This Grant Record is brought to you for free and open access by the Data Services at DigitalCommons@USU. It has been accepted for inclusion in Funded Research Records by an authorized administrator of DigitalCommons@USU. For more information, please contact digitalcommons@usu.edu.

DATA MANAGEMENT PLAN

DATA MANAGEMENT PLAN

The program and abstracts from the 3rd Large Animal Genetic Engineering Summit will be compiled into a Proceedings Book that will be distributed to participants at the meeting and will be available, free of charge, on the meeting website or by request. The meeting proceedings book will also be archived in the Utah State University Library's Digital Commons (<http://digitalcommons.usu.edu/>). In addition, statistics on the meeting including the number of participants, ethnicity and gender of participants, affiliation of participants, career stage of participants, and countries represented, will be compiled and will be available upon request.
