Record of Affirmative Votes at Town Meeting 1999

Polls opened at the Cogswell Memorial School Auditorium in Henniker on Tuesday, the ninth (9th) of March, 1999, at seven of the clock in the morning (7:00 a.m.) and voting commenced on the following:

1. Town Officers were elected as follows (*ELECTED):

Board of Selectmen

JOSEPH P. DAMOUR*

Water Commissioner

JOSEPH P. DAMOUR*

Town Treasurer

SUSAN DAMOUR*

Trustee of the Trust Funds

SUSAN PENNOCK*

Town Clerk/Tax Collector

KIMBERLY I. JOHNSON*

Cemetery Trustee

MARTHA C. TAYLOR*

Planning Board - 1 Year Term

JUDITH ENGLANDER*

Trustee of the Tucker Free Library

ALLYN M. GILBERT*

Planning Board - 3 Year Term

RACHEL LEHR*

THOMAS J. WATMAN*

W. KIRK ABBOTT, JR.

2. Are you in favor of the adoption of Amendment No. 1 to the Henniker Zoning Ordinance, as proposed by the Planning Board, as follows: Amend Section 1702 of the ordinance to provide that no non-conforming use may be changed to another non-conforming use, and that a non-conforming use may be enlarged or extended only in accordance with the requirements of state law. The section currently states that a non-conforming use may be enlarged, extended, or changed to another non-conforming use if a variance is obtained. The purpose of the amendment is to conform to the ordinance of state law.

YES 436

NO 175

3. Are you in favor of the adoption of Amendment No. 2 to the Henniker Zoning Ordinance, as proposed by the Planning Board, as follows: Amend Section 1703 by deleting the second sentence, so that the entire section as amended would read, "A non-

complying structure may be enlarged or extended providing the enlargement or extension complies with the provisions of this Ordinance." The sentence to be deleted states that any other enlargement or extension of a non-complying structure may be made if a variance is obtained. The purpose of the amendment is to conform the ordinance to state law.

YES 451

NO 166

4. Are you in favor of the adoption of Amendment No. 3 to the Henniker Zoning Ordinance, as proposed by the Planning Board, as follows: Amend Section 2802 to require that anyone who proposes to construct a wireless communications tower must provide adequate assurances of the safety of the proposed tower, including demonstration of an adequate fall zone, which may be required to be contained entirely within the property on which the tower is to be constructed. The amendment would also change the title of Section 2802 from "Visual Impact" to "Visual Impact and Safety."

YES 514

NO 113

5. Are you in favor of the adoption of Amendment No. 4 to the Henniker Zoning Ordinance, as proposed by the Planning Board, as follows: Amend Section 2805 to provide that anyone who proposes to construct a wireless communications tower must provide the town with a bond or other security satisfactory to the Planning Board in an amount equal to the estimated cost for removal and disposal of the tower upon abandonment, with the cost to be determined by a licensed civil engineer and, at the request of the Planning Board, reviewed by a licensed civil engineer and adjusted not more often than every five (5) years.

YES 503

NO 128

6. Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the Town? **Submitted by Petition.**

YES 298

NO 327

The Meeting reconvened at the Henniker Community School Cafetorium on Wednesday, March 10, 1999 at 7:00 P.M. The Girl Scouts conducted a flag ceremony. Joseph Damour made a presentation to John Partridge for his service as Chairman of the Zoning Board, and to Dave Carrier for his service as Selectman from 1978 to 1989 and Emergency Management Director from 1984 to 1998. William Damour, Moderator, explained the procedure to be followed at the Town Meeting. The Moderator read the results from voting on Tuesday, March 9, 1999 and then declared the meeting open.

7. VOTED to raise and appropriate the sum of One Hundred Forty-Seven Thousand One Hundred Eleven Dollars (\$147,111) for the Rescue Squad and Fire Department. **Selectmen Recommend.**

Rescue Squad	\$ 60,057.00
Fire Department	\$ 87,054.00
Total	<u>\$147,111.00</u>

A rate of \$5.15 per hour for the Rescue Squad and Fire Department was included in the totals above.

8. VOTED to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to be added to the Ambulance Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for the purpose of an ambulance for the Rescue Squad. **Selectmen Recommend.**
9. VOTED to raise and appropriate the sum of One Hundred Thirty-Five Thousand Dollars (\$135,000) to purchase a Fire Truck/Tanker for the Fire Department. **Selectmen Recommend.**
10. VOTED to authorize the use of the proceeds from the sale of the 1979 Fire Truck for the purchase of equipment on the new Fire Truck/Tanker; and furthermore, to vote to raise and appropriate a sum of money up to the amount of Five Thousand Dollars (\$5,000) for said purchase. No part of said expenditure will come from taxation. **Selectmen Recommend.**
11. VOTED to establish an Expendable General Fund Trust Fund under the provisions of RSA 31:19-a, to be known as the Fire/Rescue Department Building Maintenance Fund, for the purpose of repairing and maintaining the Fire/Rescue Department building, and to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) for this purpose. **Selectmen Recommend.**
12. VOTED to raise and appropriate the sum of One Million Fifty-Two Thousand Dollars (\$1,052,000) for the Patterson Hill Bridge; Nine Hundred Seventy-Two Thousand Dollars (\$972,000) to be paid by the State of New Hampshire under the State Aid Bridge Program and Eighty Thousand Dollars (\$80,000) to come from local taxation. (One Hundred Sixty-Three (\$163,000) was raised and appropriated at the 1997 Annual Town Meeting for said purpose.) This is a non-lapsing appropriation for five (5) years. **Selectmen Recommend.**
13. VOTED to raise and appropriate the sum of Nine Hundred Eight Thousand Three Hundred Seventy-One Dollars (\$908,371) for general municipal operations. **Selectmen Recommend.**

Executive	\$ 24,670.00
Town Clerk	33,106.00
Election and Registration	5,520.00
Tax Maps	2,400.00
Town Office	270,376.00
Tax Collector	33,235.00
Legal Expense - General	15,000.00
Planning Board	12,156.00
Zoning Board	2,766.00
Cemeteries	6,500.00
Insurance	85,903.00
Municipal Dues	1,600.00
Code Enforcement	17,732.00
Emergency Management	2,000.00
Athletics	19,300.00
Direct Assistance	31,733.00
Patriotic Purposes	1,400.00
Band	3,367.00
Conservation Commission	675.00
Community Programs	17,484.00
Principal on Bonds	103,000.00
Interest on Bonds	69,078.00
Leases	99,670.00
Tax Anticipation Interest	30,000.00
Parks Department	19,700.00
Total	<u>\$908,371.00</u>

The following rates are included in the totals above :

- Selectmen and Treasurer	\$ 1,500 per year
- Town Clerk	\$15,090 per year
- Collector of Taxes, Sewer and Water Assessments	\$15,090 per year
- Ballot Clerks; Supervisors of the Checklist; Surveyor of Wood and Lumber; Moderators	\$ 5.15 per hour

14. VOTED to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of reconstructing and renovating the Henniker Town Hall Building and to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to be placed in said fund. **Selectmen Recommend.**

15. VOTED to raise and appropriate the sum of Four Hundred Sixty Thousand Six Hundred Fifty-Six Dollars (\$460,656) for the Highway Department and Street Lights. **Selectmen Recommend.**

Highway Department	\$332,156.00
Highway and Streets	109,500.00
Street Lighting	19,000.00
Total	<u>\$460,656.00</u>

16. VOTED to raise and appropriate the sum of One Hundred Thirteen Thousand Eighty-Five Dollars (\$113,085) for road improvements, contingent upon the receipt of the Town's share of the State of New Hampshire's Highway Block Grant. This is a non-lapsing appropriation for five (5) years. **Selectmen Recommend.**

17. FAILED to discontinue completely a section of Farrar Hill Road starting at the western intersection of Old Hillsboro Road and Farrar Hill Road and continuing in a western direction on Farrar Hill Road approximately six hundred thirteen (613) feet. **Selectmen Recommend. Standing vote taken.**

YES 68 NO76

In accordance with RSA 40:10, Paragraphs 1 and 5, I move to restrict reconsideration on Articles 7 - 17. **Ayes have it.**

18. FAILED to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Town Emergency Road Repair Fund, for the purpose of addressing emergency repairs on Henniker's roadways and to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) towards this purpose and to name the Board of Selectmen as agents to expend. **Selectmen Recommend.**
19. VOTED to authorize the Selectmen to accept six hundred twenty feet (620) of Longview Road which currently meets Town specifications. **Selectmen Recommend.**
20. AMENDMENT to Article 20: To see if the Town will vote to raise and appropriate the sum of Four Hundred Thousand Dollars (\$400,000) for the Police Department and Animal Control. **Amendment failed.**

Police Department	\$390,000.00
Animal Control	10,000.00
Total	<u>\$400,000.00</u>

VOTED to raise and appropriate the sum of Five Hundred Sixty-Nine Thousand Seven Hundred Dollars (\$569,700) for the Police Department and Animal Control. **Selectmen Recommend.**

Police Department	\$551,033.00
Animal Control	18,667.00
Total	<u>\$569,700.00</u>

21. VOTED to raise and appropriate the sum of Eleven Thousand Dollars (\$11,000) for the purpose of purchasing a generator for the Police Department. **Selectmen Recommend.**
22. VOTED to establish an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Police Department Building Maintenance Fund, for the purpose of repairing and maintaining the Police Department Building and to raise and appropriate the sum of Two Thousand Dollars (\$2,000) towards this purpose. **Selectmen Recommend.**
23. VOTED to raise and appropriate the sum of Three Hundred Six Thousand Three Hundred Thirteen Dollars (\$306,313) for solid waste disposal for the ensuing year. **Selectmen Recommend.**
24. VOTED to raise and appropriate the sum of Eighty Thousand Dollars (\$80,000) for the Tucker Free Library. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**
25. VOTED to raise and appropriate the sum of Eighteen Thousand Dollars (\$18,000) to be added to the Library Capital Reserve Fund established in 1997 under the provisions of RSA 35:1, for the purpose of automating the card catalog and circulation system at the Tucker Free Library, and to designate the Library Trustees as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**
26. VOTED to raise and appropriate the sum of Three Hundred Thirty-Five Thousand Nine Hundred Seventy-Seven Dollars (\$335,977) for the operating expenses of the Wastewater Treatment Plant. This sum is to be funded by the sewer assessments. **Sewer Commissioners Recommend. Selectmen Recommend.**
27. VOTED to raise and appropriate the sum of One Hundred Eighty-Five Thousand Six Hundred Forty Dollars (\$185,640) for the operating expenses of the Cogswell Spring Water Works. This sum is to be funded by the water assessments. **Water Commissioners Recommend. Selectmen Recommend.**
28. VOTED to authorize the Selectmen to release any easement rights or other property rights that the Town has through Cogswell Spring Water Works relating to a well, well house, water and pipe lines, located on land presently owned by Stuart Michie and others, and shown on Henniker Tax Map 2, Lot 96-F, on the north side of Davison Road; the release to be given to said owners of the land as the Town and Cogswell Spring Water Works have no further need for said well and related rights. **Water Commissioners Recommend. Selectmen Recommend.**

29. VOTED to urge the State of New Hampshire to fund, design, and site the new consolidated Henniker-Hillsborough District Courthouse in Henniker as soon as possible; and furthermore, to support the efforts of the Board of Selectmen to accomplish this endeavor. **Selectmen Recommend.**
30. VOTED to accept from the Henniker School District the land on the south side of Western Avenue, as described in the deed of the Town of Henniker to the Henniker School District, recorded in Volume 1986, Page 635 of the Merrimack County Registry of Deeds, subject to such terms and conditions as the Selectmen shall determine. The purpose of this acceptance is to transfer the land which the Grange is located on back to the Town from the Henniker School District, and to authorize the Board of Selectmen to take any other action in relation thereto. **Selectmen Recommend.**
31. VOTED to authorize the Board of Selectmen to accept, on behalf of the Town, gifts, legacies, and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19. This shall remain in effect until rescinded. **Selectmen Recommend.**
32. To transact any other business that may legal come before this meeting.

The meeting was adjourned at 9:37 p.m.

A true copy attest:

Report of the Selectmen

As we start the beginning of a new century, the spirit and cooperation among the people of Henniker remains strong. Together we continue the progress into the future. The Board would like to thank all of the volunteers, employees, and citizens for their hard work over the past year. Together we look forward to continuing to shape the future of our community.

The Town of Henniker's web site is now on-line. The Henniker Community Outlook is being produced each month to keep the community informed. We will continue to support these tools in order to keep residents up to date on community events and information.

Our department heads and staff worked hard to present a budget for the coming year. After much review by the Board and the budget committee, we believe we will be presenting the town with a reasonable and necessary warrant for your consideration. We are starting our second year of maintaining a town tax rate between \$9 and \$10 per thousand. With this rate we are maintaining our level of service and doing things to prepare us for the future. We are asking for your support of this budget at Town Meeting this year.

Town Meeting this year will experience a big change. Bill Damour, who has been our moderator for over 20 years, has resigned. Bill did an excellent job as moderator for the Town of Henniker and we appreciate all of his dedication and effort.

Our community lost a special citizen this year. Our former police chief, Thomas Hassler, passed away. Though many of us knew Tom as the chief, he represented much more in our town. His passing has left a large void, but his memory will continue to touch our community. He gave us his humor, love, and compassion. He brought his family to our community and we are a much better one because of it. Tom's family and friends continue to follow his lead and are a much needed part of our town. We will miss Tom and extend our sympathy to his family and friends.

Respectfully submitted,
BOARD OF SELECTMEN
Joseph P. Damour, Chair
Thea Braiterman
Roderick Pimentel

Report of the Town Administrator

My first day on the job in Henniker was quite interesting in the fact that a very serious thunderstorm occurred. The lights went out and many homes were without power. I would say that this certainly was my "baptism by fire," to say the least. Fortunately, I was able to count on the assistance of Bill Belanger who is our Emergency Management Director (and who served as our acting Town Administrator). Bill was a great help and I want to express my thanks to him for being there to assist many families who were in need of information and special services.

The first thing I would like to mention is my heartfelt thanks to the Board of Selectmen who have expressed their courtesies upon my arrival in Henniker and also the staff who serve on our town's departments and boards. It is a great team and without them and their expertise and loyalty I am convinced that we would not have such a smooth government in place.

Despite my being employed here for only six months I have been able to realize many accomplishments, one of which was expediting and addressing the first issue that was on my desk upon my arrival. I am referring to the Patterson Hill Road bridge project which was in the funding and design stages and had not yet completed the specifications process. After much discussion and communication with the NH Department of Transportation we were advised that there was a kink in the process. That obstacle was the fact that the project required a permit approval from the New Hampshire Division of Historical Resources which made the process much more complicated. After much dialogue with our engineering firm, SEA Consultants, we were able to meet the requirements by revising the design which would allow us to gain the proper permit, and which basically allowed the historical integrity to be preserved. Once we passed that hurdle the green light was given and we now have the revised specifications in place ready for bids for advertisement in late February, 2000.

The recommendations of the Henniker Community Profile continues to be implemented as scheduled. Those included are: the establishment of a fund and volunteer group to write and edit, and print and mail the "Outlook" newsletter, to be issued monthly; and implementation of "Dial a Ride" for those in need of transportation for medical services and some other necessary transportation service geared to the disabled or elderly (this was carried out by White Birch Community Center in cooperation with New England College and John Stark Regional High School). The planning board has requested a budget to begin the new master plan project in the year 2000 as a first year phase for planning. The conservation commission is also following along the same lines by requesting funds for instituting a mapping and land inventory survey document to use to update their resources of maps and to also work in conjunction with planning board documentation of maps.

New ideas and projects have been brought forth including the reorganization and function of the Parks Board to be advisory and work with a new department known as the Parks and Properties Department. This has enabled the town to have the services of full time employees to overlap some already established duties to accomplish other projects such as maintenance of parks and be responsible for town buildings throughout. In addition, this department will maintain the upkeep of park benches, trees and trash at all the town owned properties, plus some areas leased by the town such as the Old Concord Road fields.

The selectmen also approved a recommendation to reorganize the accounting department to include a title of Finance Director/Systems Administrator to be responsible for all the automation services and financial tasks. This position will be a separate department and includes a department head management position (served by the already employed finance director).

We are on the move to better deploy our town departments and employees to the best use and without creating an increase in the budget. The above changes and implementations will save about

\$13,000 in our operating budget and will provide efficiency in performance at the same time.

Finally, our needs for increased office space for town departments was temporarily solved by moving the code enforcement/health officer and planning and zoning clerks to a new office in the Grange building. This move allows more space to view site and construction plans with contractors and residents who are seeking permits and general information. We would like to thank Mr. Dan Luce for his donation of time and expertise in constructing the new office. Without this donation we would not have been able to solve our space problem this year. The town supplied a minimal of expense for supplies and materials for the project.

Again, during 1999, many projects and purchases were completed. The summary is as follows:

PROJECTS COMPLETED

- Town Hall parking lot re-paved, removal of underground oil tank, drainage, removal of dead trees, and rebuilding the front steps of Town Hall.
- Outlook implemented.
- Reorganization of parks department to include town buildings maintenance.
- Update of five year Capital Plan.
- Completion of the bid specifications and permit process to proceed with construction of the Patterson Hill Road Bridge.
- Establish of a Grange use policy.
- Acceptance and deed preparation of Longview Drive.
- Addressed the road concerns of Farrar Hill Road to the satisfaction of the town and residents of the road.
- Establishing a new web site to place the town hall in control of it's implementation and upkeep with information. This has been a terrific asset to our community and contains a wealth of information concerning Henniker Town Government and state government.
- Computer system upgrades in town offices, including implementation of conversion from BDS systems to BMSI tax system; also installation of new computers in police cruisers which were part of a grant award to the town.
- Completion of town's codification of ordinances.

MAJOR PURCHASES COMPLETED

- Fire tanker truck
- Police cruiser
- Police station generator
- Updating computer systems at town hall

THE YEAR AHEAD

The year ahead, unlike 1999, does have some advantage in guaranteeing the assurances not available in the last year such as the "unknown" state tax rate or system of enacting court rulings from the Claremont decision. We now have a funding plan in place that gives us an idea of where we stand in future budget planning and how appropriations will affect our tax rate and future pattern of tax impacts.

Many projects that were in their infancy in the previous year(s) are placed in the 2000 warrant in order to clarify their focus and specify their funding plans. The skateboard park and pathways

project should have clear direction because of the clarified funding mechanism which is placed in our warrant articles. Both projects are endeavors by volunteers and are adopted as bonafide town committee projects as established by the selectmen.

Other projects that will, hopefully, come to fruition in 2000 are:

◆ **Patterson Hill Road Bridge**

Now that the town meetings of past have funded the town's share of this project we are able to proceed with bidding and construction which will be starting in the summer of 2000. As previously mentioned in earlier town reports this project is carrying a price tag of \$1,052,000, of which \$972,000 is offset by a grant from the State of NH Bridge Aid. The town's share of \$243,000 has already been appropriated.

◆ **Town Building ADA Improvements**

We continue to make our town buildings safe not only for employees but for the general public who use them. It is recommended that we continue our town hall building renovations by complying with the American with Disabilities Act and providing a safe and accessible entrance to our town hall. Also, we are continuing to upgrade our electrical systems at the town offices to be in compliance with the state code and be able to handle our extra load capacity due to increased electrical use. *Estimated cost: \$15,000.*

◆ **Capital Reserve Funds**

Ambulance Capital Reserve Fund: As in other years the Town of Henniker receives revenue from receipts on billings for service. In 1999, the revenue collected was much the same as last year, that being \$45,000. Again, we are recommending that another \$25,000 be placed in the capital reserve fund in order to be in a financial position to purchase a new ambulance in the near future as outlines in the Capital Planning .

Fire /Rescue/Police Station General Fund Expendable Trust Fund: We continue to plan for emergency maintenance issues to come to these buildings from time to time and in order not to encroach on the operating budgets of these departments we will be in a position to have emergency funding to maintain property in the event of emergency situations.

◆ **New Equipment**

Transfer Station: The solid waste transfer station is seeking a new skid steer loader for use at the facility. This will be replacing the old loader which will be taken in trade upon the new purchase pending town meeting approval. *Estimated cost: \$19,500.*

Also, a pickup truck is requested for service at the transfer station and for use as a utility vehicle for the new Parks and Properties Department, which has been recently established by the selectmen. This truck is needed to alleviate the use of personal vehicles of the staff and also to enable the employees to empty trash and maintain parks and town properties. Previously, the truck from the highway department was used on an "as available" basis. *Estimated cost: \$17,500.*

Highway Department: Continuing the long-range planning of the capital spending plan the highway department is seeking a new sander/dump/plow truck to include all wheel drive, diesel power, featuring the newest innovation called 'Flo and Dump' capabilities of having multipurpose dump and spreader body. This also includes a new plow and wing. *Estimated cost: \$112,400.*

◆ Road and Public Works Issues

This past year we were able to bring to closure the issues of Longview Road and Farrar Hill Road. In the year 2000 we are faced with the never ending "catch-up" of maintaining the roads in Henniker. The selectmen have taken the bull by the horn, so to speak, and ask your support in funding an additional \$90,000 to use for road improvements, to include reconstruction, recalling, and re-paving some of our town roads that are in the greatest need for such repairs. This cost will also be used to construct culverts, drains and piping where necessary. This request is to be funded by tax dollars on the year 2000 budget, but it is a necessary request in order not to let our roads fall into such deplorable condition as not to be able to catch up. We are still in a position to receive the state road aid grant for \$120,318 which is to be used for our normal schedule of road maintenance. *Requested: \$90,000 as projected by highway study plan.*

Another project which was initially funded in a previous town meeting is the Old Concord Road Pathways (sidewalk) project. This project is 80% funded by the state (\$245,000) and a total of \$49,000 (20%) is to be funded by the Town of Henniker. A previous town meeting already funded an amount totaling \$12,500 and approximately \$9,000 was raised through donations. The final amount needed to complete the pathway is approximately \$28,850 to be raised through taxation at this town meeting. *Final amount requested: \$28,850.*

OVERALL 2000 BUDGET

Based on the year 2000 appropriation request it is estimated that the municipal rate could possibly go down from .03 cents to .53 cents per thousand depending on the final revenues and property valuations. This is estimated even if **all warrants** are approved at town meeting.

I would like to take this opportunity to thank the Board of Selectmen, all of the staff, committees and boards in the municipal government of Henniker for their cooperation and kindness to me in my first six months as your Town Administrator.

Finally, I would invite anyone to call or visit me at the town hall at any time if you have any concerns or questions. I am a firm believer in an "open door" policy and welcome your input. My e-mail address is pflynn1022@aol.com.

**Respectfully submitted,
PETER R. FLYNN
TOWN ADMINISTRATOR**

TOWN WARRANT 2000

Town of Henniker State of New Hampshire

To the inhabitants of the Town of Henniker in the County of Merrimack in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Henniker Community School Cafetorium in Henniker on **Tuesday the 14th day of March next, at seven of the clock in the morning (7:00 a.m.)** to act upon the following:

1. To choose the following Town Officers for the Ensuing Year.
 - One (1) Moderator – 2 year term
 - One (1) Selectman – 3 year term
 - One (1) Town Treasurer – 1 year term
 - One (1) Water Commissioner – 3 year term
 - One (1) Cemetery Trustee – 3 year term
 - Two (2) Planning Board Members – 3 year term
 - One (1) Supervisor of the Checklist – 6 year term
 - One (1) Trustee of the Trust Funds – 3 year term
 - Two (2) Trustees of the Tucker Free Library – 3 year term

To vote on the following:

2. Are you in favor of amending the Town of Henniker district map by changing six contiguous lots in an area adjacent to Routes 202 and 9 and Foster Hill Road, lots 276, 276X, 277, 299C, 299D and 761A from a Residential Neighborhood (RN) designation to Medium Commercial (CM)? The petition indicates that of the lots involved, two are currently grandfathered for commercial use for transportation services, two are grandfathered for use as commercial forest products, and one is grandfathered for commercial retail use. **Submitted by citizen petition. Not recommended by Planning Board.**
3. Are you in favor of adopting the new Town Code prepared by General Code Publishers Company, Inc. This is a code recodification, and combines and places all the existing policies, ordinances, and town regulations into one unified and coherent Code Book. It repeals all ordinances, resolutions, by-laws, and articles enacted in the past (except zoning) and replaces them with the contents of the code book.

The zoning ordinance has been incorporated in the recodification to reflect updates on previously approved regulations.

Approval of this article shall not be construed as preempting the authority of the selectmen or any other Town board or commission to amend those parts of the new code which are within their lawful authority to amend. (A list of the new codifications are on file at the Town Clerk's office for viewing.) **Recommended by Planning Board.**
Requires majority vote.

4. Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the Town? **Submitted by Petition. Requires 3/5 majority vote for passage.**

THE POLLS WILL BE OPEN FROM 7:00 AM TO 7:00 PM FOR VOTING

You are hereby notified to meet at the Henniker Community School Cafetorium on **Wednesday the 15th day of March, at seven of the clock in the evening (7:00 p.m.)** to act upon the following:

5. To see if the Town will vote to raise and appropriate the sum of One Hundred Seventy-Three Thousand Nine Hundred Fifty-four Dollars (\$173,954) for the Rescue Squad and Fire Department. **Selectmen Recommend.**

Rescue Squad	\$ 74,890
Fire Department	\$ 99,064
Total	<u>\$ 173,954</u>

A rate of \$8.00 per hour for the Rescue Squad and Fire Department was included in the totals above.

6. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000) to be added to the Ambulance Capital Reserve Fund established in 1988 under the provisions of RSA 35:1 for the purpose of an ambulance for the Rescue Squad. **Selectmen Recommend.**
7. To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) to be placed in the already established Fire/Rescue Department Building Maintenance Fund. This is an Expendable General Trust Fund established under the provisions of RSA 31:19-a. **Selectmen Recommend.**
8. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Nineteen Thousand Sixty-Four Dollars (\$919,064) for general municipal operations. **Selectmen Recommend.**

Executive	\$ 16,211
Town Clerk	32,529
Election and Registration	8,020
Tax Maps	2,400
Town Office	287,674
Tax Collector	35,188
Parks & Properties	12,825
Legal Expense - General	15,000
Planning Board	15,381
Zoning Board	3,165
Cemeteries	7,000
Insurance	85,903
Municipal Dues	1,890
Code Enforcement	18,399
Emergency Management	6,519
Athletics	21,050
Human Services	31,000
Patriotic Purposes	1,400
Band	5,000
Conservation Commission	1,155
Community Programs	18,482
Principal on Bonds	98,000
Interest on Bonds	65,203
Leases	99,670
Tax Anticipation Interest	30,000
TOTAL	<u>\$ 919,064</u>

The following rates are included in the totals above :

- Selectmen and Treasurer \$1,500 per year
- Town Clerk \$15,785 per year
- Collector of Taxes, Sewer and Water Assessments \$15,785 per year
- Ballot Clerks; Supervisors of the Checklist; Surveyor of Wood and Lumber; Moderators \$5.15 per hour

9. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) for the purpose of reconstructing the rear entrance of the Town Hall to meet the requirements of the American Disabilities Act and also provide an enclosure for the electrical upgrade panel. This is a non-lapsing article per RSA 32:7 and will not lapse before two (2) years or upon the completion of the project, whichever comes first.
- Selectmen Recommend.**

10. To see if the Town will vote to raise and appropriate the sum of Four Hundred Ninety-One Thousand Eight Hundred Sixty-Four Dollars (\$491,864) for the Highway Department and Street Lights. **Selectmen Recommend.**

Highway Department	\$ 349,364
Highway and Streets	123,500
Street Lighting	19,000
TOTAL	<u>\$ 491,864</u>

11. To see if the Town will vote to raise and appropriate the sum of One Hundred Twelve Thousand Four Hundred Dollars (\$112,400) to replace a Highway Department 1982 Ford sander/dump/ plow truck and purchase a similar year 2000 model truck to include all-wheel-drive, 6 speed automatic transmission, diesel power, and "flo & dump" multi-purpose dump/spreader body, and also to include an 11 foot power angle front plow and 11 foot wing plow. **Selectmen Recommend.**
12. To see if the Town will raise and appropriate the sum of Ninety Thousand Dollars (\$90,000) for the purpose of reconstructing, repairing, reclamation, and re-paving of town roads in need of such repair; to include any design and necessary preparation work such as culverts and drains. **Selectmen Recommend.**
13. To see if the Town will vote to raise and appropriate the sum of One Hundred Twenty Thousand Three Hundred Eighteen Dollars (\$120,318) for road improvements, contingent upon the receipt of the Town's share of the State of New Hampshire's Highway Block Grant. This is a non-lapsing appropriation for five (5) years. **Selectmen Recommend.**
14. To see if the Town will vote to raise and appropriate the sum of Five Hundred Ninety-Five Thousand One Hundred Forty-Two Dollars (\$595,142) for the Police Department and Animal Control. **Selectmen Recommend.**

Police Department	\$ 576,149
Animal Control	18,993
TOTAL	<u>\$ 595,142</u>

15. To see if the Town will raise and appropriate the sum of Two Thousand Dollars (\$2,000) to be added in the already established Police Department Maintenance Fund for the purpose of maintaining the station facility in case of unanticipated repairs to the building. This is an Expendable Trust Fund established under the provisions of RSA 31:19-A. **Selectmen Recommend.**
16. To see if the Town will vote to raise and appropriate the sum of Three Hundred Twenty-Four Thousand Nine Hundred Sixteen Dollars (\$324,916) for solid waste disposal for the ensuing year. **Selectmen Recommend.**

17. To see if the Town will vote to raise and appropriate the sum of Nineteen Thousand Five Hundred Dollars (\$19,500) for a new skid steer loader to be used at the transfer station facility. This is a non-lapsing article per RSA 32:7 and will not lapse before one (1) year or upon the completion of the project, whichever comes first. **Selectmen Recommend.**
18. To see if the Town will vote to raise and appropriate the sum of Seventeen Thousand Five Hundred Dollars (\$17,500) for a 2000 model pick-up truck for the Parks & Properties/ Transfer Station/Emergency Management Departments. **Selectmen Recommend.**
19. To see if the Town will vote to raise and appropriate the sum of Eighty-Five Thousand Five Hundred Thirty Dollars (\$85,530) for the Tucker Free Library. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**
20. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) for the purpose of repairing the library chimney, and to designate the Library Trustees as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**
21. To see if the Town will vote to establish an expendable trust under the provisions of RSA 31:19-a for the purpose of repairing and maintaining the library building; and to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in said trust fund; and to designate the Trustees of the Tucker Free Library as agents to expend. **Trustees of the Tucker Free Library Recommend. Selectmen Recommend.**
22. To see if the Town will vote to raise and appropriate the sum of Three Hundred Thirty-Nine Thousand One Hundred Thirty-Six Dollars (\$339,136) for the operating expenses of the Wastewater Treatment Plant. This sum is to be funded by the sewer assessments. **Sewer Commissioners Recommend. Selectmen Recommend.**
23. To see if the Town will vote to raise and appropriate the sum of One Hundred Eighty-Five Thousand Six Hundred Forty Dollars (\$185,640) for the operating expenses of the Cogswell Spring Water Works. This sum is to be funded by the water assessments. **Water Commissioners Recommend. Selectmen Recommend.**
24. To see if the Town will vote to create an expendable general trust fund under the provisions of RSA 31:19-a, to be known as the Skateboard Park Trust Fund: For the operations and maintenance of the Skateboard Park, location as designated; and further to appoint the Selectmen as agents to expend; and further to raise and appropriate the sum of Two Hundred Sixty-Three Dollars (\$263) to be placed in the Skateboard Park Trust Fund; and further to provide that contributions and grants to said Trust Fund may be made at any time by private individuals, corporations or trusts and/or private charities and any others pursuant to RSA 31:19-a, IV. **Selectmen Recommend.**
25. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) to be placed in the Conservation Fund in accordance with RSA 36-A:5 to be

used for the purpose of conducting an inventory of the Town's natural resources as required by State law. Said inventory will provide data to the Town's master plan and establish priorities for open space protection. This is a non-lapsing article per RSA 32:7 and will not lapse before three (3) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

26. To see if the Town will vote to raise and appropriate the sum of Two Hundred Forty-Five Thousand Dollars (\$245,000) for the purpose of constructing a bike/pedestrian path on Old Concord Road, to have access to athletic fields and Amey Brook Park; and furthermore, to allow the selectmen to accept grant monies from the NH Department of Transportation under the Transportation Enhancement Project in the amount of eighty percent (80%) or One Hundred Ninety-Six Thousand Dollars (\$196,000); and to allow the selectmen to accept any other grants, donations from individuals, corporations, in-kind donations of labor and/or materials, organizations, private trusts, and/or private charities, and any others pursuant to RSA 31:19-a, IV for the remaining twenty percent (20%) required by the Town; and furthermore, to raise the sum of Twenty-Eight Thousand Eight Hundred Fifty Dollars (\$28,850) by local taxation to fund the final estimated amount to meet the required twenty percent (20%) portion, such funds to be placed in the previously established Capital Reserve Fund for this purpose. This is a non-lapsing article per RSA 32:7 and will not lapse before three (3) years or upon the completion of the project, whichever comes first. **Selectmen Recommend.**

27. To see if the Town will vote to send the following resolution to the New Hampshire General Court: Resolved, New Hampshire's natural, cultural and historic resources in this Town and throughout the state are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private partnership for the voluntary conservation of these important resources. **Submitted by petition.**

28. To see if the Town will vote reclassify that portion of the road known as Brown's Way from its intersection with Old Hillsboro Road 0.45 miles from a Class VI highway to a Class V highway conditional upon compliance with betterment assessments as authorized by RSA 231:22a. **Submitted by petition.**

To transact any other business that may legally come before this meeting.

Given under our hands and seals the 22nd day of February, 2000.

BOARD OF SELECTMEN
TOWN OF HENNIKER

Joseph P. Damour

Thea Braiterman

Roderick Pimentel

A true copy of the Warrant Attest:

BOARD OF SELECTMEN
TOWN OF HENNIKER

Joseph P. Damour

Thea Braiterman

Roderick Pimentel

STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION
MUNICIPAL SERVICES DIVISION
P.O. BOX 487, CONCORD, NH 03302-0487
(603)271-3397

BUDGET OF THE TOWN/CITY

OF: HENNIKER

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 1999 to December 31, 1999

or Fiscal Year From _____ to _____

IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the above address.

DATE: FEBRUARY 18, 2000

GOVERNING BODY (SELECTMEN)

Please sign in ink.

Heads of town _____

Paul P. Dumas _____

Roderick J. Limental _____

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

Analysis of Values Assigned to Local and Cooperative School District(s)

	Elementary	1st Coop	2nd Coop	Total
Cost of Adequate Education	2,181,732	994,118	0	3,175,850
% of Town's Cost of Adequate Education	68.6976	31.3024	0	1
Adequate Education Grant	1,395,335	635,792	0	2,031,127
District's Share of Retained State Tax	786,397	358,326	0	1,144,723
"Excess" State Taxes				0
Total State Taxes				1,144,723
Local Education Tax	1,752,082	963,542	0	2,715,624

The cost of an adequate education is determined by the Department of Education based on weighted average daily membership in residence in each school district. Each school district's percentage of total is then calculated. Each percentage is then multiplied by the Town's share of the state education tax amount to allocate a portion of the state education taxes to each school district.

The difference between the adequate education for each school district and each school district's share of the state education taxes becomes the adequate education grant for each school district.

Highway Department

Did you know that Henniker has 45 miles of maintained, paved roads, 26 miles of maintained dirt roads, and approximately 19 miles of non-maintained Class VI roads? Several of the paved roads have been rebuilt over the years, but many have been patched, re-patched, and patched again. Many are needing some serious attention and we are working hard to bring them up to a more serviceable condition.

Major projects completed in 1999 by the Highway Department include reconstruction of Dodge Hill Road and French Pond Road. The work began by grinding and reclaiming the old pavement, installing water barriers in some of the wet areas, replacing the older culverts, and improving drainage. Utilizing raw materials from the town's gravel pit, the department produced several thousand cubic yards of crushed gravel to raise the road bed, insuring better compacting and good drainage. The new road drives great and definitely cleans off better in the winter.

Davison Road has been upgraded with hot top grader shim in an effort to improve the surface for a safer drive and better winter maintenance. This work is expected to help the road last for a few more years.

We have reinstated the maintenance practice of asphalt sealing and it will help to make some of the older road surfaces last a few more years. Foster Hill Road and Patterson Hill Road have received this treatment and more roads will be done this year.

Quaker Street, Dudley Pond Road, and Patch Road have received a lift of new gravel and should be more stable during the mud season. We have produced crushed gravel to be used on other dirt roads and will be upgrading some each year.

Screening our winter sand also helps to stretch our tax dollars and the rock byproduct goes into the crushed gravel. The town's gravel pit has become a huge asset in our effort to rebuild roads. Using in-house resources on these jobs has allowed about a 50 percent increase in the length of road reconstruction afforded in our budget.

Thank you for your continued support.

**Respectfully submitted,
JOHN MARGESON,
SUPERINTENDENT**

“Salute to Chipper”

The new millennium seems a fitting time to acknowledge the nearly half century of service to the Town of Henniker by our Highway Department employee, Robert "Chipper" Gould. Chipper started work for the department shortly after graduating from Cogswell Memorial High School in June of 1960. A two year hitch in the Army from 1963 to 1965, including service in Vietnam, was the only interruption of his dedicated career with the Town.

Imagine the management and policy changes he has adjusted to over the last 40 years – at least 12 different road agents or public works directors. All have had different ideas, goals, and work procedures. Chipper always manages to get along, sometimes quietly, other times in a cantankerous but always respectful manner.

Want to know about some long forgotten road project or about a particularly tough winter? Ask Chipper. He's been "here" and done that. He might even have an "opinion" as to whether it was handled correctly or not. He has an exceptional ability to persevere and finish a project. Even after the most grueling winter storms he persists in providing the best in public safety on the town roadways before going home to rest.

Chipper's hobbies, hunting and fishing, are pursued with the same enthusiasm. From the ridges and swamps of his favorite deer habitat, to the backwoods beaver ponds and trout streams, Chipper knows the best spots like the back of his hand.

What value and character he provides the Town of Henniker. Thanks Chipper, for the years past and the years to come.

*Thank you from your fellow workers on
the Highway Department.*

Code Enforcement

◆ TOWN HALL IMPROVEMENTS ◆

This year we have been busy with new projects at the Town Hall. The entire building (inside and outside) was painted, carpets cleaned, bats removed, and repairs made to the front steps and a new handrail installed. The employee parking area was also paved. We are now working on a design to help us comply with the Americans Disability Act, which is our handicap ramp located in the rear of the building. Due to the lack of space for our storage of trash barrels, sand buckets, recycling barrels, etc. we are forced to keep these items out back in the exit area. We are planning to construct a small addition to house a utility area, which will be the location for trash storage, thereby keeping the ramp and exit clear. This addition will also include a new electrical sub-panel to help with our electrical problems and a place to store our oil tank, under cover instead of underground. We are thankful for Dan Paul, the contractor who is working with the Historic District Commission to design just the right style for our addition.

◆ ASSEMBLY PERMITS ◆

There appears to be a misunderstanding existing regarding our Assembly Permits. There are two types of assembly permits. The State of New Hampshire has a permit for place of assemblies which is titled, "Permit to Operate a Place of Assembly." This permit is issued by the fire chief and/or designated inspector. The establishment is inspected for life safety regulations such as exits, number of occupants allowed, flame proofing materials, detection systems, etc. This permit is issued once a year and/or when the establishment changes.

The Town of Henniker has a policy for "large assemblies," which states ". . . any assembly or gathering of persons within the Town of Henniker for the purpose of entertainment, games, shows, activities, exhibitions, amusements, etc., for which the promoter has reason to believe will attract 300 or more persons at any one time. . .," a permit is then required from town officials. This policy is for the protection of the health and welfare of the *local* public, and to ensure issues such as proper sanitary facilities, response by fire, police and rescue, etc. This local permit is signed by town departments such as highway, rescue, fire, police, water, health and code enforcement. A copy of these regulations and applications are located at the office of Code Enforcement and the town office.

For more information, please contact Kelly Dearborn-Luce, Code Enforcement/Health Officer, or Ben Ayer, Fire Chief.

**Respectfully submitted,
KELLY DEARBORN-LUCE
CODE ENFORCEMENT/HEALTH OFFICER**

Building permits issued in 1999

• Houses 16	• Sheds 14
• Barns 8	• Renovations 8
• Porches 7	• Additions 17
• Decks 5	• Commercial 11
• Signs 16	• Fences 3
• Garages 13	• Pools 5
• Demolitions 7	• Other 7

Total income collected for permits: \$5,288.49

Permits not requiring a fee: 42

	1998	1997	1996	1995	1994

The new commercial permits issued this year were as follows:

- | | |
|--|--|
| • Patenaude Properties (garage) | • North Branch (addition) |
| • Central Concrete (addition) | • Transfer Station (office) |
| • Pat's Peak (tower/antenna) | • Damour (move office bldg. - hold) |
| • Physical Therapy (addition/renovate) | • Quaker District Meeting House (renovate) |
| • Colby Hill Inn (new kitchen) | • Paul Brien (bakery) |

Health Officer

The Town of Henniker's Health Officer is nominated by the Board of Selectmen and appointed by the Director of the N.H. Division of Public Health Services for a term of three years. The health officer enforces the New Hampshire public health rules and laws, as well as local ordinances and regulations. He/she also serves as a liaison between state officials and the local community on issues concerning local public health. In order to serve as a local health officer, he/she must keep a log to document all calls, complaints, activities, etc., and keep files on all cases and inspections.

The following are some examples of actions and responsibilities of the health officer:

- *Day Care/Foster Homes:* Inspects and approves homes to assure they meet local health codes along with fire safety and zoning regulations.
- *Lead:* Conducts lead paint poisoning inspections with state lead inspector. Performs follow-up contacts as needed in cooperation with state lead program. (Same for Radon.)
- *Septic Systems:* Inspects septic systems to certify failure in cooperation with the N.H. Department of Environmental Services. Performs dye test to confirm septic failure. Approves septic design plans and makes necessary inspections.
- *Nuisances:* Conducts sanitary investigations into complaints and nuisances which may endanger public health; e.g. noise, garbage, insects, unsanitary living conditions, rodents, safe drinking water.
- *Health Facilities:* Inspects new or modified health facilities to certify that they meet local health codes; e.g. hospitals, nursing homes, massage therapy establishments, hair salons, health clubs.
- *Drinking Water:* Tests any public or private water supply suspected of being unsafe per directives from the Department of Environmental Services.
- *Public Swimming Places:* Tests water per directives from the Department of Environmental Services; e.g. pools, spas, water slides.
- *Rental Housing:* Enforces minimum standards for rental housing, including safe drinking water, hot water means, garbage control, properly

functioning septic systems, vermin control, adequate heat, and walls and roofs which do not leak. Life safety inspections are performed in cooperation with the fire department.

- *Smoking:* Follows up on complaints and violations of the new smoking law at the request of the Division of Public Health.
- *Asbestos:* Conducts inspections. Recommends that the Director of Public Health Services order an abatement, or cease and desist for abatement activities.
- *Communicable Diseases:* Provides public information, support and follow-up when a disease outbreak occurs.
- *Rabies:* Enforces the Rabies Control Act in cooperation with the local animal control officer. Serves as a local resource for information on rabies.
- *Food-borne Illness:* Responds to complaints and reports cases to the N.H. Bureau of Food Protection. In case of an imminent danger to the public health, orders cleaning or closure of food establishments. In conjunction with the Bureau of Food Protection, contacts establishments in the event of a food-borne disease outbreak. Conducts inspections and investigates complaints of local food establishments.
- *Cancer Clusters:* Takes initial report and calls the information into the chronic disease program to be followed up by the program staff. The local officer serves as a local resource to program staff during the course of an investigation.
- *Location of Burial Sites:* Burials on private property, unless in an existing ground, shall comply with zoning regulations.
- *Air Quality:* Investigates complaints of poor indoor/outdoor air quality to ensure that they are not related to septic problems or poor sanitation.
- *Emergency Response:* Serves as a point of local contact for citizens in the case of an emergency or disaster in town. Assists with the coordination in town in response to the local emergency director.

Respectfully submitted,
KELLY DEARBORN-LUCE
CODE ENFORCEMENT/
HEALTH OFFICER

Police Department

Please take a moment to review the annual statistics following this report and I am sure that you will agree that 1999 proved to be another very busy year for us.

During the past year we purchased lap-top computers for the police cruisers. This was accomplished through a community policing COPS grant that we received from the federal government. The officers will now have a wealth of information available to them at their fingertips. The computers will help to alleviate a lot of paperwork duplication that we find so cumbersome in our profession. Most importantly, it will allow the officers to spend more time on the streets because much of the routine paperwork will be completed inside the cruiser. Next time you have an opportunity to speak to one of the officers who are in the cruiser ask to see one of the computers. I think you will be impressed. We also purchased an electrical generator and it has been installed. It's gratifying to know that if we lose electrical service for a prolonged period like we did a few years ago, that we will be able to continue to function during the crisis.

We continue to train our officers to a high level of competency and professionalism. Although all of the officers attended various training schools and seminars, some of the more specialized schools that may be of interest to the community were domestic violence, child exploitation investigations, and gang resistance education and training (GREAT) and instructor school. This is not what it sounds like, the GREAT program is designed to promote self-esteem among our youth and is a logical next step from the DARE program as it is designed, primarily for 7th and 8th grade students.

Speaking of DARE, we had another officer trained as a DARE instructor, so we are very fortunate to now have two certified DARE instructors on the department. Two more officers completed bicycle patrol training, which means that half of the officers on the department, including full-time and special (part-time) officers are now certified for bike patrol. As I said, this is far from the total training that the officers received this year, but is a sampling of what type of instruction your officers are receiving.

At the end of the year we were very sorry to see two veteran special officers leave the department. Karl Schroetter, who was with us for six years and Michael (Mickey) Costello who was with us for five years, both found it necessary to resign. Karl left because he was

finding it increasingly more difficult to find time to work as a special officer because his regular, full time, job was taking up much of his time. Mickey decided to pursue a career in a different field and between his full time job and attending college he too felt he could not commit the time he was accustomed to providing us. Both of these special officers served our town with dedication and professionalism. They both will certainly be missed. We are currently conducting a hiring process to fill these vacant positions.

1999 also saw the passing of Henniker's first full time Chief of Police, Thomas Hassler. During his career, Tom was a well respected professional, not only in our community but throughout our county and the state. He served the community for twenty years and ushered in the first full time police department and did a great job doing so. He was a warm and caring person who always greeted you with a warm smile and a friendly hello. But perhaps his greatest legacy and source of pride was that of a husband and a father. Tom will be long remembered as the Police Chief, but when you talk to his family you realize that his life represented much more than that. Being a law enforcement officer and public servant is what he did, not who he was. We wish to thank the entire Hassler family for the many personal sacrifices you made throughout the years so that Tom could fulfill his most important role in the community.

In closing, please let me take this opportunity to thank all of the community members who continually offer their support to our agency. As I've said before, your support is shown in many different ways, but the ones that are most appreciated are the friendly smiles, handshakes and hellos that many of you offer us each day. Those gestures are appreciated more than you may know. Remember that the police department is *your* police department – we are here to serve you, so please don't hesitate to call upon us when you need our help or advice.

**Respectfully submitted,
TIMOTHY RUSSELL
CHIEF OF POLICE**

Animal Control

Henniker Animal Control continues to be very active. As the number of complaints and calls for service increase, so does the variety of incidents, from dogs running at large, dog bites, trespassing stock, abandoned animals of all kinds, and even the capture of an "Emu" found on the slopes of Pat's Peak. Something like that keeps the job interesting!

Rabies is a threat to all, an incurable deadly disease. Acute viral disease that attacks the central nervous system. The virus is concentrated in the saliva (spit) of the infected animals and is generally transmitted from an infected wild or domestic animal by a bite, a lick to open wounds or cuts, or nerve tissue or saliva introduced into cuts or the mucous membranes of the nose, eyes, or mouth.

Rabid animals are not always easy to identify. Not all rabid animals foam and drool at the mouth. The animals may stagger, appear restless, be aggressive, and yes, some may attack humans. However, a rabid animal can also appear very friendly, exhibit a difference in the barks or howls, seem to be choking, or they may show no signs of the disease at all.

With that in mind, we must remember that rabies is here and will always be a threat. All animals must continue to be vaccinated and care must be taken when dealing with them!

For additional information you may contact:

- Henniker Police Department, 428-3213
- Henniker Health Officer, 428- 8543
- NH Fish & Game, 271-3421
- NH Div. of Public Health, 271-4496

In closing I would like to say to the Residents of Henniker-"THANK YOU" for all your time, support and cooperation during the past year!

Respectfully submitted,
WALTER CRANE
ANIMAL CONTROL OFFICER

BE CAREFUL!
Protect Your Family,
Yourself,
and Your Neighbors !

Rescue Squad

The rescue squad celebrated 30 years of serving the Town of Henniker since its establishment in 1969 by some very dedicated members of our community.

The rescue squad continues to be successful in its mission of helping people, especially because of people like Jim Crane who resigned as the squad chief in March. Jim was one of the founding members of the squad 30 years ago and continues to be an active charter member. Jim served as our chief for 15 of those years and to show our appreciation for his service the "James K. Crane/Henniker Rescue Squad Scholarship Fund" was established. This scholarship is granted to a Henniker high school senior who shows the same dedicated spirit of helping people in the community.

The rescue squad responded to 382 calls for assistance in 1999. This is an increase of 30 calls from 1998. The majority of our medical calls were once again for trauma related injury. The members of the squad have been active in working with our young people in the schools to focus on seat belt safety, helmet safety, and through a coordinated effort with the teachers and fire department, in the Learn Not To Burn program.

Daytime coverage continues to be a major concern. The number of calls are increasing each year and it is becoming very difficult to have trained and licensed people leave their places of employment to respond to calls and transports to the hospital. We have done some recruiting in the community and have taken on several new members, but would still like to speak to anyone interested in finding out more about how to become a squad member.

At the conclusion of 1999, the rescue squad included the following members:

Cathy McComish, Chief	Steve Foote
Tom French, Deputy Chief	Varyl French
Warren Lapham, Training Officer	Danny Hassler
Carl Hamel, Safety Officer	Kirsten Kaiser
Marty Lamoureux, Clerk	Cindi Martin
Brent Bell	Drew Patterson
Rocky Bostrom	Rebecca Paul
Jean Buckley-Smith	Alyssa Pockell
Julie Clemons	Chris Rivers
Mick Costello	Kelly Senecal
Jim Crane	Matt Wayland

**Respectfully submitted,
CATHERINE MCCOMISH, CHIEF**

Fire Department

The Henniker Fire Department had a busy year in 1999 with more calls than the previous year. Most of the responses were for accidents, faulty detectors, or mutual aid.

The new tanker arrived on January 3rd and was immediately put in service. The old tanker was sold to the Town of Sutton for \$4,500. This money will be used to buy equipment.

At this time, we anticipate no new truck purchases until the year 2004. At that time our second pumper will be 25 years old and will need to be replaced.

The fire department and rescue squad continue to work together cooperatively. Many of our members serve in both departments.

We wish to thank the community of Henniker for their continued support throughout 1999. Please visit our fire and rescue building and take a look at our equipment.

**Respectfully submitted,
E. BENJAMIN AYER, CHIEF**

Forest Fire Warden/State Forest Ranger

To aid your Forest Fire Warden, Fire Department, and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are 11 Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. During the 1999 season Forest Rangers were busy assisting communities with suppression of difficult and remote multi-day fires. Forest Rangers have also investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call the N.H. Division of Forests and Lands at 271-2217.

There are 2,400 Forest Fire Wardens and Deputy Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1999 fire season was a challenging but safe year for wildland firefighters in New Hampshire. The severe drought conditions throughout the spring and summer months, combined with residual effects of the 1998 ice storm, resulted in a dramatic increase in wildland fires. In addition to burning in excess of 452 acres, 35 structures were also impacted by wildfire. Wildland fires in the urban interface is a serious concern for both landowners and firefighters. Homeowners can help protect their structures by maintaining adequate green space around them and making sure that houses are properly identified with street numbers.

The State of New Hampshire operates 15 fire towers, two mobile patrols, and three contract aircraft patrols. The early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Please contact your local fire department before doing ANY outside burning!

1999 Fire Statistics

"REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!"

Bryan C. Nowell,
State Forest Ranger

E. Benjamin Ayer,
Forest Fire Warden

Transfer Station/Recycling Center

The transfer station/recycling center enjoyed 1999 without the added pressure of a major construction project which we experienced in the previous year. It has certainly been a more pleasant experience for employees and visitors to see the end of dust, potholes and mud.

In 1999, the transfer station disposed of 79 tons *more* trash than in 1998. Unfortunately, trash is becoming a very costly item and if some of the new legislation that is currently being introduced passes, in the next few years it will become even more costly. On the upside, recycling your trash could make a big change in the cost of disposal. This year, our percentage of recycling was 18.6%.

Transfer station attendants, Bill McGirr and Pete Fernandes, collected 3,677 box tops, valued at \$367, and donated them to the school for its students' fund raising program.

We purchased a new waste oil furnace last spring, and with the generous donations from the Henniker Lions Club, NH the Beautiful, and the State's Used Oil Program, we were able to reduce the cost to the town from \$5,500 to \$2,484.

With the help of the Henniker Recycling Committee we had another successful Household Hazardous Waste Collection in October, and this time involving five area towns.

In the year 2000, we will be starting a fluorescent bulb and household thermostat collection program as these items contain mercury and should not be disposed in the incinerator.

The transfer station wishes to thank those residents who continue to support and remain an active part of our town's recycling efforts.

Respectfully submitted,
BOB PENNOCK,
 SUPERINTENDENT

18.6% OF HENNIKER'S TRASH WAS RECYCLED IN 1999

Tucker Free Library

This has been an exciting and challenging year as the library moved forward with automating the card catalog and circulation system, and at the same time, strived to maintain a high degree of service for patrons. The library's first priority is always to provide satisfaction for the people of Henniker. We realize that no matter how impressive our technology becomes, the most important part is still the human interactions. With this basic standard in mind, we have managed to steadily move forward with the automation project and anticipate completing the process during the year 2000.

The system will be even more impressive than we anticipated because, due to the library winning several grants, we have been able to enhance and upgrade the hardware. The foundations that so generously awarded the grants are the Cogswell Benevolent Trust (\$5,000), Samuel P. Hunt Foundation (\$10,000), and the Saul O. Sidore Memorial Foundation (\$2,150), making a grand total of \$17,150. A portion of the grants was dedicated to the building of a circulation desk to accommodate the automation equipment, with the remainder of the money going towards the actual system. The new circulation desk, which was designed and constructed by Charlie Mackenzie, is not only functional, but is also a thing of beauty. It blends into the furnishings as though it had been there when the library was completed 96 years ago.

The past year has been rewarding and exhilarating in other areas besides the automation project. The children's summer programs were enjoyed by staff and participants alike. Registration for the various story hours and reading programs totaled 257 children. Special recognition is needed for our excellent volunteer presenters who included Patti Bowser, Rhonda Cooper, Laurie Goldberg, and Jodi Trant. It is so rewarding to see the enthusiasm which accompanies these summer programs and continues through the year with the weekly Toddler Tales, and the "Read-to-Me" sessions. Volunteer Christine Anderson coordinated the Toddler Tale times with wonderful results. The creativity of the presenters in communicating with such very young, preschool children is a pleasure to see.

This year the library was fortunate to receive additional help with children's programming from the Henniker Teacher's Association. They funded a "Read-to-Me" session, which is a program that promotes reading and listening between parents and very young children. Their donation was so generous that we will be able to present two "Read-to-Me" sessions in 2000. One will be funded by the Henniker Teacher's Association and the other will be funded by a grant from the Ezra Jack Keats Foundation. Various other children's programs throughout the year included an enjoyable musical session with Becky Mercier, a book presentation with author Mary Lyn Ray, a "Cat in the Hat" celebration and a warm and cozy "Read Over."

Even though one of the library's main objectives is to encourage library usage from a very young age and thus make it a lifetime habit, we also strive to accommodate the wishes and needs of all patrons, young and not so young. In an effort to entice adults to take time out from their hectic schedules, the library presented varied programs ranging from a demonstration by Erin Hennigar to a series of book discussions, where the relaxed atmosphere was enjoyed by all who participated.

Throughout the past year, the library received unflagging support from the volunteers of the Friend's group. The officers of the Friends of the Tucker Free Library are Sylvia Lennox, Mary Corsetti, Susan Gauthier, Laurie Goldberg, and Lorraine Myers. These hardworking ladies organized the most successful sale event, made possible with donations from the community. The

proceeds from their annual sale are used to fund the children's summer programs and to buy needed items for the library. Last year's purchases included a computer for the public to access the internet and a video display rack. They also helped with the library's float which won first prize for the best theme in the Henniker Old Home Days parade.

As in previous years, the library was fortunate to receive donations of various kinds, including money, books, videos, puzzles, CD's, magazines, and historical items. The library was especially honored to be the recipient of funds with which to buy books in memory of Ryan Berry, Nancy Munroe Fitch, T.J. Gould, Thomas Hassler, and Lillian Soderstrom.

Proceeds from past established funds continue to greatly benefit the operation of the library and also allow the purchase of equipment and books in specific categories. These funds include the Marjorie B. Bennett, Scott J. Berry, Anna L. Childs, D.W. and E.L. Cogswell, L.A. Cogswell, Willis Cogswell, Alice Colby, James A. Doon, Robert N. Fitch, Francis O. Holmes, A.D. Huntoon, Mary F. Kjellman, Henry Preston, and George Tucker. The library not only appreciates the financial gains from these sources, but also the honor of having the memories of past members of the Henniker community perpetuated at the Tucker Free Library.

The past year at the library has been one of activity and enjoyment. We realize that all of our plans and achievements are made possible because of the outstanding support of the community. They library will continue to strive to be deserving of such commitment.

Wastewater Treatment Plant

In 1999 your wastewater treatment facility processed 74.2 million gallons of wastewater and 150,000 gallons of septage which produced a total of 240 tons of biosolids.

Some of you may have seen us out on the streets last fall along with a Vermont Pipeline truck. Vermont Pipeline is the contractor we use for collection system maintenance and repairs. Their truck has the capability of televising a sewer pipe internally and also, repairing any defects found without digging up the street.

In September, our NPDES Permit was renewed. This permit allows us to discharge our treated effluent into the Contoocook River for the next five years. There were no major changes from our previous permit.

The State of New Hampshire adopted new sludge (biosolids) management rules in March of 1999. The new rules require that sludge that is land applied be certified. Although Henniker does not directly land apply our sludge, we do send it to a composting facility and once processed at that facility it is ultimately land applied. In October, Henniker Wastewater applied for, and received a grant from New Hampshire Department of Environmental Services, under the provisions of Senate Bill (SB) 195 to cover the cost of the analytical requirements of obtaining an SQC (Sludge Quality Certification).

In general, things are going pretty well thanks to dedicated personnel and community support. The transition into the new millennium should be a smooth one. THANK YOU very much for your support – past and future.

**Respectfully submitted,
KEN LEVESQUE

Cogswell Spring Water Works

Much of the water department's time this summer was spent working with the State Department of Transportation and Moores Marine at the Edna Dean Proctor Stone Bridge project. The water department had to relocate 350 feet of 10 inch water main because of a conflict with the drainage portation of the project. Also, as part of this project, we had to move the existing service lines to the New England College dorms on both sides of Bridge Street. These service lines consisted of 160 feet of six inch pipe and 140 feet of four inch pipe. During this project, we had to have the river crossing shut down for extended periods of time. While we had the river crossing shut off, there were parts of the north side of town that experienced low pressure problems and some parts ran out of water completely. The water department has two river crossings -- one 10 inch and one 6 inch. When one is off the other cannot handle the demand. If there was a water storage tank on the north side of town, we would be better equipped to handle these situations. This summer as the bridge widening continues, the water department will have to relocate another 200 feet of the 10 inch pipe.

The water department also responded to two water main breaks; installed two new hydrants; and removed three houses from an old one inch galvanized line, hooked them onto a new main, and unhooked the old line from the main to prevent further leaks in the old line.

Because of the corrosion control program that we are involved in, we were able to cut the amount of samples that we take in to half this year. Of the 20 samples that were taken in 1999, all came back below the detectable limit in both lead and copper.

**Respectfully submitted,
NORMAN BUMFORD

Planning Board

The Planning Board is responsible for, among other things, reviewing and updating the town's master plan, recommending amendments to the zoning ordinance, reviewing site plans, subdivision plans and excavation plans, and updating the capital improvements plan. The board consists of six elected members and one ex-officio selectman member. The board may appoint up to three alternate members. For the first time in several years, the board is operating at full strength with all of these positions filled.

The past year was a moderately busy one, with a steady stream of site plan and minor subdivision hearings, but no major developments. We have now operated for a full year under our new site plan review regulations, which we think represent a significant improvement over the old ones. One feature of the new regulations that has proven useful is the provision allowing the board to waive site plan review for small projects that would have no significant impact on the community. At the same time, we recognize that there have been concerns about the criteria for applying the waiver provision, and we hope to clarify those criteria in the near future.

The Planning Board expects to begin a review and update of the town's master plan in 2000. Under New Hampshire law, the Planning Board is required to "prepare and amend from time to time a master plan to guide the development of the municipality." Typically, master plans are updated at least every 10 years; Henniker's has not been updated since 1988. Updating the master plan will lay the groundwork for, among other things, reviewing the zoning ordinance and considering what changes may be appropriate.

The master plan update will be an enormous project and will require significant work from many people within the town. We will be publicizing this project and recruiting volunteers as the time nears.

The board holds regular meetings on the second and fourth Wednesdays of each month at 6:30 p.m. in the town hall. We reserve time at the beginning of each meeting for informal discussions, and anyone with questions or concerns is encouraged to attend. Inquiries can also be directed to any Planning Board member or to the board's clerk, Gail Abramowicz. Gail has regular office hours at the Grange building from 12 noon to 2 p.m. every Tuesday. The telephone number is 428-8543.

**Respectfully submitted,
CORDELL JOHNSTON,
CHAIR**

Zoning Board of Adjustment

A total of four hearings for appeals were requested in 1999:

- Variances: 1*
- Special Exceptions: 2*
- Appeals: 0*
- Amendments: 1*

The powers and duties of the Zoning Board of Adjustment

Like every municipal board or official, zoning boards of adjustment have only those powers specifically granted to them by state statute. The state legislature has defined the zoning board of adjustment's basic role as that of: 1) hearing appeals from an administrative decision; 2) hearing appeals which request the grant of one or more variances from the terms of

the zoning ordinance; or 3) hearing appeals which request the grant of a special exception.

Administrative Decision: An administrative decision appeal, for example, is when the Board of Selectmen decide that a permit request for a certain commercial use is not allowed in a district and deny the permit. The applicant can appeal the decision to the Zoning Board of Adjustment for interpretation or application of the terms of the ordinance to have the decision reversed.

Variance: A variance is requested, for example, when an applicant proposes to build an addition to their home and the new addition does not meet the required setback distance to the side property line. The applicant must then prove "hardship" of the land, and why they should be granted the variance. A variance is similar to asking permission to not comply with the local ordinance.

Special Exception: In our local zoning ordinance there are two columns of uses for each district. One column specifies what is permitted and the other column lists what is permitted by "special exception". The application for a special exception lists 11 items of criteria that must be met. Some of the criteria include: appropriate location, compatibility with the neighborhood, public interest, property values, affect of health and safety, whether it will constitute a nuisance, and if it is within the spirit of the ordinance. All 11 items must pass by majority vote.

The Zoning Board of Adjustment is looking for individuals to volunteer their time as alternate members. The board normally meets every third Wednesday of the month. The following is a schedule of the Zoning Board's 2000 schedule.

2000 Zoning Board Schedule

Closing Date to

Submit Applications

Meeting Date

January 7	January 19
February 5	February 16
March 4	March 15
April 8	April 19
May 6	May 17
June 10	June 21
July 8	July 19
August 5	August 16
September 9	September 20
October 7	October 18
November 4	November 15
December 9	December 20

Schedule is subject to change due to clerk's hours, vacations, etc.

The Zoning Clerk is located at the Grange building at 7 Western Ave. Zoning applications may be picked up or dropped off on Tuesday, Wednesday and Thursday from 8 am to 4:30 pm. Please call ahead, 428-8543.

**Respectfully submitted,
KELLY DEARBORN-LUCE,
CLERK**

Central NH Regional Planning Commission

Established in accordance with state law, the Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 20 towns in Merrimack and Hillsborough Counties and the City of Concord. The Town of Henniker is a member in good standing of the Commission.

The Commission's mission is to improve, through education, training and planning assistance, the ability of the municipalities of the region to prepare and implement municipal plans; to prepare a plan for effective and appropriate development and utilization of the resources of the region; and to assist municipalities in carrying out the regional plan.

The Commission provides a variety of planning services, including telephone consultations on planning issues; planning research; sample ordinances, regulations, and planning documents; models; data and access to data sources; grant information; review and comment on planning documents; development review; and educational programs. Membership also entitles a community to affordable master planning assistance, GIS mapping, and grant preparation.

During 1999, the Commission staff, in coordination with the Henniker Trails Steering Committee, completed the Town of Henniker Open Space Trail System Plan.

In addition, in 1999 the Commission accomplished the following:

- Provided general local planning assistance to member municipalities and responded to inquiries regarding zoning ordinance, subdivision regulations, and site plan review regulation revisions; prepared calendar and narrative describing critical dates for Town Meeting.
- Developed new geographical information systems (GIS) map layers, including archeological sites, agricultural lands, beach and boat access, cemeteries, historical buildings, mill sites, scenic vistas, conservation lands, and ecological communities. The Commission continued to improve its GIS through staff training, improved methodologies, and the upgrade of key GIS equipment.
- Researched and completed the 1990-1998 CNHRPC Residential, Commercial and Industrial Development Trends Study.
- Completed and distributed the Natural, Cultural and Historical Resources Inventory of the Central NH Region, and prepared and incorporated any necessary updates to the document.
- Provided assistance to Commission member and non-member towns regarding National Flood Insurance Program (NFIP) participation and compliance.
- Facilitated the formation of the CNHRPC Regional Resource Conservation Committee (R2C2).
- Attending meetings of and provided continuing technical assistance to the Upper Merrimack River Local Advisory Committee (UMRLAC) and the Contoocook and North Branch Rivers Local Advisory Committee (CNBRLAC).
- Coordinated and approved the update of the FY 2001-2003 CNHRPC Transportation Improvement Program (TIP). Responded to inquiries related to the New Hampshire State Ten Year Transportation Improvement Program (STIP) update process.
- Solicited and conducted approximately 100 traffic counts throughout the region.
- Organized and hosted six meetings of the CNHRPC Transportation Advisory Committee (TAC).
- Provided assistance to municipalities, groups, and interested individuals regarding the Transportation Enhancements (TE) and Congestion Mitigation and Air Quality (CMAQ) programs.
- Completed the CNHRPC Regional Bicycle and Pedestrian Plan. The plan was adopted by the Full Commission in May 1999.
- Initiated work on the update of the CNHRPC Regional Transportation Plan and development of the Regional Multi-Use Trail Plan and Regional Open Space Plan.

For additional information, please contact the CNHRPC staff or your town representative to the Commission, Randy Wilson or Geoffrey Hirsch, or see us on the internet at www.cnhrpc.org.

Cemetery Report

As this is the first report on the cemeteries in a while, we would like to bring everyone up to date on what has been happening. First, you need to know the players. There are three cemetery committees in Henniker:

1) *Abandoned Cemetery Committee*: This committee is made up of four members appointed by the Selectmen. They are responsible for making decisions on the seven or so cemeteries that are no longer in use. This committee has been relatively inactive over the past years.

2) *Cemetery Trustees*: Three residents serve as Henniker Cemetery Trustees, one is voted on each year for a three year term. The trustees are responsible for making sure that there is a cemetery available in which to bury people and are responsible for disbursing the cemetery money budgeted and voted on each year at town meeting.

3) *New Cemetery Association Board of Directors*: This committee oversees the "New Cemetery" located on both sides of Old Concord Road. The New Cemetery owned by the private New Cemetery Association. You must own a plot in this cemetery to be on this Board.

For some years now the Henniker Cemetery Trustees have pooled the town cemetery appropriation (\$5,000) with New Cemetery Association money. The Association reviews bids and approves a contractor to mow and maintain the New Cemetery, the Old Cemetery behind Town Hall, the First Burial Yard on Depot Hill, the Plummer Cemetery and the Quaker Cemetery. Both groups have been able to save money with this arrangement and the Henniker Trustees would like to publicly thank the New Cemetery Association for all of their effort in securing the contracts for this work.

For the past two years the town has authorized additional funds (\$1,500 each year) to be used for repairing broken and cracked stones and resetting stones that were badly tipped. Below you will find a list of the work that has been completed during these two years.

Work completed by Perry Brothers Monument Company:

- Old Cemetery (reset 23/repared 17)
- First Burial Yard (reset 40/repared 5)
- Plummer Cemetery (repared 2)

Work done by volunteers:

- Old Cemetery (repared 16)
- First Burial Yard (reset 13)
- Plummer Cemetery (repared 5/cleaned all marble, some slate and some granite stones)
- Quaker Cemetery (all repairs done by the Friends' Meeting)

The Trustees are asking for \$2,000 this year to be used for the repair and replacement of gravestones. Replacement is used as a last resort and two stones are slated for replacement this year along with more repairs and resetting of stones.

Most of the work has been completed in the largest and most accessible of the cemeteries. Now we will be turning our attention to the smaller abandoned graveyards that have a higher percentage of damaged stones.

Respectfully submitted,

Community Band

The 1999 summer band concert series brought a great deal of pleasure to children and adults alike. Our large audience included people from surrounding towns who also enjoyed the band offerings and the children's participation. Many expressed their appreciation at the end of each concert.

The band season actually begins in April when rehearsals begin, leading to our first concert in June, with a total of eight concerts throughout until August. We wish to extend our thanks to the Henniker Congregational Church for the use of the parish house for our rehearsals, and to New England College for the use of the administration building "green" on pleasant evenings and its porch on rainy evenings.

December 1999 brought a different format for the holiday concert. Instead of the usual band performance, a vocal program entitled, "Festival of Song" was given. Featured were the adult and children's choirs of the Congregational Church, the New England College choir, the John Stark High School select choir, and a vocal soloist from the music studio of Angela Robinson. Our thanks and appreciation go to their directors, Mileva Loo, Jeff Fuller and Kevin Greene, and to the vocal soloist, Jodi Silver.

For many years, the Town and Gown (college) have jointly sponsored the holiday program: the town supplying funds to pay the performers and the college supplying the recital hall, refreshments and programs.

In closing, a special thank you to Bruce Corsetti, our "Santa Claus," who added to the holiday spirit, and to the people of Henniker for their interest, support and appreciation of our Community Band.

**Respectfully submitted,
ANGELA ROBINSON
BAND DIRECTOR**

Conservation Commission

The Commission has had a busy year, starting last spring with a public discussion about the value of open space held at a forum presented by the N.H. Wildlife Federation.

The Commission also worked with the Central N.H. Regional Planning Commission to develop an Open Space Trail System. A trail book and maps are available at the Tucker Free Library, the New England College library and at Town Hall.

During the summer, the Commission received an overwhelming response to its "Big Tree Contest," which kept members busy measuring trees for weeks. Congratulations to the MacLean Family on Rush Road, whose Red Maple, at 71.5" dbh, was the winner.

Working with the Selectmen and the Shoreland Protection Compliance Coordinator, the Commission developed and implemented a revegetation plan for a slope in Azalea Park. Sixty native shrubs of three species were planted in May and watered throughout the drought period to ensure their survival.

The Commission's role, as defined by N.H. RSA 36-A, is to "ensure the proper utilization and protection of the natural resources and for the protection of watershed resources" of the town. In keeping with that role, in certain cases, the Commission is asked to make site visits of proposed logging or building sites to provide advice concerning compliance with local and state laws regarding natural resources. It is also asked to review all dredge and fill applications, make site visits, and report to the N.H. Department of Environmental Services (DES). In most cases, the Commission's comments to DES help to expedite handling of an application. In its role as an advisory board, the Commission is also expected to report to DES when it sees a violation of state regulations or has a concern about certain activities. The Commission made a total of 14 site visits during 1999.

Another busy year lies ahead, as the Commission plans to conduct a Natural Resources Inventory (NRI) in order to organize existing data on the community's natural resources. A planning session has already been held and assistance is being provided by the UNH Cooperative Extension, the Central N.H. Regional Planning Commission, and Rick Van de Poll, Ph.D., of Antioch New England Graduate School. In addition, the Commission is hoping to recruit volunteers to assist with this project.

The Commission plans to continue and expand upon its use of student interns and volunteers for various projects, including vernal pool documentation. It also plans to continue to host speakers for public presentations on various environmental topics. A presentation on vernal pools is planned for March.

**Respectfully submitted,
RONI HARDY**

Economic Development Committee

Being a relatively new committee that was redeveloped a little over a year ago, the Economic Development Committee (E.D.C.) spent much of the first half of 1999 meeting with members of the community and collecting data to better understand the current business structure of our community.

At the February meeting, we were fortunate to have Stuart T. Arnett, Director of the New Hampshire's Division of Economic Development speak with us. Among other topics, Mr. Arnett said that one of the most important ingredients in the success of a community's economic development is the involvement of the community itself. Keeping this in mind, we are updating a brochure that the former E.D.C. developed, "Henniker Means". This brochure is a promotion of businesses in our community and could be one of many tools for the promotion of a healthy business climate.

We spent a considerable amount of time with elective officials and town employees discussing their role in town management and working with them to better understand the current needs of the business community.

The committee also collected town maps to study the infrastructure of Henniker. Location of electricity, communication, water etc. are important to the expansion of economic development and are some of the first things a company would look at when deciding to locate their businesses here.

Finally, we should understand that businesses in the town of Henniker are taxed per square foot higher than other sectors, thus giving to the community in the form of tax revenue more. In addition, businesses require less monetarily in the form of services from the town than other taxed revenues, thus allowing the community to maintain the high standard of living that it has become accustomed to.

**Respectfully submitted,
JEFFREY S. FRENCH,
CHAIR**

Historical Society

1999 was another busy year for the Historical Society and one of continued growth. We were able to maintain a stable budget and to undertake several special projects, most notably the restoration of the cupola on our historic building. The interest that was shown in this project by members and friends, and their generous financial support which made it possible, was gratifying and deeply appreciated.

Academy Hall was open every Thursday and Saturday from 10 am to 2 pm, and by special appointment, thanks to a dedicated volunteer staff. We had an increase in the number of people who visited Academy Hall either to use the research room or to view the exhibits, and we were pleased to receive donations of 199 items that related to some aspect of Henniker's present or past history.

Four programs were held for members and the general public, including two that were sponsored by the NH Humanities Council. Additionally, a number of programs were held at the museum at the request of specific groups. Special events during the year were a Victorian Tea Party for children in May, a yard sale in the fall, and the annual Christmas Cookie Sale in December, at which an ornament of the Ocean Born Mary house was introduced.

Our membership numbered 356 at the end of the year, with Canada and 17 states other than New Hampshire represented. Members received four issues of the newsletter, one of which was a town-wide mailing. Two publications were issued: An Index to Cogswell's History of Henniker, compiled and written by Martha Taylor, and a 6th booklet in our ongoing series. A new website expanded our reach and facilitated the research efforts of many.

We wish to thank our members and the community at large for their interest and support of the society's activities.

Respectfully submitted,
JOYCE MEYER

Loss Prevention Committee

The Loss Prevention Committee has been working hard this year trying to comply with Department of Labor rules and regulations regarding health and safety. This newly established committee conducted group inspections of each town owned building and reports were submitted to the Board of Selectmen. The committee is now working on supplying each department with the required "written safety policies." The next step for the committee will be to try to set up safety training for all employees. I would like to thank all the members of the Loss Prevention Committee for their efforts and participation.

Kelly Dearborn-Luce, Chair
Jeff Pfeiffer, Highway Department
Ken Levesque, Wastewater Treatment Plant
Doug Paul, Police Department
Ben Ayer, Fire Chief
Cathy McComish, Rescue Chief
Norm Bumford, Cogswell Spring Water Works
Joe Damour, Board of Selectmen
Bob Pennock, Transfer Station
Lynda Aspinwall, New England College (AD HOC member)

**Respectfully submitted,
KELLY DEARBORN-LUCE,
CHAIR**

Recycling Committee

The purpose of the Henniker Recycling Committee is to promote and encourage recycling in our town, and to assist and advise the selectmen and the superintendent of the transfer station/recycling center in its operations.

Over the last few years, Bob Pennock has increased the number of items which may be recycled. One of our major goals as a committee is to motivate more people to take greater advantage of these expanding opportunities to recycle. We urge everyone to increase the recycled portion of their trash. The committee is concerned that the percentage of trash being recycled has decreased. As one of the possible ways to increase recycling participation we are learning about the Pay-As-You-Throw (PAYT) trash disposal program. The PAYT system charges for each unit (i.e. bag, pound, etc.) of waste that is disposed. Over 30 New Hampshire municipalities are currently using some type of PAYT trash disposal system.

The recycling committee is also looking for new members. We need your interest and ideas for the good of our town and environment, and to reduce the cost to all of us for the disposal of our town's solid waste. The committee meets on the first Wednesday of the month at 7:00 p.m. at the Grange.

This past year the committee has been trying to work with the college to encourage townwide recycling. We are available to help and encourage businesses and landlords in their recycling efforts.

If you are interested in committee membership, please contact Joan O'Connor at 428-3530, Larry Parrish at 428-7954, or Bob Pennock at the transfer station at 428-7604.

The Recycling Committee concluded 1999 with the following membership:

Larry Parrish, Co-Chair
Joan O'Connor, Co-Chair
Barbara French
Karol Dermon
Ron Lavallee

Paula Vezina
Jessie Greenhalgh
Lia Houk
Richard Soares

**Respectfully submitted,
JOAN O'CONNOR
LARRY PARRISH
CO-CHAIRS**

Skate Park Committee

The Henniker Skate Park Committee, which has been meeting regularly since 1997, became a town committee in June 1999. The Mission Statement of this committee is as follows:

"To provide a Henniker location where skateboarders and in-line skating enthusiasts may practice and develop their skills in a safe, accessible and challenging environment."

1999 was a very exciting and productive year for the skate park project. Two fun-filled events were held: "Summerfest '99," and "The Halloween Party" in October raised awareness and nearly \$4,000 for the park. A permanent skate park site has been identified near the Henniker Community School soccer field, and an innovative site plan and design was developed and presented to the Henniker Board of Selectmen by Earl "Bud" Strafford of the Cleveland Superboard Factory.

The name of the permanent skate park will honor and celebrate the life of Jeff Clement. Jeff loved skateboarding and snowboarding, and his joyous and playful spirit has been an inspiration to all involved in the project.

Respectfully submitted,
BETH ALLEN, CHAIR

Pathways Committee

The Henniker Pathways Committee wishes to take this opportunity to thank everyone for their contributions over the past two years. We raised nearly \$8,000 in private donations. With the money initially raised at Town Meeting, we are only \$28,500 short of having the Town's 20 percent share to complete this necessary project.

For those of you who are familiar with the project, we have received a federal grant of \$194,438 to plan and construct a bike and pedestrian path from the intersection of Ramsdell Road to Amey Brook Park.

Because of new rules set out by the Department of Transportation, which distributes the funds, we have much more latitude in the design and construction of this project than we originally thought. Therefore, it is our plan to concentrate our efforts on the section of the path from Ramsdell Road to the soccer fields. By using this approach, we feel we will be able to complete the first section in a more timely manner.

Meanwhile, we will continue to plan and design the second section of path from the ball fields to Amey Brook Park. Originally, this section was to cross the narrow corridor of land between Amey Brook and the Contoocook River. We will consider an alternate route which will be safer, more scenic, and cost effective.

We seek your support and input in creating a safe and pleasant way for children and adults to ride or walk from town to the ball fields and beyond. If you have any questions or comments you wish to share, please call Rod Pimentel at 428-7507 or e-mail him at r_pimentel@conknet.com.

Respectfully submitted,
ROD PIMENTEL, CHAIR

Human Services

In 1999 the Town of Henniker assisted 26 families who were in need of services. This represents a decrease of seven families from 1998.

Most of the budget was spent in rent which totaled \$20,700. This was an increase of \$7,000 from 1998. Heating and electricity costs totaled \$5,219. Medical expenses were \$1,258 and we paid \$500 toward a cremation. An elderly tax deferral in the amount of \$.500 was also expended in 1999.

The Town of Henniker is fortunate to have the Henniker Food Pantry which provides assistance for most of our food requests. They have come to our aid many times during the year and I appreciate all their help.

Lastly, I wish to thank the many residents of Henniker who donate items to families in need.

Respectfully submitted,
CAROLE A HOCKMEYER
DIRECTOR OF HUMAN SERVICES

Food Pantry

The committee for the Henniker Food Pantry wishes to express their thanks for the support they have received from the Henniker community in 1999. Without the help of many concerned citizens this "Community Help Line" could not exist.

Food is given out twice each month on a regular basis, and once each month during June, July and August. This report includes a detailed statement on the number of boxes of food distributed and the number of people who were helped in 1999.

Food is available to singles and families who are experiencing emergency or crisis situations.

We are anxious to welcome volunteers who can help with our various jobs on a scheduled basis. Hours are dependent on the type of tasks that need to be done. Here are some evening tasks and some morning tasks, such as picking up food from the CAP office in Warner, helping with trash pick-up, and other types of work that need to be done in order to keep the Henniker Food Pantry a successful endeavor.

If you are interested in becoming a volunteer for the Food Pantry, "where helping others is worthwhile," please contact Cheryl Morse at 428-3365, Janet Morrison at 428-3810, or Mac Borden at 428-3473.

Respectfully submitted,
MARY ANN "MAC" BORDEN

Concord Regional Visiting Nurse Association

The Concord Regional Visiting Nurse Association continues to offer comprehensive health services to the residents of Henniker. The following is a description of these services:

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and para-professional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting. Patients who receive services range from children who have a complex medical condition to frail elders who require supportive assistance to stay in their own homes.

Hospice Services provide professional and para-professional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping the patient remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical, emotional and spiritual needs.

CRVNA's Hospice House provides residential care to terminally ill patients who have no primary caregiver or need a supported residential setting. Oftentimes patients are transferred into the Hospice House when a caregiver is exhausted and unable to care for them at home any longer. To date, this House has provided a home to approximately 500 terminally ill residents.

Community Health Services include health education, health maintenance, and preventive health services. The program includes preventive care, adult and senior health, child health, Baby's First Homecoming, immunizations for all ages, supportive services to school districts, parent education and support, health education, and nutritional counseling.

Community health includes health promotion services which focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching. Services rendered in the clinic setting include child health, adult screening, and immunizations. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior health services are provided at congregate housing sites.

Over the past two years, Senior Health Clinics have expanded to reach out to seniors who may require a monthly check by a nurse of their blood sugar, blood pressure, and/or diabetes management. The expansion of these services was in response to the decrease in Medicare services to seniors.

Professional and para-professional hourly home services are provided on a private fee-for-service basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Henniker may request service – patient, doctor, health facility, pastor, friend or neighbor. The nurse who completes an assessment will coordinate with the patient's

physician a plan of care to meet the patient's specific needs. If the patient does not have a physician, the nurse will assist the patient to identify one and schedule a visit. The agency has developed a program with the NH-Dartmouth Family Practice Residency Program to coordinate a house call visit by a resident to a frail elder's home who is unable to leave his/her home.

A call to Concord Regional Visiting Nurse Association (1-800-924-8620) is all that is necessary to start services or make inquiries. The CRVNA office is open Monday through Friday from 7:30 a.m. to 5:00 p.m. A nurse is on call 24 hours a day. The On-Call Nurse can be reached by calling 1-800-924-8620.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or who is unable to pay the full charge. However, to fee scale, federal regulations require a financial statement be completed by the patient or responsible person. The community health services are provided to residents oftentimes free of charge. Town monies subsidize those visits that are scaled or that no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of New Hampshire, accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) with commendation, and is a member agency of the United Way of Merrimack County.

University of New Hampshire Cooperative Extension

The UNH Cooperative Extension provides Merrimack County residents with researched-based education and practical information, enhancing their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, forests, wildlife and agriculture, and improve the economy.

Merrimack County residents benefit from county and statewide Extension programming. Among these many local and state efforts are monitoring water quality in our lakes and rivers, reducing the use of pesticides, parenting, television and education programs, 4-H and youth development programs, land use management, food safety, forest stewardship, family finances, meeting the needs of low income families, strengthening our communities, developing a strong volunteer base through our local Advisory Council, Master Gardeners, Coverts Project, Family Focus parenting volunteers and 4-H leaders, and providing research-based information to citizens.

In January, UNH Cooperative Extension will open the new Family, Home & Garden Education Center located in Manchester. The center will have a toll-free InfoLine staffed by Master Gardeners. The InfoLine will handle questions and requests for information on a wide range of everyday issues concerning home horticulture, water quality, indoor and outdoor pests, indoor air quality, backyard livestock, recreational ponds, nutrition, food safety, family finances, and youth development. For more information, call 225-5505.

Other community efforts include after school programs, teen assessment projects, land use management planning, wellness teams, town office visits, Master Gardeners, and working with schools on maintenance of landscaped areas. We have a resource notebook in your town library.

The staff in Merrimack County includes the following Extension educators: Peg Boyles, Judith Bush, Debbie Cheever, Nancy Evans, Tim Fleury, Kathleen Jaworski, Debbie Luppold, John Porter, David Seavey, Marilyn Sullivan, and three support staff.

Visit our office located at 315 Daniel Webster Highway in Boscawen (right next to the Merrimack County Nursing Home). We are open Monday through Friday, 8 a.m. to 4 p.m. Call us at 225-5505 and 796-2151, or find us on the Web at [HTTP://CEINFO.UNH.EDU](http://CEINFO.UNH.EDU).

1999 Summary of Services

Provided to Henniker Residents by the Kearsarge Valley Area Center

Service Description	Units of Service	Households/ Persons	Value
<p>COMMODITY SUPPLEMENTAL FOOD PROGRAM is a nutritional program that offers participants free nutritious foods to supplement their daily diet. The program serves children under six years of age, women during pregnancy, and up to 12 months after the birth of their baby. Value \$21.99 per unit. *(An individual may not be enrolled in both the WIC Program and CSFP but a family may have members on both programs.)</p>	<p>PACKAGES 227</p>	<p>PERSONS 19</p>	\$4,991.73
<p>CONGREGATE MEALS: All elders are welcome to our congregate meal sites/Senior Centers for nutritious hot meals, social/recreational activities, and special events. Value \$5.99 per meal.</p>	<p>MEALS N/A</p>	<p>PERSONS N/A</p>	
<p>FUEL ASSISTANCE is available to income eligible households to help with energy costs during the prime heating season. Priority is given to the elderly and disabled. The average benefit for the 1998-99 program was \$385.00.</p>	<p>APPLICATIONS 26</p>	<p>PERSONS 59</p>	\$10,896.03
<p>SUPPLEMENTAL ENERGY ASSISTANCE was authorized due to the extreme heat this summer. A \$100 payment was made on eligible clients' behalf to their electric companies.</p>	<p>APPLICATIONS 15</p>		\$1,500.00
<p>TRANSPORTATION provides regularly scheduled demand response to and from towns in Belknap and Merrimack Counties to medical and professional facilities, shopping centers, and congregate meal sites. Value \$8.43 per ridership.</p>	<p>RIDES 137</p>	<p>PERSON 13</p>	\$1,154.91
<p>MEALS-ON-WHEELS provides the delivery of nutritionally balanced hot meals to homebound elderly or adult residents five days per week. Value \$6.17 per meal.</p>	<p>MEALS 2,565</p>	<p>PERSONS 21</p>	\$15,826.05

Service Description	Units of Service	Households/ Persons	Value
NEIGHBOR HELPING NEIGHBOR provides emergency energy assistance up to \$250 for those not eligible for fuel assistance.	GRANTS 4	PERSONS 8	\$400.00
SENIOR COMPANION PROGRAM provides friendly visiting and respite services for homebound elderly. Income eligible seniors (60+) serve as companions. Value to companions includes mileage, weekly stipend (\$4.56 per hour). Value to visitees is comparable to similar private sector services (\$4.56 per hour).	VISITEES 1	HOURS 56	\$255.36
WOMEN, INFANTS AND CHILDREN (WIC) provides specific food to supplement daily diet of pregnant or nursing women, as well as children under five. Participants receive medical/nutritional screening, counseling, and education. Value includes value of vouchers and clinical services at \$38.50 per unit.	VOUCHERS 410	PERSONS 35	\$15,785.00
USDA COMMODITY SURPLUS foods are now distributed directly to local food pantries and kitchens on a quarterly basis. These pantries and soup kitchens service all in need, not just town residents.	CASES 132		\$2,560.58
INFORMATION AND REFERRAL. CAP provides utility, landlord/tenant, legal and health counseling, as well as referrals for housing, transportation, and other life concerns. These support/advocacy services are not tracked.			
GRAND TOTAL			\$53,369.66

White Birch Community Center

White Birch Community Center is a private, non-profit organization which focuses on the educational, social, and recreational needs of the community so as to enable people to create a balance of work and leisure. In addition to offering the programs highlighted below, the Center also provides licensed child care for children aged 18 months to 12 years and half-day nursery school for three- and four-year olds.

◆ YOUTH PROGRAM ◆

In collaboration with the Henniker Community School, the Henniker PTA, John Stark Regional High School, New England College, and the Henniker Athletic Committee, the Center continued its new program for middle-level students in grades 5-8 called "Henniker's After School Enrichment Program" in the Spring. The program offered youth a variety of "mini-courses" after school. Community members offered wonderful after school programs such as Autodesk's "Design Your Own Web Page" and Brenda Wright's "Science Magic". In the Fall, the collaboration mentioned above began working on developing an after-school program to be held at the Henniker Community School for middle level students. A survey of students and parents was conducted in December, and a pilot of this new program is scheduled to begin in Spring 2000. Very special thanks go to Principal Fred Roberts of the Henniker Community School and MaryEllen Schule of White Birch and the Athletic Committee for helping us keep our eye on the needs of Henniker's youth.

From July through August, the Center holds a Summer Day Camp for elementary-age children. Camp offered seven weeks of fun this past year. Some of the highlights were: 1) a talent show featuring wonderful singing and dancing; 2) campers spent a whole week outdoors which included kayaking and archery at Camp Tuckernuck in Deering, even spending a night under the stars; and 3) mountain biking or horsebike riding at Gunstock.

Outdoor Adventure Days for youth in grades 5-8 offered great trips this summer. The seven trips were to Surf Coaster, The Rock Barn, Water Country, Canobie Lake Park, The Boston Red Sox, The Mall of NH, and Funtown U.S.A.

◆ COMMUNITY PROGRAM ◆

White Birch also sponsors various community-wide children's events such as our "Children's Fair", "Children's Halloween Party", and "Breakfast with Santa". The Center wishes to acknowledge the Office of Community Service and Fraternity and Sorority organizations at New England College for their valuable assistance in making these events possible. Great thanks, also, to the many John Stark and Henniker Community School students who volunteer their time and talents to our community events.

In response to the November 98 Henniker Community Profile, White Birch began two new initiatives: Dial a Ride and the Henniker Community Outlook. Dial a Ride began in October 99 and offers rides to Henniker residents aged 55 or over to and from needed appointments. The Henniker Community Outlook began in March 99 and is a monthly newsletter highlighting Town monthly events and information.

◆ SENIOR CITIZEN PROGRAM ◆

The Center has 422 senior citizens on our mailing list. Our goal is to continue with day trips, special events, monthly luncheons, and Holiday activities, while informing residents about upcoming seminars and other local events of interest. Our annual picnic at Tall Pines Cottages on Keyser Pond is a wonderful chance for people to come together at the end of the Summer. The support of Carol Gaidos, our Volunteer Senior Citizen Program Coordinator, has been the most important factor in our being able to provide these services to local citizens.

Respectfully submitted,
JACKIE COWELL
EXECUTIVE DIRECTOR

Henniker Rotary Club

The Henniker Rotary Club is a group of business and professional leaders from Henniker, Hillsborough and Deering, who meet weekly for the purpose of providing service to the local and international community, and to develop friendships through that service. The club meets on Thursday mornings at 7:30 at the Congregational Parish House for one hour.

The club held three major fund raising events during the past year. In August at the conclusion of the Old Home Days festivities, the club sponsored a Duck Race which raised over \$4,000.00 for the benefit of the Henniker Bike Path Committee. The Duck Race was sponsored by several generous area businesses and resulted in the award of several cash prizes. The turn out was good and spirits were not dampened by the rain, however each of the ducks did get wet. In November the club had one of the most successful auctions ever. For the first time the auction was held in the evening at Pat's Peak. The event was packed with community members who appeared to have a pleasant time, bidding generously. Once again, without the generosity of the numerous local businesses and individuals who donated services and goods, the auction would not have been the success that it was. In addition to these the club initiated the first annual raffle calendar which not only generated revenue for worthy charitable causes, but brought back fond memories. In April, the annual Rabies Clinic was held with the help of the venerable veterinarians, Bob and Alyssa Brust, Leo Dube, and the Weare Animal Guardians.

Each year the Rotary Club provides scholarships to graduating seniors from John Stark and Hillsboro-Deering High School, as well as residents of the towns of Henniker, Hillsborough, and Deering who are graduating from high school. This past year the club also provided international support to victims of the earthquakes in Turkey. In June the club will sponsor Henniker resident Kris Blomback as part of a group study exchange program with a rotary district in northern Italy. Kris will represent the Henniker Rotary Club and Pat's Peak Ski Area in this month long trip that will focus on the famous ski areas of the Dolomite area of Italy. The purpose of this international exchange is to promote world peace through understanding and friendship.

The Henniker Rotary Club does much to maintain and improve the appearance and enjoyment of Henniker. This year club member Bruce Elliott logged in hundreds of hours at Amey Brook Park planting trees during the dry summer season. Bruce and several other members also assisted in the installation of fencing around the parking area. This year we donated a scoreboard to the town athletic committee.

We pick up trash along Route 114 four times each summer as part of the Adopt-A-Highway program. We decorate the downtown with wreaths and garlands each holiday season. We also created and maintain the Welcome to Henniker sign at the entrance to Henniker. We are in the process of writing, editing and publishing the fourth edition of the Outdoor Guide to Henniker/Hillsborough. We expect to be distributing 15,000 copies of this guide during the summer of the year 2000.

Each fall the Rotary Club provides financial and volunteer support to Funfest at the Merrimack County Nursing Home. This is a project sponsored by seven local area Rotary Clubs. It is a day of food, entertainment and fun for the residents of the nursing home, several who are from the Henniker/Hillsborough area.

The Rotary Club operates a grants program to provide financial help to charitable organizations on an as-needed basis. In the past year grants were given to the food pantries in Henniker and Hillsborough, to the Henniker/Hillsborough Area Domestic Violence Council, to Camp Spalding, to name just a few.

If you would like information on how to apply for any of these services or how you may contribute, speak to a Rotary Club member or write to the Henniker Rotary Club, P.O. Box 695, Henniker, New Hampshire 03242.

Respectfully submitted,
DAVID N. FOLEY, PRESIDENT 1999-2000

Town Clerk

INDEPENDENT AUDITOR'S REPORT

To the Board
Town of Henniker, New Hampshire

We have audited the accompanying general-purpose financial statements of the Town of Henniker as of and for the year ended December 31, 1998, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Town of Henniker management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

Governmental Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosure of certain matters regarding the year 2000 issue in order for financial statements to be prepared in conformity with generally accepted accounting principles. Such required disclosures include: any significant amount of resources committed to make computer systems and other electronic equipment year 2000-compliant; a general description of the year 2000 issue, including a description of the stages of work in process or completed as of the end of the reporting period to make computer systems and other electronic equipment critical to conducting operations year 2000-compliant; and the additional stages of work necessary for making the computer systems and other electronic equipment year 2000-compliant.

The Town of Henniker has omitted such disclosures. We do not provide assurance that the Town is or will be year 2000 ready, that the Town's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Town does business will be year 2000 ready.

In our opinion, except for the omission of the information discussed in the three preceding paragraphs, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Henniker as of December 31, 1998, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Town of Henniker. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.
