MT. CAESAR LIBRARY

This Library is operated on an approximate annual budget of \$750. which is made up of money from the Town, interest from invested funds, special gifts, and special projects sponsored by the Library Trustees. There are now 15 active trustees.

Library hours are 6:30 to 9:00 p.m. each Thursday. The average weekly circulation is 100 books. Volunteer library service is given to Mt. Caesar School once a week.

The Trustees are continually striving to improve library service for Swanzey. The departments devoted to young people from pre-school age through Sr. High age have been greatly expanded recently and much more in this area is planned. This Library is fortunate to be a part of a four-member cooperative group of area libraries which share ownership of a wide variety of non-fiction books purchased by a Shieling Grant.

L. GEORGE ARMSTRONG,
Principal

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzey:

I have the honor to submit my first and final annual report.

STAFF CHANGES: Mt. Caesar School — There were no changes in our teaching personnel at the Mt. Caesar School. However, Mr. Louis George Armstrong was elected to the position of Supervising Principal of the Swanzey schools upon the resignation of your former principal and present superintendent. Mr. Armstrong is a former Keene elementary school principal who received his Bachelor of Science Degree in Education from Fitchburg State Teachers College and his Master's Degree in Education at Keene Teachers College.

Cutler School — Mrs. Ruth A. Anderson resigned her position as sixth grade teacher. This vacancy was filled by Mr. Russell D. Allan, former teacher in the Chesterfield Elementary School. Mr. Allan is a graduate of Keene Teachers College. These were the only changes as schools opened in September. However, at the end of the first half year, in January, Mr. Allan resigned his sixth grade position to accept the position of Guidance Counselor at Thayer High School in Winchester. He was replaced by Mr. James G. Bardis who graduated from Keene Teachers College.

Caution should be exercised in interpreting the figures in the above tables. They merely serve to indicate trends and do not take into account pupils who move into Swanzey or who move out. The more recent figures obviously are the most reliable. The statistics are also less significant than in past years when tuition costs were a major concern.

It is apparent from the tables that our two schools are currently filled to capacity as they have been for several years. This problem of school housing, however, has been resolved by the determination and far sightedness of the Swanzey School Board, School Planning Committee, and the citizens of Swanzey, and should provide an educational program well suited to the needs of today's youth.

Upon the completion of the Monadnock Regional High School the citizens of Swanzey may share in the satisfaction which comes from the realization that their young people will be housed and educated in schools which will be among the finest in the state. Since our two elementary schools will accommodate the first six grades instead of the present eight the over crowding will be eliminated and the seventh and eighth grades will benefit from a complete junior high school education. Also, every student including high school students who are entitled to transportation, will receive it.

The formation of the Monadnock Regional School District has been a major step in the progress of New Hampshire education. It has been a long and difficult road, not without its tragedy as well as its triumph. Citizens of Swanzey, you are to be commended for your courage and your resolve in pursuing the course which has resulted in a model for others to follow.

In conclusion, I wish to express my appreciation to the principal, teachers, pupils and parents, the Citizens Committee, the School Board, and the patrons of our schools for their cooperation. May I also extend my wish for every success in your new role in the Monadnock Regional School District.

Respectfully submitted,

ROGER L. SUNDSTROM,

Superintendent of Schools

AIRPORT ZONING

SWANZEY, NEW HAMPSHIRE

Section 51-700 Purpose

An amendment of the zoning ordinance regulating and restricting the height of structures and objects of natural growth, and otherwise regulating the use of the property in the

vicinity of the Dillant-Hopkins Airport by creating airport approach zones and other restricted areas and establishing the boundaries thereof.

Section 51-701 Definitions

1. **“Airport”**, means any area of land or water, whether constructed or not, which has been approved by the Director of Aeronautics as a site for the landing and taking off of aircraft or utilized or to be utilized by the public as a point of arrival or departure by air.

2. **“Approach Zone”** means the approach area to runway and landing strip having dimensions as hereinafter described in Sections 51-702 and 51-703 and the center line of which coincides with the center line of the runway and landing strip extended. (The dimensions of the landing strips at Dillant-Hopkins Airport are :

- (a) Runway 2-20, instrument runway 5800' by 150':
landing strip 5800' by 500'
- (b) Runway 14-32, 4000' by 150': landing strip
4,000' by 500'.

3. **“Airport Hazard”** means any structure, tree, smoke, steam, dust or other substance which obstructs the aerial approaches of publicly owned airport or impairs the reasonable visibility in the vicinity thereof, electrical impulses and disturbances which interfere with radio aids or communications and lights which might result in glare in vision of pilots or aircraft or be confused with airport lights.

4. **“Nonconforming Use”** means any structure, tree or use of land which does not conform to a regulation prescribed in this ordinance or any amendment thereto, as of the effective date of such regulations.

5. **“Person”** means any individual, firm, co-partnership, corporation, company, association, joint stock association or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

6. **“Structure”** means any object constructed or installed

by man, including such objects although regulated or licensed by other provisions of law.

7. “**Tree**” means any object of natural growth.

8. The Airport reference Point is at the intersection of the centerlines of the two runways and its elevation is 482’ above sea level.

Section 51-702 Zones

In order to carry out the purposes of this ordinance, all of the land within the boundaries of the approach areas as described in Section 51-703 and all of the land within a distance of 8500’ of the airport reference point shown on the Dillant-Hopkins Airport Approach Plan dated December 30, 1960, which is attached hereto and made a part hereof, is hereby declared subject to the restrictions of this ordinance.

Section 51-703

1. Height Limits

No structure or tree which shall be an “Airport Hazard” as defined in Section 51-701 (3) shall be erected, altered, or allowed to grow within the areas described in Section 51-702 hereof, to wit:

- (a) In the approach areas to Runway 2-20 which are 1,000’ wide at a point 200’ from the end of the pavement and 4,000’ wide at 10,200’ from the end of the pavement, above an inclined plane of 50:1 slope and for an additional 40,000’, at which point it is 16,000’ wide, above an inclined plane of 40:1 slope.
- (b) In the approach areas to Runway 14-32, which are 500’ wide at a point 200’ from the end of the pavement and 2,500’ wide a point 10,200’ from the end of the pavement, above an inclined plane of 40:1 slope.
- (c) 632’ above sea level within 8,500’ of the Airport Reference Point. (150’ above the airport.)
- (d) On the sides of the landing strips and approach

areas, above an inclined plane of 7:1 slope.

- (e) Between 8,500' and 13,500' from the airport above a line with a slope of 20:1 measured in a vertical plane passing through the center of the airport.

2. Height Permitted

No provision of Section 51-703 (1) shall limit the height of a structure or tree to less than 30' above the ground upon which it is located.

Section 51—704 Use Restrictions

Notwithstanding any other provisions of the zoning ordinance, no use may be made of the land described in Section 51-702 hereof in such manner as to create electrical interference with radio aids or communications between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of the flyers using the airport, impair visibility in the vicinity of the airport by the creation and discharge of smoke, steam, dust, or other obstructions to visibility or otherwise endanger the landing, taking off or maneuvering of aircraft.

Section 51-705 Nonconforming Uses

The regulations prescribed in Section 51-703, 51-704 of this ordinance shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or otherwise interfere with the continuance of any nonconforming use. Nothing herein contained shall require any change in the construction, alteration, or intended use of any structure the construction or alteration of which was begun prior to the effective date of this ordinance, and is diligently prosecuted and completed within two years thereof.

Section 51-706 Variances

A person desiring to erect any structure or increase the height of any structure, or permit the growth of any tree, or use his property, not in accordance with the regulations prescribed in this ordinance, may apply to the Zoning Board of

Adjustment for a variance herefrom and any person dissatisfied with the denial of a permit by the Airport Manager as provided in Sections 51-707 (1) and 51-707 (2) may appeal to said Board of Adjustment for a variance and the issuance of a permit. Such variance or permit shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this ordinance.

Section 51-707 Permits

1. Future Uses. No material change in violation of Section 51-703, 51-704 hereof shall be made in the use of land, and no structure or tree shall be erected, altered, planted or otherwise established in violation of Section 51-703, 51-704 hereof in any of the areas of land described in Section 51-702 hereof unless a permit therefor shall have been applied for and granted by the Airport Manager. Each such application shall indicate the purpose for which the permit is desired with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit applied for shall be granted.

2. Existing Uses. Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, so as to be an "Airport Hazard" as herein defined, within any of the areas of land described in Section 51-702 hereof, a permit must be secured from the Airport Manager authorizing such replacement, change, or repair if it is in violation of Section 51-703, 51-704 hereof. No permit shall be granted that would allow the establishment or creation of an "Airport Hazard" or permit a non-conforming use, structure or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this ordinance or than it is when the application for a permit is made. Except as indicated all applications for a permit for replacement, change, or repair of existing use, structure, or tree shall be granted.

Section 51-708 Hazard Marking and Lighting

Any permit or variance granted under Section 51-706 or 51-707 may, if such action is deemed advisable to effectuate the purposes of this ordinance and reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the City of Keene at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an "Airport Hazard". If such variance or permit is denied, such denial may be so conditioned as to require the owner to permit the City of Keene, at its own expense, to remove the structure or tree in question after first paying reasonable compensation to said owner for such structure or tree.

Section 51-709 Severability

If any of the provisions of this amendment or the application thereof to any person or circumstances is held invalid such invalidity shall not affect other provisions or applications of this amendment which can be given effect without the invalid provisions or application, and to this end the provisions of this amendment are declared to be severable.

Section 51-710 Enforcement and Remedies

Each violation of these regulations shall constitute a misdemeanor and shall be punishable by a fine of not more than twenty dollars or imprisonment for not more than sixty days or by both such fine and imprisonment and each day a violation continues to exist shall constitute a separate offense. In addition the Town of Swanzey or the New Hampshire Director of Aeronautics may institute in any court of competent jurisdiction an action to prevent, restrain, correct or abate any violation of these regulations, or of any order or ruling made in connection with their administration or enforcement in accordance with the provisions of RSA 424:9.

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days or high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

1961 FIRE RECORD

Number of fires 3

Number of acres burned 1/4

Number of permits issued 220

CORNELIUS WOOD, District Fire Chief.

HERBERT N. PUFFER, Forest Fire Warden.
