**Comparative Statements of Appropriations and Expenditures  
Estimated and Actual Revenues: (Exhibit A-3 & A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1956, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$2,446.45, less a revenue surplus of \$1,676.01, resulted in a net budget deficit of \$770.44.

**Summary of Receipts and Expenditures: (Exhibit B-1)**

A summary of receipts and expenditures for the fiscal year ended December 31, 1956, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1956, is indicated in Exhibit B-2.

**Statement of Long Term Indebtedness: (Exhibit G)**

A statement of long term indebtedness as of December 31, 1956, showing annual debt service requirements, is contained in Exhibit G.

**AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

**GENERAL COMMENTS**

**Current Deficit:**

The current financial condition of the Town changed from a current surplus of \$538.06 to a current deficit of \$1,045.45 during 1956 as shown by the following statement:

	Dec. 31, 1955	Dec. 31, 1956
Total Assets	\$528,335.68	\$240,450.35
Current Liabilities	527,797.62	241,495.80
	<hr/>	<hr/>
Current Surplus or (Deficit)	\$ 538.06	(\$ 1,045.45)

**Closing Accounts:**

The accounts of all town officials should be closed as of December 31st, and should not be held open for more than a week or ten days after that date. It is noted that checks dated December 31, 1956, were issued as late as February 11th, 1957. It is also noted that deposits of funds on account of the 1956 fiscal year were made as late as February 13th, 1957.

**Payment for Tax Sale:**

When the Town buys the taxes at the Collector's sale, a check in payment thereof should be given to the Collector immediately after the sale is held. The check for the tax sale held in 1956, amounting to \$5,709.07 and dated December 31, 1956, was not actually issued until February 11, 1957. Consequently, the Collector reported this check as cash on hand in making up her statement for the fiscal year of 1956.

**Reconciliation of Treasurer's Balance:**

At the close of each month, the Treasurer should reconcile the bank balance with the cash book balance.

**Transfers of Funds:**

When transfers of funds are made between the general fund account and the water fund account, proper entries covering such transactions should be made in the books of each fund account.

**Interest on Funds:**

Interest received on invested funds of the water account should be recorded as a receipt item in the Treasurer's water fund records.

We extend our thanks to the officials of the Town of Seabrook for their assistance during the course of the audit.

Yours very truly,  
Harold G. Fowler, Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

## REPORT OF BOARD OF SELECTMEN ON THE WATER DEPARTMENT

---

This past year has seen the Town of Seabrook enter the Water Works Business.

With the aid of the engineers, we have been able to select a waterworks foreman in the person of Douglas Perkins, and to set up also, office procedures, materials and equipment for the operation and maintenance of this new department.

The Board is well aware of its responsibility to the townspeople in the financial management of this town asset and will exercise its authority to see that expenditures will be in the best interest of the town as a whole.

Although the town authorized the expenditure of \$720,000 for the installation of a water works system, due to the town's low valuation, only \$628,000 could be borrowed.

This decrease in available funds caused both the engineers and this board great concern, until the bids that had been prepared by Whitman & Howard engineers of Boston on materials and construction had been opened. By the selecting, and awarding of contracts to all the low bidders, the original plan was installed within the \$628,000 figure as well as extensions that amount to about \$35,000.

Martin Mailet was the low bidder on the pipe main installation and since December 15, 1955 has installed the 19 miles of mains, along with 40,000 feet of service piping to about 600 water takers. It is estimated that within the first year of operation the Water Department will have over 700 customers.

Two local contractors were low bidders on portions of the work. Dow Construction Co., built Standpipe Foundation, and Rodney Girouard constructed the two Pumping Stations, that house the pumps. Pittsburgh-DesMoines was low bidder to furnish and erect our 720,000 gallon storage tank, while Porter & Desmond dug our 2 wells.

The electric pumps at these wells are rated respectively for 450 and 250 gallons per minute and have auxiliary gasoline engines to take over in case of power failure.

Whitman & Howard, our engineers from Boston, furnished two field men to supervise the water works installation. We are grateful to them for not only their co-operation and personal interest in our town, but also, for their time and energies in teaching our foreman best methods of maintenance and operation and our clerk on office procedure.

The Board extends its sincere thanks to the Police, Fire, and Highway Departments for their help and co-operation throughout various stages of the construction.

To the people in town, who have been inconvenienced by this construction, we offer our heartfelt thanks for your patience and understanding.
