A young child with light hair, wearing a grey t-shirt and dark shorts, stands with their back to the camera, looking out of a window. The window is framed by light blue, sheer curtains. The scene is dimly lit, suggesting an overcast day or a room with low light. The child's hands are slightly raised, and they appear to be looking intently at something outside.

76% van de kinderen in de UK en 29% in  
Nederland komen minder buiten dan  
gevangen
