Moved by Oscar Fontaine, seconded by Oscar Plourde. Carried.

Article 6 - (By Petition) To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.) to help support the operation of the emergency ambulance by the Veterans of Foreign Wars, Post No. 2860, Pembroke, New Hampshire. (This Article is approved by the Budget Committee and funds therefore are included in the budget.) Moved by Gerald Brosley and seconded by Perry Cole. Carried.

Article 7 - (By Petition) To see if the Town will vote to elect members-at-large of the Budget Committee by ballot at the annual Town Meeting as provided in R.S.A. 32:2 effective with the 1970 Town Meeting. Motion was to dismiss. Moved by Normand Brasley, seconded by Helen Petit. Dismissed.

Article 8 - (By Petition) To see if the Town will vote to adopt the non-partisan ballot system for the election of Town Officers as provided in RSA 59:73 effective with the election of Town Officers at the 1970 Town meeting.

As ratified in a prior motion, this was contained on the official ballot and the results were as follows:  
YES..... 468  
NO..... 344

The non-partisan ballot system was therefore adopted effective with the election of officers at the 1970 Town Meeting.

Article 9 - (By Petition) To see if the Town will vote, by ballot, to have a three year term for the Town Clerk.

Moved by Dr. Vincent Greco, seconded by Robert Langford. Defeated.

Article 10 - To see if the Town will vote to accept as a gift, a tract of forest and field land containing twenty-five acres, more or less, situated on the southerly side of Brickett Hill Road, subject to the following conditions:

(A) The tract shall be managed as a town forest by the Pembroke Conservation Commission

for aesthetic, water-shed, timber, soil, wild-life, conservation, education and recreation purposes.

(B) The tract shall be known as the Pembroke town forest, C. E. Butterfield tract.

(C) The tract shall revert back to the donor, the society for the protection of New Hampshire forests, if it ceases to be used as a town forest for the above stated purposes. Moved by Henry J. Munroe, seconded by Oscar Plourde. Carried.

Article 11 - To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

# TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF PEMBROKE,  
IN THE COUNTY OF MERRIMACK, IN SAID STATE,  
QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Elementary School Auditorium in said Pembroke on Tuesday the 10th day of March next, at 9 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
3. To see if the Town will vote to charge twenty cents (\$.20) on and after December 1, 1970 on all unpaid Poll Taxes.
4. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes, and to authorize the Selectmen to give a deed, in the name of the Town, to the purchaser of such land.
5. To vote on the following proposition:  
Shall \$3,042,000.00 be appropriated for the purpose of constructing a municipal sewage disposal system, including sewerage, storm drains, interceptors, pumping stations, treatment works and such other related facilities and equipment, inclusive of land acquisition, easements, and rights of way as are required; and the Selectmen be authorized to borrow said sum under the Municipal

Finance Act, and to accept and contract for Federal and/or State Aid which may be available to the Town.

(This Article is approved by the Budget Committee.)

6. To see if the Town will vote to become a member of the Regional Planning Commission, now organized and named the Central New Hampshire Regional Planning Commission. This Commission will have membership of at least two municipalities and will have jurisdiction over the planning region delineated by the State Office of Planning and Research. The objective of the Commission will be to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern and to assist in the effectuation of projects within, and which extend beyond, the boundaries of a particular town. The Commission will have only the authority conferred on it by Chapter 36:45-53, Revised Statutes Annotated, 1955, and will be on advisory commission to local governments in the region. Members of the Commission shall be appointed by the Selectmen in accordance with State Law. Two representatives will be appointed from Pembroke.
7. To see if the Town will vote to appropriate the sum of \$2,534.20 as the Town's share for the studies and operation of the Central New Hampshire Regional Planning Commission. These funds will be used for financing the staff, operation expenses, planning studies, technical assistance and other programs of the Commission. These funds may be used in conjunction with other State and Federal funds available for planning purposes.
8. To see if the Town wishes to exclude from the

OASI plan service in any class or classes of positions of election officials or election workers for a calendar quarter in which the remuneration paid for such service is less than \$50.00.

9. To see if the Town will vote to accept, as a gift from Herman and Eileen Moncrieff, a parcel of land measuring 20 feet by 118.5 feet as an addition to the Pembroke Hill Cemetery. This parcel of land joins the land recently purchased from Robert Williamson.
10. (By Petition) To see if the Town will vote to recind its action under Article 8 of the 1968 Town Warrant, whereby it adopted the Non-Partisan Ballot System and to revert to the Australian Ballot method of balloting (Two Party System) in accordance with RSA 59:72.
11. To see if the Town will vote to amend its Ordinance pertaining to the Subdivision of land as follows:
  - A. - Section 1 - Delete all of Section 1 and substitute in place thereof the following new Section -
    1. SCOPE. This ordinance shall apply to any subdivision of land, including an individual house lot, in the Town of Pembroke, on an existing street, or where any new street or streets, or extension of street or streets, or extension of water or sewer line is involved.
  - B. - Section 2 - Delete the Typical Section for New Roads and substitute in place thereof the following new Typical Section for New Roads -

# TYPICAL SECTION FOR NEW ROADS 50' RIGHT-OF-WAY

- C. - Section 3 - Paragraph B - add after the word "street" on the second line, "together with the profile."
- D. - Section 3 - Paragraph C - 2nd line, after the word, "location", add the words "and elevation."
- E. - Section 3 - Paragraph C - line 3, after the word "flow", add the words "including elevations, sizes and materials."
- F. - Section 5 - 2nd line, delete the number "20,000" and insert in its stead the number "30,000."

- G. - Section 5 - To be added after the word "highway" This requirement shall also apply to individual house lot development. "in areas where public sewerage is available, house lots shall be 10,000 square feet with a minimum of 100 feet on a public street or highway."
- H. - Section 7 - Paragraph A - 1st line; strike out the number "40" and insert in its stead the number "50."
- I. - Section 8 - 3rd line, strike out the word "and" after the word "drainage"; strike out the word "facilities" and in its stead add the words

"and facilities" after the word "sewer."

- J. - Section 8 - 8th line, after the word "mains" add the words "and services."
- K. - Section 9 - 3rd line, after the word "mains" add the words "and services."
- L. - Under Section 9 - Add new paragraph  
(A) Inspection shall be made periodically by the Planning Board or its authorized agent.
- M. - Section 10 - Strike out everything after the word "herein" in 3rd line and in its stead add the following, "Final acceptance of the new street or streets shall not be made by the Planning Board until one year after the street or streets have been completed. Any defects found to exist until the expiration of the one year period shall be corrected by the developer. After receiving approval of the Planning Board, the conditional acceptance shall be made permanent by the Board of Selectmen."

12. To see if the Town will vote to amend its Ordinance relative to Mobilehomes and Mobilehome Parks as follows:

- A. - Section 3 - Paragraph 1 - line 2, strike out the words "or alter".
- B. - Section 3 - Paragraph 1 - line 3, add after the words "home park" the following: "It shall be unlawful to make any alteration or addition to a mobilehome park until plans for the proposed alteration or addition, complying with Paragraph 5 of this Section, has been filed with the Planning Board and has received its approval."
- C. - Section 5 - Paragraph 3 - line 2, strike out the numbers "50" and "75" respectively and insert instead the numbers "100" and "100."

13. To see if the Town will vote to adopt the following Ordinance:

#### BUILDING PERMITS

1. **PROHIBITION:** No person or persons, firm or corporation shall, after the date of the passage of this ordinance, construct any new building of any type, or add to or alter the exterior of any existing building without obtaining a building permit, as provided herein, before starting such construction, addition or alteration. No building permit shall be required in cases where such construction, addition or alteration shall cost less than \$300.00, including the cost of labor, or estimated value of labor if the work is performed by the owner or occupant, and the cost of materials.
2. **APPLICATION:** Any person or persons, firm or corporation required to obtain a permit under Section No. 1 shall make application to the Board of Selectmen for a building permit on such forms as the Selectmen shall approve; showing the name of the owner of the premises, and the occupant, if different from the owner; the location of the premises; the nature of the work to be done, the approximate dates construction will start. Each such petition shall be accompanied by a sketch showing the boundary lines of the lot upon which the building is to be done, the existing buildings, if any, on the lot and the location of the new construction for which the permit is sought. Such sketch shall also show distances from lot lines and street lines to the buildings both existing and to be constructed, together with the size of the building, the lot, and any other information the Selectmen might require.

3. **PERMITS:** The Board of Selectmen shall issue a permit for the construction described in the application and accompanying sketch after they have examined the premises or otherwise satisfied themselves that the proposed construction is in conformity with the ordinances of the Town. The permit so issued shall cover the construction described therein and shall be void at the expiration of six months from the date of issue unless construction is begun within that time.
4. **PENALTY:** Every person, or persons, firm or corporation violating any provision of this ordinance, shall be fined not more than ten dollars for each day such violation shall exist.
5. **PERMIT FEE:** The fee for Permits issued under this Ordinance shall be \$1.00.
14. (By Petition) To see if the Town will vote to install a street light on Rowe Avenue and to raise and appropriate the necessary funds therefore. (This article is approved by the Budget Committee, and funds therefore are provided in the Budget.)
15. (By Petition) To see if the Town will vote to widen, straighten and pave Clough Mill Road in 1970. This work to include re-routing the road from a point just below Mr. Gullage's home straight down over the gravel bank owned by Manchester Sand & Gravel to Route 106, thus eliminating a very dangerous curve and rebuilding the original Borough Road in front of Leo Lavin's, Ture Neilson's and Archie Townsend's.
16. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

17. To hear the reports of Auditors, Agents and Committees or of Officers heretofore chosen, and to pass any vote relating thereto.
18. To transact any other business that may legally come before said meeting.

The polls will be open until 7 o'clock in the afternoon.

Given under our hands and seal this 18th day of February, A. D. 1970.

# REPORT OF EXAMINATION AND AUDIT

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire  
SUMMARY OF FINDINGS AND  
RECOMMENDATIONS

February 13, 1970

Board of Selectmen  
Pembroke, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Pembroke for the fiscal year ended December 31, 1969, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

## SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Library and Trustees of Trust Funds.

## FINANCIAL STATEMENTS

*Comparative Balance Sheets: December 31, 1968 - December 31, 1969: (Exhibit A-1)*

Comparative Balance Sheets as of December 31, 1968 and December 31, 1969 are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$18,202.12 in 1969.

*Analysis of Change in Financial Condition: (Exhibit A-2)*

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

*Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: - (Exhibits A-3 & A-4)*

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1969 are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of

\$9,492.52, less a revenue surplus of \$7,585.95, resulted in a net budget deficit of \$1,906.57.

*Summary Statement of Receipts and Expenditures: (Exhibit B-1)*

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1969, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1969, is indicated in Exhibit B-2.

*Municipal Court: (Exhibit E)*

A statement of the accounts of the Municipal Court for the fiscal year ended December 31, 1969, is included in Exhibit E.

*Statement of Long Term Indebtedness: (Exhibit H)*

A statement of outstanding long term indebtedness as of December 31, 1969, showing annual debt service requirements, is contained in Exhibit H.

## AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

## GENERAL COMMENTS

*Current Surplus:*

The current surplus (excess of total assets over current

liabilities) decreased by \$8,397.88 from \$39,679.14 to \$31,281.26 in 1969 as shown herewith:

	Dec. 31, 1968	Dec. 31, 1969
Total Assets	\$1,487,447.67	\$1,492,260.68
Current Liabilities	1,447,768.53	1,460,979.42

Current Surplus        \$   39,679.14    \$   31,281.26

*Overdraft of Appropriations and Application of Municipal Budget Law: (R.S.A. 32:10)*

It is noted that there was a net overdraft of appropriations in the amount of \$9,492.52 – in other words, total expenditures exceeded total appropriations by this amount as indicated herewith:

Overdrafts of Appropriations	\$14,829.23
Unexpended Balances of Appropriations	5,336.71
 Net Overdraft of Appropriations	 \$ 9,492.52

As was stated in our last years audit report, when we noted an overdraft of appropriations in the amount of \$6,490.38, the provisions of the Municipal Budget Law require that the Board of Selectmen, with the approval of the Budget Committee, petition the State Tax Commission for a certificate of emergency which would authorize the expenditures made in excess of budgetary appropriations. Our records, again this year, do not indicate that this procedure was followed.

The purpose of the Municipal Budget Law is to control the appropriation and expenditure of money in municipalities. The intent of the law becomes ineffectual when its provisions are not adhered to.

*Municipal Court:*

Attention is called to Chapter R.S.A. 502:15 of the laws of 1955 relative to the disposition of fines paid into the Municipal Court, which is quoted herewith:

"502:15 Payments: Such payments shall be made *monthly*, on or before the fifth day of each month, and shall cover the net receipts as aforesaid of the said court for the month preceding."

*Conclusion:*

The provisions of Chapter 184, of the Laws of 1955 require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Pembroke for their assistance during the course of the audit.

Very truly yours,

O. Maurice Oleson

*Certificate of Audit*

This is to certify that we have examined and audited the accounts and records of the Town of Pembroke for the fiscal year ended December 31, 1969.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the Exhibits included herewith reflect fairly the financial condition of the Town on December 31, 1969, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. Maurice Oleson

SUMMARY OF FINDINGS AND RECOMMENDATIONS  
April 14, 1969

Gentlemen:

In accordance with your request, an examination and audit of the accounts of Raymond W. Gay, Jr., Tax Collector, for the period January 1, 1969 to April 6, 1969, inclusive, has been made by this Division.

Submitted herewith is our report in the form of Exhibits as hereafter listed.

Very truly yours,  
O. Maurice Oleson  
Director  
DIVISION OF  
MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Stephen D. Plodzik, Auditor  
James F. Burns, Accountant

Board of Selectmen  
Pembroke, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Pembroke for the fiscal year ended December 31, 1968, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Library and Trustees of Trust Funds.

**FINANCIAL STATEMENTS**

*Comparative Balance Sheets: December 31, 1967  
- December 31, 1968: (Exhibit A-1)*

Comparative Balance Sheets as of December 31, 1967 and December 31, 1968 are presented in Exhibit A-1. As indicated therein, the Net debt decreased by \$19,796.86 in 1968.

*Analysis of Change in Financial Condition: (Exhibit A-2)*

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

*Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)*

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1968 are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$7,760.51, less a net overdraft of appropriations of \$6,490.38, resulted in a net budget surplus of \$1,270.13.

*Summary Statement of Receipts and Expenditures: (Exhibit B-1)*

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1968, is indicated in Exhibit B-2.

*Municipal Court: (Exhibit E)*

A statement of the accounts of the Municipal Court for the fiscal year ended December 31, 1968, is included in Exhibit E.

*Statement of Long Term Indebtedness: (Exhibit H)*

A statement of outstanding long term indebtedness as of December 31, 1968, showing annual debt service requirements, is contained in Exhibit H.

**AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

**GENERAL COMMENTS**

*Current Surplus:*

The current surplus (excess of total assets over current liabilities) decreased by \$6,803.14 from \$46,482.28 to \$39,679.14 in 1968 as shown herewith:

	December 31, 1967	December 31, 1968
Total Assets:	\$302,728.59	\$1,487,447.67

Current Liabilities	256,246.31	1,447,768.53
Current Surplus	\$ 46,482.28	\$ 39,679.14

*Overdraft of Appropriations and Application of Municipal Budget Law:*

It is noted that there was a net overdraft of appropriations in the amount of \$6,490.38 -- in other words, total expenditures exceeded total appropriations by this amount as indicated herewith:

Overdrafts of Appropriations	\$14,759.78
Unexpended Balances of	
Appropriations	8,269.40
Net Overdraft of Appropriations	6,490.38

Levy of 1958	13.49
Levy of 1957	6.44
Levy of 1956	5.20
Levy of 1955	3.78
	\$2,039.29

In cases of this sort the provisions of the Municipal Budget Law (R.S.A. 32:10) require that the Board of Selectmen, with the approval of the Budget Committee, petition the State Tax Commission for a certificate of emergency which would authorize the expenditures made in excess of budgetary appropriations. Our records do not indicate that this procedure was followed.

*Uncollected Taxes:*

There were, as of December 31, 1968, uncollected taxes from the Levy of 1966 and prior years as follows:

	<i>Property Taxes</i>	<i>Poll Taxes</i>	<i>Head Taxes</i>
Levy of 1966	\$ 82.00		\$240.00
Levy of 1965	19.95	52.00	165.00
Levy of 1964		24.00	65.00
Levy of 1963		24.00	70.00
Levy of 1962		12.00	30.00
	\$19.95	\$194.00	\$570.00

It is again recommended that the Tax Collector and Selectmen review these uncollected taxes and abatements issued for any taxes which appear to be uncollectible.

*Unredeemed Taxes:*

There were, as of December 31, 1968, unredeemed taxes from the tax sales of the Levies of 1965 and prior years as follows:

Levy of 1965	\$ 809.78
Levy of 1964	452.25
Levy of 1963	333.19
Levy of 1962	303.11
Levy of 1961	43.87
Levy of 1960	23.32
Levy of 1959	44.86

We again recommend that inasmuch as the two year period provided by law for redemptions from tax sales expired on all of these unredeemed taxes, the Tax Collector should give tax deeds to the Town as soon as possible for all of the properties represented by these undischarged tax liens held by the Town.

*Conclusion:*

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Pembroke for their assistance during the course of the audit.

Yours very truly,  
O. Maurice Oleson  
Director

**Certificate of Audit**

This is to certify that we have examined and audited the accounts and records of the Town of Pembroke for the fiscal year ended December 31, 1968. In our opinion, the Exhibits included herewith present fairly the financial condition of the Town on December 31, 1968, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

# TOWN OF PEMBROKE, N. H.

## Planning Board

Voters of the Town will be asked at the 1970 Town Meeting to act favorably on various changes in the subdivision of land and mobilehome regulations as proposed by the Planning Board. Experience down through the years have shown that changes are needed in order to control in some measure the orderly development of our lands and mobilehome parks.

As we look at other towns around us, the need for stricter development regulations were never more apparent than today. If the townspeople act favorably on proposals submitted by the Board, we feel sure that town officials will have more control on the orderly development of our community and chances are that a more stable population growth will result in the years to come. The Planning Board feels that the regulations are not unreasonable and will only serve to protect the taxpayers from an unscrupulous developer, whose only interest is making a "fast buck" at the expense of taxpayers.

The past year has proven a busy one for the Planning Board. Many field trips were made to inspect developments as proposed by plans submitted by developers. Two small projects were given "conditional approval." One was off Pembroke Hill Road while the other development was located on the East-side of Dudley Road. At the present time, the Board has a request to conditionally approve a 50-unit mobile-home park. The Board has also scrutinized plans for a 30-unit housing development and a 36-unit mobile-home park. After several meetings between the developers and the Board, the latter two projects were abandoned.

At the request of the Board of Selectmen, the Board made many field trips to locate a site which could be used as a land-fill type town dump. Found to be suitable was a 27-acre tract of land which could be used for this purpose. State agencies were called in to view the site and approval was given by the State authorities to use this tract of land for this purpose. The Board has recommended to the Board of Selectmen that the site should be purchased as soon as possible. The Planning Board also feels that once the tract of land had been completely filled, it could be sold for a commercial or housing project. The Board also recommended the purchase of a second site which could be used as a supplementary dump, or the land could be held until such time as needed.

Meeting recently with members of the Budget Committee, the Planning Board was asked to survey the needs of town roads and town buildings and establish priorities in each case. The Board has also undertaken a project whereby it will record in one booklet, all permits, regulations and ordinances passed at recent Town Meetings.

In conclusion, the Planning Board wish to thank the Board of Selectmen and other town officials for their cooperation during the past year.

Mr. Edgar Bellerose  
Chairman  
Pembroke Planning Board

January 14, 1970

Dear Mr. Bellerose,  
The Library Planning Committee after two years deliberation presented plans for a new building to the Budget Committee in 1969. The Budget Committee voted against the inclusion of this project in the town budget due to the uncertainty of other foreseeable construction costs. Unfortunately it now appears that federal matching funds which account for a major portion of the cost of a new library will not be available this year. Therefor the Library Committee while still convinced of the need of a new library for the town, believes such a presentation would not be expedient this year. The Library Committee will continue to study alternate methods of providing our citizens with adequate library resources and desire the assistance of the Planning Board in the collection of data to make functional decisions. The Library Committee therefor requests that the Planning Board undertake the following requests and make suitable recommendations to the Library Committee by December 1, 1970.

- (1) The Planning Committee determine the combined facility and construction needs for the town during the period 1970-1975 including a new library and that construction priorities for each such facility be established.
- (2) In the event that the New Hampshire Board of Underwriters recommend the construction of a new fire station, the Planning Board establish priorities for its alternate use including that of a library.
- (3) That the Planning Committee update data projections for the town for the period of 1970-1975 including population increase by age factors.

Sincerely,

Henry W. Munroe  
For the Library Committee

# RECREATION COMMISSION

1970 Annual Report

We, the Pembroke Recreation Commission, take great pleasure in having this opportunity to report the results of the first summer recreation program to you. We also wish to extend our most sincere gratitude and thanks to all the Service Organizations and to each and every individual who contributed in any way to the program. We believe that without your unselfish contributions of time and energy the program could not have been such a success. It is very difficult to measure the impact or benefits such a program had on our youth but if attendance and participation can be used as the criterion then you may be assured the program was an overwhelming success.

On the average, 60 children were in attendance daily at the Elementary School site. Two trips per week were scheduled to Bear Brook State Park for instructional and recreational swimming. With Mrs. Pat Holbrook planning creative activities in Arts & Crafts many children were kept busier than beavers. Many leisure hours were spent in organized games

and activities under the supervision and leadership of Ellen Childs and Brian Bodi who assisted the recreation director Mr. Frank Monahan.

Special events were enjoyed -- trip to Benson's Animal Farm, a trip to see the Manchester Yankees' Baseball Team, fishing trips with Mr. Monahan, tennis clinic, participation in the pentathlon, etc. and a field day. The program was terminated by the mass participation of all interested youth in a Field Day.

The Recreation Commission would like to increase the number of activities available to meet the needs and interests of a larger number of our youth. The anticipated 1970 summer program will offer more team sports, concentrated attention to individual skills through active motor participation, and the opportunity to provide instructional swimming for two periods per week for the entire summer to all who are interested.

However important program innovations and new facilities are, leadership is still the most important contribution. The 1969 staff with Mrs. Pat Holbrook, as instructor of Arts and Crafts: Ellen Childs and Brian Bodi as counselors: and Frank Monahan as the director did an exceptional job.

We will appreciate your continued support.  
Respectfully Submitted,

Howard L. Berry  
Arthur Dionne  
Paul M. Gamache  
Peter L. Kaligian (chairman)  
Roland H. Young

## 1969 ANNUAL REPORT

The Pembroke Conservation Commission, with assistance from the Grange, Women's Club, and several dedicated individuals, spearheaded the first step in a highway shade tree planting program aimed at replacing trees lost to disease and other destructive agents along the main thoroughfares of our town. This program was a cooperative venture with trees being provided by the Conservation Commission and planting being done by private property owners. Funds had been provided for this purpose by the Bi-Centennial Committee. Trees were planted on private property a sufficient distance from the highway to avoid salt and snow plowing damage. Trees were planted according to instructions and specifications provided by the Conservation Commission. Following is a listing of planted trees with a limit of one per owner.

Norway Maple	7	Sugar Maple	8
Silver Maple	3	Red Maple	6
Flowering Crab	9	Flowering Plum	1
Mountain Ash	2	Lilac	9

Total purchase cost was \$381. This purchase price included eleven bales of peat moss used to enrich the soil.

The town forest on Brickett Hill Road which is being given to the town by the Society for Protection of New Hampshire Forests and accepted at last year's Town Meeting, has been surveyed and a deed is being prepared. The conveyance has been delayed but all difficulties have been cleared up. The deed should be passed in the early future. A planned use of this parcel will be developed during the coming year.

The long range needs for town forest, park, and open space land will be reviewed in cooperation with other town boards and officials by the Conservation

Commission during the coming year. Every effort must be made to preserve and protect some natural resource areas for the benefit of future generations. The Commission will make recommendations in this regard during the coming year. People are reminded that gifts of land and funds dedicated to the conservation of natural resources may be made to the town in the name of the Pembroke Conservation Commission.

Respectfully submitted,

Theodore Natti  
Chairman

## VFW COMMUNITY AMBULANCE REPORT FOR YEAR MARCH 1, 1969 THROUGH JANUARY 31, 1970

The ambulance covered 4027 miles serving the towns of Hooksett, Allentown and Pembroke; and made 162 calls broken down as follows:

Hooksett.....	25	Police Calls.....	11
Pembroke.....	62	Dry Runs.....	10
Allentown.....	55	Garage for Repairs....	5
Out of State Hospitals...Beth Israel, Boston, Mass-2			

As ambulance chairman, Aubrey Viar would like to take this opportunity to thank all those who help in any way to keep our ambulance service running.

These of course include all the people who made donations or give their services without charge.

The police and fire departments of all three towns have been most cooperative and the financial help we get from the three towns has been the most valuable asset to the continuance of this service.

The following men drive the ambulance strictly on a volunteer basis and to these I especially want to write a public thank you:

Ernest Petit	Larry Hurd	Roland Fontaine
Hector Campbell	Lu Bouffard	Roger Bilodeau
Arthur Perron	Dick Fleury	Perry Eaton
Guy Duhaime	Joe Joyce	John Goff
Dick Chase	Mike Chroniak	Dr. Vincent Greco

## POLICE DEPARTMENT

1969

To the Board of Selectmen and Citizens:

Crime continues to climb at an alarming rate all across the country as indicated by the Crime Index distributed by the Federal Bureau of Investigation. Possibly this is in part caused by the liberal attitude of most of our courts. Also the general apathy and tolerance to civil disturbances by the public. If this national trend continues unabated, freedom as we have known it, will cease to exist.

Crime types and strange behaviour patterns, such as drug use, Hippy, Yippy and Beatnick movements, which usually originate on the west coast are transmitted by various modern communications to the smallest and remotest hamlet in New Hampshire. Suddenly we find ourselves among "strangers" in our own homes. This is not always a healthy situation.

A local reversal of this ugly trend can be effected by a concerted effort on the part of the parents of Pembroke to get acquainted with these "strangers" in their homes. Make a serious attempt to find out where your young folks go, and with whom they associate, and if and why they are behaving strangely.

You are assured of the cooperation of your fine churches and schools and the understanding of your police department in helping us all to keep from contributing to the rising statistics of crime.

VISITING NURSE ASSOCIATION OF CONCORD  
1 THOMPSON ST. - CONCORD, N.H.

Mr. Joseph H. Robinson  
Pembroke Street  
Pembroke, New Hampshire

Dear Mr. Robinson:

I am happy to give you a report on our services for Pembroke. This covers the period of September, 1968 to October 1, 1969.

The town of Pembroke contract	\$3,900.00
Cash received from patients (including Medicare)	\$1,851.10
The actual cost for this service has been	\$4,276.98
This leaves a balance in the Pembroke account for October 1, 1969 - September 30, 1970	\$1,474.12
Nursing visits	411
Physical Therapy visits	32
Speech Therapy visits	25
Patients served	73
For the current year the agency received from Pembroke	\$2,000.00
Balance	\$1,474.12

I feel with this in mind we should plan on \$3,900.00 for October 1, 1970 - September 30, 1971. There is also consideration being given to the offer by the Maternal and Child Health Program to pay for services rendered in the follow up visits of the participants in their Children/Youth Clinic. The majority of these are in the Pembroke area. This would necessitate the staff nurse spending more time in Pembroke, so it would mean improvement in service to your citizens.

If you still have questions, please contact me.

Yours truly,

(Mrs.) Lutie K. Piper  
Executive Director

## PEMBROKE FIRE DEPARTMENT

*Organized 1869*

100 years ago, after a disastrous fire, a small band of men organized the Pembroke Fire Department. They had a hand drawn reel, a few feet of hose and a borrowed horse. In this short hundred years there have been many changes in your fire department. Motorized apparatus, and equipment to fight fires, and a growing body of knowledge to protect life and property. One thing has not changed--that is commitment and dedication. This town, in reviewing the aging records of its fire service, can trace these indispensable characteristics ever backward to that first night when the founders met in a barn on Front Street. Then, and now, your fire department consisted of men willing and ready to risk their lives to protect your property and your loved ones. When the fire whistle blows, be it 9 o'clock on a summer morning or 2 A.M. on a frigid night, there are men, your neighbors and mine, who are ready to answer the unknown challenge of the whistle. It was this spirit, this dedication, this service that your fire department sought to reveal in the 100th Anniversary of the founding of the department held last summer. We held our ball, the parade was colorful, inspiring and smartly done, the exhibition and tournaments gave a further excitement that the crowd picked up and re-echoed. The Department was proud of all of this and the response from the citizens revealed that our efforts were not in vain. To me, as Chief and having been a member of the fire department for some 40

years, the highlight of the three days was the banquet when a few of the old timers that I served with were honored. Reminiscing with them that night was made all the more satisfying as I compared with pride the present young members of our department who have carried on the task started in 1869.

1969, saw many advances in equipment, training and effectiveness. Before I touch on several of the highlights, I should like to note some of the department's increasing problems. Ours is called a bedroom town. This means that while industrial growth is limited, residential growth is excellerating. Not only are we building more homes, they are more expensive and increasingly located in the back part of town, outside of our hydrant district. To meet this threat, much of our training last year was devoted to tactics utilizing mobile water supplies usually in conjunction with our two mutual aid compacts. Only a year ago we held a drill wherein 18 towns participated in conveying water for over a mile to simulate the extinguishment of a barn fire in North Pembroke. Within 6 months, the same towns were called in to use the same tactics on an actual fire with the result that the house was saved. Your department last year trained one night each week from May to October, with an average of 15 men, or half the department in attendance. Only through such sacrifice on the part of the men can we be ready to meet the constantly increasing

alarms. In addition, to assure adequate protection during the summer, when vacation and weekend trips beckon all of us, 5 men are required to be at the station each Sunday afternoon for 6 hours.

Once again, I am pleased to report that your department is leading the way in utilizing new developments. Pembroke is the first in the state and the fifth department in the nation to adopt new and safer helmets. A new resuscitator has been purchased and is being used constantly. The fire alarm system has been extended and will continue to be. The town has received a surplus four-wheel vehicle that will be converted to brush fire use, utilizing matching town and department raised funds.

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

### *Fire Permit*

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

### *Exceptions*

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

### *Penalties*

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970

## PEMBROKE TOWN LIBRARY

Pembroke Town Library accepts the challenge of the seventies. During the past year, the Pembroke Library has expanded not only the number of hours of service but the scope of its services as well. In keeping with the multi-media offerings in modern libraries, Pembroke has added two new departments: Art and Music. Framed paintings are available for display in your home and records, modern and classical, may be borrowed. We hope all of you will acquaint yourselves with these offerings.

Children's story hours and film shows were held during the summer, and a book-reading contest was held. The winner of the reading contest was Cheryl Lemay.

The librarian, assistant librarian, and trustees attended several district and state meetings. In addition, the librarian attended six book meetings at the state bookmobile office.

Eighty-three new borrowers were added to the list. Other pertinent statistics include:

Circulation for 1969  
4026 Adult fiction  
1109 Adult non-fiction  
3419 Juvenile books

Bookmobile  
4 visits  
609 books borrowed

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

If the people of this nation ever subscribed to the concept of providing equality of educational opportunities, it has never been fully implemented. While some progress has been noted in the districts of Supervisory Union No. 53 from year to year, it has always been within the framework of the same basic program. It becomes particularly noticeable in the upper grades of the elementary schools, where boys and girls, whose interests begin to differ widely, continue to be subjected to the traditional academic program. With no opportunity to explore within broadened educational offerings, some young people become disillusioned about the values of education and, subsequently, never realize their potential.

Expansion of school programs depends upon facilities, equipment and teachers. For too long have we stood by complacently and allowed schools to be built without first determining what we should build. The reason for this is simple of explanation: Providing specialized facilities is more costly than building traditional academic classrooms; the less expensive the plan, the easier does it become to sell. In deference to the local taxpayer, the priorities of a child's right to an education become subverted. This is not to be construed that the individual property owner is opposed to good education; he rightly stands in opposition to assuming a disproportionate share of the tax load.

The time has come - if we really believe in equality of educational opportunity - to change our thinking about taxation. Based on an antiquated tax structure, providing for schools and all other phases of town government, the local citizens are finding it increasingly difficult to maintain the status quo, let alone improving services. As states have had to seek help from the federal government, it becomes increasingly mandatory that the towns and cities turn to the state. The big question here is with regard to the method of providing additional revenue. While no particular kind of tax reform is advocated in this report, one needs only to look at the differences in wealth amongst the towns of New Hampshire to appreciate that there are differences in what can be provided for education. The districts that make up Supervisory Union No. 53 had the following amounts of equalized valuation per pupil in 1968

Allenstown	\$44,750
Candia	16,268
Deerfield	30,693
Hooksett	30,623
Pembroke	23,277
Raymond	21,974

The equalized valuation per pupil for Allenstown would be considerably lower if all children attended the public schools; a truer figure might be about \$20,000. The state overage was \$35,510.

An examination of the wealth in some of the other towns makes it very evident that there is an uneven distribution:

Bow	\$143,259
Meredith	75,343
Newington	179,158
Moultonboro	232,642

Education is a function of the state and it would seem that steps to relieve the communities of the burden they have been carrying are long over due. Not only is the state in great measure ignoring its financial responsibilities, but, through standards imposed by the State Board of Education, even greater demands will be placed on the towns. Placing the blame on the state for not distributing wealth more equitably is to ignore the fact that it is up to the local representatives to agitate for tax reform in the General Court. Until such time as this occurs, heavier demands will continue to be placed on the local taxpayer, with no appreciable improvement in local education.

This is my last report and I want to take this opportunity to thank the members of the school boards, as well as those citizens who have served on numerous committees over the past years, for their support. I trust that my efforts, though seemingly small at times, have had some impact on the total educational program.

# REPORT OF THE ACADEMY HEADMASTER

January 27, 1970

Mr. Henry J. McLaughlin  
Superintendent of Schools  
163 Main Street  
Pembroke, New Hampshire  
Dear Mr. McLaughlin:

I hereby submit my annual report as Headmaster of Pembroke Academy. My last several reports have concerned themselves with two basic areas: improvements to program and future needs of the Academy. As the physical limitations of plant still exist, this report will review our current situation and explore briefly our plans for the next academic year.

As of July 1, 1969, Pembroke Academy became a Public Area High School, owned by the town of Pembroke and serving the secondary school needs of students from Pembroke, Allenstown, Epsom, and Chichester.

The anticipated increase in September enrollment was eased somewhat by the Pembroke School Board decision not to take entering freshmen from Hooksett. The Board also ruled that no new students outside the Area communities be allowed admission until physical limitations of plant and current overcrowding be improved. With the acquisition of five additional full-time staff members and a full-time female guidance counselor, certain problems relative to class size were improved. By increasing the number of time periods in the day from seven to eight, definite scheduling advantages were created for the current academic year. Upon recommendations from the headmaster, the Pembroke School Board agreed to help ease overcrowded conditions by releasing all seniors at the end of the sixth period which concludes at 1:02 p.m. This allowed us more flexibility in scheduling ninth and tenth grade classes in the afternoon session. Recently, the Board agreed to release some juniors at the end of the seventh period to further ease study hall problems at the end of the day. Some very definite disadvantages exist with an eight period day, and, at best, it is only a temporary means of meeting some of our more pressing problems brought about by a lack of space.

The eight period day and the additional staff allowed us to reduce the number of class divisions with over thirty students that were in evidence last year. It was reported last year that 36 out of 115 academic classes had more than thirty students. This year only 22 out of 129 academic classes have more than thirty students. The only new course that was

added to the curriculum was Stenography 11. Personal Typing was dropped in order to accommodate a course felt to be more justifiable in the preparation of our business students.

At best, our efforts have been to make room for those students that we are obligated to take. Inadequate space is still with us and will, in all probability, create the same problems for at least another year. The Pembroke School Board is now moving rapidly to develop an acceptable plan for the expansion of the physical plant. A curriculum study group is at work and a building committee is trying to evaluate our future space needs in light of the program that we want to offer. My recommendations to the Superintendent of Schools is that we continue with our current scheduling formula for the academic year 1970-1971 in light of indications that no additional space will be available before the fall of 1971. I also recommend that seniors and juniors be released early where deemed feasible.

The early enrollment projections for next year indicate a probable enrollment of approximately 570 students. As this will raise the total number of students by approximately 20 over this current year, additional staff members may be required in one or two academic areas.

I wish to take this opportunity to thank the Pembroke School Board for their sensitive and understanding reactions to the many problems that I have brought before them concerning the operation of the Academy. My thanks also to Mr. Scheopf, Mr. McLaughlin, and Mr. Kaffel who have given me much valuable assistance and guidance. I especially wish to extend my appreciation to the Academy staff for their continuing cooperation and dedication to good teaching. My thanks to the parents and students whose cooperation is so essential in maintaining the kind of school we can all be proud of.

Respectfully submitted,  
William H. Marston  
Headmaster

CONCORD, NEW HAMPSHIRE

February 3, 1970

To the Board of Water Commissioners  
Pembroke Water Works  
Pembroke, New Hampshire

We have examined the accompanying balance sheet of the Pembroke Water Works as of December 31, 1969, the related statement of revenue and expense and the reconciliation of cash receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances, with the exception that we were not present to observe the physical count of the inventory of materials and supplies.

In our opinion, subject to the above exception regarding the inventory, the accompanying balance sheet, statement of revenue and expense and reconciliation of cash receipts and disbursements present fairly the financial position of the Pembroke Water Works at December 31, 1969 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
