# Table of Contents

<b>Chapter 1: Introduction, Aims and Outline</b>	9
<b>Part I: Structural imaging correlates of clinical heterogeneity in Alzheimer's disease and frontotemporal dementia</b>	27
Chapter 2: Latent atrophy factors related to phenotypical variants of posterior cortical atrophy	29
Chapter 3: Distinct brain atrophy patterns across cognitively-defined subgroups of typical late-onset Alzheimer's disease dementia	71
Chapter 4: Differential longitudinal trajectories of hypometabolism across cognitively-defined Alzheimer's disease subgroups	99
Chapter 5: A clinical-radiological framework of the right temporal variant of frontotemporal dementia	127
<b>Part II: Combined imaging and genetics</b>	163
Chapter 6: Differential brain atrophy patterns and associated neurogenetic profiles in cognitively-defined Alzheimer's disease subgroups	165
Chapter 7: Clinical phenotype, atrophy and small vessel disease in <i>APOE</i> ε2 carriers with Alzheimer's disease	219
Chapter 8: Prevalence of the Apolipoprotein E ε4 allele in amyloid-β positive subjects across the spectrum of Alzheimer's disease	241
<b>Part III: Reserve and resilience in Alzheimer's disease and other dementias</b>	265
Chapter 9: Differential effects of cognitive reserve and brain reserve on cognition in Alzheimer's disease	267
Chapter 10: Cognitive trajectories and mortality in Alzheimer's disease: the role of reserve	287
Chapter 11: Is intracranial volume a suitable proxy for brain reserve?	317
Chapter 12: The effect of physical activity on cognitive function in patients with dementia: A meta-analysis of randomized control trials	343

<b>Part IV: Amyloid and tau in individuals without Alzheimer’s disease dementia</b>	371
Chapter 13: Mesial temporal tau is related to worse cognitive performance and greater neocortical tau load in $\beta$ -amyloid negative cognitively normal individuals	373
Chapter 14: Quantitative PET and histology of brain biopsy reveal lack of selective Pittsburgh compound-B binding to intracerebral amyloidoma	393
Chapter 15: Co-morbid amyloid- $\beta$ pathology affects clinical and imaging features in vascular cognitive decline	407
<b>Chapter 16: Key Findings, Summary and General Discussion</b>	433
<b>Appendices</b>	465
Nederlandse samenvatting (Dutch summary)	467
List of abbreviations	479
List of publications	483
List of affiliations	491
Hall of fame: List of PhD theses from the Alzheimer Center Amsterdam	503
Portfolio	511
Dankwoord (Acknowledgments)	515
About the cover and quotes	523
About the author	525
