**NEW BOSTON  
NEW HAMPSHIRE**

**Town and School  
Reports**

**•1991•**

This Town Report is dedicated to Thomas J. Mansfield. Tom was a man who gave so much of himself to make the Town of New Boston a better place to live. He gave his time and his resources, and never asked for anything in return. Tom served as a Selectman for 16 years and one could often hear him asking “Is this really good for the town?” or saying “If we are going to do this, let’s do it right.”

Tom was a person to be admired and revered, a very devoted family man. His love for the town and the pride he had in the community was borne out by the care and love he devoted to the people and activities he was associated with; the Molly Stark Cannon, the Multi-Purpose Building, the Cemetery, his buses, his employees, fellow town employees, friends, neighbors and all that he was involved with. A person who left his mark on this community for all times. Tom’s everyday presence among us will certainly be missed, but the standards he set can be passed on from generation to generation——a true mark of a man who was unselfish and caring.

## 1991 MILESTONES

- March — 100 flags and yellow ribbons bedecked New Boston village to honor the four New Boston servicemen who served during the 100 days of the Gulf War.
- July — The new one-ton highway truck with plow and wing arrived.  
— The police cruiser (Blazer) burned and was replaced by a Crown Victoria.  
— The old historic Depot Bridge was dismantled.
- August — Hurricane Bob visited New Boston with downed trees and power outages.  
— A portion of McCurdy Road was rebuilt and hot topped.
- September — The first 'Concert on the Common' was held to kick off the Gazebo Fund.  
— Village improvements included a new roof on the Community Church, the repainting of the cupola and windows of the Historical Building and a new roof on the Playground refreshment booth.
- December — New Boston was left without any banking facilities when the New Boston branch of the First NH bank closed on December 20, 1991.  
— During the year the New Boston Historical Society received numerous historical items which were greatly appreciated and thanks everyone for these donations.

## TOWN OFFICERS

Arthur W. Johnston, Selectman	Term Expires 1992
Thomas J. Mansfield, Selectman (deceased May 24, 1991)	Term Expires 1993

# 1992 TOWN WARRANT

## The State of New Hampshire

To the inhabitants of the Town of New Boston, in the County of Hillsborough qualified to vote in town affairs:

You are hereby notified to meet at the New Boston Central School in said New Boston on Tuesday the tenth day of March next. Polls will be open at 8 o'clock in the forenoon to take up Articles 1 and 2. The balance of the warrant will be taken up and voted upon at 7 o'clock in the evening. Polls will close at 7:00 p.m.

1. To choose all necessary officers for the ensuing year.
2. Are you in favor of the adoption of the Amendment as proposed by petition for the Town Zoning Ordinance as follows:

To amend the New Boston Zoning Ordinance, Article II, Section 202, Zoning Map, by changing the zoning district relative to a portion of tax parcel 21 on tax map sheet 5, which is located at the intersection of N.H. Route 77 and Dodge Road, to have 542.0 feet of frontage on N.H. Route 77; 280 feet plus or minus of road frontage on Dodge Road, and to contain 6.3 plus or minus acres from Residential - Agricultural "R-A" to Commercial "COM".

Pursuant to RSA 675:4, III the New Boston Planning Board states its recommendation, that it is in favor of the petition to amend the Zoning Ordinance as proposed.

3. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
  1. Town Officers' Salaries
  2. Town Officers' Expenses
  3. Elections & Registrations
  4. Cemetery
  5. Town Hall & Other Town Buildings
  6. Property Assessing
  7. Building Department
  8. Planning Board
  9. Board of Adjustment
  10. Legal Expense
  11. Southern N.H. Planning Commission (S.N.H.P.C.)
  12. TriCounty Solid Waste Management District (T.C.S.W.M.D.)
  13. Town Tax Map Update

  37. Forestry
  38. Principal Long Term Notes
  39. Interest Long Term Notes & Tax Anticipation Notes
  40. FICA Contributions
  41. Insurance
  42. Unemployment Compensation
4. To see if the Town will vote to raise and appropriate the sum of \$98,650.00 for the purpose of constructing the Depot Street Bridge; and, to authorize the Selectmen to accept grants of state aid in the amount of \$77,100.00 (based on 2/3's of the estimated construction costs) from the State of New Hampshire Department of Transportation; furthermore, to apply \$11,550.00 from the Highway Block Grant towards this project, the balance of \$10,000.00 to be raised by general taxation or act in relation thereto.
  5. To see if the Town will vote to raise and appropriate the sum of \$9,800.00 for the purchase of Protective Fire Equipment, or act in relation thereto.
  6. To see if the Town will vote to raise and appropriate the sum of \$16,000.00 for the partial refurbishing of the M2 Fire Truck, or act in relation thereto.
  7. To see if the Town will vote to raise and appropriate the sum of \$3,200.00 to buy-out the lease of the Police Department Computer, or act in relation thereto.
  8. To see if the Town will vote to raise and appropriate the sum of \$25,000.00 for reconstruction of a section of Clark Hill Road, or act in relation thereto.
  9. To see if the Town will vote to raise and appropriate the sum of \$9,570.00 to buy-out the lease of the Police Cruiser, or act in relation thereto.
  10. To see if the Town will vote to raise and appropriate the sum of \$4,500.00 to purchase an emergency generator etc., or act in relation thereto.
  11. To see if the Town will vote to discontinue and relinquish all interests therein over an abandoned highway beginning at the northerly line of Butterfield Mill Road at approximate state plane coordinates N154,700 feet, E481,320 feet; thence northwesterly approximately 2100 feet as the old highway runs through land of the New England Forestry Foundation to the easterly side line of Butterfield Mill Road at approximate state plan coordinates N164,820 feet, E480,200 feet. pursuant to RSA 231:43 or act in relation thereto. (By Petition)
  12. To see if the Town will vote to discontinue and relinquish all interests therein over a portion of Cochran Hill Road, beginning at the intersection with Greenfield Road at approximate state plan coordinates, N168, 210 feet, E484, 610 feet,

thence running north approximately 1,507 feet along said highway to Old Coach Road at approximate state plan coordinates, N170, 700 feet, E484, 860 feet, pursuant to RSA 231:43 or act in relation thereto. (By Petition)

13. To see if the Town will vote to discontinue the practice of appointing Planning Board Members by the Selectmen. In addition, to have the Planning Board Members ELECTED by a popular vote of the townspeople for a three year term starting in 1993 pursuant to RSA 673:3., or act in relation thereto. (By Petition)
14. To see if the Town will vote to raise and appropriate the sum of \$102,295.00 previously received as off-site road impact assessments which will be used for the upgrading of certain town roads, or act in relation thereto.
15. To see if the Town will vote to establish as Town Forest, as authorized by RSA 31:110 the following parcel of land: The triangular 80 acre +/- parcel of land at the intersection of Saunders Hill Road and Middle Branch Road, which parcel is a portion of the larger parcel located at Tax Map 1, Lot 22 as acquired by the Town by Tax Collector's Deed dated December 30, 1978 and recorded at the Hillsborough County Registry of Deeds at Book 2667, Page 044; to authorize the Conservation Commission to manage said Town Forest under the provisions of RSA 31:112 II, to authorize the placement of any proceeds which may accrue from said forest management in a separate forest maintenance fund, which shall be allowed to accumulate from year to year as provided by RSA 31:113; to refer to said Town Forest as the Middle Branch Conservation Area; and to convey a conservation easement with regard to said parcel to the Society for the Protection of New Hampshire Forests in order to provide permanent protection from uses of said parcel that could damage or destroy its scenic, recreational, ecological and natural resource values, or act in relation thereto.
16. Are you in favor of amending the following ordinance as adopted at the 1966 Town Meeting: "No person shall consume any alcoholic beverage as defined in the statutes of New Hampshire relating thereto in or on any of the following places in the Town of New Boston: Town Common (including playground), School Grounds, Church Property, Bailey Pond Picnic Area, Library on Public Property within one hundred feet (100') of the entrance to any store or other place of business, or in or on any street or public way in the Town of New Boston. Whoever violates any provision of this ordinance shall be fined not more than Twenty-five Dollars (\$25.00) or less than Ten Dollars (\$10.00) for each such violation." to read:

"No person shall possess an open container of any alcoholic beverage as defined in the statutes of New Hampshire relating thereto in or on any of the following places in the Town of New Boston: Town Common, School Grounds, Bailey Pond Picnic Area, Town-owned Property and Public Ways. An exception to the above may be granted by the Board of Selectmen upon application. Whoever violates any provision of this ordinance shall be fined not more than Two Hundred Fifty Dollars (\$250.00), nor less than One Hundred Dollars (\$100.00), for each such violation.", or act in relation thereto.
17. To see if the Town will designate Clark Hill Road a scenic road as provided in RSA 231:157 and 231:158. (By Petition)
18. To see if the Town will vote to authorize the Selectmen to sell at public auction or administer property of the Town acquired by tax deed or gift, or sell to the former owner upon payment to the Town of an amount not less than the sum total of the

overdue taxes plus sale and administrative expenses, plus interest on the aggregate of the foregoing calculated at the rate of 18% per annum, or act in relation thereto.

19. To see if the Town will authorize the Selectmen to apply for, receive and expend Federal or State grants, which may become available during the course of the year, and also to accept and expend money from other governmental units or private sources to be used for purposes for which the Town may legally appropriate money provided (1) that such grants and other monies do not require the expenditure of other Town Funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA:32 relative to limitations and expenditures of Town money, all as provided by RSA 31:95b, or act in relation thereto.
20. To see if the Town will vote to authorize the Selectmen to hire money to meet the necessary expenses of the Town or act in relation thereto.
21. To transact any other business that may legally come before the meeting.

Given under our hand and seal this seventeenth day of February in the year of our Lord Nineteen Hundred and Ninety-Two.

Arthur W. Johnston, Chairman  
Willard O. Dodge  
Theodore G. Olson

SELECTMEN OF NEW BOSTON

# MINUTES OF THE TOWN MEETING

March 12, 1991

The polls were opened at 8:00 a.m. by Assistant Moderator Theodore Olson, who had been duly sworn in, in the absence of Moderator David L. Nixon, for voting on Articles 1 through 5 of the 1991 Warrant by ballot. The Lord's Prayer led by State Representative Roland Sallada and the Pledge of Allegiance led by David Mudrick were recited by those present and voting commenced. The business portion of the meeting would begin at 7:00 p.m.

Action taken on Articles 1-5.

Article 1. To choose all necessary officers for the ensuing year.

Town Officers:

Selectman for three years	Willard O. Dodge
Road Agent for three years	Lee D. Murray
Trustee of Trust Funds for three years	Philip Harvell
Library Trustee for three years	Amy Patterson
	Ellen M. Ruggles
Fire Ward for three years	James Dodge
	Daniel MacDonald
	Dale Smith
Fire Ward for one year	Clifford R. Plourde
Auditor for two years	John Reeves

School District Officers:

Member of School Board for three years	Roger Dignard
Member of School Board for two years	Betty J. Borry
Member of School Board for one year	Gordon A. Carlstrom
School District Auditor for two years	Brian Towne

Article 2. Are you in favor of the Amendments to the existing Town Zoning Ordinance as proposed by the Planning Board?

YES - 471                      NO - 283

Article 3. Are you in favor of the adoption of the Amendment to the existing Floodplain Development Ordinance as proposed by the Planning Board?

YES - 517                      NO - 241

Article 4. Are you in favor of the adoption of the Amendment as proposed by petition for the Town Zoning Ordinance:

To amend Article II, Section 202, Zoning Map, by changing the zoning district relative to tax parcels 15 and 16-1 on tax map sheet 4 from Residential-Agricultural "R-A" to Commercial "COM"?

YES - 343                      NO - 435

Article 5. Are you in favor of the adoption of the Amendment as proposed by petition for the Town Zoning Ordinance as follows:

To amend Article II, Section 202, Zoning Map, by changing the zoning district relative to tax parcel 29 on tax map sheet 8 from Residential-Agricultural "R-A" to Commercial "COM"?

YES - 496                      NO - 329

The polls were closed at 7:00 p.m. by Assistant Moderator Theodore Olson and the evening business meeting began whereby action was taken on the remainder of the 1991 Town of New Boston Warrant. The Lord's Prayer led by William Mulligan and the Pledge of Allegiance led by Donald Grosso were recited by those present. Those public officials in attendance were introduced by the Moderator and included State Legislators Roland Sallada and Betsey Moore Whitman, Chairman of the Board of Selectmen Thomas J. Mansfield and Selectmen Arthur W. Johnston and Willard O. Dodge, Town Clerk/Tax Collector/Administrative Assistant Sandra Gendron, Deputy Town Clerk Margit Hooper, Treasurer Karen Craven, Bookkeeper Naomi Bolton, Assistant Tax Collector/Secretary to the Selectmen Linda Sizemore, Road Agent Lee Murray, Chief of Police James McLaughlin, Fire Chief James Dodge, Supervisors of the Checklist M. Sandra Gallup, Sarah Chapman and David Mudrick, Ballot Clerks Ruth Dodge, Kathy Marcinuk, Rhoda Hooper and Timothy Knight and Police Officers Donald Sims and Timothy Lamy. The reigning Winter Carnival Queen Jill Hebert was introduced by Recreation Director Sandra Gallup. Chairman of the Board of Selectmen Thomas Mansfield gave a Certificate of Appreciation to former Police Chief John Ballou for his many years of service to the New Boston Police Department and Selectman Willard Dodge gave a Certificate of Appreciation to retiring Police Officer Charles Davis after having served the department for 39 years. Selectman Arthur Johnston read a letter from Moderator David L. Nixon sending his regrets for being unable to preside over the 1991 Town Meeting. Moderator for the evening Theodore Olson explained the ground rules by which he expected Town Meeting to be conducted and reviewed the State Statutes with regard to casting written ballots.

Work commenced under Article 6 of the Warrant.

**Article 6.** To see if the Town will vote to raise and appropriate the sum of \$210,000.00 to purchase a new fire truck for the Fire Department, or act in relation thereto.

Motion was made by Fire Chief James Dodge that the Town raise and appropriate the sum of \$195,895.00 to purchase a 1991 KME triple combination pumper truck with a six man cab, this was seconded by Assistant Fire Chief John Bunting.

Selectman Mansfield explained the placement of this article before the budget as being mandated by State Law. Since it dealt with a bond issue over \$100,000.00 it must be the first item of business to be acted on. He further explained that the following article relates to the financing of the truck. Should Article 6 pass then Article 7 must be passed by a 2/3 written ballot or the truck would have to be bought and paid for in one year. He also stated that Article 8 had been placed in the Warrant with regard to the possible leasing of this truck, a decision that had not been made prior to the posting of the Warrant. It was now the recommendation of the Board of Selectmen that this purchase, if passed, be bonded and Article 8 passed-over.

Fire Chief James Dodge stated the need for the truck and further explained that the better part of one year had been spent by the Fire Wards and the Truck Committee putting together the package for the truck that was now being presented to the town for purchase. He went on to explain this proposed truck would replace a 1964 piston style pumper. The piston style no longer being practical for pumping large amounts of water, replacement parts for the vehicle were becoming increasingly hard to find, and although the chassis and cab were still in relatively good shape, the vehicle as a whole was not adequate to serve the needs of the community. Chief Dodge described the advantages and features of the proposed new truck and further described the additional abilities the department would have with this vehicle in an emergency situation. Chief Dodge discussed the equipment of the department in general, stating that the men in the fire department had built and repaired equipment on their own to keep it in service while the Town addressed more major needs such as the closure of the landfill and the addition to

the school, but the time had come when it was not practical to keep a piece of equipment in service that very definitely needed replacement.

Such questions were asked of the Chief as to the need of an addition to the Fire Station should this truck be purchased, his response was, not at this time. Discussion was brought up with regard to changes at the New Boston Tracking Station that meant emergency equipment was no longer available to the Town as it had been in the past and the Tracking Station could no longer be relied upon since their situation was fast changing. Ultimately, the Town of New Boston would be responding to their emergency needs. In discussion, it was pointed out by Arthur Bergen, that the purchase of this vehicle would have a positive effect on the insurance rates of New Boston residents.

Selectman Dodge expressed surprise that there seemed to be so little discussion on such a potential major purchase and went on to state how a purchase of this magnitude related to the Capital Improvements Program. He offered support of this purchase as a positive way to keep the CIP working and ultimately striving to stabilize the property tax rate.

When asked, Chief Dodge explained that the 1964 truck would be put out to bid and the selling price would go into the general funds of the Town for the reduction of taxes.

Discussion then turned to the possibility of the Fire Department helping finance a portion of this vehicle with monies in the Firemen's Association treasury. Chief Dodge explained that monies accumulated in this fund were raised by the Firemen by various means such as their raffle and did not represent tax dollars. He further stated that these monies were targeted for such projects as the renovation of the department kitchen and are also used in the event a Fireman incurs personal expenses such as injury or damage to his personal vehicle while in the line of duty.

The question was asked of Chief Dodge if the present truck could be updated with the installation of a new pump. Chief Dodge responded that replacement parts for the older truck were becoming more difficult to find and, as he had stated previously, the older truck had only a 500 gallon tank. The size of the older truck limited the amount of extra equipment that could be carried on-board, and most importantly, the older truck did not meet the insurance requirements of a first line pumper for the department.

Chief Dodge was asked if the Department had looked into secondhand equipment and he responded that this concept had been thought about and investigated; however, it was the hope of the department that the new truck if purchased would serve the community for thirty years and that any used equipment available could not fit that intention. A motion was made, seconded and so voted to move the question and cut debate.

The group returned to the main motion which was to raise and appropriate \$195,895.00 for the purchase of the above discussed fire truck. A division was called for and the resulting vote was 246 in favor of the purchase and 55 not in favor. Article 6 was PASSED.

**Article 7.** To see if the Town will vote to authorize the Selectmen to issue long term notes in the amount of \$150,000.00 for a period of three (3) years to cover the appropriation made under Article 6 (\$60,000.00 raised through 1991 taxes), or act in relation thereto.

Motion was made by Selectman Mansfield that the Town authorize the Selectmen to issue long term notes in the amount of \$130,000.00 for a period of two years to cover the appropriation made under Article 6, \$65,895.00 of the total purchase price of the vehicle would be raised by 1991 taxes. Selectman Mansfield stated that this article must be passed by a 2/3 written ballot and explained the financial arrangements and

amounts which differed from those printed in the Warrant. Selectman Mansfield's motion was seconded by Selectman Dodge.

Howard Towne moved that the Town authorize the Selectman to issue long term notes in the amount of \$115,895.00 for a period of two years to cover the appropriation made under Article 6, \$80,000.00 to be raised by 1991 taxes. This motion was seconded by John Palmer and explained by Howard Towne that, in his opinion, this would be good financial planning. Discussion ensued as to what effect the original amount would have on the upcoming tax rate and Harold Strong encouraged the group to keep the plans of the CIP going which would have to be altered should this motion to amend pass. Selectman Mansfield supported his original motion under this article stating that there were other monies to be raised and appropriated at this meeting and further explained that the Board of Selectmen try to pay for capital expenditures of less than \$100,000.00 in one year whenever possible so that the Town's long term indebtedness is kept at a minimum. A motion was made that the question be moved, this was seconded and so voted. When vote was taken on Howard Towne's motion, it was defeated, and the group returned to the main motion as proposed by Selectman Mansfield.

Since this was mandated by State Law to be a ballot vote and the polls were required to be open for at least one hour voting proceeded with the polls opening at 8:32 p.m. and ultimately closing at 9:32 p.m.

The results of the ballot vote were 301 in favor and 25 opposed. The Fire Truck would be financed as proposed by the Board of Selectmen having received the required 2/3 majority.

**Article 8.** To see if the Town will authorize the Selectmen to enter into a non-cancelable three (3) year lease to cover the appropriation made under Article 6 and to raise and appropriate \$70,000.00 to meet the first year obligation, or act in relation thereto.

Motion was made by Selectman Mansfield that this article be passed-over, this was seconded by Linda Rollins and so voted.

**Article 9.** To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

1. Town Officers' Salaries - \$35,575.00 was moved by Selectman Mansfield to be raised and appropriated, this was seconded by Selectman Dodge. At this point in the meeting Edward Gilligan moved that 20% be cut from the proposed budget items with the exception of the Police Department and that 50% be cut from that budget. The Moderator ruled the motion out of order and told Mr. Gilligan he would have to move to amend each budget item downward as it was presented since it had already been determined that the budget would be voted on item by item. The group returned to the \$35,575.00 that had been duly moved and seconded and it was passed unanimously.

2. Town Officers' Expenses - \$61,000.00 was moved to be raised and appropriated by Selectman Mansfield, this was seconded by Selectman Johnston. It was stated by the Board of Selectmen that included in this proposed budget item was a 4% raise for the office staff and \$2,000.00 had been added to help support the Community Times should they run into financial difficulties during the course of the upcoming year. This item was voted on and passed.

3. Elections and Registrations - \$700.00 was moved by Selectman Johnston to be raised and appropriated, this was seconded by Selectman Mansfield and passed.

4. Cemetery - \$1,000.00 was moved by Selectman Johnston to be raised and appropriated, this was seconded by Selectman Dodge. It was explained that this

proposed budget item had been increased by \$200.00 to provide money to offer more maintenance to the oldest section of the cemetery. This sub-item was passed.

5. Town Hall & other Town Buildings - \$27,540.00 was moved by Selectman Dodge to be raised and appropriated, this was seconded by Selectman Johnston and passed.

6. Property Assessing - \$15,000.00 was moved by Selectman Dodge to be raised and appropriated, this was seconded by Selectman Johnston and passed.

7. Building Department - Selectman Johnston moved to appropriate \$21,500.00 with \$10,000.00 of that amount to be raised by taxes, this was seconded by Selectman Dodge and passed.

8. Planning Board - Selectman Johnston moved to appropriate \$32,785.00 with \$18,540.00 of that amount to be raised by taxes, this was seconded by Selectman Mansfield and passed.

9. Board of Adjustment - \$650.00 was moved to be appropriated only by Selectman Johnston, this was seconded by William Brendle and passed.

10. Legal Expense - \$12,373.47 was moved to be raised and appropriated by Selectman Mansfield, this was seconded by Selectman Johnston and passed.

11. Southern N.H. Planning Commission - \$1,831.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Dodge and passed.

12. TriCounty Solid Waste Management District - \$1.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Elliott Hersey and passed.

13. Town Tax Map Update - \$2,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Selectman Mansfield and passed.

14. Care of Town Grounds - \$100.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Selectman Johnston and passed.

15. Police Department - \$121,105.00 was moved to be raised and appropriated by Selectman Dodge, this was seconded by Selectman Johnston. Police Chief James McLaughlin explained the increase in the proposed budget over last year as including a much needed full-time clerical position and the hiring of a second full-time officer which would be accomplished mainly by the creative scheduling of the present part-time officers, with a minimum increase in the overall payroll expense. When voted on a division was called for the results being 208 in favor of the proposed Police Department budget and 87 being opposed, the budget, as printed, was passed.

16. Fire Department - \$38,645.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Fire Chief James Dodge and passed.

17. Civil Defense - \$100.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Johnston and passed.

18. Cost of Fires & Emergencies - \$8,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Fire Chief James Dodge and passed.

19. Forest Fires - \$200.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Assistant Fire Chief John Bunting and passed.

20. Street Lighting - \$5,500.00 was moved to be raised and appropriated by Selectman Johnston, seconded by Selectman Mansfield and passed.

21. General Expense Highway Department - \$26,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Road Agent Lee Murray and passed.

22. Summer Maintenance & Bridges - It was moved by Selectman Mansfield, seconded by Selectman Johnston that this proposed budget item be passed-over until after action was taken on Article 11 of the Town Warrant. This was passed.

23. Winter Maintenance - It was moved by Selectman Dodge, seconded by Selectman Mansfield that this proposed budget item be passed-over until after action was taken on Article 11 of the Town Warrant. This was passed.

24. Resurface Tarred Roads - \$95,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Road Agent Lee Murray and passed.

25. Highway Block Grant (Road Construction) - \$80,171.77 was moved as an appropriation only by Selectman Mansfield, seconded by Selectman Dodge and passed.

26. Surplus Equipment - \$3,000.00 was moved to be raised and appropriated by Selectman Johnston, seconded by Selectman Dodge and passed.

27. Solid Waste Disposal - \$157,970.00 was moved to be raised and appropriated by Selectman Dodge and seconded by Transfer Station Manager Bonnie Bethune. Bonnie commented that this proposed budget item also included a 4% raise for the employees at the station and it further included the costs necessary to open the Transfer Station an additional day during the summer months in an effort to accommodate the citizens of New Boston. Other increases were explained as coming in on contractual agreements with present vendors. This budget item was passed as printed.

28. Ground Water Monitoring - \$13,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Bonnie Bethune and passed.

29. Hazardous Waste Collection Day - \$18,000.00 was moved to be raised and appropriated by Selectman Johnston, seconded by Daniel Jamrog and passed.

30. Vital Statistics - \$55.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Dodge and passed.

31. Monadnock Visiting Nurse - \$3,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Johnston and passed.

32. General Assistance - \$7,000.00 was moved as an appropriation only by Selectman Mansfield, seconded by Selectman Johnston and passed.

33. Old Age Assistance - \$1,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Johnston and passed.

34. Library - \$54,598.00 was moved to be raised and appropriated by Selectman Johnston, seconded by Librarian Sarah Chapman and passed.

35. Recreation Commission - \$26,000.00 was moved to be raised and appropriated by Selectman Johnston and seconded by Recreation Director Sandra Gallup. When questioned, the increase in this proposed budget item was explained as being a raise in the salary of the director and a raise in the salaries of the personnel for the summer program. When voted on this item passed as proposed.

36. Memorial Day - \$300.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Donald Grosso and passed.

37. Conservation Commission - \$1,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Martha Brooks and passed.

38. Forestry - \$400.00 was moved to be raised and appropriated by Selectman Johnston, seconded by Selectman Dodge and passed.

39. Principal Long Term Notes - \$118,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Johnston and passed.

40. Interest Long Term Notes & Tax Anticipation Notes - \$53,000.00 was moved to be raised and appropriated by Selectman Mansfield, seconded by Selectman Dodge and passed.

41. FICA Contributions - \$27,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Selectman Mansfield and passed.

42. Insurance - \$75,000.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Selectman Johnston and passed.

43. Unemployment Compensation - \$100.00 was moved to be raised and appropriated by Selectman Dodge, seconded by Selectman Johnston and passed.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$75,000.00 for reconstruction of McCurdy Road, or act in relation thereto.

The article was moved by Selectman Johnston and seconded by Selectman Dodge. Selectman Johnston explained that the proposed project would include the paving of the newly renovated hill known as Sam Saul Leach Hill and general reconstruction and continued paving to that road as the money allowed. He further pointed out that this proposed project was included in the Warrant in keeping with the Capital Improvements Program. This article was voted on by division, resulting in 193 favoring passage and 53 opposing. The article was PASSED as printed.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$35,000.00 to purchase a new one ton dump truck equipped with snowplow, wing, and sander for the Highway Department, or act in relation thereto.

Motion in favor of the article as printed was offered by Selectman Mansfield and seconded by Road Agent Lee Murray. Selectman Mansfield described the truck that would be purchased if this article was passed. He further explained that it would replace a pick-up truck that the Town now hires and would be more valuable to the department and would do more work than that of the hired pick-up truck. He went on to state that the budget items passed-over until action was taken on this article would be reduced (summer would be proposed at \$128,000.00 and winter would be proposed at \$105,000.00. \$3,000.00 of the cut representing the effect the purchase of this vehicle) accordingly. It was also stated that this vehicle would pay for itself over a period of four years, the \$5,000.00 cut in highway budgets this year only represented a portion of a year, over a twelve month period the savings would be greater thus paying for itself over the above mentioned time span. It was asked if another driver would have to be hired if this vehicle were to be purchased and the response was no. It was also asked if the truck were being put out to competitive bid and Road Agent Lee Murray stated he had bids that indicated the proposed truck might be purchased for somewhat less than the printed amount and if this were the case any remainder of the \$35,000.00, once the vehicle had been purchased would be turned back to the general funds of the Town. Selectman Dodge commented that this vehicle would be a sound financial purchase for the community since it would be made use of by the Highway Department on a year round basis. When voted on the article passed.

The meeting returned to those budget items that had been passed-over pending action on the previous article.

Article 9 - sub item 22. Summer Maintenance & Bridges-\$130,000.00, it was moved by Selectman Mansfield that \$128,000.00 be raised and appropriated for summer maintenance of highways, this was seconded by Selectman Johnston and so voted.

**Article 9 - sub item 23.** Winter Maintenance was moved by Selectman Mansfield and seconded by Selectman Johnston that \$105,000.00 be raised and appropriated. This reduction from the amount printed reflected, in addition to the \$3,000.00 savings from the purchase of the one ton dump truck, the amount estimated that would be saved by the Department due to the lack of severity of the winter to date. The amount moved and seconded was passed.

At this point in the meeting the Selectmen indicated that they had a matter that they would like to present to those present for discussion and a resulting non-binding vote.

The subject was the bridge on Depot St. which was slated for replacement most likely in 1992 with hearings being held by the State of N.H. sometime during 1991. Selectman Dodge went on to describe that because Federal dollars would be used as part of this project, there was a historical committee whose charge it was to determine if any bridges to be demolished had any historical significance. The results of this investigation was that the bridge due to be replaced was indeed of historical significance and as such could not be demolished. Much more discussion ensued as to what the Board of Selectmen as a whole had looked into and groups they had contacted in an effort to eliminate the potential of two bridges standing spanning the river to Depot St. in the center of Town.

Selectman Dodge presented the only alternatives that they had been able to come up with to date. The program can be left as is and the new bridge will get constructed upstream of the existing bridge. The monies that it had been estimated as the cost to demolish the existing bridge, which were \$20,000, could be used to re-condition the existing bridge and it would then have to remain in place for at least a period of ten years. There appeared to be no positive answer as to what might happen to the existing bridge once the ten years had passed. Another alternative would be for the Town to assume the responsibility of building a bridge, using no Federal or State monies, which to produce a finished product has been estimated at between \$90 and \$100,000.00. Of the the temporary bridge, there would be approximately \$30-\$35,000.00 that could be Branch road at approximate state plan coordinates, N184,920 feet, E488,690 feet, dedicated to the Town taking over the project on its own. The balance of the funding could come from a combination of a portion of the Block Grant money which is provided by the State for Town road work and dollars raised by taxes.

Selectman Dodge also stated that two New Boston residents were extremely interested in replacing the existing bridge with a stone bridge and had done extensive investigation into this possibility; although at this time the likelihood of this idea reaching fruition did not appear good.

The bottom line question was should the Town stay with the program which could result in two bridges in the center of Town or should the Town take on the project and assume the responsibility of paying for it.

Arthur Bergen asked what the liability of the Town might be with the existing bridge in place but not repaired. Selectman Dodge responded that the Town would own the bridge; however if the bridge were to remain it would be upgraded to a walking bridge with monies as stated above.

Fred Granger, one of the persons interested in constructing a stone bridge, spoke in defense of his proposed project. He stated that they were still looking for an engineer; although he realized the State did not look upon this idea as being practical for the location. The State will not support the idea and there will be no State monies available.

Discussion ensued with Arthur Gagnon stating, in his opinion, that two bridges would look ridiculous and Jay Marden supporting leaving the program as is with two bridges in place and making use of available State and Federal funding.

Selectman Dodge recapped the alternatives and a consensus vote was taken by division resulting in 66 favoring allowing the State to construct a second bridge and restore the existing bridge to be used as a walking bridge and 105 supporting the Town taking on the project and providing local funding; thereby, replacing the existing bridge.

**Article 12.** To see if the Town will vote to discontinue and relinquish all interests therein over a portion of Saunders Hill Road, beginning at the intersection with Middle Branch Road at approximate state plane coordinates, N184,920 feet, E488,690 feet, thence running northwesterly approximately 305 feet along said highway to the point where the Class V portion of said highway will begin, at approximate state coordinates N185,070 feet, E488,430 feet, upon the completion of the road relocation via Tucker Mill road, pursuant to RSA 231:43, or act in relation thereto.

Motion for the article was offered by Selectman Dodge with a second from Selectman Johnston. Selectman Dodge explained the relocation of a portion of the above named road and the relinquishing of a short section by the Town and the fact that the old bridge will be removed. He described this article as a “housecleaning” measure. The article was PASSED.

**Article 13.** To see if the Town will vote to discontinue and relinquish all interests therein over a portion of Leach Hill Road, beginning at the intersection of Roby Road at approximate state plan coordinates N172,950 feet, E511,880 feet, thence running northerly to the intersection with the northerly end of the relocated portion of the road at approximate state plane coordinates, N173,150 feet, E512,870 feet pursuant to RSA 231:43, or act in relation thereto.

Motion for this article was offered by Selectman Dodge with a second from Selectman Mansfield. Once again, this article was described as a “housecleaning” measure and the area of relocation was explained. The article was PASSED.

**Article 14.** To see if the Town will vote to discontinue the practice of appointing Planning Board Members by the Selectmen. In addition, to have the Planning Board Members elected by a popular vote for a three year term starting in 1992 pursuant to RSA 673:3. (By Petition)

Motion for the article was made by Roger Gagnon and seconded by John Palmer. Roger Gagnon explained the history of the article and stated that 70% of area towns elect rather than appoint their Planning Boards. He stated that, in his opinion, there were very qualified New Boston residents who would like the opportunity to serve which, again in his opinion, represent their constitutional rights.

John King, stated that the New Boston Businessmen’ Association supported this article as giving the voters more control.

Selectman Mansfield contended that this was one of the most important articles to come before the meeting, that the outcome would, in his opinion, be a reflection of whether the present form of Town Government was running in a satisfactory manner to those present. He went on to state that the Selectmen had been appointing members to the Planning Board for years and have tried to make appointments from the various factions of the community and he listed the present members of the Planning Board. He commented that the Board of Selectmen had been accused of appointing only “one of the boys” when they had purposely looked for capable people to serve who were representative of a cross-section of New Boston. He expressed personal pride at those appointments that have been made as having shown a commitment to serve. He explained the process by which anyone who was interested might be appointed to the Planning Board. That process being first an interview by the Planning Board and then, if recommended to the Board of Selectmen, and interview would be conducted by the Board of Selectmen.

John Bunting supported the present system offering commendation to the Board of Selectmen as having done an excellent job, contending that there was only a small group who were not satisfied with the present system. He further stated that, in his opinion, the present Planning Board was mixed representation of the board spectrum of New Boston.

Tim White commented that he did not feel the argument was that the Planning Board was not doing a good job, but rather, the proposed article was in support of democracy.

Kevin McLarnon, member of the Planning Board, expressed his opinion that an appointment to the Planning Board represented a voluntary position that involved a considerable amount of time and the incentives were the same for any New Boston citizens interested in serving. He went on to state, that to elect the Planning Board would attract people who, in his opinion, would be motivated to run by self-serving interests. He supported the Board of Selectmen and the present system of appointment.

Bob Todd, a person who has contact for business reasons with many of the area Planning Boards, offered the observation that, in his opinion, there did not appear to be a significant difference in whether the Board was appointed or elected and he offered support for the election process.

Joel Daniels described himself as being a person who had not made up his mind as to which method might be better and asked how many people approach the Planning Board with a interest in serving. Harold Strong, Chairman of the Planning Board, stated that they very seldom got applications from people willing to serve. Joel then went on to express the thought that some people would not run for a given position but would accept an appointment.

A motion was offered that the question be moved, this was duly seconded and so voted. The required number of signatures had been submitted to the moderator and the vote on this article would be by written ballot.

The results being 76 in favor of electing the Planning Board and 105 were opposed, the article was DEFEATED and the process of appointing members to the Planning Board would continue.

**Article 15.** To see if the Town will vote to raise and appropriate the sum of \$8,900.00 to purchase new radio equipment for the Police Department, or act in relation thereto.

Motion in favor of the article was offered by Selectman Dodge with a second from Police Sergeant Donald Sims.

Police Chief James McLaughlin explained that the present radio equipment was 20 years old and in need of repair; however, it was not worth putting money into and because of its age had zero trade-in value. He went on to describe what equipment would be purchased and where it would be located, explaining that a back-up radio would also be purchased. He stated that he had checked with the other local departments using radio equipment to make certain that there would be no duplication of equipment and added that this new equipment could be used as backup by the other local departments if necessary. The article PASSED.

**Article 16.** To see if the Town will vote to authorize the Board of Selectmen to accept the dedication of any street (or road) shown on a subdivision plot approved by the Planning Board, provided that such street has been constructed to applicable town specifications as determined by the Board of Selectmen or their agent, or act in relation thereto.

Selectman Johnston moved the article and Selectman Mansfield offered the second. Selectman Johnston explained that passage of this article gives the Selectmen authority

to accept roads as approved by the Planning Board that have been built to town specifications during the course of the year rather than having to wait for a vote of Town Meeting. The article passed.

**Article 17.** To see if the Town will vote to raise and appropriate the sum of \$14,000.00 to install a sprinkler system in the Recycling Building, or act in relation thereto.

Motion for the article was offered by Selectman Dodge and seconded by Bonnie Bethune, manager of the Transfer Station. Bonnie spoke in favor of the adoption of the article as protecting the investment that had been made by vote of the 1990 Town Meeting which included the construction of a building and various pieces of equipment purchased and housed in the building. She explained the number of situations that have and could occur and stated that purchase of this system would provide the time necessary for the emergency equipment to arrive on scene.

Fire Chief James Dodge also offered his support for the installation of a sprinkler system as a means of protecting the Town's investment.

Lou Maynard questioned the effectiveness of such a system and did not support the expense. Jim Dodge stated that sprinkler systems were extremely effective and aided in keeping a fire under control until emergency vehicles could arrive.

The question was moved, duly seconded and so voted and the vote on the article was taken by division resulting in 82 in favor the article and 57 against. The article passed.

**Article 18.** To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to pave the driveway at the Transfer Station and Recycling Center, or act in relation thereto.

The article was moved by Selectman Johnston and seconded by Bonnie Bethune. Selectman Johnston explains the rational behind the proposed article as making the area easier to maintain and decreasing the amount of mud. Bonnie Bethune explained the area around the building that would be paved if the article passed.

Cheryl Gott expressed concern that paving the area would make a perfect spot for kids to gather for such things as skate boarding and asked how this potential problem would be controlled since, in her opinion, it put the Town in a situation where a liability may be incurred and further commented that she considered this article to be a luxury.

Bonnie explained that it is intended that the area be better fenced in the future and contends the passage of the article would make it better for the residents and their vehicles when using the facility.

Discussion ensued with Roger Gagnon commenting that the Town should not lose perspective on the fact that this area is a dump. Lou Maynard commented that we would be creating an attractive nuisance. Jean Severance contended that this would be an extravagance, that the Town should try to hold the line on some articles, and expressed concern that heavy truck traffic would break up the pavement if installed.

Motion was made to move the question, this was duly seconded and so voted. The group returned to the main motion which was **DEFEATED**.

**Article 19.** To see if the Town will vote to raise and appropriate \$5,000.00 for use of the Planning Board to update the Master Plan, or act in relation thereto.

Motion for the article was offered by Selectman Johnston and seconded by Chairman of the Planning Board Harold Strong.

It was stated that the last update to the Master Plan had been in 1985 and since that time the Town had experienced a large amount of growth. This article was supported as

necessary to maintain the plan since it was a valuable tool used by the Planning Board. Harold Strong indicated that this proposed article is part of a two year plan which will provide for a similar article next year, further stating that it was decided to spread this expense over two years in an effort to reduce the effect on the tax rate. He, once again, stated it was to the advantage of the community to keep the Master Plan current. The article PASSED.

**Article 20.** To see if the Town will vote to raise and appropriate \$7,800.00 for the use of the Cemetery Trustees to engage the services of an engineer for site design at the cemetery, or act in relation thereto.

Motion in favor of the article was offered by Selectman Johnston, with Selectman Dodge seconding.

Bob Todd, Cemetery Trustee, explained why the article was necessary since in the near future the Town will be running out of space at the site of the existing cemetery. This money will be used for an engineered plan to make available land that had been given to the Town for use as a cemetery by Roger Webber. The article PASSED.

**Article 21.** To see if the Town will vote to adopt the Solid Waste Ordinance as printed herein in accordance with RSA 149-M:13, RSA 41:91 and RSA 31:39, or act in relation thereto. (The full text of this Ordinance can be found in the 1990 Town Report.)

The article was moved by Selectman Dodge as printed in the Town Report and seconded by Selectman Mansfield in favor the Town adopting the Solid Waste Ordinance. Selectman Dodge explained the need for such an ordinance and read the names of those who had worked as a committee to formulate the ordinance. He stated that the Selectman favored the proposed ordinance as being necessary contending that it could be amended as needed and used as an example if it be the desire of the committee to recommend that voluntary recycling be made mandatory.

Jay Marden expressed concern that a trend was developing at the Transfer Station whereby Town monies were being dedicated alluding to the article yet to come before the meeting which would set up a fund for use of the Transfer Station if voted. Selectman Johnston explained what the purpose of that fund, if established, would be.

Emily St. John asked if residents from other communities were charged to use the Transfer Station since she claimed that people from Lyndeboro and Francestown were in fact making use of our facilities. Bonnie encourages people to make it known to her if there is illegal use of our facility.

Some discussion ensued on the penalties stated in the proposed ordinance and Bonnie reviewed related laws.

The question was moved, duly seconded and so voted. The article when voted on was PASSED and the Ordinance adopted.

**Article 22.** To see if the Town will adopt the provision of RSA 31:95-C to restrict revenues from the New Boston Solid Waste Transfer Station and Recycling Center to expend for the purpose of the purchase of new equipment and general promotion of the New Boston Recycling Program. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as "The New Boston Recycling Fund" separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose relating to the purpose of the fund or source of the revenue, or act in relation thereto.

The article was moved by Selectman Johnston and seconded by Bonnie Bethune. Michael Powell moved to pass-over this article until after action was taken on Article 27. This was seconded by Michael Pimenta. The motion to pass-over was voted on by division, the results being 24 in favor and 74 opposed. The motion to pass-over was defeated and the meeting continued.

It was explained that the fund would be established to be used to purchase equipment for the Recycling Center using receipts from the sale of recyclables at the center. Accordingly any equipment to be purchased would have to have approval by vote of Town Meeting. Bonnie Bethune sees this as an incentive for people to recycle. Jay Marden expressed the opinion that these receipts should be used to reduce property taxes and received support for this notion from Michael Pimenta. Discussion ensued as to how the fund might be spent and Selectman Johnston again pointed out that it would help pay for future equipment needs at the Transfer Station.

The question was moved, duly seconded and so voted.

Voting on this article, by State Law had to be by written ballot. The results were 78 not in favor of the establishment of this fund and 36 in favor. The article was DEFEATED.

**Article 23.** To see if the Town will vote to place \$4,860.33 in the New Boston Recycling Fund as adopted under RSA 31:95-C representing 1990 net receipts from the sale of recyclables at the New Boston Solid Waste Transfer Station and Recycling Center and further to expend \$4,850.00 from the New Boston Recycling Fund to purchase a waste oil heater for the Recycling Center, or act in relation thereto.

It was moved by Selectman Johnston and seconded by Selectman Dodge that this article be passed-over based on the defeat of the previous article. It was voted to PASS-OVER this article.

**Article 24.** To see if the Town will vote to appropriate the sum of \$86,516.04 previously received as off-site road impact assessments which will be used for the upgrading of certain town roads, or act in relation thereto.

The article was moved by Selectman Johnston and seconded by Selectman Mansfield. It was pointed out that this was an appropriation only, that had previously been listed as part of the operating budget. To have it as a separate article had been suggested by the Department of Revenue Administration. This article gives the Selectmen the authority to spend these funds for their intended use. The article was PASSED.

**Article 25.** To see if the Town will vote to authorize the Selectmen to sell at public auction or administer property of the Town acquired by tax deed or gift, or sell to the former owner upon payment to the Town of an amount not less than the sum total of the overdue taxes plus sale and administrative expenses, plus interest on the aggregate of the foregoing calculated at the rate of 18% per annum, or act in relation thereto.

The article was moved by Selectman Mansfield, seconded by Selectman Dodge and PASSED.

**Article 26.** To see if the Town will authorize the Selectmen to apply for, receive and expend Federal or State grants, which may become available during the course of the year, and also to accept and expend money from other governmental units or private sources to be used for purposes for which the Town may legally appropriate money provided (1) that such grants and other monies do not require the expenditure of other Town Funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA:32 relative to limitations and expenditures of Town money, all as provided by RSA 31:95b, or act in relation thereto.

The article was moved by Selectman Mansfield, seconded by Selectman Johnston and PASSED.

Article 27. To see if the Town will vote to authorize the Selectmen to hire money to meet the necessary expenses of the Town, or act in relation thereto.

The article was moved by Selectman Mansfield, seconded by Selectman Dodge and PASSED.

Article 28. To transact any other business that may legally come before the meeting.

It was moved by Tom Sullivan and seconded by Don Chapman to reconsider Article 23 under different wording. Selectman Mansfield pointed out that no money can be spent under this article.

John Bunting moved to reconsider Article 23, this was seconded and so voted. Don Chapman moved to amend Article 23 to appropriate the sum of \$4860.33 to purchase and install a waste oil heater for the Recycling Center, this was seconded by Tom Sullivan. Selectman Johnston stated that upon approval of this amendment the Town would be allowed to apply for a grant which if received would turn a portion of the above amount of money back to the general funds of the Town.

Discussion ensued and Bonnie Bethune expressed concerns she has with the waste oil that might be brought to the Transfer Station for use in such a heater. Her concerns revolved around the testing of the oil and what responsibility the Town might have if the oil was bad.

The question was moved by Margit Hooper, duly seconded and passed. The motion to amend Article 23 to read as proposed by Don Chapman was voted on and DEFEATED.

The 1991 Town Meeting was adjourned at 2:30 a.m.

Respectfully submitted,

Sandra Gendron  
Town Clerk

# TOWN BUDGET

	Estimated 1991	Actual 1991	Estimated 1992

# FINANCE COMMITTEE REPORT

The Finance Committee met individually with each organization that submits a budget for inclusion in the Town Report. The Committee reviewed every line of every budget, in meetings which lasted up to four hours per department. Although the budgets had been trimmed by the department heads and trustees with input from the Selectmen prior to presentation to the Finance Committee, the Committee and Selectmen felt that the total cost of the budgets and warrant articles would not be acceptable to the town in a recession year.

Therefore, the Selectmen requested that the organizations rework their budgets and withdraw five warrant articles, which resulted in the budget printed in this report: \$80,000 less than the original budget. It should be noted that the savings are temporary; departments are postponing necessary expenditures in expectation of an economic recovery.

If the complete town and school budget and warrant articles are approved by the town, the tax rate will increase. The estimated tax rate for 1992 will be 4.2% higher than for 1990, two years ago. Because an unusual one-time accounting provision reduced the 1991 town appropriation by \$130,000, the estimated tax rate for 1992 will be 7.7% higher than the actual 1991 tax rate (4.1% higher than the 1991 tax rate excluding the accounting provision).

In an all-day session on Saturday, February 1st, the Finance Committee sat in deliberation on the complete budget for the town and school. Present were all five appointed members (accorded one vote each), two School Board members (one vote total), and two Selectmen (one vote total). As the vote totals show, two Finance Committee members were unable to attend in the afternoon.

The proposed 5% salary increase for town employees was discussed at length. It was noted that some New Boston taxpayers are not receiving any salary increase, and that New Hampshire unemployment is now at its highest level. However, the proposed increase would represent an average increase of only 3% per year over the past three years, and the Finance Committee voted 6-1 FOR the increase. The cost to the town of the 5% increase is estimated to be \$20,000 or one-half of one percent of the amount to be raised by taxes.

The first departmental budget discussed was the Recreation Commission. This budget requests salary increased totaling \$3,450 for the three directors due to increased work hours reflecting the increased participation of townspeople in Recreation activities. By a 6-1 vote, the Finance Committee recommended only a 5% salary increase for the directors, reducing the budget by \$2,735. The Finance Committee recommends that the Recreation Commission create a job description for the Director for 1993.

The Finance Committee voted 7-0 FOR the Fire Department, Library, and Transfer Station budgets. The Committee voted 5-1 FOR the Police Department budget, with a recurring concern expressed about the 5% salary increase. The Committee voted 5-0 FOR the remaining Town budget items. The increase in the Cemetery line item is understood to be an estimate in this first year since the demise of the Superintendent, and the Committee requests that the Trustees prepare a detailed budget for 1993.

The Finance Committee voted 5-0 FOR warrant articles for an emergency generator, for a fire truck tank and pump repairs, for the new police cruiser, for the police computer, and for the Depot Street bridge. The committee voted 4-1 FOR the Clark Hill Road warrant article, and 5-1 FOR the Fire Equipment warrant article, with the

dissenting opinion that this expenditure belongs in the budget and should be paid for over several years.

The School Board presented its budget, which contains a \$107,000 tuition increase due to the increased number of students New Boston will send to the Goffstown Middle School and High School. The next largest increase (over \$43,000) is in the teachers' salary line item. 1992-93 will be the final year of the current three-year contract. The Finance Committee strongly recommends that in 1993 the School Board presents to the voters in a separate warrant article a teachers' contract including the cost of salary and benefits. The Committee asked the School Board to reexamine the budget item for Substitutes, and then voted 5-0 FOR the School Budget.

The Committee voted 3-2 AGAINST the warrant article for two new classroom computers and printers. The Committee voted 5-0 FOR the school security system warrant article.

# ROAD COMMITTEE REPORT

On December 30, 1991, a meeting was held to discuss road improvement projects for 1992. Present were the Selectmen, Road Committee and Road Agent.

Proposed road projects for 1992:

1. Build a new Depot Street Bridge on the existing stone abutments. The intent at this time is for a pre-engineered timber frame structure. The temporary Bailey Bridge, will be removed.
2. Reclaim and resurface the roadway and construct drainage on Clark Hill Road from center of Town to end of existing pavement.
3. Riverside Drive will receive a pugmill paving mix over the existing gravel surface.
4. Ridgeview Lane and Town Farm Road will be resurfaced over existing pavement with sand seal mix.

Projects accomplished in 1991:

1. McCurdy Road - completed the widening, gravel and drainage and paved from Joe English to the bottom of Sam Saul Leach Hill.
2. Reclamation of the section of Bedford Road near the former Grenier residence was accomplished.
3. Valley View Lane was reclaimed with pugmill paving applied and sealed.
4. The paved portion of Thornton Road was resurfaced with pugmill paving and sealed.
5. Beard Road - the hill near Mapadot Orchards was widened, drainage installed and graveled. Stumps from previous cuttings were removed the entire length from Route 77 to Lull Road.
6. Bedford Road from Jerry Hill to New Boston Road and Christy Road from Bedford to the town line on Roby Road received resurfacing by shimming and sealing.
7. Yellow line striping was applied to Bedford Road and Joe English Road from Meetinghouse Hill Road to McCurdy Road.

# REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert D. Nelson, Chief  
Forest Protection

# POLICE DEPARTMENT REPORT, 1991

1991 was a very busy year for the New Boston Police Department. The year end statistics reflect a 13 percent activity increase over last year.

As the economy remains stagnant, the criminal element becomes more active. This year as last, your Department requests Community support in reporting suspicious activity.

I would like to welcome Catherine Widener, who was hired in May as the Department's new Secretary and Alan DeMichelis, who was hired in July as a Patrol Officer. Both come to the Department as experienced Law Enforcement personnel, enabling this Department to provide a better service to its community.

Donations to the Police Department were also up over last year and again **THANK YOU** all for helping. It is this type of support that keeps your Police Department moving forward.

Respectfully Submitted,  
James E. McLaughlin  
Chief of Police  
New Boston Police Dept.

# WHIPPLE FREE LIBRARY

## LIBRARIAN'S REPORT

### Year Ending December 31, 1991

Ten years ago, the new addition to the Library had just been completed. The changes in those ten years have been amazing. From having more than enough room, we are back to trying to find ways to use every bit of space. In those ten years we have added videos, audio books, educational toys, large print books and computers and software, all of which take up more space than we'd planned for.

Circulation and use of the Library have increased every year, and 1991 was no exception. For the last three years we have not increased our hours, and have not really increased our book purchasing, so that means that when we were open, there were more people in the library, and our materials were getting more use. This July, our circulation for the month was the highest of any month ever. To meet the needs of the changing economy, we have tried to add more materials on job-hunting, small business resources and do-it-yourself information. During 1991 we issued almost two hundred more cards to individuals and families.

There were several personnel changes at the library this year. Lisa Cushman resigned to pursue a graduate degree in children's literature and Diane Green has returned to teaching. While we were sorry to have them leave, we were very fortunate to hire two talented New Boston residents who are bringing new ideas and expertise to the Library. Joni Smith is our new Children's Librarian. She holds two story hour sessions a week and is always ready to share her knowledge about children's books with the kids and their parents. Lisa O'Loan, our new library assistant, has brought her artistic talents to enhance our displays, posters and signs.

Also, we were very pleased to have a Green Thumb employee, Ruth Dodge, join the Library staff. Ruth has already completed an inventory of our holdings, and is now barcoding the collection in preparation for an automated circulation system. Without her help, this project would have had to be postponed indefinitely.

Programs at the Library this year included the 2nd annual "Night of a Thousand Stars" to celebrate National Library Week. This is a family read-aloud night, with local "celebrities" sharing their favorite book or poem. The summer reading program, "Some Enchanted Reading", encouraged many New Boston youngsters to keep their reading skills sharp over the school vacation. The theme led to castle towers flanking the entrance to the children's room and such events as a calligraphy course, a fencing demonstration, and a "create-a-crest" craft session. The summer program ended, (a week late thanks to Hurricane Bob), with a pizza party and a performance on the town common by Dan Grady and his marvelous marionettes. Before Christmas, an after-school craft workshop was held to create gingerbread houses and decorations for the Library. Also in December we sponsored a Job Hunt Seminar with the Goffstown Public Library. Many volunteers made these events possible and they deserve our heartfelt thanks.

This year the Hayes Fund, a trust fund created in memory of the founders of the New Boston Friends of the Library, helped sponsor two Rural Arts programs: in the spring, Lucie Therrien, a French Canadian folk singer, and Starbird Puppet Theater in the fall. Both these programs were in cooperation with Goffstown and included workshops in the schools as well as public performances. The fund also contributed to the first concert on the common this fall.

Some things haven't changed in ten years. One is the support we get from the Friends of the Library. Their fund-raisers, the auction, rummage sale and booksale, are annual events, as is the traditional holiday open house, the Wassail. This year they purchased more videos for the library and the barcodes for our automation project. Another is the help we get from volunteers. For the past ten years, Bill and Shirley Mulligan have volunteered at the Library on Saturday mornings. Bill's story hours continue to delight all ages. This spring Bill was a delegate to the New Hampshire White House Conference on Libraries. Janice Hawkins has also been a regular volunteer for at least four years.

This fall, Librarian Sarah Chapman was re-appointed to the New Hampshire State Library Advisory Council to represent small and medium sized public libraries. She also continues to serve as secretary to Hillstown Co-op and is working on a committee to start a circulating collection of unabridged books on tape for the Co-op. These audio books have become increasingly popular and are more expensive than regular books or abridged audio books. Therefore, the group is attempting to raise funds from local service organizations to increase purchasing power.

During 1992, the Library Trustees will be working on a planning project to determine what types of library service and space needs will be required for the next ten years. The community will be an important part of this process and we hope you'll share in the planning.

# NEW BOSTON PLANNING BOARD

The New Boston Planning Board generally met on the second and fourth Tuesday of each month during the year, in the Conference Room at the Town Hall. In addition to these regular meetings, many evenings were spent in special meetings for either joint hearings with the Zoning Board of Adjustment (ZBA), or as work sessions and public hearings on matters such as the Capital Improvements Program (C.I.P.), zoning amendments, etc., as follows:

**Capital Improvements Program** - The C.I.P. Committee took up the Plan of 1990 for review and update on October 15, 1991. Thereafter, they met on the first, third and fifth Tuesday's of the month, through December 17th. The Committee worked hard to reorganize and streamline the 6-year budget for 1992 through 1997, and especially the current C.I.P. budget for 1992. This was evident in that the 1992 proposed budget had started off with \$370,334 slated in capital improvements from the Plan of 1991. At the first Committee workshop, the Chairman requested that this figure be held at no more than \$240,000. The resulting figure of \$213,897 in the Plan of 1992 represents a serious effort on the committee's part to estimate the longest potential life span of existing capital items, as well as thoroughly investigating the market for acceptable costs and estimates.

Also developed this year was a "20 Year Plan of Potential C.I.P. Purchases" which attempts to lay out a rotation schedule of current capital equipment and items, as well as working in new capital purchases that are anticipated to fulfill the town's growing services and needs. This plan also serves to keep any given year(s) from realizing a "boom" in necessary expenditures, by attempting to equalize the anticipated costs of known and projected acquisitions and expenses. By spreading the capital outlay evenly (as possible) over the scheduled time frame, an attempt is made to stabilize the effect on the tax rate as much as possible, barring unforeseen circumstances.

On December 17th the C.I.P. Committee held a public hearing on the proposed Plan of 1992 and adopted it without amendment. The Plan was then forwarded to the Board of Selectmen and the Finance Committee in representation of the Committee's recommendation(s). Once again, the Committee recommended that the Priority Listing found in Table II of that report be taken into serious consideration by those individuals, when recommending and/or considering these proposed warrant articles. The same sentiment is imparted to the Townspeople in considering their vote(s) at Town Meeting.

**Zoning Ordinance and Floodplain Development Ordinance** - The Planning Board proposed amendments to the new Zoning and Floodplain Development Ordinances for vote at the March 12, 1991 Town Meeting. The Board was pleased to acknowledge the results which effected adoption of those amendments as follows:

- Adoption of the proposed Amendments (No. 1) to the Zoning Ordinance by a vote of 471 in favor of the amendments, as opposed to 283 against them; and,
- Adoption of the proposed Amendment (No. 1) to the Floodplain Development Ordinance by a vote of 517 for, and 241 against the amendment.

In 1992 the Planning Board hopes to submit proposals to amend the Zoning Ordinance in respect to two issues, being:

1. The Board hopes to develop standards that would make provisions for Planned Unit Developments (PUD's) to be established in commercial and industrial zones. This would allow a "cluster" concept of land development in those areas, which would establish growth in the nature of commercial and/or

industrial “parks” versus the conventional “lot” method. The Board feels that this will promote and broaden the scope of opportunities for developing commercial and industrial sites.

2. The second aspect of the Zoning Ordinance that will be addressed is the Zoning Map. This will be taken up in conjunction with the Master Plan update, which will consider existing and future land use districts of the Town. This could result with the Board making proposals to extend existing and/or create new commercial, industrial, R-1, and MHP zones.

**Master Plan** - The Planning Board started working on the update of the Master Plan this year, as a result of receiving \$5,000 by vote at Town Meeting to pursue that project. The Board held it's first meeting with representatives of the Southern N.H. Planning Commission on August 7th, at which discussion evolved around the main focal points that the update was to address. Those were, to begin with, a) an update of the “Transportation” section of the Plan, and b) the completion of a least some of the overlays as noted in the Master Plan.

A road traffic counter was loaned to us by the SNHPC, and preliminary traffic counts were taken from the end of August through the end of October on the following roads:

- Wilson Hill Road (north of Bedford Road)
- Clark Hill Road (west of Valley View Lane)
- Tucker Mill Road (north of Pine Echo Road & north of Saunders Hill Road)
- Lull Road (east, between Cross Road and West Lull Place)
- Saunders Hill Road (southeast of Dougherty Lane)
- Middle Branch Road (northeast of Dougherty Lane)

The resulting data was processed by staff at SNHPC.

A base map, to which overlays will be applied, is being developed and the overlays should be forthcoming by late spring of 1992. The overlays that will be forthcoming at this stage of the update will be: the soils map, floodplain map, aquifer locations map and the zoning map.

In addition to progressing with the work on the two noted issues, the Board will pursue updating the “Housing” section of the Master Plan, with the help of the SNHPC and the updated study of regional housing needs assessment, which they completed in 1991; as well as the 1990 Census reports.

**Subdivision Regulations** - One of the most important undertakings that the Board will continue with and complete in 1992 will be amending the Subdivision Regulations. The amendments will serve to incorporate many of the changes resulting from the adoption of new zoning and floodplain development ordinances; as well as, the policies and procedures adopted by the Board over the past several years, after reviewing and/or updating them. The regulations will also be brought in line with new or revised state statutes; and, address the implementation of any goals and objectives designated in updating the master plan and zoning ordinance.

**Planning Board Officers** for the year were Harold Strong as Chairman, Ella Daniels as Secretary and Claire Dane as Recording Secretary/Treasurer. The four Selectmen served as ex officio members to the Board on a rotating basis. Other regular members were Brent Armstrong and Kevin McLarnon. The Board now has three Alternates, who are Bruce Fillmore, Lucien Tessier and Thomas Mohan.

We, the members of the Planning Board, would like to take this opportunity to commemorate Selectman Thomas Mansfield for his years of dedicated service to our board, and, for his friendship.

Respectfully submitted,  
 Claire I. Dane  
 Recording Secretary

# ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment held regular meetings on the third Tuesday of each month. Present Board: Chairman William Brendle, William Elliot, Richard Dilley, William Hebert, Lloyd Hill; alternates, Oscar Peters and Holly Bowen, Clerk. There were 4 hearings in 1991.

1/15/91 - John & Joanne Walker - Variance to construct a 12' x 20' addition to the existing building on the east wall located at 37 Lull Road will be located at a distance of 42' from the right of way. Granted.

2/19/91 - Jay Marden of Pine Street Trust - Special Exception to pursue the following:

1. Truck and auto storage, repair, sales and towing;
2. Retail store for sales of vehicle parts;
3. Glass and mirror retail sales and installation services for both vehicular and household use.

Granted with the following conditions:

1. Number of vehicles to be permitted on site at one time to be limited to ten (10) in the following respect:
  - A. crashed or towed vehicles - limit to 5
  - B. vehicles for repair - limit to 5;
2. All repair vehicles are to be stored behind the building;
3. Retail vehicular sales lot to be restricted to parking no more than twelve (12) vehicles for that purpose only;
4. Maximum parking capacity for the entire site at 662 North Mast Road to be limited to 41 vehicles.

7/16/91 - Brian & Monica Griggs - Variance to allow a 43' 5'' setback on the north east corner of the house located at 91 Christy Road instead of the 50' required from the right of way. Granted.

8/27/91 - Robert J. Silva - Special Exception to rent the entire 50' x 100' building located at 664 North Mast Road to Mike Gordon d/b/a Excel Body & Frame for the purpose of Auto repairs and sales. This was granted contingent upon approval of the site plan review committee and compliance within 60 days of Fire Department regulations as stated in letter of August 27, 1991.

# REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

All dues-paying members of the Southern New Hampshire Planning Commission are offered a wide range of services, resources and technical assistance by a professional planning staff who, from time-to-time, are assisted by specialized consultants on an as-needed basis. Under the direction of your representatives, the staff develops and carries out planning programs that require a regional perspective, as well as those which pertain more directly to your community.

Local planning assistance requests are generally received from your Planning Board and/or Board of Selectmen. With the concurrence of the Commission, certain general studies are conducted, notifications made and training workshops held that are considered essential for all member municipalities.

Services that were performed for the Town of New Boston during the past year are as follows:

1. Provided testimonies to House and Senate committees in support of HB 391 dealing with impact fees. The Planning Board was notified of the final outcome.
2. Co-sponsored the Municipal Law Lecture meetings. These meetings were attended by New Boston officials.
3. Conducted a six-hour training workshop for the planning board members. The New Boston Planning and Zoning boards were invited to that meeting.
4. Using the PC ARC/INFO, prepared a computerized base map for the town showing the major roads. This map has been drawn in the scale of 1" = 2000'. Several overlays to include soils, zoning districts, and flood hazard areas are being prepared at the request of the Planning Board.
5. Provided technical assistance on several planning and zoning matters that were referred to the Commission by the Planning Board.
6. Provided a suggested schedule for 1991-1992 zoning and building code amendments to be voted upon at the March town meeting.
7. Loaned an automatic traffic recorder to the town for conducting traffic counts. The data gathered by the town was processed by the Commission.

New Boston's Representatives to the Commission are:

Mr. Harold "Bo" Strong

Mr. Donald L. Grosso

Executive Committee Member: Mr. Harold "Bo" Strong

# 1991 NEW BOSTON BUILDING DEPARTMENT REPORT

Due to the continuance of the "economic slowdown" experienced in the southern New Hampshire region last year, the Building Department once again saw a decrease in the total amount of permits issued.

The overall activity was as follows:

	<u>1990</u>	<u>1991</u>	<u>% CHANGE</u>
Total permits	136	122	-11%
Single family homes	37	30	-19%
Misc. permits (renovations, additions, garages, etc.)	99	92	- 8%

The total income generated from permit fees and additional inspection fees was \$11,706.32. This represents a decrease of 10% from the total collected in 1990, which was \$12,993,22.

Robert J. Milliard, Building Inspector  
Simone Hunter, Secretary

## 1991 FORESTRY COMMITTEE REPORT

The market for forest products has been down, along with everything else during this recession. However, there is an indication of increased lumber activity, and we felt it would be a proper time to sell some stumpage on the Town Forest. It will be on the western portion of the Lydia Dodge Lot (landfill), and we are uncertain as to the size of the proposed sale at this time. The occasional sale of forest products is an important part of the many advantages of Town owned land. It can, and should generate a financial return at least equal to private ownerships.

This proposed Timber Sale has been recommended in the Forest Management Plan completed in 1990. Forests and forest products - our renewable resource!!!

Respectfully submitted,  
Clifton LaBree  
George St.John  
Oliver Dodge

# 1991 ANNUAL REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission continues its role, as authorized by the state, as advisor to the town on conservation issues relating to land development or disturbance of, in New Boston. These issues include subdivision reviews involving wetlands, monitoring dredge and fill permits and reviewing gravel permits.

Due to the town support of the hazardous waste collection program, we have continued our supporting role in sponsoring and manpowering this annual day at the Transfer Station with several other town organizations. Thanks to all of you who have become involved contributing to this day for the safety factor as well as the dollar value to the town.

Members of the Conservation Commission have continued working with the LCIP task force under the leadership of Cindy Wilson in 1991 to finalize the purchase of two tracts of land through this matching state funded program. In June of 1991 the 13.35 acres of river front known as the "King" parcel off Mill Street, between the Piscataquog River and the cemetery was purchased with the \$27,000 from the town fund and equal state matching. This parcel is easily accessible by walking from the center of town and a pleasant short walk to the top of the knob. The second purchase in October of 1991 is approximately 41 acres between the South Branch of the Piscataquog River and Lyndeborough Rd. from Dr. Charles Townes for \$12,500 from the LCIP funds, matched by the State and a balance purchase price contributed in Conservation Easement by Dr. Townes.

On the land known as the Middle Branch Conservation Area, an 80 acre piece at the intersection of Sanders (Saunders) Hill and Middle Branch Rd., one walking trail has been completed along the river ridge and a second one is near completion.

The Conservation Commission would like to remind citizens of New Boston that if you want to disturb any wetlands for any situation to apply at the town office for a dredge and fill permit as issued under state regulation. Please feel free to contact any member of the Commission for information concerning any of the above issues.

Respectfully submitted,  
Betsey C. Dodge, Chairman

# HOME HEALTH CARE AND COMMUNITY SERVICES, INC.

January 1, 1991 to December 31, 1991

## ANNUAL REPORT

In 1991, Home Health Care and Community Services continued to provide home care and community services to the residents of New Boston. The following information represents a projection of Home Health Care and Community Services' activities in your community in 1991. The projection is based on actual services provided from January through September 1991 and an estimate of usage during October, November and December.

## SERVICE REPORT

<u>Services Offered</u>	<u>Services Provided</u>
Nursing	136 Visits
Child Health Nursing	0 Visits
Physical Therapy	23 Visits
Speech Pathology	0 Visits
Occupational Therapy	17 Visits
Homemaker	0 Hours
Home Health Aide	24 Visits
Medical Social Worker	2 Visits
Nutritionist	0 Visits
Office Visits	0 Visits
Health Promotion Clinics	2 Clinics
Child Health Program	4 Children
Health Education Programs	2 Programs
Total Unduplicated Residents Served: 9	

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, and telephone consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

## FINANCIAL REPORT

The actual cost of all services provided in 1991 with all funding sources is projected to be \$14,434.50.

The total cost of services provided for a partial fee, or at no charge to residents in New Boston is projected to be \$2,778.50.

For 1992, we recommend an appropriation of \$3,000.00 to continue home care services at the current level.

Thank you for your consideration.

# RECREATION COMMISSION REPORT 1991

As usual, we start out the year with our family fun event, the Winter Carnival. 1991 Carnival was one of the best ever. Jill Hebert was crowned Winter Carnival Queen by last year's Queen, Celeste Nattila, at the Carnival Ball. The games on Saturday were well attended with well over 100 participants of all ages. From sled races to broom hockey, activities were enjoyed by everyone. A hot volleyball tournament took place that afternoon. In the evening, Princess Erin Gilligan and Prince Brian Hamel were crowned by last year's Princess Dana Keiner and Prince Andrew Mace. The lip sync was again one of the most popular events of this weekend. Sunday's basketball tournament showed great talent with the New Boston Gold team edging out in front to take home the trophy. Second place finishers were the New Boston Blue team. Thanks again to the JAL for taking over on Sunday with refreshments.

During February, fourteen New Boston residents enjoyed the sunshine, good food, and great fun aboard the Carnival Cruise ship, Fantasy, for a four day cruise to the Bahamas sponsored by the Recreation Dept. What a great way to spend a winter vacation....

It seemed like hundreds of little munchkins were all over the school field for the annual Easter Egg Hunt held on the last Saturday in March, trying to gather as much candy as possible, all the while hunting for that golden egg and special prize. Even the 4th, 5th, and 6th grade children love the Easter Egg Hunt. This age group goes on a scavenger hunt and has a 1/2 hour to find 10 of the most difficult items the Rec. Dept. can think of...I don't know how they do it, but every year someone comes back with all 10...Amazing!

With Easter over, the focus turned to Spring and Summer. The first event was our annual 5K Stampede Road Race and it was a huge success once again. Over 115 runners from all over New England participated. This was our fourth year and each year it gets bigger and better. Approximately 50 youngsters took part in the Fun Run. With such a concern for health and fitness these days, we are seeing more participants each year.

The Recreation Dept. is very excited about our newest project, band concerts on the Common. By a vote of the Recreation Commission and Friends of Recreation, it was decided that we should look into having a gazebo located on the Town Common and hold concerts during the spring and summer. This idea was extremely well received and in 1991 we held two wonderful concerts which were very well attended. We began a fund-raising campaign, opened a special savings account for that purpose, and it is growing. We also established a committee to study the feasibility of placing a gazebo on our Common and also to look into design. This committee has worked very hard and is pleased to be able to present an artist rendering of a gazebo that we would like to build. It was decided that because this was a "town project" it should be funded by direct donations and for that reason, the Recreation Dept. hopefully has made it easy for everyone in town to become a part of this project by donating a part of the gazebo itself. This way of fund-raising has been well received in other towns and we hope New Boston will come forward and make our endeavor as successful.

The 1991 Summer Program was one of the best ever! Director Julie Corey and Assistant Director Laura Gallup, along with their fine staff, made this summer a great one for over 125 children. Once again, Corky Trimbur not only lent us the use of her pool, but also her expertise in teaching these children to swim. Hats off to another year Corky...We are so lucky to have these swim lessons right at the beginning of the summer so that the children are able to enjoy themselves more on the field trips that we take twice a week to State Parks. It is also an advantage for the staff to know just what ability each child has.

Twenty-five children attended the "Poliwogs Program" under the direction of Bev Robie and her able staff. These little ones, all 3-5 years of age, enjoyed arts & crafts, games, stories, etc. at Neville Mill Hall twice a week. Many thanks again to Lou & Carol Maynard for their generosity in letting us use their facility for this program.

Early in July, the Recreation Summer Program took over 20 youngsters to Rochester, N.H. to participate in the annual Hershey Track & Field Event. While not everyone placed in their particular event, all are winners for taking part.

With school back in session, Halloween was here before any of us realized it...the school gym was decorated for the annual halloween party and filled with all sorts of spooks, goblins, witches, princesses and many other costumes. From babies to adults, the costumes were wonderful. The judges had a most difficult time...as always.

Christmas season was upon us in no time...the annual breakfast with Santa was here and Santa arrived to the delight of young and old alike. All of those big eyes looking so seriously into the eyes of Santa does your heart good. With so much stress and economic disaster out in the world today, there is always happiness and excitement when Santa gathers those youngster into his lap. Breakfast was wonderful once again...thanks to Debbie Gilligan and Rita Manna and their kitchen staff.

That evening the annual tree lighting took place with the choirs from the New Boston Baptist Church and the New Boston Community Church. Chairman of the Selectmen, Arthur Johnston, did the honors of lighting the tree. This is the first year we have had only the live tree lit. It will be a delight to watch this tree grow and light the center of town for the holiday season each year. Following the tree lighting, everyone gathered in the school multi-purpose building to enjoy the talent of many New Boston residents. Thanks to all of those who took part.

The Recreation Dept. has a very active group of Senior Citizens who have been enjoying lunch every Thursday at the Central School and twice a month, they are treated to a special program. Following lunch, they are welcome to stay and play board games, cards, etc. This is a wonderful way for our Seniors to get out and meet other Seniors and just enjoy themselves. Whenever possible, they get together and take short (and sometimes long) trips. Any New Boston Senior is welcome to take part and only needs to contact the Recreation Dept. to be put on the list. We are now mailing about 215 Senior Newsletters each month and hope it is informative.

As you may or may not know, the Recreation Department is funded mostly by the support of the townspeople through our different activities and programs. We offer gymnastics, aerobics, jazz, volleyball, music lessons, etc. and all are open to any New Boston resident. **WE THANK YOU ALL FOR YOUR SUPPORT AND PROMISE TO STRIVE FOR MORE AND BETTER PROGRAMS FOR YOUR ENJOYMENT AND BENEFIT.**

# NEW BOSTON SOLID WASTE TRANSFER STATION AND RECYCLING CENTER REPORT - 1991

The New Boston Solid Waste Transfer Station and Recycling Center has completed its third full year of operation since the closure of the landfill. Since January of 1989, a total of 4,599 tons of household waste and demolition has been transferred to the Consumat Sanco Landfill in Bethlehem, N.H.; a total of 747 tons of recyclables—aluminum cans to newspaper to tin cans were separated and marketed; and an estimated total of 566 tons of tires, compost, wood, brush and hazardous waste were also separated and processed. This is a total of 5912 tons or 11,824,000 pounds generated and separated by New Boston residents and businesses over the past three years. What does this say about New Boston? Over these three years, 1313 tons or 22% of the material which used to be nearly exclusively landfilled was not landfilled. Over this time, residents generated an average of .5 tons or 1000 pounds per person last year. But significant progress can only be appreciated when the tonnage figures over the last three years are broken down as in Table I. These figures are based on all the materials marketed in 1989-1991 and anticipated receipts for those materials.

TABLE I.

				<u>\$19,327</u>	<u>\$29,979</u>	<u>\$41,240</u>
Landfilled	<u>1594</u>	<u>1519</u>	<u>1486</u>	*Net Savings-based on receipts, less trucking and fees, plus costs avoided by not landfilling.		
Total	1947 tons	1947 tons	2018 tons			

Notice those bottom figures: 230 tons of recyclables in 1990, up 78 tons from 1989. Then in 1991—a most difficult economic year by anyone's standards—recycling in New Boston went up to 365 tons—135 tons over 1990's total, a 37% increase. Also note that landfill figures are continuing to decrease from year to year. Well Done Residents!

Progress is not only being made in view of the tonnage figures. New programs, which began in September of 1990 and include magazines, mixed paper, plastics and tin cans, are keeping our four employees quite busy. These new programs alone totaled 68 tons worth in 1991. Statistically, it takes an average of 70 worker hours per week to keep the

center going. With 117 days open to the public per year, our facility handled 17 tons each day it was open in 1991. Four tons of this total were recycled materials and 13 tons were landfilled.

What costs are involved with running our facility? 1991's proposed budget was \$157,970; add \$4,149 in receipts to make a balance of \$162,120. Actual expenditures were \$152,544 leaving a balance of \$9,576 of which \$415 will be carried forward for a Recycling/Hazardous Waste/Septage Informational Booklet. Therefore, \$9,161 will go back in the Town's general fund. The estimated 1992 operating budget is \$153,367, an \$823 increase over 1991's expenditures.

Of the \$152,544 spent in 1991, \$107,048, or 70%, was for the tipping fees (\$50.00 per ton) at the landfill and for the trucking fees to haul the waste. The remaining 30%, or \$45,496, covers all other operating expenses including wages, maintenance, electricity, etc. Tipping fees and trucking costs have risen \$7.00 per ton in three years and will continue to gradually escalate as "air space" in the landfills becomes more precious and scarce.

The only not-so-good news in 1991 is that several items were taken from the transfer station. Tools were taken and the tires and rims on the aluminum can trailer were stolen (twice!). The tires and rims were property of the Manchester Recycling Corporation. Also, in November, we experienced our first rejected load of recyclables. Twenty tons of clear glass was rejected by our buyer. Instead of bringing in \$440 in revenue through the sale of the glass, the rejection cost the town \$643.50 in trucking costs and in a \$10/ton tipping fee in New London, N.H. Fortunately, this glass will be crushed and used in road surfaces. The glass rejection was a result of contaminants, such as small pieces of ceramics, light bulbs, and blue glass mixed in with the clear glass. As a result, residents have been asked to place glass in barrels so that attendants can sort out any contaminants. In the spring, trays will be built to make this process easier.

What else will 1992 bring? The sprinkler system, approved at the 1991 Town Meeting, will be installed. 1991 was a difficult year to depend on volunteer assistance in the design and implementation of this system. Your patience is appreciated.

Also, it was initially planned to ask residents to support a warrant article for \$8,000 at the 1992 Town Meeting to pave the driveway to the transfer station and also in front of the recycling building. Due to the town's overall budget constraints, this article was dropped this year and may be proposed next year.

Progress is also apparent with the soon-to-be-completed reusable items room on the left side of the recycling building. Here, out of the weather, those items previously placed on shelves by the glass bins will be brought inside. Books, games, dishes, clothing, and basically any reusable item will be available to share and swap. This is an area that moves a great deal of valuable material and is a lot of fun in the process.

In 1992, we will continue to see changing trends — more recycling, less waste, cooperation from commercial haulers, more bulk packaging, more recycling symbols on packaging, and assuredly continued support of recycling and a heightened awareness as to what can and cannot be used and reused in an environmentally sound manner. Tough issues will also be tackled with the help of our Solid Waste Committee — septic management, the issue of voluntary vs. mandatory separation of recyclables, waste oil collection, and household battery collection just to name a few.

Respectfully submitted,  
Bonnie M. Bethune

# 1991 HOUSEHOLD HAZARDOUS WASTE COLLECTION DAY REPORT

The Town of New Boston voted to appropriate \$18,000.00 for a HHW Collection Day on June 1, 1991, from 9 a.m. to 2 p.m. at the New Boston Transfer Station/Recycling Center. The towns of New Boston, Goffstown, Weare, and Bedford participated together in providing this important environmental service. The firm Laidlaw Environmental Services Company provided the services of collecting, packing, transporting and disposal of our Household Hazardous Waste. The participation was excellent again for the town of New Boston at a 8.6% level. 6,810 lbs. (3.4 tons) of Household Hazardous Waste was collected and eliminated from disposal to a landfill and disposed of safely and legally. The New Boston Conservation Commission, Fire Department, Joe English Grange and the Solid Waste Committee combined their efforts to provide this important environmental service to our community. They all did an excellent job and should be commended and thanked by us as a community. It is for the benefit of our children's children to also enjoy what we now enjoy.

Important information concerning household chemicals and a Survey & Chemical Checklist was sent to all residences through the May issue of the New Boston Better Times. A public informational meeting was held at the New Boston Central School on May 18, 1991 at 7 p.m.. I visited the New Boston Central School that week and discussed the Collection Day, Septic Systems, and issues of environmental importance. An event with the children is always appreciated and enjoyed.

April - June 1, 1991

- The Goffstown News as always printed many articles concerning the Collection Day. Thank You.
- Hand-outs were placed at the Town Office, Library, and Transfer Station dealing with Environmental Subjects.
- T.V. Station Channel 9, 11, 50 and Radio Stations WGIR-FM, WOKQ-FM and WFEA-FM announced the Collection Day Happenings. Thank You.
- The New Boston Joe English Grange again organized the Elderly and Handicapped residents pick-up for the Collection Day. Thank You.
- The assistance of Mrs. Sizemore, Mrs. Gendron and Mrs. Bolton again. Thanks.

Total Hazardous Waste - 30,940 lbs. (15.47 Tons) from 1987 - 1991.

The participation and coordination of the Collection Day shows us that our childrens' children are worth the effort to make environmental changes in our lives now, so that they will be able to have a chance to also carry on those changes, which will also allow their childrens' children to enjoy our Earth's Bounty. We are role models today, for the benefit of our children to also be role models for theirs. For as long as we try safer Household Chemical Alternatives, possibly eliminate buying certain Hazardous Chemicals, Reuse, Participation in New Boston Household Products Recycling Market, Recycling Trash, Collection Days, we can make a difference.

New Boston's 5th Annual Household Hazardous Waste Collection Day was a proud day for all. Please remember, "Every day is Earth Day".

Michael S. Richard  
Household Hazardous Waste  
Collection Day Coordinator

# NEW BOSTON SOLID WASTE COMMITTEE

Since its formation in March of 1991, the New Boston Solid Waste Committee has concentrated on the problem posed by the disposal of septage. The contents of private septic tanks are now pumped and transported almost exclusively to the water treatment facility in Concord. The hauler pays a fee to Concord which is passed back to the homeowner.

The City of Concord now serves as a depository for about 45 towns but gives no assurance that such will remain the case and refuses to consider any contract agreement or to assure any town that the facility will remain available. New Boston is obligated to provide its residents with an assured facility for town septage, either on a contract basis with an existing out-of-town facility, or by building an in-town facility, according to RSA 149-M:13.

The committee briefly considered the feasibility of an in-town facility owned and operated by private enterprises and available to New Boston residents and residents of other towns in need of a similar site. The licensing and financial problems of creating such a facility caused the committee to look to existing plants in other towns which might be available under contract. Of the towns nearby, only Milford expressed an interest.

Septage, because it is highly concentrated, causes a chemical imbalance in the water treatment systems and is thus less desirable than sewerage from a sanitary sewer. For this reason, most towns are not willing to accept significant amounts of septage. Milford is willing to consider upgrading its present facility to accept the additional septage generated by New Boston and to give New Boston a 15 year contract if New Boston would pay for the upgrade. After engineering studies, performed by Dufresne-Henry in Manchester, Milford estimated that it could upgrade its system to handle New Boston's approximately 300,000 gallons per year for \$250,000. If the gallonage increased to approximately 400,000 per year, the cost would rise proportionately to approximately \$333,000.

While the expenditure by New Boston appears large, the fact remains that the town would be one of the first to solve this problem, thus beating the rush. The cost would be spread over 15 or more years, the useful life of the improvements. The committee recommends further consideration with the Town of Milford to effect an agreement, assuring that the people of New Boston have a long-term place to treat their septage.

In 1992, the committee intends to study and make recommendations on a mandatory recycling ordinance. An informational booklet on recycling, household hazardous waste, and proper septic system care will be compiled and made available.

NEW BOSTON SCHOOL DISTRICT  
REPORT

# NEW BOSTON SCHOOL DISTRICT

## SCHOOL DISTRICT MEETING MINUTES

Saturday, March 16, 1991

10:00 A.M.

New Boston Central School

The 1991 Annual School District Meeting was called to order at 10:15 A.M. by Moderator, Ted Olson, on March 16th at the New Boston Central School. Cathleen Strausbaugh led those assembled in the Pledge of Allegiance, and State Representative, Roland Sallada, offered a prayer.

Moderator, Ted Olson, introduced Sheila Roberge, State Senator; Roland Sallada, State Representative; School Board members Rick Austin, Maureen Brown, Chairman, and Cathleen Strausbaugh; Principal, Rick Matthews; SAU #19 representatives, Owen Conway, Acting Superintendent, Benjamin Hampton, Business Administrator and Carol Kingston, Assistant to the Superintendent for Special Needs, Tom Barry, Legal Counsel; M. Sandra Gallup and Sarah Chapman, Supervisors of the Checklist; Ballot Clerks and Constables. The Moderator then introduced the newly elected School Board members, Roger Dignard, Betty Borry, and Gordon Carlstrom.

Cathleen Strausbaugh presented the "Outstanding Educators in NH for Special Needs" award to Samantha Hersey and Rick Matthews.

Maureen Brown presented a bouquet of roses to Cathleen Strausbaugh for her nine years of service on the School Board.

Ted Olson, Moderator, explained the voting process.

The meeting commenced at 10:25.

Fritz Green questioned the absence of School Board member Rick Austin's signature on the School Warrant. Mr. Austin replied that he was out of town at the time of signing. Moderator Olson asked Mr. Green if this answer satisfied him and he replied NO.

**Article 1.** Rick Austin moved that the District raise and appropriate the sum of One Hundred Two Thousand Two Hundred Fifty-Four Dollars and Ninety Cents (\$102,254.90) for the renovation of the second floor of the New Boston Central School and for payment of fees, and related incidental and necessary costs for such renovation pursuant to plans and specifications as may be approved by the School Board, copies of which shall be on file with the School Administrative Unit #19 Office in Goffstown, New Hampshire; and to raise such sum by the issuance of bonds or notes of the District in accordance with the provisions of the New Hampshire Revised Statutes Annotated, the form and terms of said bonds or notes including the time and place for the payment of interest, the rate of interest, and provisions for the sale of said bonds or notes and all other matters in connection therewith to be left to the discretion of the School Board, and further, to specifically appropriate to the payment of the costs of said renovation any interest which may be earned on the proceeds of the sale of the bonds or notes or any premium therefrom; or to take any other action in relation thereto. Cathleen Strausbaugh seconded the motion. Rick Austin explained the actions the Committee took and referred the voters to the New Boston Central School Space Needs Analysis for Town Report (contained in the 1990 Town Report). Questions were asked concerning revenue from the lower buildings. Mr. Matthews replied that feasible rental revenue was six to ten thousand. Waiver of the handicapped access was discussed. Questions of the difference in project estimates and the assignment of liability were posed. Mr. Matthews and Butch Johnston responded. The Space Needs Committee will act as General Contractor. The School Board will be liable for the timely and accurate completion of the project. The difference in estimates is due to change in

building plan, lower construction prices at this time, volunteer labor, and lower overhead. Polls opened at 10:52 A.M. and closed at 11:53 A.M. The Article was voted and passed with a ballot vote of 211 - Yes and 31 - No.

**Article 2.** Cathleen Strausbaugh moved that the salaries of the School Board and Truant Officer and the compensation of any other officer or agent of the District be accepted as printed in the Town Report; or to take any other action in relation thereto. Maureen Brown seconded the motion. The motion passed.

**Article 3.** Maureen Brown moved that the reports of agents, auditors, committees, or officers of the District be accepted as presented or printed in the Town Report; or take any other action in relation thereto. Rick Austin seconded. The motion passed.

**Article 4.** Rick Austin moved that the District authorize the School Board, under the provisions of RSA 198:20-B, to apply for, accept, and expend without further action by the School District Meeting, money from any source which becomes available during the 1991-92 school fiscal year provided that such expenditures be made for purposes for which a School District may appropriate money. Further, that the School Board hold a public hearing prior to spending such money; or take any other action in relation thereto. Cathleen Strausbaugh seconded. The motion passed.

**Article 5.** Cathleen Strausbaugh moved that the District raise and appropriate the sum of Two Thousand Six Hundred Dollars (\$2,600.00) for the purchase of two hundred (200) folding chairs and two (2) truck/coat racks for New Boston Central School; or take any other action in relation thereto. Maureen Brown seconded. The motion passed.

**Article 6.** Maureen Brown moved that the District raise and appropriate the sum of Two Million Eight Hundred Fifty-Nine Thousand Eight Hundred Thirty-Seven Dollars (\$2,859,837.00) for the support of the schools, for the payment of salaries of school district officials and agents, and for the payment of statutory and contractual obligations of the District, or take any other action in relation thereto. Rick Austin seconded. Maureen Brown, Chairman of the School Board, presented the Board's view of the budget increases. They are seeking to control costs by complying with the teacher's contract, making salaries comparable to area norms and prioritizing their major resource teachers. Cost increases were mainly due to the new school building in Goffstown and teachers' salaries. Jackie Malandrino spoke to the budget, expressing a concern for the increased spending. She felt that teachers' salaries are being raised at the expense of the childrens' needs. She suggested that the teachers agree to freeze their salaries at the 1991 level. Mrs. Malandrino moved to amend the budget to Two Million Eight Hundred Eleven Thousand One Hundred Fifty-Nine Dollars (\$2,811,159.00). The amendment was seconded by Ken Malandrino. Following much discussion, Cindy Ballard moved the question. Gordon Smith Seconded. The vote was in the affirmative. The amendment was voted on and defeated. Joel Daniels moved the question on the main motion. Dan Teague seconded. The vote was in the affirmative. At this time, the Moderator stated that a petition had been received requesting a ballot vote on Article 6. Elliott Hersey asked if the petitioners could be polled on the withdrawal of their request for paper ballot. The Moderator complied and the petitioners declined to withdraw. The polls opened at 12:25 P.M. and closed at 1:25 P.M. The Article was voted and passed. Yes - 184, No - 53.

**Article 7.** Marcel LaFlamme moved (as petitioned by voters) to see if the District wishes to instruct the New Boston School Board to schedule the Annual District Meeting whenever possible on a Saturday morning in order to facilitate the greatest participation possible of the voters. Elliot Hersey seconded. The motion passed.

**Article 8.** Rick Austin moved to transact any other business that may legally come before said meeting. Maureen Brown seconded. Heidi Risman-Jones made a motion to reconsider Article 6 in relation to supplies. Linda Ralston seconded. The point was raised that the person moving to reconsider must prove that they voted with the majority on the original Article vote. Affidavits were presented to the clerk. Discussion followed. Joni Smith moved the question. Gordon Carlstrom seconded. The vote was affirmative. The motion was voted on and was defeated.

Jackie Malandrino moved to see if the town will separate the salaries and benefits from the remaining budget so that the two can be voted on separately. Dick Spenard seconded. Discussion followed. Dick Moody moved the question. Dan Teague seconded. The vote was in the affirmative. The motion was voted on and defeated.

The motion was made to adjourn and seconded. The motion passed. The meeting was adjourned at 1:45 P.M.

Respectfully submitted,

Nonah Poole, School District Clerk

# NEW BOSTON SCHOOL DISTRICT WARRANT

## Election of Officers

1992

### The State of New Hampshire

To the Inhabitants of the School District in the town of New Boston qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEW BOSTON CENTRAL SCHOOL MULTI-PURPOSE BUILDING IN SAID DISTRICT ON TUESDAY, THE TENTH OF MARCH, 1992, AT EIGHT O'CLOCK IN THE FORENOON TO CAST BALLOTS FROM THAT HOUR OF SAID DAY UNTIL SEVEN O'CLOCK IN THE EVENING FOR THE FOLLOWING OFFICERS:

1. To choose two members of the School Board for the ensuing three years.
2. To choose one member of the School Board for the ensuing year.
3. To choose an Auditor for the ensuing two years.

Given under our hands at said New Boston after 5:00 P.M. on this thirteenth day of February, 1992.

Maureen Brown  
Roger Dignard  
Betty Borry  
Gordon Carlstrom  
John Walker  
SCHOOL BOARD

# NEW BOSTON SCHOOL DISTRICT WARRANT

1992

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of New Boston qualified to vote in District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEW BOSTON CENTRAL SCHOOL MULTI-PURPOSE BUILDING IN SAID DISTRICT ON SATURDAY, THE FOURTEENTH DAY OF MARCH, 1992, AT TEN O'CLOCK IN THE MORNING TO ACT UPON THE FOLLOWING SUBJECTS:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officer or agent of the District or take any other action in relation thereto.
2. To hear the reports of Agents, Auditors, Committees or Officers of the District, or take any other action in relation thereto.
3. To see if the District shall accept the provisions of RSA 198:20-b providing that any school district at an annual meeting may adopt an article authorizing indefinitely, until specific rescision of such authority, the school board to apply for, accept and expend, without further action by the school district, money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.
4. I move that henceforth the Multi-Purpose Room of the New Boston Central School shall be known as the Mansfield Gymnasium in honor of Thomas J. Mansfield, late of New Boston, and that a plaque be placed on the wall therein in commemoration. (As petitioned by voters.)
5. To see if the District will raise and appropriate the sum of \$4,730.00 (FOUR THOUSAND SEVEN HUNDRED THIRTY DOLLARS) for the purchase of two (2) MAC LC2/40 computers with Display and Laserwriter, or take any action in relation thereto.
6. To see if the District will raise and appropriate the sum of \$3,960.00 (THREE THOUSAND NINE HUNDRED SIXTY DOLLARS) for the purchase of and installation of a security system package to detect unlawful entry into the New Boston Central School, or take any action in relation thereto.
7. To see what sum of money the District will raise and appropriate for the support of the schools, for the payment of salaries of school district officials and agents, and for the payment of statutory and contractual obligations of the District, or take any other action in relation thereto.
8. To transact any other business that may legally come before said meeting.

GIVEN UNDER OUR HANDS AT SAID NEW BOSTON AFTER 5:00 P.M. ON THIS THIRTEENTH DAY OF FEBRUARY, 1992.

Maureen Brown  
Roger Dignard  
Betty Borry  
Gordon Carlstrom  
John Walker

Elliott Hersey  
District Treasurer

## AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of New Boston, of which the above is a true summary for the fiscal year ending June 30, 1991, and find them correct in all respects.

We recommend that adequate funds be transferred from the general fund to the school lunch account to avoid bank service charges in the future.

Respectfully submitted,  
Brian Towne  
Cheryl Smith

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

Dr. Owen P. Conway, Superintendent

The completion of the New Boston Central School building project at minimum cost demonstrates the dedication of the community toward enhancing the educational program for our students. Not only do our students have a first rate facility, but the return of our Grade Six students to the building has provided the school with a feeling of being complete. This development has strengthened the sense of community which is a hallmark of teaching and learning at New Boston Central School.

The continuous work on goal setting, curriculum improvement, and staff development by Principal Rick Matthews and the teaching staff, will guarantee that our students are prepared not only for their secondary schooling experience but also as productive citizens in the next century.

# NEW BOSTON CENTRAL SCHOOL PRINCIPAL'S REPORT

**Rick Matthews, Principal**

The 1991-92 school year offered challenge to the New Boston Central School staff and administration. They were challenged because technology, scientific information, and global history continued to change at an ever increasing rate. Sometimes termed the "knowledge explosion", information is doubling every ten years. Our responsibilities and understanding of international affairs continues to increase as major historical changes take place — not only historically, but geographically. As demands of society change, so do the competencies needed by individuals to live productively. As the range of knowledge continually expands, so too does the school curriculum. Old areas grow, and new ones emerge rapidly. These developments give rise to new perspectives, new goals, and new ways of attaining old goals.

To meet these challenges, the New Boston School District has focused on curriculum development. Increased performance in mathematics is a direct result of the math curriculum adopted in August of 1988 and the teachers' ability to extend the essential competencies to a higher level of thinking.

The social studies curriculum adopted this year advocates the need to equip all students with the ability to understand the world as an ever changing place and to develop the skills and acquire the facts to understand the world's relationship to them.

This year, the staff at New Boston Central School is focused on developing an extensive language arts curriculum and an appropriate science curriculum.

The major aims of curriculum at New Boston Central School is to empower students as lifelong learners whose command of language is exemplary and aids them in gaining pleasure and fulfillment from reading, writing, speaking, and listening. Another major emphasis of curriculum is to empower teachers to become active learners who serve as coaches, mentors, and collaborative creators of learning experiences rather than dispensers of information. Curriculum development is based on sound research in child growth and development. We stress emphasizing both content and process in the curriculum. Process is taught in a holistic way, stressing skills as an overall process, not in isolation or as ends in themselves. Content will give meaning to instruction by facilitating an idea oriented curriculum.

With the completion of curriculum in the four major subject areas, staff members will strive to integrate the arts of reading, writing, speaking, and listening throughout the curriculum.

Curriculum development will not end with adoption and implementation. It will be an ongoing process consisting of evaluation, review, collaboration, and revision. It is through this means, along with strong community support, that the New Boston School District will be prepared to enter the Year 2000.

# NEW BOSTON CENTRAL SCHOOL BUILDING COMMITTEE REPORT

Funds for the completion of the second floor of the Multi-Purpose Building were approved at the 1991 School District Meeting. The Space Needs Analysis Committee of 1990 at that point became the Building Committee responsible for coordinating this project.

Their first task was to finalize drawings and specifications that would define the scope and standards of quality for the work. As the construction was being competitively bid by subcontractors, the School Board, in conjunction with the SAU, was arranging funds for the work to begin. In lieu of bonds, short term notes at 7% interest were arranged through First N.H. Banks. As a result several thousand dollars were saved in avoiding the costs of a bond issue.

The final cost of construction stands at \$100,198.65 where \$102,394.00 was appropriated. State Building Aid will further reduce this by \$30,059.60 as thirty percent of the project's cost will be returned to the Town over the next five years.

Construction efforts through the summer of 1991 led to the completion of the second floor in time for school to reopen. The upstairs is now home to the two sixth grade classrooms and one of the fourth grade classes. The conference room serves many school, as well as community needs. This room could also become a small classroom if we become pressed for space.

A wheelchair lift was installed as part of this project as required by State law. The lift is located off the main corridor at the side of the stage. A waiver was applied for and granted by the State to use this lift in lieu of building an elevator.

We are grateful for the volunteer efforts of the Building Committee and in particular to Art Perkins of P&G Construction and Selectman Butch Johnston. The latter have functioned as the general contractors for this project. The successful completion of this work is due in great part to their diligence and commitment of time on an almost daily basis while work was in progress. We would also like to thank the people of New Boston for their support of this project.

Respectfully submitted,  
Roger Dignard  
School Board Representative to the Building Committee

Arthur Bergen	Arthur Johnston
Cyr Daniels	Rick Matthews
Roger Dignard	David Mudrick
Brenda Humphreys	Arthur Perkins

# NEW BOSTON CENTRAL SCHOOL ANNUAL SCHOOL HEALTH REPORT

September 1990 - June 1991

## “Healthy Children Learn Better”

The above quote recently appeared in the N.H. School Nurse’s Association Newsletter. In these economic times, health care is often given a back burner approach. I find I am very often caught in the middle. Families may now include both parents working, single parents, parents out of jobs, and parents divorced — all with or without health insurance — all trying to make ends meet and hoping the kids stay healthy and in school. School nursing judgements are often crucial in this process. Health decisions always involve and include the parent and the school nurse working together.

## STATISTICS

SCREENINGS	DEFECT FOUND	RECEIVED CARE
Vision - 348	Eyes - 17	15
Hearing - 348	Ears - 66	65
Heights & Weights - 350	Skin - 12	12
Scoliosis - 93	Teeth - 5	3
	Scoliosis - 2	0

## INTERVENTIONS

Accidents - 25	Complaints and visits to office: 3,838
Sprains - 4	
Nutrition - 17	Medication Given: 2,891
Concussion - 2	
Fractures - 5	
Sutures Required - 2	

## INFECTIONS

Chicken Pox - 13
Pediculosis - 43
Strep Throat - 37
Conjunctivitis - 7
Fifths Disease - 0
Impetigo - 3
Other - 42

Healthfully yours,  
Anne B. Christoph, R.N., C.S.N.
