REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the Fitzwilliam School Board:

I herewith submit to you my third annual report as Superintendent of Schools, the twenty-first of the series under district supervision.

I believe that at this time we may profitably consider the situation at the Junior High School. This school has been continued as last year with a somewhat smaller enrollment, due in part to the fact that there was no sixth grade at the Depot last year, thus making but a small class to enter the seventh grade at the opening of school in September.

At the close of the school year, 1918-19, twenty three pupils were promoted from the eighth grade from the Village and Depot Grammar schools and rural schools. Of these 23, ten became members of the ninth grade in the Junior High school, in the fall of 1919. Of these ten, one moved away and attended another school and two others left school. In June, 1920, the remaining seven received Junior High School diplomas.

Last June 13 pupils were promoted from the eighth grade, but only four of these enrolled in the ninth grade in September, making with 10 eighth grade students and 10 seventh grade students a Junior High school of 24 pupils, as compared with an enrollment a year ago of 32 pupils.

There is a probability of a much larger seventh grade next year as there are six pupils in the sixth grade of the Village Intermediate school and 11 at Fitzwilliam Depot, but with the small eighth grade this year the prospect for next year is another small ninth grade unless a considerably larger

proportion of the class continue beyond the elementary grades than has been the case during the last two years.

The work done at the Junior High School during the past year and a half has been good and the school has readily maintained the State approval, but it is to be regretted that so few care to take advantage of the year of senior high school work offered in this town.

Mr. Norton, who conducted the school successfully as principal last year, was granted a scholarship at Boston University and was released from his contract in order to allow him to take up the advanced work that he desired. Mr. T. Augustine O'Donnell, a graduate of Washington State Normal school, Machias, Maine, and who, like Mr. Norton had taught in the Madawaska Training school, was elected principal.

His work has shown him to be an earnest, conscientious young man, well fitted for the position. He teaches mathematics, English, History of Civilization, elementary science and manual training.

Miss Taggart continues in her position as teacher of domestic arts and French with history in grades seven and eight. Her work has been of the same high order as last year and she has continued the work of looking after the noon lunches that are of considerable importance where so many pupils come from a distance.

Miss Barrett was re-elected as teacher of the Village Intermediate school and Mrs. Firmin was chosen to teach the Primary room where she is doing good work.

At Fitzwilliam Depot Miss Sturtevant has been continued as teacher of the Intermediate school and Mrs. Faith D. Pierce, a teacher of considerable experience and exceptional ability is teaching the Primary school.

Considerable difficulty was encountered in trying to interest any one in the school at State Line, but at the close of the summer vacation, Miss Agnes M. Farrar of Townsend,

Mass., was secured. This school is showing considerable improvement in the quality of work done.

Miss Blodgett has had an enrollment of 30 at No. 10, which is about all the room will hold. Six out of eight grades are represented, but with her ability to handle any situation, Miss Blodgett is getting good results in the several grades.

Mrs. Whitcomb of Troy consented to continue her work as supervisor of music in the Depot and Village schools. Each term shows the wisdom of continuing this work under and experienced and specially trained instructor.

During the summer vacation the walls and ceiling at the State Line school were painted and hyloplate blackboards installed, which greatly improved the appearance of the school room. Repairs were also made in district No. 10, and a few minor changes made at the Depot school.

The ceiling in the Fitzwilliam Depot primary room is in bad condition and should be repaired as soon as possible.

In the line of new equipment it was necessary to purchase more tools for the manual training class at the Junior High school. A new flag pole has been purchased for the high school building.

Taken as a whole the situation in the Fitzwilliam schools is encouraging, especially in view of the great shortage of teachers at the opening of the school year. With the exception of one position all the places were promptly filled with teachers of training and experience, and as four of the eight regular teachers live in town the question of board has been one of less difficulty than has been the case in most towns. The situation at State Line looked discouraging for a long time, but when we finally secured a teacher the work was carried on in a satisfactory manner and has been showing steady improvement.

Despite the expense of transportation it seems to me that the present arrangement of the several schools is the best that circumstances allow. Much better work is being done both at

Fitzwilliam Depot and in the village schools than was possible under the old arrangement of eight grades at both places, and the Depot pupils are given the same advantages as those living in the upper village.

The question of salaries for another year is one that will be much clearer in the spring than at the present time. Teachers are still scarce and probably about the same salaries will have to be paid another year for competent teachers. The salaries now paid are none too high for the training required, but as new teachers are secured for such changes as may occur from year to year, there should be a salary readjustment so that teachers who have put in long and faithful service should not have to work for the same salary as that paid to new and untried teachers for a similar position.

I desire to thank the school board for their hearty co-operation in everything that has been for the welfare of the schools. I desire to express my appreciation of the faithful and unselfish work of our teachers, and to assure parents that if they send their children promptly and regularly to school, Fitzwilliam will endeavor to give them the best that our schools can offer.

Respectfully submitted,

LEWIS S. RECORD,

Superintendent of Schools.

**REPORT OF THE SCHOOL BOARD
OF FITZWILLIAM, N. H.**

The annual school meeting of Fitzwilliam is to be postponed until the last Tuesday in March. It is put at this late date that we may adjust our work to any possible changes in our school law.

The financial records of the year, Sept. 1, 1919, to Aug. 31, 1920, gives us the result of the working of the State law.

Your committee's estimate of the year was \$10,810 00. The expenditures were \$10,825 45.
