all who have shown their interest in the schools.

**REPORT OF THE SCHOOL NURSE
HANCOCK**

February 1, 1938

The routine inspection of each pupil's scalp, hair, teeth and general hygiene began with the opening of the school year.

The growth and weight chart with the periodic weighing and height records furnishes an incentive to practice rules which are simple but most important for health and normal growth.

A skin test clinic by the N. H. Tuberculosis Association for detection of incipient tuberculosis began April 13, 1937.

Receiving first strength tests: Pupils No. 29

Receiving second strength tests: Pupils No. 23

Reactors—first tests 6, second tests 7.

Total reactors, 13.

Arm readings at 48 and at 72 hours were made April 15-16 and May 29-30.

Transportation was arranged and 13 pupils taken to Keene Hospital for X-rays. A complete written report of each picture was given by the technician.

Following the skin tests Dr. R. B. Kerr gave each pupil a chest examination and explained the X-ray findings. Home visits were made and parents were instructed on caring for their children to prevent the development of pulmonary tuberculosis in adult life.

A successful school dental clinic was held in March 1937; Dr. J. H. Grimes was the dentist. The dental clinic rates are greatly reduced and transportation problems eliminated; otherwise many of the children would be unable to have their work done. If it were not for the school dental clinics many children would never have any dental care.

Following is a report of the work done:

	No.
Pupils treated	38
Cleanings	23
Temporary extractions	30
Permanent extractions	2
Amalgam fillings	33
Porcelain fillings	9

Dr. N. F. Cheever examined the high school pupils. Because of whooping cough it was decided not to do the graded school until later.

	No.
Pupils examined	37
Defective vision	2
Defective teeth	9
Underweight 10%	5

Cod liver oil was furnished for those who didn't have it at home. Of inestimable value were the hot luncheons. The domestic science class served the lunch at the high school, and the Mother's Club furnished the hot dish at the graded school.

During the year the nurse made 114 school visits, 44 home visits, 26 official visits, 2 welfare and 7 business calls.

Days allotted as per annual schedule No. 23.

Days worked by the nurse, 28.

I thank the superintendent of schools, members of the school board, teachers, parents, pupils, Red Cross and all others who helped to make health work a success.

Respectfully submitted,

MARGARET E. HARRIS, R. N.
